

Catch Me If You Love Me

Chapter 195

Immediately, it was the boundless darkness...

I don't know how long it took, Zoey Gu woke up groggy, the only clear feeling in her mind was.

pain.

She groaned in pain, and subconsciously raised her hand to stroke her aching forehead.

The hand was suddenly held.

Then a male voice rang in his ears.

"The wound has just been treated, don't move."

Zoey Gu froze suddenly, opened his eyes along the sound, and instantly met Logan Fu's narrow eyes.

"What? It was me, or was it so unexpected?"

Zoey Gu frowned, sat up and leaned against the head of the bed with the help of the man, and looked up at Logan Fu.

Before asking, Logan Fu had already given the answer.

"I was invited to a private party tonight, and suddenly I received a call from you. It was connected but no one answered, I guess something happened to you."

Zoey Gu was taken aback, trying to recall something, but there was a blank in her dull, painful head.

Is it possible that when I was unconscious, I accidentally touched the call button?

Being confused, Logan Fu had already handed her the phone.

"When you followed the location and found you, you were covered in blood. Why? Frustrated and self-destructive, or is the road robbed?"

Zoey Gu took the phone and caught a glimpse of the words "Liam Lu" under "Logan Fu" on the call log. There was a sudden pain on the apex of her heart, and then she pulled his lips and laughed at himself.

“Logan Fu, thank you.” Counting, how many times this man has saved him, she can’t even count.

Logan Fu smiled again, and leaned over, the heat between his lips sprayed directly on her face, like a smile.

“Little Zoey, I still said that. I don’t want verbal or material thanks. When will you give me your people?”

Zoey Gu frowned, raised her hand and pushed the man’s chest away, helplessly said.

“Logan Fu, be serious. I have something important to tell you. The one who attacked me tonight is Lydia Lin. She has appeared.”

Logan Fu was taken aback, and immediately recovered his sorrow, curling his eyebrows to look at her.

“Do you want me to help you find her?”

Zoey Gu pursed her lips.

“More than that, the only thing I learned from her about the whereabouts of the child was that the child was taken to what city?”

Logan Fu heard this, and the folds between his brows became deeper.

“There are not many local capitals in the entire Ruoda H country. Yundu, Xingdu, Fengdu, and Nandu. As long as people are in the territory, I can definitely find them.”

Hearing the word “Southern Capital”, Zoey Gu’s eyelids jumped inexplicably, and a strange feeling suddenly rose in his heart.

Before I went into details, I heard that Logan Fu had already laughed softly.

“Little Zoey, now, the favor you owe me is really endless. But it doesn’t matter, because you will be mine sooner or later.”

Zoey Gu’s wound was on the corner of her head.

After the treatment, she was observed for a period of time, and she offered to be discharged, but the doctor did not force her.

Logan Fu drove her to the door of Gu’s villa.

Zoey Gu untied and completely took him out of the car, turning his head to thank Logan Fu beside him.

“Thank you today. I’m going back. You drive carefully.”

As he was about to leave, Logan Fu in the car chased him out, caught off guard, and raised his hand to press Zoey Gu's shoulder.

This scene, if viewed from the back, is like a couple kissing late at night, very intimate.

"Zoey, guess what's your feeling if Liam Lu sees you come back so late and is so close to me?"

Zoey Gu didn't understand what his trouble was, rolled his eyes and pushed him away, then turned and left.

"be careful."

She opened the door and entered the courtyard, walked slowly to the hall, just about to enter the password to open the door.

The door opened suddenly.

She didn't even have time to react, so she was immediately pulled in with force –
