

I' m Sorry My Love Novel Chapter 1598 - 1599

Chapter 1598

Dalia did not expect that she fell asleep and woke up to the place where her lover Han Dashan died.

Brother Da Shan has only been dead for a month.

When the bones are not cold.

No, is his body still there?

Dalia stumbled towards the place where Han Dashan fell, and before she took two steps, she was pinched by Kraig's armpit.

"Slow down, don't hurt yourself." The man supported the pregnant woman behind him like a Lafayette.

The woman turned a deaf ear and just walked over there eagerly.

Before he got to the place, he heard a miserable cry.

It's mother's voice.

"What did my old woman do in her life? First her grandson and then her son, son, mother is late." The old woman's voice was getting closer.

"Why don't you let me die for you?"

The cry was getting closer and closer, Dalia turned around and saw a group of people in work clothes busy.

If Dalia is not mistaken, there is an ice coffin in front of the group of people.

The old lady lay crying in front of the ice coffin.

"Mom!" Dalia cried and rushed over.

Seeing Dalia coming, the old lady immediately embraced Dalia with open arms: “Xiaoshan, mother thought she would never see you again in this life.”

“It’s okay Mom, we’ve been saved, you’re okay, I’ll give you the care in the future, the child in my womb is your grandson, Mom, don’t ask for death in the future, what should I do if you ask for death? How can I live alone?” Dalia looked at her mother while crying.

The old lady suddenly smiled with a face full of tears: “Xiao Shan, you big brother, he...”

Dalia glanced at the ice coffin.

The people sleeping inside were still intact.

She couldn’t believe it.

At this time, the person in charge of looking for Collin’s body saw Kraig and said to him: “Master Hui, it’s 20 to 30 degrees below zero in this mountain, and some small animals are hibernating, as early as 20 to 30 years. There used to be wolves in the deep mountains, but now I can’t even see the wolves, the body is still intact, it’s frozen into an ice sculpture.”

Kraig’s face was solemn.

This is his biggest rival.

But, in his heart, he respected Collin again.

It’s a man!

If Collin was still alive, if Xiaoshan hadn’t loved him so much, Kraig thought he might have brought such a man under his command.

He is dead.

He even wanted to take away Ah Shan’s heart.

Kraig felt a little bit of sadness and hatred in her heart.

But, for Dalia's sake and respect for the deceased, Kraig came to collect the body of her rival.

Elden, who followed behind, dropped his chin in shock.

He finally figured out why he didn't take a plane, but chose to drive all the way to this mountainous area at high speed.

Emotions come to collect corpses for rivals.

Elden's heart progressed and admired Kraig a little more.

Collin's ice coffin was quickly loaded into the special car.

Dalia, along with her old mother and Kraig, also got into the nanny car.

Along the way, the two cuddled with each other to keep warm.

Dalia didn't look at Kraig again.

So aggrieved!

When she didn't see her old mother, she acted like she loved him very much, and when she saw her mother, she never looked at him again.

On the contrary, the old mother said something fair: "Xiao Shan, my mother has never seen your former man before, but now my mother has seen it."

"This is a good man ." "It's better

than you following He Quan and that Rob. Much better, Xiaoshan, it's not your mother who told you, how could the couple not quarrel? Just clear up any misunderstandings, you have to tolerate your man." After the old mother finished speaking, she smiled at Kraig.

Kraig was simply grateful.

"Mom, I will provide you with retirement in the future. If you want to be in Kyoto, you can go to Kyoto. If you want to go to Nancheng, you can also go to Nancheng." Kraig shouted.

Chapter 1599

The

old lady was stunned when the first dignitary in Kyoto called her mother.

She didn't expect Kraig to get along so well.

At this moment, Kraig's sorrow for losing his son was dispelled a lot.

Dalia couldn't help but glance at Kraig.

Kraig quickly seized the opportunity and smiled at Dalia very ingratiatingly.

Dalia: "..."

"Sleep, child, you have worked hard for the past four and five months. You have never slept well, and you can't sleep well in that car. There is a bed in this car, you can sleep, mother. Look at you." The old mother said with concern.

Dalia nodded.

With her mother by her side, she is very at ease.

She fell asleep obediently.

As soon as she put on the thin quilt, Dalia suddenly got up again. She looked at Kraig and bit her lip: "Thank you, Jingyu. That my mother..."

"When you arrive in Kyoto, go to the best hospital for treatment. She treats the heart, you rest peacefully now, your mother's heart will not fluctuate!" Kraig said angrily.

Dalia: "Oh..."

"Go to bed!"

"Yeah." Dalia quickly fell asleep again.

It is not far from Wanhai County to Kyoto, and it took another day for the car to reach Kyoto.

Kraig did not go home, so he directly transported Collin's ice coffin to the crematorium, and then found the best cemetery for him.

Collin, who had been in the mountains for a month, finally lay in the tomb.

Standing in front of the tombstone, Dalia and her old mother were both sobbing and crying.

However, my heart is also very comforting.

After Collin was buried, Kraig drove all the way back to Jun's house with Dalia.

It's been four months.

Returning to this place again,

Dalia felt that it was extremely unfamiliar.

After all, she has no sense of belonging.

In the past seven or eight years, she had no sense of belonging, but at that time, all her heart was on Kraig, and the place where she saw Kraig was her home.

But now it's different.

Her heart is empty.

She knew everything Kraig did to him.

She also believed that Kraig had been looking for him for the past few months.

However, her heart is really never going back to the way it used to be.

Not to mention that there was a dead Collin between them.

Even if she herself, she knew better than anyone that the reason why she came back to Kraig was to save her mother.

In this life, her heart is only on her mother and the child in her womb.

As for Kraig, she has no interest in him.

So, even though she rested well, she is very comfortable now, and Kraig took good care of her along the way, but she still looked sick and ignored everyone.

She knew all the people in the Jun family compound.

Four months ago, those people didn't think much of her.

Now that I came back, whether it was the old man who lived at home, or every domestic servant in the Jun family, they would not dare to neglect Dalia.

They all know how hard it took Kraig to find Dalia.

Moreover, it was really a big fanfare for Kraig to welcome Dalia back again, the purpose was to let Dalia see how much he values her.

Even the second uncle of the Jun family was shocked.

When Kraig put her arms around Dalia, who was holding her pregnant belly, she slowly approached the Jun's family compound, a figure suddenly appeared beside them.

The man said in a flattering tone: "Well, second sister-in-law, you're finally back?" After

Dalia saw who was coming, her face suddenly turned cold: "Go away, I disgust you!"
