

## Chapter 1806: Entering the Hall

If the other party wasn't his grandmother, if he hadn't protected Xu Qingzhi back then, he didn't know what he would have done.

Being able to endure until now was already his limit.

Everyone could tell that he was really angry.

Even though Qiao Zhilan was still worried about her son's health, she didn't want to affect his mood.

After all, it wouldn't help his recovery.

The old lady didn't say anything. She tugged at her arm and whispered, "Mom, why don't we leave first?"

The old lady pouted. "You think I want to stay here?"

As she spoke, she turned to leave. When she reached the door, she turned to look at Xu Qingzhi and reminded her, "Zhizhi, don't forget to introduce me to that handsome Best Actor. I'll review everything for you!"

The veins on Li Mo's forehead suddenly bulged.

His face was terrifyingly dark.

...

Xu Qingzhi felt especially helpless and didn't dare to look at Li Mo's face.

"Mom, stop fooling around!"

Qiao Zhilan shook the old lady's arm and said angrily.

"What happened? I'm serious."

Even though the old lady said that, she still walked out of the room.

Xu Qingzhi quickly glanced at Limo. "Then... I'll send Grandma and Mom off."

With that, she walked out quickly.

The old lady and Qiao Zhilan did not stay long. Before Qiao Zhilan left, she said worriedly that she wanted to arrange a servant for them.

In the end, Xu Qingzhi rejected her.

She was used to living alone. Now that Limo had just returned, she could take care of him.

This feeling was fresh, but it had always been her hope.

Other than the fact that Li Mo was sick.

Qiao Zhilan didn't insist and went out with the old lady.

The few of them had just left when they saw the figure that the old lady had nagged at several times walking towards them.

Xu Qingzhi almost fainted.

Did this fellow have to come at such a coincidental time?

“Why... are you here?”

Xu Qingzhi looked at Chu Yi and asked.

“I saw on the news that your husband was hospitalized last night and was discharged this morning. No matter what, I’m responsible for his illness. I came to visit him! How is he? Is he alright?”

Xu Qingzhi forced an awkward smile. “I’m fine...”

Chu Yi smiled and looked at the old lady and Qiao Zhilan before nodding politely at them.

The old lady stared at Chu Yi with shining eyes. When his gaze landed on her, she smiled brightly.

“Ouch...” She stepped forward and rubbed her hand in her pocket. Then, she grabbed Chu Yi’s hand and rubbed it. Her eyes were fixed on Chu Yi’s face.

Seeing the old lady’s actions, Chu Yi’s lips twitched.

“You’re Zhizhi’s rumored boyfriend, right? And you’re a super famous international Best Actor, right?”

Chu Yi glanced at Xu Qingzhi, who was embarrassed and at a loss. In the end, he smiled and said, “I’m indeed Chu Yi... but my rumored boyfriend...”

He paused for a moment. He didn’t explain about his rumored boyfriend. Instead, he asked, “May I know who you are...”

“I’m Qingzhi’s grandmother and Limo is my grandson! This is my daughter-in-law and also Limo’s mother, Qingzhi’s mother-in-law...”

Xu Qingzhi closed her eyes. She couldn’t do anything to this old lady.

He had no idea what she would do. There was no predictability at all.

This introduction was really detailed.

As long as they weren’t stupid, they would be able to figure out who they were.

Chu Yi raised an eyebrow and the smile on his face widened. “So it’s Grandma and Auntie. Hello, I’m Chu Yi. Nice to meet you.”

The old lady nodded repeatedly and reached out to pinch Chu Yi’s arm.

“Wow, he’s so handsome and muscular. As expected of Little Zhizhi’s rumored boyfriend.”

Qiao Zhilan: “...Mom!”

Xu Qingzhi was speechless.

Chu Yi was speechless. What kind of fairy was she?

If it were anyone else, wouldn't they tear him apart the moment they met?

Why was she so happy?

She couldn't understand the old lady's thoughts at all. She glanced at Xu Qingzhi again. At this moment, she bit her lips and looked at the old lady's back, conflicted about what to say.

"Handsome, keep up the good work. If Little Zhizhi gets rid of my grandson one day, you'll definitely have a good chance!"

Chu Yi's lips twitched.

What a weirdo.

What an eye-opener.

"Mom, stop talking. Let's go!"

It wasn't just Xu Qingzhi. Even Qiao Zhilan, who had accompanied the old lady for more than twenty years, couldn't figure her out.

Her behavior was always different from ordinary people.

"What's the hurry? It's rare for us to meet. I have to chat with him... Come, handsome Best Actor, let's talk inside..."

Xu Qingzhi's heart skipped a beat.

Let Chu Yi into the house?

Li Mo would explode!

"Grandma..."

Xu Qingzhi rushed forward to stop the old lady, but the old lady had already grabbed Chu Yi's hand. She turned around and walked past him towards the villa.

Xu Qingzhi was speechless.

Grandma, are you trying to anger Limo to death?

Qiao Zhilan sighed deeply and felt especially helpless.

Shaking her head, she followed him in.

Xu Qingzhi closed her eyes in despair. What was going on?

The old lady was in a hurry to find a spare tire for her and even brought it with her...

This reminded her of those melodramatic scenes of mistresses forcing their way into power. She was even more strange, and it was her in-laws who brought her to the palace...

She went in and prepared tea for them. As the owner of the house, she sat on the sofa with them out of courtesy.

“Brother Best Actor, where are you from? How old are you this year? What’s your surname? When is your birthday? What does your family do? Who does your family have now? How much can you earn in a month or a year? You must have a house, a car, and savings, right? What plans do you have in the future? You’re so handsome. Is it natural?”

“...”

“...”

“...”

It seemed like this old lady was determined to touch him thoroughly.

Chu Yi couldn’t handle the old lady’s investigation.

So many questions. What a headache.

Especially the last question!

“It’s natural.”

How could he have gone for plastic surgery?

The old lady nodded happily and said, “Oh, that’s good. Actually, everyone loves to look beautiful. It’s fine to adjust a little. The main thing is that my thinking can’t be compared to young people like you. I’m worried that it will affect the looks of the next generation... But I’m relieved that you’re natural. Qingzhi is so beautiful. The two of you...”

“Mom!”

“Grandma...”

“...”

Seeing that the old lady’s words were getting more and more ridiculous, Qiao Zhilan and Xu Qingzhi couldn’t help but speak.

The old lady seemed to have thought of something and looked enlightened. “Oh... Zhizhi hasn’t kicked that brat away yet. But let’s make a reservation first. Best Actor, perform well and strive to woo my granddaughter-in-law. You have to work hard...”

Chu Yi glanced at Xu Qingzhi. A few seconds later, he smiled and said, “Since you don’t object, that’s great! I’ll work hard to win her over...”

When the few of them heard that, their expressions changed.

Even the old lady couldn’t keep a straight face. “You... Are you serious?”

Chu Yi smiled and nodded. "Of course it's true. Xiao Qingzhi is so outstanding and beautiful. I feel that if I miss her in this lifetime, I'll definitely regret it for the rest of my life! You're Limo's grandmother, so I'm sure you know him very well. If he doesn't cherish Xiao Qingzhi, I have enough reason to pursue her!"

His words were especially sincere and trustworthy.

Even Xu Qingzhi was in disbelief.

The old lady shifted her body, her expression unnatural.

"Yes, Zhizhi is a good girl... But she's pregnant with my grandson's son..."

"I don't care," said Chu Yi. "If I truly love someone, why would I care about her past? My heart will only ache more for her. She has an unhappy marriage. If possible, I will definitely dote on Qingzhi's son as my own... Old Madam, don't worry. I will definitely not mistreat your great-grandson!"

He sounded as though he had successfully wooed Xu Qingzhi.

The old lady pursed her lips, looking a little unhappy.

Qiao Zhilan looked at the old lady resentfully. See? She had gone overboard.

This troublesome old lady!

"You're a public figure. You have to pay attention to the impact... Being too blatant will affect your future."

Chu Yi looked at Xu Qingzhi with a solemn expression and said with a smile, "I can give up everything for her."

Xu Qingzhi's eyebrows twitched. This was what women liked to hear.

They were all men's mouths.

Words came out of her mouth.

Now, she had witnessed it.

That was indeed the case.

Give up everything for her...

Tsk.

She was tempted!

The old lady was rendered speechless by Chu Yi's words. This kid could definitely coax all the women with his face and mouth.

"You're really good with words..." The old lady chuckled.

"No, probably because I'm telling the truth."

The old lady didn't know what expression to make.

Chu Yi wondered, "Could it be that what you said just now that made me pursue Qingzhi sincerely was not true?"

"Of... of course it's true! This concerns Qingzhi's happiness for life. Of course I'm happy that she's good!"

Chu Yi heaved a sigh of relief. "I'm relieved. But don't worry, the decision lies with Qingzhi. As long as she's willing..."

"In any case, she must be unhappy now." The old lady suddenly interrupted, "Qingzhi is pregnant now, and I can tell that she loves my grandson very much..."

Chu Yi took a deep breath and looked at Xu Qingzhi affectionately.

"I know. I respect all her choices. If she still chooses Limo in the end, then I... will protect her silently for the rest of my life..."

If the old lady had done it on purpose in the past, she was really frightened by Chu Yi's feelings now.

It turned out that this rumored 'boyfriend' was really interested in her granddaughter-in-law and their relationship was so deep.

What beautiful words.

Xu Qingzhi blushed at Chu Yi's words.

Not because she was tempted, but because she was embarrassed.

She was not prepared for this sudden confession of love.

She was so straightforward that she didn't know what to say.

What protecting her silently for the rest of her life?

It was unimaginable.

"Then it's really hard on you... But don't give up. Although I'm biased towards my grandson, I really love Qingzhi. If he doesn't cherish her and hurt her, I can't let Qingzhi continue to suffer..."

Chu Yi smiled and said solemnly, "Qingzhi is really lucky to have a granny like you. Thank you for taking care of her..."

Xu Qingzhi curled her hair and bit her lips for a long time before saying, "...Chu Yi, stop talking..."

"It's rare for me to have the chance to speak my mind. I hope you can understand. Go ahead and leave. If you regret it one day, I will definitely be behind you..."

Xu Qingzhi was speechless.

F\*ck!

How flirtatious!

Chu Yi had enough!

When did he become a devoted second male lead?

No wonder everyone liked the second male lead!

It would be strange if she didn't like him!

The female lead was a fool!

Although she had never thought of herself as the female lead of an idol drama, there was a man who missed her...

Speaking of which, she had yet to take a good look at Chu Yi.

She pursed her lips and looked up at Chu Yi. When her gaze met his deep and affectionate eyes, her heart skipped a beat and she sized up his face.

Indeed...

Even she, the president of the Appearance Association, felt that she had passed 100%.

Sure... If that day really came, she could consider Chu Yi.

This face was really good!

"Xu Qingzhi!"

At this moment, an angry roar suddenly sounded from upstairs.

Xu Qingzhi's eyes trembled in fear and she subconsciously shrunk her neck. A few seconds later, she turned around and saw Li Mo walking down the stairs aggressively.

She blinked and got up to look at him. "Why... did you come down?! I just inserted the needle!"

Li Mo walked to her side and pulled Xu Qingzhi behind him. He lowered his gaze to look at Chu Yi, who was sitting calmly on the sofa. The muscles on his face trembled.

"You seduced a married woman. Aren't you shameless?!"

Xu Qingzhi hurriedly grabbed his arm from behind. "Limo..."

Chu Yi raised his eyes and looked straight at Xu Qingzhi. However, Li Mo shifted his body and covered Xu Qingzhi completely.

"If you keep looking, I'll dig your eyes out!"

Chu Yi raised an eyebrow. He didn't seem to mind Li Mo's unfriendly words.

However, a few seconds later, he suddenly sneered. Then, he slowly stood up and his bent body gradually grew taller. Finally, he stood face to face with Li Mo. The two of them were tall and strong, and their auras were comparable.

Chapter 1807: Who Do You Think It Is?

"You're not even letting me look at you now? I've seen you many times in the past, but why haven't I seen your shadow?"

Li Mo's face darkened. "This is my house. How shameless are you to seduce someone else's wife?"

Chu Yi sneered again. "Mr Li, please ask yourself what you were thinking when you went to a high-end hotel with your ex-lover behind your wife's back."

Hearing this, Li Mo's expression changed and Xu Qingzhi's face froze.

The old lady and Qiao Zhilan frowned.

The old lady's face darkened. She stood up from the sofa and said coldly, "What happened?! What ex-lover?"

Li Mo narrowed his eyes and did not answer the old lady. Instead, he said coldly to Chu Yi,

"In that case, can I also calculate with you about the two of you going in and out for dinner?"

"Okay." Chu Yi nodded honestly and replied, "I admit that I like Qingzhi. She didn't know what I was thinking before today. She invited me to be her spokesperson. I flew over from Ping Cheng City and she invited me to dinner. The two of us, be it in the past or now, are innocent and open... What about you, Mr Li?"

"If it weren't for the online media, I'm afraid no one would have known that Xu Qingzhi is your official wife, right? It's all thanks to the Internet. Your wife has suffered the attacks and mockery of rumors after marrying you. Can't you see it or don't you care?"

...

"If you had paid attention to her, perhaps she wouldn't have appeared there with me! I did have dinner with her, but at the very least, she's not my ex. I didn't bring her to the restaurant where the two of us had dinner before to reminisce about the past, let alone lift the curtain for her and take her bag... I know you're a gentleman, but have you ever behaved like one to your wife?"

Chu Yi said casually, but his tone was filled with endless mockery.

Li Mo's face was ashen. Chu Yi had said everything, leaving no room for explanation.

As for Xu Qingzhi, she didn't want to care too much about what had just happened. Now that Chu Yi had deliberately mentioned it, a sense of sadness and heartache gradually spread. She stood quietly, not knowing what to say or do.

She couldn't participate in anything.

They were husband and wife, and she had the right to ask Limo for an explanation. But... she didn't.

Because she was afraid.

She was afraid that she would be sad, afraid that every word and expression he said would easily hurt her.

She didn't want to...

Most of the time, she only wanted to live in front of her, even if she was muddle-headed.

Just like these two days, she didn't know why or what would happen in the future. She only wanted to remember the time she spent with Limo.

She didn't have to think about anything. Every bit of happiness counted.

She had never dared to ask for love from Limo.

However, humans were contradictory. After being together for a long time, they wanted more and couldn't ignore the barrier between them.

She had mentioned Mo Xiaona to him before, but this question seemed to have been left unsettled.

Now that Chu Yi had mentioned it, under such a tense situation, she really didn't know what Li Mo would say to hurt her.

She clenched her fists and stood behind Li Mo. Her head was slightly lowered and her red lips were pursed tightly. Her body was tense and her palms were cold.

She was prepared to be stabbed by Li Mo anytime.

The old lady glanced at her and her expression turned even colder. "Limo! I'm asking you a question! Who is the ex-lover you were talking about just now?!"

Li Mo frowned, his expression cold. "Are you done?"

Qiao Zhilan's face darkened. "Limo, you have to clarify this matter. Is it Mo Xiaona? Is she back?"

Li Mo didn't say anything, but Chu Yi continued to add insult to injury. "It seems that Mr Li is really devoted. As long as he mentions his ex, everyone knows that only Miss Mo Xiaona is known!"

Xu Qingzhi's eyes trembled and she suddenly felt a lack of oxygen. She felt suffocated and it was difficult to breathe.

How devoted was Li Mo to only have one lover?

Should she be glad or sad?

He had only given his past to one woman.

Mo Xiaona seemed to be very important to him.

If it were other rich kids, they would have countless girlfriends.

Regardless of whether they were putting on an act or had invested some feelings into it,

This kind of thing was not surprising in this realistic society. It had even become a matter of course.

However, Li Mo was alone with Mo Xiaona...

She closed her eyes tightly and forced herself not to think about these things.

She didn't want to fall into a dead end.

For a moment, she felt sad.

To Qiao Zhilan and the old lady, Li Mo's cold attitude felt like a lifetime ago.

This was how Limo had always treated them when they objected to Limo dating Mo Xiaona.

The old lady gripped her walking stick tightly in anger, her face turning pale. "Alright, she's back indeed! Limo, you actually hid it from us..."

Impatience flashed across Li Mo's eyes. He turned around and looked at the old lady coldly. "Why? Do I have to sue you when she comes back so that you can force her away?"

The old lady's angry eyes widened even more. "What else do you want her to do? Why do you want her to stay in Rong City? Can you see her anytime?"

Li Mo frowned and said, "It's her freedom to go wherever she wants. It's also my freedom to do whatever I want. Don't reach out too far! Mind your own business..."

"Limo!" A furious roar sounded. It wasn't the old lady, Xu Qingzhi, or Chu Yi. It was Qiao Zhilan, who had always been gentle and rarely spoke loudly.

"Do you know what you're talking about?! Is this the time for you to do whatever you want?!"

Qiao Zhilan said bitterly, "Don't forget that you're married now. Look at the woman standing beside you. She's your wife and she's pregnant with your child! Your grandmother is right. What do you want by leaving Mo Xiaona in Rongcheng City? You're allowing her to appear by your side anytime and anywhere. Where do you place Qingzhi?!"

Xu Qingzhi's body trembled slightly when her name was called, and the bitterness in her heart almost overflowed.

When she looked up, her eyes were still red.

Qiao Zhilan's words made Limo turn his head abruptly.

The moment their gazes met, Xu Qingzhi was shocked by the coldness and anger in his eyes. She subconsciously blinked and took half a step back.

She opened her mouth to say something, but she didn't know what to say under Li Mo's gaze.

In the end, she could only turn her head to the side.

She clearly wanted to hide her helplessness, but this action made her look even more pathetic.

Something flashed across Li Mo's eyes before he retracted his emotions. However, Xu Qingzhi didn't look at him again.

When the old lady and Qiao Zhilan saw Xu Qingzhi's expression, their hearts ached.

Furious, the old lady raised her walking stick and swung it at Li Mo.

"You damned brat! I'll kill you today! You heartless..."

A loud thud sounded, accompanied by a buzzing sound. It was obvious how strong the impact was.

"Grandma..." She called out in the end, wanting to protect Limo. "Stop hitting me. Limo is still sick..."

However, the old lady couldn't stop raising the stick again.

Just as it was about to land on Xu Qingzhi, Li Mo subconsciously turned around and used his back to protect her.

However, the pain on her back did not come. Instead, the woman in her arms had her arm grabbed by someone.

He let go of Xu Qingzhi slightly and turned to look at the person holding her arm.

Chu Yi held the old lady's walking stick with one hand and Xu Qingzhi's wrist with the other.

If Li Mo hadn't protected her in advance, Xu Qingzhi wouldn't have been hurt and would have been pulled into Chu Yi's embrace.

"Old Madam, it's too easy to implicate the innocent. If you want to teach your grandson a lesson in the future, I suggest you find a deserted place. It's fine no matter how you hit him."

As Chu Yi spoke, he placed the old lady's walking stick aside and grabbed Xu Qingzhi's hand.

Instead, she met Li Mo's cold gaze and smiled coldly. "Don't look at me like that. Who do you think is the culprit who almost injured her?"

After saying that, the sarcastic smile on Chu Yi's lips deepened. "If it weren't for Miss Mo Xiaona's existence, today's matter might have stopped at the fact that I'm a shameless third party. Thanks to you, I can exist so righteously as a third party. You have the right to ostracize me, but... you're not qualified."

Li Mo's face darkened. "You're saying I'm not qualified?"

Chu Yi's expression did not change. "It's just the name of a husband. But as your husband... do you think you're doing a good job?"

Li Mo narrowed his eyes. He watched as Chu Yideng entered the room and expressed his true feelings to Xu Qingzhi in front of him. He even shouted at him. Be it his dignity as a man or the unknown emotions in his heart, it made him feel irritable from the inside out.

He only had one thought now, and that was to completely destroy this man in front of him.

Before Li Mo could finish his thought, he had already walked up to Chu Yi. Seeing that he had not let go of Xu Qingzhi's hand, he said coldly, "Let go."

Chu Yi pursed his lips and stared at him coldly. "You can't... let go of her so easily..."

It was impossible. Li Mo's face darkened again. He raised his hand and used brute force to separate their hands. Almost instantly, he reached out to grab Chu Yi's collar.

He leaned closer to him, and his cold and dangerous aura instantly approached.

Xu Qingzhi's wrist was in pain. Just as she was in a daze for a few seconds, the sound of a physical fight sounded.

She looked up and saw Li Mo's fist landing on Chu Yi's face.

Caught off guard, Chu Yi grabbed the armrest of the sofa to prevent himself from falling.

Xu Qingzhi's scalp went numb and she hurried forward to hug Li Mo, who was about to continue punching her.

"Limo!"

Li Mo's entire body was tense. To him, Xu Qingzhi's presence was better than nothing.

Seeing that he was about to hurt Xu Qingzhi, Qiao Zhilan stepped forward to protect her.

"Limo! Be careful not to hurt Qingzhi!"

Qiao Zhilan's loud roar made Li Mo freeze on the spot. He turned to look at the woman who was hugging him.

"Limo, don't do anything rash..."

Xu Qingzhi looked up at him and shook her head, her expression pleading.

Li Mo narrowed his eyes and stared at her for a long time before slowly retracting his arm.

"Why? You can't bear to see me cripple him or beat him up?"

Xu Qingzhi was slightly stunned. The expression on Li Mo's face was unprecedentedly ferocious and terrifying.

What he said made her furious.

"Limo, can you be more reasonable? Chu Yi..."

"Why do you want me to be reasonable? He confessed his love for you in front of me. I have to stand at the side and applaud for you. Am I happy for you? Should I be more sensible and give this house to you so that you can live a real married life?"

Xu Qingzhi paused. Her mind was blank. All she knew was that the anger in her heart had suddenly exploded like a balloon. By the time she reacted, there was only a burning pain in her hand.

The entire living room was dead silent.

The crisp sound of applause seemed to be lingering in the air.

Chu Yi stood up slowly and wiped the blood from the corner of his mouth. He sneered silently.

Today's scene seemed to be too intense.

Li Mo turned to look at her coldly.

Xu Qingzhi's eyes were bloodshot and she was trembling with anger.

"... Shameless."

As soon as she spoke, tears fell from her eyes.

She wasn't prepared at all. The heat seemed to seep out of her body uncontrollably.

After realizing that, she felt that she was useless.

She had never wanted to cry in front of anyone, but now that she had lost control, she seemed even more cowardly.

Li Mo's cold eyes flashed as he stared at those red eyes. He opened his mouth, but no sound came out.

No one had recovered from the shock. At that moment, there was a knock on the door.

Chapter 1808: Help Yourself

No one had recovered from the shock. At that moment, there was a knock on the door.

"Sorry, is this Mr. Limo's house?"

Everyone turned their heads.

The door wasn't closed. The woman at the door placed her hand on the door and her gaze landed on it.

Perhaps because she saw so many people at once, she was slightly stunned.

Mo Xiaona.

The moment she saw Mo Xiaona, Xu Qingzhi's heart turned cold.

It was colder than ever.

Even though they had just gotten married and Limo didn't care about her from the start, Xu Qingzhi's heart wasn't as cold as it was now.

Mo Xiaona was the only one who shouldn't have appeared in such a situation, let alone in her and Limo's house.

...

Li Mo frowned and looked at Mo Xiaona. Although her expression and voice were still not good, she had clearly restrained herself.

"Why are you here?"

In this situation, Mo Xiaona was in a dilemma. After hesitating for a while, she could only walk in.

"I saw the news of you being hospitalized last night online. You were supposed to arrive at the hospital today, but... the hospital said that you had already been discharged... so I came over to take a look. I was a little worried about your condition..."

If Xu Qingzhi could be said to have no bottom line in front of Li Mo, then in front of Mo Xiaona, she would never allow herself to be the weak one.

Because of dignity and unwillingness.

She could allow herself to lose, but not in front of the other party.

Xu Qingzhi retracted her expression and looked at Mo Xiaona coldly.

So, how did she know the location of her and Limo's bridal chamber?

But here, besides Li Mo, who else would tell her?

Xu Qingzhi closed her eyes gently and convinced herself that that shouldn't be the case. Why would Limo tell Mo Xiaona about this? No matter what, he wouldn't be able to tell her his exact address.

Chu Yi, who had been standing at the side, suddenly sneered.

The sarcasm was obvious and Xu Qingzhi's eyes trembled slightly.

Her anger towards Li Mo, her feelings for him, and everything she had, had suddenly turned desolate.

What was she insisting on?

Mo Xiaona had long been deeply rooted in Li Mo's heart. In the past, she had convinced herself to give it a try, persevere, work hard, and treat Li Mo better. She had given her all and loved him sincerely. In the end, she would receive a response, even if it was just a little.

She thought that the situation had developed in an ideal direction in the past two days.

Li Mo could live under the same roof as her, and the two of them could be like an ordinary couple. In a world with only the two of them, they could interact intimately.

They were capable, or at least not repulsive.

Ordinary couples, real couples, husband and wife...

However, Li Mo had just used this word on her and Chu Yi.

As her husband, he could easily say anything that could happen between her and another man. How could she not care?

What did he take her for?

She was nothing!

If it wasn't her but Mo Xiaona, she thought that he would never say such things.

Persistence was just her wishful thinking.

She couldn't replace Mo Xiaona, let alone remove her from his heart.

She took a deep breath and exhaled slowly. Then, she looked at Li Mo. Her eyes were empty as if there was nothing in them. There was no sadness, happiness, or anger... Yet, there seemed to be everything. There were too many emotions that could not be described with words.

She opened her mouth as if she wanted to say something, but her hand was held again. She paused and looked at Chu Yi.

"You need to calm down now. Follow me."

She looked at Chu Yi in confusion, but Chu Yi had already dragged her out.

Li Mo frowned again. He wanted to pull Xu Qingzhi back, but Chu Yi stopped him.

“After you’ve settled your matters, you can talk to me about Qingzhi. I hope you’ll be impressed by what I said just now...”

If you hurt her and she regretted it, he would be the first to take her away.

Li Mo paused, but how could he allow Chu Yi to take Xu Qingzhi away from him?

“If you want to leave, get lost!”

At this moment, the old lady, who had been standing at the side, suddenly said, “Mr. Chu, take Qingzhi away first. We have something to settle here.”

Although Chu Yi’s words about his deep love for Qingzhi made her slightly worried,

However, if Limo couldn’t handle Mo Xiaona’s matter, she would rather Qingzhi have an outcome with Chu Yi.

After all, no woman could stand the man she loved being entangled with another woman.

If she couldn’t figure it out, she would let go. Only a fool would compromise.

Li Mo stared at Xu Qingzhi and said coldly, “Xu Qingzhi.”

Just the name alone was a strong warning.

Anyone could tell that if she really chose to leave with Chu Yi, there would be consequences that no one could predict.

But now, she really wasn’t in the mood to be the mistress of the house.

She wasn’t that magnanimous yet.

She didn’t say anything and silently broke free from Chu Yi’s hand. She said calmly, “I’m not feeling well. I’m going out to take a breather.”

With that, she turned and walked out. When she passed by Mo Xiaona, Mo Xiaona looked at her worriedly. “Qingzhi, did something happen?”

Xu Qingzhi pursed her lips with an ugly expression. “...Help yourself.”

Perhaps this sentence would have another meaning in the future... Who knew?

Her casual remark made Li Mo’s heart sink.

Just as he was about to say something, Xu Qingzhi had already walked to the door. She picked up her down jacket and walked out.

She even closed the door.

That back view gave people an inexplicable illusion of never returning.

Li Mo’s heart tightened. Just as he was about to chase after her, Mo Xiaona suddenly asked, “Limo... are you alright?”

Li Mo stopped in his tracks and his gaze shifted to Mo Xiaona.

Her expression did not improve. "I'm fine. Why did you find me?"

Chu Yi sneered softly. "I have something on. I'll get going first."

Li Mo's gaze suddenly turned towards him, but Chu Yi smiled at him. "You should be very busy now. You shouldn't be able to take care of too many people."

That would depend on who was more important.

The old lady and Qiao Zhilan could hear the sarcasm clearly.

He was caught between two women. Did he think that he had the ability to clone himself or had three heads and six arms?

She could only... give up one and obtain one. That was the final outcome.

Chu Yi left without any hesitation.

Mo Xiaona stood rooted to the ground with a confused expression. However, when she realized that only the few of them were left in the living room, she instantly felt awkward.

Sweeping a glance at the old lady standing behind Li Mo, her eyes darted around as her body trembled slightly.

She looked like she was obviously frightened.

The old lady's face was filled with anger. She took two steps forward with her walking stick. Her face was cold and her entire body was filled with anger.

"Miss Mo, long time no see!"

Mo Xiaona bit her lips. "Long time no see..."

"I thought we would never meet again."

Mo Xiaona looked a little embarrassed. "I didn't expect to meet you here either..."

The old lady snorted coldly and said, "Miss Mo, you have to know your shame. You should know what to do and where to come! Do you know where this is?"

"I..." Mo Xiaona turned to look at Li Mo quickly. "I heard that Li Mo was suddenly hospitalized last night. I was a little worried about him, so I came to take a look..."

"Miss Mo." This time, it was not the old lady who spoke, but the elegant Qiao Zhilan.

"This is my son and daughter-in-law's wedding room. Although I don't know how you found this place, anyone can come to this place, but you can't. Because you're Limo's ex-girlfriend, and he has a family now. Your appearance can shatter a good family at any time and hurt other innocent people. Even if you don't have anything now, how can his current wife face you? Moreover... Miss Mo, you have no right to worry about Limo. Even if he's dead, you definitely won't be invited to his funeral!"

Qiao Zhilan's words could be said to be the most serious in many years. She even said something that she had always rejected the old lady in the past.

Mo Xiaona's face flushed red. She wanted to deny it, but Qiao Zhilan's words stopped her.

Unable to stand this grievance, her eyes couldn't help but turn red. "...Are you going to deny our relationship just because we've dated before?"

Qiao Zhilan, who had always been gentle and kind, didn't seem to hear her grievances. She nodded, her expression indifferent and cold.

"Yes, since we've dated before, we can't be classmates or friends. Who do you think can break up or be friends in reality?"

Mo Xiaona glanced at Li Mo, but Qiao Zhilan said,

"Perhaps you'll tell me that there's such a possibility. However, I can tell you with 100% certainty that those who can still be friends after breaking up are either afraid of openly falling out and affecting their interests, or they still have designs on the other party, or..."

It was because neither of them had truly given their feelings to each other! Because they had not given their true feelings, they were familiar with their relationship and accepted it naturally. Otherwise, there would definitely not be such a choice to be friends after breaking up. This was not a choice at all. It was precisely because of other factors that led to this hypocritical outcome.

After Qiao Zhilan finished speaking, she glanced at Mo Xiaona and said slowly, "Miss Mo, tell me, which one do you belong to?"

Mo Xiaona's face paled.

What was Li Mo's status now?

He was the only grandson of the Li family and the leader of the Li Corporation.

How many women were after him?

If she said that she had no designs on him, it would only make them think that she was hypocritical.

Because she wasn't Xu Qingzhi or the young mistress of any wealthy family, she could only have ulterior motives towards Limo. She wanted his status and the Li family behind him. She had no right to talk about relationships with him.

As for not being emotionally invested, she was sure of herself, but... Qiao Zhilan was obviously reminding or mocking her.

But why?

Back then, Limo was biased towards her. What right did she have to think that... Limo had never truly loved her?

She looked at Li Mo and saw that he was looking in the direction of the French windows with a sinister expression.

Her mind seemed to be elsewhere, even in this room.

Her heart suddenly turned cold and her fingers tightened around the bag on her shoulder.

“Auntie, I can’t give you an answer from the options you gave me. If you insist that I have ulterior motives or why I didn’t fall out with you, it’s all based on the fact that Limo and I used to be classmates and friends...”

Qiao Zhilan stared at her for a few seconds. “That’s why I want to advise you. You have to know your limits. You’re pestering a married man and trying to make your presence known in front of his wife. Don’t you think that you’re... on the same level as those so-called white lotuses and green teas?”

Mo Xiaona’s face turned pale.

At this moment, Li Mo turned around and frowned at Mo Xiaona. “I’m fine now. Thank you for your concern. I still have some matters to attend to. You can go back first.”

He didn’t seem to notice what Qiao Zhilan had said to her. After saying that, he strode towards the door with a straight face. When he passed by her, the wind blew her hair.

She bit her lips tightly as her gaze followed him. Seeing that he didn’t even take off his shoes or coat, she opened the door and strode out.

“Limo is indeed smart, but his IQ and EQ are disproportionate.”

After a long while, Qiao Zhilan said calmly, “I’ve always doted on Limo. I can’t bear to see him angry, sad, and sad. I can’t even bear to see anyone say anything bad about him. I’ll let him do whatever he decides unconditionally. Why did I not agree to fulfill his wishes just because of you and him? Do you know why?”

Mo Xiaona pursed her lips sadly. “We’re not from the same family. You don’t like me.”

Qiao Zhilan shook her head. “You’re wrong. It’s not because of how bad you are or your status. It’s because he’s my son. I know him.”

Mo Xiaona stared at Qiao Zhilan. “What do you mean?”

Qiao Zhilan smiled lightly. “Limo doesn’t love you.”

Chapter 1809: Realization

Qiao Zhilan smiled lightly. “Limo doesn’t love you.”

Mo Xiaona was stunned for a few seconds before she burst out laughing.

“Do you mean to say that Limo was actually toying with my feelings back then? You’re a liar. Is this the so-called understanding you have of him?”

Qiao Zhilan continued calmly, “He’s not a relationship liar. Limo is a complete relationship idiot.”

Mo Xiaona was speechless.

“He doesn’t even know who he likes or loves. If he’s not an idiot, who is? Even if she’s my son, she can’t deny that.”

Mo Xiaona bit the inner wall of her lips even harder. "Only he knows who he loves and who he doesn't. Even if it's not me, it might not be Xu Qingzhi... If it's not because of your family background, why did you stop me and agree to her?!"

"You've been classmates with Limo for so many years. You've dated him for so many years. Do you really not know if he loves you or not?"

Mo Xiaona's heart skipped a beat and she averted her gaze.

"Limo treats me very well. I've never noticed how different he treats any woman other than me!"

...

Qiao Zhilan sighed. "Miss Mo, since you came uninvited today, it's rare for me to have a peaceful chat with you. Why don't I take the opportunity to say more..."

"To be honest, Miss Mo, in my impression, you look pure and kind on the outside. You're so obedient that you're indeed likable. However, as an ordinary student, you dared to accept Limo's pursuit and stay by his side for so many years. In the end, he could even cause trouble at home for you. You're so flawless. This is enough to prove that you're not a simple-minded person.

It's not that I'm looking down on you, but the Li family doesn't have to kill Limo with a single blow. Do you think that I didn't know anything when I found out that Limo was dating in school and was completely indifferent? No, I've been paying attention to the two of you for a long time... I've been paying attention to you for a long time..."

"You're actually not as kind and obedient as you look, Miss Mo..."

Mo Xiaona's eyes flashed and her expression changed.

"Limo is in the Li family. He can have whatever he wants, but what does he care about? Do you need me to tell you in detail about how a few rich ladies in your school lost their things around his birthday?"

Mo Xiaona blushed and shrank her neck, her eyes darting around.

"At that birthday party, you suggested changing the venue so that Qingzhi would have time to celebrate Limo's birthday. Do you dare to deny it now?"

"There are too many other things. I won't explain them to you clearly today. I'm sure you know very well what you've done. Limo has nothing to do with you dating. In fact, it doesn't matter even if you marry into the Li family in the end. However, your evil intentions are definitely related."

"But I have to thank you for targeting Qingzhi back then. That's how I know who Limo really likes."

Mo Xiaona was at a loss and her face was red and hot.

"I didn't expose you all these years because I couldn't bear to ruin your life. I also didn't want everyone to think how bad Limo's taste was for him to be tied to someone like you for so many years... No matter how badly Limo fought with us back then, I chose to save you some face. Now, are you still going to blame us for looking down on you?"

“Think about it yourself. Even if Li Mo doesn’t have Qingzhi in his heart, what face do you have to be with him? In the future, have you thought about how to face Li Mo and us?”

Being exposed in such a straightforward manner, Mo Xiaona was not prepared at all. As a result, she was at a loss and the overwhelming grievance in her heart spread.

Tears welled up in her eyes.

“That’s because I love Limo! My family background is ordinary, but this can’t become an obstacle between us! Nor can Xu Qingzhi take the opportunity to get close to him and affect his advantage! You guys don’t know anything. I’ve always been trying my best to make up for the gap between us...”

“That’s why I won’t agree to you being with Limo. Why do you think Limo chose you to be his girlfriend? It’s because you’re not one of those rich young ladies. The gap between the two of you is your greatest advantage.”

Qiao Zhilan remained calm and composed. “Do you think expensive gifts can make up for the so-called gap between the two of you? Does Limo care about those things? That’s not how the gap can be made up. In your eyes, Qingzhi is a proud young lady. But in order to celebrate Limo’s birthday, she personally went out to work and used the money she earned to prepare a birthday present for him...”

“Compare yourself. You’re a bystander. Who would you like more? Miss Mo, you can be poor, but you can’t be evil.”

The living room was silent for a while. Mo Xiaona reached out to wipe the tears off her face. “You guys have never had to worry about money. You can only say such beautiful words. I’ve regretted what I’ve done in the past, but you can’t use evil intentions to deny me...”

Qiao Zhilan stared at her quietly and suddenly said, “You’ve been dating for so many years, but Limo hasn’t touched you, right?”

Mo Xiaona was stunned.

“As long as he has touched you, I believe that you will do everything you can to get pregnant to shut all of us up. Even if you’re not really pregnant and it’s just a show, you won’t be able to take this shortcut... because Limo didn’t give you this chance.

If a man really liked a woman, he would be unable to control himself. When he couldn’t control himself, he would have thousands of reasons to cling to that woman and think of ways to get her. If he really liked you, he must have given you this opportunity too many times, but he had never...

Mo Xiaona’s face was filled with embarrassment.

There was the taste of rust in his mouth.

Standing here today, she had been stripped naked inch by inch. She didn’t even have the right to resist.

Embarrassing. It was too embarrassing.

She had accused them of breaking up her and Limo. In the end, the past between them was just a farce and a joke to them.

Seeing that she had finally stopped defending herself, Qiao Zhilan took a deep breath and said, "Back then, I didn't ask you to leave because we were strong and heartless. On the contrary, I asked you to stay away from here because I wanted you to cover up all the things you had done in the past and complete your new life. I never expected you to be grateful to anyone, but I hope that you and Limo can lead your own lives. You shouldn't be here, and you shouldn't have any expectations for Limo!

"Moreover, the current Limo can't tolerate you in his eyes or heart. I hope you can take care of yourself."

—

Outside the villa, Xu Qingzhi tightened her down jacket and took a deep breath.

When the cold air entered his body, his dull head instantly relaxed.

Had she really done something wrong?

She had persisted and been stubborn for so many years.

She had always felt that as long as she was sincere and did not give up, she would get what she wanted.

The peaceful interaction over the past two days had indeed given her the illusion that she was on cloud nine.

But the more she thought about it, the more she felt that she really loved Limo.

Li Mo had an awkward personality, a sharp tongue and a bad temper.

But all these flaws didn't dissipate her feelings for him.

She even loved his flaws.

She had despised herself before and knew that she was hopeless.

But everything was going well. She was already looking forward to their future.

All those years of persistence and obsession had been shaken by Mo Xiaona's appearance today.

After so many years, when she saw Li Mo's completely different attitude towards Mo Xiaona, she suddenly felt weak.

No matter how hard she tried, she couldn't truly win Limo's heart.

There was someone else in her heart that she couldn't change.

She tried her best and almost gave her heart to him, but he didn't want it. She couldn't force it on him.

Otherwise... how could she face him throwing her heart to the ground in disdain?

Her eyes burned in the cold air.

There was nothing he could do.

She cared too much about Limo, so she could remember every single move he made.

Hence, she couldn't stand the way he looked at Mo Xiaona. His attitude towards Mo Xiaona was different.

Footsteps chased after her in an orderly manner. She turned her head to take a look and her lips twitched slightly. She stood still and looked up at the face of the man who was much taller than her.

"Is your face alright?"

Chu Yi looked down at her and shook his head after a few seconds. "This injury is nothing."

"Limo has a bad temper. You probably know that too. Why did you say that?"

Chu Yi stuffed his hands into his pockets and looked at the pine and cypress tree in the corner. He said, "That person's EQ is too low. I need to stimulate his EQ."

Xu Qingzhi paused for a moment before smiling helplessly. "In the end, he almost opened your Ren and Du meridians!"

Seeing the faint smile on Xu Qingzhi's face, Chu Yi felt less nervous.

"Why would I? From the punch he gave me, I can tell that he still cares about you."

Xu Qingzhi's smile carried a hint of sarcasm. "It's probably because a man can't bear to see his wife being approached by another man, right? This is just a matter of a man's dignity."

She couldn't forget his warning. As long as she was still Mrs Li, she had to protect the Li family's reputation.

No family would want to bear such a scandal.

Chu Yi fell silent, speechless.

She wasn't against this possibility.

"But aren't you too aggrieved by coming out like this? That's your home now. How could you let that person enter so openly? Why did you come out yourself?"

Xu Qingzhi narrowed her eyes and said, "Do whatever you want. In front of Limo, I'll always be the one who doesn't please him. Instead of continuing to stay there and watch them fight, it's better to avoid all of this. I don't want to be too embarrassed."

"You have to stand your ground. If you want to be embarrassed, it can only be her and not you."

Xu Qingzhi shook her head. "My position... Mrs Li is just an empty shell now. She wants me to put on the airs of Mrs Li in front of Mo Xiaona and make things difficult for her..."

She laughed bitterly. "Limo won't allow it."

How could he bear to see Mo Xiaona suffer in front of him?

She had predicted too many possibilities. In the end, she could only end up embarrassed.

Why...

“What’s the use of running out? In the future, if you keep delaying and not settling it, are you going to live with him in fear for the rest of your life?”

“...A lifetime?” Xu Qingzhi muttered. After a moment of silence, she spoke again, her voice filled with sorrow. “If we keep dragging it on, our lives might last longer. Once we talk, perhaps our lives will end.”

Chu Yi looked at her in surprise. “Are you that unconfident in yourself? This isn’t like you in the past.”

“Only in front of him. It’s like... he’s the obsession in my heart, and Mo Xiaona is his. If I’m unwilling to give up on him, then in his heart... it should be the same as mine...”

Xu Qingzhi’s words trailed off.

She seemed to be thinking as she spoke. Towards the end, she actually fell into deep thought.

After a while, she suddenly laughed and looked up at Chu Yi. “In that case, I seem to have gone overboard. In the name of loving him, I ended up making him suffer the most, right?”

Chu Yi frowned. What was this woman thinking?

That didn’t seem right.

“Chu Yi,” she suddenly called out. Her gaze on him was especially serious. “Tell me, how about I let go?”

Chu Yi’s expression changed slightly. “...Why do you suddenly have such thoughts? Didn’t you just say that you love him?”

Xu Qingzhi shook her head and said, “I do and I still do. But it doesn’t seem to be my original intention to make him as sad as I am. Isn’t there a saying? If you love him, you have to fulfill his wish. As long as he’s happy...”

Bullsh\*t!

Chu Yi cursed under his breath. Which idiot said that?

“Are you out of your mind? How can you believe such stupid words?”

Xu Qingzhi chuckled and said, “No... Chu Yi, I just feel that I’ve really fallen in love with the wrong way... I’ve forced myself to get married, but I’ve only gotten it. In reality, it seems like I’ll never be able to get it. If this continues, Limo and I will only end up with mutual destruction. Why don’t we leave it at that...”

Although she couldn’t bear to part with him, it was much better than the endless pain they would suffer in the future.

Chu Yi’s eyelids twitched.

Damn it, this act went overboard and didn’t wake Limo up. Instead, it enlightened this woman.

Chapter 1810: She Loves Me

Damn it, this act went overboard and didn’t wake Limo up. Instead, it enlightened this woman.

“What about the child? What do you plan to do with the child?”

Xu Qingzhi's expression changed slightly as she reached out to touch her stomach. She was silent, and no one knew what she was thinking.

"Child..."

Chu Yi raised an eyebrow when he saw the man walking out of the villa aggressively.

"Xu Qingzhi, maybe you're right. Instead of making yourself so sad and tired, it's better to let go as soon as possible. There's more than one man in your life. Your company, friends, children... Without him, you'll still be fulfilled. As long as you're willing to open your heart, others will be able to enter it. Let him be and give yourself a chance..."

Xu Qingzhi listened in a daze and nodded. "You're right..."

A cold and powerful aura gradually approached. Xu Qingzhi turned her head and saw an extremely ugly-looking Li Mo striding towards her aggressively.

She subconsciously looked in the direction of the door, but she didn't see Mo Xiaona.

So what was he going to do? Leave Mo Xiaona alone in the house?

...

Be it to the guests or the people she loved, it was not normal.

Moreover, he knew that his grandmother and mother didn't like Mo Xiaona.

Wasn't he afraid that she would suffer?

In a daze, he had already stood in front of her and pulled her into his embrace. His face was cold and his tone was exasperated!

"Why are you running?!"

Xu Qingzhi looked up at him and pursed her lips. "I can still run!"

How could she dare to run away when she was pregnant?

Her gaze lingered on his thin clothes for a while before finally landing on the door not far away.

"Can I?" she asked calmly. "Aren't you afraid that Grandma and Mother will make things difficult for her by leaving her there alone?"

Li Mo's expression changed slightly. He narrowed his eyes at Xu Qingzhi and said, "So, you knew that Grandma and Mom would make things difficult for her. You suddenly ran out and even wanted me to chase after her. You wanted to give them time to be alone and let them make things difficult for her, right?"

Xu Qingzhi's eyes flashed and she turned to look at Li Mo in disbelief. "What do you mean by that?"

"You're right. They're indeed making things difficult for her. In the end, you can force her far away without doing anything..."

Xu Qingzhi's heart ached and she trembled in anger. Tears welled up in her eyes.

She took a deep breath and exhaled. Then she took a deep breath and exhaled...

After repeating it a few times, she suppressed all the emotions in her heart. In the end, she took a deep breath and looked up at Li Mo.

“You’re wrong.” She tried her best to keep her voice steady and her expression indifferent. “Because I’ve never thought of forcing Mo Xiaona away. On the contrary, I want to fulfill your wish. Let her stay in Rongcheng, by your side, and in that house. I’ll move out of that house. Limo, I don’t want to waste any more time with you. Let’s divorce!”

Although she tried her best to control her emotions, her voice was clearly trembling at the end.

Her words caused the furious Li Mo to freeze instantly.

Our divorce...

The moment he heard these words, it was like a heavy hammer that hammered his heart. His organs trembled.

Her words were straightforward and heartless. There was no room for negotiation.

Divorce...

Li Mo stared at her blankly, unable to react for a long time.

The moment she said the word divorce, her heart ached even more. No, it was as if countless nails had pierced her heart. It was so painful that she couldn’t even breathe.

She finally managed to say those two words.

Even though she had guarded the empty house alone, even though she had faced the strange gazes and mockery of so many people, even though she had been laughed at by too many people, even though her heart ached and she felt wronged alone late at night, she had never thought about this.

Because it wasn’t easy to get it, how could she bear to give up?

Once she said it, it would be a loss. They would never have the chance to be together again.

However, she couldn’t just wait for him to love her. She didn’t expect him to be good-tempered and gentle to her.

She just wanted to stay by his side and watch him live healthily and happily. That was enough.

In the beginning, she had too many beautiful fantasies about him. In the end, she had to give up.

She really couldn’t move a man whose heart was filled with someone else.

She didn’t have that much energy and strong heart to withstand the pain he gave her.

If it was someone else, she could retaliate. But she didn’t know what to do with him.

How could she bear to hurt him?

Rather than the two of them being sad and suffering together, it was better to break up early.

Chu Yi was right. It wasn't that she couldn't survive without him. She still had a company and friends. Perhaps there would be another partner who would accompany her until she was old. It was enough for them to support each other.

"So you don't have to doubt how unscrupulous I am and what ulterior motives I have. Whatever you say, go ahead. Even if I deny it, I don't think it can change your prejudice against me. I'm a scheming person who only knows how to play tricks in the dark. No matter what I do, I won't catch your eye, let alone gain any benefits. Why don't we leave it at that..."

After Xu Qingzhi finished speaking, she paused and pursed her lips in silence for a while. Then, she suddenly turned around and walked back to the villa.

Li Mo instinctively reached out to grab her. His heart was filled with uncontrollable panic. "What are you doing?!"

Xu Qingzhi took a deep breath and twisted her wrist to break free from him.

"Since I want to fulfill your wish, I have to be more thorough. I don't like to drag things out."

With that, she left. Li Mo wanted to chase after her, but Chu Yi blocked his way.

His face darkened and the veins on his forehead almost popped.

He grabbed Chu Yi's collar and pulled him in front of him. "Was it you..."

"Mr Li." Chu Yi interrupted him. "Don't push all the blame to others. I'm just an admirer. I've confessed so much to her just now, but she didn't seem to be moved by me at all. Now that she's suddenly changed, do you not know why?"

Li Mo's expression was terrifying, but he didn't say anything.

"Mr. Li."

Chu Yi smiled lightly and said, "Don't say that Xu Qingzhi doesn't want to do those shameful things, but even if she did... I would be very happy if a woman would do whatever it takes to stay by my side openly because she loves me."

"What right do I have to make a woman miss me so much? She doesn't owe me anything and I didn't treat her well. What do you think she wants?"

The hostility in Li Mo's body suddenly dissipated and he looked a little dazed.

"What did you say?" He looked at Chu Yi coldly. "You said Xu Qingzhi loves me?"

Chu Yi was stunned. He stared at him for a long time before sneering.

"Otherwise, why do you think Xu Qingzhi insisted on marrying you? Even if everyone, including you, said that she used her child to marry into your Li family and stayed alone in an empty room with no one to take care of her while she was pregnant, she still persisted until now. You've spoken harshly to her from time to time and she's staring at you coldly. She can't say anything malicious to you. Do you think she's stupid or crazy? Is she looking for torture?"

Li Mo was speechless.

Chu Yi took a deep breath and smiled helplessly. "You're really stupid. This woman has never concealed her feelings for you. Why are you asking me this question today?"

Li Mo's expression darkened and his thin lips pursed into a line.

"But in your opinion, perhaps there are too many women who love you and you probably don't lack her. Moreover, there's another woman in your heart. She said that she would fulfill your wishes. I think you should be very happy now. You've finally gotten rid of this woman whom you hate so much. Should I rejoice for you now?"

Li Mo's eyelids twitched and he let go of Chu Yi.

"You have no right to interfere in our matters. I'm warning you, stay away from Xu Qingzhi!"

Chu Yi shrugged nonchalantly. "Sure. Anyway, it's only for a few days. Once you get a divorce, you're the one who's not qualified to participate in her life..."

The veins on Li Mo's forehead throbbed as he turned around and strode away.

She couldn't bear to say harsh words to him?

She could even say something like divorce. What could be more ruthless than that?

Damn it, he looked like he knew Xu Qingzhi very well!

At this moment, Xu Qingzhi had already opened the door to the villa again. The three people in the living room were still standing. The atmosphere was obviously not right. When the few of them noticed the commotion and looked over, Xu Qingzhi could clearly see Mo Xiaona's red eyes and the hatred she felt when she saw her.

She paused and pursed her lips before closing the door and walking towards them.

Qiao Zhilan looked at her with a faint smile on her indifferent face.

"Qingzhi, you're back."

Xu Qingzhi pursed her lips and nodded. She looked up at Mo Xiaona.

"You look like you've suffered a lot today."

Mo Xiaona restrained the expression on her face and said generously, "Qingzhi, I'm here today as Limo's classmate and friend. It's fine if I'm outside, but I'm in Rong City now. It's not appropriate for me to ignore the news. Don't you think so?"

Qiao Zhilan and the old lady frowned.

Xu Qingzhi nodded and said, "Actually, you don't have to emphasize your current identity as a classmate and friend. Everyone knows that the two of you have dated before. You can worry about him because of your unwilling ex-girlfriend."

Her words made the expressions of the other three people in the living room change.

“Qingzhi, what are you talking about?” Qiao Zhilan suddenly had a bad feeling.

Xu Qingzhi smiled at her.

He continued to say to Mo Xiaona,

“But Mo Xiaona, there’s something I have to clarify with you. When you separated from Limo back then, it had nothing to do with me. I’m interested in Limo and I’ve had such thoughts since university. However, I was able to control my feelings at that impulsive age and didn’t ruin your relationship. In the future, I won’t either. There’s no need for you to see me as an enemy...”

“What went wrong in between? I hope you can find the reason from yourself. Grandma and Mother aren’t people who have opinions about anyone for no reason. Since they’re against you, I think you must have touched their bottom line. Speaking of which...”

She paused and looked at the old lady and Qiao Zhilan.

“Grandma, Mom, I’m honored that you’ve protected and doted on me during the few months I’ve been married into the Li family. I’ll remember all of it and I’ll never forget it...”

Qiao Zhilan and the old lady’s hearts skipped a beat.

“Qingzhi...”

“However, feelings are something that none of us can control. Other than the person involved, no matter how close they are, they are all outsiders. Everyone has flaws, but everyone has the right to love and happiness.

Mo Xiaona and Li Mo have been dating for so many years. We can all tell that the two of them still have each other in their hearts... So you... including me, let them be...”

Mo Xiaona looked at Xu Qingzhi in shock. She had no idea why Xu Qingzhi would say that.

Qiao Zhilan and the old lady were stunned for a long time before they grabbed Xu Qingzhi with a pained expression.

“Qingzhi, what nonsense are you talking about?”

Xu Qingzhi pursed her lips and said, “Grandma, Mom, I’ve thought it through...”

“But what about you? Don’t you love Limo the most? How can you give up so easily? Wait a while more. Limo doesn’t understand yet. Give him more time and he will definitely know...”

Xu Qingzhi shook her head with a sorrowful expression. “I’ve tried my best to make him love me, but after so long, I realized that this won’t work. I really can’t replace her in Limo’s heart. If this continues, it will hurt everyone. Why don’t I give up early... I still love Limo, so I want him to be happy...”

She wanted to maintain her composure, but in the end, she couldn’t help but tear up.

Mo Xiaona finally reacted. Seeing that Xu Qingzhi didn’t seem to be lying, joy gradually filled her heart. In the end, it turned into ecstasy and even a hint of smugness.

Yes, that was how it was. Even if she had too many flaws, there was still a place for her in his heart.

“Qingzhi, don’t think that way... It’s not like that...”

The old lady and Qiao Zhilan looked so sad that they were about to cry. Xu Qingzhi suppressed the sadness in her heart and smiled at them.

“Don’t worry about me. I’ll naturally... slowly let go and try to love someone else...”

“Bang—”
