

## Chapter 193

Shao Hua's father is no longer looking for self-confidence on the chessboard. It's unnecessary. Zhang Fan is tired like a dog all day, and Zhang Fan's voice at home is becoming more and more important. Although he is usually silent, he can speak and do things very reliably, without the boldness of ordinary young people.

Shaohua watched Zhang Fan wash his hands and face, and then grabbed Zhang Fan to put some moisturizer on him. Zhang Fan generally doesn't like oil and can't care about it at ordinary times. Since he had a girlfriend, the quality of life has crossed several grades, and the days of single Wang are gone forever!

Before returning to the living room, Zhang Fan secretly grabbed Shaohua and kissed her. She has been busy for several days. She hasn't accompanied Shaohua to go shopping for a long time. Zhang Fan is a little guilty. Shaohua never asks for anything. Now she has entered the role of a wife. Shao Hua bought Zhang Fan's clothes from head to toe. He didn't let Zhang Fan worry about changing thick quilts when it was cold and thin quilts when it was hot. Zhang Fan didn't know when to change thick quilts when it was cold.

"I hate it. Be careful to be seen by my father! It's annoying. It messed up my hair again." Shaohua patted Zhang Fan gently and said. She also hopes that Zhang fan can accompany her more, but the nature of the work is like this. What can she do? All she can do is not to increase Zhang Fan's burden and let him not be distracted from small things. She worried that if Zhang Fan was distracted, he would be in trouble if he made mistakes when seeing others!

"Zhang Fan, are you hungry? If you're not hungry, eat some watermelon first!" The old man was very proud. Although it was brought in Zhang Fan's face, it was always under his banner to visit the old workers ~!

"Also, Zhang Fan, you eat some watermelon first, and I'll steam a vegetable box." Shaohua's mother also came out of the kitchen.

"OK, uncle and aunt, aunt, don't be busy. Let's eat some watermelon and steam it later!" Zhang Fan was going to the kitchen to get a kitchen knife, but Shaohua's mother went to get it. "You have a rest and lie on the sofa for a while. I heard old man Zhao in our yard say that you often stand for several hours at a time for surgery. It's really hard, which is longer than the penalty stand! It's only one class for the teacher to stand! " The old lady talked for a while. Seeing that her old man was about to speak with his mouth tilted, she turned and went to the kitchen.

"My mother is now listening to the hospital. She used to know internal surgery, but now she even knows the operation time!" Shao Hua said with a smile.

"Aunt cares about me!"

"She's just going to show off!" The old man looked at the kitchen and whispered.

"What is this? You still put it on the sofa." Shaohua saw the box on the sofa and asked Zhang Fan.

"Oh, the instrument manufacturer gave me a trial surgical instrument and a small gift." Zhang Fan said, gave Shaohua a small gift, and then carefully opened the surgical instrument box.

Shao Hua's father also looked at it curiously. When Zhang Fan opened the packaging of the surgical instruments, he found that the design of the instrument box was particularly scientific and stepped. It didn't look very big, but it was loaded with a lot of things, "no wonder it's so heavy." Zhang Fan said to himself.

The top layer is an all black stethoscope. Although it looks ordinary, Zhang Fan felt valuable when he got it. It feels very good, and it seems to be the kind of frosted skin. After putting down the stethoscope, there are also some small instruments for examination, such as stopwatch and ruler.

The second layer is special. All the knives, handles and pliers of all sizes are matte. After Zhang Fan started, he felt that the weight is very appropriate. He even brought goggles.

The third floor is an electric drill. Shaohua's father looked at this set of tools and said, "this is really advanced. It doesn't look big. It can hold so many things." When he wanted to weigh the electric drill, he didn't know what he thought. He stretched out his hand and suddenly turned to touch his neck!

"Uncle, it's really not light for you to weigh the weight." Although Zhang Fan saw it, he pretended not to see it. He didn't know what the old man wanted to see, so he gave it all to the old man.

Shao Hua's mother also came. Seeing such complicated instruments, she said to Zhang Fan, "is it necessary to use such things for an operation? No wonder some careless doctors leave their instruments in the patient's stomach. It's too much! "

"Hehe, it's OK." Zhang Fan smiled and didn't explain. The old lady didn't need to explain. She just felt it.

Although the old man took the instrument box, he didn't move the things in it. "It's very heavy." Then he gently placed it on the table, and specially placed it in the middle of the table. If it was not a set of surgical instruments, he would never be so careful! This is also an extension of ordinary people's respect

for doctors!

"You hurry to pack up your this. It's scary!" Shaohua looked at the rows of instruments that were either scissors or knives and said.

"Look at what you said. These are household belongings that save lives. According to the old rules, this box of things can enjoy incense!" Shaohua's father is dissatisfied with Shaohua's tone!

"Come and eat watermelon quickly. It looks really good. The melon pulp is very red, but I don't know whether it's sweet or not! "

No matter how sweet watermelon is in winter, it can't be as refreshing as it is in summer. After all, it's eaten in summer, "Hey! There are few people at home. I can't even eat a watermelon! " The old man sighed and said, many of his old guys don't play chess very much now. They have gone to take care of their grandchildren! He also wanted to have a little grandson, but he was embarrassed to say it.

"Just you." The old lady gave him a white look and said, "what's this small box? Don't get watermelon juice."

"Oh, this is the attached gift. Open it. " Zhang Fan didn't care either, because Zhang Fan shook at that time, not heavy.

"Lipstick! ~" Shao Hua opened the outer packing box and found two lipsticks inside!

"Oh! That's just right. You can use it! " Zhang Fan is not interested after reading it!

"This doesn't seem very cheap!" Shaohua said with lipstick.

"How expensive can it be!" Zhang Fan didn't understand this, so he said.

"This is Dior's lipstick. It's estimated that it's hundreds of each! I'll check it online. If it exceeds 100, send it back to others. It's not necessary. "

"Yes!" Zhang Fan said.

Shao Hua ran to the small bedroom and checked for a long time, "there's no such one!" Shaohua said with lipstick.

"It won't be a fake!" Zhang Fan said casually.

"I'll ask Jia SuYue. She must know!" Shao Hua said.

"Well! All right! "

They have a good relationship, but their different family backgrounds lead to their different consumption concepts. Shaohua and Zhang fan are similar and take a practical route, while Jia SuYue is a little different. She pursues high quality, whether it's life or life. And recently she also talked about an object, which is said to be the son of a small miner who came back from abroad. Jia SuYue has made an appointment with Shaohua many times, but Shaohua is busy reading. They haven't seen each other for a long time. Zhang Fan is not busy today. She wants to see Jia SuYue. Anyway, she is a playmate from childhood to childhood.

"Yue Yue, what are you doing today? Zhang Fan and I invite you and your prince to dinner!"

"Yes! Good! I'm going to be angry with you. Look how long it's been. We haven't met. "

"Don't you read and study again? I'll treat you to a big meal today!"

"Western food?"

"Hot pot!"

"Stingy."

In small border cities, Jia SuYue's conditions are top-notch, but Jia SuYue stays at home all day, doesn't fall in love, doesn't find friends, and her parents are worried. Introduced a lot of young talents, none of them succeeded!

In China, the elderly pay special attention to the marriage of their children. If the children do not get married and have children on time, the elderly feel that the task of this life has not been completed.

Lao Jia once had dinner with a boss and talked about his children. As a result, as soon as he heard that the other party's son was also single and had just returned from studying in the UK, they hit it off and contacted the blind date of the two younger generations.

The boss's business is not small. He is a first-class family in the tea vegetable market. After becoming rich, he broke up with his original partner peacefully and found an actress from a tea vegetable local opera company. He is also an old-age child.

The boss who gets rich by mining capacity is not good at stubble, but his child is too kind, so he doesn't expect his child to inherit his industry. He can't keep it. He may bring disaster to his child. He has made enough money, so he pulled back the child who is far away in Britain and spent money to let him enter the ranks of civil servants.

Jia SuYue's boyfriend is Lejie. He studied art appraisal in Britain. His temperament and appearance follow his mother. He is tall and handsome, and his character is also very soft. When she first met Jia SuYue, she was fascinated by Le Jie. This is the prince of her dream.

Temperament, style, dress and conversation all have the demeanor of a gentleman. Lejie has been a good baby since childhood. His father is too strong. After they have been dating for a period of time, even if they have determined the relationship.

After Shaohua told his parents, he set out with Zhang Fan " Jia SuYue is in love! You can't quarrel with Jia SuYue today! " Shaohua said something to Zhang Fan in the car.

"How possible! I will never provoke her! " In fact, Zhang Fan's heart is filled with emotion. What a hero can live with Princess Jia!

The agreed hot pot city is a new self-service hot pot. The price is not cheap, but it is also cheaper than western food. After all, it is the first time to invite your best friend's boyfriend to dinner.

"Hua Zi!" Jia SuYue was more gorgeous under the moisture of love. After seeing Shaohua from a distance, he quickly hugged Shaohua and said, "I'm angry!"

"All right, all right! I know I'm wrong. Tell us about it! " Shaohua looked at the young man standing on one side and said.

"Le Jie! This is my best friend Shaohua. This is Zhang Fan, Shaohua's boyfriend. "

Shao Hua a lot of Lejie. He is estimated to be about the same height as Zhang Fan. His temperament is good, but he feels a little weak.

Zhang Fan took the initiative to shake hands with Lejie, and the four entered the hot pot shop. Shaohua secretly said to Jia SuYue, "how handsome! It is estimated that you are under pressure. You see, people's skin is probably whiter than you! " Shaohua joked.

"Cluck! Yes, I have changed the mask he uses now. The effect is very good. I will introduce it to you later. "

Living and nurturing, Lejie has a rich life since childhood, and has been influenced by art for many years. He is really elegant. He didn't talk much. He sat quietly listening to the two girls chatting. He and Zhang Fan didn't have much in common. Zhang Fan didn't understand what he said, and he wasn't interested in what Zhang Fan said.

As soon as I sat down, I heard a voice: "Dr. Zhang!" There was surprise and joy in his voice! Zhang Fan turned his head and was happy. Zhu Bing and Lu Renjia also came to dinner.

When Zhu Bing saw Zhang Fan, he shouted. They rescued a pregnant woman together. After being reported, he and Lu Renjia were rewarded by the unit leaders, but Zhang Fan had no reward. Who made him a doctor.

"Road section chief!" Jia SuYue knows Lu Renjia, and Jia SuYue's father has a good relationship with Lu

Renjia's father, but the relationship between the two girls is average.

After Shaohua, Lu Renjia and Jia SuYue exchanged greetings together, Zhang Fan said, "let's eat together. There are many hot pot people and it's lively." He has a very good image of Zhu Bing.

"Is it convenient?" Lu Renjia asked.

"It's convenient. We're all friends. Let's eat together." Shao Hua also said.

"Then let's go together?" Lu Renjia looked at Zhu Bing. They are still in contact. Zhu Bing, a very excellent criminal policeman, found out from some clues that Lu Renjia is single. What are the advantages of criminal policemen? They have a thick face and patience. After grinding for a long time, they can finally ask Lu Renjia out for dinner and shopping alone. Their work units are not in the urban area, We don't spend much time together at ordinary times. Zhu Bing is now becoming a big customer of mobile!

Boys do it together and girls sit on the other side. No matter how born, all of you here are excellent young people. When there are more people, the atmosphere is good.

The three girls have their own merits. Jia SuYue is charming, Lu Renjia is cold and arrogant, and Shao Hua is intellectual. Although they are not national, they can also attract attention. The three boys opposite are also different. Le Jie is elegant, Zhu Bing is rough and crazy, and Zhang Fan is calm.

The three women talk about cosmetics and beauty together, and the three men are mainly Zhu Bing and Zhang Fan. Lejie listen again~ Then he talked about the last pregnant woman. Zhu Bing was very talkative. It was estimated that he had been suffocated by his usual tasks. He told stories one after another.

After dinner, Jia SuYue proposed to sing. People's communication is like this. Friends in society are accumulated little by little. No one can get rid of this interpersonal communication. Whether you are rich or expensive, the blocked social relationship is unhealthy!

Jia SuYue loves singing and sings well. Although Shaohua doesn't particularly like it, he is young and doesn't exclude it. Lu Renjia is special. He seldom comes to such entertainment places. He usually goes to private clubs.

KTV is really Jia SuYue's world. She is not proficient in all kinds of songs. It's a pity that she doesn't go to the entertainment industry. Zhu Bing drinks beer, Le Jie drinks dry red, several women drink ice bead wine, and Zhang Fan drinks white water! After drinking a little wine, the atmosphere became more enthusiastic.

Young and beautiful girls will become the focus anywhere. It's convenient for Lu Renjia to go to the bathroom. Zhu Bing wants to follow. As a result, Lu Renjia stopped it. She's embarrassed! Zhu Bing knows that this kind of occasion is too complicated. Fish and eyes are mixed. Everyone has it.

He smoked outside the box and watched Lu Renjia go to the bathroom. After Lu Renjia's convenience, the trouble came when he washed his hands. Because her temperament is incompatible with this occasion, she attracts more attention.

A young man with bare arms propped Lu Renjia with his lower body and bent down to wash his hands. The curved curve let the social figure who had drunk a lot of wine get on top of the sperm.

When Lu Renjia found something wrong, he turned and slapped the social figure, "asshole"

"Pepper! I like it." The social personage with flower arms stretched out his tongue, licked his lips and said frivolously!

This action made Ren Jia almost spit out. It's disgusting. She hurried to leave, but her wrist was held by the public. Lu Renjia wants to reach out again. After all, she is a girl. How can she hit a man who is on guard!

"Incense!" The man with flower arms stretched his head close to Lu Renjia, narrowed his eyes, sniffed his nose and said.

"Let go of me, you bastard."

Although the KTV environment is noisy, Zhu Bing has been paying attention to the bathroom. After vaguely hearing that it was wrong, he hurried to the bathroom. When he saw Hua's arm holding Lu Renjia playing a rogue, his eyes would jump out, a quick small cushion step, and then a whip leg, he would chop the rogue social figure down by the wash basin. This foot power was really fierce, and the Hua's arm lying on the ground couldn't get up.

"Go!" Then he pulled Lu Renjia away. He was not afraid, but he was worried about Lu Renjia! This kind of person is either drunk or taking drugs. He may not be able to hold down in civilian clothes.

It's so immortal. As soon as I went out, I met several people in the same dress. Zhu Bing took Lu Renjia and left quickly. As soon as I walked out a few meters, I heard shouting and chasing voices behind me, "go, go to the box and call the police. Don't come out anyway, come on!" Then he pushed Lu Renjia away.

He turned around!
