## Chapter 2002

He had already forgotten that this catastrophe originally started when Fu Zhengxiong deceived Shen Wei.

He forgot, and he thought the child also forgot.

At this moment, Fu Zhengxiong was extremely embarrassed.

He grabbed Shen Weiyi and looked at Shen Weiyi very flatteringly: "The only baby, I am grandpa, I am grandfather, your grandfather. Grandpa knows it's wrong, grandpa is coming to see you now, see you And your younger brother, you and your younger brother are the only two grandsons of our Fu family, grandpa will have nothing in the future, only you and your younger brother."

Fu Zhengxiong burst into tears, and his words were full of guilt.

He is sincere.

I used up all my sincerity.

But Shen Yi didn't buy it at all.

Shen Weiyi struggled to step back: "No, don't deceive me like this again, can you tell me directly what you want to do? My mother is very weak now, my brother is only three days old, my father these days I'm

not happy either, every time I see my dad, my dad is crying with a picture of my uncle Haoyang.

You old man, tell me if you have anything.

It doesn't matter if you want to kill me.

But don't hurt my mom and my brother, and my dad, they are all pitiful.

Right now, I'm in charge of this house. “

A six-year-old child, who has not yet entered the first grade of primary school, already knows to protect his mother, his father, and his newborn brother.

She felt like she had grown up.

Now, she is the pillar of the family.

These words stopped in Fu Zhengxiong's ears, and it was like gouging out his heart.

“I'm grandpa...” Fu Zhengxiong burst into tears.

“Grandpas all over the world hate their grandsons, but you are not, you told me last time that you are my grandfather, my father's father, I believe you, I want a kiss Grandpa, just like the grandpas of other children who picked up the children and bought them a lot of snacks to eat.

I want a grandpa like that.

I believed you, but you lied to me.

You are not my grandfather, you are a liar.

The enemy of our family! “

Fu Zhengxiong: “...”

He longed to take a look at his grandson, who was just three days old.

But he never thought that he was just one step away and was blocked by his six-year-old granddaughter.

“Whatever you want to do to our family, come at me! You can beat me to death! But you can’t hurt my parents and brother!” Shen Weiyi stood tall and looked at his own grandfather fearlessly.

At this moment, Fu Zhengxiong felt extremely guilty.

Ashamed, he couldn’t say anything.

Arron stood behind him for a long time. He didn’t even know what to say. He opened his mouth several times without saying a word.

say what?

The only thing, this is really your grandfather, let him in, right?

What does the only one think?

The child is only six years old, and this may be her lifelong trauma.

Arron can’t say: Dad, let’s go, the only one is not welcome.

This is bound to be an extremely heavy blow to the seventy-year-old.

The Fu family can’t have a third funeral now.

“The only.” Arron thought about it for a long time, but still shouted: “Many people in this world will do wrong things, just like your grandfather, he lied to you like that before, it’s his fault, my father will never forgive him, and the only one will not Forgive grandpa.

However, in terms of blood relationship, he is really your grandfather

.

That is my father, my biological father.

Just like me and you.

## Chapter 2003

Grandpa now knows that he is wrong, and he wants to see his newborn brother.

This is the only thing to decide, okay?

If the only thing that doesn't want grandpa to see his brother, dad will let grandpa leave here immediately. "

Arron can only say the same.

This, he thought, was an attitude toward sincerity toward children.

Although children are small, they also need respect and equality.

Hearing what his father said, Shen Weiyi looked at Arron: "Dad, are you sure that this bad old man is your father?"

Arron nodded, in a very helpless tone: "It's my father."

Shen Weiyi sighed: "Dad, why are you so pitiful?"

After speaking, her eyes turned red: "Dad, I feel sorry for you. You are not like me. You have a good father and a good mother, but you don't have a good father."

Arron + Fu Zhengxiong: "..."

Behind Shen Weiyi, Alyce had already walked out of the living room.

Originally several people were talking in the living room, when they saw the only door open

After not coming in for a long time, Alyce came over and took a look.

Alyce understood what was going on when he saw that Shen Weiyi was blocking the door to prevent Fu Zhengxiong from entering.

Her tone was very rude: "Mr. Fu! Don't think that your granddaughter won't let you in! It's not like you don't know what your granddaughter and daughter-in-law have been through these days, don't call it a granddaughter. , Even if it were an adult, if you harmed your relatives like this, the adults would not spare you!"

Let alone a child.

She is weak, but she knows how to protect her brother.

She is afraid that her brother will be deceived by you again, and that you will deceive her brother away! “

Fu Zhengxiong nodded again and again: “Yes, sister Shu, what you said is that everything is my fault.”

Even at this moment, he really wanted to see his newborn grandson, but he couldn't speak any more.

Fu Zhengxiong looked at Shen Weiyi with incomparable sincerity: “The only one, it was grandpa's fault in the past, grandpa knows that the mistake he made can no longer be made up, grandpa knows it's wrong, grandpa should be punished, grandpa doesn't look at his brother anymore, Grandpa is leaving your home now.

You take good care of your parents and your brother.

Grandpa is leaving. “

After speaking, Fu Zhengxiong turned around and left.

There were tears in his eyes from the elevator.

He never imagined that his life would be so desolate. Desolate enough to want to see his little grandson, he is no longer qualified.

When he got out of the elevator, he didn't know where to go when someone called him from behind: “Master, wait a minute.”

Fu Zhengxiong turned his head and saw that it was Christopher.

Christopher said respectfully: “Master, you... Fourth Master said, let me... send you back first.”

Fu Zhengxiong waved to Christopher weakly: “No... no need, I want to be alone, be quiet, be quiet.”

As soon as he said it, Fu Zhengxiong took heavy steps and walked out of the community where Arron was.

He stopped him when he came out

a taxi.

“Old sir, where are you going?” the taxi driver asked, looking at the well-dressed old man.

“Go to the cemetery.” Fu Zhengxiong said briefly.

The driver was stunned for a moment: “...”

Seeing that the old man was in a very low mood, the driver drove out aimlessly for a few minutes before asking Fu Zhengxiong for the address of the cemetery in detail.

Two hours later, Fu Zhengxiong took a taxi to the cemetery where Shanna was.

The sky was raining mournfully, and Fu Zhengxiong’s heart became more and more mournful.

He came to Shanna’s tombstone in the rain, and knelt down.

“Xiaomi, can you...can you hear me talking to you?” Fu Zhengxiong burst into tears.

Chapter 2004

The tombstone standing in front of Fu Zhengxiong's eyes was cold and unresponsive.

The woman with a gentle smile on the tombstone was still smiling, but that smile was not warm.

Looking at this smiling face, Fu Zhengxiong thought of when he and she were both young, when she was so dependent on him, and her heart was all on him.

She treats him as her husband.

The most loved person in this life.

Little did she know that he was the man who killed her whole family.

He not only harmed her whole family, but also made her unmarried for life, and in the name of a mistress, he wronged the quilt.

To the death, she has not fought for her position.

Now that I think about it, how cruel is this to a woman?

"Xiao Min, how good would it be if you were alive now? Why didn't you live another ten years? Your son, also our son, is in charge of the entire Fu Group, as well as your little grandson.

One

girl, a boy.

And your daughter-in-law.

Everything is yours.

All together are yours.

Your sons don't even want to give them the name 'Fu'

last name.

Xiaomin, if there is a war between me and you, you will win.

And now I am completely alone.

Xiaomin, have you seen God's punishment for me?

Look, how fair is this world?

come out to mix,

Sooner or later, I have to pay it back, and I paid a thousand times the price, didn't I?

Your two children, one hates me to the bone, the other sleeps in your arms, how happy are you?

Xiaomin, how happy are you? "

Fu Zhengxiong cried and poured money on Shanna's grave, and kept saying, "How happy are you, how happy are you?"

From a distance, when Christopher saw this scene, sadness also emerged in his heart.

But what can he say?

There is a saying, eat your own fruit.

This sentence could not be more suitable for Fu Zhengxiong.

Christopher's cell phone rang, it was Arron's call, Christopher immediately connected: "Hello, fourth master, yes fourth master, I'm looking at the old man, the old man didn't go back to Fu's old house, the old man will be on the tombstone of his wife. Before, he was crying all the time."

Arron at the other end was silent: "..."

Christopher shouted over the phone, "Fourth Master..."

Arron said, "Don't let him hurt your body. Take care of him."

Christopher responded, "Yes! Fourth Master!"

After closing the line, he still watched Fu Zhengxiong cry from a distance.

That kind of guilt, that kind of remorse, even an outsider like Christopher was very sad to see it.

Unlike Fu Zhengxiong, who was alone in the cemetery in the evening, Arron's large living room was a little lively.

throughout the living room

It was full of people, and everyone surrounded Shen Weiyi talking and laughing.

Only Suzi and the child were in the bedroom.

The child was still young, so she didn't take it out. Only Alyce went in to change the child's diaper from time to time, and she came out after the change, for fear of affecting the child's rest.

Afraid of affecting the rest of summer burning.

The people in the living room also know how to take care of Xia Ran and the newborn, and they only discuss things in the living room.

"Shaoqin, what are you going to do on the north side?" This was Kraig's voice.

Kraig is asking for Arron's opinion: "What I said is, heroic..."

During the period when Arron accompanied Suzi to give birth to a child in the hospital, Yingzi had already returned to the northern capital with Yingming's urn in his arms.

## Chapter 2005

There is no Yingzi's home in Kyoto anymore, and the changes in Kyoto make Yingzi overwhelmed. Holding her brother's urn, she suddenly stood in the middle of the crowd. Just when she didn't know where to go, a passerby threw an egg at Yingzi.

It was an old lady who threw the eggs.

Yingzi was stunned at the time.

“Who are you! Isn’t Ying Ming’s sister!” the old lady roared.

Yingzi: “...”

She is indeed Ying Ming’s younger sister.

But she dared not answer.

“I know you are Ying Ming’s sister even if you don’t speak! I have seen Ying Ming, you look a bit like Ying Ming, and I have also seen your mother! You look more like your dead mother!

More than ten years later, you still dare to come back!

How dare you come back!

Your brother is a murderer!

You are not much better, you accompany my son’s life! Accompany my daughter-in-law’s life, by the way, your brother is strong

You raped my daughter-in-law, you have to lose money!

If you don’t lose money, I can’t spare you! “

Yingzi: “...”

She didn’t know who the old woman was.

But she knew that the old woman’s son and daughter-in-law must have been killed by her brother.

In those few years, my brother dared to do bad things in Kyoto, but Ying Ming was really lawless and ruthless in Kyoto in those years.

Ying Zi closed her eyes.

She just wanted to let the old woman deal with it, it didn’t matter.

Anyway, after she buried her brother, and then went to the deep mountains and forests to retrieve her mother’s remains for burial, then

she also committed suicide by her mother and brother's side, and this life will be passed.

The more people gathered, the more people knew about Ying Ming's evil deeds back then.

A lot of people get angry with their heroic appearance.

In the end, Yingzi was pushed and shoved to the ground.

Just when someone wanted to step on the heroic posture, Kraig's deputy Elden appeared.

He was specially arranged by Arron for Jing Yu to arrange the heroic posture.

Kraig asked Elden to do this again.

After Elden disbanded the crowd, he took Yingzi to a secluded place, where he watched her eat and drink every day, but did not let Yingzi go out again.

Kraig just heard that when Ying Ming was holding Suzi hostage, Suzi also thanks to Ying Zi's care, a pregnant woman was able to spend those few days sadly.

So Kraig just put Yingzi under house arrest, and did not impose any further punishment on her.

Moreover,

There is another reason why Kraig did not punish Yingzi, that is, Yingzi was not guilty of death.

All the blame is her brother's sin.

And Yingzi is, at best, an accomplice.

So Kraig first controlled Yingzi. It happened that he was coming to Nancheng to visit Suzi and the newborn child. By the way, he asked Arron and Suzi, especially Suzi, how to deal with Yingzi?

Hearing Kraig say this, Arron smiled slightly: "Suzi gave birth not long after I put it on, so I forgot to arrange for you, let's arrange a place for Yingzi, a woman's house, It's pathetic too."

Kraig nodded: "Okay, I will arrange this."

Arron nodded.

The matter of Yingming and Yingzi is finally over, especially for Kraig, he is a heart disease.

"Is the child okay?" Kraig changed the subject.

"It's only been three days, but it changes every day. The child grows very fast, and the skin on his little arm is blown up." Speaking of the child, Arron's face suddenly showed a smile.

He has been somber lately.

Only the child can put a smile on his face.

When Shen Weiyi was born, he didn't know, let alone what he looked like when he was a child. Now, he finally sees this little son. He has small arms and legs and is full of flesh. melt away.

When all the guests at home left, Arron had time to go to Suzi and the child's mother and baby room.

"How is the child?" She walked to Suzi's bed lightly, and she saw that Suzi was busy.

When Suzi raised his head, he also raised his hands to show Arron: "Hey, look! Your son is slapped! Come and help!"

## Chapter 2006

It was only then that Arron saw that Suzi's hands were stained with little baby Huang Lala's Baba.

Shen Weiyi who followed behind suddenly smiled: "Oh, mom, mom, look at your hand."

Suzi glanced at his daughter angrily: "I still know how to laugh! You were like this when you were a child, you ate a lot and pulled a lot, and you had to pull a lot of cakes a day, and you were also such a yellow baba."

Shen Weiyi immediately held back his laughter and asked again, "Mom, is the Baba pulled by my brother ugly?"

"It doesn't stink, you smell it, it's sour. The baby is still breastfeeding, and the Baba it pulls doesn't stink at all." She said, and smelled it on her nose.

Arron + Shen Weiwei: "..."

Especially Arron.

He covered his nose, frowned, and said to Suzi without any hesitation: "Look at you, after all, you are also an urban white-collar worker, a senior construction engineer, look at what you look like, you have both hands on your hands. You still smell it on your nose, baby's Baba."

Suzi rolled his eyes at Arron: "Go! You still dislike it. You haven't pulled a child, but you don't know, I'm the only one that will make me not only smell the child's Baba, but also distinguish the color of the Baba.

Are there undigested milk particles in Baba? What do you know?

If the Baba of a three-day-old baby stinks,

It means that his digestion is weak, or he eats too much. We all pay attention to these.

If the Baba doesn't stink and has a slightly sour taste, it means everything is normal!

You are the father!

Failed! “

Hearing Suzi say this, Arron couldn't help feeling guilty.

When she gave birth to her first child, he was not around. He could not imagine the many sufferings she suffered at that time.

Now, this child is finally by his side, but he thinks she has Baba in her hand.

What is this called!

Arron immediately went to the bathroom to pick up a basin of hot water, took a sterilized towel, and came to Suzi, no matter what, he washed his hands for Suzi himself.

After wiping Suzi's hands clean, Arron realized that Suzi had been laughing.

“What are you laughing at?” Arron was a little confused.

Shen Weiyi was also smiling.

“You... the only one, what are you and your mother laughing at?”

Shen Weiyi pulled his father: “Dad, look, my brother's father hasn't been done yet.”

Fu Shao lowered his head and saw that the little baby's diaper lying in the middle of the bed had just been undone, and the diaper on the bottom of the buttocks was still with Baba. He wiped his wife's hands clean, but the baby had a clean diaper. Haven't replaced it yet.

Arron: “Ah this...”

Suzi shrugged: “...”

Arron smiled immediately: “Look at me!”

Do not believe it!

The father of two children, will not change the diaper for the child?

He washed and disinfected his hands and came to his son.

The small arms and calves of the little things are soft and tender, and they can't be touched at all. Arron's big palm doesn't dare to touch it.

He carefully, and then carefully held one of the child's calves.

“Hey!” The frightened Suzi immediately stopped: “You... do you carry a child like this? You want two legs, and both legs are lifted together.”

Arron was in a hurry: “Oh, oh, two legs.”

He held his son's two little feet in one hand, and slowly, gently, slowly lifted his son's little butt.

Then the other hand held the two sides of the diaper and folded it, and then took out the diaper that had been pulled.

I thought he would just throw it in the trash.

Who knew that a big man would pick up a diaper and smell it up his nose.

## **Chapter 2007**

Suzi + Shen Weiwei: “...”

Shen Weiwei's expression was simply incredible: “Dad, you...what are you doing?”

Arron laughed immediately: “It's sour, and it smells like milk. It smells so good. No wonder your mother likes to smell it...”

Shen Weiyi: "..."

She seriously suspected that what Dad said was a lie.

However, Shen Weiyi also wanted to smell it.

But she didn't get that wish because Dad had thrown the diapers in the trash.

After Arron threw the diaper into the trash can, he followed Suzi's instructions, gently placed his son's little butt on the padded meson, and then went to play a basin of warm water, the temperature of the water was just right It's a temperature that a baby can accept.

The warm water washes the son's little buttocks, and the little baby is very comfortable.

He put his small hand in his mouth, eating with relish, and occasionally made a little humming sound.

Arron's heart melted when he saw it.

No wonder the world wants to reproduce, he thought.

Babies, especially newborns, can really melt people's hearts when they first come to the world and are cute.

After watching it for a while, Arron remembered that he had to ride a new diaper for the little baby, and he was in a hurry to pick up his son's two feet, and then he remembered that the diaper was not in his hand.

Why!

First time being a dad!

When he was helpless, Arron heard Suzi whispering behind him, "Hey".

When the man turned his head, he saw that his wife who had just given birth was looking at him with a smile on his face.

The meaning seems to be saying, “Can’t you do it? When you manage an entire group company, now you are so clumsy to change a diaper for your child, what else can you do?”

Shen Weiyi next to him also looked at Arron with a smile: “Dad, can you do it?”

Arron blinked: “Well...”

After a pause, he said: “The only one, the brother of the tiger, the father and son of the army, do you understand what it means?”

Shen Weiyi shook his head: “I don’t understand, Dad.”

Dad is changing his brother’s diaper now, how do you say it’s about the tiger’s real brother?

“What I’m saying is that a lot of things need the cooperation of father and daughter to complete this thing perfectly, such as... Now change my brother’s diaper.” Arron looked at his brother’s two short legs still hanging in midair.

Shen’s only small mouth opened into an O shape, and after a few seconds she asked, “Dad, what do you mean?”

“Go! Get Dad a diaper!” Arron ordered.

“Okay!” Shen Weiyi immediately ran over happily and brought a diaper to his father.

“Come on, help Dad lay it together.” Arron said again.

“Yes! Dad!” The little girl is a smart child who knows everything. Although her father didn’t explain too much to her about what it means to be a father and son soldier, she also understands that it is the first time that her father has become a nursing father.

Taking care of her younger brother is a bit clumsy, and she needs her to act as an assistant at this time.

The little girl stopped it very well.

Although she has small hands and small arms, the way she helps her father is also very presentable.

Within two minutes, she accurately placed the diaper under her brother's ass.

After the shop was finished, she also showed off to Suzi: "Mom, what do you think, you don't need to intervene, my father and I can take care of my brother."

Suzi snorted: "Well! You really deserve to be rotten girls!"

Arron also laughed and said, "That's natural!"

After he finished speaking, he put down the little butt of the little baby, and the next step was to wrap the diaper.

Just as he was about to close the diaper, his three-day-old son suddenly began to urinate without warning.

"Ow..." The son's urine sprayed Arron's face.

### **Chapter 2008**

"Haha! Pfft..." Seeing Dad like this, Shen Weiyi smiled and lay on the edge of the bed: "Dad, Dad, you look so funny..."

Suzi also laughed, his stomach hurts directly.

There was a little tear when the baby was born. She laughed like this, and her whole face suddenly throbbed: "Ouch..."

"What's the matter, Suzi?" Arron looked at Suzi worriedly instead of peeing the baby on his face.

"Hi..." Suzi bit his lip: "It hurts..."

She didn't say it explicitly, but Arron also knew that the part she said hurts.

He immediately said, "Don't move, don't move! I'll hug you all the time."

Words must, he didn't care about his son lying on the bed waiting for a diaper change, and he didn't care about wiping the boy's urine on his face. Instead, he carefully bent over and hugged Suzi. She put it on the bed.

"Does this pose still hurt?" he asked.

Shen Xiangwen smiled softly: "It doesn't hurt at all, Shaoqin."

"It's fine if it doesn't hurt." Arron said.

After carefully tucking the quilt for her, he came to his son again, took the diaper that had been closed by the bird force before it was closed, and replaced it with a new one.

From unpacking to lifting the baby's ass, downing the diaper, laying it down, then closing it, gluing it on.

Although all the processes were very clumsy, they were all completed by Arron alone.

Shen Weiyi watched and felt extremely proud. She praised Arron: "Dad, you are as careful as mother."

Suzi also said gently: "Shaoqin, you have changed."

Arron raised his eyebrows: "Well, what has changed?"

“You are less and less like a president, and you are becoming more and more cold and cold. You are like a... daddy.”

“Haha!” Arron smiled proudly.

The laughing wife and daughter looked at each other.

The daughter shouted, “Dad?”

Arron was triumphant: “I have a wife, two children, and my youngest son is still in the baby. I’m not a dad, what am I?”

After he finished speaking, he still raised his eyebrows and smiled.

Suzi was stunned.

In the past few days, his mood is actually not very high.

The only time he saw him smiling was when she came out of the delivery room, and when he saw that their mother and child were safe, a smile appeared on his face, and then he went to the Fu family’s old house to deal with affairs, and when he went to the purpose of burying Pan Haoyang, Arron had nothing to do with it. Incredibly heavy.

Only this time, in this large and spacious bedroom, when there was only the family of four, he smiled.

Laughing so loosely.

defenseless.

The way he smiled was extremely kind, which infected both Suzi and Shen Wei, and couldn’t help but laugh.

“Dad, I’m so happy.” Shen Weiyi snuggled into his father’s arms and put his two little hands in his father’s palm.

Arron took Suzi’s hand again, and then the three colleagues held the baby’s tender beast, and the family of four held it for a long time.

Arron suddenly realized that the long years before him, no matter whether he was cold, ruthless, ruthless, all those, he was all in vain.

Only at this time did he feel his real existence.

he.

his home, his wife and children.

That night, a family of three huddled together on a bed.

The couple slept on either side, and the two children slept in the middle.

This is the safest sleep their family of four has ever slept in.

When he woke up the next day, Arron was refreshed.

Compared with his gloomy mentality a few days ago, today is much better.

He was the first in a family of four. Xia Ranhuan's child was still asleep. He had to come out to see how Mrs. Li's breakfast was prepared, and then he dressed the only one and sent her to kindergarten.

## **Chapter 2009**

Then, go to the group company.

The company has pulled down too many things these days. After dealing with it all morning, he had to settle the affairs first, and then he had to go back to the old house of the Fu family.

I want to finish the funeral of the old man of the Fu family, Fu Hengsheng.

It was originally planned, but as soon as he came out of the bedroom, Arron received a call.

When he picked it up and saw that it was from Joan, he immediately connected with a flat tone: "Tianling, what are you looking for from me?"

When Joan was looking for him, it was nothing more than something from the Fu family's old house.

However, at the other end, Chu Tian asked: "Fourth brother, Pan... Fourth Master Pan, are his...her ashes buried with...and my aunt? together?"

Arron asked inexplicably, "Why are you asking this?"

As soon as he finished speaking, there was a different person on the other end of the phone, and that person had the characteristic cry of a 17- or 18-year-old girl: "Fu...Mr. Fu, please ask, my fourth uncle he... ..isn't... is it buried next to your mother's tombstone?"

Arron: "... who are you?"

"I'm Pan Mingsai, I just want to see my fourth uncle... woo woo woo." Pan Mingsai burst into tears.

In fact, she also came to Arron's house yesterday.

But she just followed Joan to look at the baby. In front of so many people, Pan Mingsai was still a sensible little girl. She didn't cry or make trouble, and she kept silent.

After everyone left, it was not too early for Pan Mingsai to look at the sky, and Arron didn't care about entertaining guests at all, so he ran to the mother and baby workshop again and again.

Pan Mingsai was no longer embarrassed to ask Arron.

She knew that the fourth uncle was dead.

She went back to her house and cried all night.

When it was dawn, he couldn't bear it any longer, so he begged Joan and asked him to call Arron.

With the end of the year, Arron was touched.

Hao Yang always said that in that home, he couldn't get any warmth and was always isolated, but. The seventeen-year-old niece was so sad.

Thinking of this, Arron said: "At half past ten, you and Tianling are waiting for me at the door of the Fu Group, and I will take you there."

Pan Mingsai immediately thanked him repeatedly: "Thank you, thank you, Mr. Fu. I won't bother you anymore."

After closing the line, Arron was stunned for a while, and when Sister Li called him, he came back to his senses.

"Sir, it's time to have breakfast, wife's confinement meal, we have to wait a while, you and the little princess first?" Sister Li asked gently.

"Thank you, Sister Li, you have worked hard." Arron nodded slightly.

Sister Li: "..."

Sister Li was simply flattered.

Usually, the gentleman treats them well.

But Mr. has always been indifferent.

And today, it's so gentle

After all, he is the father of two children, which is different from before.

There are many things that are different, Mr.

In the past, when the little princess went to school, all the trivial things were remembered by the wife, such as schoolbags, Water Margin, wearing more and less.

And now, these things Mr. can even be meticulous and do a good job.

Before the husband went out, he was still asking Shen Weiyi: "How many clothes do you wear inside? When it's hot at noon, do you need to take off another one?"

Totally a dad.

When sending Shen Weiyi to kindergarten, kindergarten teachers and some parents of children were also very surprised.

In the past, Suzi sent the children to the gate of the kindergarten.

Later, it was Christopher who was in charge of picking up Shen Weiyi.

Arron is really rare, and has never been to Shen's only kindergarten.

"Shen Weiwei, who sent you here today?" Shen Weiwei's good friend asked Shen Weiwei enviously.

Shen Weiyi answered with great pride: "My father, how is my father handsome?"

Several friends envy this Shen Weiyi.

They chattered, and everyone interjected enviously.

"Shen Weiwei, why is your father so handsome?"

"Shen Weiyi, your father looks like a big star."

"Shen Weiyi, I am so envious that you have such a handsome and tall father. Your father doesn't have a big belly at all."

Shen Weiyi smiled proudly: "Hehehe..."

She looked at her father: "Dad, when I'm out of school, will you come to pick me up?"

“Do you want me to pick you up, or do you want Uncle Christopher to pick you up?” Arron asked deliberately.

“Of course it’s Dad!” Shen Weiyi replied greedily.

“Then Dad will pick you up!” At this moment, Arron fully realized the importance of biological parents to their children.

Children need companionship in their childhood.

Especially as parents.

Group companies are of course important.

However, in terms of importance, there is nothing more important than Shen Wei.

“Okay!” Arron replied solemnly, “Dad will pick you up after school!”

“Haha! I’m so happy!” Shen Weiyi jumped into the kindergarten.

Arron also took the car to the Fu Group.

He hasn’t come to the group company to handle affairs for several days, from Suzi being kidnapped, to the death of his grandfather, to

After dealing with Ying Ming, Hao Yang was beaten to death.

For a week, Arron seemed to have experienced ten years.

When the top management of the company saw Arron, they didn’t dare to breathe loudly.

Everyone’s area of responsibility is well-organized and thriving.

When they saw Arron, they all expressed their opinions: “Fourth Master, although you are busy with your family affairs, I will report to you if there is anything wrong with the area I am in charge of, you can rest assured.”

Executives in every field mean this.

Arron was particularly pleased.

It has been seven years since he took over the Fu Group.

In seven years, he has brought the Fu Group to an unprecedented situation.

In the entire Nancheng, and even the whole country, there is no group company that can compete with the Fu Group.

Arron is better than his elder brother, his father, and his grandfather.

This shows that when he snatched the Fu Group back, it was also based on his strength, and not all of them were insidious means.

In the past few years, the Fu Group has been very convinced of Arron.

Even if Arron doesn't come to the company to handle affairs for a week, the Fu Group is still in good order.

Arron was also relieved to see such a group company.

This will at least allow him to spend a lot of time in the future, and then spend a lot of time with his family.

Then, create a lot of people.

He has fully experienced the warmth and fun of family.

He felt that changing his son's diapers in the mother and baby's room, the way he was busy and messed up, made him, a man who was used to killing decisively in shopping malls, not to mention more comfortable and more enjoyable.

He thought that even if he and Suzi were having a baby next, he would be very happy to change diapers for each of his children, and would be very happy to let each child have a sour and milky cake like Suzi did. pulled in his hand.

That is also happy and appropriate.

"Mr. Fu?"

"Fourth Master?"

“President?”

Several people were calling him, but Arron, who was in a meeting, didn't even hear him.

He is wandering.

The content of the wandering is to change the diaper of his child.

What a joke!

The president of the dignified Fu Group, a man who used to be all-powerful, has never been like this before.

## Chapter 2011

He tried to hide his guilty conscience: “Well, you said, what do you say?”

“President, what did you think just now? Is there any decision?” asked one of the regional presidents.

Arron: “...”

After a pause, he said, “Well, about my grandfather, I may have to be busy for a day or two, and you still need to have more refreshments for the company's affairs.”

As soon as he said it, he didn't explain anything, but got up and left the conference room.

Back in the office and signed the revised documents, Arron Taiwan looked at his watch, it was almost half past ten, he packed his briefcase and came out of the company.

There is a car parked downstairs in the Fu Group.

Seeing Arron coming out, Joan and Pan Mingsai came out one after another.

“Fourth brother.” Joan shouted, “Sai Sai wants to see her fourth uncle.”

Arron noticed that Pan Mingsai's eyes were swollen from crying, and she looked at Arron respectfully: "Mr. Fu, can you take me to see my fourth uncle?"

"Follow me." Arron said.

An hour and a half later, they arrived at the tomb where Shanna and Pan Haoyang were buried.

The moment he saw Pan Haoyang's photo and tombstone, Pan Mingsai burst into tears: "Fourth uncle... woo woo, fourth uncle..."

She cried so sadly.

The two big men standing behind them couldn't help feeling pity.

Especially Joan.

He never thought that the little girl was so emotional.

For more than a year, Pan Mingsai has been with him, and the two have done nothing. Joan is responsible for her living expenses, housing, etc. In fact, every time Joan gives Pan Mingsai money, Pan Ming Don't even race.

Because she has the one million that Pan Haoyang left her.

She saves money.

Never eat well.

Never big-footed.

Although the little girl looks a little ugly, Joan sees her more and more beautiful now.

It is the kind of beauty that is neither humble nor arrogant, hard-working and studious.

Especially now, he knelt in front of Pan Haoyang and said, "Fourth Uncle, why are you so stupid?"

"Fourth uncle, you are not good at all, why are you so pessimistic?"

“Even if the whole world doesn’t want you, will I still support you? You just have to wait ten years for me. After ten years, when I graduate from college and start working, I will definitely support you, I will not let you You are alone, Fourth Uncle.”

“Fourth Uncle... woo woo... Fourth Uncle...”

“Fourth uncle, don’t die, can you come alive? Mingsai also destroys his relatives, fourth uncle...”

She knelt before Pan Haoyang’s grave.

He wiped Pan Haoyang’s tombstone over and over again, and tears fell on Pan Haoyang’s tombstone.

Arron, who was watching behind him, didn’t know what it was like.

He whispered silently in his heart: “Haoyang, look, you are not at a loss now, you are lying in your mother’s arms, and you are with your mother all the year round, and in this world, you still have a little boy who loves you so much. Niece, how happy are you?”

In the future, every New Year, your birthday, your death anniversary, I will bring Sai Sai and the only one, as well as the little nephew you haven’t seen, to see you together.

Go to sleep.

my brother.

My dearest brother.

my twin brother. “

Arron quietly wiped the tears from his eyes.

He is different from Pan Mingsai. After all, Pan Mingsai is a child, so he can cry unbridled and vent his thoughts about Pan Haoyang unscrupulously.

And he could only overwhelm the pain and grief in his heart.

Because next, he has to deal with the funeral of the Fu family's old house.

After sending Pan Haoyang and Joan away from the cemetery, Arron returned to the Fu family's old house.

As soon as the car stopped, the old housekeeper of the Fu family's old house came to Arron worriedly: "Fourth Master..."

"What's wrong?" Arron asked calmly.

"Master... is ill," said the butler.
