

Chapter 1761-This was what Anthony most feared.

He knew this would happen regardless, even as he pretended as if it did not affect him.

It was true; he would only hurt Charmine.

Something like that happening once or twice would be their blessing.

However, if his illness ended up hurting her someday...

Anthony felt tortured just thinking of this possibility.

Waverly saw the shift in his eyes and felt gratified.

"You should leave Charmine if you truly want the best for her, Anthony Bailey!"

scoffed Waverly. "Loving someone is to provide her with happiness, not harm!"

When Anthony heard this, his expression grew solemn.

However, just as his anxiety loomed over him, two childlike voices were heard.

"Daddy!" "Uncle Anthony!"

Anthony snapped out of his thoughts and looked over to see Chris holding Chloe's hands, running toward him.

He frowned. Why were they here?

Both children ran up to him amid his confusion.

Chris stood before Anthony, seemingly defending him as his expression contorted fiercely. He glared at Waverly like a young cat, irritated. "Bad woman!"

Go away! Don't put on your act here!"

Scolded by a child, Waverly's face turned pale.

She clenched her fists and scoffed, "I'm helping your father!" "Haha!" Chloe laughed. "Thank you for your kindness, but we don't need your help!"

Chloe then ignored Waverly's presence and turned to Anthony, declaring," Uncle Anthony, don't worry about your amnesia. I brought you new medication."

Anthony's eyes glimmered with hope. "New medication, you say? Have you gotten a breakthrough, Chloe?" "Yes!" chirped Chloe. "Uncle Anthony, drink this for seven days. With Auntie Charmine's needles, you'll be completely cured!"

Anthony frowned. "Is that so?"

The poison extracted from the cobra did not work. How would this work?

"Go ahead and drink it, Uncle Anthony," urged Chloe. "I've figured out what the problem was last night, and this one's for real!"

The fresh-faced Chloe looked confident yet serious altogether.

Gazing at her and thinking of what Chloe was capable of, Anthony nodded and drank up.

A spiteful grin spread across Waverly's face. "Anthony, since when have you become so silly? You actually listen to a kid now?"

Anthony glanced at her coldly and blanked her.

"You're the ignorant one here!" scoffed Chris. "Chloe is the internationally renowned genius doctor, Cabbage!"

Cabbage?

Waverly's face turned pale, so pale that she seemed whiter than snow.

Cabbage's skills were more profound than Dr. Jennie's!

Did... Did Chloe truly have a breakthrough, then?

Waverly glared at Chloe incredulously. "How could it be? How can Cabbage be so young?!"

Chloe looked at her coldly and sported a polite yet sarcastic smirk. "Oh, you don't have to believe me, Auntie!"

With that said, she turned to look at Anthony. "Uncle Anthony, let's go back and look for Auntie Charmine."

"Okay." Anthony bent down to pick her up and left, much to Chris' bewilderment.

'Daddy, you're leaving me behind just like this?' He chased after them quickly and grabbed onto Anthony's big hand.

With that, the three left blissfully.

Waverly, meanwhile, remained transfixed on the spot. She could only watch as they left, unable to believe what just happened.

Anthony's illness had a cure? Would he fully recover, then?

Chapter 1762-Waverly wanted to laugh at this, wanting to think of this as a joke, but the things she saw stated otherwise.

This was legit!

She knew someone was secretly treating Anthony, but she did not expect her to be a young child!

Her, Waverly, was defeated by a child?

Heh.

Anthony and Charmine had ruined her life, and she could not accept them being happy. Even if she had to die, she would still make sure that they were not happy!

Waverly had a deadly look in her eyes as she clenched her fists. Seemingly plotting something, she began to walk.

After just a few steps, however, a few police officers emerged and obstructed her path. "Waverly D'Cruz? Bring her away!"

The two police officers instantly brought out a pair of handcuffs before Waverly.

Waverly frowned at them. "What are you all doing? Are you trying to detain me?"

What's your proof, and what for?"

The leading officer showed his identity card and said coldly, "Someone reported you for damaging other's car, and you're suspected of intentional murder! Speak when you're at the police station! Bring her away!" 2 Waverly panicked.

Damaging someone's car? Did Anthony realize something?

She tried to keep calm, however. "This is a misunderstanding! I'm the heiress of the D'Cruz family of Kansas! Why would I do such a thing? Who reported me?"

Do they have valid proof? If you're capturing me without proof, you're abusing your power, and I can sue you for that!" she spoke, sounding high and mighty.

The officers hesitated for a moment due to her prominence.

Suddenly, a clear voice was heard coming from the side, "Who said there's no proof?"

With the voice's reveal, Charmine showed up from not far away. Behind her was another woman, head lowered and visibly intimidated.

Upon first seeing Charmine, Waverly's gaze grew conflicted, but upon noticing the woman behind Charmine, her pupils dilated in panic and shock.

Drats! Why was this woman here?!

Charmine glared at Waverly and said to the officers, "This woman is our witness. She has proof that Waverly is, in fact, suspected of murder!"

With that said, she turned to look at the woman.

The woman walked forward and said to the officers, "Waverly wanted me to cut off the oil pump of Mr. Bailey's car. This caused his brake to malfunction, resulting in the car plunging into the sea." "You're lying!" Waverly wanted to tear out her mouth, but she forced out her calm facade, still. "Your words don't mean anything! You both...joined forces to falsely accuse me!"

The woman seemed to be prepared, however. She took out her phone and played a recording...

A recording of them both talking, of course.

"Cut his oil pump for me!" This was obviously Waverly's voice.

Waverly's face was pale, and her pupils dilated.

She deleted every recording of her phone call! How did this happen?

No! She forgot that Charmine owned a cell-service company!

Still, this recording meant nothing without the witness!

Waverly glared at the woman. "What did Charmine offer you? How could you betray me like this?"

The woman thought of Charmine and lowered her head, terrified. She dared not answer.

Charmine, meanwhile, looked Waverly right in the eyes, her red, stunning lips curving into a smirk. "Has Ms. Waverly forgotten about my needles?"

Waverly instantly recalled what happened before, back when Charmine forced the needles into her and made her suffer so badly in the past.

A nightmare, that needle was. One would do anything to avoid it!

Waverly bit her lip and looked unwillingly defeated!

D*mn this woman! She played dirty again!

When the officers saw the look in Waverly's eyes, they knew the truth.

Warning: My Mommy Is A Savage By Seeking A Peaceful Chapter 1763-The officers professionally locked her hands behind her back. With a loud click, the cold handcuffs were secured at her wrists.

Waverly could feel a chill stretching from her wrists to her heart.

She looked up coldly and glared at Charmine. "Just you wait, Charmine! I won't let you off!"

Charmine's smirk never left her face. "You can continue running your mouth after you leave prison." With that said, she turned away arrogantly as the officers locked the two suspects-Waverly and the woman-into their car.

Waverly glared at Charmine's figure as the car drove away.

To hell with that b*tch Charmine Jordan. Once she came back out from the prison, she would kill her! 2 She would do anything to ensure that Charmine and Anthony pay for the pain they caused her! 1 Charmine went back to the room Anthony had booked for them. When she opened the door, she saw Anthony's tall figure standing with his hands behind his back in the front yard. It was as if he was waiting for her.

His handsome face looked very gentle as he gazed at her, and he then began, "I have good news for you, sweetheart."

Charmine frowned. "What good news?" "Take a guess," said Anthony mysteriously.

Charmine grew more suspicious. What good news could there be?

She thought for a moment and could not think of one, relenting, "I can't guess.

Tell me."

Anthony fixed his eyes on Charmine's sexy lips, his own curving into a playful smirk. "Kiss me for ten seconds."

Charmine pursed her lips, wanting to decline when Anthony added, "It's big news. What? You're too scared to kiss your husband?"

Charmine was speechless.

Even though she knew he said this to trigger her, she would not put up with his arrogance.

"I will kiss you!"

She marched forward and stood on her toes to seize his lips.

Upon contact, Anthony's arms went around her waist and pulled her closer to deepen the kiss.

Charmine struggled to breathe after their kiss, and her face was flushed red.

She gasped for air before she asked, "Can you tell me now?"

Anthony's complexion remained as usual, not once flushing red as he remained elegant.

He looked at her with his lips gradually curled up. "My amnesia can be fully cured, darling."

Charmine halted and gaped at him in disbelief. "What? Fully cured?" "That's right," said Anthony. "Chloe and Chris brought me the new medication. I've tried it, and the result isn't bad at all."

Charmine was excited. There was finally good news after two days!

Seeing that she was happy, Anthony was very pleased.

He held onto Charmine's hands and said, "Come, let's go inside. Chloe has more to say." "Okay." Charmine's beautiful lips curved into a smile as she interlocked her fingers with his.

When they entered the room, Chris instantly turned and ran toward Charmine.

"Mommy!"

He hugged Charmine tightly to share the news. "Mommy, Daddy's illness can be cured!" "Yeah." Charmine ruffled his head. "I know."

Chloe stood by the side with a smile, adorable dimples emerging on her pinkish face as she said adorably, "Auntie Charmine, this medication is effective. It can override the amnesia cells in Uncle Anthony's head."

However, since the medication is too strong and Uncle Anthony's head has been wounded for too long, we need to incorporate your Ultimate Seventy Two Needles treatment."

"Okay. Thank you, Chloe. I'll try it now," replied Charmine as she helped Anthony walk toward the sofa.

Anthony then sat down.

Chloe followed behind them and made some preparations.

Only Chris was left in the corner, left on his own.

Hmph! He had to learn medicine from Chloe to make them like him more!

Warning: My Mommy Is A Savage By Seeking A Peaceful Chapter 1764-Anthony laid on the sofa. Charmine then took out her pack of needles and carefully pricked them into Anthony's head professionally.

She put in one needle after another, and as she pricked the last needle into Anthony, every needle quivered.

Anthony's eyes shut, and he fell asleep.

The vibration implied that the needles were working their wonder to Anthony's head.

Charmine kept a close eye on Anthony at the side. After ensuring that everything was alright, she turned to Chloe and asked, "Dear, how did you find the new breakthrough? Wasn't the ME substance ineffective?"

Chloe widened her eyes and said adorably, "ME substance is always effective, but it didn't work before because the snakes were cruelly treated after they were caught. They grew agitated at this, so the ME substance in them somehow morphed its structure. This time, I made sure the snakes allowed me to extract their blood with needles. I didn't harm them, so they weren't angry. Therefore, the ME substance works!"

Only then did everything click for Charmine.

That was it!

People would often say that humans and nature should live in harmony, and in this scenario, this held true.

She looked at Chloe thankfully. 'Thank you for your help, my dear.¹' The intelligent Chloe had saved her future with Anthony!

Chloe blushed and said, "You're welcome, Auntie Charmine. I'm good friends with Chris, and you and Uncle Anthony are his parents. I should be doing this."

Charmine did not push on the matter after that; she was never one to flatter people.

She ruffled Chloe's head and said, "Okay, I'll buy some snacks for your snakes.

You'll help me bring it to them." "Alright!" Chloe nodded adorably.

Half an hour later, Anthony finally woke up.

When he opened his eyes, he instantly felt that his head had stopped hurting.

Before this, his head would always hurt whenever he woke up, and the discomfort would linger.

Realizing that Anthony had woken up, she softly asked, "How are you feeling?

Do you feel better?" "Yeah."

Anthony got up from the sofa and massaged his temples. He could feel that his head felt more at ease already.

"Don't worry, my dear. I'm not in any pain anymore," he affirmed.

Charmine was reassured.

She was still worried that their efforts were for naught.

"Hehe! This is great!" Chloe was elated. "Uncle Anthony is recovering! He'll be completely cured in no time!"

Anthony looked at Chloe gently. "Thank you." "It's nothing," beamed Chloe. "I'm happy that Uncle Anthony and Auntie Charmine are happy!"

Meanwhile, Chris watched as Charmine, Anthony, and Chloe exchanged warm glances while he sat by the side, leaning on one hand.

Although he was upset, all that mattered was that his Daddy could recover and be with his Mommy happily.

Nial was just as excited upon hearing the new revelation. He brought reputable, powerful doctors with him to Mount Village.

They examined Anthony at the clinic in the village and found out that his TD cells were reducing.

He was almost fully recovered!

Nial was astounded at the data they had gathered, and he turned to look at Anthony. "Bro, who's so intelligent to have cured this illness?"

Anthony glanced at him and said, "Cabbage." "Argh!" Nial cried out as though electrocuted, though it was one of sheer joy.

Warning: My Mommy Is A Savage By Seeking A Peaceful Chapter 1765-'You mean...my goddess, the genius doctor, Cabbage?"

He had always been a huge fan of Dr. Cabbage. He was in awe of her unique healing technique.

He even went abroad to look for her, but she was so elusive of a figure that he failed to find her.

All that, and his brother got to talk to her?!

"Bro," he spoke, tone pleasant and buttery, "are you close with Cabbage?"

Anthony's thin lips curled up. "Very."

This exhilarated Nial even more. "Bro, can you bring me to meet my goddess?"

Thinking of something, Anthony answered, straight-faced, "Sure." "You're the best, Bro!" Nial was over the moon as he gleefully chirped, "You're my best bro!" "I have one condition, though," added Anthony straightforwardly.

Nial's excitement visibly froze, and his lips twitched. "I knew it!"

He stared at Anthony and said, "What is it, then?"

Anthony said, "Go to the southern side and soften the soil for about ten kilometers." "What?" blurted Nial. "Bro, what's it for?"

Anthony glanced at him. "Don't ask too many questions. I won't insist if you don't want to." "Of course I want to! However, if it's a ten-kilometer radius, you can hire some workers to do that. You don't need me to do it, right?"

Anthony looked into his eyes. "I don't trust others."

Nial was speechless.

He knew he had been played.

Seeing that Nial did not speak, Anthony turned to leave, but Nial quickly grabbed his arm and hastily said, "Alright, alright, I'll do it."

A ten-kilometer radius was nothing at the thought of meeting his goddess!

Anthony had a half-smile on his face as he said, "Since you're so sincere, I'll take you to her once you've completed your end of the bargain." "Okay!" Nial smiled like a fool. 'Thank you, Bro!' 'You're welcome. Come find me at the bamboo house when you're done.'

With that, Anthony left.

As for Nial...

Thinking of how he could finally meet the goddess he had long admired, he felt his adrenaline kicking in. i He was instantly full of energy and went ahead to the southern side.

As he got out of his car, he saw the endless patch of land and felt tired before even starting.

However, thinking of how he could finally meet his goddess Cabbage, he felt rejuvenated instantly.

He drove the ripper machine to loosen the soil under the sun. His face was filled with dust as he worked on it.

He worked from afternoon to evening, not once taking breaks in between.

The number of mosquitoes increased in the evening, causing Nial to get bitten all over.

Nial wanted to stop working, but thinking of how only a tenth of the entire land was completed, he hesitated against it.

At this rate, it would take years before he could see his goddess!

He gritted his teeth and reignited the ripper machine to resume his work. Not once did he stop, even as it got pitch-dark.

Nial came off the machine, his skin burnt by the sun. His fair skin was covered in dust and turned a few shades darker.

This was his first time working in harsh labor. He felt half dead and did not have the energy to walk.

The mere thought of his goddess, however, injected him with strength.

He had worked out 'so much' today and put in lots of effort.

If he begged his brother, he might be able to meet Cabbage, would he not?

Thinking of this, Nial was excited. He quickly went inside his car and drove to the hotel outside the village.

He took a bath and put on an elegant suit. He styled his hair and regained his 'wealthy-heir' outlook.

Nial looked at himself before the mirror with satisfaction. He put on sunglasses and drove to the bamboo house.

On the way there, he called Anthony, unable to refrain himself. "Bro, I've worked so hard today, and I put in so much effort. Even though I haven't finished, I've done quite a lot! Please, let me meet my goddess! I'll be motivated to finish the rest of my tasks if I do. Don't worry; I promise you I'll finish it on my own!"

Warning: My Mommy Is A Savage By Seeking A Peaceful Chapter 1766-To his dismay, all he heard was Anthony's cold reply, "I don't break my rules here." "But I've overworked myself!" whined Nial, pleading. "My skin is burnt, and I'm all tucked out! If you don't say yes, I'll quit! I'll try and contact Cabbage on my own!"

Anthony squinted. "Are you rebelling against me?"

Nial cried, "I've worked all afternoon, with all I am! What if Cabbage leaves when I finally finish working?"

Since Anthony was fooling with Nial anyway, he relented, "If you want to meet her that badly, come over." "Oh, you're the best, Bro! This is amazing! I'll come right away!"

Nial's heart raced at the thought of finally meeting his goddess. He rushed toward the bamboo house and pushed open the door, spotting Charmine arranging the flowers in the front yard.

She was dressed in her long sundress as she elegantly stood before the plants.

Her hair cascaded down her shoulders; she looked alluring and beautiful.

Two children surrounded her, merrily playing with one another.

The ambiance was filled with fondness.

Hearing footsteps, Charmine turned around and saw Nial. She frowned. "Nial?

What brings you here?" "I'm here for Anthony, Charmine," answered Nial.

"Where is he?" "He's in his study," replied Charmine.

All of a sudden, Anthony walked out from the front yard.

Anthony raised his brows at the sight of Nial's outfit. He walked toward Charmine, hugging her as he stated, albeit with a straight face. "Nial wants to meet his goddess, Cabbage, my dear." "That's right!" chirped Nial excitedly.

"Where is my goddess, Charmine? Is she resting inside?"

Charmine was flabbergasted.

It seemed that Anthony felt like raring to go already. He was in the mood to prank Nial! 1 Chris and Chloe exchanged glances as they grinned at Nial's statement.

Charmine looked at Chloe and said, "Your goddess is here." "Where?" Nial looked around, not spotting the long-awaited sexy, bold, and beautiful goddess like Charmine.

He looked at Charmine suspiciously. Finally, he realized that everyone's eyes were fixed on the adorable little girl.

Nial was stunned as he gazed at the girl.

Meeting his gaze, Chloe grinned as she greeted him sweetly, "Hello, nice to meet you. I'm Cabbage."

Staring at the adorable girl before him, Nial was rooted where he stood. It was as if he was hit by lightning. 2 He stared at Chloe in disbelief, and he took a while to find his voice. "Hello, dear. A-Are you truly Cabbage?" "That's right," answered Chloe adorably, "and as good as the real one!"

Nial looked at her and found it hard to accept.

The genius doctor well-known all over the world, the genius doctor Cabbage who saved countless people from death's door...was this young little girl right in front of him?!

He looked at Anthony incredulously. "You gotta be kidding me, Bro! Is it because I haven't finished my task, and that's why you're not showing me Cabbage?"

Anthony said, "Do I look like I'm in a gaming mood?"

Nial was speechless.

No, Anthony did not sound like he was joking.

Still, how could this little girl be the world-renowned Cabbage?

Chris said with a grin, "Uncle Nial, Chloe is Cabbage. Daddy isn't lying. Chloe is naturally sensitive to medicine, and that's why she's so clever. Don't doubt her. I saw her taming the snakes and extracting the ME substance from their bodies."

"Uncle, I truly am Cabbage," Chloe chimed in sincerely. "Do you need anything?" When Nial saw the sincere look in Chloe's eyes, he finally believed this absurd truth.

Instantly he felt his heart plunging from heaven to hell.

The sexy, intelligent goddess he held dear...was this little girl?!

Warning: My Mommy Is A Savage By Seeking A Peaceful Chapter 1767-Nial's dream had vanished, and his goddess was gone.

Nial's head whipped toward Anthony. "Bro, you tricked me on purpose, didn't you?!"

If he knew that Cabbage was a little girl, why did he not tell him earlier? Why did he give him false hope and anticipation?!

"I did introduce you to Cabbage," deadpanned Anthony.

"Uncle Anthony didn't lie to you," added Chloe adorably. "What's wrong, Uncle?"

How else would you like me to prove it?"

Nial was speechless.

He was crying without tears.

Looking at the adorable little girl before him, Nial quickly shook his head.

No need. You don't need to prove it."

If she had to prove it, he might as well be dead.

He felt the whole world crashing down on him as he recalled he still had to loosen the soil.

He stood up and said to Anthony, "In this case, you better hire others to loosen up the soil for you tomorrow, Bro. I don't have any energy left."

Anthony's gaze grew steely. "You need to keep your word. If you change your mind, I'll make you go on dates."

He had a thought and said with a half-smile, "We can have our weddings on the same day. It'll be great!" "Argh! I don't want to get married!" Nial was so terrified that his body went limp. He panted, "It's great for you and Charmine, but not for me! Fine, I'll go! I'll go and loosen up the soil!"

Much to Anthony's pleasure, it was.

Charmine, on the other hand, grew suspicious upon hearing Anthony's words.

"What's going on?"

Anthony looked at her gently and said, "My darling wife, my condition has stabilized now. We can resume our wedding."

Charmine was caught off-guard at this. "Wedding?" "Yes." Anthony hugged her and continued, dignified, "I'll declare to the world that I want to marry you and have you as my wife. I want to give you the biggest wedding."

Charmine was moved.

Finally, the long-overdue wedding she had anticipated was finally happening!

However...

His illness was just getting better. Would it be too much of a rush to hold a wedding?

Seeing that she did not answer, Anthony held her hands tightly and said, "We didn't go public due to many reasons. I've wronged you, too. Now is the time. I want to marry you officially, and I want to introduce you to everyone. I want you to take care of Momo officially, to be seen in all public places. I hope, my dear, that you'll say yes."

Anthony's words were filled with formality and sincerity.

Charmine met his eyes and thought for a while before nodding. "Okay."

Anthony drove Charmine out of the village the next day.

There was a plot of land below the mountain. Looking ahead, other than a small patch of land that had been loosened, it seemed endlessly empty. There were no plants, but the view was stunning.

There was a mountain and stream by the side, and the clear water seemed to join with the sky. The mists that blanketed the surrounding looked conjoined to the clouds, too.

Anthony turned to instruct Nial emotionlessly, "Continue to loosen the earth here."

Nial was speechless.

Was he even his brother?!

Was he trying to wear him out and inherit his high intelligence?

Nial's lips parted, wanting to argue with Anthony before meeting that familiar, icy-cold stare.

Nial's heart sank.

If he said anything to him, knowing Anthony, he would not only make him loosen all the earth here, he would even force him to have blind dates! He dared not offend him.

Warning: My Mommy Is A Savage By Seeking A Peaceful Chapter 1768-Charmine swept her gaze across the land before she turned to ask Anthony warily, "Anthony, why did you ask Nial to loosen the soil here?"

Anthony hugged her and looked at the spacious land, a romantic scenery already forming in his mind.

He hugged Charmine, smiling as he did. "It's a secret for now."

Charmine was speechless. "We're getting married, and you want to keep a secret from me?" "It's because we're getting married that I need to give you a surprise," responded Anthony dearly.

Charmine thought about it for a while before smiling stunningly. "Alright, then. I'll wait for the surprise."

Anthony proudly lifted Charmine's face by her chin and pecked her lips, promising, "I won't disappoint you, my darling."

No matter if it was the surprise or their future.

He would not allow Charmine to be disappointed.

Nial, on the other hand, remained silent and felt humiliated. He enviously turned his head away from Charmine and Anthony, clenching his fists as he did.

Hmph. He would find a girlfriend one day and spoil her!

He would be better than Anthony!

Within half an hour, a worker drove a ripper machine toward the field, and Anthony glanced at Nial. Nial had no other choice but to put on a safety helmet and got on the machine, albeit reluctantly so. He continued where he left off yesterday and worked under the sun.

Anthony, meanwhile, bent and grabbed a handful of soil and scrutinized it. A gleam of satisfaction flashed past his expression.

The soil was well-fertilized, capable of having many plants.

Anthony then turned toward the stream and washed his hands. He did not even bother telling Nial he was leaving before he left with Charmine.

Nial was speechless.

When the car vanished from sight, Nial turned off the vehicle and got down the machine angrily. He felt so hot that he took the water from the machine and poured it on his head.

Instantly, he felt more comfortable.

Looking at the empty land before his eyes, he felt tired.

He had to loosen the soil on his own? It would take a few days to complete, even if he did not stop to rest!

Yesterday, he was motivated by the thought of meeting Cabbage.

Nonetheless, he would lose his life at this rate!

An idea lit up his mind as he instantly made a phone call. "Hire ten workers to drive ten ripper machines to this place!"

Everything should go according to plan since he was supervising them, anyway.

It only took a while before ten ripper machines came into the field, to which Nial instructed authoritatively, "Loosen the soil before dark!" Instantly, the clear and quiet land vibrated.

That night, the entire land was perfectly loosened, transformed from its once dried, hardened state into softened, loosened land.

That same night, Anthony had people air-delivery millions of precious rose plants over, and he personally led the workers to plant them.

Over 100 of them planted the rose plants in orderly rows.

Anthony did the work with the workers, too, bending over to plant the roses in the middle of the night.

A third of the ground that was once gray took less than half an hour to be fully planted with rose plants.

The rose plants were 70 to 80-percent fully grown. They had flowers ready to bloom with some care.

It took merely a day for the spacious land to be filled with green sprouts.

The next day...

An article rushed up to the hot-search list.

Warning: My Mommy Is A Savage By Seeking A Peaceful Chapter 1769-The photos showed a massive land at the foot of a mountain, filled with blooming roses.

Clouds floated in the sky in the same photos. With the sun's rays, the white clouds and red roses made the scenery so surreal to the eyes.

Someone even pointed out that they had gone past the land two days ago, and it was barren then.

In other words, someone used two days to turn this wasted land into a rose garden!

Countless photographers went to the field to witness this firsthand.

They were greeted with the strong scent of roses after arriving at the southern side, even before they got to their destination.

They came face-to-face with a vast plot of land that spanned more than ten kilometers. Looking down, one could see a gigantic patch of well-bloomed beautiful roses!

Upon seeing how utterly magnificent the place was, everyone was arrested in surprise as their jaws dropped.

A group of people instantly took up their cameras and started taking photos.

Some reporters even live-streamed the area, reporting on it.

"Many people are aware that the southern side has been barren for a long time, but someone managed to turn it into a land of roses within two days! Who has such powers to do this? Stay tuned to my MV Channel-Annie will discover it with you."

The camera zoomed into the beautiful roses.

Instantly, the channel that barely had any views attracted tens of millions of viewers.

This literal bed of roses instantly became famous across Burlington!

At that moment...

As everyone was talking and rambling about the garden of roses, a luxury car pulled over. The door to the car opened, revealing a shiny leather shoe as someone stepped out.

Anthony got out of the car, his well-built body dressed in a fitted suit. He looked elegant and high-above.

He smiled faintly as he gazed at the blooming flowers.

Anthony went around the car and opened the door from the other side. He then reached out his hand.

Charmine was dressed in a beige white dress, and her fair skin looked even more delicate with it.

She held Anthony's hand from inside the car and outstretched one lean leg to get down from the car. As she did, Anthony placed his hand on the door frame to keep her head from ramming against it.

As Charmine got off, she swept her gaze across the entire land that seemed endlessly romantic.

She looked at Anthony in shock. "How did you do it?" This land was empty two days ago, but all of a sudden, rows and rows of beautiful romantic red roses were planted.

She did not see him coming home last night, and in just a day, he showcased the rose garden she had always wanted in front of her eyes. It was like magic.

Anthony cast her a loving gaze. "I've said it before, my dear; I'd give you a surprise."

Charmine was very touched.

This was the surprise Anthony was referring to, after all.

She gazed at Anthony, her eyes twinkling as a smile played on her lips. "I like it a lot."

He did not disappoint her.

Everything she had seen, apart from the land, showed just how much he loved and adored her.

Anthony held her hand and walked forward.

Among the crowd, a reporter spotted Anthony and instantly went up to him with a microphone. He asked, "President Bailey, did you hear about this sudden discovery of roses, and that's why you brought your girlfriend to admire it?"

Anthony looked at the reporter coldly, answering, "Of course not."

Amid everyone's confusion, Anthony parted his thin lips, saying, "I didn't just bring Charmine to admire the roses. I planted these for her."

He was elegant and powerful, yet his voice was injected with love.

Realization dawned on everyone in the vicinity, and they were all shocked yet excited simultaneously.

Anthony himself had prepared this land of roses for Charmine!

"Within two days, you managed to create such a romantic garden of roses!"

"President Bailey, you're too thoughtful!" "Can I please ask: Is there a special meaning for you to have planted this garden of roses for Ms. Jordan?"

When Anthony heard the final question, he turned to look at Charmine.

A luxury car pulled over outside a police station.

Max rushed out of the car and into the police station. Within ten minutes, Waverly was bailed out.

She seemed visibly worn out with her hair tousled, too. Her eyes looked tired, and she looked wrecked.

Max brought her into the car. Seeing her in such a state made his heart ache.

“Don’t worry, Waverly. I’ll take revenge on your behalf!”

Waverly looked up with a ferocious gaze, but as she was about to speak, she saw newspapers from the corner of her eyes.

The headline printed on it read, [Boss Bailey Burned A Large Sum To Create A Romantic Rose Garden For His Girlfriend, Charmine Jordan. The Two Are Getting Married!] Below the headline were photos of Anthony and Charmine, strutting like the king and queen at the rose garden.

They looked visibly enamored with one another.

Waverly picked up the newspapers and glared at the news in disbelief. “Is this true?”

Max hesitated for a moment before he relented and confessed, “Yes, Anthony found a cure for his illness. He has declared to the world that he’s getting married to Charmine. Don’t trouble yourself, Waverly! We’ll think of another way- “

Max’s words fell on deaf ears, however. Waverly balled her fair hands tightly into fists, her eyes burning and seething in jealousy as she did.
