Chapter 1692

Habit of stealing?

Shang Hongmei looked at her second aunt: “Second aunt, are you a thief?”

The second aunt blushed a bit, looked at the person who came and said, “Da bang, it seems that you know that I took 50,000 yuan from the family?”

Among the people who came to see the old lady, Dong Linxiang, the eldest son of Dong Lingxin, was at the forefront.

Dong Linxiang pointed at the old lady's nose and scolded: “You shameless old man with dirty hands and feet! You actually steal the money from your own nest! It's really hard to guard against a thief! Listen to what you mean, you admit that you stole my dad's fifty thousand dollars?”

The old lady just blushed and calmed down: “I took it, not stolen it. I did take the 50,000 yuan from the family.”

As soon as these words came out, even Shang Hongmei stared at the second aunt with round eyes: “Second aunt, you...”

“You...how did you do this kind of thing? How could you do this!”

Dong Linxiang sneered aside: "Damn old woman! Even your niece said that to you, what else can you say! Since you have admitted it yourself, should you go to the police station by yourself, or should I call the police to arrest you now?"

When she heard that she was sent to the police station, Shang Hongmei panicked. She grabbed Dong Linxiang's hand and pleaded, "No, no big brother, we... can we pay back the money?"

"No!" Dong Linxiang refused without hesitation.

"Then what do you say? As long as I don't let my second aunt go to jail, what do you say?" Shang Hongmei asked Dong Linxiang.

Dong Linxiang glanced at the old lady. Angrily said: "Let this old man go back to take care of my dad! My dad is lying on the hospital bed impatiently because of her! All this is caused by her, let her take care of my dad! Take care of my dad until he dies! And here During this period, hands and feet must not be unclean!"

"I have to take good care of my dad!"

"Otherwise, I will call the police immediately. 50,000 yuan is not a small amount!"

"You don't need to call the police, I'll call the police!" At this time, the old lady spoke up.

"When I took the 50,000 yuan from my family, I didn't think I would be able to escape. I also thought that I was going to go to prison. It's okay, I'm calling the police now, and ah, when I called the police. , I don't know if you men and women who are big and three rough broke into my niece's house, is it illegal?" The old lady looked at a few people calmly.

Dong Linxiang, who was headed by him, was startled at first.

He didn't expect that the old lady would take the initiative to call the police.

The purpose of his coming here today is not entirely to ask for fifty thousand yuan.

It's abominable to take away fifty thousand yuan from the family by this old and immortal thing with dirty hands and feet, but what's even more abominable is that since the old woman left the house, my father has been living a very bad life alone.

He can neither cook nor wash his own clothes.

Every day, his head is unkempt, he can't eat hot meals, and at night, no one can wash his feet and massage his old cold legs.

Within a week, Dong Lingxin fell ill.

He had diarrhea for several days in a row, and his legs couldn't stand up, so he was directly admitted to the hospital.

After asking him, he found out that for the past ten or so days, no one has cooked for him. He ordered takeaways and had diarrhea. He lost a lot of weight, and he could not stand still when walking, so he could only sit in a wheelchair.

Dong Lingxin is not only in a wheelchair, he also needs someone to take care of him.

Take care of him day and night.

The sons and daughters have their own jobs and children, and no one can stand by their father's side 24 hours a day to take care of his father.

Even if a few people take turns, it is a very troublesome thing.

Because the son is willing to take turns, the son-in-law is reluctant.

Chapter 1693

Even if it is his own son, he is reluctant to give the old man the feces and urine.

The best way to take care of it is for the old man to have a wife.

Wife, it's only been a month since the divorce.

When Dong Lingxin's sons and daughters thought of the old woman who abandoned their father and swept away 50,000 yuan from the family, the brothers and sisters were so angry that they could tear the old woman to pieces.

They searched for a long time, and they also inquired about the neighbors of the old lady's hometown.

After searching for a month, they finally found the old lady at the old lady's niece. In fact, their real purpose was to ask the old lady to go back to take care of the old man.

In this way, the entire Dong family can save a lot of worry.

However, they also knew that the old lady was very determined when she divorced the old man, and it was unlikely that they would go back. It happened that the old man was really angry because the old lady stole 50,000 yuan, so after a few discussions, the brothers and sisters unanimously decided to take 50,000 yuan. dollars to frighten the old lady.

This time, they planned to take the old lady away with the intention of subduing the old lady and letting the old lady be a slave and maid to take care of the old man for the rest of her life.

But they never thought that the old lady would rather go to jail than go back with them.

The old lady took out her mobile phone without hesitation, and made a call in full view of everyone.

This caught the Dong Linxiang brothers and sisters by surprise for a while.

Just at that time, Dong Lin's cell phone rang. He picked it up and connected it. It turned out that his father had a seizure, and his brothers and sisters were told to go back immediately.

The brothers and sisters left Shang Hongmei's residence angrily.

The old lady also hung up the phone after reporting half of the report.

After the brothers and sisters left, Shang Hongmei began to scold the old lady: "Second aunt, you can't steal it no matter what."

The old lady cried at that time: "I never stole in my life, and I never stole it when I was poor. I was really forced to do anything. People can't change people's hearts."

"I've been married to Dong Lingxin for ten years. We've been married for ten years. We eat and live in the same bed. She guards me like a thief."

"I have to wash his feet and pinch his legs at night, and sleep with him. During the day, I have to do laundry, cook, three meals a day, and clean the house. As a wife, I should do all these things, but what did he say?"

"He said, in the end, it's a second marriage, so we have to guard against it!"

"He said that second-married couples just don't get along, and they don't have an original spouse like a family. He said that the salary is his, and I don't take a penny. He can take care of my food and my living, but my relatives, including mine He doesn't care about his grandson."

"I'm just such a grandson. I've been hungry like a radish since I was a kid."

"Mei Mei, second aunt, one of the worst things I did in my life was marrying him. I knew I would wander around with my grandson and do odd jobs for others. Even in my forties, I can Feed my grandson."

"No, the child is ten years old and in the fourth grade of primary school. He doesn't pay the child tuition."

"I really can't do anything about it, I just keep doing it, I take away the 50,000 yuan that I kept at home, and pay my grandson's tuition and living expenses for four years. It's been three years."

"I originally thought that I would turn myself in after paying the living expenses and tuition for my child."

"But do you know what the staff of the Civil Affairs Bureau told me? He said that I have been married to the old man for ten years, and the

old man's salary is half of mine, and I can get at least 400,000 yuan. He also said that he would not pay for his own money. steal.”

“I just thought, I don't break the law either. I couldn't take this breath in my heart, so I kept suing them. They couldn't do anything to me anyway!”

“Second aunt, you don't break the law but you have a bad reputation. What if they come to find them again in the future?” Shang Hongmei panicked.

After a pause, Shang Hongmei simply said, “Move!”

Chapter 1694

The move was to prevent the Dong Linxiang brothers and sisters from coming over.

Shang Hongmei heard it. The main purpose of the brothers and sisters they found was not to make the second aunt pay back the money. Although the second aunt took 50,000 yuan from the family, it was not very glorious, but it really did not break the law.

Even in the police station, no one said she was stealing money.

The reason why they found it was that the biggest purpose was to let it continue to take care of the old man.

But of course not going.

Ten years of hard work, only forty-six to fifty-six, is already old and unrecognizable.

The second marriage life in the past ten years has made the second aunt work hard.

The second aunt definitely can't go back.

Shang Hongmei is a very agile person. She said that she would move, and they moved out within a day.

However, just after the new home was settled, the second aunt fell ill.

It was only after she went to the hospital that she found out that she suffered from rheumatoid heart disease due to her lack of nutrition for a long time and her depression.

The disease lasted half a year.

It took Shang Hongmei a lot of savings.

The second aunt did not agree to the treatment: "Mei Mei, the second aunt is old, it is not a pity to die, the second aunt does not want to spend your money, it is not easy for you, child!"

Shang Hongmei hugged her second aunt and cried: "Second aunt, you'll be fine right away, and you'll be all right after taking the medicine for a few more months! Be obedient, you have to be cured."

"Meimei, I can't drag you down. You are still saving money to take over your daughter Tiantian. How can you take care of me so hard?" The second aunt said embarrassedly.

Shang Hongmei went to cry and laugh: "Second aunt, I have no mother since I was a child. You took care of me when I was young. If you hadn't taken care of me and helped me, I would not have lived to be sixteen years old, not to mention that I would be married in the future. Married and having children, although Tiantian is reluctant to

recognize me as a mother, she is still my daughter, and with her, I will live and run.”

“Don’t worry, Auntie, it will get better. Your illness will be completely cured in a few months.”

At Shang Hongmei’s insistence, the old lady took a few more months of rest and was finally cured.

However, her illness was just right, and she was found by several children of the Dong family.

Obviously, after a year, the Dong family came prepared to find the old lady again.

This time, they were not afraid of the old lady calling the police.

Dong Linxiang even blatantly said to the old lady: “You said that you belonged to our family, so you didn’t take the money, you stole it. Then I can tell you that the money was the amount before your marriage. After you and my father got married, All my dad’s money is under your control.”

“Old woman! I have a way to put you in jail!”

“It’s clear from the surveillance at our house that you really stole my money! Not only are you stealing money, you’re also a habitual thief! I have a way to make you sit in jail!” Dong Linxiang threatened the old lady like this.

The old lady was forced to ask helplessly: “Tell me, how much do you want me to pay back! Let me go back to take care of your paralyzed father, there is no way! You can tell me how much you want me to pay back!”

“Ten times! Five hundred thousand!” Dong Linxiang said.

Old lady + Shang Hongmei: “...”

“Either pay back 500,000 yuan, or go back and remarry my dad obediently. I’ll give you time to think about it.” As soon as he spoke, Dong Linxiang left with his brothers and sisters.

After that, Dong Linxiang would come every few days.

Chapter 1695

In the end, the old lady was forced to do nothing, and she really said to Shang Hongmei, "Otherwise, I will serve that immortal thing?"

"Auntie, we can always come up with something. The Dong family is a threat, and they won't succeed. After a few days, I will accompany you to report the case." Shang Hongmei frowned. said to his aunt.

The old lady saw that Shang Hongmei seemed to have something on her mind.

He asked her, "Hongmei, what happened?"

Shang Hongmei didn't hide her second aunt, she only said: "Second aunt, I saw my daughter Tiantian want to go my old way, she actually fell in love with a man ten years older than her, that man is rich He is rich, but that man is a playboy in Nancheng, and he didn't learn waterlessness when he was young."

"How can I make Tiantian jump into the fire pit? I have to stop Tiantian." Shang Hongmei said to the second aunt.

In those days, ever since she learned that her daughter Tiantian was in a relationship with a famous dude in Nancheng, she had been following up and investigating Xu Zeyan.

She also lay in the distance and saw with her own eyes how Xu Zeyan helped the homeless. In fact, Shang Hongmei saw these things in her eyes, and she also discussed with her second aunt when she came back.

"Mei Mei, sometimes people change their ways. Mr. Xu is really a responsible man who can dedicate himself to helping these homeless people." It used to be the same in the whole country.

Shang Hongmei's mind was already hesitating.

Just when she was hesitating, Dong Lingxin's sons and daughters came again.

This time, the old lady was determined not to implicate her niece any more. After all, her niece had been taking care of her for almost a year, and her niece's life was not easy.

While her niece was away, the old lady packed up her things by herself. With the address that her niece told her, she even thought of going to Xu Zeyan herself.

She hoped that Xu Zeyan could introduce herself to a job just like she introduced her previous aunt back home.

Unexpectedly, just as she found Xu Zeyan on the front foot, her niece found her on the back foot.

Moreover, he really happened to meet Xu Zeyan.

What moved the old lady and Shang Hongmei even more was that Xu Zeyan personally sent them home.

However, what embarrassed Shang Hongmei and the others was that as soon as they entered the house, they encountered the price of the Dong family and came to the door.

At this moment, the old lady pinned all her hopes on Xu Zeyan. She heard from her niece that Xu Zeyan was a well-mannered person in Nancheng. If Xu Zeyan found her a job with food and shelter, the Dong family would not be able to find her. When it comes to her, there is no need to implicate her niece anymore.

Watching the old lady wipe away her tears one by one.

After crying about her own affairs, she wanted to kneel in front of Xu Zeyan again, but was supported by Xu Zeyan.

"Auntie, I already know about your affairs. I have a few words to say. You really shouldn't have taken the 50,000 yuan without telling your ex-husband." Xu Zeyan said bluntly.

The old lady nodded: "I see, I already knew that I was wrong, Mr. Xu. I... really have no way."

Xu Zeyan nodded: "I understand auntie, I understand your suffering. I will help you pay back the money first. Now I will help you deal with

this matter. I see who would dare to force you to go back to take care of the elderly.”

“Also, after repaying the 50,000 yuan with the principal and interest, I will help you get back the property you deserved from the Dong family for ten years.”

The old lady’s eyes lit up: “Really...really?”

Shen Weiyi, who was lying in his uncle’s arms, said very proudly: “Of course it’s true! Don’t worry, mother-in-law. No one dares to bully you when my uncle comes forward, mother-in-law.”

The old lady immediately said gratefully, “Thank you, thank you, Master Xu.”

Shang Hongmei also said gratefully: “Master Xu, you have really changed, not the way people in Nancheng said you were seven years ago, I’m sorry, I... I won’t... ..”

Before she could finish her words, she heard Shen Weiyi say cheerfully, “Auntie Shang, can you rest assured to be my uncle’s girlfriend now?”

Chapter 1696

As soon as Shen Weiyi’s words came out, Xu Zeyan and Shang Hongmei were embarrassed at the same time.

Especially Shang Hongmei, her face suddenly turned red, then she squatted down and looked at Shen Weiyi apologetically: "The only child, you are a good boy, auntie knows that you are very kind, and you are very concerned with auntie, right? But...Auntie...Auntie is already old, and it's not suitable for you...Uncle."

"Besides, your uncle and my daughter really love each other."

"As long as they truly love each other, as long as your uncle treats my daughter well, I, the mother, will definitely bless them. You and auntie will also wish them happiness and beauty, okay?"

Shen Weiyi's eyes suddenly turned red, and she asked Shang Hongmei distressedly: "Aunt Shang, are you not looking for a boyfriend?"

Shang Hongmei: "Auntie is 40 years old this year, what kind of boyfriend are you looking for?"

After a pause, her tone suddenly dimmed: "In my life, I have been hurt by men and have no idea of starting a family. From now on, my aunt and my aunt and my mother have been together. Never again. Looking for a man."

Shen Weiyi: "..."

"Don't be sad about the only one, let's bless your uncle with your aunt, okay?" Shang Hongmei continued to comfort Shen Weiyi.

Shen Weiyi was sad, but she nodded sensible.

With tears in her eyes, she said, "Okay, I know Auntie Shang."

Seeing Shang Hongmei being so reasonable and coaxing children so well, Xu Zeyan felt bad. He had a preconceived notion because he had heard Chu Tiantian and Chu Hongfa talk too much about Shang Hongmei. No, so Xu Zeyan also rejected and hated Shang Hongmei in his heart.

However, at this moment, his repulsion and disgust for Shang Hongmei disappeared.

Now look at your future mother-in-law.

The forty-year-old mother-in-law is indeed very young.

And more importantly, this mother-in-law is not like Chu Hongfa said, cheating to eat and drink, not to do the right job.

On the contrary, the young mother-in-law is not only well-organized, she is also a diligent and agile woman. She keeps the simple and small rental house clean and warm. I really can't imagine how she manages to work four or five jobs a day. ?

And this year, she is still taking care of her second aunt who is seriously ill.

What an easy woman.

Thinking of this, Xu Zeyan said, "That..."

He wanted to call Auntie, but it felt inappropriate.

She was only eight years older than him.

Even smaller than the age difference between him and Chu Tiantian.

Xu Zeyan couldn't open his mouth to call his aunt, so he said, "Don't worry, I will handle all your aunt's affairs. As for the relationship between you and Tiantian, I will definitely try to reconcile you, trust me, no matter what. What happened between you, the blood relationship between mother and daughter is always unchangeable, I will find a way to make your mother and daughter get back together."

Shang Hongmei's eyes suddenly turned red: "Thank you, thank you, Master Ze Yan, I... I used to misunderstand you, my daughter's eyes are indeed good, I am very relieved that she can marry you. . very happy."

Xu Zeyan said with a smile: "It's okay, the first thing we have to deal with now is Grandma's affairs. We can't delay this matter. Grandma, do you have the mobile phone number of Dong's family? Do you remember their address? It's not too late, we will be early tomorrow morning. Go to them, the matter is resolved in person, and there will be no trouble in the future."

"Okay, okay, thank you!" Shang Hongmei said.

As soon as she spoke, she urged the old lady: "Second aunt, you have found the address of Dong's family and the mobile phone number of Dong's family to Master Zeyan."

The old lady kept looking for it.

"Grandma, and your divorce certificate, bring them all."

"Hey, okay!" the old lady said excitedly.

Xu Zeyan looked at his watch again, and then said: "You guys rest first, it's late today, I have to take the only one back first, tomorrow morning after my company's affairs are settled, I will drive to pick you up, we will directly Why don't you go to Dong's house to deal with this?"

Chapter 1697

"Okay, okay, thank you, Master Zeyan." Shang Hongmei was grateful.

However, she only clicked so far.

From beginning to end, Shang Hongmei did not show that she was very flattering to Xu Zeyan or the like.

When Xu Zeyan was driving away from Shang Hongmei's home, he was still thinking, no matter how she looked at Chu Tiantian's mother, she looked like a woman who was measured and restrained. She is not as bad as Chu Tiantian and her father said.

Could it be that Chu Hongfa and Chu Tiantian lied?

Especially Chu Hongfa, who had the idea of committing a crime before, and even gambled.

Xu Zeyan couldn't trust Chu Hongfa's character.

Leaving from Shang Hongmei's house, Xu Zeyan wanted to make a phone call with Chu Tiantian about the civilized situation, but after thinking about it, this matter is not easy to explain in a few words, it is better to solve the old lady's matter, and then talk about it slowly .

After sending Shen Weiyi home, Xu Zeyan went home.

This evening, just after Xu Zeyan finished washing up, he received a call from Chu Tiantian.

He called gently on the phone: "Sweet, haven't you slept yet?"

Chu Tiantian said coquettishly: "Well! You invited me to dinner today, but it didn't work, so I couldn't sleep."

Xu Zeyan said gently: "Then I'll make it up next time, doubling it up, okay?"

At that end, Chu Tiantian became more and more coquettish: "Well, I'm still a little jealous, Brother Zeyan, when will you feel as bad for me as you do for the only one? How good would it be?"

Xu Zeyan smiled: "I feel as bad for you as I do for the only one."

After thinking about it, he said again: "Maybe, one day in the future, I will love you more than the only one, after all, the one is getting bigger and bigger, and when she grows up, she will have her own life and talk to her boyfriend. She can fall in love and get married, and she can meet people who love her and love her."

"She will gradually stop needing the meticulous care of her parents and uncles."

"But we are different. We want to stick to each other for a lifetime, and our feelings will definitely grow stronger."

Chu Tiantian's heart was very warm when she heard it: "Really, Brother Zeyan?"

"Of course!" Xu Zeyan smiled: "So, listen to me, okay?"

Chu Tiantian said in a very sweet tone: "Don't worry, Brother Zeyan, I will listen to you for everything, and I will listen to you for the rest of my life."

"Okay, you have to say what you say." Xu Zeyan said with a pun.

"Hmm! Talk counts."

“Brother Zeyan is now ordering you to go to bed, go to bed early and get up early tomorrow.” Xu Zeyan said.

“Okay, bye bye brother Zeyan, touch it!” As soon as she was about to hang up her phone, Chu Tiantian was still grinding.

Not enough, Xu Zeyan likes her grinding.

This will make Xu Zeyan, who has been lonely for a long time, have a good dream.

the next day

He took care of the company’s affairs first, then set off from the company in about an hour and went straight to the place where Shang Hongmei and her second aunt lived.

When you get there, knock on the door, the door opens.

When Xu Zeyan saw the people in the room, he was stunned, and even stammered: “You...”

Chapter 1698

It was Shang Hongmei who opened the door for Xu Zeyan.

However, today’s Shang Hongmei is very different from yesterday’s.

She put on a little makeup, and although the clothes were not expensive, they were decent and capable.

Moreover, the 40-year-old Shang Hongmei has a good figure, and her hair is neatly combed today, so he gives Xu Zeyan an intellectual and capable feeling.

Not at all pathetic.

There is a big difference from the homeless woman who was squatting in the corner when he visited the capital of the Fu Group a few days ago.

Xu Zeyan was really stunned.

For a moment, he even thought that if he just looked at this young mother-in-law, he and Chu Tiantian were indeed unworthy.

I am too old.

Tiantian and her mother are too young.

Perhaps finding Xu Zeyan startled for a moment, Shang Hongmei immediately said, "They have come to my second aunt countless times, and I have to show them today. My second aunt is also supported!"

Xu Zeyan smiled: "Yes!"

As soon as he said it, he opened the door a little further, and the monk Hongmei helped the second aunt get into the car together.

The second aunt dressed up well today, she just has gorgeous hair, but she doesn't have a hunchback, and she doesn't look old.

If he hadn't married the old man surnamed Dong, and had not worked hard for so many years, he might have been younger.

Following the old lady's directions, Xu Zeyan drove the navigation all the way. After more than an hour, they came to the staff family home where the old lady once lived.

This is a town on the outskirts of Nancheng.

The family home looks quaint.

There are people still exercising inside and outside the yard, and life seems to be very harmonious.

The people here also seem to be very polite and polite.

After all, it is the family home of the faculty and staff.

When the car stopped, Xu Zeyan aroused the attention of many people as soon as he got out of the car.

After all, a mature man who is more than 1.8 meters tall, with a gentle appearance and a peaceful face, drives a Land Rover car, and anyone can't help but look at him.

When the people in the staff courtyard saw that the old lady who had lived here for ten years and had been obedient all the time was helped down by a mature woman in her forties, there was a commotion in the crowd.

Lots of people whispering.

Although the sound is not large, it can be heard to some extent.

“Let's just say it! The old man, Lao Dong, is too bullying! He always thinks that there is no one in the Cheng family's grandma's family, bullying people!”

“That's it! I just can't stand his way. He looks like a literate and civilized person, but in reality, he bullies people! I found a sleeper by myself, and it's fine to stay with me for ten years, and I'll take care of you for free! That's not enough, you have to bully people!”

“At that time, I saw that the married grandma was obedient. I don't need to mention how sad I am. Now I see two people with grandma, and I feel very refreshed.”

“How many times have I persuaded Grandma Cheng behind my back! Old Dong doesn't treat you as a human being, but treats you as a free laborer, but he lives a good life. What are you trying to do, Grandma Cheng? Husband and wife for so many years, she can't bear to let Lao Dong be alone, in fact, Lao Dong is really bad.”

“Strong! Bully others with power! I feel that others are weak and weak, and they are cheap while standing, and then it can be said that they are relying on him!”

“Damn, not worthy of being a teacher!”

“No wonder Old Man Dong is sitting in a wheelchair now, skinny and skinny! He deserves it!”

“Let’s go, let’s take a look and see how grandma’s relatives fight back against old man Dong!”

In fact, most of the people in the compound held grievances for the old lady.

Everyone thinks that old man Dong is too much for the old lady. Since you are married, even if it is a second marriage, you should have due respect, right?

But the old Dong is better, shouting five and six all day long.

I was never willing to give the old lady half a penny.

He also told everyone that the old lady didn’t earn wages, she ate and drank his food and lived in his house.

Such a person is too powerful!

Several people quietly followed behind.

Chapter 1699

Xu Zeyan and Shang Hongmei helped the old lady into the compound.

The old lady shouted in a deep voice, “Dong Lingxin, are you at home?”

“Who is it!” An old voice came from the room.

It stands to reason that the old man is only sixty-six this year, so he is not too old, but his voice sounded like seventy-eighty.

“I’m Grandma Cheng, and I’ll talk to you about the fifty thousand yuan.”

“You know how to come back from death! There’s no place to hang out outside? So come back? I’m not here to collect

A shelter, let alone a hotel, you can come and go as you want? who do you think You Are! give me death! Dead far away! “After saying this, the old man’s door also opened.

A wheelchair was moved out of it.

A thin old man sat in a wheelchair.

The old man glanced at Grandma Cheng and couldn’t move his eyes away.

Grandma Cheng is ten years younger than him.

He was only forty-five years old when he first married him. For him, who was fifty-five years old at the time, Grandma Cheng was still full of energy, and when he first married Grandma Cheng, he enjoyed the first ten years Second Spring.

I thought that the homeless grandma Cheng must be in rags and tatters.

But I never thought that Grandma Cheng is very clean and energetic, but her hair has a different style.

“You...” The old man couldn’t move his eyes at all.

Over three hundred days and nights, he missed this woman.

When this woman lived with him, his life was extremely nourishing. He didn’t have to cook or wash his own clothes. He slept until he woke up naturally every day, and he could take a quiet nap every afternoon.

Even if there are children playing in the yard, the old woman can persuade those children to go away first, so that they do not disturb the rest of the old man at home.

For ten years, the old lady’s cooking skills are first-class.

This caused him to not be used to eating outside dishes at all.

Not only that, he found that since the old lady left, although the children came to serve him in turn, they were not as meticulous as the old lady.

Afterwards, several children were bored.

After all, they have jobs, and they have to take care of the little ones.

Among them, the eldest son is the most shouting: "Dad! You are only in your 60s. If you retire at the age of 70 in other countries, you have not retired, let alone the age of 70 or 80, and you will start to drag your children down at this time. When will it be over?"

"Go... get that woman back for me, as long as she... can serve me well." The old man said to his children.

The children also think this method is very good.

very good.

So, I went to the grandma of the Cheng family again and again, harassing and intimidating the grandma again and again.

After so many times of intimidation, it really worked.

Now, the old woman is standing in front of him.

Seeing such a fiber-optic old woman standing in front of him, Dong Lingxin wished he could rush up and hug her.

But he still had to hold on.

In this family, he dominates.

Because the old woman doesn't earn a penny, she spends all of his money.

The old man looked at the old lady with a cold snort: "Why do you dress up so brightly? You can escape the fate of your price being returnable by dressing up so brightly? I don't believe it! My own

children don't care about me, These relatives of yours will take care of you for the rest of your life?

snort!

Nausea!

Don't come in and cook for me! “

Seeing such an arrogant and domineering old man who didn't repent at all, Xu Zeyan wanted to go up and kick him.

Shang Hongmei's eyes turned red with anger.

On the contrary, the old lady was very calm: “Dong Lingxin, I will settle the debt dispute between me and you with you!”

Chapter 1700

The old man was startled: “What!”

The old lady said calmly: “I'll pay you back fifty thousand yuan, and I'll pay you back the interest too! But today I brought the ledger that I kept for ten years. I have all the expenses on it. Excluding the expenses, our family should have saved 600,000 in ten years.”

“25,000 of the 50,000 I took should be mine, and the other 25,000 is yours. You should also give me half of the 600,000.”

Dong Lingxin's heart suddenly panicked: "You... are you here to threaten me?"

He thought that the old lady was here to take care of him, but he never thought that the old lady was here to divide the property.

Now it is not only distressed that the property is divided, but what makes Dong Lingxin even more afraid is that if there is no old lady to take care of him in the future, he may not live for too long.

He looked at the old lady in horror.

The old lady is still very calm.

In ten years, the anger and sadness in my heart have been taken away by this immortal! Old rascal! The sanctimonious things have been ground and nothing is left!

She said calmly: "No, I only take what I deserve! By the way, I warn you, if your children come and harass me again, I will call the police!"

"If I can't do anything about you, I'll kill you! My homeless old woman, who am I afraid of!"

Dong Lingxin: "..."

At this time, Xu Zeyan, who was by his side, said, "Sir, I called the people from the court, and they will come to verify your fixed assets in a while."

"If you can't replenish the divorce property that Grandma Cheng's deserved, your house will be auctioned off."

"You... are you going to sell my house?" Dong Lingxin asked tremblingly?

Not only will he lose his care in the future, but his house will also be auctioned off?

Xu Zeyan shrugged innocently: "Not necessarily! If you can immediately take out your grandma's money and settle it on the spot, no one will sell your house."

“Even if you can’t come up with the money, it’s not that I want to sell your house, but the court to enforce it. They will seal up your house and put it up for auction. After selling the money, part of it will be given to grandma, and the rest will be yours. !”

Dong Lingxin: “...”

While he was stunned, the staff who came to check on the scene had already arrived.

They asked Dong Lingxin very seriously: “You and Aunt Cheng have been married for ten years?”

Dong Lingxin said angrily, “No, she’s a vampire!”

“Old gentleman, please cooperate with us! Are you and Cheng’s grandma married for ten years?”

Dong Lingxin: “Yes... yes!”

“When you were married, she took 50,000 yuan?” the investigator asked again.

“It’s stealing!”

“I’m sorry!” The person investigating the court told him according to the facts: “If you got 50,000 yuan in marriage! She took her own money, and there was no stealing!”

Old man: “...”

“Even if you separate later, that part of the money is counted as the two of you, and 25,000 of it belongs to her.”

“You have thrown away your expenses and everything over the years. You two still have 600,000 in savings. Can you afford to pay the upfront 300,000, no, 275,000?”

Dong Lingxin: “...”

At this moment, he stammered and did not dare to answer.

Are you rich?

He has.

However, it is not as much as 600,000.

A year ago, the family did have 600,000, or even more than 700,000.

But this year, he spent 100,000 yuan just to see a doctor. In order to please his children, he took out another 150,000 yuan and distributed it to his three sons, two daughters and one person, 30,000 yuan. I hope they can take care of him more. .

That's not all, after a while, the labor market found him a babysitter.

She's only in her thirties, and her cooking is not as delicious as what her ex-wife made. She is still lazy, but her mouth can coax people.

Chapter 1701

Coaxed him and lent him 100,000 yuan within a few days, and the babysitter never showed up since then.

Moreover, because no one took care of him for a while, he spent tens of thousands of dollars every month for the key work of takeaways.

How much money does he have?

It is estimated that there are 200,000 left in the family.

200,000 yuan is not enough for Grandma Cheng.

“Old man, please answer me, when will you subdue Grandma Cheng's divorced property?”

Dong Lingxin: “I...I have no money.”

“Then execute the house. I'll give you a week to move the place. After a week, we'll come to collect the house and then auction it off!” The court officials were very nonchalant and left very seriously.

The rest of Dong Lingxin was sitting in a wheelchair, and his whole body froze.

Is he really going to lose this house that he has lived in for decades, with his own small cross-courtyard?

How is this possible?

Is he going home too?

He looked around pitifully, surrounded by his old neighbors, but at this moment no one could help him.

Because everyone knows that the court enforced it, which shows that the old lady really took care of it.

Moreover, the old lady is not a good visitor today, who would dare to say some unreasonable words?

Seeing that the old lady also left with her, a young man and a woman, she left so decisively. No turning back, no nostalgia at all.

The old man suddenly shouted bleakly: "Sister Cheng, you... really don't want me anymore, I'm your husband! Husband who has been dependent on each other for ten years!"

The old lady turned her head: "for ten years, have you regarded me as your wife?"

"I'm afraid that for ten years, you have always regarded me as your nanny, and I must be grateful to you?"

"You have to know that if I go to be a nanny, a full-time nanny, it will cost 3,000 yuan a month, and 36,000 yuan a year. At the end of the year, the Dong family will give me a red envelope, a year. There is always 40,000 down, and in ten years, I can make 400,000."

"But I'm here with you?"

"Ten years of free service, in exchange for you beating or scolding me, and driving my grandson away."

"If you treat me as your wife and us as a real husband and wife, you will be your grandson and grandson, and my grandson is not a grandson's attitude?"

The old lady asked him in tears.

Dong Lingxin couldn't answer at all.

"You don't have to buy a house, how much do you have on hand..."

The old woman was soft-hearted.

But Xu Zeyan said against every second: "Auntie, this money is your pension and you are hard, you can't give it back!"

old lady:"....."

Xu Zeyan looked at the old man coldly: "Sir, after a week, you can either take out the money or sell the house, you can do it yourself!"

He said that, he put one arm around the old lady and walked away.

There are many people in this world who are not worthy of sympathy, especially Dong Lingxin, a literate person who is a teacher.

Shang Hongmei next to him looked at Xu Zeyan with relief: "Master Zeyan, thank you, I didn't expect you to be so controversial, I..."

"I'm sorry." Shang Hongmei said sincerely.

"fine."

Xu Zeyan turned his head and saw that the old lady's lips were a little dry, and he said, "You wait for me in front of the car door, and I'll go buy a bottle of water."

"Ok."

Xu Zeyan went to the convenience store he entered, and went out with three bottles of pure water in his hand.

Just as he walked in front of the car, a huge wooden stick suddenly smashed down next to him: "Bastard! Let you mind your own business!"

"Master Zeyan, be careful!" Shang Hongmei bent over and hugged Xu Zeyan without thinking.
