## Chapter 2012

Arron was not too surprised.

After my father left him, he went to the cemetery. It was still raining that day. It was such a cold day, and the grave was old, so it was strange that he was not sick.

“Got it.” Arron said.

Then he asked, “Have you asked for a doctor?”

The housekeeper said: “I asked, and the fever has subsided.

Lord he...”

“What’s wrong?” Arron asked.

The master always shouted: “The only, the younger brother, the only, the younger brother, sometimes I also call the other fourth young master, I am afraid that the master will be unconscious...”

Arron was startled.

Aunt Qin Wenyu was sober and not crazy, but was sent to a lunatic asylum by Arron.

But father, don't be really crazy anymore?

He immediately rushed to his father's courtyard, and as soon as he entered the door, he

I heard my father's old voice shouting: "Haoyang, Haoyang, my father is sorry for you, the only, my little grandson, grandpa wants to see you, wants to see your brother, my little one, woo woo woo ..."

That voice, like the whimpering of the winter wind.

Arron felt uncomfortable when he saw it, and he whispered, "Dad..."

He was really afraid that his father was going crazy.

But he didn't expect that, he only shouted, and his father said, "I'm not crazy."

Arron: "..."

"Dad's brain is very clear. The reason why Dad muttered so loudly is that I can solve it, I will not be the only one with my brother for four years, I can't be crazy.

You still have grandma.

If I go crazy, your grandma will be your burden again.

Today, my father has completely figured out that the cause of everything is because of my father.

Dad can't let you suffer the consequences.

Don't worry Qin'er, Dad knows what he has in mind. You don't have to worry too much about the old house. The most important thing for you now is to take good care of Suzi and the children. That is our family's hope. "

Arron: "..."

It did not expect his father to say such a thing.

It is inevitable that the five flavors will be mixed in the heart.

He is human, and his heart is also fleshy. He used to be so indifferent to his father, after all, his father was too much.

Now, his father's words made Arron suddenly feel a little bit of his father's feeling.

He couldn't help shouting: "Dad...the only side, I will take time to guide her well. She is still a child, so she has to take her time."

Fu Zhengxiong suddenly sat upright, and he looked at Arron with tearful eyes: "Qin'er, do you agree to let the only one recognize me as a grandfather? You still... agree?"

Arron's voice was flat: "Dad, you are her grandfather. It is inseparable in terms of blood relationship."

"Dad... Dad thank you, Dad thank you, woo woo woo..."

After crying for a while, he smiled and looked at Arron, his face more relieved: "Shaoqin, Dad has already figured it out, just like you said.

, the only and younger brother, I am their grandfather by blood no matter what, this cannot be changed.

Therefore, my father is no longer reluctantly to be the only one and his younger brother surnamed Fu.

Dad knows that you hate the surname 'Fu' deeply.

In the future, the children will no longer be surnamed 'Fu', but will be surnamed Shen, Shu and Xia. It will be all right.

No matter how bad it is, I can still be surnamed Lin.

As long as you discuss this with Suzi, Dad has no problem. "

He said it so sincerely.

Sincere and humble.

Arron said it was impossible not to be touched.

He sighed and said, "Dad, the only account is Fu Weiyi. My younger brother is also named Fu."

He is disgusting with this surname.

However, the surname cannot be changed.

Even if he doesn't let his child be named Fu, can that change anything? He and the children are still the descendants of the Fu family, and changing their surnames shows that he escapes.

But can you escape?

If you can't escape, it's better to face it.

## Chapter 2013

"Really...really?" Fu Zhengxiong was simply incredible.

Arron sighed: "On the household registration, Fu Weiyi and Fu Liuyi."

"The only one, Liuyi, good! Very good! My Fu family has two more grandsons." Fu Zhengxiong's illness was cured all of a sudden.

He rubbed his hands happily.

Sometimes people are like this, when there is no hope, as long as there is a little bit of light, it feels good.

But once the hope is great, he also wants even bigger wishes.

Fu Zhengxiong rubbed his hands and asked, "The next child..."

Still thinking about having another child.

"Pass one." Arron answered very neatly.

"Chuanyi..." Fu Zhengxiong smiled: "This name is good, good!"

"It's the only one! It's great! It's great!" Fu Zhengxiong said in a continuous voice.

“Dad.” Arron didn’t continue the topic. He restrained his emotions and said: “My grandfather’s funeral can’t be taken away any longer. You take good care of your life, keep the spirit, and receive guests who come to express condolences. I will do it alone. The most important thing for you now is to take good care of yourself.

Also, take care of my grandma. “

Fu Zhengxiong nodded immediately: “Okay, okay! Dad knows, Dad will never hold you back.”

“Then I’ll go to the wake. By the way, I’ll ask Christopher to contact the funeral.” Arron said.

“Okay!” Fu Zhengxiong’s mood was much better.

Arron turned around and went to Fu Hengsheng’s mourning hall.

With Arron in charge, funerals can be organized in an orderly manner. The people who came to offer condolences are the same as in the previous days, and the funeral of the Fu family is still as sensational as ever in the city.

The old man was buried the next day.

During the whole funeral, Suzi was able to come to the funeral, but it was because the pregnant woman had just given birth, the body of the pregnant woman had not recovered, and the baby also needed to be taken care of, so she couldn’t come.

After the funeral was over, Arron sat in front of the old lady of the Fu family and said to the old lady who was also over a hundred years old: “Grandma, don’t blame your granddaughter-in-law. He just came into the country and couldn’t come to the scene.”

Grandma burst into tears: “I don’t blame grandma. When the little baby is a little older, can I hold it and let grandma take a look?”

The old lady is the most reasonable of the older generation of the Fu family.

Arron naturally couldn't violate it. He replied: "My dad and Weiyi have a little conflict, and Weiyi is unlikely to come in the near future. When I sort out Weiyi, I will bring their sister and brother together."

"Okay! Great! Okay, grandma is waiting." The old lady said happily.

"Grandma, I'm leaving." Arron said.

"Let's go, child." Grandma knew that Arron didn't kiss her, so she didn't force her.

She just watched Arron's back with tears in her eyes, getting farther and smaller, and she muttered to herself, "You have destroyed such a big Fu family, I only look forward to my Shaoqin. Grandson, a lot of giving birth to children. A lot of giving birth..."

Arron naturally couldn't hear it.

He has gone far.

The car drove all the way home.

In the evening, the road was a little congested, Christopher's car drove a little slow, if there was a traffic jam in the past, Arron would not say anything, he just closed his eyes and rested.

But this time, Arron kept urging: "What's the matter? The car doesn't move."

Christopher glanced at his grandfather.

now

Where is there a little bit of the president's appearance.

A grandma taste.

How fat four!

Can't you see how fat four!

Traffic jam!

But Christopher didn't say anything, he just obeyed the fourth master and honked the horn.

Fortunately, the car was not blocked for long, and I got home in half an hour.

Christopher drove away, and Arron quickly went upstairs.

He hadn't come back for two days, and before he entered the door, he heard the cry of a baby.

Arron hurriedly opened the door and ran towards the baby room.

When I entered the door, I saw that Xia Ran was bent over and just changed the diaper for the child, and the child was still crying.

Arron stepped up, took the child from Xia Ran's hand, and coaxed softly, "My little baby, don't cry..."

The little baby stopped crying.

### Chapter 2014

Seeing Arron holding the child, Suzi wanted to laugh: "Dad, how do you hold the child?"

Arron said seriously, "This is called an airplane hug."

“Are you holding a child like this!” Suzi blamed Arron angrily.

“Then you didn’t see that the child stopped crying?”

Suzi: “...”

Arron said in an orderly manner: “Airplane hugs are specially used to treat neonatal colic, especially when they are just full, get it!”

Suzi: “...”

She, the mother of two children, really didn’t know this.

Really lonely.

When Shen Yi was born in the past, although life was very hard at the time, her elder brother Sanford helped her very much, and the only one was also very good. In addition, Sanford brought more children, so Suzi didn’t worry too much.

Now this second child, she thinks she has more experience, better than her husband, right?

Who knew that it was put together by her husband again.

Suzi wanted to laugh when he thought about it.

“Humph! You can do it!” Suzi was not convinced.

“Your daughter knows it, but you don’t!” Arron rolled her eyes at Suzi.

“Really?” Suzi was a little unconvinced.

She followed her husband out of the mother-infant room, just as Shen Weiyi followed Grandma Li to the convenience store below to buy something and just came back, seeing the only one, Shen Xiangbian asked: “The only one, look at the way Dad is hugging his brother. , what kind of posture, do you think it’s right for Dad to hug his brother like this?”

Shen Yiyi didn’t lift his eyelids: “Mom! Are you behind now? Dad’s

The plane hug, or I checked it on the parenting website together with my father. “

“Are you literate?” Suzi deliberately hit Shen Weiyi.

“Humph!” Shen Weiyi raised his chin.

“I ask you, are you literate!”

Shen Weiyi smiled: “In half a year, I will become a literate child.”

In half a year, Shen Weiyi will be in primary school for one year.

Thinking of going to primary school for one year, Suzi suddenly remembered something and said to Arron: “Shaoqin, you are dealing with grandpa’s funeral in the old house these two days. I was afraid that you were busy and didn’t call you. phone, but I called Christopher.

I heard Christopher say that Dad is... sick.

In fact, things are already like this, he is so old,

You... don’t get angry with him, just tell Dad that the only and Liuyi two siblings are both surnamed Fu. Anyway, the only one will go to primary school after half a year.

It must be changed to the name on the account book.

You might as well just tell Dad to save him from having a heart attack.  
“

Seeing his wife say this, Arron was very moved.

She handed the child over to Sister-in-law Li, then helped Suzi to sit down slowly, and said gently, “Fu Zhengxiong has done so many crimes in his life, to have a daughter-in-law like you when he grows old, it must be him. The blessings that have been cultivated in several lifetimes!”

Suzi also sighed: “Hey, he’s so old, what do I care about him? Besides, he didn’t kill me, at most he only deceived the only time, to

put it bluntly, he is the only deceiver. , or was instigated by Qin Wenyu and Elma.

In fact, your father he...”

Suzi really wanted to tell Arron that Fu Zhengxiong was 10,000 times better to Arron than Jarod was to her.

Fu Zhengxiong just doesn't recognize Arron.

That's because the Fu family has family rules.

But Fu Zhengxiong groped and knew how to give Arron money, to let Arron go to the best university in the world, and to know that even if Arron had no status, he had to live the life of the world's top noble son.

But what about Jarod?

She knew that Suzi was her biological daughter. He could not have it since he was a child.

He finally came to him at the age of twelve, and he did everything possible to abuse Suzi and suppress him in various ways.

After finally going to college, Jarod managed to frame her and send her to Lanita to be imprisoned.

Even in prison, Jarod still did not let her go, and wanted to use her.

Although the marriage between her and Arron was fulfilled because of the misuse that time, Suzi still hated it.

The person Suzi hated the most in his life was not Moira. Not Lanita

## Chapter 2015

.

It was Jarod.

Thinking of a father like Jarod, Suzi thought that Fu Zhengxiong was actually 110,000 times better than Jarod.

Who doesn't want a father in this lifetime?

she wants.

But she, this life is no longer possible.

Mother Alyce also wanted a father, but the childhood and youth that my grandfather gave to my mother were full of scars.

Even if I wanted to forgive such a father, I couldn't find a reason to convince myself.

But Arron is different.

Fu Zhengxiong is not that bad.

“Forgive him, Shaoqin. In fact, I have no affection for him at all. After all, he is not my father, but Shaoqin, you are also the father of two children. We will have children in the future. your dad, that feeling...

Eh, forgive him? “

Suzi looked at Arron sincerely.

Arron held Suzi's hand and couldn't let go for a long time.

He thought about it again, the most fortunate thing is that the other half you found supports you very much, understands you very well, and at the same time

The mind is your backer.

Arron is very strong.

No one in Nancheng is better than him.

But, in the dead of night, he also needs a backer.

Suzi was Arron's biggest supporter in his life.

He was extremely warm.

He glanced at Shen Weiyi and said to her, “Yi Wei, together with Grandma Li, take my brother to the baby’s room, you son, dawdling around in the car, let my father see, can the only coax my brother to sleep? “

Shen Weiyi immediately said: “Dad, you underestimate me too! I’m the best at coaxing my brother! Don’t worry, leave it to me! I’ll put my brother to sleep!”

With that said, Shen Weiyi went to the mother-infant room with Sister Li.

Suzi immediately asked Arron: “What? What do you have to say that can’t be said in front of the only person?”

Arron took a long sigh: “I...I have forgiven my dad, I saw his old side, I saw him alone and helpless in the old house, he still has to take care of my grandma, so I Forgive him, you know what else he said to me?

He said she didn’t mind the only and brother’s last names.

His surname was Shen, Shu, Xia, and even Lin, and he had no objection.

He only has one wish, he wants to see the only and the younger brother, including the grandma, and the two of them.

Suzi: “...”

The crux is the only one.

The only mention of my grandfather made me terrified.

The child was hurt too much.

“Maybe it’s impossible for a child to trust his grandfather in his life.” Suzi said regretfully: “After a long time, let’s take a look.”

“Well.” Arron nodded.

Time is a wonderful thing. For a lifetime, half a year is very short.

But for the Fu family, half a year is also a long time.

However, half a year passed in a blink of an eye.

Shen Weiyi graduated from kindergarten, and Arron took her to the best public kindergarten nearby to take the exam. Her grades were so good that she was the first among the children who came to take the exam.

This ranking made Shen Weiyi extremely stinky.

I really want to show off.

“The only one, who do you hate the most?” Arron asked.

Shen Weiyi thought about it before saying, “I hated Grandpa the most before, but I haven’t seen him for half a year, and I don’t hate him that much anymore. Forget it, I won’t hate him anymore...”

Arron immediately said: “How can you not hate! Continue to hate! Take your best grades to the old man and show him off! Get mad at the old man!”

Shen Wei fell into the trap of her father unknowingly, and she said excitedly, “Hey, this is a good idea!”

Chapter 2016

Half a year after the death of Mr. Fu Hengsheng, and when Xiao Liu was half the age, Arron took Suzi, the only one and two brothers to the Fu family's old house.

During this period, Arron came often.

It's just that Suzi and the children haven't been here.

How splendid, lively and grand the old Fu family house used to be, how depressed it is now.

There are only two people in the family.

The old lady, and the old man, Fu Zhengxiong, are married.

On the other hand, there are more than 20 domestic servants at home.

On weekdays, the old lady stays at home and spends most of the time sitting in her room, believing in Buddhism and chanting sutras, and Fu Zhengxiong should eat enough to deliver meals to the old lady. For the rest of the time, Fu Hengsheng has to be alone. write.

There were also many times that Fu Hengsheng actually asked the driver to drive him and secretly went to Shen Weiyi's kindergarten to visit Shen Weiyi.

However, it is only from a distance, a glance from afar.

And sometimes you can't see it.

Because the only one that doesn't appear on the lawn on campus every day to play.

However, there are times when he can see, looking at Shen Weiyi laughing, dancing, making noise, that brisk, healthy little body, Fu Zhengxiong can often see tears on his face.

He always said to himself: "The only one, the big yard of grandpa's house is bigger than this kindergarten. You come to grandpa's place, grandpa can play with you, little one..."

He shouted softly, with tears in his eyes, only the driver behind him could hear him.

The driver couldn't bear this, so he gently said to him, "Master, let's... go back?"

Fu Zhengxiong turned his head and looked at the driver with cloudy eyes: "Xiao Cai, you must not play with women in the future, absolutely not!

In particular, you can't deceive people's feelings if you can't marry them.

Because, because, ah, this world is a tat for a tat, all the mistakes you have made, you have to pay back. "

Driver Xiao Cai: "..."

Fu Zhengxiong still cried and said to himself, "Did you see it? My little granddaughter is so cute, so beautiful, so healthy? Who do you look like?"

In order to comfort Fu Zhengxiong, the driver blurted out: "Master, the family has long known that your little granddaughter looks the most like you."

"Nonsense! How can you be a driver! How can you talk nonsense!" Fu Zhengxiong scolded the driver bluntly.

driver:"....."

Flattery, did you hit the horse's hoof?

Isn't that what the old man meant?

The entire Fu family's old house is up and down,

Who doesn't know that the granddaughter of the four-year-old Tiantian, especially the granddaughter Shen Weiyi, he talks about it all day long.

Sometimes I will say to myself: Am I the only grandpa? I may not be, otherwise why does the only one not recognize me?

The servant at home comforted him with a sentence: Don't worry, old man, you must be the grandfather of the little princess, you haven't seen how much the only one looks like you. "

Hearing this, Fu Zhengxiong laughed.

Very happy smile.

But this time, Fu Zhengxiong looked at the driver with tears in his eyes, and his tone was very angry: "What nonsense are you talking about! The only one who is not like me! The only one who is like her grandma, her dead grandma!"

driver:"....."

Is the little princess' grandma dead?

Isn't the little princess' grandmother suffering from mental illness and being sent to a mental hospital?

The driver is a newcomer and has only been in the Fu family for half a year. He is not very clear about the past of the Fu family.

"Her grandmother is very beautiful, she was also a little princess when she was young, she is a talented student! I ruined her life, ruined her life!

Back then, the most she told me was that she wanted to wear a wedding dress.

She felt that if a woman didn't wear a wedding dress for a while in her life, it would be a waste of time.

But she has never been able to wear a wedding dress in her life.

It's me, it's me who made her never get married all her life, made her bear the title of a mistress all her life, and made her unhappy all her life. "

Having said that, Fu Zhengxiong burst into tears.

## Chapter 2017

Wiping away the tears and snot, he said to himself: "Hey, have you seen it now, Xiaomin?"

All is yours.

Your son, your grandson.

The entire Fu family is yours, Xiaomin.

Can your spirit in heaven see the punishment I have suffered?

I don't want anything, I just want my little grandson to have a word with me. "

The driver next to him heard such words and couldn't help but accompany his sadness: "Master, let's... go back?"

"Well." The old man didn't get angry this time.

He silently followed the driver into the car, and then was silently driven home by the driver.

When the car arrived at the door of the house, when he saw Arron's car, Fu Zhengxiong didn't feel any difference. After all, Arron came to the old house every week to see his father and grandma.

When Fu Zhengxiong walked into the house, he saw that all the servants in the house were trotting all the way, some with candy and some with baby toys, and they all hurriedly ran to the old lady's house. Only then did Fu Zhengxiong decide that something was wrong.

He grabbed a domestic helper: "What's the matter, what's the matter with you?"

The domestic helper said excitedly: "Hey, old man, why are you still here? Your two grandchildren are here! What a nonsense in the old lady!"

Fu Zhengxiong thought he heard it wrong: "What?"

The domestic helper did not reply to him, the domestic helper had already run away with the snacks.

This is the order of the old lady.

If he doesn't run quickly, the old lady will deduct his salary.

Fu Zhengxiong, who was behind him, was startled at first, and then burst into tears: "My grandson? Are my two grandsons here?"

Two grandchildren?

He immediately ran frantically to his mother's room like a rabbit.

The old man in his 60s and 70s, at this moment, runs like a fly.

Before entering the old lady's living room, Fu Zhengxiong heard Shen Weiyi's voice: "Grandma, I haven't seen you for half a year, you are young."

The old lady couldn't close her lips with a smile: "My only one, why are you so good at talking? Grandma hasn't seen you for half a year, but you have grown a lot taller. Tell your grandma, what do you like to eat today? Too? Grandma has someone do it for you."

Shen Weiyi: "Well..."

She thought about it for a long time.

A seven-year-old girl already knows beauty very well.

She is afraid of getting fat.

Before Shen Weiyi could answer, Fu Liuyi, who was in Suzi's arms, looked at his grandmother: "Ah, ooh, ooh, ooh, woohoo!"

A murmur of baby chatter.

The old lady was stunned.

Then: "Hahaha" laughed.

At that moment, the old lady really looked like she was ten years younger.

She didn't care about Shen Wei anymore, but raised her two old arms to hug the fourth-generation great-grandson.

The great-grandson also opened his arms, wanting a hug from his great-grandmother.

Shen Weiyi was on the side, pretending to be angry and pouting: "Humph! Grandma, you are not good at all. You were talking to me just now, and now you are talking to my brother again!"

In fact, the little girl likes her brother the most.

When she was at home after school, she would hug and kiss her brother enough.

She was just joking with grandma.

But I never thought that a person suddenly broke in from the door behind him, and said to Shen Weiyi with great excitement: "Not necessarily, baby, your great grandmother ignores you, grandpa cares for you, grandpa cares for you, look at grandpa How much delicious food did I buy for you?"

Fu Zhengxiong stood in front of Shen Weiyi with a stack of delicious and fun food in his hands, happy like a child.

Behind him were several helpless domestic servants.

It was obviously the snacks they just bought, so how could it be the father's credit?

Shen Weiyi: "..."

## Chapter 2018

“Dad.” Suzi immediately went to stand up and shouted gently.

I haven’t seen Fu Zhengxiong for half a year, and he has aged a lot.

Also lost a lot of weight.

It’s not that she doesn’t want to come to see Fu Zhengxiong. First of all, there are two children in the family. The youngest son is still breastfeeding, and she has recently been working. After finishing her work every day, she hurries to the house.

The second reason is because of the uniqueness.

The last time Fu Zhengxiong deceived the unique, the only one was severely traumatized. The only six-year-old child, she does not have such a strong heart, so the parents are very protective of the unique.

The whole heart is directed towards the one.

Suzi has always been on the side of the one and only told the one every time: “If you hate grandpa, the mother will not forgive grandpa, that is what grandpa did wrong.”

In half a year, it took Shen Weiyi to guide him slowly, and he stopped hating Fu Zhengxiong so much.

Sometimes, Shen Weiyi said something like a little adult: “Hey, I think my grandfather must have been tricked by bad people at that time.

deceived by bad guys. “

Suzi asked, “How do you know?”

Shen Weiyi said: “Can I understand a lot of adult TV series now? There are many scenes of misunderstanding in TV series, I just thought, since grandpa is father’s biological father, just like me and father, then Grandpa has no reason to hurt Dad’s relatives?”

Or get scammed by someone else. “

Suzi followed Shen Weiyi’s words: “Yes! He was tricked by others.”

Shen Weiyi looked up at his mother: “Mom, such an old man, do you know why he was tricked?”

Suzi looked at Shen Weiyi in confusion: “Why?”

“Because grandpa doesn’t kiss us or love us in his heart. If grandpa is wholeheartedly with us and loves us, how could he be deceived? Are you right, mom?” Shen Weiyi is very good at analyzing things.

Suzi: “...”

She suddenly found that the child was older.

Many things are already very able to distinguish right from wrong.

What Fu Zhengxiong did, let alone Shen Weiyi would hate him, it would leave a psychological shadow, and even she, Suzi, would hate her old man.

But, Suzi hated too many people in his life.

First of all, his biological father is a very hateful person.

With the comparison of his biological father, Suzi’s prejudice against his husband is much less.

In addition, Suzi has to consider Arron’s feelings.

Arron was cold and ruthless.

But he has less and less relatives.

The death of his mother and the death of his younger brother had hit him hard.

In general, Fu Zhengxiong did not abandon Arron, nor did he not raise him, so Fu Zhengxiong was indifferent to Arron, but the way he handled it was wrong, but it was not too vicious.

So after comprehensive consideration, Suzi suppressed all his hatred for Fu Zhengxiong.

But even so, Suzi had to protect his baby wholeheartedly.

If the only choice is not to forgive grandpa, Suzi will always be on his daughter's side all his life.

So, that time, Suzi didn't force his daughter to forgive her grandfather.

But now she came to this old house, and in front of Fu Zhengxiong, she would still respectfully shout, "Dad."

Fu Zhengxiong was excited, and his voice trembled: "Xiangxiang, you...you look thin, you are a child, why are you so thin? Why didn't the servants take good care of you? Send a few servants from here to cook for you.

Here we are, your grandmother and I, we can't use so many domestic helpers, and you are the most important.

Children naturally need to be taken care of, but your body is very important. "

Fu Zhengxiong's tone of voice was as if he was Suzi's biological father.

For a moment, Suzi was really moved.

very touched.

## Chapter 2019

In the past two years, she has occasionally visited Jarod, but Jarod's attitude towards her has always been flattering and too sincere.

Therefore, Suzi has always had no feelings for his biological father.

On the other hand, Fu Zhengxiong was very sincere and strong.

"Dad..." Suzi didn't know what to say.

However, Fu Zhengxiong smiled: “Xiangxiang, Dad... Dad already knew that he was wrong, and Dad... didn’t ask for anything. Dad can have such an ending today, safe and sound. , guarding your grandma, I think it’s all because of God’s favor on Dad.

Dad wants to understand a lot of things.

Dad and grandma are both old grandmothers. It doesn’t matter if you eat delicious food in the future. There are enough domestic servants at home. Don’t worry about us. The most important thing for you is to raise your children well.

if.....”

Speaking of this, Fu Zhengxiong looked at the only one: “If the only one really doesn’t want to see me in the future, don’t bring her here, I’m afraid... I have done things to the child that hurt her heart, and I have nothing to do with it. Yan is seeing your grandpa, too grandpa.

If there is any impression of the only character in the future, I really don’t have the face to meet the ancestors of our Fu family. “

Having said this, Fu Zhengxiong burst into tears again.

Suzi: “Dad...don’t be sad, aren’t we here to see you?”

At this time, Shen Weiyi, who didn’t want to pay attention to his grandfather, gave Fu Zhengxiong an angry look: “Old man! You are so old and you cry, can’t you be stronger!”

Fu Zhengxiong: “...”

After a long while, he said, “Huh?”

That expression is so cute.

It’s that kind of moment, and the surprise can’t come back.

Was Shen Weiwei talking to him just now?

Shen Weiyi looked at Fu Zhengxiong angrily: “Looking at you so pitiful, I don’t even want to bully you. I originally wanted to show off my test scores in front of you, eh, forget it, I won’t hit you.”

Shen Weiwei felt that Grandpa didn't care for her so much, and she told Grandpa that she won the first place in the exam, Grandpa would definitely be half-dead with anger.

But seeing Old Fu so weak now, Shen Weiyi couldn't bear it anymore.

She doesn't want to bully the weak.

But Shen Weiyi didn't expect that Fu Zhengxiong was even more excited when he heard Shen Weiyi's words, his old voice laughed excitedly: "Yi, the only one what you said, you are telling grandpa again, you say it again, you go to elementary school Signed up, is the first place in the test? You are the first in the test?"

Fu Zhengxiong's expression was the same as Shen Wei's entrance exam to the best university in the country.

He was agitated.

Shen Weiyi rolled his eyes again: "Are you sure, you can bear it?"

"It's bearable, it's too bearable!" Fu Zhengxiong laughed.

He can't stand it. He can be ten years younger when he hears such news?

"Well, I signed up for the test today and won the first place." Shen Weiyi said with great bragging.

Anyway, old man Fu is not afraid of being bullied, so he will bully him.

Unexpectedly, Old Man Fu half bent over and smiled very pleasingly: "The only one, look, do you like the toys and snacks that Grandpa bought for you?"

"Master, that's all..." A servant behind him was dissatisfied.

"Go! Why should I go!" Fu Zhengxiong scolded the domestic servant behind him.

The domestic servants swarmed away.

In the old lady's not too big living room, only the Fu family was left. The old lady held her little great-grandson in her arms and watched Fu Zhengxiong coax Shen Weiyi with a smile on his face.

Looking at Shen Weiyi's arrogant little appearance, the old lady's heart was like stuffed with honey.

Laughing and laughing, she suddenly stopped smiling.

"Grandma?" Arron quickly took Fu Liuyi from the old lady.

The old lady's head dropped.

"Grandma!" Arron shouted suddenly.

### Chapter 2020

The old lady of the Fu family passed away suddenly.

Perhaps, when Fu Hengsheng passed away, she already wanted to follow him. After all, the old lady was over 100.

However, when she thinks that her son is old and old, but has become a lonely man, even her own granddaughter does not recognize him, so the old lady does not worry about her son.

Now, seeing my son and his family reunited,

Reluctance can be considered a reconciliation, and the old lady is relieved.

The old lady's sudden resignation made Arron busy again for a while.

In mourning, people who come to pay their respects are received.

The guests who came to express their condolences were no less than when Mr. Fu Hengsheng was half a year ago, but more.

The biggest storm that the Fu family has encountered in the past six months is that Shen Weiyi and Suzi were held hostage by Ying Ming.

Thinking back to half a year ago, how many people were thinking behind their backs that this time they had a fever and their parents were about to be killed, but in the end, Arron overtook him. Not only did his wife return safely, but the child in his belly was unscathed.

The most important thing is that the great demon Ying Ming ten years ago was also beaten to death on the spot.

That's all but one big harm.

This made those who watched Arron end more obedient.

It also made those who used to look down on Suzi thoroughly to find out that the combination of Suzi and Arron seemed to be a strong man while Suzi was a weak man.

Arron is very strong.

However, Suzi is not weak, to some extent, Suzi can even be on an equal footing with Arron.

Like this funeral.

He was still holding a six-month-old child in the swaddle, and the only old man in the Fu family was still in love with him. Shen Xiangneng was very calm and very calm and held this funeral side by side with Arron.

At a young age, Suzi, who is still under 30 years old, can support the overall situation very well.

Not a trace of hustle and bustle, not a trace of petiteness.

She is airy and can be in control.

This made the guests who came to attend the funeral, especially those who were a little older, some of them who had driven Suzi from the Fu family's old house eight years ago, couldn't help but look at Suzi with admiration.

She has completely transformed.

She is no longer the desperate woman who was bullied by the entire Nancheng people eight years ago.

Today's Suzi, in front of everyone, is envied and respected by everyone, and no one dares to say 'no'.

However, Suzi was never arrogant or arrogant.

She is light.

Treat people lightly.

The smile is also light, but it makes people feel very comfortable.

The normal funeral of the old lady lasts for seven days, and it is very successful, and it can be regarded as a happy funeral.

Only, in the whole old house, only Fu Zhengxiong was left.

"I..." Fu Hengsheng looked at the huge house and didn't know what to do.

"Dad!" Suzi said first: "Follow us to the city."

Fu Zhengxiong: "You... are you willing?"

Suzi said: "The top floor is a sky garden, and there is also a one-hundred-fourth house. You are on the top floor, we can rest assured, otherwise..."

Fu Hengsheng is very willing.

Because in this way, I can see two little grandsons every day.

But what about the huge old house?

It can't be wasted, can it?

Abandoned, abandoned!

Arron originally wanted to say this, but when he saw that his father was so old, he stopped talking: "Let the domestic helper take care of it first, and you can come to live during the New Year and holidays."

"Good! Very good!"

Fu Zhengxiong looked at Shen Weiyi again: "Only, grandpa lives with you...upstairs, you..."

"I have no opinion!" Shen Weiyi gave his grandfather an angry look: "But you can't lie to me next time! You lied to me even though it wasn't the snacks and gifts you bought for me!"

"As ordered!" The old man gave Shen Wei a standard salute.

Shen Weiyi: "..."

## Chapter 2021

"Hey! I really can't help you, like a child!" The seven-year-old girl felt that she was an adult.

"Hey hey, the only one in our family is now an adult." Fu Zhengxiong can curry favor with Shen Wei now.

The old man lived in the sky garden on the roof, and he lived close to his son and daughter-in-law. He could see his granddaughter and grandson every day, and he felt a lot happier.

From time to time, he would go to Shanna's cemetery to have a look, and he would sit there for an afternoon.

He said to himself, "You have all passed away, but in exchange for this immortal thing like me, I can still see my children and

grandchildren, and I can still live with my son and grandchildren. Why should I?"

"I suddenly felt that my life was suffering."

"Sometimes, it's not necessarily a good thing for people to live. I can survive because I want to see you sleeping here day and night. I'm suffering, Xiaomin, Haoyang? I...everyone Yue will come over to sweep your graves, plant flowers, and talk."

"Xiaomin..."

"In the next life, or when I'm there too, let me crawl at your feet and be your servant for life, right?"

Tombstone is quiet.

No one answered Fu Zhengxiong's words.

Fu Zhengxiong

After coming out of the cemetery, I went to a mental hospital.

Every time.

When he arrived at the mental hospital, the hospital director and the doctor tacitly took her to Qin Wenyu's separate small hospital.

White walls, white houses, white bed sheets.

The doctors and nurses who come to take care of Qin Wenyu every day are

After the routine, after the meal was delivered, he left.

Except for three meals a day, Qin Wenyu didn't even have a word to speak.

Sometimes, she herself thinks that she is crazy.

She even wanted to hang herself.

Too tormented.

So much so that every time Fu Zhengxiong came to see her, she would tear up and tear at Fu Zhengxiong, and she wanted Fu Zhengxiong to take her away.

“Zhengxiong, I’m all for the Fu family. I do everything for the Fu family! What did I do wrong? My sons are dead, and I still have to suffer such a punishment?” Qin Wenyu cried and said. .

Fu Zhengxiong also shed tears, while he was shedding turbid tears,

Wipe away tears for Qin Wenyu.

“Tanyu, I am wrong, and you are also wrong.”

“That’s right, the innocent ones are Shanna, who is sleeping underground, and my poor son Hao Yang.”

“At that time, in order to expand the Fu family, we really did something unconscionable.”

“Xiao Min, why Gu? My Hao Yang and Gu?”

“You and I have to atone for our sins, don’t be sad, tattoo.”

“Zhengxiong, we are husband and wife, a lifetime husband and wife!” Qin Wenyu roared hard.

Fu Zhengxiong smiled sadly: “Husband and wife? If there is an afterlife, I don’t want us to be husband and wife again. We are husband and wife for a lifetime, but you let our son and three sons unite to assassinate me and Xiaomin’s son.

Eight years ago, what if Shaoqin died that time?

Xiaomin would have to spend a lifetime in prison.

I later understood very well that Xiaomin put Hao Yang on Jiaying Island to hide from us.

She wanted to leave a ray of hope for her child.

My wife, how vicious must you be? “

“If there is an afterlife, let’s never see each other again.” With words, Fu Zhengxiong quietly handed a very small thing to Qin Wenyu.

Qin Wenyu couldn’t understand what it was.

However, she is not stupid when she thinks of what Fu Zhengxiong quietly gave her.

He quietly took it.

In the dead of night, Qin Wenyu opened the small thing, and it turned out to be a blade.

Incredibly sharp blades like a razor.

That night, Qin Wenyu immediately smiled: “Zhengxiong, thank you, thank you!”
