

Catch Me If You Love Me Chapter 172

Zoey Gu reacted instantly, her eyes widened suddenly, and she stood up suddenly!

As soon as she turned her head, a sack instantly covered her head.

She didn't even have a chance to open her mouth to speak, so she was dragged into the bottomless darkness...

In the store, Liam Lu picked up the clothes as quickly as possible, and went straight to the cashier.

After waiting for a while, the right eyelid jumped inexplicably, and there was a strong anxiety in his heart for some reason.

The next second, the phone that he had been holding tightly rang suddenly.

The caller was not Zoey Gu, but Shiyue.

As soon as the call was connected, Shiyue's scorching voice came over instantly.

"Young Master Lu, something happened to Miss Gu!"

Snapped!

The phone slipped from Liam Lu's hand to the ground in an instant.

He turned his head and rushed out of the store like a gust of wind, and went straight to his car.

At the scene, the car door was locked, the window glass on one side was smashed, and there were still a few clear drops of blood on the top and beside the car door.

Liam Lu's black eyes shrank fiercely, and his tall figure shook silently.

"Master Lu!" Shiyue took a few steps over to support him.

He carefully looked at Liam Lu's face that had become horrified in an instant, and raised his hand to pass Zoey Gu's mobile phone.

He raised his finger again and pointed to a simulated child doll not far away, with the blood all over the floor, tightly opened his mouth.

"Someone made a fake car accident and used the identity of the child to trick Miss Gu out of the car."

"Miss Gu tried to call you before the accident, but didn't call out."

Liam Lu lowered his head and looked at the phone in his palm, touching his fingertips lightly, and there seemed to be Zoey Gu's warmth remaining on his head.

He chilled his face suddenly, and a bloodthirsty murderous intent suddenly appeared on his face. He pressed his lips tightly and turned and left.

"Liam?"

Realizing what Liam Lu wanted to do, Shiyue's face changed, and a few steps stepped forward to hold him firmly!

"Master Lu, calm down. Going to the old lady at this time will not benefit you or Miss Gu!"

"Since she has acted on Miss Gu, it is impossible to keep her by her side. The top priority is that we must return to Berven City as soon as possible."

"You not only have Miss Gu, but also Alina Yin. No one knows how cruel the old lady is than you. Liam!"

Liam Lu stood upright, his expression horrified, bloodthirsty and terrifying coldness all over his body, and countless crazy emotions rushed in his eyes.

But after all, he gritted his teeth with red eyes and pressed it down, and asked in a dumb voice.

"What's the situation with the old lady?"

"Nothing happened, drinking tea."

Liam Lu closed his eyes fiercely, and when his scarlet eyes opened again, it was cold and cold.

"Back to Berven City."

"A group of people sent to the southern capital, always pay attention to the movement of the old lady, and the rest, go all out to find Zoey."

His girl, who suffered countless days and nights, finally mustered up all the courage to come to him.

If something happens to her, even if he tries his best, he will not hesitate to be an enemy of the whole world!

Nandu Wharf.

As the night darkened, a car stopped not far from far and near, and hurriedly walked onto the plank road under the moonlight.

Zoey Gu was knocked unconscious and put in a sack, her hands were tied, her mouth was blocked, and she could only helplessly follow the footsteps of the group of people, with loud and desperate protests in his mouth.

“woo woo woo woo...”

There was never a moment when she regretted it so much.

She should stay in the car and call Liam Lu so that she can't be taken advantage of by caring people!

Today, but the day they receive the certificate.

In order to leave the most beautiful and happy experience in his life, he even went to buy a couple shirts.

Zoey Gu felt distressed and unbearable when she thought of this, and tears flowed down silently.

Liam...

The person carrying her forward suddenly stopped.

“Miss Gu, here it is.”
