

## Wonder Doctor Chapter 2091

The two of them quickly traveled through the spatial passages again.

As far as possible, they hurried towards the edge of the Immortal Emperor Domain.

The Immortal Emperor had officially sent out news of the war against the Anti-Alliance, and the Immortal Emperor Domain was now naturally off limits.

So the two could only stay as far away from Immortal Emperor City as possible to avoid being caught by the Immortal Emperor.

Especially when Lin Ran had sneaked an attack on the Thousand Machine Tower, his own relationship with the Immortal Emperor that had also been completely broken.

As for Qin Bing, it was obviously impossible for her to return to Immortal Emperor City either.

The Immortal Emperor had obviously prepared for this by betraying them as well.

The spatial rift was extremely unstable as it was condensed from the altar.

The two of them had also only been traversing for ten minutes before the spatial cracks around them became more and more numerous.

In the end, almost the entire spatial passage was about to collapse.

"It's time to get out, this is already the limit!"

Qin Bing said.

"Hm!"

Lin Ran nodded, and without further ado, the two of them pulled each other's hands towards one of the spatial cracks and rushed in.

The space around them rippled, and instantly the two lost consciousness.

And when the two came to their senses again, all they could hear was the sound of rushing water in their ears.

The two soon realised that they had actually appeared next to a small stream.

"Where is this?"

Lin Ran frowned, this place was too unfamiliar.

"This is the Immortal Emperor Domain! We haven't gotten out yet!"

Qin Bing stood up with a face that looked a little ugly.

"Immortal Emperor Domain? Where is the Immortal Emperor Domain?"

Lin Ran asked busily.

"You'll know if you look there!"

Qin Bing pointed into the distance.

Lin Ran followed the line of sight and immediately his entire body froze.

Only to see a huge black shadow standing at the edge of the sky at the end of the line of sight ahead.

The to black shadow was very large, as if it was a pillar of stone through the sky, rising up from the ground and straight into the sky.

But Lin Ran could tell that it was not a stone pillar at all, but a sword!

A very broad and heavy sword.

A heavy sword without a blade, a seamless sword!

“This is the Southern Domain!”

Lin Ran instantly woke up.

There were four great kings in the entire Immortal Emperor Domain, of which the Dao Dongqi King of the Eastern Flag Domain was one of them.

And this Heavy Sword, Seamless Sword was the king of the Southern Domain.

“That’s right! This Seamless Sword of the Heavy Sword is looking out of this world with a heavy hand!”

“It is said that this Heavy Sword Seamless Sword was the number one fierce general when the Moving East Chess King did not receive the East Flag magic weapon rewarded by the Immortal Emperor!”

“This man is also a sword nerd, I never thought we would come here!”

Qin Bing lamented.

“Forget it, as long as it’s not the Immortal Emperor Domain, let’s hurry up and catch up!”

Lin Ran said.

Qin Bing was stunned at his words.

“Catch up?”

“Now the route is a problem!”

Qin Bing said with a wave of his palm, and a set of maps was instantly revealed.

“The structure of the Immortal Emperor Domain is very simple, the Immortal Emperor Domain is right in the middle, the East Flag Domain is located on the west side, and this Heavy Swordless Domain is located in the south!”

“Where the south and west meet is the Thousand Ice Mountains!”

“If we want to go to the East Flag Domain and then leave the Immortal Emperor Domain, we have to go to the Thousand Ice Mountains! Or else we still have to borrow the Immortal Emperor City!”

“But now...”

Qin Bing said with some hesitation.

“We definitely can’t go to Immortal Emperor City, how about we take the Thousand Ice Mountains?”

Lin Ran asked.

“The Thousand Ice Mountains aren’t good to go either!”

Qin Bing said.

“On this Thousand Ice Mountain, there is a place called the Puppet Grave!”

“That place is surrounded by Yin Qi all year round, and a lot of dead spirits are cooped up there, so people who don’t have strong enough divine sense simply can’t walk there!”

“Puppet Grave? What is that thing?”

Lin Ran was stunned as he listened.

“A puppet tomb is the tomb of a puppet!”

Qin Bing explained.

“There are many puppet sects spread out on both sides of this Thousand Ice Mountain where the Southern Domain and the Eastern Flag Domain meet!”

“They would often go to the Thousand Ice Mountains to experiment with puppets and even fight!”

“Over time, puppet graves were formed!”

“Some powerful puppets are capable of giving birth to their own spiritual intelligence! So after years and years, many grievance spirits have appeared in the puppet graves!”

“Although that thing is not strong, it is extremely resentful, and if one’s divine sense is not strong enough, one can easily fall into their illusion and not even get out!”

“That.”

Lin Ran’s heart was somewhat helpless.

“Then no we’ll be more careful and still go through Immortal Emperor City!”

“Well, that’s the best way to go at the moment!”

Qin Bing nodded his head and said.

Both of them were not weak, so being careful should be no problem!

With their minds made up, the two of them moved to set off.

And just at the same time, the black-robed Lin Ran and the others also set off from the Beast King Domain, and the group boarded the Void Ship towards the Anti-Alliance.

The Southern Domain was too far from the Beast King Domain, and the situation was so tense at the moment.

It wasn't safe to stop and wait for his own doppelganger and Qin Bing, whereas as long as his doppelganger and Qin Bing arrived at the Beast King Domain everything would be safe.

So after considering it, Lin Ran decided to take Luo Qiqi and the others to the Anti-Alliance first, or at least to rendezvous with Ling Sa and the others first.

This way, even if something happened to his own doppelganger and Qin Bing, he would still have the power to rescue them.

It would take at least ten days to rush from the Beast King Domain to the Anti-Alliance.

And at this time, Lin Ran and Qin Bing had finally mapped out their location.

The location they were in was considered to be relatively close to the Heavy Sword City in the Southern Domain where Heavy Sword Wufeng was located.

The two descended from a hill and a town was close by.

"Let's go in first and see what's going on!"

Qin Bing said.

The two had decided to risk taking the Immortal Emperor City and leave by borrowing the teleportation array.

Naturally, they had to go to the town to take a look.

But when they arrived at the town, they were completely dumbfounded.

There were bounty orders for themselves hanging everywhere in the streets of the entire town.

On it was printed the portraits of himself and Qin Bing.

"Qin Bing under the Immortal Emperor, Lin Ran has fallen back and wants to come, if you send a letter immediately report to the forces under the Immortal Emperor! The prize is one million spirit liquid!"

"If you can capture it alive, reward a quasi-immortal artifact, killing it to bring a corpse will also get you a spirit artifact!"

Looking at the words of the reward order, both Lin Ran and Qin Bing couldn't help but feel a pang of fear.

Luckily, they had kept an eye out when they entered the city and brought their hats and veils with them.

Otherwise, I was afraid that they would have been surrounded by now.

"What now?"

Qin Bing looked at Lin Ran.

"This Immortal Emperor is really evil, since this is the case then we have no choice but to take the Thousand Ice Mountains!"

Lin Ran frowned and said.

“But the Thousand Ice Mountains!”

Qin Bing was a little worried.

“It doesn’t matter, both of us are not weak and our divine sense is strong enough, and taking the Thousand Ice Mountains will take us directly to the Eastern Flag Domain, which is also close to the Beast King Domain!”

“But the Immortal Emperor has already torn his face completely, so we’ll have to give him a big gift before we leave!”

Lin Ran said.

“What do you mean?”

“A heavy sword without a blade!”

Lin Ran said.

“It’s already inevitable that there’s going to be a war, so since that’s the case, let’s pull one of his fangs before the big battle even begins!”

With that said Lin Ran walked towards the tavern off to the side.

“Going for what?”

Qin Bing asked.

“To see what kind of character this Seamless Sword is!”

“If it’s a good guy, I can still think about it!”

“If it’s a bad guy, then there’s nothing more to say... God made us come here, naturally there’s a reason!”

“Fine!”

Qin Bing had no choice but to follow.

### **Wonder Doctor Chapter 2092**

There were quite a few people inside the tavern.

Because of the Great War that was about to take place, there were obviously more cultivators in the Immortal Emperor Domain now as well.

Even some people from hidden families have started to come out and walk around.

As the saying goes, times make heroes, and being born in a chaotic world was an opportunity for them to build their careers.

Apart from Lin Ran and the others, no one knew who the Immortal Emperor really was.

If everyone knew that the Immortal Emperor was stabbing people in the back and even using people from the Opportunity Conference to exchange for what they wanted.

I am afraid that this great battle would not have been fought, as no one would have worked for him at all.

Lin Ran's few voices were ultimately too small, and it was very difficult to shake the Immortal Emperor's position in the hearts of the Immortal Emperor's domain's people, otherwise they wouldn't have ended up in such a state.

There were quite a few people in the tavern.

The two of them, Lin Ran, found a random place to sit down while ordering some food and drinks.

No one noticed them, and the crowd of cultivators around them were each chatting away.

Within a short while, Lin Ran heard what he wanted.

"Hey! How many people do you guys think will die at the hands of the Bladeless Sword again in this Ten Thousand Swords Conference!"

"Who knows, but it must be at least half, and it's said that anyone with too weak a sword skill is barely likely to come out alive!"

"That's nothing, that's good enough, if it was in normal times, how many people would die and how many would be killed!"

"It's also true, when there's a big war going on, the Bladeless Sword wouldn't dare to go too far, after all, if all the powerful sword cultivators died, he wouldn't be able to account for it on the Immortal Emperor's side!"

"Fortunately, I'm not a sword cultivator, otherwise I'd really die in vain!"

"What's that saying, "If you don't learn the sword in the Southern Region, you'll have a soul under the sword without a blade!"

"Ai! Pathetic!"

As the two of them listened to the chatter, Lin Ran already had some general understanding in his heart.

Qin Bing had also said before that this Seamless Sword was a sword nerd.

I guess this Ten Thousand Swords Conference was a result of him.

"Let's eat, we'll go to Heavy Sword City later!"

Lin Ran had already made up his hungry mind, this Seamless Sword himself seemed to have to go on a trip!

"Mmm!"

Qin Bing didn't say much, and the two of them quickly ate and drank before leaving the tavern.

There was a teleportation array to Heavy Sword City right in this town.

However, the two didn't take it for safety's sake but chose to rush there.

When they left the town, Lin Ran deliberately went to buy a copy of the information.

This was how he learnt about the details of the Ten Thousand Swords Tournament.

The so-called Ten Thousand Swords Tournament was just a gimmick created by Seamless Sword.

Its real purpose was still to satisfy his selfish ambitions in the sword dao.

When he was not strong, he used to go around looking for people to practise swords with.

Later, when he was strong, he did the same.

And now he had become a fierce general under the Immortal Emperor.

The stronger he became the more he realised that there were fewer and fewer people who could help him improve in the sword dao again.

This was a very painful thing for a sword nerd.

So he came up with a Ten Thousand Swords Conference.

When he said it was a conference, he actually took all the sword-training experts from the entire Heavy Sword Domain.

And then competed with these people endlessly.

There is no clear rule on how one must practise a sword technique.

The same sword technique would produce different results in different hands!

So, when there was no way to improve, the Bladeless Sword began to use this method to observe other people's sword techniques.

In order to get what he wanted from it.

There was nothing wrong with this kind of purpose, but the key was.

But the point is that this Bladeless Sword was very narrow-minded.

While he was competing with others to improve himself, others were also improving.

He was afraid that other people's sword skills would surpass his own in the future.

So almost no one who was chosen by him could return alive in the end.

Recently, he had also restrained himself because after the Immortal Emperor had issued the Great War Order.

If the Immortal Emperor knew that he had killed countless sword experts over the years, I'm afraid he wouldn't spare him!

"This Zhong Jianfeng is not of good character, pull this fang by the way!"

Said Lin Ran on the road.

“Do you want me to take a direct shot?”

Qin Bing asked.

“There’s no rush first, I happen to be a sword cultivator too, let me try it first!”

Lin Ran said.

“Then be careful yourself, the entire Immortal Emperor Domain is in a state of war right now, you can’t delay for too long!”

Qin Bing said.

“Mhmm!”

Lin Ran nodded his head.

He was also clear about the situation at the moment, he couldn’t delay for too long, or else the Immortal Emperors would probably intercept and kill the two of them if they got a good feel for their route.

It would only take two hours to rush from the town to Heavy Sword City.

By the time Lin Ran arrived at Heavy Sword City, it was already dark.

In Heavy Sword City, Lin Ran bought another piece of information and learned that the venue for the Ten Thousand Swords Tournament was set on a mountainside outside of Heavy Sword City.

There was a reason why it was set here.

The first was that it was too flashy within the Heavy Sword City.

After all, the Bladeless Sword had to kill many people every time!

Secondly, it would also be too concealing in this area, after all, no one knew what was going on inside.

But if they were in Heavy Sword City, there would be too many people, and they might be exposed.

The two of them rushed to the venue of the Ten Thousand Swords Conference overnight.

However, when they arrived at the venue, Lin Ran was in a bit of a quandary.

There was a group of soldiers guarding outside the Ten Thousand Swords Tournament, so he couldn’t get in at all!

It would be very difficult to see this Bladeless Sword.

“Breaking in hard definitely won’t work, let’s take it wisely!”

Lin Ran did some calculations and eventually arrived with Qin Bing on a hill near the Ten Thousand Swords Assembly.

“How do you want to do it?”

Qin Bing asked curiously.

“Lure a snake out of a hole!”

Lin Ran guffawed and swirled his Frost Condensation Sword out.

“Since this guy is a sword nerd, he will definitely come over!”

Said Lin Ran with a wave of his palm, and instantly several seven-coloured sword mists rushed into the sky.

Countless sword mists rushed up into the sky and then collided with each other followed by an explosion of light like a firework!

“You’re really, I’m afraid you’re the only one in the entire Heavy Sword Domain who dares to do that!”

Qin Bing laughed.

“I can’t help it, I can only lure him over like this!”

Lin Ran laughed as he whirled and then a few more sword mists shot up into the sky.

....

And at this moment, inside the Ten Thousand Swords Assembly.

A tall, youthful-looking man thrust the heavy sword in his hand into the ground as he did so, a hint of disappointment flashing across his eyes.

“There’s not a single one that can fight, if it wasn’t for the fact that the great battle was approaching, I would have killed you bunch of trash!”

The Bladeless Sword’s eyes were icy cold.

“My lord, there are no more powerful sword cultivators in this southern domain, and even if there were I’m afraid that they would all have gone into hiding after hearing of your name, my lord!”

A guard commander next to him busily said.

“Then go look in other regions!”

The Bladeless Sword said in a cold voice.

“Your Excellency, we can’t move too much at this juncture, when the great war starts in the future, Your Excellency can also fight with some of the strongest sword cultivators of the Anti-Alliance!”

That guard commander was busy saying.

“Humph! What a disappointment!”

“Report!”

Suddenly a voice came from outside.

“What is it?”

The guard commander asked in a cold voice.

“My lord, a sword practitioner has appeared on the next hill, his sword dao strength is not bad, we have scouted it out, there are only two people a man and a woman! The one using the sword is none other than the man!”

“Not bad strength?”

The Bladeless Sword’s eyes lit up at the words.

“There’s only two of them, I’ll go and take a look!”

Said the Bladeless Sword and directly rushed out with an arrow step.

“Follow!”

The guard commander behind him was busy greeting, and immediately followed with a few guards.

And at this moment, on the hill, Lin Ran had already stopped striking and looked at the no-show with a smile.

“The snake has come out of its hole!”

### **Wonder Doctor Chapter 2093**

Under the darkness of the night, the whole Southern Domain is extraordinarily silent.

And at this moment, on a certain mountain in the Southern Domain.

Lin Ran was standing with his hands very much in the air, and not far away Qin Bing was standing quietly.

Both of them had hidden their auras and faces.

“What’s your name!”

A voice suddenly came from afar, and the voice boomed before the person even arrived.

“Sword Fool!”

Lin Ran spoke.

“Sword Fool? Haha interesting, no wonder there’s still someone in the Southern Domain who dares to come looking for me on their own initiative!”

The voice rang out, and at once a burly figure also came out not far away, if not the Bladeless Sword or who.

“I heard that you use a heavy sword, no wonder with this figure!”

Lin Ran laughed.

This Bladeless Sword’s figure was really considered sturdy.

“Cut the crap, since you’re also a sword nerd, you should understand what the sword represents to us!”

The Bladeless Sword said with a wave of his palm, and instantly a heavy black sword was already lifted in his hand.

“I hope you won’t let me down!”

As soon as the words fell, the Bladeless Sword instantly charged towards Lin Ran.

“Interesting!”

Lin Ran smiled lightly as the Frost Condensation Sword in his hand was also lifted up.

The two figures quickly rushed towards each other.

In this dark night, both of their figures had become somewhat blurred, and they couldn’t see each other’s movements clearly!

But for cultivators, darkness was never a problem.

At this moment, a group of Bladeless Sword’s men had also rushed over.

They looked warily at Qin Bing at the side.

As long as the situation was slightly out of place later, they would simply strike.

“Bang Bang!”

Speaking too late, Lin Ran and the Bladeless Sword had instantly exchanged blows.

A long sword and a heavy sword, an exchange of blows at such a close range was clearly to Lin Ran’s disadvantage.

But Lin Ran didn’t care that much, the sword dao he had cultivated since coming to the Immortal World had always been with the Frost Condensation Sword.

The heavy sword was good at opening wide.

And to Lin Ran, it wasn’t as if he had never cultivated a wide opening sword technique.

But it was only after he really fought with the Bladeless Sword that he realised.

It turned out that there was an effect of stature on swordplay.

Neither of them used true qi, they were purely clashing with each other with their sword dao.

Fengless Jian’s sturdy figure had power at this point and it was displayed to the fullest.

Whether it was a hard clash or speed, the Bladeless Sword clearly had the upper hand.

“This isn’t the way to go on, the body has too much potential!”

After Lin Ran temporarily blocked the attack of the Bladeless Sword, he began to shift his attacking style.

It was obvious that it was impossible to take the initiative with a wide open sword technique.

So Lin Ran’s swordplay instantly began to become tricky.

Strength could not win, so let's rely on skill!

"Hm? The sword technique has changed?"

The Bladeless Sword also quickly noticed the shift in Lin Ran's swordplay, and his heart couldn't help but rejoice.

"You really do have something, but I like it!"

The Bladeless Sword said as he attacked and killed towards Lin Ran again, and this time the attack was clearly quite a bit more severe.

People of sword cultivation almost always had their own unique style in their sword dao.

At first, when they practiced their swords, they would try out various styles of swordsmanship.

But in the end, the real strongest sword cultivators will almost always define their own style of sword dao.

As the saying goes, it is the essence that counts, not the many, and this is the truth.

Although many sword cultivators will try all kinds of sword techniques in the early stages.

But in the end, what they really settle on is still the sword technique that suits them.

Some people have one, some have many, it mainly depends on their own situation.

For example, Fengfeng Jian, who is on the taller and sturdier side, if he is asked to practise that kind of assassination or tricky sword technique.

Obviously it is not very suitable.

What's that saying about big movements yielding little benefit.

Instead, it was often people with slim figures who would practise sword techniques that won by skill.

Lin Ran, because his own sword technique contained the power of thunder in it, had a long and wide open attack technique.

And he himself usually practised swordsmanship with more emphasis on technique, which was why he excelled in both directions of swordsmanship.

"Bang Bang Bang!"

As they spoke, the two had already exchanged dozens of rounds once again.

And after transforming his sword technique, Lin Ran was clearly more dominant both in terms of speed and initiative.

"Interesting!"

The Bladeless Sword's brow gradually became furrowed as he realised that his attacks were actually somewhat unable to keep up with Lin Ran's rhythm.

Whether it was an attack or a defence, it was almost always parried by Lin Ran in advance every time.

“Your swordplay is no good!”

Lin Ran laughed blandly after parrying the Bladeless Sword’s attack once.

“Kid! Don’t be too arrogant, have you heard of using force to break the law? Even the most refined sword techniques are useless in the face of absolute power!”

The Bladeless Sword said with icy cold eyes, and the next moment the longsword in his hand was like a thunderbolt pressing towards Lin Ran.

“Using power to break the law?”

Lin Ran frowned slightly as he watched.

What the Bladeless Sword had said was correct, in front of absolute strength, any sword technique was of little use.

But what if the technique was already far superior to the power?

That wasn’t absolute either!

A Hercules slashes you with his sword, but your stance speed is far superior to his only, can that person still touch you?

Faced with this strike from the Bladeless Sword, Lin Ran’s body fiercely dodged, directly dodging it.

At the same time, the long sword in his hand stabbed towards the Bladeless Sword.

“Kid, you think I don’t have a defence!”

The Bladeless Sword laughed at this, and the heavy sword in his hand turned its blade and swept towards Lin Ran.

Seeing this, Lin Ran had to give up his attack and dodge out of the way.

“Defending all the time and you think you can do it without a single drop?”

Lin Ran looked at him with a smile, and immediately the Frost Condensation Sword in his hand turned into a roiling sword mane and charged towards the Bladeless Sword.

As the saying goes, there is no impervious wall in the world.

No matter how fierce your heavy sword is, and how fast your defence is, there must still be a breach after all.

The countless sword arrows poured out towards the Bladeless Sword like a shooting star.

At first, the Bladeless Sword was able to deal with it with ease.

But as more and more sword arrows came, in the end, the Bladeless Sword was already tired of dealing with them and began to reveal its weaknesses.

“Bastard!”

At this point in the fight, Feng Feng Jian realised that he could no longer resist so many sword arrows, his defeat was already sealed!

“Kendo you don’t believe! You can lose!”

A flash of sharpness flashed in Lin Ran’s eyes, and immediately, his entire body saw a break in the Bladeless Sword and stabbed towards his opponent’s body.

“I admit that you are very strong in the sword dao, but kid are you stupid, I am the Bladeless Sword!”

The Bladeless Sword said as his whole body’s aura surged.

At once a terrifying aura filled out directly.

It was exactly the same level of strength as the Eastern Chess King, the Great Perfection realm!

The Great Perfection realm already belonged to a very high level.

It was only one level away from the legendary Half-step Immortal realm.

Whereas Lin Ran was only at the Extreme Dao Realm, the gap between the two could be said to be enormous.

“No face, no skin!”

Lin Ran said helplessly when he saw this.

It was outrageous to start using his full strength when his sword dao was no match for him.

“Kid! You’ll know how stupid you are when I capture you back and slowly practice your sword!”

The Bladeless Sword sneered, and with a wave of his hand, he shattered all of Lin Ran’s sword arrows.

And then it charged straight towards Lin Ran.

### **Wonder Doctor Chapter 2094**

“Hey! I’ll leave it to you!”

Lin Ran shook his head helplessly, his own strength was indeed too inferior, and there was nothing he could do about it.

“Hm!”

Qin Bing on the side nodded, and with a swirl of his body instantly had disappeared in place.

“Hm?”

Seeing this scene, the Bladeless Sword could not help but change his face.

But before he could react, a white figure had already rushed in front of him.

In the original blackness, a line of ice crystals unexpectedly began to appear.

These ice crystals appeared suddenly, as if frost had naturally condensed out of the heaven and earth.

“What the heck!”

The Bladeless Sword was also stunned at the sight of these ice crystals, and raised his hand to strike them.

But at that moment, a white figure appeared fiercely, and the next moment a long sword was already on the neck of the Bladeless Sword.

“You! You’re Qin Han!”

The Bladeless Sword was instantly confused.

“Will you make your own end or let me strike!”

Qin Bing’s voice was icy cold.

“Don’t don’t! We are both Immortal Emperors sitting down, how can we kill each other!”

The Bladeless Sword was busy saying.

“And now that a great battle is underway, if you kill me, the Immortal Emperor will surely chastise you as well!”

“Otherwise, let’s forget it, is it alright if you take your friend and leave?”

The Bladeless Sword was truly abashed.

Qin Han’s reputation was out there, and at this moment, he didn’t dare to act rashly.

“Chastisement? Do you think I still care?”

Qin Bing’s eyes were icy cold, clearly not prepared to let this Bladeless Sword off the hook.

“No, you are also an Immortal Emperor’s man, how can you.”

Before he could finish his words Fengless Sword seemed to have thought of something and his entire face changed.

“You! You’ve rebelled against the Immortal Emperor!”

“You are thinking too much it was he who betrayed me first!”

Qin Bing said as the longsword in his hand suddenly shook, and in an instant a ray of the sword had slashed across the neck of the Bladeless Sword.

“No....”

Fengless Sword didn’t even have time to raise his palm, at once the sword mane had already lifted his entire head up.

And by this time, those men around him had all looked blinded, each one standing in place not even daring to let out a breath.

“Roll!”

Qin Bing said in a cold voice.

“Yes, yes!”

As if they had been pardoned, those men scurried back one by one, not even bothering to look at the corpse of the Bladeless Sword.

“Let’s go too!”

Lin Ran greeted, and immediately left the place with Qin Bing.

And in less than a day’s time after the death of the Bladeless Sword.

The news had already spread throughout the Immortal Emperor Domain.

The crowd was even more saddened to learn of the news that the Bladeless Sword had been beheaded.

Moreover, the news of Qin Bing’s mutiny had also spread thoroughly.

Qin Bing did not care about this, no one would believe him anyway even if he went out to explain.

In the Immortal Emperor domain, compared to the Immortal Emperor’s words, no one would obviously believe her.

“Lord Immortal Emperor, what now?”

The Immortal King stood respectfully.

“What to do? Send people to chase and kill! This Qin Bing has actually run away, the Divine Shadow Clan is really quite wasteful!”

The Immortal Emperor’s voice carried a hint of anger.

“Will she tell what happened, I’m afraid.”

“Afraid of what! Who will believe it?”

The Immortal Emperor’s voice was icy cold.

“This is the Immortal Emperor Domain, not his Qin Han’s mountain!”

“Suppress this matter, and after waiting for half a month for my kung fu to be completed, it will be time for war!”

“Yes!”

The Immortal King nodded respectfully, and then left the place.

But at this moment, Lin Ran and Qin Bing, after killing the Bladeless Sword.

The two of them then rushed towards the Thousand Ice Mountains overnight.

No one would have thought that they had gone to the Thousand Ice Mountains.

At this moment, in the Southern Domain and the Eastern Flag Domain, all the teleportation arrays were heavily guarded by troops.

But they were not destined to wait for the two.

At the foot of the Thousand Ice Mountain.

Lin Ran and Qin Bing each took a solitary lamp out.

“This thing really works?”

Lin Ran looked at the lone lamp in his hand and was a little embarrassed.

This lone lamp was something they had bought halfway down the road.

“Don’t you underestimate this lone lamp, it’s called a soul-attracting lamp!”

“It’s not like no one has ever entered the puppet tombs on the Thousand Ice Mountains, they usually use this lone lamp! But it’s only limited to the periphery, when you get to the core, this lone lamp is useless!”

Qin Bing said.

“Alright, let’s go up the mountain then!”

Lin Ran didn’t say much more, it was good to save the trouble of the periphery.

As for getting to the core of the Puppet Grave, it would only depend on one’s divine sense.

The two of them went up to the Thousand Ice Mountain overnight.

But the scope of this thousand ice mountain is too big, a full night’s walk, the two of them the next morning to answer the top of the thousand ice mountain.

At this time, the surrounding area was white with snow.

Countless snowflakes had fallen, but it was simply not enough to condense, and there was ice everywhere underfoot.

“It is said that the reason why the snowflakes on this Thousand Ice Mountain fall but do not condense is because there are too many resentful spirits within the puppet graves!”

Qin Bing explained.

“Further on we will enter the range of the Puppet Grave, be careful!”

“Mhmm!”

Lin Ran nodded his head.

Immediately, the two of them lit the lone lamp on fire, and then walked inside towards the Thousand Ice Mountain.

....

And at this moment, at the core of the Thousand Ice Mountain.

A large area of puppet corpses were piled up like mountains.

Some of the puppets were even quite well preserved.

One could clearly see the patterns carved on them and so on.

“Bang!”

Suddenly, the mountain of puppets exploded violently.

Followed by a figure jumping out from the pile of puppets.

His entire body’s robes were already shredded beyond recognition, and a layer of frost had condensed between his brows.

“Cao!”

The man couldn’t help but curse as he jumped out.

“This is the last time, if I can’t get out of here, I’ll really lose my reputation in one fucking lifetime!”

“If I really die here, it’s exactly too sad, are all the puppets entering here unable to set this fate?”

“Ai!”

The man said as he casually fished out a set of clothes from his storage space and put them on.

And then he walked towards a prospective direction.

“Thirty whole years, ten years old I’ve only walked in one direction, and this is the last one!”

“God, even if it’s death can I find that thing before I die here!”

Said the man who couldn’t help but curse, and then he stopped talking nonsense and started walking slowly towards the front.

Snowflakes were falling everywhere on the Thousand Ice Mountains.

Every time the man walked up for a while, he would carve a name into one of the ice formations.

To prevent himself from going in circles in the same place.

Luckily, the top of this ice would not be covered in snow, or I’m afraid he would have walked backwards without him even knowing it!

“Hey! What’s that?”

After walking within the Thousand Ice Mountains for just two hours, Qin Bing suddenly pointed ahead and exclaimed.

“What’s wrong?”

Lin Ran was stunned at his words and busily followed to look.

The entire person's scalp exploded at this glance.

Only to see that not far ahead was a figure standing.

He was standing motionless, as if he was a statue.

He didn't say anything even though his back was turned to the two of them, he just stood there quietly.

"Seniors! Please."

Lin Ran tried to open his mouth and shouted.

"But before he could finish his words, Qin Bing on the side stopped him.

"Don't shout, there are no aura fluctuations, it's either a dead person or a puppet!"

Said Qin Bing, who was already walking towards the front.

Seeing this, Lin Ran was also busy following him.

The two of them soon reached the front, and when they looked at it, it was really a puppet.

But this puppet was already badly damaged, how could it still be standing here?

### **Wonder Doctor Chapter 2095**

"This puppet doesn't look right anyhow!"

Lin Ran circled around the puppet and soon found out a lot of problems.

"How so?"

Qin Bing asked.

"You look at the back of this puppet!"

Lin Ran pointed at the back of the puppet and said.

"The clothes on this puppet's back are clearly attached to its body!"

"Under normal circumstances, even if the puppet ran out of strength and died standing up, the clothes on his body would swing with the wind!"

"And we've travelled all the way over against the wind, which means that normally, the clothes on his chest should be attached to his body!"

"The clothes on his back should have been floating up, and with the temperature here so low, even if it was frozen it would have stayed floating backwards!"

"What do you mean!"

Qin Bing frowned.

"This puppet was probably lying on the ground before, and was later helped up!"

"Picked up by someone?"

Qin Bing was stunned at his words.

“There are still people in this place?”

“Could it be those people who come here to fight puppets every year!”

Lin Ran asked.

“Impossible!”

Qin Bing shook his head.

“Those people of theirs wouldn’t come to such a core place for their annual puppet fights, it’s too dangerous here!”

“Then who could it be?”

Lin Jeanna was also a little puzzled.

“Let’s walk further and see!”

Qin Bing greeted.

The two of them whirled around and continued to walk forward.

The further they went, the quieter the surroundings became, and even the sound of the wind was gradually decreasing.

However, the wind did not show the slightest sign of weakening, only that the sound seemed to be swallowed up by something, becoming quieter and quieter.

The two continued on for another ten minutes, followed by another puppet standing not far away.

The condition of this puppet confirmed Lin Ran’s suspicions even more.

Half of this puppet’s body had become dented, so it was obviously impossible for it to stand here by itself!

His feet were deeply embedded in the ice layer, which was what kept him in a standing position.

“Be careful, I’m afraid there’s really someone here!”

Lin Ran warned.

“Mmm!”

Qin Bing nodded, and the two of them whirled around to continue their journey.

And then almost every few minutes, they could see a standing puppet.

At first, there were only one or two of them in twos and threes.

But then it turned into a large group.

Some of the puppets were even on the verge of falling apart, but they were still standing on the ground.

It was obvious that someone had done it on purpose.

“What the hell is this person doing, why is he holding all these puppets up?”

Qin Bing was a little puzzled.

“I don’t know, probably only the person involved knows best!”

Lin Ran said, this behaviour of the other party did make people a little confused.

“In any case, it’s a sure thing that someone has been here, so it’s better for us to be careful!”

The two of them said and continued on their way.

At this time, nearly a morning had passed since the two of them had entered this Thousand Ice Mountain.

According to what Qin Bing had said earlier, they should have already approached the core area by now!

“The core area of this Thousand Ice Mountain was heard to be a clan a long time ago!”

“This sect is also famous for making puppets!”

“But then, I don’t know what happened, but suddenly the entire sect was snowed in, and later the entire mountain was covered in ice crystals!”

“Most of the later puppet sects used this Thousand Ice Mountain sect as a role model for their puppet sects, as the puppets refined by this sect most achieved their goals!”

Qin Bing explained.

“Target what target?”

Lin Ran asked curiously.

“The best realm of the puppet path is to refine the puppets that are refined as if they were real people!”

“Puppets don’t have minds, so even if their bodies are strong they can’t possess human thoughts and tricks after all!”

“This is also the reason why some puppets later have a consciousness in them!”

“Many consciousnesses are sent in early, in order that the puppet’s consciousness can be enhanced and no longer be a lump of iron!”

“Of course, there are also those who seek to refine the puppet into a real person!”

Qin Bing explained.

Lin Ran couldn’t help but be saddened as he listened.

A puppet was a puppet, it was destined to be a puppet when it was refined, and it was naturally best if it could give birth to a natural spiritual intelligence.

But if there was no spiritual intelligence and the body was refined as if it were a real person, then it wasn't a human being either!

After all, the soul is the one thing that cannot be replicated in a person.

As they spoke, they had already arrived in the middle of a large group of puppets.

The puppets that appeared in front of the two were the most numerous at this point.

There was at least a large swathe of them, but from here on in, there were already puppets that were not being held up.

And looking at the arrangement of the puppets here, it was very much like someone was holding up these puppets, but suddenly ran into something urgent and left.

"We might have arrived!"

Qin Bing suddenly all.

"What do you mean?"

Lin Ran didn't understand.

Look ahead!

Qin Bing said and pointed ahead.

Lin Ran sniffed and looked over, and instantly he only saw a thick layer of white fog appear not far ahead.

These white fogs were condensed but did not disperse, like a white wall across the front of the two.

"What is this thing?"

Lin Ran looked a little puzzled.

"It is said that the core area of the Thousand Ice Mountains is shrouded in white mist all year round, and it seems to be true!"

"Once we pass through this white fog area, we'll be able to approach the Eastern Flag Domain!"

Qin Bing said.

"Then what are we waiting for, let's go!"

Lin Ran greeted.

In a whirl, the two of them walked towards the white fog.

Lin Ran also deliberately kept an eye out and felt the white fog before he approached it, not finding any aura fluctuations of formations within the white house.

Only then did he and Qin Bing prepare to go in together.

"Hey wait!"

Suddenly Qin Bing stopped in his tracks and pointed to the ground at one side.

“There are words here!”

Lin Ran was stunned, and was busy looking over.

This glance also gave him a shock, only to see that there were indeed a few words carved into the ground next to him.

“I’m going in, if I can’t get out, those who come after me should not enter again!”

“Yu Chang!”

Yu Chang?

Lin Ran and Qin Bing were both stunned.

“Yu Chang has been here?”

Lin Ran exclaimed in shock.

“He shouldn’t have come out yet!”

Qin Bing was also busy saying.

“Then we are going to have to go in!”

Lin Ran said as his eyes suddenly became firm.

Yu Chang didn’t know how long he had been inside, but the line was still here, so obviously he hadn’t come out yet.

If it had been in for a long time, it had run into danger inside.

“Let’s go!”

Lin Ran didn’t want to think about it, these people who had come to the Immortal World with himself were now just short of Yu Chang and Yue Bei Shan.

Yue Beishan himself was not a deep friend of his, and technically had conflicts.

So Lin Ran didn’t care about him.

But if something happened to Yu Chang here, he would definitely not feel good in his heart!

“Go!”

Lin Ran greeted him, and without delay, he took Qin Bing and entered the mist.

....

Just as the two entered the mist, far away in the palace of Immortal Emperor City.

Immortal King Fu Gu was sitting on the main seat in the hall, his face dreadfully gloomy.

“Say it again! What do you mean the person is gone!”

“My lord, the people have really disappeared, the two of them have not been seen in the entire Southern Region’s teleportation array!”

One of the guards below knelt and served on the ground, his face full of tension.

“Rubbish, keep searching for me!”

“If you can’t find them, you don’t have to come back!”

The Immortal King said in a cold voice.

The Southern Domain was just that big, he and really didn’t believe that he couldn’t find Lin Ran and Qin Bing.

“My lord, could they have gone to the Thousand Ice Mountains?”

An old man next to him suddenly asked.

“Thousand Ice Mountains?”

“We’d save ourselves a lot of trouble if they went to the Thousand Ice Mountain, that place is a place blocked off by the Thousand Ice Daoist with his life!”

“Even if Qin Bing is incredibly strong, he won’t be able to come out!”

The Immortal King sneered.

### **Wonder Doctor Chapter 2096**

“My lord, this Thousand Ice Mountain doesn’t even want you to go there, what’s inside!”

The old man next to him asked.

“Humph! What else could there be, the heart and soul of Daoist Thousand Ice, this old thing has devoted his life to finally refining a puppet to his satisfaction!”

“But he said that this puppet was beyond the reach of ordinary people and that he needed to wait for a destined person!”

“So he paid with his life and sealed off the entire Thousand Ice Mountains!”

“How many years have passed since then, and we haven’t seen his puppet come out!”

“A mere puppet is not worth risking my life for!”

The Immortal King said.

The strength of Daoist Thousand Ice was extraordinary, and the fact that he had used his life as a price to freeze the entire clan was enough to show how much he valued this puppet of his.

Immortal King Fugu naturally did not want to take that risk.

“The entire Southern Domain is just this big, if we can’t find them, nine times out of ten they’ve gone to the Thousand Ice Mountains!”

“Even I don’t want to go to that place, let alone these two, don’t bother with them! I’m afraid they would have died in there already!”

....

At this moment, inside the Thousand Ice Mountain.

Lin Ran and Qin Bing had already put away their Soul Lamps.

At this point in time, being in the core area, this soul lamp was almost useless!

However, the two people’s divine sense was powerful and radiated out, so they didn’t encounter those grievous spirits along the way.

The two walked forward for a while, and soon a sea of puppets appeared in front of them.

“Wait, there’s something wrong with these puppets!”

Suddenly, Qin Bing shouted at Lin Ran.

Lin Ran was busy looking at these puppets, and upon a glance, he indeed found that there was something wrong with these puppets.

“The puppets here seem to have just landed here!”

Many of the surrounding puppets didn’t have an ice seal on them, and in this Thousand Ice Mountain, the temperature was so low.

I’m afraid it would only take a few hours to freeze over.

But at this moment, these puppets had no frozen layer on them, which meant that these puppets had only just landed here not long ago!

“Quickly look for them!”

Qin Bing seemed to have thought of something and busily spoke.

Lin Ran nodded, and immediately the two of them looked around.

The two soon discovered that the puppets were all emanating out from the middle towards all directions.

That meant that there must be some kind of power in the middle area that had shaken these puppets away.

“Let’s go and take a look!”

Lin Ran greeted, and immediately the two of them hurried towards the middle.

A few moments later, the two arrived at the middle territory where these puppets were.

Soon they saw a place that left them dumbfounded.

In front of them, a large pile of puppets were piled up together as if they were a small mountain.

In the middle of these puppets, a space of ten square metres had been blown out.

It was filled with spirit stones of all sizes.

Only that these spirit stones had all been sucked out of their spiritual energy and turned into a pile of useless stones.

And around these spirit stones, the two of them saw many traces of someone having lived there.

“What’s this?”

Qin Bing suddenly asked, pointing at a few symbols on the ground.

There were several symbols carved into the ground.

Very much like arrows, they were facing in four directions.

Not enough of them had solid arrows in three of the directions, but only one of them had a dashed arrow.

“Did Yu Chang go in this direction?”

Lin Ran asked, pointing at one of the arrows carved with dashed lines.

“It’s very likely!”

Qin Bing nodded his head.

If Yu Chang wasn’t seen here, then it was likely that Yu Chang had already departed.

With three solid arrows, and one dashed arrow, there was no need to think that he must have taken the dashed line.

“Go!”

Without delay, Lin Ran and Qin Bing immediately walked towards the location of the dotted arrow.

On the way, Qin Bing said.

“Do you feel that something is not right!”

“How so?”

Lin Ran asked.

“Yu Chang probably didn’t draw those arrows out of boredom, but he did it for his own convenience to remember!”

“But if he headed in one direction every time, he ended up coming back here!”

“That’s why there are so many arrows!”

“But why did he go in three directions without leaving?”

Qin Bing explained.

Lin Ran was stunned at his words.

“Couldn’t get out?”

“It could also be that he’s looking for something and hasn’t found it yet!”

Qin Bing said.

“Looking for something? What kind of things can you find in this place?”

Lin Ran didn’t understand.

“We’ll know when we find him and ask!”

Qin Bing said.

“Hm!”

Lin Ran nodded.

The two of them rushed all the way towards the front, knowing that it was likely that Yu Chang was ahead.

So the two of them were very fast and didn’t delay.

This time, after just half an hour, suddenly the two stopped in their tracks.

Only to see that at that moment a deep gully had actually appeared in front of the two of them.

The gully was several metres wide, and its length was even more endless.

Lin Ran tried to look down, but found that the gully was so dark that it was impossible to see clearly what was there.

“That guy wouldn’t have jumped down, would he?”

Lin Ran was a little helpless.

“I don’t think so, Yu Chang isn’t a fool, it’s deep down here, and there’s no telling where it leads!”

“If we go down there rashly, I’m afraid we’ll run into danger!”

Qin Bing said.

“Let’s look around first!”

“Hm!”

Lin Ran nodded, and immediately the two of them looked around.

The entire gully stretched very long.

But vaguely, the two of them saw that there seemed to be a path leading down in front of them.

Lin Ran and Qin Bing immediately rushed over.

When they reached the place they indeed found that there was a path leading downwards.

“What should we do?”

Lin Ran looked at Qin Bing.

“I don’t know!”

Qin Bing shook his head.

This had deviated from their original route.

But if they didn’t go down, and Yu Chang was really inside, they would probably miss it!

“Let’s go down and take a look!”

Lin Ran finally made his decision.

“Although we don’t know what’s going on down there, if Yu Chang is really in there, we can’t just not go!”

“I’ll do as you say!”

Qin Bing said.

“Mhmm!”

Lin Ran didn’t say anything more and immediately stepped onto the path.

Qin Bing also followed closely behind.

The two of them walked all the way down towards the bottom.

And this time, after just a few minutes of walking, suddenly at a fork in the path ahead, they saw a figure.

The figure was leaning against a side rock wall and seemed to be resting.

“Yu Chang?”

Lin Ran tried to shout.

“Lin Ran?”

There was actually an answer coming from the other side!

“It’s really you!”

Lin Ran was instantly excited, and immediately ran over with Qin Bing.

But just as they ran to the side, Yu Chang spoke up.

“Don’t come over! There’s something odd about this place! Once you come over your bodies will be trapped as well!”

“Eh?”

The two of them were stunned and stopped in their tracks.

Only then did they realize that there was actually a very obscure formation barrier in the middle of them and Yu Chang.

“A formation?”

Lin Ran and Qin Bing’s faces couldn’t help but change.

“What’s your situation now?”

Lin Ran asked busily.

“Boss, don’t worry about me, I’m just a wisp of divine sense right now! I can’t move my body! The divine sense has left the body and continued on!”

Yu Chang busily said.

“Go on? Are you crazy?”

Lin Ran couldn’t help but be very worried.

“Boss this is my chance! I have to go!”

Yu Chang said.

“I never thought that after all these years, you’d actually come back to life! Looks like the pillow book didn’t lie to me!”

“We’ll talk about that later, what’s going on with this place, and what do you mean by your chance?”

Lin Ran asked busily.

“Boss let’s sit down and talk slowly, you guys just don’t come in!”

Yu Chang said.

Lin Ran smiled and nodded, that was all he could do at this point!

### **Wonder Doctor Chapter 2097**

“It all started fifty years ago!”

Yu Chang said as he opened up the conversation.

It turned out that fifty years ago, Yu Chang had a chance to meet a puppet master.

This person had some connection with the Empty Daoist and recognised that Yu Chang was the hand of the Empty Daoist.

Later, during a chat with this puppet master, Yu Chang learnt that there was a huge secret hidden in this Thousand Ice Mountain.

“That Puppet Master and this Thousand Ice Mountain’s Thousand Ice Daoist are friends!”

“Daoist Thousand Ice has spent his entire life creating a very powerful puppet all the time!”

“After this puppet was made, Daoist Thousand Ice used his life to completely freeze the Thousand Ice Mountain!”

“Only to wait for the appearance of a destined person!”

“What kind of destiny?”

Qin Bing couldn't help but ask.

She only knew that this Thousand Ice Mountain was extremely dangerous, she did not yet know that this Thousand Ice Mountain actually hid a big secret.

“Under this Thousand Ice Mountain, there is actually this puppet buried!”

“That Puppet Master said that if I could find that puppet, my strength would likely enter the Great Perfection realm directly!”

“It's not even impossible to reach the Half-step Immortal realm!”

“Impact the Half-step Immortal realm?”

Lin Ran and Qin Bing were stunned as they listened.

“What is your current strength?”

Lin Ran asked busily.

“Purple Sea realm!”

Yu Chang said.

“I've travelled to many places over the years, and my chances are quite okay, so my strength has increased relatively quickly!”

“However, as my strength increased, I also found that the higher up I went the harder it was to increase my strength!”

“Otherwise I wouldn't be interested in the puppet chance under this Thousand Ice Mountains!”

“Then how certain are you!”

Qin Bing asked.

Although the chance was good, it also depended on one's strength.

If one's strength was not even up to going, in the end, one would only be asking for death.

“Fifty-fifty!”

Yu Chang said, to be honest he was not absolutely sure about the chance of this thousand ice mountain!

“By the way boss, how did you guys get here?”

Yu Chang asked curiously.

“We are also very helpless to say the least!”

Lin Ran sighed.

He then told the story.

Yu Chang froze upon hearing this.

“The Immortal Emperor has gone to war against the Anti-Alliance?”

“I’ve only been in for forty years and I didn’t expect it.”

“Then we have to hurry and get out!”

Yu Chang reacted.

“There’s no rush in this matter, we’ll move when the matter of your chance comes to a head!”

Lin Ran said.

“Won’t it delay what’s going on outside?”

Yu Chang asked.

Lin Ran shook his head.

All Yu Chang had left behind at this point was his puppet body and a remnant of his soul.

His true divine sense had already left his body and entered the canyon below.

And naturally, Lin Ran and the two of them had no idea of the situation below the canyon.

So at this point, they could only wait dryly, there was no other way.

....

And at this time, at the edge of the Beast King Domain, the black-robed Lin Ran and the others were finally able to see the territory of the Anti-Alliance.

The entire Anti-Alliance looked no different from the Immortal Emperor Domain.

To say that the only difference over there was that the Anti-Union territory was smaller.

And the population density was also greater!

Inside any small town, there were probably a very large number of cultivators living there.

“In another five days at most, we’ll be able to reach the Anti-Union’s Union City!”

Leng Zhan stood to the side and said.

Lin Ran nodded at his words.

His own distraction was in the Thousand Ice Mountains, so he couldn't be in a hurry, while in another five days he would be able to meet Ling Sa and Long Ya.

At that time, he would be able to learn more about the situation, and he might be able to find a breakthrough in the matter.

What he was most worried about now was Song Nuan's safety.

Now that Song Nuan was the only one left in danger, Lin Ran naturally wanted to find her as soon as possible, and even rescue him from the Divine Shadow Clan.

Five days was not a long time, but it was definitely not a short time either.

At least within the Thousand Ice Mountains, Yu Chang had finally found what he was looking for.

At this moment, in the cracks of the Thousand Ice Mountains.

A white figure was standing excitedly in front of an ice sculpture.

And at that moment, inside the ice sculpture, a figure was standing quietly.

It was as if he was a human being, even his features were very clear.

Yu Chang looked at this puppet in front of him with excitement, and his entire body trembled.

After being trapped in this Thousand Ice Mountains for over forty years, today was the day he finally found what he wanted.

Yu Chang quickly stepped forward and raised his hand to press on the ice crystal.

But then his whole face changed.

He saw that where his palm came into contact with the ice crystal, there was a "blazing" sound.

At the same time, Yu Chang also felt that his divine sense was rapidly being eroded.

It felt as if his divine sense had been struck hard.

"This ice crystal!"

A trace of fear appeared in Yu Chang's eyes.

The divine sense was the life of the puppet, and if it was all gone, then the puppet would really become a puppet completely.

So the puppet would never normally leave its divine sense out of the puppet's body.

Yu Chang had already taken a great risk for the sake of his chance.

But now he saw the chance right in front of him.

But now he was blocked by the ice crystal outside!

"If you don't enter the tiger's cave, you won't get the tiger's son! Let's fight!"

Yu Chang put his heart on the line and immediately pointed his palm at the ice crystal.

This ice crystal was obviously the last layer of defense left behind by Daoist Thousand Ice.

And if one wanted to obtain this chance, one had to see if the person had the determination to give it up.

When the finger touched the ice crystal, a “bared” sound was emitted from the contact area.

At the same time, Yu Chang’s white figure was rapidly becoming illusory.

Every time a little bit of his divine sense was consumed, he became weaker.

It was not something that could be recovered in a moment!

According to Yu Chang’s current speed, he could barely open a gap in the ice crystal before his divine sense was depleted.

And that was only if there were no accidents.

If there was an accident, the result would probably be the dissipation of his divine sense and his complete death.

But at this point, Yu Chang had already started, and there was no way back.

He could only continue to use his divine sense to dissipate the ice crystal in front of him.

At this moment, Lin Ran and Qin Bing stood in place, quietly looking at Yu Chang’s puppet body in front of them.

The wisp of divine sense inside him had already dissipated.

So now Lin Ran and Qin Bing had no idea what was going on with Yu Chang.

They could only wait patiently here.

Before Yu Chang’s divine sense dissipated, he said.

“If I haven’t come out in three days, you guys should leave!”

Lin Ran and Qin Bing did not say anything.

Knowing that Yu Chang was afraid that even he wasn’t sure if he would succeed in coming out or not.

Time just passed day by day.

Three days later Yu Chang really did not come out.

Lin Ran and Qin Bing couldn’t help but start to worry.

But they didn’t leave and waited here for another two days.

A full five days passed and Yu Chang still showed no sign of coming out, and Lin Ran and Qin Bing couldn’t help but despair a little.

“Boom!”

Suddenly a loud sound came from ahead, and both Lin Ran and Qin Bing were stunned.

When they looked up, they saw that the puppet body of Yu Chang in front of them had actually collapsed in an instant!

“This!”

Lin Ran and Qin Bing were both stunned, not knowing what had happened.

But Yu Chang’s puppet body had indeed collapsed!

“Hey Lin Ran, listen to the movement in front of you!”

Suddenly Qin Bing said excitedly.

Lin Ran heard this and was busy holding his breath, following which he also heard a sound coming from the depths of the canyon ahead.

It seemed to be the sound of a person walking!

### **Wonder Doctor Chapter 2098**

Lin Ran and Qin Bing looked excitedly not far away.

All they could hear was the sound of footsteps in the darkness getting closer and closer, and they were also getting stronger and stronger, as if a person was trying to adapt and learn to walk.

Three minutes later, a bright light finally appeared in the darkness ahead.

The light soon became two, and gradually a figure became visible.

The man’s cheeks were very white, unnaturally white.

The shoulders that were soon revealed were equally staggeringly white.

“Turn around quickly!”

Lin Ran was busy speaking.

“Turn around? Why?”

Qin Bing was puzzled.

“He’s not wearing any clothes!”

Lin Ran said busily.

“Huh?”

Qin Bing was confused and was busy covering her eyes as she turned around.

Sure enough, a naked figure soon appeared, while a slightly embarrassed voice said.

“Boss, I really didn’t mean it, this Daoist Thousand Ice didn’t leave a cover up either! My stuff is all over.”

“Hey! Boss, where’s my puppet!”

Yu Chang was dumbfounded.

Where was the puppet in front of him at this moment, there was only a large piece of debris.

“Your puppet.... It just shattered!”

Lin Ran was also a little helpless.

“Holy shit! Does the boss have any clothes!”

Yu Chang was a little embarrassed, if it was before he wouldn’t have cared, after all, he was a puppet and not really a person.

But now it was different, this inheritance had completely turned him into a person.

“What’s wrong with your body?”

Lin Ran took out a set of clothes and threw them at Yu Chang while asking.

“This body is too awesome, boss let’s talk about it while we walk, I found a teleportation formation down there, maybe I can leave this Thousand Ice Mountain directly.”

“Good!”

Lin Ran was also happy, it was better to be able to leave directly than to slowly walk outwards.

Yu Chang changed his clothes, and immediately the three of them walked towards the bottom.

It seemed that as he got his hands on the chance, the formation dissipated on its own, and none of the three of them were being obstructed as they walked downwards.

Yu Chang led the way, while talking about the situation of this flesh of his own.

“From my guess, I’m afraid that this Daoist Thousand Ice has not completely developed the puppet!”

“But he has succeeded halfway, and it is this puppet body!”

Yu Chang said and pointed to his own body.

“There is no difference between this puppet body and a real person, the only difference is that this body is extremely gifted in both meridians and bones!”

“Let me put it this way, this puppet is simply the direct erasure of the soul of a strong person who has reached the Great Perfection realm!”

“Wouldn’t you say that such a body is extremely powerful!”

Lin Ran and Qin Bing couldn’t help but nod their heads even as they listened.

A cultivator’s body was also changing as their strength increased.

The same kind of gongfu was allowed to be learnt by a great power and a fledgling brat.

It was not unreasonable that a great power would definitely be able to learn it faster.

And this body of Yu Chang's could simply be said to have directly raised Yu Chang's strength ceiling by a hardened amount.

"How is your strength now?"

Lin Ran asked.

"I can't feel it!"

"I just feel so empty inside my body right now, I need very much true qi to fill it up!"

"If I can fill my body to the brim, my strength will at least reach the Perfection realm!"

"It's not even impossible to hit the half-step Immortal realm in the future!"

Yu Chang said excitedly.

"Not bad!"

Lin Ran nodded his head, it was also Yu Chang's chance to have such a creation, and Lin Ran was happy for him.

As they spoke, the three of them hurried towards the teleportation array below.

Soon, a teleportation formation was found not far below.

This teleportation formation was not unfamiliar to Lin Ran, and was almost identical to the other teleportation formations in Immortal Emperor City.

However, Lin Ran was still sharp-eyed enough to notice that there was no star map for the teleportation formation here.

A star map was something that positioned a teleportation formation, without it, other teleportation formations would not be able to locate this place.

There would also be no way to teleport with each other.

"The teleportation array here should have been prepared by Daoist Thousand Ice for those who came later! So there is no star map!"

Qin Bing said.

Lin Ran nodded, this was indeed the case.

If there was a star map here, then the Immortal Emperor City's teleportation array would be able to discover this place.

When that happened, someone would naturally come over to steal his chance as well.

That was why it was understandable that this teleportation array didn't have a star map.

“This teleportation formation still works!”

Qin Bing went up and checked it, then put a bunch of spirit stones onto the teleportation array.

Soon a light lit up on the teleportation array.

“Let’s go!”

When Lin Ran saw that the teleportation array had been activated, he immediately greeted the two and led them onto the array.

“Weng.”

With a tremor around them, the three figures instantly disappeared from the teleportation array.

....

After an unknown amount of time, as light gradually appeared around them.

Only then did the three of Lin Ran feel their feet hit the ground once again.

“Where is this?”

Qin Bing was the first to react, looking at the lush, sky-high trees around them and being somewhat baffled.

“This is the Beast King Domain!”

Yu Chang followed.

“Beast King Domain? We’ve left the Immortal Emperor Domain directly?”

Lin Ran also reacted at this point, and his entire being couldn’t help but rejoice.

“We’ve finally escaped!”

All three of them couldn’t help but feel a little excited.

Leaving the Immortal Emperor Domain directly from the Thousand Ice Mountains, this arrangement by Daoist Thousand Ice had really made them all somewhat unexpected.

“This Thousand Ice Daoist must have foreseen something back then as well, otherwise he wouldn’t have made such an arrangement!”

Lin Ran lamented.

“Cultivators, the higher their strength the clearer their sense of the future! Some things are really hard to tell!”

Qin Bing couldn’t help but lament as well.

“Let’s go! We still have a long way to go, and there are only ten days left before the Great War begins!”

Lin Ran said.

At that moment, all three of them did not speak and hurried in the direction of the Anti-Alliance.

....

There were still ten days until the Great War began.

At this time, the atmosphere throughout the Anti-Alliance as well as the Immortal Emperor Domain had become extremely gloomy.

Even some people had begun to migrate in order to escape the war.

Even in the Beast King Domain, the atmosphere could feel oppressive.

....

At this moment, in one of the gardens of the Anti-Alliance.

The black-robed Lin Ran had finally met Ling Sa and Long Ya.

The three of them stood in place and stared at each other for a long time.

Gradually even Lin Ran's eyes turned a little red.

Luo Qiqi Su Rou led the crowd and left the place first.

Having not seen each other for a thousand years, the two of them could understand how Lin Ran, Ling Sa and Long Ya were feeling at this time.

Hadn't they been like this at the beginning too!

"Come on, don't cry!"

Lin Ran spoke and laughed.

"Mmm!"

Both women nodded their heads.

But they still couldn't stop the tears from flowing down their faces.

Lin Ran stepped forward and gently grabbed the two's hands.

Feeling the warmth of their hands, Lin Ran's heart was finally settled at this moment.

To be reunited with the people who mattered most to him, what else could compare to that?

"Alright, on to the matter of the Anti-Alliance!"

Lin Ran smiled and digressed, afraid that if this continued, the two girls would cry even more emotionally later.

"Mm!"

Long Ya nodded and looked to the side at Ling Sa.

"Ling Sa say it, she's been the one discussing countermeasures with the Lord of the Alliance lately!"

“Mm!”

Ling Sa nodded her head and spoke at once.

### **Wonder Doctor Chapter 2099**

“Now that the time for the Great War is near, I’ve heard that the first scouts have been sent from the Immortal Emperor City side!”

Lingsha said.

“What about the Anti-Alliance? How are you going to deal with it?”

Lin Ran asked.

“Refuse to defend!”

Ling Sa said.

“The Lord of the Alliance and I have analysed it!”

“It’s good for us instead if the Immortal Emperor attacks in such a big way and the battle line is stretched too far!”

“As long as we can hold the Anti-Alliance, the Immortal Emperor’s side will definitely be anxious!”

“Hm!”

Lin Ran nodded at his words, he didn’t have much experience with this sort of thing either.

This was different from the battle between the Mysterious Alliance and the Fey Demon Domain back on Earth.

These were, after all, the two top forces in the entire Immortal Realm.

A clash of this magnitude would likely lead to one side’s outright defeat if they were not careful.

That was why Lin Ran did not want to express his opinion too much.

The Lord of the Alliance had been able to surround himself with Immortal Emperors for so many years, so he naturally had the ability to lead troops into battle.

“By the way, where is Song Nuan? Why didn’t she come with you guys?”

Ling Sa suddenly asked.

“She...”

Lin Ran was silent.

“What’s wrong with her?”

Long Ya saw this and hurriedly asked.

“She was betrayed by the Immortal Emperor, and her people are in the Divine Shadow Clan!”

Lin Ran said.

“The Divine Shadow Clan?”

Lin Ran and Long Ya were both stunned at the words.

“You guys know about the Divine Shadow Clan?”

Lin Ran asked when he saw this.

“I know, this Divine Shadow Clan is the one with the greatest ambition!”

Lingya said.

“The Lord of the Alliance has never wanted to go to war head on with the Immortal Emperors, just to be on guard against this Divine Shadow Race!”

“The God Shadow Clan’s ambition is to take over the Immortal Realm, so if the time comes when the Immortal Realm has an internal war, the God Shadow Clan will definitely take advantage of the situation and enter!”

“Doesn’t the Immortal Emperor understand this?”

Lin Ran asked rhetorically.

“Naturally, he knows that, which is why he wants to unify the Immortal Realm before completely tearing himself apart from the Divine Shadow Clan!”

Lin Ran said.

“This Immortal Emperor person isn’t stupid either, if he unites the Anti-Alliance and the Beast King Domain together against the Divine Shadow Clan!”

“Even if we win, it’s still unknown who will manage the Immortal Realm in the end!”

“That’s why he prefers to unify the Immortal Realm first, and then gather the power of the entire Immortal Realm to deal with the Divine Shadow Race!”

“What a selfish idea!”

Lin Ran said.

“It’s just that Song Nuan she. Hey, my current strength is still not enough!”

Lin Ran lamented.

“Lin Ran, don’t be like that, it’s not your fault either!”

Lin Ran was busy saying.

“I think right now, apart from the matter of the Great War, the most important thing is to spy on Song Nuan!”

Long Ya said.

“Spying on news, she’s in the Divine Shadow Clan, is there a way to be able to spy on her?”

Lin Ran asked.

“There is!”

Lingya nodded her head.

“There is?”

Lin Ran’s entire body froze.

Ling Sa said.

“You’ve been to Chaos Space before, in fact, you don’t know enough about it!”

“In Chaos Space, there is actually a dungeon city!”

“An underground city?”

Lin Ran was stunned.

“Right!”

“This underground city in Chaos Space was created with the Anti-Union taking the lead, and those who can go inside are all at least above the Purple Sea Realm in strength!”

“The people living inside for a long time are all strong people above the Purple Sea Realm, mostly some from the Perfection Realm!”

“Occasionally, there are also people from the Half-step Extreme Realm who go there!”

Ling Sa explained.

“What exactly is that place for?”

Lin Ran didn’t understand.

Opening up an underground city in Chaotic Space, this sort of thing must have been known to the Immortal Emperor, but why would he still allow it?

“This underground city serves a very special purpose, and there’s nothing the Immortal Emperor can do about it!”

Ling Sa could see Lin Ran’s confusion and explained.

“The people inside this dungeon are all extremely powerful!”

“Even Immortal Emperors wouldn’t dare to easily offend them!”

“After all, one’s power is ultimately limited, so when things really come up, Immortal Emperors have to rely on the help of these people!”

Speaking here, Ling Sa paused and continued.

“Back then, many of the great powers who participated in the Immortal Emperor’s battle have almost all since retired!”

“And where they operated, most of them were in the underground cities of this chaotic space!”

“These people have lived for so many years that many of them have become friends, or deadly enemies!”

“But in the face of a great war, everyone has to take sides, so there are times when they have to meet each other in arms!”

“But in times of peace and prosperity, everything can be resolved through negotiation!”

“So don’t you see that the Anti-Alliance and Immortal Emperor City don’t deal with each other on the surface!”

“But the great powers within the two forces actually have private dealings with each other!”

Long Ya picked up the conversation and continued.

“That’s right, and in fact in this chaotic space, there is a place called the Observation Platform!”

“This observatory can allow you to quickly improve your strength!”

“There is also a gladiatorial arena inside, which can allow your strength to be solidified through actual combat!”

“At the same time, there is also a Heaven’s Chance Pavilion, which is a place dedicated to selling information!”

“And Song Nuan’s situation is definitely found in this Heavenly Chance Pavilion!”

“Tian Ji Pavilion!”

Lin Ran silently wrote down the name.

“How can I get to the Chaos Space Dungeon!”

Lin Ran asked.

“You can’t go!”

Lin Ran said busily.

“Why!”

Lin Ran didn’t understand.

“You’re too weak and it’s very dangerous to go there!”

“It’s already this time, do you think I still care?”

Lin Ran said.

And indeed he wasn’t worried, he did have a doppelganger after all.

Even if something did happen to one of them in there, it wouldn't affect him.

Nowadays, Xiao Jiu and Li had stayed in the Beast King Domain.

The people around himself, apart from Feng Sui, the rest had all come to this Immortal Realm from Earth like himself.

How could Lin Ran leave Song Nuan alone!

"Lin Ran you don't understand, there are only two ways to get into this Chaos Space Dungeon!"

Lin Ran busily explained.

"The first one is that you can get in with your own strength if your strength reaches above the Violet Sea realm!"

"For those who go in this way, naturally no one will give you a hard time, you just need to be careful inside yourself!"

"And the second kind is those who are not as strong as you!"

When she said this, the worry on Ling Sa's face was obviously a few points thicker.

"Most of the people who go in this way are disciples who are valued by some former great powers!"

"In order to make them leave their distractions behind and focus on their cultivation! So they laid down a rule!"

"But anyone who is not strong enough to enter the Chaos Space Dungeon!"

"Firstly, a person needs to be recommended, and that person must be above the Half-step Immortal Realm in strength!"

"Secondly, those who enter, if they don't reach the Purple Sea realm within three years!"

"When the time comes, they cannot even come out, they can only stay in the underground city forever and be a handyman!"

"Handyman?"

Lin Ran was stunned to hear this, reaching the Purple Sea realm in three years was difficult for many people.

Unless your strength was already close to the Violet Sea realm in the first place!

"That's why many former great masters would only send their disciples inside when they were close to the Purple Sea realm!"

"But the gap in your strength is too great!"

"Could it be that no one from the Extreme Dao Realm has ever entered in all these years?"

Lin Ran asked with a frown.

“There have been, seeing as almost ninety-nine percent of them have failed to meet the requirements to get out, and have ended up staying inside!”

Lin Lin said.

Lin Ran nodded at his words and looked at Ling Sa.

“The Lord of the Alliance should be the Half-step Immortal Realm! He should be able to let me in!”

“Why do you still have to go in!”

Ling Sa was worried.

Lin Ran, however, waved his hand and said.

“I have to go to this Chaos Space Dungeon, I have to save Song Nuan!”

“As for me, you guys don’t need to worry, I have a doppelganger and will be coming over recently!”

### **Wonder Doctor Chapter 2100**

“Diversion?”

Lin Ran and Long Ya were stunned at their words.

Lin Ran told them about having a doppelganger, and only then did the two of them relax their tense emotions.

Having a doppelganger was still good, if they didn’t have one once Lin Ran entered the Chaos Space Dungeon, they wouldn’t even dare to think about it if they couldn’t get out when the time came.

“Let’s go! Take me to meet the Lord of the Alliance!”

Lin Ran said.

“Mm!”

Ling Sa and Long Ya nodded, learning that Lin Ran had a doppelganger, they sort of acquiesced to this matter.

It would naturally be best if they could pry into Song Nuan’s news in the Chaos Space Dungeon as well.

....

Anti-Alliance, inside the largest palace.

Led by Ling Sa and Long Ya, Lin Ran had finally met this so-called Lord of the Alliance.

The other party was dressed in a black robe, and it was impossible to see his face clearly.

One could only see a pair of bright eyes awkwardly shining under that black robe.

“You are Lin Ran?”

The Lord of the Alliance asked in a hoarse voice.

“You know of me?”

Lin Ran was stunned.

“How could I not know of you! The pillow book is the one that followed you back, right!”

The Lord of the Alliance said.

“Right!”

Lin Ran didn’t deny it either.

“That’s right then, I didn’t expect you little fellow to come back with the pillow book!”

“It seems that you have quite a bit of Qi in you!”

The Lord of the Alliance sighed with emotion.

“Do you know where the Pillow Book is?”

Lin Ran asked.

Nowadays, in their party, there was only one pillowside book missing!

As long as the pillow book was found, all Lin Ran had left was to find a way to save Song Nuan.

“I know where he is, but that place is very dangerous, so it’s better for you not to go there!”

The Lord of the Alliance said.

“Mhm!”

Lin Ran nodded his head.

Although he also wanted to rendezvous with the pillow book.

But the current situation was distracting for him as well.

He himself had to go spy on Song Nuan, while the split body had to stay here in the Anti-Alliance.

After all, the great war was about to begin.

When the great war came together, his most important people would be in the Anti-Alliance, and he couldn’t leave alone!

“You don’t want to go and find him?”

Lin Ran’s reaction surprised the Alliance Lord a little.

“I want to, but now isn’t the time!”

Lin Ran returned.

“I want to go to the Chaos Space Dungeon!”

Lin Ran got right to the point.

“The Chaos Space Dungeon?”

The Lord of the Alliance was stunned.

Following that, he understood.

“Although you can improve your strength there as quickly as possible, it’s also very difficult to get out, and I understand that some disciples who are valued by great powers have been sent in!”

“But until now there are only a few who can come out!”

“Have you thought about it?”

The Lord of the Alliance asked.

“I’ve thought about it, and I’d like the Lord of the Alliance to help me!”

Lin Ran didn’t hesitate in the slightest.

“Alright then, go back and get ready to set off.”

“Go now!”

Lin Ran directly interrupted the Lord of the Alliance.

“Now?”

The Lord of the Alliance was stunned.

“You’ve only just felt anti-Alliance, don’t you fit in with your deceased friend for more conversation?”

“There’s no need, my doppelganger will arrive in ten days!”

Lin Ran didn’t hide it either.

He couldn’t hide the fact that he had a doppelganger.

After he left, his doppelganger would have to come over as well, so it was better to just show his hand in such matters.

Only the Lord of the Alliance and those closest to himself knew about this matter anyway.

Outsiders wouldn’t know either!

“Alright then, give me a drop of essence blood!”

The Lord of the Alliance said.

“Mhm!”

Lin Ran didn’t hesitate and instantly sent a drop of essence blood over.

The Lord of the Alliance dragged the essence blood in his palm, and the next moment he flexed his fingers and flicked it.

In an instant, the essence blood scattered away.

The drop of essence blood actually formed a pattern of blood mist in an instant.

The pattern quickly enlarged, and then it actually disappeared in an instant.

“Weng!”

Suddenly, a blood-coloured vortex appeared right in the middle of the entire hall.

At this moment, Lin Ran could clearly feel that within the vortex, there was some sort of power guiding him in.

“Lin Ran!”

On the side, both Lin Lindsay and Ling Ya couldn't help but feel a little worried.

“Don't worry!”

Not wanting to waste time, Lin Ran smiled at the two of them and then turned around and entered the space.

As the usual rule, he still didn't bring anyone with him when he entered the Chaos Space Dungeon this time.

After all, there was only no telling when he would be able to come out either.

Bringing anyone in with him could be risking his life.

Therefore, Lin Ran didn't even speak to Luo Qiqi Su Rou and the others and went straight to the Chaos Space Dungeon himself.

“You guys explain this matter to Luo Qiqi and the others!”

Before his figure was about to disappear, Lin Ran said one last thing to the two of them, Ling Sa.

Seeing the two nod, Lin Ran also disappeared into the vortex almost simultaneously.

....

As expected, when Luo Qiqi and Su Rou and the others found out about this matter they were initially very angry.

They were angry at Lin Ran for leaving without saying goodbye, but they soon accepted the reality.

They knew clearly that Lin Ran was afraid that if he told them about the incident, he would make them worry.

Instead of doing so, they should just go ahead and have a doppelganger anyway.

....

Ten days later, Lin Ran's doppelganger finally arrived at the Anti-Alliance with Qin Bing in tow.

At this point, apart from Song Nuan, who was still trapped in the Divine Shadow Clan, and the Pillow Book, who still didn't know where he was, there was only one Yue Beishan left in the west who didn't know where he was.

....

And in the Chaos Space Dungeon.

Lin Ran had finally arrived here three days ago.

After three days of familiarisation, he had thoroughly understood what this Chaos Space Dungeon was all about!

What Lin Ran had said before was very cryptic, but at this moment, when he had actually arrived here, he understood the true purpose of this Chaos Space Dungeon.

The stronger a cultivator was, the more difficult it would be to cultivate.

It was like competing with heaven and earth for opportunities.

So the stronger the person, the more cautious they were.

After all, no one would want to lose all their efforts on the path of cultivation after putting in so much effort.

A strong person at the Small Perfection Realm of the Violet Sea Realm would still come out and walk around from time to time.

But those who have reached the Great Circle Gate realm, or even the Half-step Immortal realm, rarely come out to walk around.

Those who have reached the legendary Immortal realm strength are even more rare to be seen once in a hundred years.

Having reached their level of strength, they not only had to beware of their enemies.

It was even more important to beware of existences like the Immortal Emperors.

Even if they were all in the same camp, people who were helping Immortal Emperors in times of great battles.

But they likewise had to beware of the sneak attacks of Immortal Emperors!

This was because the power base of a great power in the Immortal Realm was already almost the same as that of an Immortal Emperor.

And to reach the height of an Immortal Emperor from the Immortal Realm, what is missing is no longer one's own cultivation.

Rather, it is the achievement of the Immortal Emperor's position.

This is a kind of qi competition between heaven and earth.

For example, if the current Immortal Emperor achieves the position of Immortal Emperor, then he is the centre of qi luck, and under the ackee-eating of qi luck, someone with the same Immortal Realm strength cannot match it!

And if you want to snatch the chance of the Immortal Emperor, then you have to wait for the opportunity.

For example, a great battle.

Great wars are the easiest to consume qi, especially when there are years of conquests.

So anyone whose strength has reached the Immortal Realm does not want to come into contact with an Immortal Emperor.

They want to fight for the position of Immortal Emperor, but at the same time the Immortal Emperor is also thinking of ways to eliminate them.

This is the hearts of people.

As the saying goes, if people don't do it for themselves, they will be killed, and this is the cruel law of survival in the Immortal Realm!
