

# Chapter 197

Leon nodded and hurriedly went to prepare the meal, and specially asked the cook to make three chicken legs.

When he brought the meal in, Alyssa smelled the aroma of chicken legs. She had just consumed too much strength, so she needed to replenish her energy.

The three big chicken legs were too tempting.

She immediately picked one up and gobbled it up.

Leon took a napkin. Seeing that her mouth was covered with sauce, he hurriedly wiped her mouth.

Alyssa was eating happily when she suddenly found Leon staring at her chicken leg. She hurriedly hid the chicken leg behind her.

"No one will steal your chicken leg. Why do you take the chicken leg behind you? Take it out. Don't get oil everywhere."

Leon was about to explode when he saw Alyssa's action. She actually hid the chicken leg. Was it necessary to hide it?

"Don't think I didn't see the way you coveted my chicken leg. I really don't know that you even covet my chicken legs, huh? These are not enough for me. You can't eat it even if you want to."

Even if Leon wanted to eat it, she wouldn't give it to him!

These three chicken legs weren't enough for her!

Leon could see that Alyssa thought he was going to grab her chicken legs. But how could he do that?

He wasn't interested in chicken legs at all.

However, it was funny to see how she was worried that he would eat her food. He suddenly wanted to tease her, "Alyssa, you're so ungrateful. I brought you the chicken legs. Now you're eating them, but you won't share any of them with me. Don't you think you're going too far? You should at least share one with me."

"You really want to steal my chicken legs."

Alyssa saw through Leon's mind right away.

Worried that Leon would steal the chicken legs from her, she simply took a bite of the remaining two chicken legs one by one.

Each of them still had her saliva on it.

Now she was relieved. Leon was so clean that he would not eat the chicken legs she had bitten.

She looked at Leon proudly, "These two chicken legs have been bitten by me and are covered with my saliva. I advise you not to eat them. It's not healthy."

Leon felt that Alyssa had underestimated him.

He came up to Alyssa's face, and Alyssa subconsciously stepped back. Then Leon took a bite directly from the chicken leg in her hand.

But the chicken leg in her hand had little meat left, and the bone was covered with her saliva.

Leon had just eaten the gristle.

She didn't like gristle, so she didn't eat that part.

As a result, Leon ate all the bones.

She didn't expect Leon to be willing to eat her leftovers at all, which was too surprising to her.

Leon looked at Alyssa's dumbfounded look and his eyes fell on the two bitten chicken legs behind her.

She immediately realized something and turned to protect her chicken legs, "Leon, these are for me to tonic my body. If you want to eat it, it's easy. You get pregnant first. You shouldn't grab food from a pregnant woman."

"I'm just going to grab it from you!"

"Childish man, here you go then."

Alyssa directly gave a chicken leg to Leon.

She just gestured, but she didn't expect Leon to really take a bite.

Alyssa watched Leon take a bite at the place where she had bitten. She couldn't help but ask, "Don't you dislike the chicken leg I bit?"

"How could I dislike my wife?" Leon looked at Alyssa with a "you underestimate me" look on his face, "Why do I have the feeling that you are asking this because you are unwilling to give me this? Alyssa, I bought you these things."

"Forget it, let's eat together. There's a lot more anyway."

Alyssa didn't mind.

Even she was Leon's, not to mention the chicken legs.

Besides, she didn't seem to see Leon eat like this. He was elegant and reserved when he ate. Now, the way he gnawed on the chicken leg looked similar to ordinary people. She felt that she had a better sense of life with Leon.

Leon really got the taste of chicken leg this time.

The taste of chicken leg was not bad. No wonder Alyssa loved it.

After taking a few bites, he suddenly felt hungry too.

So, he started to gorge himself.

Suddenly a napkin appeared in front of him, and Leon realized that his mouth was covered with scraps.

He froze and did not take the napkin. Only after a long time did he come to his senses. It turned out that with someone he liked, he could care less about his image.

"Eat it while it's hot! Chicken legs won't taste good if they get cold."

Leon thought that what Alyssa said made sense. He immediately ate it up, even ruder than before.

Alyssa smiled at Leon's look. That was the right way to eat.

After they finished the chicken legs, Leon dragged Alyssa to the bathroom. Alyssa lazily leaned on Leon's body and stretched out a pair of greasy hands, "Wash my hands for me."

Leon looked at Alyssa's lazy look and couldn't do anything about it. He had to nod his head to help her wash her hands.

"The water is a little cold. Make the water hotter. I feel cold." Alyssa looked at Leon.

Leon smiled and hurried to adjust the water temperature.

"Leon, the water is getting a little hot. Can you adjust the temperature again?"

Leon frowned. He didn't think the water was hot. This girl must have done it on purpose. However, since she said that, perhaps the water was really not appropriate, then he would adjust it again.

Leon listened to Alyssa. Whether Alyssa was deliberate or not, he began to adjust the temperature.

Alyssa originally wanted to make things difficult for Leon, but looking at his serious face, she suddenly just wanted to look at Leon.

Leon adjusted the water temperature and helped her wash her hands. After washing Alyssa's hands, he noticed that Alyssa kept staring at him. Leon was a little uncomfortable being stared at like this for no apparent reason.

For a moment, his cheeks were red.

He looked a little shy.

Alyssa didn't miss Leon's shy expression.

She came close to him and kissed him.

Leon was a little confused.

All he saw was Alyssa's smiling face.

He instantly didn't want to ask anything but to take her in his arms and kiss her hard.

But just as he pressed her against the wall, his phone suddenly rang.

Leon cursed in his mind.

He picked up the phone and his hand immediately shook when he saw that it was his grandfather calling.

Seeing Leon's hands shaking, Alyssa subconsciously glanced at the phone. When she saw that it was grandpa calling, she said, "Answer the phone."

Leon didn't want to let go of Alyssa, and he planned to make out with her later. So, with one hand on the wall to keep her from leaving, he answered the phone with the other hand shaking a little.

"Leon, something's happened to George. Can you let George out first? He's sick and has been running a high fever. You know that George is not in good health. I'm begging you."

Kevin was so anxious that his voice even trembled as he spoke.

Leon heard his grandfather's voice shaking and said softly, "Don't worry. I'll do it now."

"Thank you."

Hearing Grandpa say thank you to him, Leon felt quite uncomfortable.

He hung up the phone and hurriedly called someone to take care of George.

In fact, he just wanted to teach George a lesson this time.

George's last name was Hunter after all.

He had taught him enough lessons. When George got sick, grandpa panicked. It was time for him to let him out.

Alyssa stood aside, unable to leave, and just watched Leon take care of George quickly.

"You're just going to let George go?" Alyssa blinked, "The cost of crime is so low. He's sure to do it again in the future!"

"So what do you think I should do?"

"Let him out, live with us, and let him watch us make out every day. I don't believe he will dare to call me a bitch again!"

"He said that?"

Alyssa nodded, "Yes, he even said I caused you trouble!"

"Then it's time for me to consider your suggestion. Grandpa said he's sick. When he gets better, I'll get him over here and watch us make out. I'd like to see if he dares to talk about you like that again."

"He would only call you a pervert!"

Alyssa said, lifting her finger to draw circles on Leon's palm.

Leon's hand shook and the phone fell directly to the ground.

Bam!

Alyssa didn't even look at the phone and went over to kiss Leon, who was instantly blank. However, he quickly responded to Alyssa.

They stayed in the bathroom for a long time.

Leon finally let go of Alyssa.

Alyssa looked at Leon's red face, "If George was there, he would know who seduced who."

"So what? It's natural for me to kiss my wife."

He seemed to be right.

Alyssa didn't know what to say.

Anyway, she couldn't refute him, so she simply didn't say anything.

Leon could say whatever he wanted!

Anyway, they were in the bathroom now. The bathroom was quiet and it seemed like the whole world stopped.

"Leon."

Alyssa was being held by Leon and softly called his name.

"Mmm," Leon answered as he hugged Alyssa.

"I want to be with you forever. No matter what happens, I want us to be together in peace and quiet like this. I haven't been with you quietly like this in a long time."
