

Catch Me If You Love Me Chapter 178

Zoey Gu was awakened instantly, with a scream, and sat up directly from the bed.

Hearing the voice, Gu's father hurriedly opened the door and looked at her worriedly.

"Zoey, what's wrong with you?"

Only then did Zoey Gu feel a nightmare, he sighed, raised his hand and wiped his face vigorously, and laughed slightly.

"Dad, I'm fine, I'm dreaming."

Father Gu was relieved.

After walking a few steps out of the door, I don't know what to think of, and then suddenly turned back.

"Oh, yes, the boat for the boy of Achen is here. Would you like to go and see, is there anything you need?"

Zoey Gu was taken aback for a moment, "Ship?"

All the communication equipment here has been damaged, and the only thing that can communicate with the outside world is probably the ships that go and go.

Realizing this fact, Zoey Gu became excited and hurriedly asked his father.

"How long will the communication equipment be restored?"

"This is not necessarily true. The last typhoon took two months to recover."

"What about the ship?"

"The boat time is a bit shorter, but it takes at least half a month to miss it once."

Before Gu's father had finished speaking, Zoey Gu instantly jumped up from the bed, put on her shoes and ran out like a gust of wind.

"Dad, I'll go out and be back soon!"

Today, the ship docking is the only opportunity for her to get in touch with Liam Lu!

...

Zoey Gu rushed out, and from afar, she saw a ship specializing in transporting goods leaning on the shore, and several of his men were constantly moving things to Logan Fu's house.

It seems that he is planning to live here for a while.

Zoey Gu did not dare to delay, and hurriedly walked into the yard. At a glance, he saw Logan Fu sitting at the stone table slowly drinking tea.

Seeing her coming, he poured her a cup casually.

"Why, came to thank you specially?"

After speaking, he laughed, "I have the money, but I don't need to thank you. Why don't you think about it and be my wife?"

Zoey Gu frowned and couldn't help rolling her eyes at the man helplessly.

"Logan Fu, can you stop making trouble?"

She turned sideways, raised her finger to the boat docked on the shore, and asked carefully.

"Are they from Berven City? If so, can you ask them to help me..."

Zoey didn't finish speaking, Logan Fu suddenly looked cold and took her words strangely.

"What can I do for you? Bring you back to Liam Lu, or bring news for Liam Lu to come and find you. Let you stay and live together and fly with each other?"

Zoey Gu was taken aback, and subconsciously turned her head to look at Logan Fu.

Even he suddenly got cold face, raised his hand and put the tea cup in his hand heavily on the stone table.

"If I say, I don't want it?"

"Or should I ask, in what capacity did you let me do this?"

Zoey Gu's face changed, and she looked at him puzzledly, "What's wrong with you?"

"Aren't we friends? This is a simple matter for you. Besides, I won't lose a single point for the salary that should be paid to you..."

In the next second, Logan Fu suddenly got up and stood up, and forced him aggressively towards Zoey Gu.

“I have a lot of friends, and I don’t lack money. If I said, I fell in love with you early on, do I want you as a person?”

Zoey resolutely looked at the man’s increasingly cold and serious look, “cocked” in her heart, and stretched out her hand to push him.

However, the man clasped his hands and pressed directly against the wall behind him!

Logan Fu locked her face tightly, raised his finger to the mess outside, and simply spread it out.

“Little girl, let me tell you the truth. There is no typhoon here at all. I destroyed the communication facilities. I bought all the ships trying to dock.”

“The only purpose is to trap you here.”

“If you want to go out, you can. Sleep with your benefactor, or be my woman. Choose one of the two?”
