

PUNISHED BY HIS LOVE

Chapter 2112 - 2121

Such a miserable cry not only shocked Tian Feng and his daughter who were standing beside them, but even attracted the neighbors.

The mother's cry was extremely miserable. She sat on the ground and slapped her legs: "Is it easy for me to pull you out? I have no milk, and I will give you dry chews. I was bitten by you. Shivering in pain.

You are heartless.

I used to pee and pee when I was a kid.

You have a fever at night and I can't sleep all night.

I was originally a person without bags under the eyes, but because of you, Laba, my bags came out.

Your wings are hard now, are you going to cut ties with me? "

The mother burst into tears.

Pan Youming's heart is also not feeling well.

What kind of upbringing did he not remember from the Pan family?

How much does he need affection?

As long as the Pan family can't be so heartless, he will give everything for the Pan family, even his own life.

He liked that he could be the chief physician of the metropolis.

But, as long as the Pan family can extend a loving hand to him, what if he doesn't go? '

No one knows that Pan Youming doesn't care about anything.

He just wants affection.

Just love.

Is his wish too much?

Who can give him affection?

Seeing his mother cry, Pan Youming's eyes were red, but his expression was still very determined.

Pan Youming looked like this in Tian Feng's eyes, and he kept shaking his head.

He shook his head and said to Tian Ningning, "Look at it, see for yourself, such a ruthless man can't even get rid of his own parents, you still like such a person?"

Tian Ningning was also stunned.

She couldn't believe that the man she liked was so ruthless.

"Doctor Pan, you..." At this moment, Tian Ningning was disappointed.

Pan Youming raised his eyebrows: "What's wrong with me? Do you still like me? Do you want to marry me? You regret it now, it's too late! Don't wait for the day when I'm a white-eyed wolf, Phoenix man, shameless things will embezzle your property. It's too late for you to regret it!"

"You... will you embezzle my property?" Tian Ningning didn't believe it at all. The one who bandaged her wound, carefully and gently told her not to get wet, not to eat spicy food, not to eat food with color, Otherwise, the male doctor who will leave scars will be such a vicious person.

But I heard Pan Youming say calmly and sadly: "Yes!"

Tian Ningning: "..."

"Because, this is what outsiders, even my adoptive parents, and everyone sees and imagines me to look like, isn't it?" Pan Youming's sad voice showed a kind of freedom and ease.

“Since everyone thinks this way, why don’t I exercise my rights as a white-eyed wolf and a phoenix man?” After speaking, Pan Youming looked at his parents: “So, I am a white-eyed wolf with no conscience! I just want to break with you!”

He looked at Tian Ningning again: “I’m the Phoenix man, I just want to snatch your property! Then I dump you!

How about it?

Will you marry me?

come! “

No one expected that after Pan Youming said these words, Tian Ningning suddenly cried even more fiercely.

She cried and said very firmly: “Yes!”

“What did you say?”

“I said, I want to marry you! I just want to marry you!”

Pan Youming: “...”

He almost got pissed off.

After a long while, he said sadly: “Okay, of course I have no opinion!”

When people are extremely decadent, they basically think about everything.

No consequences are considered.

He just didn’t expect his self-destructive answer to turn to attract Tian Ningning even more.

Tian Ningning jumped into his arms as if he suddenly understood his suffering life: “Doctor Pan, don’t be like this, don’t be sad, it’ll be fine if you have me in the future, I will love you and feel sorry for you.

You will no longer be alone.

Chapter 2113

You will never be alone again, nor will you be so passive.

I know everyone misunderstands you, they don't know you, right?

I know, I understand.

Don't worry, if you go back to the provincial capital with me, there will definitely be room for you.

You will not rely on anyone, because you are a capable person yourself, and you will be the best chief surgeon! “

She said it so eloquently.

She gave him warmth like that.

Perhaps before that, Pan Youming didn't even know who Tian Ningning was, even though he had bandaged her wound.

However, at that moment, Pan Youming remembered Tian Ningning.

Tian Ningning also broke his heart.

Not only that, Tian Ningning also turned to look at Pan Youming's parents, and said very gently and sensible: “You are Dr. Pan's parents, and after I marry Dr. Pan, I will naturally also be my parents, I am. I will honor you like a good daughter-in-law all over the world.

I can do it, don't worry. “

Pan's parents: “...”

They are number one in a small county town.

But in front of the boss and daughter of the provincial capital hospital, the Pan family's parents seemed so timid and unable to do anything.

They really are no different than scumbags.

Moreover, they are extremely rare such relatives.

Pan Jianliang and his wife hesitated for a long time, not knowing what to say, for fear that they were wrong, and that they would not be able to talk to the big boss from the provincial capital.

I originally wanted to teach my son a meal, but at this moment, it became impatient.

Especially Pan Jianliang, he said to Pan Youming in a scolding tone after hesitating for a long time: "Mingming! You dead child! The girl's family treats you so well, but you take it on air!"

What do you want to do!

You can't be as messed up as you used to be!

You are used to us! You are used to it, you know!

Apologize to Miss Tian now! "

"It's okay, uncle and auntie." Tian Ningning is very good at helping Pan Youming: "Generally capable talents are so arrogant. I don't blame him. If he is not arrogant, I still don't love him."

Pan's parents: "..."

At this time, the neighbors who were watching were also very sighed.

"Hey, I found out that the Pan family is the one who has smoke from the ancestral grave."

"Luck for a lifetime!"

"Although the Pan family doesn't have a son, it's considered an extremely wealthy family, but the adopted son is so good."

"Hey, luck is here,

No matter how you can stop it. "

Some of the opponents who stood farther away, waiting to see the downfall of the Pan family, couldn't help but laugh dejectedly: "I can see it clearly, these decades are the time when the Pan family was popular."

No matter how much I play tricks behind my back, the Pan family can't make it to the stage.

You see, we have made them so different, but they are more and more prosperous.

Hey, got it! “

The neighbors who were onlookers left one after another.

The Pan family turned into a happy scene. Among them, the only person who was unhappy was Tian Ningning's father.

He really didn't like this son-in-law.

In the end, her daughter is too willful, but Tian Feng has never made her daughter unhappy in her life. Whenever her daughter wants, Tian Feng will find a way to let her daughter have it.

He also thought about it, and it was a big deal to get this dissatisfied son-in-law to the provincial capital, and he was supervising it all the time.

It's a big deal to eat soft rice for a lifetime.

As long as his daughter is happy, he Tian Fengbai will raise a man, and he will still be happy.

However, what Tian Feng didn't expect was that the idea that he only wanted to raise Pan Youming alone was obviously unrealistic.

This afternoon, Tian Feng's father and daughter, and the Pan family were officially sitting at a dinner table. When they officially got to know each other, Pan Youming's three sisters came over after hearing the news.

Entering the door of the hotel private room, the eldest sister Pan Panpan said loudly, “Dad, don't forget to ask the Tian family for a dowry, the Tian family has money!”

Chapter 2114

The voice of Pan Panpan, the eldest sister of the Pan family, is very loud.

And, with a proud tone.

Pan Panpan's clothes are also very jeweled.

Speaking of which, she was considered a woman of the upper class in the small county.

My husband's family runs a bathhouse, and he earns 1,000 to 2,000 yuan a day, and a bathhouse earns 50,000 to 60,000 yuan a month.

I work in a spinning mill myself, and I can be regarded as a working family who guarantees income during drought and flood.

Not only that, Pan Panpan also has two facades for her family's dowry. These two facades can bring Pan Panpan thousands of income every month, so that Pan Panpan's life in the county town has always been like Like a moist lady.

When fur was popular in the county, she would buy fur for thousands of dollars.

It is popular for women in the county to embroider their eyebrows, and she will follow the trend.

So, even though Panpan is thirty-five or six years old, she still exudes the charm of a bold young woman, and even looks much younger and more beautiful than the little girls in the small county.

Not only Pan Panpan, but also Pan Gaigai and Pan Youyou, the other two daughters of the Pan family.

Each of the three sisters has two facades, and they earn thousands of dollars every month.

The three sisters have regular jobs.

They are all married to prominent businessmen in the county.

The three sisters are the three proud flowers in the county seat.

However, the three sisters did not go to school much.

It's not that the Pan family's parents don't want to send the three sisters to school. It's really that the three sisters grew up eating spicy food, and there are countless friends around them who compliment the three sisters.

So much so that when the three sisters were in junior high school, they were all famous school bullies.

There are also many young people in the society who like the three sisters.

In addition, the academic performance of the three sisters was not very good, and their parents spoiled them again, and they started talking about friends at a young age in junior high school.

Various factors caused the three sisters to drop out of junior high school without finishing the editing.

This made the three sisters bright and beautiful on the surface, but in their bones, all of them had no culture and soil to the point that they could no longer be soiled, but the three sisters would never be able to face up to their own weaknesses.

On the contrary, they will try their best to cover up, and pretend to have a far-reaching vision.

Just like now.

The news that the adopted son of the Pan family was favored by the daughter of the boss of the big hospital from the provincial capital and wanted to marry him spread throughout the county within an hour.

Naturally, all three sisters got the news.

The three sisters are unwilling to leave their homes, and they can walk through the three sisters' homes in three to five kilometers.

So the three sisters heard the news and invited them together to discuss it, and they gathered together in just a quarter of an hour.

“Don’t think I don’t know what that girl is thinking!” Big sister Pan Panpan spoke first.

“Eldest sister, analyze and analyze.” Second sister Pan Kaigai said immediately.

The third sister, Pan Youyou, also listened to the eldest sister’s words: “Eldest sister, tell me.”

“Our little brother, although he is not related to our Pan family, he is a talented person. Think about it, from a small county entrance examination university to the best medical school in Nancheng, the best medical school in the country.

And when he graduated, he was already a good chief surgeon.

This kind of achievement is rare in our small county, even in big cities.

The Tian family runs a hospital again.

Of course they won’t be loss-making sellers.

An only daughter like Tian’s family has a big business. It’s not good to find a family in a big city, because the other party might not open a hospital?

So, it’s better to find our little brother like this.

Clean.

Talented.

Technology and knowledge are first-class.

Moreover, our younger brother is over 1.8 meters tall and handsome. It is said that our younger brother is one in ten thousand.

Our little brother should be one in a million.

The Tian family looked for our little brother, and they earned it.

Moreover, listening to the tone of the Tian family, they are not marrying their daughters, they are not marrying their daughters to our Pan family, they are marrying.

The kind that don't marry.

is getting married!

Chapter 2115

It sounds good to be married. They asked our younger brother to go to the provincial capital, to develop in their home, and to support their home!

The children raised by our Pan family, why should we cheap their Tian family! “

The eldest sister's remarks instantly came to the second and third sisters' hearts.

All three sisters thought so.

Although the younger brother of the Pan family was adopted, although the Pan family would not give the house to the younger brother adopted by the Pan family, it was the Pan family's evil credit for raising the younger brother so well.

This credit cannot be handed over to the Tian family in vain.

The Tian family must give a betrothal gift.

Still less out.

A talent!

National top talent!

is priceless!

The discussions between the three sisters in private are so hot,

They even raised the worth of their younger brother to as much as ten million.

The third sister, Pan Youyou, was the most straightforward: “I estimate that the Tian family in the provincial capital is worth several billions. Letting them take tens of millions of betrothal gifts is a bargain, right?”

Do you see how many of their daughters are attracted to our little brother?”

Without our little brother, I suspect that woman would become a nympho.

So in order to get a good man for their daughter, there should be no problem with them. “

“That’s right!” Second sister Pan Kaigai agreed.

After discussing in private, the three sisters went to their parents’ house all at once. When they got there, they heard their grandparents say that their parents and younger brother had already gone to the best hotel in the county, the Jinli Hotel for dinner.

Jinli Hotel!

That’s the whole

The top-notch hotel in the county.

I heard that it is not worse than hotels in big cities.

It costs tens of thousands to eat a predetermined meal at the Jinli Hotel.

“Who... who treats you?” Pan Panpan asked her grandparents.

Grandma asked grandpa with a smile: “It’s Ningning, right? Is it Ningning?”

Grandpa’s smiling eyes narrowed: “Yes, it’s called Ning Ning, oh, that child is really enthusiastic, he called my grandfather and knew how to kiss me better than Mingming.

OK, that’s great.

I liked this granddaughter-in-law. The granddaughter-in-law said that she will come back to visit us every month from now on, and she will never leave me behind.

Hey, old lady, take out your bracelet and take a look.

What did the granddaughter-in-law say? Is it diamond-studded?

How many thousands is a chain worth?

Now that several granddaughters are here, take them out and show them to them. Is it true or false?

Our granddaughter knows the goods. “

After some words, the three granddaughters were stunned.

Especially Pan Youyou, she opened her mouth and asked her grandparents: “That woman gave you gifts so soon? It seems that it is really not our little brother who will not marry.”

After a pause, she looked at the two older sisters, “eldest sister and second sister. We have to remind our parents to go now. Parents are soft-hearted and don’t mention any conditions at that time.”

I can see it, this woman is too rare for our little brother.

We just care if they want gold and silver, and they will give it! “

“Go!”

“go!”

The three sisters rushed to the Jinli Hotel, fearing that if they were one second late, their parents would unconditionally agree to their younger brother’s marriage.

When they got there, they broke in directly without knocking on the door.

After all, there are still some rules, the three sisters know that this is the best way for the eldest sister to speak.

Therefore, the one who asked for the dowry was the eldest sister Pan Panpan, who looked right: “When our younger brother gets married, we must ask the other party for the dowry, because our younger brother is too good!”

Immediately afterwards, the second and third sisters also said very proudly: “Yes, your Tian family will receive a betrothal gift.”

Tian family father and daughter + Pan Youming: “...”

Chapter 2116

Tian Feng looked at his daughter Tian Ningning. Although he didn't speak, his eyes had already told his daughter.

Did you see it?

The Phoenix Man is right in front of you.

The typical Phoenix man is that he has made a name for himself, so he has to take care of his whole family, including his parents, grandparents, and sisters.

Moreover, their families are to occupy a very important position.

If you are a daughter-in-law, you are an outsider.

Are you still married?

After asking his daughter with his eyes, Tian Feng looked back at Pan Jianliang and his wife, and the three daughters of the Pan family with great contempt.

But the three girls could not feel Tian Feng's contemptuous eyes at all.

Especially the third daughter, she is the most talkative among the three sisters.

The upper body of the third sister is a small jacket-style leather jacket, and the shiny fur collar looks extravagant, and the lower body is wearing a pair of pure cotton solid color jeans from her brother.

He was wearing knee-high boots worth more than 2,000 a pair.

This dress is really expensive.

The third sister, Pan Youyou, stood by the door in a very extravagant manner, facing Tian Feng and Tian Ningning with great confidence: “Mr. Tian, Miss Tian, do you think my small county is full of turtles?”

If the small county is full of turtles, how could my parents bring you to such a high-end box?

I think, even in the provincial capital, there are few Jinli Hotel in our county, right?

Then let me tell you, our Pan family is not an old hat who doesn't understand anything! “

Tian Feng and Tian Ningning: “...”

Especially Tian Ningning, she suppressed the anger in her heart and looked at Pan Youyou: “Then tell me, you are not an old hat, what are you?”

“I'm your eldest sister!” Pan Youyou suddenly scolded.

Tian Ningning was taken aback.

“Eldest aunt, do you understand what it means? In our Pan family, there are many rules! You, a new little daughter-in-law, are here to serve tea for the elders and for us elder sisters! Do you understand?” Pan Youyou is It is necessary to suppress Tian Ningning first in terms of momentum.

Tian Ningning snorted, and for a while, he really didn't know how to reply.

Because she really appreciates Pan Youming too much, she wants to marry this man so much, she just fell in love with Pan Youming at first sight, the kind of heart that can never be taken back.

She also promised Pan Youming just now that she will treat Pan Youming's family as her own.

Must be gentle and gentle.

Can't she just go back on her word when it's time to eat a meal?

Tian Ningning suppressed the anger in her heart, she asked with a gentle smile: "Third sister, hello, that, you are the eldest sister and the second sister? Come in and sit, this Zhuozi is so big, we are a family, should be discussed together."

The three sisters sat proudly at the dining table.

After being seated, Tian Ningning said respectfully, "Eldest sister is right, the Pan family raised a college student, and it's not easy for the seven-year undergraduate and master students to be a top student, don't worry, our Tian family will definitely not treat you badly.

It will be a family from now on. "

Tian Ningning felt that his posture was already very high.

Looking at the whole country, who doesn't ask for a daughter-in-law from the south to give her a bride price?

The man asked the woman for a dowry, which was the first time Tian Ningning had heard of it.

However, since they want it, it shows that they have a reason to want it.

Well, she endures!

At this time, the second sister, who had not had a chance to speak, did.

"Mr. Tian, Miss Tian." The second sister spoke relatively gently.

But he didn't back down: "It's like this, it's really not easy for our family to support my younger brother to go to college. This is the case in our small county, and the family values are very heavy. If you marry this woman, you are equal to marrying her whole family.

Similarly, when you marry my brother, you are also marrying my brother's entire family.

My brother and three sisters, my parents, my grandparents. Not many relatives.

But our family is inseparable.

Well, according to the ability of your Tian family, it is also because my brother is indeed a one-in-a-million talent.

The bride price that your Tian family should give, such as 200,000 cash.

A luxury car.

A house is owned by my brother.

In addition, your Tian family will buy three prosperous shops for my parents in my small county town.

After all, my brother is going back to the provincial capital with you to be a doctor in your family's hospital.

In the future, my younger brother will devote himself to the cause of your Tian family.

Chapter 2117

Therefore, it is still very cost-effective for you to give such a little gift. “

Two hundred thousand cash.

A luxury car.

a house.

The dowry gift that ordinary people give to their daughter-in-law is much more.

What's more, there are also three pavements that are prosperous outside.

Although it is a small county town, if there is a prosperous shop, if there is not more than one million, you can't get a shop, right?

Adding up like this, the Tian family wants to pay out the betrothal money, maybe it's more than 10 million.

Tian Feng suddenly laughed.

He was pissed off.

He Tian Feng is married to his daughter.

When he originally planned to marry his daughter, he gave her a red envelope worth more than 100 million yuan.

In addition, all the property of the Tian family belongs to the daughter alone.

Looking at the elite and high-quality men in the entire provincial capital, who wants to marry Ning Ning and dare to ask for half a cent of the betrothal gift?

This Pan family.

I really don't know if it's stupid or too stupid?

He also claimed to be knowledgeable, not a douchebag.

How ridiculous!

madness!

Some dowry remarks basically ruined their Pan family's prosperity and wealth for the next few decades.

"Okay!" Tian Feng agreed happily.

"I will buy a wedding house for my daughter and son-in-law in the provincial capital. The value will not be less than five million yuan. The real estate certificate will thank my daughter and son-in-law. In addition, I will buy my son-in-law a house worth two Million dollar premium car.

200,000 gifts are too little, I will give one million.

In addition, I will buy you the most prosperous place in the whole county for the three storefront houses.

Are you satisfied? “

The three sisters were stunned.

Not satisfied!

How can I be satisfied!

How could they have thought, how could this Tian family be so stupid?

What will the Tian family promise to them?

Regret is almost dead.

But, how can you regret it?

Unable to go back.

Therefore, the eldest sister looked at her younger brother Pan Youming with a smile: “Mingming, look, even Mr. Tian and Miss Tian feel that our Pan family wants less gifts, how reasonable they are, Mingming, everyone in the family is like this. love you.

You must take care of your family in the future, because we are the only one on the ancestral tomb of the Pan family, except you.

When I was young, my sisters loved you so much, and they left you anything delicious.

You may be thinking about your sisters, your parents, and your parents.

Do you understand, Mingming? “

Sitting at the dining table, Pan Youming, who was like a walking corpse, never spoke.

Until this moment, when the eldest sister spoke to him like this, Pan Youming’s eyes focused on the eldest sister.

He looked at the eldest sister, looked at the second sister, looked at the second and then looked at the third.

There was no joy or sorrow on his face.

As if, it is a kind of numbness.

No one can see Pan Youming's joy and sorrow.

Everyone who sat down again only heard Pan Youming say one word in a faint tone: "Okay."

Just a good one.

Very light, very pale.

After speaking, he got up and asked bluntly, "Since everything is settled, can our banquet end?"

Chapter 2118

The whole family was speechless when asked by Pan Youming: "..."

It was Tian Ningning, at this moment, she felt that she knew Pan Youming very well.

She already knew Pan Youming's full name: "Youming, don't think too much, I will marry you in the future, and it will be your Pan family, we are all family, it is right to buy a property for the Pan family.

You don't have to be mentally burdened.

I love you. "

She was great.

Her smile is enough to melt Pan Youming.

Pan Youming's eyes flashed with tenderness: "Okay, thank you, Ningning."

He just wants this negotiation to end soon.

I just want to leave Pan's house as soon as possible and go to the provincial capital.

He didn't even think about having to test his father-in-law, relying on Tian Ningning, he just wanted to leave this place that suffocated him, but couldn't struggle to get away.

After all, it was his adoptive parents.

Yang Yu has been his parents since the day he was born.

He couldn't be truly heartless.

All he could do was run away.

Only flee.

At this banquet, both the Pan family and the Tian family's parents were each other's dreamers.

The Pan family is happy.

Today, I really did the best deal in history. I sold my adopted son for a good price, but the adopted son is still the adopted son of the Pan family. This will not change.

On Tian Feng's side, the anger in his heart has already peaked.

But Tian Feng endured.

for my daughter.

He has to endure.

With her daughter's illness, in the provincial capital, any wealthy son who knew about his daughter's illness would not go to his daughter.

Therefore, Tian Feng is really helpless.

He already had his own plans in mind.

Let this shameless Phoenix man accompany his daughter for the rest of his life, but he will look down on this son-in-law for the rest of his life.

After this feast, Tian Tianfeng and his daughter Tian Ningning stayed in the county for three days to wait for Pan Youming to take care of all these matters at home.

First off the clinic.

Second, put your parents in place.

And then, the dowry gifts promised by the Tian family were all done in these three days.

As long as the money is in place, even if it only takes three days, everything can be done properly.

During those three days, the Pan family was truly magnificent in the entire I County.

Other people's sons and daughters have to spend a lot of dowry money to marry a daughter-in-law.

But the Pan family is different.

The Pan family not only got a very gentle and obedient, very filial piety to their parents-in-law, they were very kind to the three elder sisters, and they didn't dare to say anything wrong to their daughter-in-law. money.

This is the strangest thing.

The strangest thing is that not only did the Pan family not pay the dowry money, but the Pan family also received a large sum of tens of millions of dollars in dowry from the woman.

This is really a fairy tale.

The son of the Pan family is really good.

Pan Jianliang and his wife were complimented throughout the county, like stars.

But no one knew how Pan Youming felt.

Three days later, Pan Youming went to the provincial capital with Tian Ningning after he had dealt with everything in the county town.

In three days, he really fell in love with Tian Ningning.

Maybe that's not love, is it?

It's just that Pan Youming needs a love.

He thought that he would never fall in love with any woman again in this life, and he would live by Tian Ningning all his life.

Moreover, Pan Youming made up his mind that he would be willing to be a bull and a horse in the Tian family's hospital all his life, and work hard and bear no resentment all his life.

Chapter 2119

Pan Youming was willing to go to the provincial capital with Tian Feng and Tian Ningning's father and daughter.

From the beginning, on the way to the provincial capital, Tian Feng ignored Pan Youming's love.

Pan Youming knew in his heart that his Phoenix man was completely honest.

However, he doesn't care.

He will use facts and actions to prove that he will not hold back the Tian family. On the contrary, he will definitely bring glory to the Tian family.

Pan Youming has this confidence.

Therefore, even though he knew that his father-in-law hated him, Pan Youming didn't explain anything.

When he arrived in the provincial capital, Tian Feng did not put on a banquet to introduce his son-in-law to people in their circle because he had a hairy-footed son-in-law.

Tian Feng just arranged a place for his son-in-law indifferently.

On the other hand, Tian Ningning sticks to Pan Youming all day long.

Seeing such a daughter, Tian Feng was helpless, he just said to Pan Youming coldly: "Listen to me! You were bought by me for 10 million, specifically to make my daughter happy.

In a few days, I have seen you through, you are just a thing.

There is no other great use.

Since it's a thing, you will take care of my daughter for the rest of your life!

Don't think about any attempt.

Once I find any little abacus beads in your heart, in the provincial capital, I can chop you into ashes! "

In a word, very threatening.

Pan Youming didn't respond.

Whether he has the ability, whether he is a talent or not, he has the final say.

It doesn't matter who said it.

Pan Youming only respectfully said to his father-in-law, "I see, Mr. Tian."

Tian Feng didn't plan to let Pan Youming call his father.

Pan Youming also knew this in his heart.

He originally thought that Tian Ningning would propose to marry him when he arrived in the provincial capital. He also thought about it. Even if Tian Ningning married him the next day after arriving in the provincial capital, he would definitely not object.

He was ready for Tian Ningning's flash marriage.

However, Tian Ningning did not propose to marry him immediately.

Tian Ningning said coquettishly in front of him: "I want to have a good relationship with you, okay?"

Pan Youming said gently, "Of course!"

A year of love is unforgettable for Pan Youming.

During this year, he also had a great understanding of Tian Ningning.

In the end, it was the little princess, that willful, cunning, unreasonable character, which was all exposed within half a month.

In private, even Pan Youming washes Tian Ningning's feet every night.

Tian Ningning got angry, it was really Pan Youming's three sisters together, not as big as Tian Ningning's temper.

Sometimes Pan Youming's heart is funny, his three sisters together can't match Tian Ningning's tricks, and those three sisters can still be big in front of Tian Ningning.

It's just that during the year when Pan Youming and Tian Ningning were in love, the Pan family's family came to the provincial capital many times. Fire in front of you.

Because of one year's time, Tian Ningning loves Pan Youming more and more.

And Pan Youming never gave up Tian Ningning because of Tian Ningning's temper, cunning, and moody.

He could tolerate Tian Ningning unconditionally.

Not only that, but within a year, Pan Youming has gained a firm foothold in his father-in-law's hospital.

Over the course of a year, he underwent several large and difficult operations, all of which were successful.

Within a year, Pan Youming made a name for himself in the medical circle of the provincial capital.

Even his father-in-law, Tian Feng, who had looked down on him before, looked at him with admiration.

So Tian Feng proposed as soon as possible to let Pan Youming and Tian Ningning get married as soon as possible.

The wedding was very ostentatious, and there were many guests who came to congratulate. Naturally, all the Pan family members were present as family members. This wedding in the provincial capital was extraordinarily perfect.

On the day of the wedding, Pan Youming even thought that his life was not in vain.

At least I have a wife I love, a career, and everything is good.

On the evening of the wedding day, Pan Youming hugged his new wife and said intoxicatedly, "Ningning, shall we have a child? With my ability, even if the Tian family does not need half of the property, I can support you and our baby. White and fat."

Hearing this, Tian Ningning suddenly got up from Pan Youming's arms, and she hesitantly said, "I...I can't give birth."

Chapter 2120

Pan Youming: "..."

It is impossible not to be shocked to hear such news.

In Pan Youming's heart, maybe nothing is important, money, status, rich and poor, everything is not important.

But he wants a relative.

Truly and yourself, dear ones.

He wanted his own children, and he wanted to have that kind of real family affection.

As long as he can have children, he can completely ignore money, everything, and nothing.

However, fate is really too good at joking with him.

Why does Pan Youming want a family, his own relatives, like thousands of families in this world, living a normal life with fireworks, is it so difficult?

After a long pause, Pan Youming smiled and said, "It's alright, now that medicine is so advanced, you can always see good things. Even if you can't see good things, you can still do test tubes. What are you worried about?"

"No, Youming, no...I...I will never, ever have another child." Tian Ningning looked at Pan Youming and said truthfully.

She knew that after hiding it for so long, she could no longer hide it now.

Married anyway.

Anyway, the whole provincial capital knows that Pan Youming is her husband of Tian Ningning. Anyway, Pan Youming is doing well in Tian's hospital.

Everyone is bound together very deeply.

Therefore, Tian Ningning now has nothing to fear.

She also knew that Pan Youming might be angry.

However, anger has to be said.

Because I can't hide it.

"Never have children, what do you mean?" Pan Youming didn't quite understand.

He couldn't figure it out. Now that medicine is so advanced, what can't be cured?

He has also lived with her for a year.

It is also clear about her body structure.

Suddenly, Pan Youming shuddered, and he looked at Tian Ningning in horror: "Is it possible, you... are you a transgender?"

If that were the case, Pan Youming would definitely be disgusted and nauseous.

Tian Ningning shook his head: "I am not!"

"impossible!"

"If I was really a transgender, have you ever seen me take hormone drugs! Is my body so soft again!" Tian Ningning immediately broke out with his fiery temper.

Pan Youming thought about it too.

"Then why do you say it can't be cured?" Pan Youming looked at Tian Ningning anxiously.

In order to comfort her, he said eagerly: "Don't worry, no matter how difficult and intractable diseases are, we will try our best to see them, and we will definitely be optimistic. Believe me, medicine is now developed.

We will have children, we will have children! "

"No..." Tian Ningning cried and said, "We can't have children, Youming, I can't give birth."

"I...my uterus, has been removed."

"What!" Pan Youming suddenly turned petrified.

He looked at his wife in disbelief.

The wife who just married him.

“Youming, I...I think you shouldn’t care about my premarital s3x, right? I...I had a boyfriend before you.” Tian Ningning said crying.

Pan Youming: “...”

He really doesn’t care about that.

Everyone is an adult, and no one can get married after talking about the first friend.

He doesn’t care whether his wife has a boyfriend before marriage or whether they live together.

He doesn’t care.

But he never thought that his wife would...

“What’s the matter!” Pan Youming’s face darkened.

At this time, even a man with a belly will be very angry.

Chapter 2121

Pan Youming didn’t have an attack, all because of the kindness of the Tian family to him.

Tian Ningning cried and told Pan Youming about her and her ex-boyfriend.

They are college classmates.

The boy’s family is a high-ranking cadre, and the two of them are considered to be well-matched.

When they first fell in love, the boy took care of Tian Ningning’s temper, but after getting along for a long time, the boyfriend’s domineering temper was completely exposed.

Helpless, Tian Ningning had already loved her boyfriend to the death at that time.

In the end, it is also a boyfriend who is handsome and stylish, and his academic performance is also first-class. He is always responding in college, and his organizational skills are particularly strong.

Boyfriend has the air of a natural king.

That kind of kingly atmosphere has conquered many girls in school.

Tian Ningning couldn't even count the number of female students who wanted to line up to give hugs to Tian Ningning's boyfriend.

Tian Ningning didn't feel anything at first.

After all, she is also the daughter of heaven.

My father is the most authoritative doctor in the provincial capital, and the private hospital in his family is also very large.

However, after Tian Ningning followed her boyfriend to her boyfriend's house once, her heart changed immediately.

She thought she was the sweet girl of the sky, thought she was a baby in the palms of her parents, a pearl in her palm, but in the eyes of her boyfriend's parents, they looked at her as if she were a dog.

Don't pay attention to her at all.

During the whole process of being at her boyfriend's house, her boyfriend's mother either thought that Tian Ningning's dress was out of tune, or that Tian Ningning's sitting posture was not good-looking. When eating, she commented on her again.

The disgusting taste projected in those eyes made Tian Ningning full of harsh ears.

Even so, Tian Ningning endured it.

Who made her like her boyfriend so much?

But after dinner, when the family was sitting and chatting together, Tian Ningning took out the pre-prepared high-end perfume from her bag and wanted to give it to her boyfriend's mother in order to have a good relationship with her boyfriend's mother.

She smiled and sat beside her boyfriend's mother, who knew that just as she sat down, her boyfriend's mother pinched her nose: "Oh, it stinks to death, what smells, what smells on your body? I didn't smell it when I ate just now. It's getting close, why is there a stench that rushes into the nose.

You haven't showered for a few days! "

Tian Ningning was about to burst into tears: "Auntie, what did you say?"

"Go go go! Die for me! It's so dirty! It smells like dirt! I really don't know what my baby got you in? Are you washing your feet! My foot-washing girl is smarter than you!"

"Auntie! I noticed that your breath is bigger than your athlete's foot! Do you know why you asked about the smell? It's from your body! Because you have athlete's foot and breath. Can you not stink!" Tian Ningning stood up and looked at her boyfriend's mother with a sneer.

The boyfriend's mother was so angry that she became petrified.

Boyfriend looked at Tian Ningning dumbfounded: "Tian Ningning! How can you talk to my mother!"

Tian Ningning sneered: "I'm sorry, I won't accompany you! Anyway, there are many women waiting in line to fall in love with you! It's not bad for me!"

After speaking, Tian Ningning got up and left.

"Tian Ningning, stop for me!" The boyfriend chased after him.

After chasing outside Tian Ningning's door, he hugged Tian Ningning, his arms were extremely strong.

Tough enough, Tian Ningning couldn't struggle at all.

In fact, she didn't want to struggle.

Because she loves him so much.

Love that, as long as he is willing to say something nice in front of his mother for her, she will be willing to serve this future mother-in-law with eyes above the top.

But, my boyfriend is not a person who talks about softening.

From beginning to end, he didn't speak, but just kissed her blindly.

Knowing softened the body she kissed.

He took her to the other courtyard.

That night, Tian Ningning couldn't come out of her boyfriend's house.

Boyfriend is a real tough guy.

All night, her body seemed to fall apart.

She was also completely conquered by her boyfriend.

At dawn, the boyfriend said lazily: "After getting up, apologize to my mother."
