

# Catch Me If You Love Me Chapter 164

“Liam, Mrs. Lu is fine.”

“what did you say?”

The old lady endured the pain and looked up at Zoey Gu quickly. After asking, she turned her eyes and immediately landed on the bowl of egg candy water.

“Did you move your hands and feet in the sugar water?”

Zoey Gu pursed her lips, looked at the old lady without wave, and uttered a word.

“Yes.”

As she said, she turned sideways and gave Liam Lu a relieved look.

“But don’t worry, it’s not a deadly poison. I just want the old lady to experience the pain Liam Lu is enduring.”

The blue veins on the old lady’s forehead suddenly violently violently raised her walking stick at Zoey Gu!

“Dare to use tactics against me to find death—”

Seeing that the dragon head crutches hit her fiercely, Zoey Gu subconsciously clenched her fists and closed her eyes, but didn’t avoid it.

“Zoey!”

Liam Lu’s voice suddenly sounded, followed by a heavy foot fetter.

In the next second, Liam Lu pulled her into his arms.

Bang!

The crutches hit Liam Lu’s back heavily, and the man snorted immediately!

Zoey Gu raised her head abruptly, and her brows frowned at Liam Lu’s pain, and her heart suddenly tightened.

“Liam?!”

She struggled to see Liam Lu’s back, but suddenly met the old lady’s unusually cold eyebrows.

“Take out the antidote!”

Zoey Gu suddenly became cold.

Seeing that the old lady had put such a heavy hand on Liam Lu, but she was obviously indifferent, suddenly angrily came from it, she said without thinking.

“This medicine, like the medicine the old lady gave to Liam Lu, has no antidote!”

“you!!”

The old lady turned pale with anger, her temples jumped “suddenly”, her cold and stern voice rushing toward her like a poisoned arrow.

“Do you know what you are doing?”

Zoey Gu squeezed Liam Lu’s hand tightly in one hand and straightened her back, seeming to have used all her courage all his life.

“I know.”

She faced the old lady’s eyes and said calmly every word.

“Old lady, I went all the way from Berven City to Nandu, and I never thought I could easily leave under your nose.”

“I only hope that Liam Lu will no longer be tortured by illness. So many times in five years, why do you embarrass your grandson too much?”

As soon as she finished speaking, Zoey Gu suddenly felt his hands tighten, and Liam Lu beside him pulled her into his arms.

In front of everyone, he lowered his head and kissed her lips hard.

After a long while, he panted against her ear and said in a hoarse voice.

“Silly girl, although I don’t approve of your disrupting my plan to act like this. But I really love the way you stand for me. Don’t worry, baby, I will be with you.”

After all, Zoey Gu was a girl. When she was so close in public, she instantly became hot, and even the courage that she had finally plucked up disappeared a lot.

She gently raised her hand and pushed him away.

Turning sideways, she met the old lady’s cold eyes.

She leaned slightly, supporting her hands on the table, sweating constantly on her forehead, and she was obviously suffering from a lot of pain.

She fixedly looked at Zoey Gu and asked coldly.

“Take a tooth for a tooth, a good method. I have been turbulent throughout my life, but I never thought that a girl would dare to treat me like this.”

“So next, what are you going to do?”
