

# Chapter 174

Once he thought about it, Hassan suddenly thought it was a good choice.

He thought about his future plan, so he quickly called his friend and started to get busy.

Alyssa came home and took a closer look at the lamb keychain.

She thought that Hassan really had a good eye. This keychain looked so pretty.

It also seemed like a coincidence that Hassan had left work with her.

She put the keychain aside when she suddenly heard something. Turning her head, she saw Snow running in. She hurriedly picked up Snow.

"You are usually so good. Why did you suddenly run out? Where is Yummy?"

Snow's red eyes looked at Alyssa. She opened her mouth, but no sound came out.

Her small head came to Alyssa's hand and rubbed it. She seemed to feel the warmth of Alyssa's hand and suddenly stopped moving.

Alyssa smiled at Snow's cute movements.

At this moment, footsteps sounded outside and Alyssa turned her head to see Leon walking in.

Leon held Yummy in his hands. He was tall, and the image of him holding a bunny in his hands was handsome and tender. Alyssa couldn't take her eyes off him.

Seeing that Alyssa looked at him, Leon came over and said with a smile, "What are you looking at me for? Your bunnies were about to run away. If I hadn't come back in time to catch them, they might have run away. How do you watch your bunnies as a master?"

Alyssa heard his words and reacted, rushing over to hold Yummy up.

Leon saw her staring at the two bunnies and frowned.

What was this?

After she saw the bunnies, she immediately ignored him.

He came back because he missed her and wanted to see her.

Now, with these two bunnies, she didn't even look at him.

Leon felt unbalanced. He was about to say something when he saw the keychain put aside.

The keychain looked a bit unfamiliar, with a lamb and a small bell on it, cute and fun, looking a bit like Alyssa.

She had a ... good eye. She actually managed to find a lamb that looked like her.

"Did you buy a new keychain?"

"You mean this one?" Alyssa thought of the keychain Hassan had given her, "This is the one Hassan gave me."

"Hassan?"

"Um, he said since we're going to be apart, he gave it to me as a goodbye gift."

"A goodbye gift?"

Leon felt that something was wrong.

She was his wife. Why would Hassan want to leave a goodbye gift for his wife? Leon was vaguely worried. Looking at Alyssa, he asked, "Did you give him a gift, too?"

"Oops, I forgot."

Alyssa shouted.

She forgot to give a gift to Hassan.

Hearing Alyssa's words, Leon was satisfied.

It was best that Alyssa forgot!

Hassan better forgot about Alyssa quickly too.

Alyssa sighed, "Does the reaction of pregnant women become slower? I feel that I've become sluggish lately. My memory doesn't seem to be as good as it used to be either. When I look at the notebook Ella gave me, I have to read it several times to remember the main points. Will I be back to normal after having a baby?"

"Nonsense! You just get tired too easily. When people are tired, they often lose concentration. You're just a little tired."

Leon looked at Alyssa and smiled.

Alyssa felt that Leon was very confident in her.

So maybe she did think too much.

Ten minutes later.

They ate dinner together.

Alyssa yawned.

Leon saw that Alyssa was tired, so he pulled her to bed.

He saw her belly as he helped her change into her pajamas.

"How long has it been?"

"Almost three months. I'm supposed to have a maternity checkup."

"I feel that your belly has gotten a little bigger." Leon had been observing Alyssa lately, so he could quickly notice an extra keychain on her.

He looked at Alyssa's belly and felt that Alyssa's belly had grown a little bigger.

Hearing Leon's words, Alyssa looked down and noticed that her belly was indeed a little bigger. She frowned, "According to common sense, my belly will only get bigger after three or four months of pregnancy. But I've been eating a lot and sleeping a lot lately, so I may have gained weight. I eat a lot now and sleep well. What should I do when I recover from childbirth in the future?"

Leon felt that women and men did have different concerns.

Did he love her because she was pretty and slim?

Did he look as superficial as other men?

However, Alyssa was really quite pretty.

Pregnancy didn't affect her appearance much. Other than a bigger belly, she was the same as before.

Seeing Leon staring at her body, Alyssa blushed slightly. She came up to Leon's side and asked softly, "What are you looking at? Why do I feel that your eyes are trying to eat me up?"

"Nothing."

After saying that.

Leon's face turned red with shyness.

He was worried that Alyssa would find out that he had been staring at her. So, he hurriedly lowered his head.

Alyssa looked at Leon's red face and looked down at her body. Then, she couldn't help but laugh.

She didn't expect Leon to be shy too, and his face was actually all red?

At this moment, Leon looked like ... a well-behaved big brother next door!

However, since he was shy, it didn't seem appropriate for her to say that now.

Alyssa pretended she was sleepy, closed her eyes, and prepared to sleep.

Leon, however, got close to Alyssa and hugged Alyssa tightly.

"Alyssa."

"Eh?"

"Since you've resigned, why don't you come with me to the office tomorrow!"

"Why?" Alyssa thought that Leon might be in trouble, "I think it's better if I don't go to work. Is there an emergency at your company?"

"Yes, I need your help."

"What can I do for you?"

"The company's finance director took a bribe and is still under investigation. I know the finance director of Hunter Group. It should just be a misunderstanding, but the surveillance has caught everything and there are witnesses. I have to investigate this. But the finance department has been very busy lately. Hunter Group will need a lot of money when the contract with MJ is signed. I lack an assistant I can trust. You are a finance student, so you should be familiar with the accounts."

"Really? How can this happen?"

Leon hugged Alyssa and didn't let go. He whispered a soft "um" behind Alyssa's ear.

Alyssa couldn't see Leon's expression, but Leon's words sounded quite sincere.

Leon had said so, and it would be unreasonable for her not to say yes.

With the Hunter Group's finance director's absence, a lot of responsibility would fall on Leon. In that case, Leon would be too busy to spend time with her!

When she thought about it, Alyssa was very reluctant. She immediately agreed to go to the office with Leon and help him with the finance department for the time being.

For the next few days, Alyssa was at Hunter Group's finance department, in addition to going to school.

But when she arrived at the finance department, she realized that it was not as messy as Leon had said. Moreover, the accounts were very clear. There were no messy accounts, let alone wrong accounts.

She spent the whole day at Hunter Group just reading books.

Such a state suddenly reminded her of the state she was in when she was studying.

Alyssa hadn't figured it out at first.

Now, she finally understood.

Leon brought her to Hunter Group on purpose.

That way, it would be convenient for them to meet.

Thinking of this, Alyssa didn't care about Leon's previous deception to her.

He only lied to her because he wanted to see her more.

That day, there was a meeting at the end of the day at Hunter Group. Alyssa had to attend this meeting.

When she entered the meeting room, she was seated next to Leon.

Leon was fast in conducting the meeting. Alyssa was still in good spirits when she heard Leon speak.

When the others were talking, she lost her energy and became sleepy.

Leon noticed her tired look and cut the meeting short.

When the meeting was over, he saw Alyssa running out in a hurry.

Leon rushed to follow her, only to hear the low sound of vomiting coming from the bathroom.

When he approached the bathroom, Alyssa had already come out. She happened to see the Hunter Group executives walking past Leon. So, she held back the discomfort and approached Leon with a smile on her face and greeted them.

Alyssa didn't look weak at all now. She dealt with people very well, gentle and polite.

Only after the others had left did Alyssa come into Leon's arms and pound Leon's chest with her small hands. She furrowed her brow in dissatisfaction, "I feel bad. I just threw up."

Alyssa was now a completely different person than the one who just smiled at others. She looked weak at this point.

Her eyes seemed to be a little red.

Looking at Alyssa's face, Leon moved closer to her and said softly, "Are you still uncomfortable?"

"Um." Alyssa was even more aggrieved when she heard this. She just felt terrible.

"Then let's go to the hospital?"

"No, I want you to coax me. I'll feel better if you coax me."

Alyssa leaned into Leon's arms.

Leon hugged Alyssa with a soft face.

Alyssa was in Leon's arms, but her eyes were looking at the distant office area.

She saw that the lights in the office area were out and knew that the employees had left. Then, she looked up at Leon unhappily, "You have to have a meeting at this time. Even if you don't rest, others have to rest! Look, your baby is upset ... I still feel sick in my stomach ... I want to throw up."

She did still feel a little sick, but not as much as she said.

When Leon heard Alyssa's words, he hurriedly admitted his mistake, "It's all my fault!"

As long as Alyssa wasn't angry, it was all his fault.

Hearing Leon's words, Alyssa couldn't help but laugh. She felt that she had just gone too far. So, she looked up at Leon, "Forget it, I forgive you!"

Leon nodded.

It was good that she forgave him.

"There's something else I'd like to ask you alone. Can you hold on a little longer?" Leon hugged Alyssa. He sounded very formal.

"About the company?"

"Yes, it's about the finance department. You've been in the finance department for a few days. I want to know the situation in the finance department."

"Okay."

As soon as she heard Leon say he wanted to know about the finance department, Alyssa immediately perked up.

To be continued
