

PUNISHED BY HIS LOVE

Chapter 2122 - 2131

Tian Ningning was stunned, she immediately said with a sullen face: “No!”

The boyfriend turned over and pressed down, pressed her arms with both hands, and ordered: “My mother’s family was a noble as early as a hundred years ago, and my father, a high-ranking person, has always let her, she is in our house. It’s the existence of the eldest princess, for me, you obey her softly, okay!”

Tian Ningning nodded: “Well, I will listen to you.”

That morning, Tian Ningning apologized to her boyfriend’s mother in an extremely humiliating and humble manner.

The boyfriend’s mother naturally humiliated her even more bitterly: “If you really leave, I may give you a high look, but as a result, I humiliated you like that yesterday, and you still stay for me. Son warm the bed, you said you have to be a b!tch!”

To put it bluntly, Tian Ningning can’t be seen horizontally or vertically.

Tian Ningning didn’t dare to say a word when he was scolded as an incomparably despicable thing.

I used to just love my boyfriend.

Through last night, after the two were together, she was the one who loved her boyfriend more, to the bottom of her heart.

She really liked the feeling of being conquered by him.

Maybe, as the boyfriend’s mother said, she’s a b!tch.

There are also boys chasing her in the school, but as long as she licks dogs, she doesn’t like them, and she doesn’t want to look at them.

It's a real man who likes his boyfriend, his eyes are higher than the top, and he is together, and he never says nice things to female voices.

Since having that relationship with her boyfriend, Tian Ningning has become less arrogant and willful in front of her boyfriend. She is like a little daughter-in-law, serving her man and taking care of him.

From time to time, there are all kinds of humiliation from the boyfriend's mother.

This life lasted for two years.

When both of them graduated from college, their boyfriends wanted to go abroad for further studies. This opportunity is only available to internal personnel. After returning from abroad, there will be very good arrangements.

Tian Ningning didn't want to let her boyfriend go abroad, she pestered him.

But she never thought about it, but her boyfriend calmly said to her: "Ning Ning, you are so beautiful, so young, and your family is so rich, you will definitely find a better boy, let's break up peacefully."

Tian Ningning was stunned, she asked dumbly, "What did you say?"

"Break up."

"You're tired of using me for so long, aren't you?" Tian Ningning burst into tears instantly.

"Well, you can think so too."

"You are a bastard!"

"I can allow you to scold me once, if you dare to scold me a second time, be careful I hit you!"

"Bastard, bastard, bastard, you're not human..." Tian Ningning slapped her boyfriend firmly on the face before she finished cursing.

The boyfriend looked at her with cold and disgusting eyes: “Woman! No one has ever scolded me except my mother since I was a child! I will never allow any woman to ride on the old man to poop and pee!

I’ll tell you so!

I broke up with you on the grounds of going abroad for the sake of my three-year relationship with you!

Since you are so ignorant of flattery, then I don’t have to give you face anymore, let me tell you the truth, I don’t love you anymore!

I am in love with someone else! “

Words must, the boyfriend turned around and walked away.

There was no turning back.

Tian Ningning was stunned in the wind alone.

After a long, long time, she cried in the wind: “I’m pregnant! I’m pregnant with your child! You scumbag!”

Although he called a scumbag, there was no doubt that Tian Ningning loved her boyfriend very much.

She chased after her boyfriend’s house and stalked him.

The boyfriend didn’t come out to see him for three days.

Seeing Tian Ningning, the domestic helper in her boyfriend’s house covered her nose in disgust like a dirty dog.

Three days later, after the boyfriend brought his new girlfriend, he appeared in front of Tian Ningning in a big way, his tone was cold and calm: “Miss Tian! I have been with you for four years and have been in love for three years, how could I not know that you Do it like this?

Isn’t it just a friend?

Come together, break up if you don’t get along, is it so difficult?

I am responsible for myself, but also for you!

Is it possible that we should get a divorce after we get married?

After all, you are also a college student, a metropolitan woman with a good tutor, why are you like a little daughter-in-law who is angry in the countryside?

Chapter 2123

Is it so hard to break up now?

It's you woman who wants to deceive people! “

Boyfriend turns his face faster than a book.

Tian Ningning simply could not have imagined that the three-year relationship, he said that the speed of breaking up was measured in seconds.

His ruthlessness made Tian Ningning dizzy.

Tian Ningning's crying eyes were cloudy, her mind was blank, all she could say was the sentence: “But I love you, I am pregnant with your child.”

“Ha!” Boyfriend laughed wildly: “Love me? Thank you!

You said you were pregnant with my child?

Did I get you pregnant?

Did I take action!

Did I give you medicine that time?

All my own measures!

Are you telling me now that you are pregnant with my baby?

Tian Ningning, I suspect you are a scumbag! You really want to deceive me!

OK!

The thing I'm not afraid of the most is that others will deceive me and touch me!

If you have a seed, you will be born!

I am waiting for you to be born! “

The man raised his foot and kicked Tian Ningning: “The next woman!”

The man's girlfriend also rolled her eyelids and smiled at Tian Ningning, and the two entered the house hugging each other.

The door slammed shut.

That night, Tian Ningning cried all night outside her boyfriend's house.

During the week she served, she did not see her boyfriend coming out of that house.

Later, a kind domestic helper told her: “Young master has long gone out from the underground garage. Why does a family like them only have this door?”

Tian Ningning wanted to cry without tears.

But she still didn't give up.

She went everywhere to inquire about her boyfriend, and told people everywhere that they had lived together for three years and she was pregnant.

Later, her boyfriend simply stopped avoiding her, and he ignored it no matter what the occasion.

After a long time, Tian Ningning suddenly felt revenge.

At that time, she was seven months pregnant, but Tian Ningning, who was not very pregnant, actually seduced several drunk men in front of her boyfriend.

She just wanted to stimulate her ex-boyfriend, she didn't believe that he was indifferent.

As a result, the boyfriend is really indifferent.

And she, who was seven months pregnant that night, was ruined by several people.

Also, the case cannot be filed.

Because she took the initiative.

This is not the worst outcome, the worse outcome is that she will have to remove the uterus.

After that operation, in order to hold Tian Ningning's life, her uterus was removed.

At a young age, she hasn't worn a wedding dress, got married, or tasted what it's like to be a mother. In this life, I no longer have the right to be a mother.

"Youming, I want to be a mother more than you, I want children than you, but I can never be a mother again in my life. Youming, I have told you all about my past, how much I love you, do you know?"

You don't abandon me, don't leave me, okay?"

I promise you that all the property of my Tian family is yours. If you want to use your medical skills in the Tian family hospital, you can do it, and you will have the best future.

As long as I'm with you, I'll never give up.

Promise me, okay Yuming?"

Tian Ningning was extremely pitiful and looked at Pan Youming with tears in her eyes.

Pan Youming looked at her silently, and after a long time, he said warmly, "Okay, I won't leave you."

Chapter 2124

Tian Ningning raised her tearful eyes and looked at Pan Youming: "Really, really?"

“Of course.” Pan Youming said gently: “It doesn’t matter if we don’t have children, as long as the two of us love each other, we can adopt a child.”

At that moment, Pan Youming suddenly realized a magical existence such as fate and reincarnation.

He is a child adopted by the Pan family.

And he may need to adopt a child.

The moment he decided to adopt a child in his heart, Pan Youming decided that he would treat this adopted child as his own.

Whether the adopted child is a boy or a girl.

He will only pay for this child without expecting anything in return.

He will be close to the best environment that Almighty can give this child, so that this child can have the best future, and wait for the child to grow up, so that the child will have a space where the sky is high and the bird can fly and jump.

He would never be as selfish as his adoptive parents.

Never.

Pan Youming is a person who can hope to live as long as there is a glimmer of light.

He is naturally open-minded and extremely optimistic.

Adopting a child in the future is Pan Youming’s greatest hope for life.

On that wedding night, Pan Youming didn’t blame his wife for cheating on him, and he didn’t even hold him accountable for the deceived wife’s physical changes over the past year.

Those are the little things.

He doesn’t care and doesn’t care.

He stopped that the person who pulled him out of the Pan family's dire situation at that time was his wife Tian Ningning.

If Tian Ningning hadn't pulled him, maybe he would have become a murderer.

So, it doesn't matter.

He and his wife are committed to adopting a child and living a happy life for a family of three in the future, which is the most important thing.

After the wedding night, everything went so step by step. After the wedding, Pan Youming's life was still going to work, practicing medicine and surgery.

When he returned home, his love and tolerance towards Tian Ningning did not change because of Tian Ningning's deception to her.

Pan Youming at home still washes Tian Ningning's feet every day as usual.

Cook for her every day.

When Tian Ningning was angry, he was always the one who was most tolerant of her.

During this period, the Pan family from their hometown in the county will also come to the provincial capital from time to time. They always come several times a year.

It's just that when I came to the provincial capital to scrape the ground three feet, it was the Tian family who scraped.

And now, Pan Youming, who has worked in the provincial capital for three years, is already a high-income earner.

He is a doctor in a private hospital.

Every time he has a loan operation, it costs a lot.

This not only gives Pan Youming the ability to provide the Pan family's search, but also makes his status in the provincial capital grow day by day.

In his fourth year in the provincial capital, 30-year-old Pan Youming is the leading surgeon in the provincial capital. A 30-year-old man must have looks, status, and capital.

But even so, Pan Youming did not get the favor of his father-in-law.

Father-in-law Tian Feng's suppression of Pan Youming is everywhere.

Later, Pan Youming gradually discovered that his father-in-law Tian Feng actually didn't want Pan Youming's career to flourish, and he didn't want Pan Youming to rise so fast. His father-in-law only hoped that Pan Youming was a useless man.

As long as he can accompany his daughter for a lifetime, that's fine.

If it was four years ago, Pan Youming might not have the ability to resist his father-in-law, but after four years in the provincial capital, his father-in-law has gradually lost control of Pan Youming. Therefore, the father-in-law disliked Pan Youming, disgusted that Pan Youming was a phoenix man, and brought the Pan family to loot from time to time.

On the other hand, Tian Feng is very afraid of Pan Youming's ability. Pan Youming is in his early thirties, his career is booming, and he is a good knife in medicine. Will such a man stay by his daughter's side for the rest of his life?

If Pan Youming takes his daughter, what will her daughter do?

Tian Feng, who was worried, often tried every means to suppress Pan Youming.

Chapter 2125

This allowed Pan Youming to be suppressed by his father-in-law when he had to wait for Tian Ningning after work under the heavy workload.

Moreover, his plan to adopt a child could not be implemented for a long time.

He was busy with work, Tian Ningning didn't work, but Tian Ningning didn't go to work on it.

After a long time, Pan Youming's heart became desperate.

In the absence of hope, all his focus is on his work, not for anything else, but to numb himself.

Don't let yourself think about the unpleasant, bad things.

He thought that as long as he could have opinions on things that interest him in life, he would be able to support him to live a good life.

For example, on the operating table, make a successful operation.

Thus saving a life.

Every time a dying patient is pulled back from the god of death, it is Pan Youming's greatest sense of accomplishment and joy.

Even if he was tired and paralyzed on the operating table.

Even if he operates eight hours a day without eating, drinking or going to the toilet.

He was also willing.

Healing and saving people is the last piece of pure land in Pan Youming's heart.

Over time, slowly, all his experiences were used in medical research, and the time to go home was gradually reduced.

More patients are being treated.

From time to time, there will be patient family members who are grateful to Pan Youming.

"Dr. Pan, this is our first-class wild ginseng, which is a specialty of Changbai Mountain in the northeast. Seeing that you are busy with surgery every day and have no time to protect your body, you can take this ginseng and nourish your body." A twenty-four-five-year-old His young daughter looked at Pan Youming with admiration.

In her hand she was holding a box of wild ginseng.

The girl looked at Pan Youming with not only admiration, but also a hazy love.

That love is so pure.

So pure that Pan Youming didn't dare to look into her eyes.

Pan Youming just smiled lightly and said, "Little girl, when your father needs to replenish his body, keep this wild ginseng for your father to use and adjust her body."

Seeing that the little girl was wearing white jeans and the neckline of her T-shirt was deformed, Pan Youming felt a sense of sadness.

If there is a serious illness in the family, a single patient can exhaust all the savings of the family.

He sighed, and suddenly took out a few thousand dollars from his pocket and handed it to the little girl: "Buy yourself some clothes to wear, go to school well, and graduate from college in one year, keep persevering."

He has money.

But what does he keep the money for?

He doesn't eat, drink, prostitute, gamble, and has no bad habits. His only hope is to have a child of his own, but he doesn't.

Qian Ran said to him that it was of little use.

Otherwise, come out and help those in need.

If this little girl can successfully complete her studies through her own help, and have a good future and a good family in the future, then his money will not be given in vain.

The little girl bit her lip and was reluctant to accept the money.

Pan Youming said: “Take it, when you have the ability in the future, pay me back several times, I am a loan shark, you don’t have to thank me.”

The little girl cried instantly.

She cried and threw herself into Pan Youming’s arms: “Doctor Pan, you are a good person, I... like you, I am willing to give my everything for you, and I am willing to be a lover, and I will never disturb you. wife’s,

When you hate me, I will leave immediately. “

Pan Youming: “Get up, get up! You shouldn’t like me! You have to fall in love freely, you have your life, and I’ll get angry if you don’t get up!”

There was no turbulence in his heart.

To say that the only thing there is, it is also distressed that this 22-year-old girl is so miserable.

However, before he could push the girl away, an explosion sounded behind him: “Pan Youming, you scumbag!”

Chapter 2126

Pan Youming turned around and saw Tian Ningning.

Tian Ningning cried and burst into tears: “Pan Youming! I didn’t expect you to be such a scumbag, face to face and back to back, why don’t you think about who rescued you from the dire straits when you were desperate in a small county town!

Are you a man!

I ask are you a man! “

Tian Ningning stood at the end of the corridor for a while.

She came here specifically to find Pan Haoyang today.

Pan Haoyang didn’t go home for three days.

During the day on the operating table, she did not dare to disturb him. When performing surgery, she must maintain her best mental state, and she must be highly focused and make no mistakes.

Therefore, Tian Ningning had been here for an hour or two. As soon as she heard that Pan Youming was in surgery, she did not disturb him, but waited alone at the end of the corridor.

She held back her anger and asked Pan Youming why she didn't like to go home for a while.

Caring for her is far less than when she was just married.

She is bored at home alone.

No one washed her feet and pinched them.

His man's techniques are very proficient. He is a doctor and has a deep understanding of acupuncture points, so his massage techniques are more effective than those of senior technicians outside.

After massaging his hands and sleeping on the man's arm at night, she would sleep soundly.

I didn't even have a dream at night.

But, I don't know since when, he will not go home at night.

Since that day, she can't remember.

At first it seemed that the hospital was going to be transferred to the night shift.

Later, there was an emergency operation in the hospital, and he was temporarily called from home.

Later, he came back two or three times a week.

Later, he could not go home for three or four days, or even a week.

Home, for him, became like a hotel.

In such a big and big family, Tian Ningning is the only one alone. Without Pan Youming, she would be lonely, afraid, and have an indescribable cold feeling.

Tian Ningning's worries have long been there.

She's also someone who takes action right away.

The man is hers, and it can only be hers in this life.

For such an excellent man, Tian Ningning would never share her man with any woman.

She knows that her man is excellent, and there must be many women out there who miss their men.

Therefore, as soon as she found out that the man didn't return home at night, she had already started to act. Tian Ningning quietly squatted in the corner that the man didn't know, in the hotel opposite the hospital, or even in the department opposite the man.

Moreover, she also quietly followed behind in a car.

But it has never been under-tracked that a man has any wrongdoing.

He is really busy.

He has a lot of surgeries.

There are long queues of people looking for him to see a doctor every day from morning to night.

Tian Ningning was very depressed.

There is a fire inside.

She thought that if she could get hold of the man's grip, she must cry so hard that the breath in her heart could be released.

Tian Ning Ning Kee needs to vent.

However, after following him for a long time, Tian Ningning never had any evidence that his man was sorry for him outside.

In fact, men rarely talk to women.

Chapter 2127

Even in the face of female patients, he is serious, and he will never waste an extra minute for a condition that can be solved in five minutes.

There is no other reason.

There are many patients waiting outside.

But Tian Ningning didn't give up, she followed Pan Youming and followed him outside, as if she had become a part of Tian Ningning's life. She had nothing to do every day, so she only followed her man, which was the biggest thing.

Maybe it's the hard work that pays off. Today, her follow-up is finally not in vain.

She finally saw a very shabby girl throw herself into her husband's arms. She was so cheap. If Tian Ningning had a bottle of concentrated sulfuric acid in her hand at this moment, she would throw it on it.

So, from the end of the corridor, she scolded and charged towards Pan Youming with her eyes wide open.

"You shameless thing! How dare you to meddle with my husband! You don't want to live anymore! I'll fight you, you little three! You bastard goods, you openly seduce married women! Look I won't take yours today! Tear your mouth to pieces!

I'm going to disfigure you! "Tian Ningning rushed over like a lioness.

At this moment, her appearance is no different from that of a shrew who is arguing with someone in a vegetable market.

Years later, when Pan Youming saw Rayna's appearance as a shrew, when Jun's family said that Rayna was a shrew, Pan Youming didn't feel it at all.

Because he had seen a woman who was more shrewd than Rayna.

At the moment when Tian Ningning was about to pounce, Pan Youming suddenly dragged the little girl in his arms behind him, and then said to her in a deep voice, "Come on! There is nothing to do with you here."

However, the little girl is stubborn.

She frowned: "I'm not going! I didn't do anything!"

Pan Youming: "..."

At this time, Tian Ningning was already rushing over, she reached out to grab the girl's face, and was hugged by Pan Youming: "Ningning, Ningning, you have to calm down, why are you crazy! This girl is very pitiful, her father Just pulled from the hands of death, she is too fragile, she has no other bad intentions!"

"You scumbag! You eat from our Tian family, drink from our Tian family, everything you have is given to you by the Tian family! But you give her the money you have!

You use our Tian family's money to raise the third child!

Do you have any conscience!

Has your conscience been eaten by a dog!

You vicious Phoenix man! When you had nothing and were extremely depressed, it was I who pulled you up from the dire straits.

In the past four years, your Pan family has looted how much property of our Tian family, you are simply a bottomless pit!

But we all endured!

Because you are my husband!

But what about you?

How can you be so ignorant of touching, you bloody scumbag!

If I don't tear up the face of this mistress today, I won't be called Tian Ningning, you all come and see, this pair of scumbags and bitches was caught by me on the spot. "

After shouting like a shrew, no one came to help Tian Ningning.

Everyone in the hospital knows how much Dr. Pan has paid in recent years.

The patients in this ward are all critically ill, and many of them were rescued by Dr. Pan, who regarded Dr. Pan as their new parents.

Therefore, even though this is Tian's hospital, no one will turn to Tian Ningning.

Tian Ningning looked at the people around who shook their heads and sighed, and she was even more angry.

She raised her finger and pointed to the girl hiding behind Pan Youming: "You bastard, what are you proud of! You want to spend money and earn it yourself! You can sell yourself if you don't have money! You think men are crazy, but you actually Hit the abacus beads on my Tian Ningning's head.

You give me the money back!

Not to mention thousands of dollars, even a penny, I can't spend it on your little three! "

The main purpose of her scolding is not to ask for the thousands of dollars.

She just wanted everyone present to know that the b!tch in front of her was a mistress, a bad woman who seduced her husband in broad daylight.

She wants to make this woman feel ashamed, it is best to hit the wall and die.

But what Tian Ningning didn't think about was that the girl behind Pan Youming not only didn't feel humiliated, not only did she not hurry to hide and run away.

The girl stood in front of Pan Youming bravely, and said in a humble voice, “Miss Tian, your family has never treated Dr. Pan as a person, so why don’t you let him go?”

Chapter 2128

Tian Ningning was stunned for a moment.

Immediately afterwards, she questioned the girl angrily: “How do you know that our family doesn’t treat Youming as a human being? Youming is my husband, so of course I am good to him, but it’s you, the mistress, who is here to provoke you. Divide! What are you!

Look at me today I scratched your ugly face!

Tear your face to pieces, I’m ripping you naked, tearing your place into sacks!

I see how you still seduce men! “

If a woman is thrown, even the daughter of the director of the most famous private hospital in the provincial capital, or the wife of the youngest and most promising doctor in the hospital, is still no exception.

Tian Ningning, who was originally just arrogant, was completely exposed when she insulted the girl.

The girl burst into tears on the spot.

Pan Youming was also extremely embarrassed.

It was that girl, although Tian Ningning scolded her as a slut, she was extremely brave.

She faced Tian Ningning without giving in at all, and had the stance of fighting with her.

“Mrs. Pan!” The girl raised her eyebrows fearlessly and looked at Tian Ningning: “I respect you so I call you Mrs. Pan. Don’t forget that you are Dr. Pan’s wife! But what have you done?”

As a doctor's wife, don't you know that being a doctor requires high concentration?

Don't you know that his hands sometimes tremble when he has an operation?

Don't you know that there was a time when a car crashed on the expressway and sent dozens of wounded at once. Did Dr. Pan not sleep for three days and three nights?

Where are you as a wife?

I've seen you several times and acted like a spoiled brat to Dr. Pan when you came to the hospital.

Say he doesn't come home to cook for you!

Say he won't do laundry for you!

What else did you say? Your toenails are long, and if he doesn't come back, no one will cut your toenails!

Mrs. Pan!

Dr. Pan is a scalpel!

The first knife in your hospital! Tired like that, tired like a dog! You go home and let him have a backbone doctor with a scalpel to cut your toenails!

You are husband and wife!

No one else can handle it!

But what about you?

Do you know what Dr. Pan wants?

He wants a baby!

But you don't give it to him!

When you say that others are vicious and mean, you should think about yourself first! Are you a qualified wife!

You selfish woman! “

Having said that, the surrounding viewers couldn't help but sigh.

Dr. Pan wants a child, and many people in this ward know that.

The reason why it's not a secret is because sometimes when Dr. Pan is tired from duty, he rests in the lounge and occasionally falls asleep. Just when someone calls him to the emergency room, he will hear Dr. Pan often talking in his sleep: “I If I want a child, I want a child, even if there is only one child! I want a child!”

That voice, longing and helpless.

Anyone who heard it was heartbroken.

Many people don't understand why Mrs. Pan didn't give birth to a child for Dr. Pan?

“Is it just because of your beautiful figure?” Before Tian Ningning wanted to say anything, the little girl had already continued to attack Tian Ningning.

She has turned against customers and has the upper hand: “Just to keep your figure!

Just because of you, the eldest lady of your private hospital!

Just because you gave Dr. Pan a chance!

So, even if Dr. Pan is your husband, you don't even want to give birth to him!

Not only did you not give him children!

You even called him like a slave!

Let me ask you, don't say that Dr. Pan is your husband. Do you take Dr. Pan as a human being?

Have it?

I ask you if you have any!

If you don't treat Dr. Pan as your husband, or as a person, then please let Dr. Pan go!

Okay! “

Chapter 2129

Tian Ningning: “...”

He didn't expect that it was supposed to be a rape.

Originally, she came to Xing Shi to ask for her guilt, but now her wife has become the target of public criticism.

Many people pointed at her.

“That is to say, although your Tian family gave Dr. Pan a chance, you can't treat Dr. Pan like this, right?”

“What a wonderful person Dr. Pan is!”

“The eldest lady from a rich family can really spoil people!”

“Doctor Pan, divorce her! I will marry my daughter to you!”

“Dr. Pan, what are you afraid of what she will do? With a medical skill like yours, you eat delicious and spicy food wherever you go. Why should you follow her to be useless!”

Tian Ningning: “...”

She looked around in horror.

Then he looked at Pan Youming with frightened eyes.

Originally, Pan Youming was very angry, especially Tian Ningning's anger. Because of Tian Ningning's loud noise.

But, seeing Tian Ningning's panic, Pan Youming's heart softened.

It's undeniable that his wife gave him all this.

He couldn't leave her behind.

Anything he did for Tian Ningning was voluntary and willing, and he couldn't let Tian Ningning bear this condemnation.

Pan Youming hugged Tian Ningning in his arms, he looked at everyone present very firmly: "I'm sorry, I love my wife, and your little girl, I know you are kind, I apologize to you for my wife .

Study hard in the future and you will have a good future. "

As soon as he said it, Pan Youming nodded apologetically like the little girl who gave him wild ginseng, then hugged Tian Ningning and left.

The little girl behind her cried and shouted, "Doctor Pan, you are a good person! A good person must be rewarded! I will also learn a lesson and be a self-love woman! I must study hard, Dr. Pan!"

Pan Youming didn't look back.

The girl likes him and he knows that he can't ruin the girl's life just because of one wrong decision by the girl.

It is the best to cut off the girl's thoughts and let her have a good future.

Pan Youming, who followed Tian Ningning home, originally thought that Tian Ningning would cry and make a fuss, but when he got home, Tian Ningning was unprecedentedly gentle and weak.

"Youming, I'm sorry, I went to the hospital to make trouble because I love you so much.

I can not lose you.

If I lose you, I have nothing.

Don't leave me, don't let me guess, okay?

Don't have s3x with any woman in the future, okay? "

This time, Pan Youming was not as tolerant towards Tian Ningning as before. He took a cigarette and said in a cold voice, "Ningning, I just want a child, a family of three! A normal family of three! I don't blame you for knowing that you can't give birth!

Adopt one, you can always take it!

Don't overdo it!

Do I want a family of three, even if there is no blood relationship, as long as it is a family of three who love each other, it is so difficult! "

He's going crazy!

"No, Youming, your request is not too much!" Tian Ningning said.

"But you just don't adopt it!"

Tian Ningning wiped away a tear: "Youming, I also want to adopt, I think more than you, do you think I'm idle for so many years? I've been looking for it! I think I've been very sorry for you, so for so many years, I've been looking for.

I want to find a little boy who is even a little bit like you.

Let's just adopt a little boy. If this boy looks a little like you, I will definitely adopt it.

Later I found out that the odds were too low, too low.

I can't wait, so Youming, I, I have found a boy we can adopt. "

Pan Youming's eyes suddenly lit up: "You, what did you say?"

"Tomorrow, I'll take you to have a look, okay?" Tian Ningning looked at Pan Youming with sparkling eyes.

Pan Youming nodded: "Okay."

His mood improved instantly, and he no longer resented Tian Ningning's uproar in the hospital. The next morning, he and Tian Ningning went to see the child together.

However, Pan Youming never thought that the child Tian Ningning was looking for was already six years old.

It was a little boy who was full of hostility to Pan Youming.

Chapter 2130

When Pan Youming saw this boy, he couldn't say whether he liked it or not.

Honestly, he likes it.

Because he naturally likes children.

However, Pan Youming never thought that what his wife was going to adopt was a six-year-old child, not because he disliked the child's age, but, at the age of six, it was not easy to integrate into the newly formed family.

What's more, the personal experience of being brought up as a baby is also missing.

With that kind of soft little body, the fun of burping, changing diapers with urine bubbles, and burping milk powder will be gone.

There is an obstetrics and gynecology department in the hospital. Pan Youming often goes to the obstetrics and gynecology department to see those children when he is busy.

Especially when the nurse was bathing the newly born child, oh, that fleshy little appearance made Pan Youming instantly want to give up his achievements as the chief surgeon and do a special baby bath. the impulse of the nurse.

He is not afraid that the child will pee and pee all over.

The baby's papa doesn't stink.

He really enjoys the process of wiping the child's ass and changing diapers.

It was a very lively fireworks smell.

Even if the child is not his own, so what?

What he cares about is the process and the experience of living together, but this six-year-old child can't give it to him.

But it was just an instant, Pan Youming cleared up his regrets, he ignored the child's hostility towards him, and looked at the child gently: "Tell me, what's your name? Are you willing to be adopted by us? "

The boy rolled his eyelids over Pan Youming and ignored him.

Pan Youming: "..."

He turned to look at Tian Ningning: "Ningning, this child looks like us..."

Tian Ningning immediately smiled and said, "Youming, I like this child very much, I finally found a child I like after so many years, so let's adopt him, okay?"

And you know, I'm lazy.

I don't like to carry the baby from birth, it's too troublesome, and I have to pee.

This child is six years old, and is about to start the first grade. Don't worry.

I tell you, he's very smart.

He can learn everything at once, and now he can count addition and subtraction within a hundred.

and....."

Having said that, Tian Ningning glanced at Pan Youming secretly, her voice became gentle, and exuded a lot of motherhood: "Also, I like this child very much, and this child also likes me, I think we two are very compatible. "

Hearing his wife say this, Pan Youming's expression softened a little.

He asked, "Really?"

If the child can get along with his wife, it is also a kind of fate.

Even if the child is temporarily hostile to him, the relationship will gradually improve in the future. Pan Youming is very confident that he will definitely be able to influence the child.

Tian Ningning nodded immediately: "Really, when I first came to see this child, this child was very dependent on me. If I ask him to call my mother now, he will call him all, don't believe me."

After saying that, Tian Ningning looked at the child with a smile: "World Expo, call me mom, okay?"

The boy called Shibo rolled his eyes at Pan Youming, then looked at Tian Ningning.

To be honest, the eyes he looked at Tian Ningning instantly became dependent, and the dependence was mixed with a kind of grievance and a deep fear, but the most important thing was greed.

Yes, greed.

In a greedy tone, he shouted incredulously, "Mom, Mom!"

"Hey! Baby!" Tian Ningning put the child in his arms.

At this moment, Pan Youming was stunned.

He thought, this is the power of a mother's love.

He was relieved.

On the same day, I went through the adoption procedures with my wife.

Then the child was taken away.

Chapter 2131

The husband and wife are not idle either. They take their children to the mall, frantically buy clothes for the children, buy small beds, and all kinds of things.

When it's time for dinner, they take the kids to their favorite places to eat.

It's like a standard family of three.

Pan Youming's heart suddenly felt a kind of trance, happiness in a trance.

Later, he was also the father of the child.

He gently and generously held the food for the child and gently wiped the corners of his mouth for him, but the child seemed to be against it all the time.

On the contrary, there is no estrangement for his newly recognized mother.

It was quickly counted.

His mother is long and his mother is short, which makes Pan Youming jealous.

Pan Youming, who saw mother and son walking in front of them holding hands, talking and laughing, and carrying large and small bags in her hands, which were sold to children and women's clothes, also felt warm in her heart.

This evening, the husband and wife arranged a new house for the child and made a new bed for the child, and the home instantly became full of people and fireworks.

The child was lying on the bed, and when Pan Youming was about to take Tian Ningning out of the child's room, the child suddenly grabbed Tian Ningning's hand.

"Mom don't go, tell me a story... a bedtime story, okay?" The six-year-old child burst into tears trying to listen to a bedtime story.

Seeing such a child in Pan Youming's eyes made him feel extremely sad.

He is also an adopted child.

He longed to be sad and to be integrated into the family.

Before Tian Ningning could speak, Pan Youming gently touched the child's head: "Mom and Dad sit on both sides of you, tell you stories, and watch you sleep, okay? Tell Mom and Dad what story do you want to hear?"

I originally thought that after spending an afternoon with the child, I would become familiar with him a little bit, and the child's guard against him should be written down, but Pan Youming didn't expect that the child still didn't want to pay attention to him.

The child only looked at Tian Ningning.

Tian Ningning said embarrassingly: "Youming, he is a child and grew up in an orphanage. He may depend on me because I am a woman. Such a small child must depend on his mother. You go to bed first, and I will tell him. A story coaxed him to sleep, after all he came to our house on the first day today.

good or not? "

Tian Ningning is also unprecedentedly gentle to Pan Youming.

Pan Youming nodded gently: "Okay."

He thought, don't worry about everything, take your time.

He will be a good father, he will use his love to influence this child, and then raise this child into a pillar.

He has absolute confidence.

In this way, Pan Youming showed his patience every day, contributed his fatherly love to the child every day, and took great care of the child.

Even, because of this child, no matter how hard and tired, even if the scalpel is in the middle of the night, he still chooses to go home.

Just to see more children.

But, after half a year, the child still hasn't changed much about Pan Youming.

It can only be said that from time to time children will subconsciously say to Pan Youming: I'm sorry.

However, he still does not call Pan Youming a father.

Pan Youming felt disappointed in his heart, but when he thought that this child was in the orphanage until he was six years old, he may have already experienced all the hardships in the world, so it is not so easy to give his heart, he still needs to slowly influence.

Besides, Pan Youming didn't see no hope at all.

At least now the child is less hostile to him, and sometimes even looks at him apologetically.

That's pretty good.

He was very relieved, he thought, one day, he will be able to influence his son.

This is his lifelong relative.

When he woke up in the morning, he still worked tirelessly to drive his children to school in person.

Even when he went out, he did not let the child carry the schoolbag by himself, but he, the father, helped the child carry the schoolbag.

The father and son, who were a little out of sync, were walking to the parking lot on the thick snow in the early morning, but before they got to the parking lot, they saw a man standing in front of him.

The man looked at Pan Youming hostilely, and said bluntly, "Pan, you are a ready-made father, very happy? Are you not ashamed?"
