## Chapter 2092

There is no why.

There is no reason.

Even if he didn't know her, he said, "Okay."

Because the voice above his head told him over and over again and asked him to agree.

Because, he also really digs his heart to feel sorry for the woman in front of him who is thrown into his arms.

Also, the ugly and small little girl who was still crying.

And the smaller one, kid.

Pan Youming felt sorry for them inexplicably.

Hear the word 'good. ', Yingzi immediately raised her head, her tears were still falling, but she smiled like a blooming sunflower: "Haoyang, Haoyang, are you telling the truth?"

you won't leave me again?

Are you really Hao Yang? "

“I’m Hao Yang.” The man said.

“Fourth Uncle...” Hearing the man say that, Pan Mingsai rushed over immediately, she squeezed, squeezed with Yingzi abruptly, and slammed into Pan Youming’s arms.

“Fourth Uncle...” Outside, there was a smaller one, who was also watching eagerly.

Pan Youming: “...”

After a long pause, he gently called Shen Weiyi: “Come here.”

Shen Weiyi: “But I have no place.”

“In the middle.” Pan Youming said.

Unlike the other two girls.

Shen Weiyi happily squeezed to the middle and shouted, “Fourth Uncle.”

Stop not far away + nurse: “...”

“Dr. Pan is not only skilled in medicine, gentle in character, but also very popular.” A nurse whispered.

“Hee hee, have you fallen in love with Dr. Pan?”

“how,

is it not OK? I just watched him hold the knife on the operating table. It was an art. I like it very much. “

“Dr. Pan looks like he is thirty-five or six years old. Such a man must have been married, right? What’s the use of your liking?”

“Hey... Also, seeing that the two girls who called the fourth uncle are so old, I think they must have been married.”

“Forget it, let’s wish Dr. Pan happiness.”

One of them stopped and said, "I'd better call him to take a rest first. He just got off the operating table and won't take a rest. What if there will be any emergency?"

After he stopped talking, he came to Pan Youming: "Doctor Pan, you...it's time to take a rest."

Hearing someone calling Doctor Pan from behind, Yingzi, Pan Mingsai and Shen Weiyi came out of Pan Youming's arms.

Yingzi clings to Pan Youming's arm with both hands and is unwilling to let go.

Pan Youming looked at him helplessly and said, "It's okay, I happen to be hungry too. I should go out to eat and have a rest."

"Okay Doctor Pan." He stopped and said.

Pan Youming looked back at Yingzi again, and said gently, "I'll change clothes and take you out to dinner. You...haven't eaten yet?"

Yingzi shook her head: "I was very hungry when I got off the plane, but I have been waiting for you outside the operating room, and I have been afraid to walk, so I am very hungry now."

"Okay!" Pan Youming said, "After changing clothes, I'll take you to dinner right away."

"Hmm." Yingzi replied obediently.

At this moment, the woman in her thirties looked like a little girl in her early twenties.

The man raised his hand and wiped Yingzi's hair: "Take the two of them,

wait for me. "

"Yeah." Yingzi trusted Pan Youming infinitely.

Pan Youming walked towards his office with tired steps.

At this moment, he was still wearing a sterile suit, but the way he walked, even from behind, was incomparably similar to Pan Haoyang, he was tall and thin, and his clothes were on the right shelf.

“Haoyang...” Pan Youming walked a few steps before Yingzi shouted from behind.

Pan Youming didn't answer the first call.

He was very unfamiliar with the name Pan Haoyang.

## Chapter 2093

He didn't know Yingzi was calling him.

Yingzi thought her voice was low, so she shouted again: “Haoyang...”

Pan Youming suddenly paused, then looked back at Yingzi: “Huh?”

“Haoyang, it's windy outside. When you change clothes, you should wear more clothes, understand?”

Pan Youming nodded: “Okay.”

When Pan Youming turned the corner, the three girls kissed each other and held each other's hands, shouting excitedly to each other, “Is it true?”

“He is really Hao Yang, your fourth uncle. I called him and he agreed.”

“He is Hao Yang.”

“I didn't lie to you, he is my fourth uncle.”

“I also think that this is my fourth uncle. He looks the same as my fourth uncle, and has the same voice. He is really our fourth uncle.” Although Shen Weiyi didn't quite believe it was the real fourth uncle.

But, this world is really such a coincidence.

This man looks the same as the fourth uncle.

This man is also surnamed Pan.

In addition to being excited, the three girls were afraid that Pan Haoyang, who they had just found, would run away, so the three of them unknowingly ran forward, and then turned a corner and saw Pan Youming entering an office.

The three were waiting outside Pan Youming's office.

In fact, only ten minutes had passed, but all three felt like a reality had passed.

When Pan Youming came out again, the three of them were stunned.

Instead of wearing a white coat, the man in a suit and leather shoes was more like Pan Haoyang.

This is Shen's only view.

In the seriousness of Yingzi and Pan Mingsai, Pan Youming and Pan Haoyang are not alike, but they are the same person.

"Let's go, take you out to dinner, what do you want to eat?" Pan Youming asked.

"I want to eat pizza..." Shen Weiyi raised his eyebrows and said.

She is a child, but the child is the calmest and calmest among the three girls. She knows that today is mainly to satisfy Sister Mingsai and Aunt Yingzi.

She immediately changed her mind and said, "However, if sister Mingsai likes to eat, I like to eat?"

Pan Mingsai only looked at Yingzi: "Sister Yingzi, what do you want to eat?"

Yingzi blushed suddenly: "I just want...I just want to have a meal with Haoyang, it doesn't matter what you eat."

She has not had a meal with Pan Haoyang Zhenger Bajing.

"Okay." Pan Youming nodded gently: "Take you to western food."

His car stood on the side of the hospital staff.

The car is a mid-to-high-end Audi A6 in black, which looks calm and restrained.

Yingzi naturally sits in front.

The two children, Pan Mingsai and Shen Weiyi, sat obediently in the back.

The three girls have unconditional trust in Pan Youming. Pan Youming chose a higher-end western restaurant not far from the hospital.

After entering the door and asking for a seat, I ordered the three girls their favorite food, and the meal came quickly.

He is very careful.

Will cut steaks for three girls from big to small.

When it was Yingzi's turn, the man treated him differently. He asked gently, "Would you like some wine?"

Yingzi: "I won't."

"You drink some red wine, me and boiled water, if you don't drive, I'll accompany you for a drink. If you don't drive another day, I'll take you to western food alone and teach you, how?"

Yingzi nodded desperately like a little nympho: "Mmmm, Haoyang, I'll listen to what you say."

Man: "You're happy, that's the most important thing."

"Haoyang..." Yingzi's tears were about to fall out again.

"Don't cry, I'll be responsible in the future, I won't let you cry." The man said.

"Well." Yingzi's heart was warmed, she was like a little girl: "Would you like to see my...my friends?"

“Of course,” the man said.

“Another day, I’ll take you to see them.” Yingzi said.

As soon as she finished speaking, she heard a male voice behind her suddenly shout, “Hao Yang!”

### Chapter 2094

Hearing this voice, Shen Weiyi was the first to get up.

She got off the seat and rushed over: “Dad!”

At this time, Yingzi, Pan Mingsai and Pan Youming also saw Arron and Suzi standing not far away.

He was the only one who secretly sent a text message to his mother and told his parents about the situation.

She is very excited.

As excited as sister Mingsai.

However, the only one who is not like Mingsai, who has lived with his fourth uncle since he was a child, Mingsai and the fourth uncle’s family relationship is deeply rooted and stable since childhood, and the only one who likes the fourth uncle very much, is also close to the fourth uncle, she But it is not as strong as Ming Sai’s affection.

What's more, Pan Haoyang made her and her mother miserable back then, so Shen Weiyi had a grudge against the fourth uncle at first, but after the fourth uncle died, Shen Weiyi only forgave the fourth uncle in his heart.

Therefore, when she saw the fourth uncle, she also knew that he looked the same as the fourth uncle, and she also felt in a trance that this was really the fourth uncle.

But Shen Weiyi didn't mess up.

She is very calm.

She knew that it was love to encounter such a situation, and it was not something he could solve as a child.

Moreover, she is even less likely to count on Aunt Yingzi and Sister Mingsai.

All she can do is send a position to her father. Let Mom and Dad follow them all the way.

But Shen Weiyi didn't expect that as soon as his father saw the fourth uncle, he would call the fourth uncle's name.

At this moment, Arron was stunned.

He didn't even notice that his daughter was running towards him, he just stared at Pan Youming with dazed eyes, and Suzi and Arron next to him had the same expressions.

Shen Weiyi was also stunned.

She shrugged and looked at Mom and Dad.

Then he stepped aside wisely and let his parents recognize their relatives like Auntie Mingsai and Sister Mingsai.

"Haoyang, is that you?" Arron asked.

Pan Youming: "..."

He still knew the people who came, and he had never met each other, but he had seen them on TV, in the news, and in financial reports. There is a discrepancy between the real person and the TV, but it is still recognizable.

“Mr. Fu?” The man said in a gentle and elegant manner, neither humble nor arrogant.

“You are Haoyang! Is that Haoyang?” The first classmate of Suzi, Arron, came to Pan Youming with tears in his eyes.

Pan Haoyang died in her arms.

Before he died, he told her that his request was actually very simple, very simple.

He just wanted a home.

There is family affection, warmth, and a home with flowers and grass.

He died to help him block that shot, and because he died, she and Fu Liuyi in her stomach survived.

The death of Pan Haoyang brought as much blow to Arron as to bring as much blow to Suzi.

Therefore, at this moment, Suzi and Arron were equally excited.

As Yingzi and Pan Mingsai saw, the man in front of him not only looked like Pan Haoyang, but also had a similar expression.

There can be no two people like this in this world.

Pan Youming didn't know how to answer.

“Mr. Fu, Mrs. Fu, I... I really didn't expect you to come over in person, and I didn't expect these three girls to be related to your husband and wife...” His words Before he could finish speaking, the heroic figure behind him interrupted.

Yingzi looked at Suzi excitedly, with a look of happiness on her face: “Suzi, I really didn't expect that I would be able to wait until Hao Yang,

did God open his eyes? Suzi, look, Hao Yang is standing there. by my side.

He was inviting me to dinner, and he also said that next time he will only take me to dinner by candlelight.

He had already promised in the hospital just now that she would be with me, and she would be with me for the rest of her life. “

Suzi: “...”

Arron: “...”

## Chapter 2095

“Suzi, I have already made up my mind. I will live in Nancheng in the future. I will work hard to find a job and divide my work. I want to buy a house with Haoyang. It’s okay for me to work hard. We want to create a home of our own. , do you think it’s okay, Suzi?” Yingzi looked at Suzi eagerly.

She regards Suzi as her best friend.

her savior.

Among the living people in this world, apart from Pan Haoyang, the most important person to Yingzi is Suzi.

Looking at Yingzi so eagerly.

Enthusiastic, seems to have been stunned?

What can Suzi say?

She could only pat Yingzi’s back, and said with great distress: “Okay, I support you, you don’t need to do several divisions of labor, you can have a stable job, and if you want to buy a house, I can lend you a part and wait for you. If you have money, pay it back to me.”

“Thank you Suzi.” Yingzi was extremely happy.

Suzi shook her head, then she looked at Pan Youming: “You...have already promised to live with Yingzi?”

As soon as Suzi finished speaking, before Pan Youming could answer, Arron asked, “Do you know who Yingzi is? You already promised Yingzi?”

This was not questioned.

Arron’s tone was not questioning at all, he just wanted to further confirm from the man’s mouth that he was Pan Haoyang.

Is his own mother and father, twin brothers.

He threw questions one after another: “Do you know who I am? You say, who do you say I am?”

Pan Youming: “...”

Of course he knew who the couple in front of him were.

Who in Nancheng does not know?

Now he not only knows who Arron and Suzi are, but he even knows that the youngest child among the three girls in his teens is the child of this couple.

Hearing Mr. Fu asking himself a series of questions, Pan Youming just smiled.

Then, he was extremely firm, neither humble nor arrogant, and said to Arron in a gentle manner: “Of course I know who your husband and wife are, Mr. Fu, the richest man in Nancheng. I know what I’m doing even more.”

After a pause, he looked at Yingzi with a firm gaze: “I know who she is, she is the woman who loves Pan Haoyang the most, I want to marry her, live with her, and have children with her, Spend a lifetime with her.”

Hearing this, Yingzi’s heart-warming tears could not stop flowing down.

Her crying voice trembled: “Hao... Hao Yang...”

She threw herself into his arms and cried uncontrollably: “Haoyang, I finally...I finally waited for you, right?”

Pan Youming’s voice was as warm as a clear spring that can cure all diseases: “Yes, I will never let you suffer any more in the future, and I will never let you cry again.”

“Yeah.” Yingzi cried even more when she heard Pan Youming say this.

“And you. Little devil.” Pan Youming looked back at Pan Mingsai: “In the future, the fourth uncle will teach you to study and pass on all the medical skills to you. After rest, the fourth uncle will cook for you.”

Pan Mingsai: “...”

She originally had a mouthful of beef in her mouth, but when she cried at this time, she couldn’t swallow or spit out the beef, but she smiled like that.

Arron and Suzi here, look at me, I look at you.

Both of them are calm enough people, especially Arron, what kind of big storms have you never seen before?

But at this moment, he suddenly lost his direction.

He didn’t even know where to start.

He just repeated the sentence just now: “Who are you? Are you really Hao Yang?”

How can this be?

It was he who watched Pan Haoyang die under Ying Ming’s gun, and he personally took Pan Haoyang’s body to cremation.

Again, he personally buried Hao Yang next to his mother’s grave.

It can’t be wrong.

Arron never believed in ghosts and gods.

Pan Youming let out a long sigh, and his voice became deep and desolate, as if telling a distant story: “Who am I? Am I Pan Haoyang?”

### Chapter 2096

A sad expression flashed across Pan Youming’s face.

who is he?

He was bewildered.

And it seems very clear.

The moment he saw Arron, he also felt cordial, and also felt a strong sense of deja vu.

So, when Arron asked him, who are you, he was very confused in his heart?

Is he Pan Haoyang?

Since his sanity this time, Pan Youming has always asked himself this question in his mind.

Before today, when he didn’t see Pan Mingsai’s Yingzi Shen and the only three, his heart was in a trance, he felt that he was dreaming, or maybe his illness left him with sequelae.

But, after seeing the three girls, he suddenly had a feeling of emotion that was all over the world.

The mysteries in this universe are endless.

No one can guess.

Any kind of wonderful thing in this universe can happen.

Such as him, Pan Youming.

Pan Youming's hometown is in an extremely backward county town in the Central Plains.

Although the place where he lives is very backward, Pan Youming's family is quite wealthy. In the local area of Caishi Street, Huaizhong County, the Pan family is one of the best.

When Pan Youming was very young, the Pan family had no less than 20 facade houses in the entire Caishi Street.

At that time, the Pan family was really delicious and spicy, and all the business people in the food market were jealous of the Pan family.

It stands to reason that the child born in such a family is also a boy, and his family status at home should be like that of a little emperor at this time, but Pan Youming is not.

Pan Youming didn't realize until he was eight years old that he was an adopted child.

He is not the biological father of Pan Jianliang.

He already had three older sisters, and his mother could no longer bear children after giving birth to his third sister, Pan Youyou.

Divorce was unhappy in those days.

In addition, the thinking of small county towns is very feudal. If someone does not have a boy, it is difficult to support a family no matter how big your family is. In desperation, the head of the family, Pan Jianliang, asked someone to adopt an illegitimate child in another place. return.

The adopted child is an out-and-out illegitimate child.

The child's father is said to be a proud businessman.

The child's mother is just a small secretary beside the child's father. When he was with the child's father, the child's father's company was on the rise. The child's father and his wife were fighting the world together. Men were afraid that their wives would know about it.

He gave the little secretary a sum of money and made the newly pregnant little secretary disappear.

The little secretary was not willing to abort the child, and only waited until the child was born. He originally planned to hold the child to find the child's father, and wanted to ask for an explanation, but found that it was simply impossible.

In that situation at that time, the little secretary was almost dead.

It is a fortunate thing to be able to escape alive with the child in his arms.

The little secretary needed to get married, and the child was her drag. Later, through the introduction of the middleman, she gave the illegitimate child to the Pan family.

To put it nicely is to give.

To put it horribly, it was sold for money.

Therefore, Pan Youming is the son that the Pan family bought with money.

Since then, the Pan family has a successor.

However, Pan Youming's treatment in the Pan family was not very good.

Pan Jianliang doesn't think he is rich or feudal, but in private he doesn't care about sons over daughters at all.

The reason why he bought a son from another place was to stop the outside world, but in private, he and his wife loved their three daughters very much.

The eldest daughter Pan Panpan.

The second daughter, Pan Kaigai.

## Chapter 2097

The third daughter, Pan Youyou.

They are the jewels of the Pan family's old couple.

Only Pan Youming, the only son, the old couple loves and ignores him when they come back from adoption.

But, Pan Youming didn't understand when he was a child, why if there are three elder sisters in other boys, this boy must be the same as the little emperor in this family, why is his own family different?

A child who is only a few years old, he has to pick up some leftover shoes from his sister to wear.

When we usually eat, my parents give the eldest sister, the second sister and the third sister as much as possible to eat.

Many times, Pan Youming stood aside and watched the three sisters wearing beautiful foreign dresses, eating chocolates, and eating all kinds of snacks, while he could only watch.

like an outsider.

The three sisters didn't care much for him either.

From time to time, he would roll his eyes at him.

The phrase they often talk about is: "Why give you our family's property?"

Pan Youming did not understand this when he was a child.

He is very sensible.

He only thought that maybe his parents would not be pampered like a few older sisters in order to train him and make him a boy in the future.

When he figured it out, he was happy.

He felt that there were already three sisters in the family, and he was only a boy. He must be worthy of his parents and his sister's expectations, and he would definitely be a good man in the sky.

In fact, subconsciously, Pan Youming also wanted to arouse his parents' care and love for him.

It's like caring and loving your sister.

Therefore, he studied hard and desperately rushed to do housework.

Even when he saw his third sister Pan Youyou, who was three years older than him, being bullied, Pan Youming, who was only seven or eight years old, would protect his sister regardless of his own life and fight with a big kid who was a lot taller than him.

Even if the head was beaten with blood, he bravely looked at Pan Youyou: "Third sister, don't be afraid, my younger brother will protect you and will not let you be bullied, go home quickly, don't be here, this way They can't hit you."

The elder sister Pan Youyou nodded immediately: "Brother, elder sister ran first."

Pan Youyou ran away without looking back.

Leaving Pan Youming beaten, his teeth were loose, and one leg was almost crippled, and he bared his teeth in pain.

However, he was happy.

He protected his sister, her sister was not punched, and her sister was not bullied.

Pan Youming was full of joy. When he returned home this time, his elder sister must know that he felt sorry for him. The eldest sister and

the second sister will not talk about it, at least the third sister will wipe the blood on the corner of his mouth with distress.

However, back at home, everything was not what Pan Youming thought.

As soon as he entered the house with a lame leg, he was smashed by his father Pan Jianliang with a bench: "You idiot who didn't learn well! You can't win glory for the Pan family, but Jingjing caused trouble for the Pan family!"

If you don't study hard, you fight with people at a young age!

People say that three years old look young, seven years old look big! What are you doing here? Are you going to destroy our Pan family? "

When the bench went down, Pan Youming's spine was almost broken.

Pan Youming looked at his father with tears in his eyes, and explained sadly: "Dad, this is the first time I have fought with someone, it was my third sister who was bullied, and I wanted to protect my third sister."

Is it wrong for me to protect my third sister?

Am I going to watch my third sister get plaited by some boys, make a scene, and beat her? "

"You're still stubborn!" Pan Jianliang raised his hand and slapped Pan Youming in the face.

Half of Pan Youming's face was suddenly swollen like a fat melon.

"Kneel here all night for Lao Tzu, when will I know I'm wrong, and when will I get up!" Pan Jianliang went to sleep after beating.

The remaining third sister, Pan Youyou, came to Pan Youming with a smile, and said softly to him, "Fourth, do you know why I hate you so much, and why does my father beat you like this?"

Pan Youming asked inexplicably, "Why?"

Pan Youyou sneered: "Because, you are not from our Pan family!"

## Chapter 2098

Pan Youming was stunned on the spot: “Third sister, what did you say?”

“I told you! You're an illegitimate child! You are a poor bastard! You have been eyeing my family's property since birth! You are here to rob our property!” Pan Youyou roared at Pan Youming extremely viciously.

Pan Youming: “What... what is family property?”

In fact, Pan Youyou didn't understand either, she just listened to her grandparents muttering a lot, so she kept it in her heart.

“Family property? Family property is our family's delicious and delicious food! Fourth, please listen to me! In the future, all the delicious and delicious food in the family will be mine! I am the oldest and the youngest in the family.

My grandparents, my parents often taught the four of us that the big one should let the small one.

There are delicious, delicious, fun, all for the youngest.

But the youngest is not you.

You are adopted, you are not counted!

I am the youngest and the most favored one in the Pan family!

From now on, you are not allowed to rob me of everything!

If you dare to rob me, I will make you feel worse than today.

How is it, fourth, it's cool to be beaten today, isn't it? Let me tell you, I was bullied by a few boys today, and it was all my intention. I just wanted to lure you into a fight with them on purpose.

When you get home, let Daddy beat you again.

Whee. “

After Pan Youyou said these words, she went into the room and went to sleep.

Pan Youming was left alone, kneeling in the living room all night.

A child under ten years old thought a lot that night.

My heart is also very frightened, very desolate.

The next morning, his face was still swollen, and he was beaten by his father.

However, his eyes were also swollen from crying.

When the parents woke up in the morning, they saw Pan Youming still kneeling in the living room, and her eyes were swollen from crying. The parents were somewhat distressed.

In the end, it was adopted from birth. It was raised by the Pan family. Except that it was not his own, it was no different from his own.

Especially the mother, seeing her son like this, the mother suddenly hugged her son and cried: “Pan Jianliang, you murderer, you beat your son like this, why are you so cruel?”

If you beat your son out, do you still have a son?

If you don't have a son, how many people will look down on us on this street, and how many people will stare at you! “

His wife's remarks really made Pan Jianliang have scruples.

He looked at his son, whose face was swollen into a fat melon, and felt a little distressed.

The tone became a lot more relaxed: "Little boy, it's nothing to suffer a little, boys just want to beat, as long as they suffer enough and have responsibility, they can afford our family business when they grow up.

I know what he's going to be like. "

With the words, Pan Jianliang said to Pan Youming in a coaxing and deterrent tone: "Mingming, Dad knows that Dad beat you a little bit hard, but you are your boy, you are different from your sisters, you will inherit the Pan family in the future. family property.

do you understand?

boy!

Don't cry at every turn, like a woman!

Don't cry!

Today, you have suffered this punishment, and your father and mother will immediately take you to buy some fancy clothes and give you a new schoolbag.

good or not?

Stop crying! "

The method used by my father is a combination of grace and power.

It can be regarded as a disguised apology like Pan Youming.

Pan Jianliang originally thought that Pan Youming would be obedient and grateful, and immediately stopped crying, and said to his parents sensible: "Mom and Dad, don't worry, I'm fine, I know you are all for my own good, and I won't cause trouble in the future. , I will study hard."

## **Chapter 2099**

What he thought in his heart, his son should say so.

Saying so,

to speak to the hearts of their husbands and wives.

However, Pan Jianliang cried even more fiercely.

He looked directly at his father: "Dad, I was adopted by the Pan family. I'm not your own, right?"

Pan Jianliang was stunned for a moment.

The wife also panicked and said, "Mingming, what are you talking about? Why do you say that? Who told you?"

Pan Youming's voice was still very desolate.

Desolate and helpless.

There is still a kind of fear in his heart, and his tone is decadent: "I often hear you say that I am here to take the family property, I don't know what the family property is, I never thought about taking the family property.

It's all our own, why take it away? "

Pan Jianliang + wife: "..."

"But Mom and Dad, I understand what it means to adopt.

What I adopted is that I am different from my sisters. I am not your own, but my three sisters are yours, right? "

When asked, Pan Jianliang and his wife were extremely embarrassed.

Pan Youming continued: "You don't answer me, I know it, you always say that I am here to steal your property, you have always loved my three sisters, but never loved me.

I saw with my own eyes that my grandmother boiled the eggs laid by our own free-range chickens and only gave them to my three sisters, not me.

I wanted to eat very much, but my grandma said, I have already robbed my three sisters of the property, so let's eat less.

Mom and Dad, am I really adopted?

If I am adopted, and you are afraid that I will steal your property, can you..."

Speaking of that moment, Pan Youming burst into tears.

But since he was a child, he was a calm and determined boy.

Even if he was in pain, he had to say it: "Can you please send me back to my biological parents, I also want to be loved by my parents like my three sisters."

When she heard her son say this, the mother immediately hugged her son and cried: "I'm sorry, my son, I'm sorry, my mother will love you in the future, like your sister, my son..."

Since then, Pan Youming's life in the Pan family has been a little better.

Grandpa and grandma never mentioned in front of him that he was an adopted child again.

The three sisters didn't dare to bully Pan Youming again.

And his father, who didn't beat him at every turn.

But, since then, Pan Youming can clearly feel that the Pan family still treats him as an outsider.

For example, when the family was talking, they stopped talking when they saw Pan Youming's return.

Although the three sisters were polite to him, they were only polite.

They didn't feel the same way towards him as they did towards their own younger brother.

Little Pan Youming felt like he was isolated from this family.

Fortunately, he is a boy with a pure and kind heart, and his academic performance has always been the first in the whole class and even the whole grade. With these support, life is not difficult.

He thought that one day, he would surely succeed.

He will let his parents know that he is not here to snatch the Pan family's property. He will make the Pan family more prosperous. He will let his three sisters get more and more.

Pan Youming, a teenage high school student, has always harbored this dream in his heart.

Throughout high school, he became even more aggressive.

Especially in the third year of high school, he did a lot of mock exams, and he was confident with 12 points. He can be admitted to the top universities in the country.

However, on the eve of his college entrance examination, his father came to his stuffy room and said a word to him.

"Mingming, don't take the college entrance examination." Father said lightly.

## Chapter 2100

Pan Youming was stunned at the time: “Dad, you... what did you say?”

Pan Jianliang: “Don’t take the university entrance exam. This year, the family is tight and I can’t afford you.”

“Dad!” Pan Youming immediately burst into tears.

It stands to reason that he is an 18-year-old boy, it is really time for a boy to cry, but he can’t stand it.

Really can’t stand it.

Since he was a child, his parents’ love for him caused him to be separated, and he endured it.

His grandparents didn’t love him, he endured it.

He endured the cynicism of his three sisters.

He just thinks that one day he will be able to pass the exams, and then he will no longer depend on the family, and he will not inherit the family property. If one day he has made a name for himself outside, he will still come back to honor his parents.

So he worked hard and studied hard.

This is his only way out.

But, on this one way out, Dad didn’t even let him read it?

Pan Jianliang sighed: “In our small county, look at whose children are as old as you, and still let the family study for their own use? Your three sisters have all gone to work in the spinning mill, so it is hard for them to save their own dowry money. , can’t you go to college for you?”

“Dad!” Pan Youming’s voice couldn’t contain his anger: “Grandpa and grandma have hundreds of thousands of dollars in private housing. These hundreds of thousands of dollars can buy several apartments in our county.

Don’t ask me how I know.

I didn’t eavesdrop on me. When my grandmother was chatting with the neighbors last time, she boasted about it. Every granddaughter in the family gets married, and she will marry a house.

Forget it, it’s grandma’s private money.

But the front of our house!

There are so many facade rooms, and each one has a monthly income of more than 1,000, and the monthly income of four or five facade rooms is also 4,000 or 5,000.

And the venue where you sell sand.

How much money do you make with a truckload of sand?

Can we find a second family richer than us in the entire Huaizhong County vegetable market? dad?

Are you telling me that I need my sisters to pay for my tuition for college? “

It was the nineties.

The domestic general economy is not so developed.

Even if there are occasionally developed cities, it is Nancheng and such big cities. In the 1990s, a small county town in the mainland, who can have a few storefronts and a monthly income of tens of thousands of dollars, can really be in a radius of dozens of miles. wealthy households.

But such a wealthy household is unwilling to send a college student to school?

Pan Youming is not a fool.

He is eighteen years old.

An eighteen-year-old high school student, his mind is already extremely mature, he is shaking, even his mind is more advanced and more thoughtful than his father.

Seeing such a son, Pan Jianliang hesitated for a long time.

“Dad! Tell me why you don’t want to use me?” Pan Youming stared at Pan Jianliang.

Pan Jianliang did not answer.

How is he going to answer?

This was a joint discussion among a family of four.

There is only one boy at home.

Moreover, the boy knew too early that he was not his biological son. If the boy was admitted to the university, he had a good time, stayed outside, and would not come back in the future.

Who will take care of the four old people?

At that time, in the Huaizhong area, most of the areas were elderly people who were older, and their sons were in charge.

As long as the daughter is married off, she is someone else’s family, and when she comes back, she is a relative.

This is what it means to raise children to prevent old age.

The son is going to throw the ‘old pot’ for his parents. If this son is gone, who will throw the old pot for him in the future?

Wasn’t he adopting this son for nothing?

He has been raised for seventeen or eighteen years in vain and let him run away like this?

“You, if you go to college, you won’t come back in the future! What about us, me and your mother?” Pan Jianliang hesitantly said what he was thinking.

## Chapter 2101

Pan Youming: “...”

After a long while, he asked coldly, “Dad? Am I your and mom’s biological son?”

“Why not! You are guessing again! Who is your suspicious temperament!”

“Shouldn’t I be following you? You don’t have any doubts!” Pan Youming became annoyed and began to reply to his father.

Father: “You! You will talk back!”

“If your biological son is admitted to university, will you delay his future!”

“Of course not!” Pan Jianliang blurted out.

Pan Youming smiled: “Haha!”

He smiled with tears: “You still said that I am your own?”

Pan Jianliang: “The wings are hard, aren’t they! If you think about me, you know you’ve contradicted me. Don’t give me all these things! In any case, it was me and your mother who raised you, from the moment you were born. Raise you up! The grace of raising is greater than life!

Is it easy for us to pull you so big?

We feed you because we are old and you honor us and serve us. If you are admitted to university and leave, and you will not come back to this place from now on, who will we rely on! “

Pan Youming wanted to say viciously, “It depends on your three daughters!”

But he didn't say it.

He knew it was too hurtful.

After all, the parents who raised me gave me food and let me go to school. No matter what I did, I couldn't be so disobedient to my parents.

What about the biological parents?

He gave birth to himself but did not raise it, but sold it.

Thinking about his biological parents, Pan Youming felt that adoptive parents were just a little selfish, but people are not bad.

An 18-year-old boy can only spend that summer with infinite envy and sadness.

He watched helplessly as other students with lower grades than him were admitted to college.

I watched helplessly as people ushered in new hope.

And he could only stay by his parents' side.

Working odd jobs on the street every day.

When his parents were busy with their business, he helped a group of parents on the sand field. A year later, his college dreams seemed to be smoothed out.

In fact, only Pan Youming knows that he studies hard every night.

He never set himself back a day.

He was just waiting for an opportunity.

Waiting for an opportunity to influence my parents.

He hopes to move his parents through his filial piety to his grandparents, his obedience to his parents, and his dedication to his family, and to let them know that even if he passes the university entrance exam,

He is still their son.

Leaves fall back to their roots.

He will come back eventually.

He even thought about it, he wanted to take two majors.

One is the Normal University.

One is the medical profession.

He hopes to return to this county after completing his studies in the future, either as a teacher to teach and educate people, or as a doctor to treat and save people.

Over the course of a year, although he did heavy work every day, he turned himself into a nineteen-year-old man.

But his studies did not fail at all.

As the college entrance examination is approaching again, Pan Youming wants to tell his parents that he wants to take the college entrance examination.

He mustered up his courage and came to the outside of his parents' room. When he was about to knock on the door before he knocked, he heard voices inside the door.

"You said, we are going to be demolished here soon. How should we divide the six facade rooms?" This was the mother's voice.

"What's the difference between the six rooms? Panpan two rooms, change two rooms, Youyou two rooms. The three sisters don't have two rooms, it's fair." Pan Jianliang said in a very normal tone.

Mother thought for a while, then smiled: "Oh...that's fair."

Outside, Pan Youming with his hands on the door: "..."
