

Chapter 210

He scuffed up from his chair, his eyes staring at his phone, his face livid.

The secretary just happened to come in from outside and respectfully reported to him, "Mr. Mu, the board meeting starts in ten minutes."

Rovell sank and didn't speak.

There was a few seconds' pause before he said, "I know, get out of here."

The secretary nodded and left.

Rovell Mu took a deep breath, forced down the annoyance in his heart, and dialed a phone number.

The phone was answered within a few rings, and from the other side came Clara's surprised voice, "Brother Asawa."

"What are you doing?"

"Me?" Clara sat in the hospital and looked at An Qiao next to her, feeling guilty, "I didn't do anything ah, I'm on the set..."

"On the set? Heh. It seems you don't know what happened on it yet?"

Clara was stunned and a little confused.

"on? What happened on it?"

"What! Get on board yourself and see what you've done!"

After roaring, Rovell Mu hung up the phone with a bang.

Clara was so confused by his yelling that she was stunned for several seconds before she reacted and hurriedly opened the ruff with her phone.

There was already a lot of discussion on it, and that video of her beating Jenny had been put up at the top of the hot search list, while the comment section was full of questions and curses, all of them sounding off on her.

Clara's face turned pale, and she even clicked on the video to watch it, followed by her anger.

That b*tch!

It must be her!

It must be her deliberately plotting herself, she just said why so strange, usually Jenny to Rovell Mu, basically in an indifferent state, today why suddenly become so passionate!

She must have said those things on purpose to anger herself and then secretly sent someone to take this video.

That vicious vixen!

Clara panicked only now, remembering Rovell Mu's angry tone just now, and became even more apprehensive.

She even tapped the number to call back.

As soon as the call came through, he hurriedly explained, "Brother Azawa, it's not what you think, it's Jenny, she's the one who set me up, the truth really isn't what it says."

Rovell's voice was dark, "You mean that slap, she also put her face to you herself to make you hit her!"

Clara: "....."

"Brother Azawa, you have to believe me, I really didn't hit her on purpose, she was the one who provoked me, I was in a moment of anger..."

Clara couldn't help but shed tears as she choked out, "How could sister go so far? It's fine to count me out and make a big deal out of it, she knows how important this comeback is to me!"

The doctor came over just at this time and called out to her, "King Maya, come over here and take the medicine."

Rovell heard the words keenly through the phone and asked suspiciously, "Where are you?"

"I..." hesitated Clara, swallowing and not saying anything.

An Qiao, who was beside him, couldn't help it, grabbed the phone and said angrily, "Mu Shao, you only know how to blame Sister Clara, and you didn't look at how she was beaten up by that vicious woman for you!"

To tell you the truth, we're in the hospital! Sister Clara was slapped twice by her, not to mention kicked, and the doctor said that there was a fracture in Clara's coiled bone, and if she hadn't been sent to the doctor in time, it might have left a residual effect!"

"What do you need to talk about, Anjo?"

Clara promptly grabbed the phone, looking anxious, "Brother Azai, I'm fine, you don't have to worry, sister... sister she has always been quite strong, she shouldn't have done it on purpose."

across (the street)

Quiet for a moment.

Clara and Anjo both held their breath, waiting for his response.

It took a moment before he seemed to take a deep breath and his tone slowed down.

"Are you hurt?"

Clara shook her head, "A little wound, it's really not serious."

"What hospital are you in? I'll be right over."

Clara bit her lip, a little embarrassed, "Brother Azawa, will this disturb your work?"

"No, you send me the address."

"That's...okay."

Hanging up the phone, Clara sent the address locator over.

An Qiao scanned her face and said, "The fact that Mu Shao rushed over as soon as he heard you were injured shows that he still cares about you."

Clara nodded, "Of course."

Until this moment, she had been a little more settled.

No matter what shenanigans Jenny used against her Brother Azawa, Brother Azawa loved her.

Otherwise, it wouldn't have been possible to leave work and come over as soon as she heard she was injured.

Brother Asawa cares about her, there's no doubt about that!

Thinking this way, Clara became less panicked than before and walked over to the doctor and began to have her medicated.

Thirty minutes later, Rovell arrived.

Following him, there was also Tong Shu.

The video on it, Child Shu had already seen it.

She's already delivered the order to go down and have the following people remove the hotspot and delete the video first, no matter what the cost.

Although the heart is actually also clear, it has been half a day, the heat on the fermentation has long since fermented to the point of uncontrollable, even if this time to remove the hot search to delete the video, it will not be too much use.

But at least it's still better than doing nothing at all.

Tong Shu comforted himself in his heart, seeing her, he even quickly stepped forward, first looking her up and down before caring, "How are you? All right?"

Clara pursed her lips and shook her head.

She looked towards Rovell who was standing behind Tong Shu, her soft eyes chocolate-covered with tears.

"Brother Asawa, I'm sorry I got you in trouble again."

Rovell's face didn't look too good.

Today was not what he had expected.

He never thought that Clara would be so impulsive and actually hit someone on the set.

It's fine to hit someone, but it's biased to be filmed, and you don't get the benefit of the doubt in the end.

This is stupid!

He was angry in his heart, but at this time, looking at Clara's soft and weak appearance, it was hard to vent his anger, so he could only forcefully suppress his anger and asked with a heavy face, "What's the specific situation? Talk to me clearly."

So, Clara and An Qiao both told him what was going on on the set, one after the other.

Of course, probably all of it is factual, but some of the finer points are naturally biased in the narrative.

After that, Clara wiped her tears with a tissue and looked sad.

"I admit I was impulsive this time, but my sister she's gone too far! I was merely trying to question her and she told her bodyguards to beat her up, what is the difference between that kind of behavior and a barbarian?"

Rovell was inexplicably annoyed as he watched her cry.

He waved his hand, "Alright, I'll take care of this matter, you don't have to go to the crew for the next two days, I'll help you greet Lin Shufan and go back when this has died down."

Clara bit her lip, half-heartedly, and weakly agreed.

Chapter 211

Rovell didn't stay at the hospital for long and left soon after.

Naturally, Clara went home first to avoid the limelight in the company of Tong Shu and An Qiao.

On the video is still fermenting, the child Shu sent to remove the hot search and video people almost useless, spent a large sum of money not to say, things have not been done, back to nature is a scold.

This added to the number of people who had a grudge against Clara.

"You made such a mess yourself, and now you're blaming it on us, and you're really drunk too!"

"That's right, if you know you're a female entertainer, can't you pay attention? It's fine to beat someone up, but to be filmed and posted on it when you didn't win is stupid as a pig!"

"We're also really unlucky to have to do PR for her, she's been on the hot seat three or four times this month for all sorts of shady stuff, right? Doesn't she know how to behave herself?"

"Yeah, we don't pay attention to what we're doing, we pile the pressure on us whenever something happens, we're human and not immortal, what can we do when we can't undo the hot air by spending money?"

"It's just that..."

Not only them, but also the friends have become a little bored with Clara's curiosity in the beginning.

Clara's true fans were fine, but some roadies' perception of her was greatly diminished.

"What's wrong with this Clara? How many times have you been in the news this month? The ruff has become her backyard?"

"Must be coming back to the hype! Before it was acting, now it's beating up people, so I don't know what's going to be in the news next time."

"Hype? No way! Who hype would use their own black material?"

"Haven't you ever heard of a word called black and red? The darker it gets, the redder it gets, and then just a little whitewash at the end."

"To be honest, I didn't have a good feeling for Clara in the past, but I was at least a passerby, I didn't hate her even when she broke out that scandal years ago, but after today's operation, I'm really convinced, from today onwards, the road turns black."

"Likewise, the road turns black."

"What do you all know? Our Maya was framed! There are so many people on the set who wouldn't hit anyone there if they weren't stupid, do you have any brains at all?"

"Gee, and there's a brain to wash the floor? I don't think it's that we don't have brains, it's that you don't have eyes."

"That's right, it's on video, and it's washing the floor!"

"....."

On the noisy, Clara's fans were able to persist in their anti-blackness at first, but as time went on, they gradually became somewhat unable to care.

After all, the attack was high once the roadies joined the fray as well, and her little fan base simply wasn't enough.

A big fan of hers is getting anxious, and is writing private letters to Maya Jing for an explanation.

But King didn't return.

Her silence worries the group of fans who are dying for her even more, but in just a few days, many of them, begin to falter and eventually change sides.

Two days later, the official Cannonball Raiders Twitter feed released the first clip from the show.

The film is one minute long, but the essence of the collection of films in one, the whole cool and burning, Jenny as the main actor, in which the performance is remarkable.

Not only is the costume aspect perfect, but even the acting, is overbearing and eye-catching.

As soon as the clip was released, it immediately caused countless people to watch.

As creators, Jenny and Xu Jiamu naturally retweeted the ruff.

The drama was originally not very hot, but thanks to this period of time, Jenny Jing and Clara were blown up and searched in turns, so what was originally just a transparent drama with a small budget and small production, when the credits aired, it even reached hundreds of millions of views.

This achievement was unexpected, even for Lin Shufan.

He now finally knew why Jenny Jing refused to clear his name so quickly in the first place, and insisted on waiting until after the drama aired.

Because whenever something is said to be qualitative, people will stop paying attention and the heat will slowly drop off.

At that point, even if the Cannonball Raiders footage is released again, it won't get this much attention.

Although it was a bit unkind to take such an approach now, this was the way this circle was meant to be, and sometimes strength alone wasn't enough, but also luck and means.

After more than a decade of bottom grinding, Lin Shufan understood this truth better than anyone.

Now, in terms of the heat of the show, he's not worried anymore.

There's just some guilt about Jenny, after all, it's kind of stepping on Jenny's heat to promote the drama.

Thinking this, Lin Shufan called Jenny.

Today, Jenny had a hard time taking a day off, and at someone's request, instead of staying on the set, he went back to Lu Yuan.

At this time, she was lying on a deck chair in the garden at the back of the house, eating fruit and mindlessly reading a book.

Biden Lu also purposely didn't go to work today, staying at home with her.

Seeing her phone ring, her eyes swept over the name on it.

Without waiting for Jenny to pick up, he brought the phone over and pressed answer.

Lin Shufan's laughter came over, "Jenny ah, what are you doing?"

Biden Lu: "????"

Jenny?

Heh. That's quite a shout!

Someone's heart was somehow sour, and he said in a quiet voice, "Something wrong?"

On the other hand, Lin Shufan did not expect the one who answered the phone was not Jenny, at first heard a deep and mellow male voice, startled.

It took a few seconds to realize who was on the other side.

His face changed, and he even changed his tone of voice, "Lu, Lu?"

"Um, something?"

Biden Lu really didn't want to say more than half a word to him.

Waste of time!

It had been two months, and he'd had a chance to spend some time alone with Jenny, to have a romantic moment for two, how uncaring was this guy to call in at this time?

Lin Shufan, who was not long-eyed, sensed the unkindness in his tone and immediately became long-eyed.

"No, nothing, just will make a casual phone call to say hello, you, you are busy."

Afterwards, he hurriedly hung up the phone.

Only then did Biden Lu put away his phone in satisfaction and handed it to Jenny Jing.

Then he showed a smiling expression, "Wife, Lin Shufan called, it's nothing important, so I picked it up for you by the way."

Jenny rolled his eyes, somewhat speechless.

"Just answer it. Why are you scaring him?"

She wasn't stupid, really think she didn't see that Biden Lu was deliberately bluffing and speaking in a deep voice just now?

Biden Lu choked and didn't explain, seeing that it was getting late, he said, "It's almost time for lunch, let's go in for lunch."

Jenny nodded, and only then did the two of them get up and walk to the restaurant together.

After dinner, Jenny received is her ruff are going to be private message burst.

Jenny was stunned, a little surprised.

Since her large ruff was usually used basically for business, she was usually left to He to take care of when she wasn't there.

Chapter 212

Forwarding a video or promotion or whatever of a company artist's performance is the equivalent of a job number for Starlight.

And she herself usually really logged a small number.

At this point, the subconscious thought something was wrong and immediately asked, "What's wrong?What's going on?"

Little He's voice was one of unconcealed joy, "Yes, something big has happened!Great thing!"

I said, "Let her ascend and see for herself.

Jenny hung up the phone somewhat at a loss to log on to the large ruff, and as soon as he did, numerous private message alerts popped up.

On top of that, there are countless Ets.

And what was originally only a pitiful 100,000 powders had also skyrocketed to over two million overnight!

She stood there, abruptly stunned.

Upon closer inspection, it turns out that since she turned the official blog for that film, her fan base has been rising, with countless people complimenting her on her good acting skills and face value.

The private messages were also full of greeting warm messages from some of her fans, and underneath the credits she had previously reposted, it reached tens of thousands of comments, all of them praising her.

That's a really big bonus for a newcomer.

Jenny couldn't help but laugh.

She swiped the tweet in passing and found that besides her and Xu Jiamu, Nina Hua and Xie Snap, as well as Evelin had also helped her re-tweet.

Nina Hua: Today is a good day to take my good sister out for a walk around the bay
[forward j.

Evelin: [retweetj congrats to my boss on the new drama, it's a big hit!!!![starry-eyed
j[fangirl j[fangirl j

It was actually reasonable for both of them to help her spin it, but She Snap helped spin it as well, which surprised her a bit.

Xie Snap: [Forward j Miss is so pretty, [starry-eyed j wants to make potpourri with Miss.

As the number one singer and dancer in China, Xie Snap has many fans and followers, with more than 60 million Twitter followers alone, so he immediately exploded the conversation when he retweeted.

Fans a: Brother, you've been naughty again.

Fans B: Be good, go back to rehearsals, are you ready for your new album next month?

Fan C: I don't want to make friends with you, pups, go back to practicing your song!

Fans d: Pippi Snap don't make a scene, we'll catch up on the lady's drama, you're responsible for singing the songs.

.....

Snap Xie's fans are accustomed to his continued steady, intermittently mischievous operation, so it's not surprising that he's suddenly helping a new actor forward a promotional video.

Instead, some passerby or roadie fan, seeing the operation, became nonchalant.

Passerby: Does Snap Xie know this Jenny? Why does it feel like there's something between them?

Passerby B: I don't think so! I've seen him spinning promotions for other female entertainers before!

Passerby C: That's different, the people he helped in the past were all close friends, but this time...as far as I know, this Jenny is a newcomer, right?

Roadrunner: I feel like I can smell melons.

Passerby: I remember this Jenny was rumored to have slept with the director before... Oh my god, why would Snapdragon like such a woman?

Passerby Ugly: That gossip seems to have been cleared up, right? The newcomer is actually quite pretty, if Snap really likes it.

Passerby Toru: Boing Boing Boing... My little brother has someone in his heart... I'm so sad, but I still want to wish him well!

Roadrunner U: What are those guys upstairs doing? Xie Snap is nearly thirty, isn't it normal to fall in love? I really don't understand what's going on in the minds of you drug addicts!

Roadrunner's Movement:....

Because of the speculations of the passersby, the two names #Xie Snap Jenny were soon tied together and sent to the hot list.

Jenny was unaware of it at first, until Nina Hua secretly sent her a WeChat when she finished her bath at night and lay in bed.

The words smelled of gossip and ill will, Jenny realized.

She was speechless for a moment.

I had only known that youkai liked to prey on people, but now I've really seen what the power of the brain is!

Well, the brain is a disease, and it needs to be treated.

She quickly edited a ruff and sent it out.

Jenny: thank you Snap for helping to forward, I wish you and your sisters-in-law a sweet and happy relationship yo! [refill j] [refill j]

Snap Shea: ???

This reply from her made the Friends go apoplectic.

Sisters-in-law?

What the hell?

The word "sister-in-law" can be followed by "men"?

What's this gigantic melon?

Snap Shea retweeted the ruff, complete with a few black question mark faces.

Jenny soon appeared in his comment section.

Jenny: [picking his nose j I heard you have a whole bunch of wife and girlfriend fans, I'm doing this for you Snap!

It was only then that the crowd came to their senses.

Right after that, one couldn't help but laugh.

Hahahahahahaha....

What the hell is this!

Back to your sisters-in-law?And you're explaining it in the comments section!

You have a strong desire to live?

It's not that people don't understand that she's making a disguised clarification of the previous scandal.

It's just a really unprecedented way to clarify.

It was lighthearted and humorous, and a disguised attempt to please Snapshot's fans.

True.Treasure Girl.Jenny.

Fans here are collectively rejoicing, and over there, Biden Lu also saw this hot search.

The face that was still staring at the sky was immediately clouded over.

He called Snap Shea directly.

"Snap Shea, I'll give you a choice, choose your own way to die, okay?"

Snap Shea: "!!!!"

He also didn't think that the Friends would be so badly brainwashed by a retweet, and at this point were regretting that they were about to cry.

I was busy explaining, "brother, I'm really not, on that are all nonsense, you must not believe ah, I just want to help sister-in-law publicity publicity, it is their own brain to make up into that kind of, really and I have nothing to do ah, brother."

Biden Lu hooked the corner of his mouth in a gloomy manner.

"Oh?No – related – department?"

Across the room, Snap heard him grinding his teeth, and knew the story didn't pass muster.

I even changed my words, "I'll clarify right away, brother, there's still a chance to save it, wait for me, I'll post a ruff right away."

Xie Snap didn't even dare to hang up the phone, and was too busy using the computer to tweet, send one and then Aite Jenny.

Xie Snap: Sister, you're my own sister!As the saying goes, my elder sister is like a mother, and I will respect you as much as I respect my mother!!'m kneeling here for you!@Jenny

As soon as this ruffle was sent out, it was a laughing party for all of you.

Tomoya: Did brother go out today without taking his medicine?What's so funny?

Friendb: eldest sister as mother?What the hell?Hahahahahahaha....

Youc: Hahahahahahaha, is Snap trying to laugh me to death so he can inherit my unpaid spending money?

Youd: Watch Snapdragon Online humble acknowledgement.

Youe: @Jenny, my daughter-in-law met her mother-in-law.

Youf: Today is also the day of the skin primo online skin.

You b: Who was it before that also said the two had an affair? Come here and have a look. Does your face hurt?
