

Catch Me If You Love Me

Chapter 192

Liam Lu's face was cold for an instant, Liam's face was green, and his eyes were full of the deadly cold storm before the rain.

He endured the urge to raise his hand to strangle her at any time, gritted his teeth and asked.

"In your heart, I am so unbearable?"

Zoey Gu quietly blushed, staring at him unwillingly.

"Before you, no. But now you..." she said, pulling her heart and closing her eyes in pain, "It's too strange."

Snapped!

Suddenly, there was a loud noise of shattering things in the ward.

Zoey Gu sneered, turned around, and walked towards the end of the corridor.

"Hurry up? You are the person she needs most now."

She left without two steps, and stopped again quickly.

"Liam Lu, I don't care what you are doing or what you want to do? I am tired and can't afford to play with you."

"Since you bought the Gu's house as a gift for me, I am its owner. If you can, don't go there anymore during this time."

After a pause, she said again.

"Also, I don't even want to see Du Lanfu at Gu's house. I have nothing to explain to you about the matter tonight, and I don't want to happen again."

Liam Lu looked at her quietly.

Seeing her red eyes gnashing her teeth, she can't wait to break with her in despair at any time, her heart is like a cloud of blood.

He subconsciously wanted to reach out his hand to keep her, but he moved stiffly and watched her walk out of his sight.

After a while, he retracted his gaze and walked back to the ward with a gloomy expression.

On the ground beside the hospital bed, a transparent glass cup was broken, and the ground was full of debris.

At this moment, Du Lanfu was lying on the side of the bed with difficulty, struggling to reach out to pick up the pills in the scraps.

She was thin, pale, and extremely pitiful.

Seeing him go in, Du Lanfu still maintained her movements and said laboriously.

“Liam, I accidentally broke the cup and the pills fell apart. You help me...”

Liam Lu put his pocket in one hand, squinted his eyes and looked down at her quietly, his eyes cold and motionless.

Du Lanfu waited for a long time, but did not see him moving, and subconsciously raised his head.

But he met a pair of eyes that were as cold as ten thousand years.

She trembled and almost fell to the floor!

“Yu, Liam?”

Liam Lu spoke coldly.

“I told you that you call me Mr. Lu when no one is there. Have you overestimated your status in my heart?”

For an instant, Du Lanfu froze in place, the blood on his face instantly lost.

Liam Lu stepped up, walked slowly to Du Lanfu, and spoke in a cold voice.

“I left you in the hometown, not only for Alina Yin, but also for each of us to get what we need. Do you really think that I, Liam Lu, is a fool?”

Zoey Gu left the hospital all the way, and when she declined, the more he wanted to send her back.

She took a taxi all the way back to the villa area where Gu’s family was located.

After getting out of the car, carrying a bag alone again, along the road of the villa group, walking back in a muddled way, not knowing what was thinking in the chaotic mind.

When she walked to the light not far from Gu's villa, she only felt that her eyes shook, and a figure suddenly came out of the darkness!

“what!”

Zoey Gu screamed and slammed back, and in a blink of an eye, the other party firmly grasped the bag in his hand.

The other party was all dirty and smelled constantly.

When Zoey Gu raised his head while struggling, he saw a familiar peaked cap at a glance!

That is...
