

Chapter 199

At this moment, the Willson family compound.

The Old Mrs. Willson and Noah Willson are waiting for news that Harold has successfully seized the villa.

But unexpectedly, they received the news that Harold was seriously injured and arrested and detained by the police on the grounds that he was suspected of breaking into private houses and intentionally hurting others!

This made Old Mrs. Willson particularly angry!

She angrily said: "This must be done by Claire and her family again! It's really unreasonable!"

Noah was very nervous when he heard that his son was injured, and said angrily: "Mom! Jacob is so arrogant! You have to call the shots for Harold! After all, he has always listened to your sayings, what you say, he will look at you! "

"It's natural!" The Lady Willson snorted coldly, and said, "What if their family has that villa? Isn't it an empty shell? No money, no power, how can they fight us! Not only do they want to take the villa It will cost them a painful price if they get it!"

As he was talking, someone came in to pass a message: "Lady Willson, Solmon, the head of the White family, has just arrived!"

"Oh?" the Lady Willson blurted out, "please come in quickly! I was just about to ask you why he should give the villa to that family. White family are also our in-laws, so how can he break his elbow!"

As she was talking, Solmon flew over with his nephew Gerald.

The two of them came over, and they had retired.

In fact, Gerald was a little tired of losing Wendy, the main reason was that Wendy's family really couldn't make it to the table.

So, when the uncle said that he would divorce, he did not object, even let the uncle be Master here.

Seeing the two coming in, Mrs. Willson hurriedly greeted them and said, "Oh, my in-laws are here, why don't you say hello in advance!"

Solmon sneered, and said, "Mrs. Willson is so majestic!"

Old Mrs. Willson didn't know what Solmon's words meant, she squeezed out an awkward smile, and said, "Why are you saying this?"

After that, she said to Noah quickly: "It's rare that President White came to the door in person. Don't you come here quickly and invite President White to sit in? This is your future in-laws!"

"I won't come in." Solmon waved his hand with a cold face, and said, "I came here today, mainly to talk about the marriage between the two families."

Mrs. Willson hurriedly said: "Please rest assured, Mr. White, the courtesy we should have at the wedding banquet, there will be no less, please say it Mr. White if you have any requirements."

Solmon said coldly: "Then I will make a long story short. Our White family has recently thought about it and felt that the different ways are not conspiring for us to get along together. Therefore, this time we are here to cancel the marriage contract between Gerald and your Wendy."

"What, do you want to cancel the marriage contract?" The Old Mrs. Willson and Noah Willson were both shocked.

Wendy behind her was silly, and she blurted out: "Why? Gerald and I have booked the big day!"

After speaking, she asked Gerald: "Gerald, what is going on?"

Gerald stretched out his hands awkwardly, and said, "This is a family arrangement, and I can't help it."

The Willson family is about to collapse!

The relationship between the two families was booked long ago, and even the marriage has been booked. Now all relatives and friends know about it and are waiting for the wedding next month.

At this time, the White family actually wanted to cancel?

The Old Mrs. Willson is looking forward to getting married with the White family, and relying on the White family to fly to the top!

Now the White family is about to cancel it with a single sentence. Doesn't this vanish all her big dreams?

Chapter 200

Moreover, although Wendy and Gerald are not married, they have been together for a long time. Some time ago, the two children were careless and got pregnant unexpectedly. In order not to make gossips, Lady Willson asked Wendy to knock off the child and prepare to wait for marriage.

Unexpectedly, White's family will now come directly to retreat!

This, isn't this playing with the granddaughter for so long?

Moreover, she also made her belly bigger once, so she was going to leave?

She was very angry and tremblingly asked: "Mr. White, why are doing this? My Willson family has not offended you! Moreover, we have always treated Gerald as our own son. He had been with Wendy before. For a child, I also think that the reputation of the two families should be taken into consideration, and we can't get pregnant before unmarried, so I advocated that Wendy had the child knocked out. You can't do this to her, right?"

Speaking of the child, Wendy burst into tears.

Solmon sneered and said: "If this matter is to be blamed, you can't blame Gerald, just blame your Old Mrs. Willson for being too shameless!"

"This" Old Mrs. Willson didn't expect, Solmon cursed directly on her head and couldn't help asking: "What happened to you, Lady Willson?"

Solmon hummed: "The villa I gave to Charlie, you guys were going to grab it too. For people with no character like you, how can I become relatives with you?!"

The Old Mrs. Willson was dumbfounded, and blurted out: "My family, this is a matter between us and Charlie, so why it bothers you?"

Solmon said coldly: "You Lady Willson is really shameless! That villa is my honor to Mr. Charlie, you dare to snatch it? You don't look at it, you're a sh!t!"

Mrs. Willson felt a sharp pain in her chest.

This Solmon doesn't give her respect! If the family is rich, can they insult me like this?

However, she did not dare to refute it at once.

Because she knows that she is at a loss in this matter!

Moreover, she really did not expect that Solmon would respect Charlie Rubbish so much!

This in the end is why? !

At this time, Wendy sat on the ground, watching Gerald crying and said: "Gerald, I was pregnant with your child, you can't leave me!"

Gerald on the side said lightly: "If you are to blame, blame your grandma and your father, oh yes, and your brother!"

As he said, Gerald said again: "Also, you even beat Libo. You know that Libo has been in my White's house for 40 years and saved my father's life. And he was the one who looked after me when I was young. I was saved by Uncle Libo when I stumbled into the water. Otherwise, I would be dead now. Uncle Libo is no different from my grandfather to me. You actually beat him to rob the villa! How outrageous! A shameless family cannot be like my family, I won't be your son-in-law, and don't even want you to be our daughter-in-law!"

Noah Willson stood aside, his face pale.

Old Mrs. Willson also had a frightened expression on her face.

They thought that Uncle Libo was just a subordinate, but they didn't expect it to be so important to the White family.

Old Mrs. Willson regrets that her intestines are all green at this time. If she knew that, what villa would she still rob!

The villa was not snatched and ruined the granddaughter's marriage!

The key is that I still count on relying on the White family to fly and grow up! Now all the chickens have been beaten!

Thinking of this, the Lady Willson almost burst into tears.

Sitting paralyzed on the ground, Wendy yelled at the Old Mrs. Willson angrily: "I blame you for the dead Lady Willson! I blame you for ruining my happiness!"
