

# Catch Me If You Love Me Chapter 177

Zoey Gu's heart trembled, she clenched her fists abruptly and stood up, staring at Logan Fu, suddenly raising the volume.

"Logan Fu, what are you talking nonsense? My father is only over fifty years old, and he..."

"He has run out of oil and the lamp is dead."

Logan Fu fixedly looked at Zoey Gu, and said seriously, "When my men found him, the doctor looked at his body for the first time."

"Before he was imprisoned by your stepmother, his body was emptied. In these years, he hasn't seen the sky all the time, mentally stressed, coupled with severe malnutrition, he really doesn't have many days.

"Even now, it is not suitable for long-distance travel and excessive mental stimulation."

"and so..."

Before Logan Fu had finished speaking, Zoey Gu suddenly squatted on the ground with her face covered in pain, sobbing in pain.

"Logan Fu, please stop talking. I know, I know..."

Berven City.

This is destined to be another sleepless night.

Liam Lu's eye sockets were deep and bloodshot, and the chin was full of new s\*um. He looked haggard.

In his left hand, he held the only mobile phone left by Zoey Gu.

On the screen, there was a photo of them huddling and kissing with their heads down on the day they received the certificate. Zoey Gu did not know when they were set to lock the screen.

The button was turned on and turned off, and Zoey Gu's flowery smile was all in front of him.

On the coffee table on the right, there is a blood test report and a personal identification certificate. The paper is yellowed and looks a bit old.

Liam Lu sat alone for a long time and watched for a long time, his eyes darkened, and he didn't know what he was thinking.

It wasn't until Alina Yin's room upstairs heard the door close that he took his phone and leaned against the sofa, squinting at the woman coming down the stairs.

It was the woman who came to the door several times and claimed to be Alina Yin's biological mother.

Du Lanfu.

Seeing her coming, Liam Lu raised his hand and threw the paternity test report to her, and spoke coldly.

"Let's talk about it, what is the purpose of finding the door after so many years?"

Before Du Lanfu spoke, her eyes were red. .

"Mr. Lu, I know you don't welcome me."

As she said, her voice suddenly became a little bit of crying.

"If it weren't for the bankruptcy of the Du family, and your people just found me to provide you with virgin blood, I wouldn't have given birth to Alina Yin."

"Later, Miss Yun gave you blood, and without my use of martial arts, I always thought that we had nothing to do with it. I did not expect that I had Alina Yin. When the old lady sent someone to take Alina Yin away, I am really reluctant."

Speaking of emotions, Du Lanfu fixedly looked at Liam Lu, a gleam of water flashed under her eyes.

"Mr. Lu, you are my only man, and Alina Yin is also my only child. The reason why I suddenly came here is because my days are running out. I want to take a good look at you."

Zoey Gu stayed in this small village near the sea.

In addition to taking care of his father's food and daily life, and feeding him medicine on time every day, I just ran outside again and again to watch a few elderly maintenance workers restore the communication facilities in the village.

When she couldn't help it, she would always ask over and over again without hesitation.

"When will the communication facilities be restored?"

The answers are the same.

"Alright, almost!"

She found her father happier than anyone else.

But breaking all contact with Liam Lu made her restless. Zoey was influenced by Logan Fu's words, and she even had a nightmare.

Dreaming that Liam Lu gave up looking for her, and went into the marriage hall with other women hand in hand.

“what...”
