

Catch Me If You Love Me Chapter 185

The answer to him was Zoey Gu's unstoppable low sob, the cry was like a knife, one knife at a time, severely cut into his heart.

Liam Lu subconsciously rushed into her and closed his eyes slightly.

"Zoey, was it too long in those five years, or was I too cruel to you. So now, when many women around me come out, you will subconsciously feel that I don't want you?"

He was angry and felt distressed. He couldn't help but clasp her chin, looked at her in the eye, and said in a dumb voice.

"I can't change what happened in the past, and Alina Yin is even more accidental."

"So, I can't decide her biological mother. But the only Mrs. Lu in my life is you."

Zoey Gu woke up again, it was noon the next day.

The moment she opened her eyes, the dazzling light from outside made her raise her hand subconsciously. There was a burst of fiery pain in all parts of her body, especially the center of her legs.

"hiss..."

Hearing the sound, Liam Lu, who was sitting cross-legged in front of the floor-to-ceiling window and tapping on the computer, immediately turned back, got up and walked over.

"Woke up?"

He just wore a black bathrobe casually, with the strap loosely tied around his waist. While walking, there are still many scratches left by her last night on her chest.

Zoey Gu's cheeks were slightly hot, and he subconsciously curled her head.

In the next second, the whole person was held in his arms by the man.

He touched her hand and pressed his lips to her ear and asked in a low voice, "Did you sleep well? Does it still hurt?"

Zoey Gu's body tightened, and she stretched out her hand to grab the hand that was trying to behave indiscriminately, his face was like Hongxia flying.

"Stop making trouble."

Last night, how angry the two people started, and how crazy they ended up. So in the end, even Zoey Gu couldn't tell which one belonged to the two bodies.

Knowing she was shy, Liam Lu stopped teasing her, lowered his head and kissed her earlobe, and raised her chin.

“Stupid, are you a bit of the queen mother? See where this is?”

Zoey Gu looked up in a daze.

The sight is in the direction of the garden below the floor-to-ceiling windows. Although it is early autumn, the garden is still full of wonders.

Zoey Gu was startled.

In the next second, she pushed away Liam Lu’s hand, ran to the French window barefoot, and looked out through the window like a child.

“That’s Gu’s garden!”

Her joy leaped over her face, and she turned and looked up at her surroundings, “This is my room.”

“This is Gu’s family!”

However, Gu’s family was sold by her after his father and brother fell into the sea a long time ago. Why now...

Realizing something, Zoey Gu suddenly raised his head, looking at Liam Lu unexpectedly.

“Is it possible... Are you the buyer?”

Liam Lu couldn’t help but curl his lips with such a rare sensational Zoey Gu.

“The little fool is not too stupid.”

Zoey Gu pursed her lips and looked at him, silently a gleam of water appeared in his eyes.

In the next second, she suddenly rushed over and jumped onto Liam Lu.

“Liam, thank you.”

Not knowing what she had remembered, the expression between Zoey Gu’s eyebrows and eyes became brighter, holding Liam Lu’s face with excitement, and said happily.

“You know? My father is still alive, he...”

Liam Lu stretched out his hand to hold her body, and the smile in her eyes became deeper when he saw her so happy.

“I know.”

He held her downstairs and walked towards the dining table, explaining in a low voice to her.

“You left Linhai Village on your front foot, and my people found it. Shiyue has arranged the best medical care in the past. As long as Uncle Gu is in the right physical condition, he will be picked up as soon as possible.”

Hearing the sound, Zoey Gu’s eyes lit up again.

“Really?”

Liam Lu looked at her amused.

“So, do you plan to agree with yourself again?”

Zoey Gu’s cheeks were slightly hot, and she reached out and pushed him, struggling to jump off him.

When the hand fell, he accidentally touched the remote control on the table.

The TV not far away suddenly turned on, and a clear picture instantly hit Zoey Gu’s eyes.

“Today, because the marriage with his predecessor, Zoey Gu, caused a sensation in the city, Liam Lu, who is in power, seems to have changed the marriage.

“He brought Xinhuan to the streets of the city in a high profile, intimate. There are many rumors that Xinhuan is the biological mother of his child...”
