Catch Me If You Love Me
Chapter 187

The unusually loud and sharp sound instantly echoed in the cramped space.

When the words fell, the two of them were startled at the same time.

Seeing the sudden burst of blue veins on the back of the man's hand, Zoey Gu suddenly regretted it.

With a blank face, she turned to look at the man beside her, and bit her lip subconsciously.

"I…"

Liam Lu closed his eyes, and the blue veins on Liam Lu's face were violent, and his jaw was tight, with a terrifying look that would explode at any time.

But Zoey Gu didn't wait for his rage.

After a long suffocating silence in the car, she suddenly opened his eyes and let out a heavy breath.

"It's because I'm too impatient to think about things comprehensively. Not next time."

Zoey Gu was taken aback.

He had already pushed the car door and glanced back at her.

"You wait for me in the car, I'll buy it."

After speaking, he closed the door and got out of the car, and walked to the pharmacy not far away.

Through the huge glass window, Zoey Gu could clearly see that Liam Lu, who had always been precious and excellent, was bending over, holding medicine in his hand, making a serious comparison.

The shopping guide who followed him was looking at him contemptuously, not knowing what he was talking about.

It seems that in the eyes of others, he is a proper hypocrite. I've slept, so what is the use of carefully choosing contraceptives to reduce side effects?

Seeing this, Zoey Gu pressed her lips tightly, feeling congested and uncomfortable, and couldn't tell what it was like.

She even thought about the moment he walked through the glass door far away.

If the girl Liam Lu had slept with was her and Alina Yin was the child she gave birth to that night five years ago, how good would it be…

Liam Lu returned soon and handed her a bottle of heated water and pills.

Seeing that she took out the pill, she put water in her mouth, and he grasped her wrist.

Black eyes met Zoey Gu's eyes solemnly, but didn't know what to say.

Zoey looked at his tightly pressed lips resolutely, and suddenly laughed mockingly.

"Do you want to say that this medicine is very harmful to the girl's body, so I don't want to take it in the future. If I really have it, I will be born, right?"

As she spoke, she suddenly sneered.

"Liam Lu, can you guarantee that your child will not live as short as you?"

The temperature in the car suddenly cooled.

Liam Lu raised his eyes swiftly, and his cold eyes tightly held her face.

"Zoey, don't try to provoke me in this way. I said, no matter what the situation, I can't let you go!"

After Liam Lu left, Zoey Gu slept till evening.

At dinner, Liam Lu called and said that he would come back later to eat with her.

Even though he was extremely resistant to this way of getting along, Zoey Gu got up and burned a table of dishes.

However, after waiting for a long time, Liam Lu never came back.

At half past eight, Zoey Gu subconsciously glanced at the clock on the wall, intending to reheat the meal.

A doorbell rang suddenly on the gate outside the courtyard.

Zoey Gu hurriedly got up, pressed the courtyard lock with one hand, and ran to open the door of the living room.

"You didn't set the password for this door, why are you…"

She raised her head as she said, and when she saw the person standing outside the door, she fell silent and froze in place.

It was not Liam Lu outside the door.

But Du Lanfu and Alina Yin holding hands together.
