

Catch Me If You Love Me Chapter 184

The sudden pain hit Zoey Gu's body instantly.

She straightened her body suddenly, her face suddenly turned waxy white.

Before a scream was spoken, the man bowed his head and sealed it with a kiss.

This torture in the name of punishment lasted as long as the car passed through the dark night.

In the cramped space, the man pushed Zoey Gu to the extreme again and again, with beads of sweat falling on his forehead, but he still stared at her and asked sentence by sentence.

"Does it hurt?"

"When you don't even ask, just decide our ending and want to leave me silently, you should feel this kind of pain!"

He has a hideous face, his eyes are like ice, and there is a certain wounded anger from all over his body.

There were tears all over Zoey Gu's face.

She was tired from crying and scolding, and the whole person felt as if she fell into the deep sea and tormented, and suffered endlessly.

But the man on him still refused to let her go.

She gritted her teeth, she got up suddenly, opened her mouth and bit his shoulder fiercely!

The man suddenly stiffened.

Immediately, he laughed coldly.

"I can bite, it seems that I still have strength."

Seeing that the man possessed and was about to press down again, the car suddenly stopped at this moment.

Shiyue's voice came from the front.

"Master Lu, here it is."

Liam Lu coldly glanced out of his eyes, stretched out his hand to wrap Zoey Gu in his suit jacket, and hugged her up.

The car door opened, and he hugged her all the way forward, across the courtyard, and strode towards the living room.

Shiyue's voice came from behind.

"Liam..."

"roll!"

The fingerprint lock in front of me opened with a beep and the door opened.

Holding Zoey Gu all the way, Liam Lu walked through the door with ease, pressing her hard on the big bed again.

A small orange light was on in the room.

Under the light, Zoey Gu shrank her body, her face was as white as snow, and looked at him with red eyes and gritted teeth.

It's like a little beast that has been injured and will never compromise.

Liam Lu simply laughed.

He possessed and pressed over, lifted the quilt with a big hand, stretched out his hand and brought her sweaty.

"It seems that you don't think you are wrong? Then continue until you admit your mistakes!"

In the next second, Zoey Gu's scream suddenly sounded in the room.

"what..."

The man did what he said, and his actions were so severe that he was extremely abnormal, forcing Zoey Gu to tremble in pain.

"Liam!"

Zoey Gu's eyes were red, and there was a broken cry in his voice, and she couldn't help crying anymore.

"Liam..."

The soft trembling voice with infinite grievance pierced Liam Lu's heart like a needle.

As soon as he stopped, he lowered his head and saw a pair of flushed eyes.

She grabbed his shoulders, got up close to his neck, and cried out sadly and desperately.

“What do you want me to do?”

“She is Alina Yin’s biological mother and your first woman.”

“You want me to break Alina Yin’s heart, separate them forcibly, and then as if nothing has happened, do you want to be your wife Lu happily?”

In the huge bedroom, the ambiguous breath faded instantly.

Liam Lu’s deep and deep black eyes stared at her tightly, and there was a dark current flowing under them. He stuck her chin, got close to her, and asked in a mute voice.

“With these words, why didn’t you just ask me when you saw Du Lanfu at first sight?”
