

I' m Sorry My Love Novel Chapter 1732 - 1741

Chapter 1732

Standing in front of Xu Zeyan, the woman was dignified, elegant, and beautiful.

She is mature and graceful, but she doesn't look like a forty-year-old woman. To be more precise, the woman standing in front of Xu Zeyan is a shy and coy woman in her twenties, but she has the vigor and composure of a young man.

Shang Hongmei has a faint sadness with a firm temperament. The designer combined her temperament to design this simple yet luxurious floor-length dress.

The skirt is long and white.

It shows the atmosphere and driving function of the wedding hostess.

There are very few embellishments around the wedding dress, which gives the bride a minimalist and pure feeling.

But on the top chest of the wedding dress, it is embellished with broken diamonds that meet cocoa, white and blue.

Those are the most genuine ones.

This unique wedding dress in the world was made by Suzi and his friends in the design industry. The two negotiated together and designed the wedding dress in person. Although Suzi couldn't do it himself because of her pregnancy, Arron ran back and forth for it.

It is also for this reason that he has handed over the management of the company's affairs, large and small, to his subordinates recently.

Suzi and Xu Zeyan do not have any affection.

However, Arron knew that in the years when Suzi was in exile, if there was no Xu Zeyan, Suzi and Wei Wei would have died.

Xu Zeyan is Shen Xianghe's only savior, the spiritual pillar of his life.

Arron didn't say anything, but he was like a brother to Xu Zeyan.

Equivalent to Jun Jingyu

Xu Zeyan's entire wedding was arranged by Arron.

To be able to hold an open-air wedding in this vast garden meadow, let alone someone else, even his Arron has not been able to hold a wedding here until now.

Xu Zeyan and Monk Hongmei, what an honor.

On the grass in the beautiful garden, the bride appeared in front of Xu Zeyan with a long dress that dragged the floor.

Xu Zeyan was in a trance.

Is this his wife?

his bride?

He knew that she was eight years older than him. He never thought that she was beautiful and dazzling. He only thought that she would be very happy if they could depend on each other.

For more than half a month, he and her have been together every day and every night.

They were like a pair of miserable people who had been separated for hundreds of years and then reunited.

They tangled frantically.

Day and night.

They don't care if it's a wedding night or not, they just want to give each other a little more of themselves and let them know more about themselves.

In just over half a month, they had already decided to die for each other in this life.

They both knew each other very well.

But Xu Zeyan still did not expect that his bride would be so beautiful.

He was so beautiful that he suddenly felt ashamed.

"Amei, you are so young, you look younger than me. You are so beautiful and temperamental, I don't deserve you, I can't give you a child." The wedding hasn't been held yet. If Amei goes back on it, it's still too late.

"I don't want children." Shang Hongmei took Xu Zeyan's arm affectionately.

"It's enough to have you in my life."

"Look at me, I once had a child, but that child is the person who hurt me the most in this world. If you hadn't appeared in my life force, I might have died. I was beaten by my own child, and I didn't have the courage to live again. In this world, we can live without children in the future."

"If you want a child, I will accompany you to adopt it."

"If you don't want to have children, I can accompany you to travel around the world, okay? Husband?"

Xu Zeyan raised his hand and hugged Shang Hongmei's head, and kissed her deeply on her forehead.

At this time, the wedding had not officially started. Xu Zeyan hadn't been able to see Shang Hongmei for three days. He missed her a little, so he secretly came to see her.

When he hugged Shang Hongmei for a secret kiss, he happened to be seen by a few people in the distance.

Chapter 1733

Both Suzi and Dalia, with their bulging pregnant belly, are sighing with emotion at the magnificent scenery of the wedding scene.

As soon as they turned around, the two saw that Xu Zeyan was hugging Shang Hongmei and kissing.

Dalia couldn't help laughing, and said to Suzi very enviously: "Suzi, look at your brother and sister-in-law, how happy they are, me and you, we have gone through six, seven, seven or eight years, and we haven't been able to have it yet. Such a wedding."

"Yeah, my brother is unfortunate, he first broke his leg,

Later, he was investigated for infertility. "

"However, he was lucky, he found his favorite, and they loved each other very much, sympathized with each other, leaned on each other, and licked each other's wounds for each other."

"very nice."

"When I saw the wedding of my brother and my sister-in-law, I thought it was me who got married, and I was at this wedding."

"I thought so too, haha." Dalia followed.

"It's right to be our wedding, and I'm happy to see it."

Two pregnant women with their belly stretched out, on this wedding scene, like a different kind of landscape.

There are many people and guests here who don't know Xu Zeyan's illness or that he can't bear children, so they are talking about it.

"Look, what a good sign. There are two pregnant women at the wedding scene who are about to give birth to a baby. I think this indicates that the bride and groom will have children immediately after marriage."

“That’s for sure! Young Master Ze Yan is thirty-two this year, and when he is a new year, of course he will have a child immediately after he gets married.”

“We’ll have to ask Master Zeyan for some happy candy in a while, let’s be happy!”

“That’s natural.”

“The bride is so beautiful.”

“Who is this person, I don’t seem to have seen it before?”

“Nancheng is so big, you can’t know everyone!”

“I just feel that Master Zeyan has changed a lot. He is low-key and calm now, which is really different from his twenties.”

“You don’t even look at who his sister is. People who are close to her sister, even that Chu Tianling has become very calm and responsible now.”

At this moment, Chu Tianling and Pan Mingsai also saw Xu Zeyan kissing the bride.

Chu Tianling, who had always been calm and used to it, couldn’t help but lead Pan Mingsai towards Xu Zeyan.

Pan Mingsai was very puzzled: “Brother Tianling, you...what are you doing? People...the world of two.”

“Hey!” Chu Tianling smiled unwillingly: “Today’s wedding, when everyone gets together and lively, the two of them are in the world! Humph!”

As he spoke, he took Pan Mingsai and continued to walk towards Xu Zeyan.

Only when I got up close did I see Xu Zeyan wiping tears for Shang Hongmei: “Don’t be sad, Amei, I don’t want Chu Tiantian anymore.”

Shang Hongmei also said: "I don't miss her anymore. She is no longer my daughter. She is old enough to take care of herself. I won't worry about her anymore."

Chu Tianling also heard about Shang Hongmei.

At this moment, he also said coldly: "Don't be sad, sister-in-law, Lao Ze and I are childhood friends. In the future, my children will belong to you. Let him call your parents and be filial to you when they grow up."

Shang Hongmei was startled at first, but when she saw Xu Zeyan, she blushed and smiled, "Thank you, Master Chu."

"It's no longer Chu Shao, call me Tianling, Xiaochu, sister-in-law who is okay. I used to be...not a human being. Now I'm slowly becoming a person. In the future, my sister-in-law will encourage me a lot."

Shang Hongmei suddenly laughed.

She looked at Xu Zeyan: "Your friends are all good people."

"That's it!" Xu Zeyan hugged Shang Hongmei gently, and he sighed in his heart.

In the end, it was Shang Hongmei who came to the rescue, and the people she was facing now were so friendly to her.

Seven years ago, these people treated Suzi differently.

forget about it.

It's passed.

The wedding started at auspicious time, and there were countless guests who came to bless them. This wedding was truly unprecedented.

Just under everyone's attention, when Xu Zeyan and Shang Hongmei were about to exchange rings, a person came quietly at the gate.

Chapter 1734

Everyone was immersed in blessing the newlyweds, and no one noticed the figure at the door.

Chu Tiantian stood at the door for a long time.

She did not expect her mother to be so beautiful.

Since she grew up, when her mother came back to her again and again, Chu Tiantian tried her best to either scold her mother or scold her.

So every time I see my mother, my face is melancholy and frowning.

Over time, Chu Tiantian got used to the ugly appearance of her mother in rags and looking like a begger.

She does not allow her mother to be glamorous, because in her heart, her mother is a sinner through the ages, not worthy of laughter or decent dress.

In Chu Tiantian's impression, no matter how she abused and insulted her mother, her mother always flattered her.

She felt that it was her mother's guilt.

How old is she? The mother left her.

Go away for years and never come back.

The mother obviously has a husband, but she was caught by her father by hooking up with people outside.

Such a woman does not deserve to live!

Chu Tiantian always wanted her mother to die!

However, the mother is alive and well.

Especially today.

She was so beautiful, pretty, confident, graceful, and calm. Chu Tiantian didn't believe that the woman in the wedding dress was her mother.

And that man.

His temperament is so outstanding, he is mature and stable, has an innate elegance, and his every move shows dignity.

He was so gentle with his mother.

He even gave his mother such a big wedding.

There aren't many women in Jeonnam City who can have such a wedding, right?

And the wedding dress my mother wore.

So beautiful.

To be worth millions.

He really deserves it.

This is obviously his girlfriend, isn't it?

Chu Tiantian's heart was intertwined with hatred, and the five flavors were mixed.

At this moment, she wanted to die.

She wanted to kill the woman in the wedding dress!

Why is there such a hateful mother in the world? Her mother is a freak!

Wonderful!

How can you have such a selfish mother?

She walked towards the wedding site step by step, like a ghost.

On this side, at the wedding scene, Xu Zeyan and Shang Hongmei exchanged rings.

The guests who were sitting were booing and asking them to talk about their love history. Many people clamored for the bride to introduce their girlfriends. friend.

There are also smarter people who can't help standing up and shouting: "I dare to ask the bride and groom, who is your matchmaker? Just introduce your matchmaker to me! A matchmaker who can bring you together is definitely a competent matchmaker. matchmaker."

As soon as the man finished speaking, a small microphone like a flower fairy raised his hand and screamed, "It's me! It's me! It's me!"

The childish little voice shocked the audience at once.

The audience suddenly fell silent.

Everyone looked at the little flower girl.

The little flower boy was even more stinky and proud to put his toes on the hand of the master of ceremonies to answer the microphone, very arrogant, and very confident to show off to all the guests present: "I am my uncle and my aunt's matchmaker, I am the matchmaker. is very qualified, more qualified than my father."

"Ha ha!"

"Little princess, dare you ask if you are weaned?"

"Hi! I've been weaned long ago."

“puff.....”

“Interview the little princess.” Someone asked earnestly with a fruit and cucumber: “Little princess, how did you match up with your aunt and uncle?”

At this moment, everyone suddenly felt that it was more interesting to tease the young head of the Fu Group like a flower fairy than tease the bride and groom.

“Well.” The little princess said seriously: “My uncle had a girlfriend, but I don’t like it!”

Chapter 1735

“I liked my aunt from the beginning!”

“I ordered my uncle not to fall in love with that girlfriend! Be sure to marry my aunt!”

“Then, did your uncle promise you?” someone cooed.

“Of course!” The little princess was extremely proud.

“It’s the best uncle in the world.”

“of course!”

“My uncle is the best uncle in the world, and my aunt is also the best aunt in the world! Hee hee.” The little princess was very satisfied with today’s new couple.

“Little princess, your uncle and aunt are a match made in heaven, and you have done a great job!”

“You can’t do without the little princess!”

“The little princess is mighty!”

“The little princess will always drop God!”

At this time, my aunt and uncle were also happy, so the little princess held it in her arms, and the two of them held it together.

The little princess is even more stinky.

Far away, outside the wedding, a family of high-powered mirrors were looking at everything here. When the eyes under the high-powered mirror saw Shen Weiyi, their eye circles were all red.

Nearby, Chu Tiantian was walking towards his mother's wedding scene step by step.

Tears came down her neck.

The little princess who was held in Xu Zeyan's arms by the monk Hongmei, the young head of the Fu Group, and the precious daughter of Arron and Suzi, Shen Weiyi, actually said in public that she asked Xu Zeyan to dump her Chu Tiantian?

Ah!

hehe!

Chu Tiantian sneered.

Xu Zeyan is her sweetheart!

It's hers!

In this world, a mother steals her husband from her daughter?

Even if my daughter doesn't want this man anymore!

She gritted her teeth and walked forward step by step.

Suddenly, someone next to him stopped Chu Tiantian: "Tiantian! Is that you?"

When Chu Tiantian turned around, she saw that the old man in his fifties who called her was very familiar, but he didn't know where he had seen it.

"Sweet! Stop for me!" the old man roared angrily.

Chu Tiantian looked at the old man: "Who are you!"

“When you were young, I often gave you candy when you were seven or eight years old! My family lived one kilometer away from yours, and at that time your mother worked as a waiter in our restaurant!” The old man said seriously.

Chu Tiantian burst into tears: “What do you mean!”

“Are you going to spoil your mother’s wedding?”

Chu Tiantian sneered: “Is it possible, you have an affair with that woman too!”

“presumptuous!”

The old man stood up suddenly, lowered his voice and said, “Chu Tiantian, you have grown up now! You can distinguish right from wrong in many things, why don’t you ask your father why you moved out of your hometown? Haven’t been back?”

“And yourself, why didn’t you go to the place where you were born and raised when you were young to ask about it!”

Chu Tiantian: “...”

“If you dare to destroy your mother’s wedding today, we old neighbors and family friends dare to blast you out collectively!”

The old man shouted in a low voice from the door again, and suddenly twenty or thirty people stood up at the tables in the back row, some in the 60s and 70s, some in the 40s and 50s. There are also younger forty-somethings.

These people looked at Chu Tiantian with disgust.

Some of them were unceremonious: “Go away! Go away!”

Chu Tiantian was driven out in a very embarrassed manner.

Since she couldn’t destroy her mother’s wedding scene, since so many old neighbors told her like this, and the old man at the door of the house also said the same to her last time.

Chu Tiantian shed tears and took a taxi directly back to her hometown.

She hasn't come back for more than ten years.

No one here knows her anymore.

When she came to her neighborhood, she happened to see an old lady in her 80s. Chu Tiantian stepped forward and asked, "Excuse me, do you know that woman Shang Hongmei?"

The old man sighed, "Mei Mei? That's a poor woman..."

Chapter 1736

Chu Tiantian subconsciously asked: "What did you say? Who... Who is suffering?"

She wanted to ask another question: "You mean my father's life, right? My father is a big man who is both a father and a mother. How difficult is it for him?"

However, before Chu Tiantian could say anything, the old man who was sitting outside leisurely said slowly: "I'm talking about your mother! Your mother is a hard-working child! Following your mother is your mother's life. It's bloody mildew!"

"And you! The world has never seen a child like you."

“Even my own mother scolds!”

“Girl! I want to take a look. Are you married in your life? Do you want children?”

Chu Tiantian: “...”

The embarrassment at this moment was more uncomfortable than the embarrassment at her mother’s wedding scene.

She was scolded by the old man, neither to leave nor to stay.

At the end of the day, he was only twenty-two years old, extremely young, and very energetic.

Tears of her grievance fell to the ground, and she said to the old man unconvinced: “Tell me! What the hell is wrong with my father! My father dragged me up with shit and urine! Be a mother again! What’s wrong with my dad!”

“It’s obviously that woman who went out to find a man! Fooling around! Say it! You say what my father is wrong!”

The old man rolled his eyelids and looked at Chu Tiantian contemptuously, and asked, “Are you a woman?”

“Of course it is!” Chu Tiantian was extremely angry: “You know I’m a girl, yet you ask me like that! What do you mean! I think your entire village was bought by Shang Hongmei!”

The old man was furious when he heard this!

He stood up immediately: “You are going to be struck by thunder! Who taught you this? Your father who deserves to be struck by thunder? Why isn’t he dead!”

Chu Tiantian: “...”

Dad has always been a good dad.

There is only dad in her life.

But I never thought that this old man would curse his father like this.

Chu Tiantian really wanted to turn around and leave.

However, she has been surrounded by the people of Murakami.

Many people pointed at her.

She can't get out at all.

The old man also calmed down and said to her: "No one wants to take care of your family's private affairs. After so many years, no one of you has come to ask, and we are too lazy to take care of it! Even if we know that your mother has wronged you, it is your business. , can the rest of us manage it?"

"But today you came to ask yourself!"

"Then I'll tell you about it!"

Chu Tiantian: "Okay! Say it!"

The old man lit a cigarette and recalled the old days painfully from time to time.

That was over twenty years ago.

At that time, Chu Hongfa loved gambling and owed a lot of money, and was chased everywhere.

Someone even chopped off his hand.

Addicted to gambling like that, even though he is in his thirties, he has not even found a daughter-in-law.

But he was in his thirties, and he was restless without a woman by his side, so he went to find a woman in pieces.

It happened that there was a widow in the village who was a few years older than him.

For several years, Chu Hongfa and the widow fought hotly.

I don't know if he had the luck of the peach blossom or something, but in the second year of the hot fight between Chu Hongfa and the widow, Chu Hongfa picked up a girl on the way.

The girl said she was already eighteen years old, but looking at the tender eyes, she was like a little girl of fourteen or fifteen years old, her face was only as small as a slap, and the thin gust of wind could blow it away.

No one knows where the little girl picked it up.

Chapter 1737

Everyone in the village knew that the little girl was diligent and sensible. After being picked up by Chu Hongfa and brought home, she helped Chu Hongfa do laundry, cook, and do everything. Everyone in the village persuaded Chu Hongfa: "The little girl is too young, you can send her back to her parents, you have a widow, don't ruin the little girl."

Who knows what Chu Hongfa said?

"It's ruined!" Chu Hong said with a smile, "She doesn't want to go back. She has a stepmother at home who beats her to pieces every day. She was forced out and sits in a nightclub, because she is young and can't Compliment, she offended someone and was beaten."

"No, if I hadn't rescued her, she would have been beaten to death."

"Mei Mei is grateful to me and said she wants to follow me for a lifetime."

"How old is she?" someone asked concerned.

Chu Hongfa blurted out: "It's almost seventeen."

Everyone: "..."

"Hey hey, it's time for me, Chu Hongfa, to have a daughter-in-law luck. You all say that I will make up for a daughter-in-law in my life. Look at me now, without spending a penny, I will get my little wife as beautiful as a jade! "

Seeing that Chu Hongfa was so sullen, an elder in the village kicked Chu Hongfa in the leg: "Be nice to people! Live a good life! Stop gambling! Don't harm Widow Cui again! "

"Understood, third master."

Since then, Chu Hongfa has really been honest for a while.

Shang Hongmei, who was picked up, became pregnant after half a year.

When she gave birth to Chu Tiantian, she was still three months away from being eighteen years old.

Eighteen-year-old young mother, her body has not yet fully matured, but she has to endure the pain of childbirth.

What made Shang Hongmei even more miserable was that when she gave birth, Chu Hongfa was not in front of her.

Since Shang Hongmei was pregnant, Chu Hongfa couldn't do anything with Shang Hongmei, so he went to the widow again. Not only that, he and the widow both gambled money.

The two teamed up to get out of the old thousand, and they were discovered.

The group wanted to chop off the hands of Chu Hongfa and the widow, and the widow knelt down and begged for mercy. In the end, the condition for her to be spared was that in front of Chu Hongfa, the widow was raped by five or six men. .

Said it was a practice, but in fact the widow didn't care.

She is with many men.

Anyway, she can pay off her debts, and she doesn't need to chop her hands. Several men are still strong, so why not do it?

On the contrary, Chu Hongfa looked at him in a rage.

But what can be done?

When the group of people were having a good time and walked away, Chu Hongfa beat the widow violently.

After the beating, he became wicked again, and before Widow Shen's clothes were put on, he ravaged the widow again.

That night, he tossed the widow hard.

The widow was already overworked. Seeing that Chu Hongfa treated her like this, originally both of them would have to suffer, but she carried it all by herself. How could she endure Chu Hongfa treating her like this?

Annoyed, the widow bit down on Chu Hongfa's thing alive.

The pained Chu Hongfa rolled on the ground.

Later in the hospital, his stuff was black and rotten.

The doctor gave Chu Hongfa emergency rescue, and also treated the widow by the way. Chu Hongfa's injuries were not serious, and the widow's injuries were not serious, but these were all brought about by themselves, and they deserved it even if they died.

But the day that Chu Hongfa was rescued in the hospital was also the day that Shang Hongmei gave birth to a child.

Chu Hongfa, who had just been pushed out of the operating room, clearly heard his wife, no, it should be said that the little girl he brought home was giving birth to a child for him.

That shrill scream was still a little immature.

Shang Hongmei was born one day and one night.

Just when she was exhausted, Britney came out of her stomach.

Shang Hongmei's tired face could not open her eyes. She turned her head to see if the child's father was here.

But nothing was seen.

Chapter 1738

A mother under eighteen, holding her newborn baby, sits alone on a cold delivery bed.

At that time, Shang Hongmei wanted to cry without tears.

At that time, she didn't know that a crueler fate awaited her.

Because of her youth and malnutrition, the child has no mother's milk, but Chu Hongfa, who is poor and has just been bitten seriously, has no money to give Tiantianai milk powder.

The newly born Brittany is crying and crying all day long.

Because she wanted to eat it, her small mouth even bleeds the rotten scum that Shang Hongmei sucked.

The painful young Shang Hongmei burst into tears.

But, even so, the baby still can't suck the milk.

In desperation, in order to support the child, Shang Hongmei, who had not yet given birth, dragged her weak body out to do odd jobs, in order to earn some milk powder money for the child.

Just like that, Shang Hongmei forced the child to support her.

However, the money she works for is only enough to buy milk powder for her children, because she is often carried a child on her back, so she can only count as half a job, and the money she earns every month is only enough to buy milk powder for her children, But I can't even buy clothes.

Spring, summer, autumn and winter, the year goes by quickly.

The baby grows very fast, but the child always wears the clothes picked up by the owner and the western family.

However, Shang Hongmei, who went out to work with her children for confinement, was losing weight day by day, her face was yellow and her skin was thin, but when she returned home after work every day, she could not expect her husband to do anything.

In addition to drinking, men play cards.

The only thing that makes Shang Hongmei happy is that he loves children very much.

I love my only daughter very much.

Chu Hongfa often hugs his daughter: "My treasure, my treasure, Dad is your only relative in this life, and Dad is your only child."

At first, Shang Hongmei didn't know why Chu Hongfa said that. She only knew it after giving birth to Tiantian for a few months.

Because of Chu Hong's request, unless she was pregnant, Chu Hong would have to support her for three days without her.

But since she gave birth, Chu Hongfa has not touched her for four months.

Shang Hongmei is a hard-working woman. She has good academic performance in her teens, but her stepmother does not let her go to school and makes her work part-time. No matter how much money she works for each month, her biological father and stepmother will take it away.

The young Shang Hongmei could not get a little warmth. She could meet Chu Hongfa and take her in to give her food. She felt that following Chu Hongfa would be a warm world.

Therefore, even if Chu Hongfa couldn't go out to work or make money, even if she didn't have a good rest during her confinement period.

Even though Chu Hongfa was more than ten years older than her, she still followed Chu Hongfa to the point that Chu Hongfa didn't touch her for a few months, and Shang Hongmei immediately saw something was wrong.

She asked Chu Hongfa, "What's wrong with you? Don't like me anymore? Don't want to have sex with me?"

Chu Hongfa hugged his daughter and mumbled, "No..."

"Then why are you?" Shang Hongmei asked.

Chu Hong was speechless.

He couldn't tell himself that his thing was bitten off by another woman.

The whole village knew about this, and the widow was also taken away, but Shang Hongmei did not know.

Under the repeated questioning of Shang Hongmei, and forced to open his pants, she was shocked.

Then, the heart is wow cool wow cool.

That's not all, Chu Hongfa, who was so embarrassed, beat Shang Hongmei violently: "You are a fucking homeless woman, you dare to control Lao Tzu! Lao Tzu eats and drinks, so that you can avoid being there. This place stinks and rots! How dare you manage Lao Tzu!"

Shang Hongmei, who was only a few months old after giving birth, was beaten by Chu Hong and could not go out to work for a few days.

It's not the worst.

Just when Shang Hongmei was recovering from her injury at home, she heard a worse and more shocking news.

The widow who was hurried away had a sickness.

That kind of disease can't be detected by blood test at the beginning, but it will take a month and a half to find out.

Chapter 1739

There is an incubation period for that kind of disease, which lasts a few months, and it takes 10 to 20 years before it strikes.

During the incubation period, blocking drugs can be taken.

But once it strikes, the disease is incurable.

The woman's seizures were quick.

I checked the widow and found that she had only been infected in the past few months. I asked the widow, and the widow was truthful. The person who was going to chop off her hand that day was an underground black force. A nasty disease has spread to her.

There is no doubt that she also infected Chu Hongfa.

The widow died soon after.

Chu Hongfa did not have an attack.

However, he went to the hospital to check, he was already infected, there was a virus in his blood, he would have to take medicine for the rest of his life, and he had to pay attention to his physical condition.

At that moment, Chu Hongfa felt like he was going to die.

Even if I can't be a man for the rest of my life, I've also contracted a dirty disease.

If I had known this earlier, I would never gamble in my life, and I would rather chop my hands than gamble.

If I had known this earlier, even if I boiled to death, I wouldn't have an affair with that dirty widow!

But, at that moment, regret is still useless.

Chu Hongfa also seems to have changed his mind. He also took his wife and daughter to a large hospital in the city for an examination. Fortunately, both his wife and daughter are fine.

Not sick.

Since then, Chu Hongfa has been taking care of the children at home honestly.

Because he felt ashamed of himself, he didn't go anywhere, just guarding the children at home every day. In desperation, Shang Hongmei had to go out to work by herself.

She is not yet twenty.

This life will be a widow.

She suddenly discovered that she was actually deceived by Chu Hongfa. Chu Hongfa's father-like love for her and his kind words were all deceived by her.

To put it bluntly, Chu Hongfa is an old bachelor who can't get married.

Just such an old bachelor who had an affair with a widow in the same village during her pregnancy.

As a result, let him be sick for life and take medicine for life.

Can't go out to work.

Shang Hongmei hated in her heart!

But no matter how much she hated her, when she saw her daughter, she didn't have any hatred anymore. She knew that Chu Hongfa could not be counted on. In the future, her daughter's living expenses and tuition fees, she wanted to dress better and lack everything. , can only rely on her to work hard outside as a woman.

She set up a stall outside at first.

They get up at four or five in the morning every day, and come back in the middle of the night at night. Under such circumstances, they can

earn one or two hundred a day, which is quite impressive for their family of three.

But the only downside is that when she goes out every morning, her little daughter still wakes up.

When she came back from the stall every night, her daughter had already fallen asleep crying.

Every night, Shang Hongmei, who was lying beside her daughter, kissed her daughter again and again.

She said to her daughter guiltily: “Tiantian, my mother named you Tiantian, just hope you won’t be like your mother in the future, my mother knows that you want your mother to hold you and take you, but your mother needs to give you stable and high-quality products. Life, when you grow up, you will be able to understand your mother.”

“Mom, there’s nothing I can do, my baby.”

“Mom’s life is bitter, but my mother will never let my sweet life suffer.”

“Mom must save a lot of money for you to go to college and study, so that you will not be bullied by anyone.”

“I’m sorry baby, my mother wants to hold you every day, but your unsatisfactory father...”

Shang Hongmei said softly, but did not know that Chu Hongfa was behind her.

He violently tore off Shang Hongmei’s clothes, and said viciously, “I’ll let you feel it, it’s not useful for me!”

Chapter 1740

In the middle of the night, Shang Hongmei was pinched all over by Chu Hongfa.

That night, she hugged her little daughter and cried all night.

That year, Shang Hongmei was not yet twenty years old.

The young Shang Hongmei seemed to be living in a fire pit. Every day, she would get up early in the morning and go to the dark to set up a street stall. When she came back at night, she would hide from Chu Hongfa.

But, Chu Hongfa is very kind to his daughter.

Treating his daughter as his life, he even shook the cradle to watch her daughter without eating or drinking.

Her daughter and Chu Hongfa are also very close.

This is also a kind of comfort to Shang Hongmei. At least her daughter does not need to be taken care of. Seeing that Chu Hongfa is like this, Shang Hongmei simply handed over her daughter to Chu Hongfa so that she can earn more money.

In the days to come, Shang Hongmei worked even harder to set up a street stall.

I usually get up at three or four in the morning to buy goods, and set up a stall at night and come back at eleven o'clock.

This kind of life also passed quickly. Two or three years passed in a flash. During this period, Chu Hongfa also beat Shang Hongmei. Shang Hongmei wanted to carry her daughter and carry her own money to fly away, but she beat her daughter several times. God, my daughter is sick.

She did not adapt to the outside environment, had a fever, vomited, and did not eat.

She misses Dad.

At that time, the daughter was a little stranger to her mother.

Not to mention how uncomfortable Shang Hongmei was when she saw such signs, she often shed tears secretly when she set up a street stall. But she had to go out. If she didn't go out, the whole family would starve to death.

Days go by like this.

Shang Hongmei tried to go out for as little time as possible and returned earlier, and wanted to spend more time with her daughter.

But, every so often, Chu Hongfa would take Shang Hongmei's money to gamble.

Since then, the money was quickly lost to him.

Shang Hongmei could only watch her daughter eat and wear less.

Several times, Shang Hongmei even thought that she would smash Chu Hongfa to death.

But when she thinks that Chu Hongfa loves her daughter, and her daughter and Chu Hongfa are in a good relationship, Shang Hongmei thinks that she can give her daughter a complete family, and let her daughter feel the love of both father and mother. Nothing matters.

Shang Hongmei has no mother since she was a child.

Later, her father married her stepmother, and her stepmother beat or scolded her.

Therefore, she especially knows what it feels like to lack a father and a mother.

She tried her best to create a home for her daughter where both parents love her.

In this family of three, Shang Hongmei also became a strong laborer, and Chu Hongfa not only looked after the children every day, but also ate, drank, and maintained their chubby fat.

very good.

It was Shang Hongmei, who worked hard every day and couldn't eat a single hot meal when she got home.

The daughter gradually became estranged from her.

Not only that, but she was in her twenties and had a man by her side, but she could not enjoy the happiness of men and women.

How can a woman in her twenties endure?

It's okay if the man can't do anything, and occasionally pinch her and get bruised.

After a long time, Shang Hongmei has been slightly depressed.

She has a sad temperament on her body, and this temperament is seen by a young man who often runs business with her.

The young man was actually only nineteen years old.

Just a freshman.

Because the family conditions are not very good, so part-time work-study.

Shang Hongmei was many years older than the young man, but the two of them didn't know where to start.

Each day without seeing each other, they are uneasy.

After a long time, the nineteen-year-old boy pierced the window paper.

He confessed to Shang Hongmei and asked Shang Hongmei why she hesitated.

Boys don't look young, don't look at only nineteen years old, after all, they are college students, very knowledgeable and talented, and boys are more sunny and energetic.

Chapter 1741

He treated Shang Hongmei with such tenderness.

Since then, finally one day Shang Hongmei hid in the arms of the little boy and cried extremely aggrieved.

She told the little boy that she had good grades in school, but she was driven out by her stepmother to make money before graduating from junior high school. The stepmother asked her to carry and seduce the old man. She was only sixteen years old. Because she didn't want to get stuck in the nightclub, she offended someone and ran out.

He was rescued by Chu Hongfa on the way.

Since then, she has jumped into another fire pit.

She has a child.

Her husband is a wreck and sick.

She has been a widow for nearly ten years since she gave birth to her daughter.

She burst into tears while pregnant with the little boy.

After crying, she looked at the manly little boy with a pair of watery eyes.

What did the little boy say, he just held her face and looked at her warmly: "Amei, you are so beautiful, you shouldn't live such a life, I want you to know how beautiful you are, I want you to be with me Blooming in front of me, I want you to know what a real woman is."

That afternoon, they went crazy in the hotel for afternoon after night.

That night, Shang Hongmei did not go back.

When she was clear-headed, she thought about her daughter.

She seemed to hear her daughter's cry.

At dawn, she quietly left the little boy.

Because she misses her daughter.

She knew that her daughter kissed her father, and it was impossible for her to take her daughter away from her father, but she was reluctant to abandon her daughter and fly away with the little boy.

She must give her daughter a complete home.

She doesn't want her daughter to suffer as hard as herself.

Therefore, Shang Hongmei resolutely left the little boy, and then returned to her husband and daughter like a corpse.

After that, she kept hiding from the little boy.

But, a year later, the little boy still found her.

I haven't seen each other for a year, and the little boy has matured a lot.

He told her that he had become the main debater of the debate club.

He is still an intern in a law firm near the school. He is now an assistant lawyer with some experience. Once he graduates, he will be able to have a formal job and take on cases.

He told her that he could take her daughter over.

He will feed their mother and daughter, and he will marry her.

Hearing the little boy say those words, Shang Hongmei couldn't be said to be afraid to move. She didn't know how she was carried to the bed by the little boy later.

But that night, they were so crazy and so hot.

However, this time Shang Hongmei was not as lucky as the last time.

The next day, before Shang Hongmei and the little boy could discuss what to do next, whether to separate or be brave together, Shang Hongmei and the little boy were caught in bed by Chu Hongfa.

In fact, Chu Hongfa didn't have that ability, but he looked at Shang Hongmei very tightly.

A year ago, Shang Hongmei didn't return all night. Chu Hongfa had already suspected Shang Hongmei. Since then, he has been paying attention to Shang Hongmei's whereabouts and following Shang Hongmei all the time.

Finally a year later, Chu Hongfa caught the handle.

Early in the morning, he blocked Shang Hongmei and the boy on the bed and took a lot of photos.

He also ruthlessly showed these photos to his daughter.

The daughter hates Shang Hongmei more and more.

Chu Hongfa deceived the little boy by 300,000.

That was the little boy who set up a stall to earn all the money, plus a credit card overdraft of more than 100,000 yuan.

Not only that, but he also asked Shang Hongmei to take out all the 500,000 to 600,000 yuan that she had worked so hard to earn over the years, and let him, Chu Hongfa, hold it by herself.

Not only that, Chu Hongfa also made a ruthless decision.

"Since you brought me a green hat, then you will go abroad to be your husband to make money for my Chu family! Don't come back if you don't earn one million!" Chu Hong said viciously.
