## Chapter 2022

After all, a lifelong couple.

Fu Zhengxiong still took pity on her.

It is impossible for Fu Zhengxiong to beg for mercy and let his son spare his wife, he has no face.

Qin Wenyu's numerous crimes against Shaoqin were enough for Shaoqin to tear Qin Wenyu apart.

However, they were husband and wife for a lifetime.

The only thing he can help Qin Wenyu is to free her.

Now Qin Wenyu, it is better to live than to die.

Faced with a white wall and a white quilt every day, I am not crazy.

But, Qin Wenyu has never been crazy.

This is more difficult.

Seeing this blade, Qin Wenyu burst into tears: "Zhengxiong

, I made mistakes, I know all kinds of mistakes, I am too strong, too strong.

It was me who took advantage of Shanna in order to stabilize our career.

Later, it was me, who led her here and framed her for jail.

Because I found out that you have no feelings for her at all.

I found that you love her.

I am afraid. “

“So I brought her into the country, and I framed her and put her in jail.”

“Think about it now, who did Xiaomin offend?

We destroyed her home.

Ruined her love.

Let her become a junior.

Let her get pregnant, but she doesn't even have a place to give birth, and she has a baby, but she can't even enter the Fu family's side.

Why are we so cruel to her? “

“At that time, we didn't think so.”

“I don't think so. I also think that those who do big things should be informal. But we all ignore it. Why should we deprive her of everything?”

“Zhengxiong, you are right.”

“You and I are both sinners.”

“A complete sinner, in the end, Arron won. This child really gave his mother a face. He alone took back all the grievances her mother suffered and everything he lost.

Not only that, but also killed the enemy.

All the enemies, he made them get the punishment they deserved. “

“Qin’er, Qin’er is really good, don’t say Qin’er is your son, even if he is not your son, I think he is good, if I can have a son like Qin’er, How good should it be?”

“I am a sinner.”

“In front of Qin’er, I don’t deserve to be an aunt.”

“So, it’s not too much for him to give such an immortal punishment.”

“Zhengxiong, I thank you, thank you, send me this blade, so that I can finally no longer have to face such white tiles, white walls and white quilts.”

“I’m finally free.”

“Zhengxiong, will you buy me a mat and roll up my body and bury it in loess? Zhengxiong...” Qin Wenyu held the blade and cut it on his own without hesitation while weeping. on the aorta.

The white ward, which was not too big, was suddenly stained with a dirty red.

Quietly this night.

the next day

The sky was overcast.

At five or six in the morning, Fu Zhengxiong got up. He went out to buy breakfast for his son, daughter-in-law and granddaughter with a look of melancholy and vicissitudes on his face.

Fu Zhengxiong, who was in his 70s, ran three streets and then turned around, then walked into the long alley, and then turned around again to buy the fish porridge from that shop.

This was discovered by Fu Zhengxiong alone.

One day when he got up for a walk in the morning, he saw several people who were leisurely

Some old men and women came out of an alley with rice buckets.

Fu Zhengxiong is also free.

It's okay anyway, just follow that alley.

When I walked into the alley, I found that in the alley, people with rice buckets and people directly carrying small pots came out from the depths.

What is this for?

Fu Zhengxiong who has nothing to do

## Chapter 2023

More curious.

He continued to walk along the place where people came out, and when they came to an intersection, he had to turn around again, so he continued to turn outside and walk in.

As a result, I found this very hidden fish porridge shop.

This is really wine, so don't be afraid of the deep alley.

Fu Zhengxiong sat down and ate a bowl.

It really shocked him.

There are also many domestic servants in the Fu family.

Later, when I came to Shaoqin, although there were not many domestic servants, Sister Tian and Sister Li were both good at cooking, but Fu Zhengxiong had never eaten such delicious and fresh fish porridge.

He ate a bowl and wanted another bowl.

After eating, I thought about taking it back to my granddaughter.

But, what if there is no pot, no rice bucket?

I simply bought a large stainless steel rice bucket from the stall next door.

Fu Zhengxiong asked the person who sold the rice bucket to scald the rice bucket with boiling water, washed it clean, and then bought a whole rice bucket of porridge directly from the porridge shop and went back.

Returning to Arron and Suzi's residence, he pushed open the door and called Sister Li: "Sister Li, Sister Li, don't cook porridge, I bought it back."

Sister Li was about to put the rice in the pot.

Seeing that Fu Zhengxiong brought back a bucket of rice, she was also very curious.

But the old man said not to cook porridge, and she didn't cook it either. Half an hour later, Suzi, Arron and Wei Yi got up for breakfast one after another. Everyone was stunned when they took their first mouthful of fish porridge.

Especially Shen Weiyi.

She looked at Sister Li in surprise: "Grandma Li, you... Your cooking skills have improved again? You... Grandma Li, I love you so much, I will eat it every day from now on. Can I still have a bowl of your fish porridge, that grandma Li?"

Shen Weiyi was very curious, how did Grandma Li put the fish fillet porridge in the rice bucket?

Grandma Li looked at Shen Weiyi very embarrassedly: "That...the only one, today's porridge is not...I didn't cook it, it was..."

Sister Li looked at Fu Zhengxiong.

Shen Weiyi: "..."

Startled for a while, she asked Fu Zhengxiong, "You've been through it..."

He was really impressed by the old man Fu.

Fu Zhengxiong immediately smiled apologetically: “No...I didn’t cook it, it was...Grandpa bought it outside, so...is it delicious?”

Shen Weiyi nodded: “Delicious.”

I have to admit that the fish sliced porridge breakfast that Old Man Fu bought was really delicious.

Incredibly fresh, extraordinarily smooth.

And extremely glutinous.

Absolutely.

That morning, Shen Weiyi said to Fu Zhengxiong for the first time, “Thank you, old man Fu.”

A thank you is enough to soften Fu Zhengxiong’s heart.

Since then, Fu Zhengxiong has brought a big bucket of fish fillet porridge to the whole family every now and then.

Moreover, he found that the side dishes in the porridge shop, as well as some other foods, were extremely delicious.

No wonder this porridge shop is so remote, yet so prosperous.

Today, Fu Zhengxiong is actually restless.

Even if he didn’t sleep all night, he couldn’t sit in his top-floor sky garden.

He must get busy and do something.

So, early in the morning, Fu Zhengxiong lined up at the door of the porridge shop with his rice bucket.

After queuing for about an hour, he bought the porridge and side dishes he wanted to buy, as well as some other food.

I finally feel more at ease.

Yes, Fu Zhengxiong

Still unhappy.

He knew, he knew better than anyone, what was going to happen today.

He slowly, while

Walking, Hundred Years walked to the house with tears in his eyes, and when he walked to a place where no one was around, he would cry twice.

It took him forty or fifty minutes to walk home.

The door opened, and Fu Zhengxiong saw the whole family standing at the door looking at him.

Especially Arron, he looked at Fu Zhengxiong calmly.

Fu Zhengxiong asked, "What's wrong?"

"Dad, she... is dead." Arron said flatly.

### Chapter 2024

The fish fillet porridge that Fu Zhengxiong was carrying suddenly fell.

Fortunately, Arron quickly took over the heat preservation bucket, so that the fish fillet porridge would not be scattered on the ground.

Arron's tone was calm: "When she left, her face was very peaceful."

Fu Zhengxiong looked up at his son.

The son's expression became calmer.

It was as if he knew that his aunt Qin Wenyu would die at this time.

In fact, Fu Shaoqi really knew.

Even the blade was placed in a conspicuous place by Arron for his father to see.

Father has been going to see Qin Wenyu a lot recently.

Almost every time he sees Shanna on the cemetery, he also goes to the mental hospital to see Qin Wenyu. As long as he cried at Shanna's cemetery, he would scold Qin Wenyu for as long as possible.

The two living people were suffering to the extreme.

Especially Qin Wenyu.

Arron has always sent people to watch Qin Wenyu's every move. In that kind of situation where there are no entertainment activities, but the whole house is white on all sides, it is really hard for a sober person not to be crazy.

Rather crazy.

Crazy is a hundred.

Qin Wenyu's regret and her self-torture made her bald all her hair.

Murder is just a no-brainer.

Therefore, Arron put the blade in a conspicuous place for his father.

In addition, he also informed the staff of the mental hospital, asking them to turn one eye and close one eye.

Qin Wenyu's life has been brilliant and rich.

But she was too vicious and too disrespectful to other people's lives.

She has such an end in this life, and being able to die satisfactorily and with dignity is already the greatest favor Arron can give her.

Arron knew that his father was sad.

My father didn't sleep all night yesterday, and he didn't sleep much either.

My father went to buy fish porridge early this morning. In fact, Arron followed him all the time. When Fu Zhengxiong returned home, Arron had just arrived home five minutes ago.

During these five minutes, he received a call from a mental hospital.

Qin Wenyu committed suicide.

As expected, but not sleepy and melancholy.

But for Arron, melancholy was just a flash in the pan.

He looked at his father calmly: "Dad, I will give her a grand funeral, I also..."

Originally, Arron wanted to say, "I will bury her in the Fu family's ancestral tomb, and I will be buried with you in the future."

But before Arron said this sentence, he was interrupted by Fu Zhengxiong. Fu Zhengxiong's old voice was extremely low and hoarse: "No! Don't bury her on the Fu family's ancestral grave, I... I don't want to be buried with her!"

What he said was extremely decisive and decisive.

Behind him, Suzi, who was listening, and the housemaid at home were silent for a while.

There were two lines of clear tears on the old man's face. He took the heat preservation bucket from Arron's hand again, and walked staggeringly into the restaurant.

As I walked, an old voice muttered: "If I were to be reborn again, I would not marry such a strong, domineering woman who would wantonly hurt others in order to achieve her own goals.

Never again.

I will never meet her in my life.

Don't see each other again. "

What he was talking about was a fact. Such a woman, who seemed to be strong, ended up ruining the Fu family.

Every decision she made seemed to be in her heart, and she seemed to be deeply shrewd, but every time she made a decision, she smashed herself in the foot.

Such a woman seems to be a strong woman, and her courage and courage do not belong to men.

Actually?

It's actually just jealousy.

Because she was jealous that Shanna was once slept by his husband, she didn't care whether Shanna arranged it or not, if she framed it or not, as long as she touched her husband, she would die!

So that if you hurt others, you also hurt yourself.

## Chapter 2025

This kind of woman can't be wanted again in the next life.

Harmful!

Putting the heat preservation bucket in the dining room, Fu Zhengxiong looked back at Suzi: "Xiangxiang, come over to eat, today's fish fillet porridge is very good, you can eat more so that you can have more milk."

"Dad..." Suzi didn't know what to say.

No matter what this person did when he was alive, but now after all, death is the greatest.

“Xiangxiang, when Shaoqin meets you in this life, it is his greatest wealth.”

Suzi: “...”

Fu Zhengxiong said, “Actually, your mother-in-law, Xiaomin, is a rare good woman with a unique vision, but unfortunately, my father doesn’t deserve to have Xiaomin.

Look at Xiaomin, how can he keep a low profile? Far-sighted?

She knew for a long time that you are an unusual woman, so she identified you as her daughter-in-law.

Dad... Dad has lived for such a long time now that he realized a truth.

The greatest wealth of a man’s life is to find a woman who can lead his man to the right path, and who can stand together with his man through thick and thin, sharing life and death.

If you can have such a wife by your side, what if you don’t have wealth in this life?

What is wealth?

Passing by, life does not bring it, and death does not take it away.

Your mother-in-law, before she died, paved the way for Shaoqin’s future very well.

It’s a pity, Dad, there is no blessing.

Not worthy of your mother-in-law’s voice. “

Suzi: “Dad...”

At this time, she could only call out Dad.

Nothing can be said.

She didn't know what to say either.

Even Shen Weiyi could see that Old Man Fu was in a very low mood today, very low.

She called softly, "Old Man Fu, no... Grandpa?"

Fu Zhengxiong said to the only gentle smile: "the only one, come and eat, today's fish porridge is better than before, grandpa, found a trick, go early, the fish porridge bought earlier is fresher, the fillets are smoother and bigger. Come and eat them."

Shen Weiyi nodded: "Well, good grandpa."

"Xiangxiang." Fu Zhengxiong shouted again: "Come here too, give me the child, let me tell you, the child is half a year old, he can eat some porridge, and the fish fillet will melt in the mouth. , you can give the child a proper amount of food."

Suzi looked at Fu Zhengxiong gratefully: "Thank you Dad."

"Come on, give me the child." Fu Zhengxiong hugged Fu Liuyi.

The six-month-old baby is very close to his grandfather. He babbled. Grandpa took a sip of fish fillet in a small silicone spoon and fed it to his mouth. It was very delicious.

After eating, Grandpa Wen, who still has a small mouth waiting to be fed, asked for it.

Fu Zhengxiong gave the child another mouthful.

Shen Weiyi, who was next to him, looked at it, not to mention envious: "Grandpa, you know how to feed brother!"

When Fu Zhengxiong heard it, he immediately handed the child to Suzi, and then fed Shen Weiyi with sincerity: "The only one, open your mouth, open your mouth, and eat it all in one bite."

Shen Weiyi opened his mouth and ate the meal fed by his grandfather.

Seeing this scene, Suzi and Arron looked at each other.

After a long while, Arron made a phone call: “Christopher, tell me to go on, Qin Wenyu’s funeral should be handled with great care.”

Christopher at that end: “...”

After a pause, he returned: “I know Fourth Master, do you want to...”

“Yes, all the friends and relatives of the Fu family are invited.” Arron didn’t want to care about anything since the person was dead.

What’s more, his father also said that Qin Wenyu would not be allowed to enter the ancestral grave.

This is already a big punishment for Qin Wenyu.

“Okay Fourth Master, I understand.” Christopher said.

After closing the line, Arron looked at Fu Zhengxiong who was feeding Shen Weiyi: “Dad, do you think there is anything else to add?”

Fu Zhengxiong put down the tableware and suddenly burst into tears: “Ow...”

### **Chapter 2026**

His voice was extremely desolate and extremely sad.

A whole night has passed since the scraping blade was given to Qin Wenyu yesterday. Fu Zhengxiong finally erupted his suppressed emotions.

He was lying on the table, crying and couldn't get up.

In the end is his hair-bearing wife.

How can there be no friendship at all?

The two had three children together and lived together for more than forty years.

For more than 40 years, we have been in the same boat through thick and thin.

How to let him get rid of it?

"If Dad wants to cry, you can cry, and if you want to see him, you can go." Arron comforted him.

Fu Zhengxiong burst into tears: "Shaoqin, Dad... Dad thank you, but Dad has to look forward.

You have been very worthy of Dad, very worthy of her.

Dad and her will never get along again in this life.

But after all, it is my father's married wife, and my father wants to give her a ride. "

Arron nodded: "Okay. Everything is up to you."

He is a person who does what he says. In the next few days, Arron handled Qin Wenyu's funeral with great splendor, and he also received a supremely good reputation.

"If you look at what this old woman has done to Fourth Master Fu, Fourth Master Fu will throw her at the mass grave instead and give her a funeral?"

"Finally, it's Fourth Master Fu, great! I can tolerate it!"

“People often say that Fourth Master Fu is ruthless and ruthless, don’t I think so?”

“Fourth Master Fu was really cold and ruthless in the past, but in recent years, he has changed a lot. After all, he is a man with a wife and two children. Now he has become tolerant and kind-hearted.”

“I think that the reason why Fourth Master Fu has become so generous and kind is not unrelated to the fact that he has a good wife behind him.”

“Fourth Master Fu’s wife is indeed a goddess!”

“I heard that Mrs. Fu is very capable. Now she seems to be the boss of an architectural firm, and she undertakes all major projects. I really can’t imagine that Mrs. Fu has such a powerful husband, but she does not rely on him at all, and It’s about being on your own.”

“I really didn’t see it, I think back then...”

“What happened back then?” The person who asked this was a young daughter-in-law.

She is from another city, and she just married to Nancheng for 3 years. She doesn’t know much about the events of 8 or 9 years ago, or even doesn’t know at all.

Such a young daughter-in-law sees Suzi, who is already a mother of two children, very capable, with a calm face and a mature and steady smile, and then leads a very high-end architectural firm.

In front of people, Suzi was already very beautiful.

From the inside out, she exuded a sense of self-confidence. How many people in Nancheng admire her and respect her?

Suzi couldn’t even remember.

This is quite different from hers eight or nine years ago.

Especially eight or nine years ago, I saw her in a state of desperation, being ostracized by others, and being kicked around like a ball by the upper class circles in Nancheng.

At this time, seeing Suzi walking at the funeral of his non-mother-in-law, he was extremely calm and calm.

She can share all the affairs for her husband.

Cooperate very well with the husband.

Everyone looked at him with admiration.

Especially Joan's mother, Arron's little aunt.

Today, the older generation of the Fu family, except for Fu Zhengxiong, are all gone.

Fu Wanru also felt that this brother was her only relative.

After Qin Wenyu's funeral was done, Fu Wanru came to Arron and Suzi's home to visit her brother immediately.

It was said that he came to see his brother, but in fact, Fu Wanru also wanted to get closer to Suzi.

A few years ago, because of his son Joan, Fu Wanru wore Suzi's shoes a lot.

## **Chapter 2027**

In fact, at that time, Fu Wanru knew better than anyone that her son was actually an asshole, and it was indeed her son who provoke Suzi, but at that time Fu Wanru just didn't like Suzi.

So I tried my best to drive out Suzi and bully Suzi.

In a daze, he poured dirty water on Suzi.

At that time, Fu Wanru thought to himself, anyway, Suzi already had so many stains on his body, he could splash a little more.

Anyway, Suzi is also a Piaoping who has no ability to resist. Even if she bullies and insults her, what can she do?

However, it was unexpected that such a Piaoping could not only survive by her own perseverance, but also married Arron, and, without relying on Arron's power, could make a world of difference.

Today's Suzi not only makes Fu Wanru feel ashamed and fearful, but also makes Fu Wanru admire her immensely.

Just a week after Qin Wenyu's funeral, Fu Wanru came to Suzi and Arron's house on the grounds of visiting his elderly brother.

Fu Wanru and his wife were the homes of Suzi and Arron whom Joan and Pan Mingsai took them to.

Entering the door, I saw that the Fu family was also very lively today.

Sanford and his wife are here.

Darius, Galia, and Alyce were there.

Kraig and Rayna were also there.

The living room of Fu's family is usually large and empty, but after so many people came, it became a little crowded.

When they saw Joan, Pan Mingsai, and Fu Wanru and his wife, the guests at home were startled.

To say that Joan and Pan Mingsai often come, they are not surprised at all.

But Fu Wanru, she has never been here with her nephew.

"Brother..." Fu Wanru looked at Fu Zhengxiong with a smile: "My parents are gone, my sister-in-law is gone, I just came to see you, if you feel bored, you can also go to my house, ask me to talk to Tian Ling's father..."

Fu Zhengxiong looked at Fu Wanru peacefully: "Xiaoru, it's hard for you to see brother. Don't worry about me, I live well here in Shaoqin and Xiangxiang.

Xiangxiang hurts me very much.

The two kids don't bother me either.

Especially the only, the only one who didn't want to talk to me before, but now he is willing to call me grandpa, and he often buys breakfast with me.

And the little devil.

The little devil is seven months old, and he will babble.

My life, ah, it is moisturizing. “

Fu Zhengxiong has completely come out of the grief of Qin Wenyu's death.

He doesn't have any big wishes now, he just wants to accompany his two little grandsons and buy them something to eat and drink when he has time, and his heart is satisfied.

What makes Fu Zhengxiong most gratified is that Suzi has no estrangement with him at all. She: Dad is long, Dad is short, and he shouts like her own father.

Thinking of this, Fu Zhengxiong said to Fu Wanru, “Xiangxiang, she is a good daughter-in-law.

One of the most correct things my Fu family did in their life was to marry such a good daughter-in-law as Suzi.

Xiangxiang is not only prosperous.

She is also well versed in the truth of family and prosperity.

Xiangxiang is my good daughter-in-law! “

Fu Zhengxiong's heartfelt words made Fu Wanru feel even more ashamed.

She smiled embarrassingly and looked at Suzi: “Xiangxiang, my aunt used to treat you...”

Suzi didn't have much impression of his little aunt Fu Wanru, and he didn't usually deal with it very much.

Seeing Fu Wanru now, she didn't know what to say.

"Little aunt, if you have anything to say, just say it." Suzi looked at Fu Wanru neither humble nor arrogant.

"Xiangxiang, look at you...you saved Tianling's life before, if it weren't for you, Tianling would have died a long time ago, and the little aunt still treated you like that. You really apologize, you see now, you have taken care of my brother so well, I am a little aunt, really..."

Arron said calmly: "Little aunt, what are you...what are you trying to say?"

### Chapter 2028

Fu Wanru looked at Arron embarrassedly: "Shaoqin, I just think that I was too harsh on Xiangxiang a few years ago."

How harsh.

Arron thought to himself.

But, after all, it is his little aunt, the only relative whose father is currently alive in the world.

In addition, the Chu Group has been very obedient in recent years, and Joan is also very competitive, so Arron can ignore it, so he will not care.

Suzi actually didn't care.

Mainly because Joan saved the lives of Suzi and Shen Wei in Jiaxing Island.

Besides, looking at the current appearance of the little aunt, the arrogance of the past has long disappeared, and the rest is only trembling.

Suzi smiled indifferently: "Let her go in the past. Anyway, when you encounter such a situation in the future, don't suppress others. To be honest, the feeling of being suppressed is really bad."

Having said this, Suzi raised his eyebrows and smiled, and said jokingly, "You don't know how many times I had the urge to kill people back then."

The little aunt wiped her sweat and nodded: "Yes, in that case, if it were me, I would kill people too."

Thinking about it now, to what extent did you push a little girl without roots and roots back then?

How can people be so bullying?

How can you crush others like this?

It's Suzi's fault.

If it were any girl with insufficient willpower, she might have died a hundred times.

Suzi is not dead.

She is alive and well.

Since you are living well now, you don't need to worry about the past and complain about the past. People have to look to money.

Besides, Suzi now has two children, and for her two children, she will be even stronger.

Only when you are strong can you set a good example for your children, and let your children not easily give up no matter what difficulties they face in the future.

Suzi looked at Fu Wanru, smiled, and then changed the subject: "Cousin Tianling..."

Joan is bigger than Suzi.

However, according to Arron's mother-in-law, Joan had to call Suzi's cousin-in-law. Usually, Suzi didn't dare to be a cousin. In front of the little aunt, she still kept some rules.

"Cousin Tianling and Sai Sai..." Suzi looked at Joan and Pan Mingsai.

Although Pan Mingsai has just turned nineteen, as everyone knows, Pan Mingsai is not Joan and does not marry.

Joan is more than 1.8 meters tall. In the early years, when he was a playboy, he was fascinated by how many girls and young women in Nancheng?

It is said that Arron's appearance is number one in Nancheng, then Joan is second.

But, just such a man, he was caught by a little girl like Pan Mingsai, who was less than 1.6 meters tall, with small freckles, concave nose bridge, small eyes, thick lips, and long black puffs.

When Joan was so 32 years old, he didn't want to marry a wife, he was waiting for Pan Mingsai.

So, at this moment, Suzi asked about their development.

Hearing this, Pang Minsai immediately blushed: "Fourth aunt..."

She called Pan Haoyang Fourth Uncle.

When Pan Haoyang was gone, she stubbornly called Arron's fourth uncle.

Arron did not object either.

What's more, Pan Mingsai and Shen Weiyi have a good relationship and wear a pair of pants. If you ask Shen Weiyi, which girl is the most beautiful in the world?

Shen Weiyi gave you an answer that made you break your eyes: "Of course it's my sister Sai Sai, my sister Sai Sai is a first-class beauty."

So on this point, Arron absolutely does not object to Pan Mingsai calling him fourth uncle.

Calling Arron the fourth uncle, naturally calling Suzi is the fourth aunt.

"I... I just went to university." Pan Mingsai said blushing.

Suzi booed: "Your university is a seven-year bachelor's and master's degree in medicine. After seven years, Tianling will be almost forty. You can also get married during college. Don't delay it for too long."

Pan Mingsai's eyes brightened.

Of course she agreed.

To prevent it from dreaming too often.

## Chapter 2029

Joan said gently: "Suzi, listen to you."

Until now, although Joan likes Pan Mingsai, his respect for Suzi and his piety are deeply rooted.

The three chatted for a while about the marriage of Joan and Pan Mingsai, and then Joan got up and left.

He also had to drive Pan Mingsai to the grave of Pan Haoyang.

He also found out later that this little girl is too emotional.

When the fourth uncle was alive, it didn't show up. It has been almost a year since the fourth uncle died, but Pan Mingsai still couldn't come

out of the fourth uncle's death, and went to visit the fourth uncle's grave almost every week.

Give him flowers every time.

Every time I hold my fourth uncle's tombstone and cry.

Every time I said with great hatred: "Fourth Uncle, why are you so weak, why are you acting as a gun for others, Fourth Uncle, why are you so stupid? Why don't you want your own life, you have been waiting for me for seven years, I will work in seven years, I can support you, and then I can help you find a girlfriend who is a doctor.

Fourth uncle..."

She was crying heartily.

But no matter how much she cried, there was only a slightly melancholy smile on the tombstone, looking at her coldly.

Sometimes Joan thought, if there is a person in this world who looks very similar to Pan Haoyang, then he must let Pan Mingsai recognize that person as his fourth uncle.

Lost Uncle.

It was the biggest heartbreak in Pan Mingsai's life.

Joan also knew that Pan Mingsai didn't like to eat or wear.

She is frugal in everything, and since she came to Nancheng, she has not spoken much.

Only every week to go to the grave of the fourth uncle.

Therefore, even if Joan had a big matter, he would postpone it, and the most important thing was to go to Pan Haoyang's grave.

Joan got up to leave, and Sanford, who was sitting on the sofa with Shang Hongmei in his arms, came out to see Joan.

"Lao Ling, when you are not busy, let's have dinner together." Sanford said politely.

Joan looked at Sanford with incomparable emotion: “Lao Ze, I think my younger brother and sister are about to give birth? After the child is born, you will...”

Halfway through the words, Joan swallowed the words again.

Originally, Sanford was regarded as his Joan’s little follower.

In those years, he often took Sanford to do bad things, but in the end, Sanford was more kind than him and Wen Kuan.

Sanford is Suzi’s relative in this life.

And he, Joan, was not.

Sanford was Suzi’s life.

And he, Joan, was at most a spittoon in front of Suzi.

The position in Suzi’s heart in this life, Joan can’t compare with Sanford.

However, he is not jealous.

He was relieved.

Also ashamed.

“Lao Ze, we...”

Sanford patted Joan’s shoulder: “Lao Ling, when did you become such a mother-in-law! My child was born, and you are the godfather who does my part! Could it be that you want to avoid it! If you want to lose that red envelope!

I do not agree! “

Joan was instantly flattered: “Good! Good! Of course there is no problem! I will definitely be the godfather for the child! Then a red envelope will not be enough! I will prepare a villa for the child! Now, it’s enough to blow up!”

Sanford slapped Joan again angrily: “You boy! Don’t scare my son, it’s enough to blow up! If I blow up my son, the baby will cry, I will pay you the bill!”

Joan: “Haha...”

The two had just laughed when they heard Shang Hongmei who was sitting in the living room suddenly: “Oh, oh...”

Sanford turned around and quickly ran to Shang Hongmei: “What’s the matter, what’s wrong with my daughter-in-law?”

Everyone looked at Shang Hongmei in amazement.

Shang Hongmei raised her head, with a painful expression but a happy smile: “I’m afraid the child will be bombed by his Uncle Tianling, so he will propose a kiss.”

### Chapter 2030

In fact, Shang Hongmei’s due date is still three weeks away.

But for some reason, she had signs of premature birth.

In the end, she is getting old, Shang Hongmei is already forty-two this year, and she is a proper elderly mother.

“Hongmei, Hongmei!” Sanford shouted anxiously: “Does it hurt? Is it really going to give birth?”

Shang Hongmei was so sore that she could no longer straighten her waist: “I... this is my second child, I have experience, I am about to give birth, Zeyan, hurry... hurry up. Take me to the hospital, hurry!”

“Okay!” Sanford immediately picked up Shang Hongmei and went out.

At the door, Joan had already opened the door.

After Sanford went down, the people in Suzi’s family also followed him to the hospital.

Even the eight-month-old Fu Liuyi went to the hospital with him.

Outside the delivery room, everyone was anxiously waiting outside, everyone dared not speak aloud, only Fu Liu, a little friend, was sitting in the stroller chattering.

time flies.

Also very slow.

Four or five hours have passed in the torment, but Shang Hongmei still has not produced.

People waiting outside the delivery room could even hear the midwife in the delivery room shouting: “Pregnant mother, work hard! Work hard!”

“Hey... the pregnant woman is a little old, she can’t use her strength, what should I do, half of her head is exposed.” One of the midwives said anxiously.

“What should I do, ask the family, whether to protect the adults or the children?”

Hearing the vague words in the delivery room, Sanford collapsed.

A big man, squatting outside the delivery room, crying and shying away.

Suzi stood in front of Sanford distressed: "Brother! Be strong, you can't cry at this time! You are the pillar of my sister-in-law and their mothers! Brother, you are strong!"

The door to the delivery room opened.

The midwife came out: "Pregnant women have dystocia, and now it is very likely that they can only protect one.

Protect the adults or protect..."

"My lord! My lord! My lord! I don't want children!" Sanford burst into tears.

Angry!

Following Suzi wandering outside for five or six years, plus his leg disability, to be honest, he had no hope of life until he met Shang Hongmei.

He has a good relationship with Shang Hongmei.

Very good.

It doesn't matter if they don't have children.

If Shang Hongmei was gone, even if he had children, Sanford would not have the courage to live.

Seeing Sanford's collapse, Suzi quickly called the shots: "Master Bao!"

The midwife hesitated for a moment: "If this child is not alive, the mother will never have a child again in the future."

Suzi said firmly: "I know!"

"Okay, listen to you, Lord Bao!" The midwife entered with a very relieved expression.

After entering the door and closing the door of the delivery room, several midwives said, "This kind of family is really enlightened. It's so warm."

A midwife said to Shang Hongmei, "Your family said it, Lord Bao."

"No! No no no! I want a child, I want my child, the doctor, I beg you, you must protect my child, my husband is ten years younger than me, he loves me very much, I have nothing to give My husband's, I just want to give him a child.

Doctor doctor, you listen to me, you must listen to me.

My husband is very rich, even if I die, he can still marry a wife.

If I live and I can't have children for the rest of my life, I will delay my husband.

My husband is so kind to me, I have only been warmed by my husband in my life, I can't bear to hurt her!

Doctor, I beg you. "

The midwife cried.

Maybe this is the couple in trouble.

## Chapter 2031

Both are thinking of each other.

Several midwives used what they had learned, exhausted all the experience, and after a day and a night of tossing, Shang Hongmei finally gave birth to the child.

is a boy.

Weighs eight pounds.

A chubby little baby boy weighing eight pounds is out.

Tiger-headed.

However, Shang Hongmei's half-life is about to end.

Just after the baby was born, Shang Hongmei fainted.

Her whole body was so thin that she was out of shape, and she was sweating, and at first she was dry and cracked to the point of bursting skin.

When the child and the mother were introduced together, Sanford, like Arron, did not look at the child, but looked at his wife on the delivery bed with great concern.

“Hongmei, Hongmei! How are you?” Sanford shouted loudly.

Shang Hongmei was woken up.

She barely opened her eyes and saw the young Sanford at a glance.

“Ze Yan...” Shang Hongmei wanted to help her face with her hands, but she didn’t even have the strength to raise her hand.

“Zeyan...you...can you...don’t look at me first, I...I must be very old...I know Yes, I will give birth to a child and use all my strength, Zeyan...I...I don’t want you to see my old appearance.” Shang Hongmei said weakly.

Sanford burst into tears.

He leaned down, kissed Shang Hongmei’s face, and wept silently: “It’s all an old couple, what are you talking about? I, Sanford, are in my thirties, and I don’t have that kind of love for beauty. What I want is an old companion! An old companion who can accompany me for the rest of my life

Not to mention that my wife is now forty years old, it is the time when women have the most taste.

Even if my wife is in her 70s and 80s with grey hair, she is still my most beautiful and prettiest wife!

In my heart, my wife is the most beautiful woman in the world! “

“Really?” Shang Hongmei cried with emotion.

“of course it’s true!”

Sanford really thought so.

He did the same.

When he was in his thirties, his first child arrived. Sanford, who originally thought that he would never get married again and would never have offspring in his life, should not be too excited.

He took good care of his son and daughter-in-law.

Every day, seeing the wrinkles on his daughter-in-law's face, which had lost weight due to the sudden drop of more than 20 kilograms due to childbirth, made Sanford feel more distressed.

Every time I touched these wrinkles and said sadly: "It's all my fault, if you hadn't given birth to a child for me, you wouldn't be like this, I'll spend my life with my life, love you, and love you both. "

This is Sanford's determination.

However, it does not represent the determination of Sanford's family.

Sanford's parents and sister came back from abroad three days after Shang Hongmei gave birth.

Originally, the mother came to visit her grandson and daughter-in-law with a very excited heart at this moment.

After all, their son, who was about to be abolished, married a daughter-in-law again, and now has a child, can you be unhappy?

Hearing that his daughter-in-law was born three days ago, Sanford's parents immediately left and rushed back from abroad.

They didn't even go home.

After getting off the plane, I went straight to the hospital. I asked on the phone which ward my son and daughter-in-law were in, and hurried over.

Just at that moment, Sanford was holding a meeting with the company's personnel in the Xu Group.

Before he left, he called Rayna and asked Rayna to take care of Shang Hongmei.

Rayna also happened to be delayed for half an hour for something.

In just half an hour, there was no one in Shang Hongmei's ward. She was the only one lying on the hospital bed, next to the little boy who had given birth to Nursing Steel for three days.

But Shang Hongmei was happy. Her husband just called her and said that her mother-in-law would be here soon.

The phone just hung up.

Sanford's parents arrived at the door of the ward, and the moment they saw Shang Hongmei, Xu's mother suddenly said,  
"Ah...you...why are you so old! Are you my daughter-in-law?"
