Chapter 1881 Let You Pick Up Great Bargains

In this way, under Cynthia Chen's begging, Mark finally nodded in agreement.

However, when he walked to the door of the hotel, Mark was stopped by someone, "Sorry, private banquet, no invitation letter, no entry!" The waiter at the door said very righteously, with a blunt tone, but There is no room for change.

"He's my friend, I'll take my friend in, can't it?" Cynthia Chen suddenly became a little dissatisfied and complained to the waiter.

However, the waiter still shook his head: "I'm sorry, this lady. Your admission letter is for one person, so you can't bring people in."

"You~" Cynthia Chen flushed with anger.

"Nan Nan, forget it."

Mark was not interested in the reception at first, but now that the waiter refuses to enter, Mark simply doesn't bother to enter.

"No, Brother Mark. Leave this to me."

Cynthia Chen was a stubborn temper and immediately called.

Soon, a couple of men and women came over.

Mark had seen the girl just now, it was Cynthia Chen's senior sister, Kong Hui.

The man, wearing a black tuxedo, with a tie on his chest, and a Longines mechanical watch on his wrist, is extremely well-dressed, and he looks like a noble boy who often goes in and out of the upper class.

"Senior Sister Kong Hui, Senior Brother Haonan, you are finally here."

"My brother Mark also wants to attend the reception, but they won't let us in."

Seeing these two people, Cynthia Chen shouted.

“Nan Nan, it’s okay.”

“Leave it to us here.”

Kong Hui comforted.

Afterwards, Liang Haonan on the side stepped forward and said something to the waiter.

“Okay, Nan Nan, it’s done, take your friends and come in together.”

Liang Haonan snapped his fingers to indicate that everything was done.

Sure enough, no one stopped him this time, and Mark followed them into the hotel.

“Brother Haonan, thank you very much.”

Cynthia Chen and the others thanked Liang Haonan as they walked on the road.

Liang Haonan waved his hand: “It’s just a small matter.”

While talking, Liang Haonan looked at Mark on the side again, and said enthusiastically: “You are Nannan’s boyfriend.”

“Tsk tusk~” Liang Haonan looked at Mark carefully. , Dressed in ordinary clothes, you can tell from a plain background.

Although his appearance is considered handsome, there is undoubtedly a gap with Chu Nan.

“Brother, what a blessing.”

“There are so many talented and handsome princes in our school who failed to manage Nan Nan. In the end, I didn’t expect you to pick up a big bargain.”

“In this world of money, you This kind of luck is really rare.”

Liang Haonan shook his head with emotion.

Although he didn’t express anything deliberately, the meaning inadvertently revealed in those words was undoubtedly obvious.

To put it bluntly, in Liang Haonan’s view, Mark was the toad that had eaten swan meat.

Although Mark's appearance conditions were pretty good, he was undoubtedly inferior to those nobles at the school level who pursued Chu Nan in the university.

It is not an exaggeration to say that it is a toad.

"What?" "Are you envious of him?" Mark didn't speak yet, but Kong Hui next to him stared at him, putting on a vicious look.

Liang Haonan hurriedly begged for mercy: "No, I'm not envious. I just sigh for Shaojie and the others. I have such a flowery girlfriend like you, and I don't envy anyone."

This Liang Haonan is a love veteran at first glance, and he just said it in a fancy way. Set of a set.

"Oh, that's right."

"Brother Mark, this is a private party tonight, and the participants are all powerful figures from all walks of life in Japan."

"You can follow in, but remember, talk less, don't If you cause trouble, don't touch the surrounding things."

"The items in the Hilton Hotel are very expensive, but be careful not to damage them."

Liang Haonan told Mark in advance.

Mark hadn't spoken yet, but Kong Hui next to her stared and put on a vicious look.

Liang Haonan told Mark in advance.

Chapter 1882 Is Your Boyfriend Powerful?

Seeing that, it seemed that he was worried that Mark had never seen the world, so he would suddenly cause trouble on a big occasion.

After all, he led Mark in, and if something really happened, he wouldn't be able to get rid of it.

"Brother Haonan, you don't need to talk about these."

"Brother Mark also met the world in Noirfork. He understands the rules of the elite field."

Cynthia Chen replied.

"Really?" "But Nannan, Noirfork is just a small place after all, but it can't be compared with Dongjing."

"This Dongjing city is prosperous, but it can be ranked in the top ten in the world."

"Today alone I know. Yes, there are powerful celebrities from three countries."

"You'd better let your boyfriend pay attention."

Kong Hui also said from the side.

"Okay, let's not say much, the teacher is still waiting for us in front, right?" During the speech, a group of several people entered the living room.

There, an old man with glasses, waiting there.

This old man is very energetic, and he is a learned man at first glance.

Yes, he is Cynthia Chen's master tutor, Professor An.

After a brief introduction, Professor An also learned about Mark's identity.

"Well, since I also want to see the world as well, let Nan Nan's light come and see you."

"But, Hao Nan, did the rules tell him?" "Today's cocktail party is of a very high level. Don't touch things randomly."

Professor An also ordered.

Mark frowned without a trace, but did not speak.

Then, a group of five people went to the front desk and went to get the room card.

Tonight's cocktail party will last until late, so accommodation will naturally be provided.

But embarrassingly, the hotel only provides one double room and two single rooms.

Needless to say, the double room belongs to Kong Hui and Liang Haonan, and it is on the third floor with a better location.

The remaining two single rooms are on the second floor and are for Professor An and Cynthia Chen.

In other words, there is no room for Mark.

"Hello, can you add another room, I still have a friend."

Liang Haonan negotiated with the staff.

"Master Liang, I'm sorry, the rooms are all booked. However, if your friend is not disgusted, there is a staff room on the first floor of the hotel, and you can go there for a temporary stay."

"This"

Liang Haonan did not answer, but looked at Mark and waited for his decision.

"Don't waste time, let him live in the staff room. The staff room in the five-star hotel is also more luxurious than the outside hotel, so it's not wrong to treat him."

Mark hasn't answered yet. Professor An seems to be afraid of losing time, help Ye Van agreed down.

"Hello, I forgot to make an appointment yesterday. Give me an extra room."

At this moment, a couple just came over and asked for an extra room.

"Sorry, the rooms are all booked."

The staff still replied.

The man did not speak, just handed over the card.

The staff suddenly panicked: "It's Mr. Jill, I'm sorry, I will arrange the room for you."

Soon, the couple left with the room card on the fifth floor with satisfaction.

"What's up?" "Isn't there no room?" Cynthia Chen next to him was suddenly dissatisfied.

Kong Hui comforted: "Oh, my Ms. Chen, if you can ask for a staff room, you will be content. If it wasn't for my boyfriend's family business to have some small cooperation with the Abe family, I am afraid it is the staff room. Not much."

"As for anything else, don't think about it."

"You don't want to compare with that Mr. Gil just now, do you?" "That's the major shareholder of this hotel."

"People are powerful and powerful. Beyond the rules, is your boyfriend powerful?"
