

# Chapter 211

"That day, after I saved you, you just held me tightly like this. I suddenly felt that I made myself present. I didn't seem to be a pathetic person. At least, you still needed me. Otherwise, you wouldn't hug me so tightly, would you?"

Alyssa smiled and then nodded.

In fact, she was really scared at that time.

She wanted to lean on someone and hug someone.

That way, she wouldn't feel scared anymore.

But she did not expect that because of her action, Leon gave up running away from home.

It turned out that their destiny was already arranged.

Alyssa took Leon's hand, "We're meant to be together. With you, I feel like I'm the happiest person in the world."

"Alyssa, I've never felt so wanted before. I felt like I was just an idiot. My grandfather used to criticize me, saying I had no talent and also telling me to practice hard. He said I could only get better if I practiced hard. I used to be really angry with my grandfather. I really tried my best, but grandpa still wasn't satisfied."

"I understand. Grandpa just wants you to inherit Hunter Group. In the future, Hunter Group is all yours, so you have to be strong enough. Grandpa strives for perfection and wants you to get better and better."

Alyssa nodded. Although she wore an eye mask, her hands had held Leon's face, "You are so good now because of grandpa's training, so you should thank grandpa."

"Yes." Looking at Alyssa's sweet face, Leon smiled, "Let's go see grandpa together when we get back and then buy him something he likes. Also, I got someone to make a white jade chessboard last time. Let's give it to your grandpa, okay?"

Leon finished but didn't hear Alyssa's response.

He lowered his head and found that Alyssa had fallen asleep at some point.

Seeing Alyssa fall asleep, Leon couldn't help but smile.

She was obviously a little tired, but she just fell asleep now. This little girl was getting more and more attractive.

A few hours later.

Alyssa sat drowsily in the car, leaning against Leon, "I had a very bad sleep. I haven't slept well! I'm still sleepy."

"Then you can go home and sleep later."

"Okay ..."

Alyssa smiled at Leon.

"What are you smiling about? You don't look like you're as sleepy as you were before. What's wrong?"

"Nothing, I suddenly don't want to sleep when I think that I will go home later. Wendy said that she got Andrea and Jacey back. Now, they are at home! I miss them a little bit, so when I think of them, I suddenly don't want to sleep."

"Silly girl."

Alyssa looked at Leon angrily, "I'm about to become a mother. Why are you still calling me a girl?"

She suddenly stopped moving.

Leon was very nervous, "Alyssa, what's wrong?"

"I feel like our children are moving. Come on, you can feel it."

Leon heard Alyssa's words and moved closer. He really felt Alyssa's belly moving. He lifted his head and smiled at Alyssa, "They're really moving. I can feel your belly moving."

"Well, those two babies are so active. They're going to be so naughty when they grow up!"

"No, they won't, but if they are really that naughty, I will beat them up. Alyssa, come here, let me touch them again."

Leon especially liked feeling the children move. That feeling made him feel like he had a new life.

Alyssa looked at Leon's happy face and knew that in the future he would love children and would be a good father.

She was also very happy to have a good father for her children.

The driver who was driving heard their conversation. He really didn't expect Mr. Hunter, who was always cold, to have such a gentle face.

He wanted to tell his friends about his discovery, but when he thought of Mr. Hunter's character, he was better to keep it to himself to save his job.

Ten minutes later.

Hunter's House.

As soon as Alyssa returned to the villa, she sat on the side carelessly.

Leon not only didn't say she was careless but also helped her take off her coat.

Wendy was even more considerate and helped her take off her shoes.

Alyssa was a little embarrassed to see Wendy helping her take off her shoes, "No, Wendy, thank you, I can do it."

"Mrs. Hunter, you're pregnant and it's not very convenient for you to do this. Your legs and feet are swollen. It's okay. Just let me do it."

Wendy helped Alyssa take off her shoes. Looking at Alyssa's swollen legs and feet, she understood why Alyssa immediately sat down when she entered the villa.

She hurriedly found something to put under Alyssa's legs.

Alyssa hurriedly lifted her legs and looked at Wendy gratefully, "Thank you, Wendy."

"It's my job. Mrs. Hunter, I'm going to get you a glass of water."

Wendy said and hurried away. She had just seen Mr. Hunter's impatient gaze. She must have seen it right. After their trip, their relationship had become much better.

Mr. Hunter's attitude simply indicated that he wanted her to leave quickly.

She even felt redundant.

Wendy left.

The living room quieted down.

Alyssa looked up at Leon, "My legs and feet are hurting. Can you give me a massage?"

"That's all you want to say? Let me give you a massage?"

"Well, we can't make out right now anyway. I feel my legs and feet are sore and numb right now. You just have time to give me a massage so I can feel better."

Without saying a word, Leon walked to Alyssa and squeezed her legs and feet.

Recently her legs and feet had swollen quite badly, related to the reaction of late pregnancy. Although it was not serious, Alyssa still had some difficulty walking.

Leon felt sorry for Alyssa. It was not easy for her to go abroad with him.

"Does it hurt?"

"No, it doesn't hurt! I just feel a little numb. You can knead it for me ..." Alyssa said and looked up at Leon, "It really hurts. Leon, you can't stop. I didn't feel this much pain when I was in the car before."

Alyssa looked at Leon in aggravation.

Leon knew that Alyssa was lying. Previously, when she was abroad, her legs and feet were also swollen so badly, but she never complained about the pain. Now, she said it hurt in aggravation.

Alyssa was his wife, so of course, he had to spoil her!

"Then I'll give you another massage. Wendy just brought you a glass of water, didn't she? Why don't you drink it?"

Alyssa shook her head, "I want to drink lemon water. We always have lemons in the house. You make me a glass of lemon water, okay."

Alyssa's voice was soft. It was clear that she was being naughty.

Leon just couldn't refuse Alyssa. He turned around and went to make a glass of lemon water for Alyssa.

When Leon left, Alyssa sat up and looked at Leon.

Alyssa couldn't help but smile when she saw Leon making her lemon water in such a fuss.

Leon was cold in front of others, but he was never cold to her.

Leon walked to Alyssa and poured the lemon water into the duck water glass and handed it to Alyssa, "The lemon water you asked."

Alyssa nodded and opened her mouth.

Watching Alyssa open her mouth, Leon knew she didn't even want to extend her hand right now.

Forget it.

Leon brought the straw to Alyssa's face.

Alyssa took a sip of lemon water and smiled at Leon.

She knew Leon was the one who loved her the most.

Even if she pretended to be pampered, Leon would meet her every request.

"Leon, come here. I have something to whisper to you."

Leon walked over and leaned against Alyssa, "You want to pout again?"

"No, I just want to thank you for being so nice to me. I'm so bad at taking care of myself now. If it wasn't for you supervising me all the time by my side, I definitely wouldn't be so comfortable."

"It's good you know that. You know so you can behave."

"Well, without you, I would definitely be in trouble, so I won't leave you."

Leon was suddenly a little ashamed when he heard Alyssa's words, but soon he smiled. Alyssa was so smart that she knew everything. She understood everything even if he didn't mention it.

"I didn't know what you thought before. Now that I know what you think, I know you won't leave me. I'm not worried that you'll leave me anymore."

Seeing that she had achieved her goal, Alyssa smiled and stayed silent.

"Come on, come with me to see Andrea and Jacey."

"You need to rest a little longer. When you have enough rest, we'll go see them. They are at home now."

"Even if they're home, I'm still worried. What if they get lost?"

"They won't."

Alyssa didn't listen to Leon this time and turned to the baby's room.

Baby's room.

The two babies were dressed in the same pink clothes, lying in two separate cribs, looking very adorable.

"Andrea, Jacey, I came to see you. You seem to have grown up a bit more than before and are getting prettier. This will be your new home from now on."

Alyssa liked them. Just looking at them made her happy.

Leon stood next to Alyssa. As he watched Alyssa being happy, his mood was also affected. He took Alyssa's hand and whispered, "Andrea and Jacey will be our children from now on. I think it's better not to tell them about their real parents. We'll just raise them as our own daughters."

Alyssa looked at Leon and said with a smile, "You are kind-hearted and God will see that. Leon, I think when the children grow up, they will take care of you as if you were their real father."

"I'm not that selfless. As long as you're happy, I'm happy."
