## Chapter 1792

Pan Haoyang looked back at Qiu Cunxin: "What can I do?"

Qiu Cunxin whispered against Pan Haoyang's ear with a wicked smile.

Pan Haoyang became furious after hearing this, he suddenly overturned Qiu Cunxin, then pressed her to the ground, lifted his foot and stomped on Qiu Cunxin's chest. Qiu Cun's heart couldn't stop being stepped on: "cough...cough..."

"Woman, listen to me!"

Pan Haoyang angrily said: "Don't think I don't know what you think! Do you want to kill Suzi in one fell swoop? I tell you, don't think about killing Suzi in one fell swoop! From now on, if Suzi is in any danger at all , I will cut you alive piece by piece!"

"My abuse and punishment to you, you can't be, haven't you tasted it yet?"

Hearing what Pan Haoyang said, Qiu Cun's heart suddenly shuddered.

The process in which she was forced to flow.

The process in which she was forced to remove her uterus.

Up to now, she was vividly remembered, and shuddered when she thought about it.

But what made her even more angry and jealous was Pan Haoyang's love for Suzi.

Deterrence?

That woman disturbed the entire high society of Nancheng, and she also kidnapped her fiancé!

How could she not hate it!

Hate to the bone marrow!

Qiu Cun held back the pain and shouted to Pan Haoyang with a smile: "No, Fourth Master Pan, what do you think, who is Suzi? During the six years she was fleeing, she fell off the hillside and was arrested again. People chased and killed many times, and the whole thing was a walk in hell, but she still gave birth to Shen Weiyi."

"It shows that she is a woman of strong will."

"Don't you like her so much because of her strong willpower?"

"A woman with strong will, even the child in her stomach will not be easily destroyed, don't worry."

"Besides, I am a woman from a family of traditional Chinese medicine. I can find the best doctor and the best equipment for her. Even if she suffers a little irritation, I will keep her safe."

Pan Haoyang couldn't help but ask, "Why do you want to help me like this?"

Qiu Cunxin immediately said viciously: "Two reasons! First, because if something goes wrong with Suzi, you, Pan Haoyang, will definitely kill me alive, I believe! I'm afraid! Second, I hate Suzi! I know that Suzi is very I love Arron, I just want to break them up!"

"I want Suzi to never come back to Nancheng!"

"Are these two reasons sufficient?"

Pan Haoyang smiled.

Then, his feet were also taken down: “Very enough! I believe in you! Get up!”

Only then did Qiu Cunxin endure the pain.

Pan Haoyang squeezed her chin and said to her, “I don’t have a uterus, I just want to give Jun Jingyu a price!”

“This matter, brother help you!”

Qiu Cunxin: “you...you won’t abuse me anymore?”

Pan Haoyang: “You are so sincere to me, why would I still abuse you!”

“Brother will show you a clear path. Although you can’t have children, Dalia just gave birth to a child, do you understand?”

Qiu Cunxin: “Understood! I understand! I understand very well!”

After a pause, she vowed viciously: “Dalia! I will definitely take back everything I lost! Jun Jingyu can only be mine! Mine!”

As soon as she turned around, she said to Pan Haoyang, “We can start to act.”

“Okay!” Pan Haoyang smiled with satisfaction.

No one knew about these two conspiracies in secret corners.

At this moment, Suzi was holding Shen Weiyi in both hands, staring at the other side’s frightened child in a stunned manner.

and a group of parents of children.

Those parents were probably parents, aunts, uncles, and the like. At first, they all seemed very arrogant. When the little boy touched his sole head, the parents laughed and praised their children.

More money for your own children.

## Chapter 1793

When he is only seven or eight years old, he will flirt with his sister.

But he never thought that he had only boasted half of his words, and he was frightened by Christopher's series of actions on the spot.

Christopher said to the other group of people extremely coldly: "No matter how young the children are, please take care of your children! Don't be turned into ashes in seconds before the bones grow strong!"

Words must be said, a pendant on the car key in his hand, in front of so many people, was easily crushed into a pile of powder by him.

With the powder sprinkled in the air, those people were not only stunned.

My heart was so frightened that it was about to jump out.

After Christopher said these words, he respectfully said to Suzi and Shen Weiwei: "Madam, little princess, shall we go in?"

"Okay." Suzi with a pregnant belly said gently.

Shen Weiyi, who was holding his head by Suzi, turned around and winked at the little boy who was already scared to pee: "Hey! How did I know that my uncle Christopher would move so fast? Originally, I wanted to knock out your two front teeth. of."

"You know, your front teeth are so ugly and yellow."

"Little fool, how many days have you not brushed your teeth?"

The other boy: "..."

At this moment, no less than a dozen men in strong suits poured out from Dalia's ward. Their colleagues surrounded Suzi, Shen Wei, and Christopher.

Then they said respectfully: "Madam! Miss, Assistant Yan! What happened, I blame my subordinates for seeing it late."

Suzi shook his head: "It's alright, you all retire, and the main thing is to protect Mrs. Jun."

"Yes, ma'am!" said the leader.

Those behind: "..."

Just now they were just frightened, they just couldn't figure out that there are such masters hidden in the metropolis in this world.

It was only at this moment that they really realized that they had met someone they could not afford today.

One of the people behind him suddenly spoke up: "Xiaoqiang! You'll be honest with me in the future! You're only so big, you've been flirting with girls all day long! You've been spoiled by your mother! I'll do this in the future, I don't know how he died!"

The child named Xiaomao had already urinated in fright.

Hearing his father reprimanding him this time, he immediately held back his tears and nodded desperately.

However, several of his aunts and uncles did not agree.

The uncle shouted the most fiercely: "Zheng Tiansheng! What are you talking about! What the hell are you spoiled, why don't you say that you are spoiled! If your son doesn't study well, what matters to his mother is obviously your father-in-law. It's not right and the beam is crooked!"

"Wang Daping! Are you courting death!"

"Zheng Tiansheng, you are paralyzed and need to be beaten!"

"Wang Daping, you think your sister is my wife, so I dare not beat you!"

A group of people quarreled in the hospital hall.

Christopher, who had already walked to the door of the ward following Suzi and Shen Weiyi, stopped abruptly. As soon as he turned around and flicked his hand, he threw out a bunch of things that looked like

keys and pinned it straight at the man named Zheng. Natural hair is slightly up.

Zheng Tiansheng: "..."

Pan Haoyang was stunned by the high magnification lens.

He knew that Christopher by Arron's side was one to one hundred, but he had never seen it before, so he thought it was an exaggeration.

However, this time, Pan Haoyang really saw Christopher's kung fu.

He took a deep breath.

And here, Christopher has also come to the front of Zheng Daqiang. He raised his hand and took the key and ordered these people: "This is a hospital! There are patients everywhere! How can you tolerate it? ? Educate the child to go home! Otherwise, the key will be stuck in your eyes next time!"

Zheng Daqiang: "Yes, yes, we... get out now."

This group of people ran away within a minute.

Christopher turned his head to look at Suzi: "Madam, I won't disturb Madam Jun now, you can go in."

Suzi nodded.

Then he entered the ward, and before he saw anyone, he shouted, "Sister Shan..."

## Chapter 1794

Dalia in the ward is breastfeeding her baby.

The colleague who breastfeeds the baby is also Jun Jingyu.

In the past few days, Jun Jingyu has not been out of this ward.

All day long, he is a super dad, changing diapers and clothes for children, Jun Jingyu is now a veteran.

At this moment, seeing that Dalia was in the wrong position for feeding the baby, Jun Jingyu also scolded Dalia: “You are quiet, you are holding the bottle too high, you will choke the baby.”

Dalia: “I know, his father!”

Jun Jingyu continued: “Also, if you mix milk powder for your child in the future, you must be at a moderate temperature. The skin temperature measured by your wrist is a little lower, and the child is drinking just fine.”

Dalia smiled again and said, “I know, you’re a mother!”

Jun Jingyu: “...”

His dignified Jun Jingyu, the most feared person in power in the entire Kyoto, turned out to be a troublemaker.

However, he was happy.

He felt that no matter how big the power was, he was not happy to be a father in this hospital.

Just as Jun Jingyu was immersed in happiness, teaching Dalia how to breastfeed her child, and then looking at Dalia and her son happily, Suzi came in.

Neither of them thought that Suzi, who had a pregnant belly, would come to the hospital to see her.

The sudden arrival of the guest made Dalia extremely happy. She immediately handed the child to Jun Jingyu. Jun Jingyu took it very skillfully, but Dalia hurriedly wanted to get off the bed, but was given by Shen Weiyi who ran in quickly. stopped.

“Aunt Shanshan, don’t get out of bed, Aunt Shanshan, don’t move.” The little girl was serious.

She ran to Dalia, carefully lifted her small hands to support Dalia, and slowly, little by little, helped Dalia to the hospital bed.

“Aunt Shanshan, when you gave birth to your brother, you used a lot of strength, you needed it very much, you lost a lot of blood, you are still very weak, don’t move, my mother will come over by herself, although my mother is pregnant. , but she is very powerful.” These are all things that my mother usually gives to Shen Weiyi.

My mother always said to Shen Weiyi: “Only, don’t look at the fact that mother is pregnant now. The more pregnant the mother is, the stronger she is.”

“Because mother has to protect two children in the future, mother must be strong!”

Shen Wei only remembered what his mother said.

Pregnant mothers are the strongest.

Hearing Shen Weiyi say this, Dalia’s eyes turned a little red.

Although the little girl’s words were endless, Dalia understood, she understood what Suzi told the child.

Suzi just wanted to tell the child that a mother can protect her child.

A mother can become infinitely powerful for her children.

Dalia was very pleased.

The mind is even more strongly encouraged.

She tilted her head and looked happily at the aura of pregnant woman who was walking into her step by step: "Suzi, you finally came to see me, you don't know, when I just gave birth, I thought I'm going to die, because I bleed a lot, I think I can see everyone else, but I must see you."

"Because if I really have three strengths and two weaknesses, the only person my child can trust is you."

"But as soon as I came out of the delivery room, I saw everyone I knew, but you were the only one I didn't see."

"At that time, my sense of security was a lot less instantly."

At this time, Suzi had come to Dalia, her smile was bright: "Yo, why am I so important?"

Dalia: "Of course!"

"Haha! You talk about your precious mother, you can't be lazy. Since the children have already been born to you, you must raise her. No one else can replace you as a biological mother."

"Especially me. I already have two. I haven't had enough yet. I have to give birth in the future. How can I take care of your child?"

## **Chapter 1795**

Dalia looked at Suzi with a smile: "You knife-mouthed tofu-hearted."

Suzi has come to Dalia, she looked at Dalia distressedly: "Sister Shan, you are so pale, your face has lost a circle."

Dalia nodded: "You sister Shan, I broke free from the god of death."

"Sister, you must live!" Suzi gritted his teeth and said.

Dalia also nodded: "Yes, elder sister must live!"

"Sister not only wants to live, but also lives strong. Sister wants to protect her children like you for a lifetime. Not only that, but I also want to defend my marriage." Yu Bi, Dalia looked at Jun Jing who was holding the child Yu.

Suzi also saw Jun Jingyu.

“Mr. Jun,” she called.

She didn’t expect that Mr. Jun took care of the little baby without any sense of disobedience.

He looks like a very good looking dad.

At this moment, he had just finished feeding the baby and was burping the baby.

Moreover, his posture and technique of burping are very standard, and within a few seconds, the little baby burped. Only then did Jun Jingyu put the child into the stroller with confidence.

After putting the child away, Jun Jingyu looked up at Suzi: “Suzi, do you think I’m more like a family man than your Arron now?”

Suzi nodded: “Well. Like, I really think, Mr. Jun, you have changed a lot.”

Jun Jingyu sighed: “Yes, I don’t have children. Before I found Ashan, I never understood why Shaoqin has changed so much in the past two years?”

“So, so it is.”

“A man who is a father and a man with a family is naturally different.”

“The savage anger on it will naturally be replaced by this family atmosphere, by children, and by his wife.”

“There is a saying that is good, the wife and children are hot on the kang head. You said what a wise saying the ancients said.”

Hearing Jun Jingyu’s explanation, Suzi immediately smiled and looked at Dalia: “Sister Shan, you finally came to receive the goods after all your hard work. Such a good husband who cares for the family, you have to hold tight.”

Originally thought Dalia would be shy.

But she never thought about it, and Dalia said immediately: “Of course! If anyone dares to rob me of my husband and my child’s father in the future! I will dismantle that person and throw them in the stinky ditch!”

Seeing Dalia like this, Suzi was very satisfied.

A person’s courage is best when it overflows from the bottom of his heart.

From now on, no one will be able to control Sister Shan’s fate.

In the ward, Suzi and Dalia chatted for a while, then held the baby for a while, and after seeing the baby take a bath, she was a little tired, so she got up and said goodbye to Dalia and Jun Jingyu.

“Suzi, you’ve worked hard these days.” Jun Jingyu said sincerely.

Dalia immediately made fun of Jun Jingyu: “Hey, Mr. Jun, why are you working so hard for me? It took me so long to see Sister Shan once.”

Jun Jingyu sighed: “I’ve been in the ward with my child and Ah Shan these days, and I don’t have time to deal with my own affairs. I now entrust Shaoqin to handle everything for me. I heard that Today, he is so busy that he doesn’t have time to go home. So it’s hard for you.” Jun Jingyu sincerely apologized.

Suzi immediately turned into a tone of comfort to him: “It’s okay, Mr. Jun, as long as Sister Shan and the child are well, Shaoqin and I will be straight, no matter how much we pay. I have to leave without talking about Mr. Jun.”

She was a little tired and wanted to go home early.

“Okay!” Jun Jingyu agreed immediately.

Suzi took Shen Weiyi out of the ward door, and was about to go to Shang Hongmei’s ward when Suzi’s cell phone rang.

She connected immediately: “Hello...”

But when she heard the other party’s voice, she froze for a moment.

## Chapter 1796

The call turned out to be from Fu Zhengxiong.

What surprised Suzi even more was that Fu Zhengxiong's voice was very soft.

Although Fu Zhengxiong is afraid of Arron, and the Fu Group has long since had nothing to do with Fu Zhengxiong, Fu Zhengxiong is usually very dignified.

Especially in the old house of the Fu family.

And in Suzi and Shen Wei, he is a very majestic existence.

But this time, Fu Zhengxiong's tone was obviously weak.

"Suzi, I...I'm dad." Fu Zhengxiong said.

Suzi: "..."

dad?

The word was very unfamiliar to her.

She has only one father, who died when she was twelve years old.

Later, he found out that Lin Zhijiang was his biological father, but Lin Zhijiang never gave him a trace of fatherly love, and even pushed her into prison with his own hands.

Therefore, Suzi never heard the word dad once, and felt it was ironic and funny.

Later, she married Arron.

Like her, Arron rarely calls 'Dad'.

Arron even had very few contacts with Fu Zhengxiong.

On the other hand, Suzi, whenever he saw Fu Zhengxiong, would take the initiative to shout, "Dad."

However, every time he addressed Fu Zhengxiong respectfully, Fu Zhengxiong ignored her, Shen Xiangai.

So much so that Suzi was only polite to Fu Zhengxiong's 'dad'.

Since Suzi became pregnant, she has hardly seen Fu Zhengxiong.

She doesn't want to see these people who make her unhappy.

For example, Lin Zhijiang, Mr. Shu, and Fu Zhengxiong.

And her husband Arron never forced her to see these people, especially the Fu family's old house, which was almost Suzi's humiliation, so since Suzi was pregnant, Arron never took Suzi back to the old house.

Suzi never asked about the old house together.

Therefore, at this moment, she never thought that her husband would take the initiative to call her, and he would take the initiative to show weakness.

Fu Zhengxiong's voice was extremely old: "Suzi, Dad... Dad is over 70 this year."

Suzi's tone was a bit low and dry: "Dad, are you okay?"

“Dad...” Fu Zhengxiong hesitated.

After a pause, he said, “Dad turns out to be getting older, and your grandfather fell ill a few days ago. He is 101 years old, and the doctor gave us an ultimatum, saying that the old man will not live more than a month. .”

Suzi: “...”

She was shocked when it fell.

The old man Fu Hengsheng has always been used to being authoritative and domineering. His children and grandchildren are very respectful to him and take good care of his body, so that the old man actually lived to be 101 years old.

One hundred and one-year-old old man, is his life about to disappear?

In the entire Fu family’s old house, the person Suzi hated the most was Fu Hengsheng.

As soon as this old man was mentioned, Suzi would think of the shame Fu Hengsheng had imposed on her for seven years.

However, now that the old man’s life is coming to an end, what is left?

“Dad...” Suzi eased his tone and said, “I know Dad, Shaoqin... He, he is really busy these days, because Mr. Jun Jingyu’s wife gave birth to a baby. I have a child, so Shaoqin has to take care of Jingyu’s affairs, he leaves early every day and returns late, so don’t blame him.”

“When I come back tonight, I will tell Shaoqin that tomorrow, we will go back and see if we have time...” Suzi really didn’t want to call Fu Heng a grandfather.

However, gritted her teeth, she endured it.

## Chapter 1797

She said lightly: “Tomorrow, Shaoqin and I will take the only one back to see Grandpa...”

“Xiangxiang.” Fu Zhengxiong called out Suzi’s nickname, looking intimate, apologetic, and weak.

Suzi: “Dad, you...Is there anything else?”

“Xiangxiang, will you...will you forgive Dad?” Fu Zhengxiong asked.

Suzi: “...”

“Dad never knew it was wrong before. Dad used to be arrogant, but since seeing your grandfather’s death soon, Dad suddenly felt that he was old. He was in his seventies. Why do you still care about it?”

“You’ve been pregnant twice for the Fu family.”

“The only one is so big and likeable, what’s not to be satisfied with as a grandfather?”

“Dad used to be too stubborn!”

“Especially to death!”

“Xiangxiang, my father is old, maybe... maybe your grandfather died just after his forefoot...”

“Dad!” Suzi interrupted Fu Zhengxiong: “Don’t say Dad, I...I forgive you, I...I never hated you, Dad.”

Suzi’s heart is very soft.

She can resist the persecutors to the end, but she is not very good at showing weakness to those who continue to quarrel.

She won’t.

“Dad, in fact, you didn’t make me feel bad. Of course I won’t hate you. Maybe it’s because Shaoqin is taciturn and doesn’t get too close to you, which makes you misunderstood, but you also know that Shaoqin.”

“He has always been brooding about the death of my mother, that is, my mother-in-law, so he has a grudge against the Fu family’s old house. Don’t worry, Dad, I will try my best to find a way to persuade

Shaoqin, and we will go to the hospital together as a family of three to visit and take care of him. Grandpa's."

Fu Zhengxiong's tone immediately softened a lot: "That's good, that's good. Hahaha..."

He smiled humbly.

Suzi's heart was full of mixed feelings.

In the evening, after Arron returned home and went to bed after washing up, Shen Xiangcai said to Arron, "Shaoqin, Dad... I called today."

Arron replied without hesitation: "You are about to be reborn now. You are already suffering. I don't want to make you suffer from other unhappiness. If he is here to let us go to the 'old house', you simply refuse!"

Suzi: "..."

After a pause, she comforted her: "Shaoqin, Dad... After all, he is your father, the man our dead mother loved all her life!"

Arron glanced at Suzi and sighed, "He's showing weakness like you today?"

"I think he's so old..."

"You're just too soft-hearted." The man put his arms around the woman's shoulders.

The woman next to the man said, "Shaoqin, if I am really a ruthless and cruel woman, just like Jun Zixian, Qiu Cunxin, and Lin Xiyue, you..... would you still want me? For sure. Will not."

"Dad, he...is your biological father after all. He is the man Mom loves the most in her life."

The man kissed Suzi's forehead: "Got it, I know the old man is ill. He called me today, and I will find time to see him tomorrow. Don't worry. Go to sleep."

“Yeah.” Suzi then fell asleep at ease.

The next day, Arron went out before dawn again.

The company’s affairs are too busy, and he has to visit the old man, he can only take time to go early.

When Suzi woke up, Arron had already left home, and even Shen Weiyi had already dressed himself and had breakfast and was about to go out.

“Goodbye, mother.” Shen Weiyi said goodbye to his mother.

“The only goodbye, come back early after school, Mom will make you crab dumplings today.”

“Okay mom.” Shen Weiyi jumped out the door.

Before entering the elevator, and before Suzi closed the door, he heard Shen Weiyi scream: “Mom, look!”

Suzi was suddenly startled: “What’s wrong with the only one?”

### Chapter 1798

“Mom, look, it’s grandpa.” Shen Weiyi shouted again.

At the same time, Suzi also clumsily walked out of the door, and she instantly saw Fu Zhengxiong standing at the elevator door with two cages in his hands.

His face was a little tired.

The expression on his face was very flattering: “Xiangxiang, you...you don’t have to make a small empty bag of crab powder for the only one, this is me...I went to the ancient street last night. The oldest xiao long bao shop is dedicated to watching the crab roe they make, watching them wrap up, and watching them put in the refrigerator to freeze.”

Suzi + Shen Weiwei: “...”

“This crab meal has a freezing time, and it can’t be frozen after serving. The freezing time is too long, and even if it takes a second longer, it can’t reach the freshness, so I went to the steamer at four in the morning and steamed it for half an hour. When I came to the door , just right...”

“Just right...” Fu Zhengxiong muttered.

Suzi knew what Fu Zhengxiong wanted to say.

He must have seen Arron at that time.

“Shaoqin ignored you?” Suzi asked in disbelief.

She felt that Shaoqin could not do such a thing.

“No, no...” Fu Zhengxiong stammered: “I...he is busy, I see him picking up the car alone, and there is no driver around, I... I’m afraid he’s not happy when he sees me, and it’s not safe to drive on the road, I won’t let him see me.”

At this time, Suzi said that it was impossible not to dare to move.

She immediately called out, “Dad, you...you haven’t slept all night?”

Fu Zhengxiong smiled and said, “I...I want my little granddaughter to eat a fresh crab yellow dumpling.”

He carried the basket wrapped in cotton cloth, and looked at the unique: "Yi, take a bite? Grandpa brought you a small basket, which is definitely better than the one your mother made. If you don't want to see grandpa, You take this cage, grandpa, turn around and leave."

Shen Weiyi: "..."

She has always been a girl.

It's always been soft and not hard.

Grandpa didn't treat her very warmly in the past, and she definitely didn't want to have any affection with him.

Sometimes Shen Weiyi even thought about it, even if she died of starvation and freezing to death, she would never look for grandpa.

But this moment is different.

Grandpa is weak.

Like a clueless old man.

Grandpa has gray hair on his head, and his waist is a little bent. He looks like Shen Weiyi very much like his grandfather.

"Are you my grandfather?" Shen Weiyi's tears rolled in the circles of his eyes.

"Of course! I'm your father's biological father, and my relationship with your father is the same as your father and you." Fu Zhengxiong also had red eyes.

Shen only cried with a 'wow'.

She jumped into Fu Zhengxiong's arms and hugged Fu Zhengxiong's leg: "Grandpa, I don't want xiaolongbao, I just want grandpa. Many children in our class have grandpa's pain. When many children are beaten by their parents, their grandpa will Protected, but the only one has never been. Woo woo woo..."

Fu Zhengxiong: "..."

At this moment, his face changed.

He was suddenly stunned.

Suddenly frowned.

That expression was clearly distressed.

He handed the cage to Suzi, squatted down and hugged the only one, and said affectionately: “the only one, when your father beats you in the future, grandpa will beat your father? Okay?”

Shen Weiyi suddenly smiled: “Not good!”

Fu Zhengxiong smiled and said, “You little thing, you know that you feel sorry for your father.”

“Hee hee. Grandpa...” Shen Weiyi tilted his head and looked at Fu Zhengxiong. , as if she saw Fu Zhengxiong for the first time.

“Hey, good granddaughter.” Fu Zhengxiong shouted.

Shen Weiyi immediately said, “Grandpa, come into my house quickly.”

She took Fu Zhengxiong and came in.

At this time, Christopher, who was waiting for Shen Weiyi next to the car downstairs, became more and more anxious. He was about to go up to see why the little princess hadn't come down yet, when Christopher received a call from Shen Weiyi.

He immediately connected: “Little princess, why haven't you come down yet?”

Shen Weiyi's voice was very happy, she called sweetly: “Uncle Christopher, wait for me for a few minutes, I'll come down after eating the xiaolongbao, and I'll bring you a basket later.”

Christopher smiled: “Thank you little princess.”

After closing the line, he waited quietly below.

Ten minutes later, before Christopher saw anyone, he heard laughter coming from the foot of the walking stairs.

## Chapter 1799

“Oh, grandpa, you are so slow going downstairs.” Shen Weiyi said with a smile.

“You little thing, you have ruined grandpa. You told grandpa that it would be fun for the two of us to walk up the stairs together, holding hands. Grandpa believed it, but you have gone down a good level, and grandpa can’t even get down.”

“Grandpa, I’ll support you.” Shen Weiyi ran up and supported Grandpa’s hand again: “Grandpa, be careful.”

grandfather?

Christopher was puzzled for a moment.

Is that Mr. Fu Zhengxiong?

Sound like.

But why is the only one so hot with the old man?

Christopher was about to go upstairs to see clearly, but here Shen Weiyi was already leading Fu Zhengxiong down.

Sure enough.

However, Christopher was also stunned.

He didn’t expect that Shen Weiyi and the old man were so familiar with each other, they were not unfamiliar at all, and they were very close.

For some reason, Christopher felt warm in his heart.

In the end, it is the father and son, there is no reason for not kissing.

“Old Chairman, you are early.” Christopher respectfully bowed like Fu Zhengxiong.

“Uncle Christopher, this is the xiaolongbao that my grandfather gave you.” Shen Weiyi handed the xiaolongtan to Christopher.

Christopher was flattered: “Thank you little princess, thank you old chairman.”

Fu Zhengxiong looked at Christopher: “Christopher, take care of my granddaughter every day, you’ve worked hard, when Qin’er takes Xiangxiang and Weiyi to the old house, you also come in for dinner, you belong to our Fu family. Patronus.”

Christopher: “Master, thank you... thank you.”

“Go and take the only one to school, slow down on the road.” Fu Zhengxiong said.

“Yes, old man!” Christopher said.

“Hee hee, Uncle Christopher, is my grandfather okay?” Shen Weiyi asked.

Christopher: “...”

“I will also have grandpa’s little friend in the future.” Shen Weiyi said proudly.

Christopher: “...”

That, little princess. I need to correct you.

You have always had a grandpa.

Well, you only found out today that you have a grandfather?

The little princess said to Christopher several times along the way: “Uncle Christopher, I have a grandfather.”

Christopher knew that this time, Fu Zhengxiong’s treatment of the little princess was obviously different from before. He really came to love the little princess. The little princess is a sentimental child who knows gratitude and lacks affection.

Now that my grandfather is in pain, the old chairman Fu Zhengxiong finally understands it.

I used to be stupid.

I don't care who my granddaughter hurts!

When he got out of the car and walked to the kindergarten, Shen Weiyi also said to his classmates, "My grandfather will come to pick me up at night, my grandfather."

This afternoon, it was indeed Shen Weiyi who was picked up by Fu Zhengxiong.

And he arrived at the kindergarten half an hour earlier.

No one would have any doubts about the grandfather.

Shen Weiyi was even more intimate with Fu Zhengxiong.

She cared about her grandpa very much: "Grandpa, have you walked a long way, do your feet hurt, grandpa?"

Fu Zhengxiong: "..."

His face became more and more ugly.

He only held Shen Weiyi's hand, but did not answer Shen Weiyi's immature question. He only took out his mobile phone and said to the other party in a weak tone: "This matter is over! This is the end! I will send Wei Wei back home.!"

"Grandpa?" Shen Weiyi looked up at Grandpa.

"Good, let's go home baby." Fu Zhengxiong tightly hugged the only one in his arms.

At this moment, four burly men suddenly rushed behind him, pushed Fu Zhengxiong away, and then forced Shen Weiyi to leave.

"Grandpa..." Shen Weiyi suddenly screamed.

## Chapter 1800

“Grandpa, grandpa, save me!” Shen Weiyi shouted desperately.

However, she only shouted twice before being stuffed into a car.

Fu Zhengxiong, who was pushed down here, slapped the ground desperately: “Damn! Damn! Put down my granddaughter! Put it down!”

His roar sounded very old.

Incomparably powerless.

He watched helplessly as the black car carrying his granddaughter sped away.

Fu Zhengxiong's heart was bleeding. He took out his mobile phone and frantically dialed a set of numbers with trembling fingers. After connecting, he roared: “Bastard! You bastards! Change your plan if you are intimidated! It's not what I said. Coax her, let's not disturb her, don't scare her! Why are you robbing people on the street!”

“My granddaughter is terrified!”

“Frightened!”

At the other end, Qin Wenyu's sneer suddenly came: "Zhengxiong! You are too indecisive! Why, when the little thing called you grandpa, it softened your heart?"

Fu Zhengxiong was furious: "That's my granddaughter! My own granddaughter! My Fu family's blood! Shouldn't I be distressed! Where have you robbed Weiyi! Qin Wenyu! If Shen Weiyi is a little bit worse, I will divorce you I'm not finished with you!"

Qin Wenyu's tone was very calm.

In the calm, he said earnestly: "Zhengxiong, don't forget, Shaoqin has always hated us. Suzi has been pregnant for so long, and he has never brought the child back to the old house again. He hates us in his bones."

"And the only, when did the only call you grandpa? Didn't you roll your eyes when I saw you that time?"

"Why do you feel soft-hearted when I call you grandpa now?"

"Aren't you afraid that she will treat you more viciously than her father when she grows up?"

"At that time, what should we do as the old couple?"

"We have already supplied all our property to Haoyang, and Haoyang will be our biological child in the future."

"As for Shaoqin, he is also our own biological son. If one day Suzi and the only one are no longer by Shaoqin's side, he will marry another famous lady who listens to us. In five or six years, you will be full of children and grandchildren again."

"By that time, our entire Fu family will be in harmony. Zhengxiong!"

Fu Zhengxiong's old tears came out: "But the only one is my granddaughter! My granddaughter!"

He still remembers the only way he was holding his leg early this morning, that little look full of tears. How could she pretend to be a six-year-old child?

Every time she sees her grandfather is beautiful, but can she blame her?

How old is the child?

All she experienced were emotions passed on to her by adults.

OK, pregnant.

You are bad to her, of course she will turn nose and eyes on you.

If you are nice to her, even if it's a little bit, just once, she will happily announce to the whole world: "I have a grandfather in Shen Weiyi."

This kind of return cannot be bought with a million dollars.

At this moment, Fu Zhengxiong deeply realized that he did something wrong.

Wrong thing.

He didn't know what the serious consequences would be.

However, he was beginning to feel uneasy.

He didn't know what his son Shaoqin would be like if he knew that the only one had been taken away.

The consequences are unimaginable!

Why does Fu Zhengxiong make mistakes every time he takes?

When he was young, in order to expand the Fu Group, it was a mistake to deceive Xia Shumin.

As a result, Xia Shumin gave birth to two children but concealed one.

Growing up, it was a mistake to exile Shaoqin.

As a result, he had a great counterattack and killed several of his own brothers.

Later, when I saw Hao Yang, it was also a mistake.

Since I have never recognized him since I was born, I don't know the existence of this child, so why should I recognize him again?

Since he gave Haoyang 900 million, why continue to help him?

That is injustice!

Complete injustice.

But, who can blame?

Isn't he Fu Zhengxiong's seed?

wrong!

## Chapter 1801

wrong!

Everything is wrong!

Now, he personally pushed his granddaughter out, and his life and death are unknown, which is another big mistake!

At this moment, Fu Zhengxiong was sitting on the road not far from the kindergarten, crying on his back.

Crying tears and snot.

An old man in a suit and leather shoes, his figure was not out of shape, looking very decent in the morning, with a car not far behind him, such an old man was sitting on the road and crying.

attracted the attention of many people.

One of them couldn't help but ask him: "Old gentleman, old gentleman, you...what's the matter with you?"

Fu Zhengxiong wiped away tears: "I... my granddaughter was... kidnapped."

Several people looked around.

There is nothing around.

One of them immediately said, "How long is the kidnapping?"

"Five...five minutes."

"The bad guy definitely didn't go far, hurry up and call the police, call the police!"

"Don't, don't call the police!" Fu Zhengxiong reacted immediately, he stood up to stop the person who wanted to call the police: "Don't... call the police."

The man looked at Fu Zhengxiong strangely: "You are so strange! Your granddaughter was kidnapped, and you still don't let the police!"

"I'm afraid it's a neuropathy!"

"Alzheimer's disease!"

"Walk around, don't worry about such people, don't know where they come from, don't get caught."

The onlookers left.

At this time, Christopher came from not far away.

His face was cold and anxious.

He is here to pick up Shen Wei, at this time every day, he will come here ten minutes before Wei Wei leaves the park.

The same is true today.

But as soon as he stabilized the car, he saw that there were people shouting and shouting, and people gathered around.

Christopher heard someone say: "It's an old man, dressed in decent clothes, but sitting on the ground and crying, saying what happened to his granddaughter. Hey, all kinds of weird things can happen these days... ."

Christopher listened to his heart beating and sinking.

His walking pace was a little unsteady, and he wanted to cover his thoughts.

Reluctantly came to him, just glanced at it, and he immediately recognized that the man was indeed Fu Zhengxiong.

really!

Christopher's head and heels were icy cold.

He didn't call the old man, let alone go to help Fu Zhengxiong.

Instead, he called Arron directly.

Arron on the other end of the phone was not in the Fu Group, nor did he help with Jun Jingyu's affairs, nor was he in Xu Zeyan's Xu Group.

At this moment, Arron is staying in the hospital.

Grandpa Fu Hengsheng is indeed dying.

So after a visit to Grandpa early in the morning, he went back to the company to deal with affairs in a hurry. After the affairs were settled, he hurried to the hospital without even bothering to drink his saliva.

How come so many things are rushing into this one?

Arron frowned helplessly.

"Fourth young master, this old man..." The housekeeper looked at Arron, seeking his opinion.

"The old man is already one hundred and one years old, which is considered to be a long life. It is normal for life to end. You should go to deal with the thickening immediately and buy the best coffin first." Arron instructed the old housekeeper in the Fu family's old house, While looking at Fu Hengsheng on the hospital bed, who was only breathing out but not breathing in.

"Fourth Young Master, although you don't come back to the old house often, it's you at the critical moment..." the butler said with emotion.

Arron did not speak coldly.

He doesn't come back to the old house very often, but the four old people in the old house should take care of it, he can't ignore it.

Looking at the dying old man on the hospital bed, Arron felt a lot of emotion in his heart. He thought that he would stay here tonight and would not be able to go back.

At this moment, Arron's cell phone rang. He picked it up to see that Christopher was calling, and he immediately connected: "Christopher, what's the matter?"

Immediately afterwards, Arron's mobile phone fell to the ground and shattered.
