

Chapter 1673 - 1674 of A Dish Best Served Cold Novel

Chapter 1673

In the end, Susie got into Mark's car with Helen Qiu.

On the way back, Susie kept her head down and said nothing.

Looking back on everything before, she didn't even dare to look up at Mark.

..... He must hate himself, right?

Must resent myself very much.

....

Susie has mixed flavors in her heart, and all kinds of thoughts can't help but linger.

At the same time, along the way, Susie has been trying to find an opportunity to apologize to Mark and say sorry to him.

After all, Susie did too many things that offended Mark before.

Of course, there is more than just guilt between Susie and Mark.

Even Susie couldn't describe what kind of emotions she felt in her heart facing Mark at this time.

There is shame about the past, and a little more panic, a few points of tension and excitement.

It is estimated that Susie had never dreamed about it before, and one day she would take a ride with Noirfork Zhizun Chu.

However, Susie hesitated for a long time, and couldn't say what she said in her heart.

But Mark was so calm and indifferent from beginning to end.

Even, chatting with Helen Qiu from time to time, talking and laughing.

She looked calm, but she didn't see any dissatisfaction and hatred towards Susie at all.

But the more Mark was so indifferent, the more lost in Susie's heart.

She didn't expect that she didn't even have the qualifications to make Mark hate.

But when you think about it, Mark is the respected Noirfork. Every day he comes into contact with big figures like Chen Ao, Lei Sanye, and Ericson Li. Even the women around him are the noble and elegant goddesses of Xu Lei.

And what is her Susie compared to these people?

I guess I haven't caught his eye from beginning to end.

Just like a round of bright moon, how could he care about the glimmer of fireflies.

Thinking about it this way, Susie's face became lower and deeper.

Her pretty face was drooping, and there was an urge to cry in her heart.

What's more uncomfortable than hate is to ignore.

She would rather Mark hate herself and scold herself.

If this is the case, at least he still has some place in his heart.

But now it seems that she still has extravagant hopes after all.

In Mark's eyes, Susie might have always been an insignificant role.

In the car, music echoed.

Mark drove the car, galloping in the dark night.

Mark naturally didn't know what Susie said.

However, even if he knew it, Mark would definitely not be moved.

Susie was right, Mark didn't care about her from beginning to end.

In his eyes, there was only Helen Qiu.

And Susie was just a passerby after all.

Had it not been for Helen Qiu's reasons, it is estimated that Mark would not have any intersection with her in this life.

Phew~ The luxury car is galloping, and the Helen light is like a sword, tearing open the deep darkness.

Just like this, under the long night, a black luxury car sprinted towards Wrifill.

However, what Mark didn't know was that at the same time, somewhere in Gritsberg, there were also a number of luxury cars rushing towards Wrifill.

At dawn, Mark and his party finally arrived in Wrifill.

Helen Qiu asked Mark to send Susie back first, and then they returned to the Yunding Mountain Villa.

After running around all night, Helen Qiu seemed to be exhausted. She wanted to rest for a while in bed, but she fell asleep without knowing it.

"This silly woman doesn't even take off her high heels when she sleeps?" Mark looked at the sleeping girl in front of him, shook his head and smiled.

Then, he sat down by the bed and gently helped Helen Qiu take off her shoes, and then carefully took off her stockings.

The snow-white jade feet appeared immediately.

Manicured nails, red and graceful cardamom.

This exquisite woman not only has a stunning face, but also her slender and white jade feet are so charming, and she even has a hint of fragrance.

With Mark's concentration, Rao couldn't help but trembled.

"What a fairy~" "I really don't know how I managed to endure it over the past three years."

Mark's eyes twitched, and he was emotional.

After that, he dared not look at it again, afraid that he could not help but deal with her.

After that, Mark pulled the quilt and gently put it on Helen Qiu's beautiful body, and then got up to go out.

However, who would have thought that when Mark was about to get up, Helen Qiu, who had been sleeping insecure, suddenly kicked off the quilt.

Mark had no choice but to pull it up again. At this time, Helen Qiu's jade feet kicked over again.

This time, he was so immortal, it happened to kick on Mark's face.

"Nima~" Mark's face turned black at the time, and was kicked by a woman's face. Mark had never suffered such a big humiliation in his life.

Mark was so angry that he was going to hit Helen Qiu's ass.

But in the end, he stopped.

"Fine, seeing you are so tired, I will spare you this time."

"But, let alone, this woman's jade feet are still scented..."

"Mark recollected and smirked slightly. If Helen Qiu heard it, she would have cursed Markcou shamelessly, right? After leaving the bedroom, Mark went to the living room. He sat on the French window. Before, looking at the pale sky outside, he dialed Adam Han's phone at the same time. After leaving the customs, Mark has not contacted Adam Han. Now it happens to be in a neutral position, and it is time to call him. "Haha~ "Little lord, are you out?"

"How?"

"Can the bottleneck be broken?"

"A month later, when he received a call from Mark again, Old Han was overjoyed and said. Mark also smiled and replied: "Yeah.

Fairly smooth, Yundao Tianjue's second heavy exercise has already been accomplished.

"This retreat, I successfully entered the third stage.

"With my current strength, to me, the master of martial arts is like a pig and dog, vulnerable.

"Haha~" "Congratulations to the young master, congratulations to the young master."

"Back then, the old Patriarch of the Chu family had practiced all his life, but he could only reach the third level.

"The young master has achieved this in just a few years.

"It's really a talent of heaven!"

"The big break of the Chu family is right in front of you~" During the call, Old Han was ecstatic and congratulated Mark again and again. "Since this is the case, when will we leave, Lord?"

“During this time, I have mobilized the strong from all walks of life according to your order.”

“The four dragon kings and the five dragon guards have returned to their positions!”

“Just wait for the little master’s order, and then deal a fatal blow to the Chu family’s influence in the business, political, military, and even martial arts circles.

“Old Han said respectfully, and the words were full of intense excitement and solemnity. It has been ten years, and finally this day is about to come. However, when Mark heard it, he frowned: “Where are the three dragon gods” ?

“Are they all here?”

“The three dragon gods are the most elite martial arts powers under Mark. Each one is an extremely powerful man. It can be said that those three will be Mark’s greatest help in returning to the Chu family.
