

# PUNISHED BY HIS LOVE

## Chapter 2132 - 2141

Pan Youming looked at this uninvited guest in confusion.

He looks good.

So, he definitely didn't know this man.

He had never seen it before, he didn't know how this man knew his name, and he could find it here, and why did he just pick up a ready-made dad for nothing?

What's the meaning?

Could it be that the man in front of him belongs to this child, father?

Pan Youming looked down at the child.

The child immediately lowered his head, stomping on the snow under his feet.

In that action, although Pan Youming couldn't see the child's expression, Pan Youming clearly felt that the child was hiding something from him.

A bad feeling came to my mind immediately.

Pan Youming looked at the sloppy man opposite him defensively:  
"You, who are you?"

"Who am I?" The man sneered.

His tone was very dismissive: "You soft-boiled, spineless, and sour Phoenix man! You don't know who I am? Then you have to ask your wife, who am I?"

Pan Youming: "..."

At this time, Tian Ningning suddenly chased out from behind, holding a small child's windbreaker in her hand.

Because it snowed and the weather suddenly turned cold, Tian Ningning came out to give a dress to her because she was afraid that the child would be cold. Before she walked to Pan Youming and the child with the clothes, she saw a man not far away.

Tian Ningning was suddenly stunned.

The man sneered: "Stay safe, Miss Tian! No! Should I call you, Mrs. Pan?"

Tian Ningning's voice was also cold.

In the cold, with a kind of despair: "You came out?"

The man's unruly eyes looked at Tian Ningning coldly: "That's right! I didn't die in it, how do you feel?"

Tian Ningning suddenly let out a roar: "Qin Zhen! You bloody devil!

You didn't die in prison, it's really my curse less!

Why don't you die!

I will ask you, why are you not dead! "

Qin Zhen: "If I die, can you sit back and relax?"

Tian Ningning hugged Pan Youming's arm, and said to the man named Qin Zhen, "Qin Zhen, let me tell you now, this is my husband Pan Youming, we have been married for four years. .

My husband, Pan Youming, is now the youngest and most promising chief surgeon in the provincial capital.

we.....

Life is very happy, this is our child. "

In the end, Tian Ningning looked at the six-year-old child with relief.

After hearing what Tian Ningning said, Qin Zhen's face showed an incomparably cruel look: "What did you say? Say it again! Say it again! One time! One more time!"

He almost gritted his teeth.

That look of incomparable hatred made the confused Pan Youming even more confused.

Pan Youming has a lot of fog in his heart.

He had many questions, and the first reaction in his heart was that Tian Ningning and this man named Qin Zhen should be heavily involved.

Is this the man who ruined her seven years ago?

Intuition told Pan Youming.

Yes!

definitely is!

Even Pan Youming suspected that the child in front of him had something to do with Tian Ningning and Qin Zhen.

Pan Youming has never been a suspicious man.

But at this moment, he felt that way.

In the bottom of my heart, it was like a turbulent wave, and there was a wave of coolness surging up.

It made a very strong volcano ignite in his heart.

In fact, he wanted to kill again.

Just like when he confronted the Pan family in his home county four years ago.

However, Pan Youming still held back.

Seeing patients for a long time, holding a scalpel in hand, and seeing people who are born, old, sick and die every day, has long made Pan Youming's heart very strong, and it has become cold and ordinary.

Therefore, Pan Youming didn't ask anything.

Although his heart was turbulent, his surface was still calm.

He calmly looked at Tian Ningning, the child, and this man named Qin Zhen who came to shout and was full of hatred.

Qin Zhen also looked at Pan Youming without murderous eyes.

The gaze of the two men was broken by Tian Ningning's roar: "Qin Zhen, listen to me! Youming is my man! My man! My man! My Tian Ningning's man!

We have kids now!

## **Chapter 2133**

We live very happily!

Are you listening? "

These remarks were very angry, but Pan Youming could hear an element of anger in it.

Pan Youming glanced at Tian Ningning.

Tian Ningning's emotions became more and more excited: "Qin Zhen! Are you so down now?

How do you feel?

Noble boy brother!

I went to your house as a guest and was scolded by your mother like that, and you asked me to apologize like your mother.

I apologized, I listened to you like that, and as a result, you dumped me and dumped me.

OK!

very good!

Later, you didn't expect it, Qin Zhen? "

Tian Ningning laughed wildly: “Qin Zhen! God has eyes!”

Your family is laundering money!

Deserve your mother a death row prisoner!

Die so miserably!

And you!

Not very talented?

Isn't it overbearing?

Say no to two?

Without the protection of your parents, you are nothing!

You son of a b!tch!

I'm glad you dumped me and found that woman! Did that woman hurt you badly? In order to clear her relationship with you, and to defraud you of the only million-dollar life-saving money on your body, she actually sold you.

Ha ha!

sold you!

Qin Zhen!

Don't think about shouting in front of me, you are not what you used to be.

I know more about you than you can imagine! “

Hearing Tian Ningning say this, Qin Zhen couldn't help being stunned for a moment: “You, how did you know?”

Tian Ningning sneered: “Three years ago, when you were just betrayed by your girlfriend who was about to marry for three years, you ran away and called for help, right?”

Qin Zhen: “Yes, I’m looking for you, you love me so much, I think, you should save my life, I thought that as long as you save me, I will live with you and be good to you all my life, but I didn’t get through that phone.”

“You got through! It’s my dad who answered the phone, and I’m right in front of me!

But I don’t want to save you!

Qin Zhen!

How badly did you hurt me?

I’m pregnant with your baby! “

Tian Ningning said that when he was pregnant with Qin Zhen’s child, he was in front of Pan Youming. She said it so naturally, she didn’t even look at Pan Youming.

“But what about you?” She continued: “You don’t want me anymore, you turned around and threw me away, and let me take care of my child by myself. I had a miscarriage when I was seven months pregnant.

Since then my uterus has also been removed.

And you, shouldn’t you pay a price? “

Qin Zhen asked in shock, “That time, it was you... was it your Gaomi?”

“That’s right!” Tian Ningning sneered: “It’s me, I personally called the group of dark organizations and told them your exact location, so they went after you again.

It’s a pity that you jumped off the cliff and escaped.

However, that’s fine.

Since then, you, like me, have become infertile.

Ha ha!

You say, is this retribution? “

Qin Zhen was so shocked that he couldn't say anything.

Not to mention Qin Zhen, even Pan Youming was speechless in shock.

He guessed the relationship between Qin Zhen and Tian Ningning, but he didn't expect that he and his wife had been married for so many years, and his wife seemed to be doing nothing every day, but she still kept a close eye on Qin Zhen behind her back.

This shows that Tian Ningning's so-called love for him and his desire to live with him is just a joke.

Tian Ningning is still immersed in the past, the unequal love between her and Qin Zhen.

At this moment, Pan Youming was more certain that this child might be Tian Ningning and Qin Zhen's child, and she did not have a miscarriage at all.

Child, she was born.

While Pan Youming was thinking about it, he heard Qin Zhen suddenly say decadently, “Ning Ning, come with me, I have nothing left, and now it's just you and our children.”

## **Chapter 2134**

As soon as these words came out, both Pan Youming and Tian Ningning were startled.

The man who just hated the poison and became crazy, turned into such a lethal in an instant?

The two couldn't help but look at Qin Zhen at the same time.

Qin Zhen's face was full of helplessness, with a heavy compromise in his helplessness.

“Ningning, I'm sorry.” Qin Zhen said.

Tian Ningning: "..."

"I used to be sorry for you, but I didn't know how to cherish it at that time.

I take you as a dispensable thing, and it is my sin that deserves death.

Then I got punished, didn't I?

My house is ruined.

My father was executed.

My mother is in jail.

I was also..."

Having said this, Qin Zhen smiled bitterly: "I was also killed by someone and almost died. Although I didn't die, I can no longer have children, so I barely survived."

Having said this, Qin Zhen sighed deeply: "Ningning, I hate it.

I hate that you don't tell me that you will not help me, and you still push me on the edge of the cliff, so that I can no longer be a normal person.

But, when I saw you and the child, I instantly stopped hating.

It's because of me!

I was too vicious to you, too vicious!

You're right, I'm a bad guy.

All of these are my retribution.

I shouldn't have lived, but I survived.

Not only did I survive.

I also know that I have children.

You didn't shed that child back then, did you?

This is our child!

Ningning, look, you can't have children, and I can't have children either. We have only one child together. We are one family, aren't we?

Let the three of us live together and love each other for a lifetime.

I changed it.

I will be your and your child's slave from now on.

As long as I can live by your side and your children, I am willing to kneel.

Ning Ning..."

Anyone who listens to Qin Zhen's words is an endless regret.

Although such words were not sweet words, they made Tian Ningning fall into memories.

Qin Zhen was her first love, his unruly, handsome, and domineering were all incomparable to Pan Youming.

Pan Youming is just too kind to her.

Good enough to have no personality.

Thinking about it now, Tian Ningning's favorite person is still Qin Zhen.

It's just that I hated it so much.

I can't wait to peel off Qin Zhen's cramps.

But it's different now.

Tian Ningning had seen Pan Youming protect the girl with her own eyes, secretly, and paid the girl tuition fees so that the girl could go to school and study well.

But, for the sake of the overall situation and the family, she endured it.

Now, Qin Zhen is back.

Qin Zhen was right, this six-year-old child was born to Tian Ningning.

For four years, she has been hiding the child very well.

I never dared to tell Pan Youming the existence of this child.

She was looking for a suitable opportunity to bring the child back so that Pan Youming could accept the child logically.

In this way, she can not only be with her children, but also be with the man who loves her, and have a perfect family of three.

However, Tian Ningning never thought that Qin Zhen would come back.

Will come to find them.

Tian Ningning's heart was shaken in an instant.

She forgot how she begged Pan Youming to come to the provincial capital with her at first, she forgot how Pan Youming took care of her, loved her, and tolerated her again and again in the past four or five years.

She forgot.

No!

## **Chapter 2135**

She never took Pan Youming's contribution to her as a thing at all.

Just like how Qin Zhen treated her back then.

At that moment, Tian Ningning held the six-year-old child in her hand, completely forgetting herself, and walked towards Qin Zhen step by step, she murmured, "Qin Zhen, you...you mean Really?

Will you love our daughters?

Not... abandoning us? “

Qin Zhen nodded solemnly: “Yeah! Of course! I’ve already fallen into such a state of despair now, of course I’ll keep my word.

I also want to tell you that although my father was executed, my mother was in prison

But some property of our Qin family is still there.

Not only that, but my Qin family’s connections are somewhat still there. If you marry me, Qin Zhen will never be like your current man. I only know how to eat soft rice.

Ningning, I know, you don’t like men who eat soft rice.

You just couldn’t do it at the time.

Right Ningning?

he.....”

When he said this, Qin Zhen suddenly pointed at Pan Youming.

During Qin Zhen’s unannounced visits to Pan Youming, he knew that Pan Youming was a useless man who relied on a woman to enter the best private hospital in the provincial capital.

Rely on women to become famous.

What the youngest and most promising scalpel.

It’s just a name.

Look at the way he is licking the dog in front of Tian Ningning all day long, he is a duck!

Better than duck!

“He’s a country bumpkin without any foundation! Ningning, what did you like about him?

Look at his dumb look.

like a dead man!

You live with such a man, Ning Ning, don't you find it boring?

When you were in college, you liked dancing so much, you liked watching literary movies so much, you liked traveling around the world so much, you liked romance so much,

With this man, can you still get these lives? “

Undoubtedly, these are all said in Tian Ningning's heart.

Pan Youming really can't give it to her.

It's not that Pan Youming is not romantic, but that Pan Youming spends most of his energy on treating illnesses and saving lives.

Another point is that Pan Youming is a person who does more than talk.

He never speaks sweetly.

However, Tian Ningning seems to like sweet words.

It gave her a refreshing comfort.

She looked at Qin Zhen gently: “Qin Zhen, are you telling the truth? Watch movies with me in the future, travel with me to no corners of the world? Dance with me?

Is it all true? “

“No!” Qin Zhen said affectionately: “And our children, we are a real family of three, go to the movies together and travel to any corner of the world together.

Our family of three will always be together. “

Having said this, Qin Zhen looked at the six-year-old child: “And Taotao, Taotao, you look at Dad, would you like to call me Dad?

I am your biological father.

This is your real mother.

From now on you are no longer an orphan.

You are a child with a father and a mother.

Taotao, come to Dad's arms. “

Strange to say, maybe this is a blood relationship. When the six-year-old heard Qin Zhen calling him, he actually moved towards Qin Zhen step by step.

He also shouted in his mouth: “Dad... Dad. Dad...”

“Come here!” Qin Zhen shouted excitedly.

While the child was moving towards Qin Zhen, Tian Ningning involuntarily walked towards Qin Zhen step by step.

She didn't feel at all, at this moment, how her legal husband Pan Youming felt.

She forgot that she was a married woman.

She was married.

She forgot that her husband was by her side.

Perhaps, in her Tian Ningning's heart, Pan Youming will never be worthy of losing her temper?

At that moment, Pan Youming was silent and sluggish at the beginning, until his mind went blank, and then from the blankness of his mind, he slowly recovered.

He just stared at the family of three in front of him so coldly.

Until Tian Ningning walked in front of Qin Zhen, Pan Youming said a few words coldly: “Guess how fast the person I performed the operation would move if he killed someone?”

## **Chapter 2136**

When the family of three who were immersed in happiness suddenly heard the cold voice behind them, the three of them couldn't help shivering at the same time.

At the same time, the three of them looked back at Pan Youming with a calm face.

The three colleagues were stunned.

They were so forgetful and excited that they forgot Pan Youming at all.

Especially Tian Ningning, she always thought that Pan Youming was infinitely tolerant to her.

"Youming..." Tian Ningning had an apology on his face: "I'm sorry Youming, I know you love me, but I..."

She didn't say anything next, but changed the subject: "Youming, you are so skilled in medicine, you are so young, and you are so promising, it's still easy for you to find a woman again, that...that woman. College student, she likes you very much, I now...I agree with you guys."

When she said something, it was like she gave Pan Youming alms.

Pan Youming shook his head gently: "Ningning, you don't seem to understand me."

Tian Ningning: "Youming you..."

"I'll repeat what I said just now. Do you think I'm a hand with a scalpel. If I kill someone, will I move quickly?"

Tian Ningning's heart suddenly became a little frightened: "Youming, what do you want...what do you want to do?"

"You have been married to me for so many years, don't you know me?" Pan Youming asked rhetorically.

Tian Ningning: "Youming, I...I have children, and Qin Zhen is before you..."

Pan Youming sneered and said, “You have a past with you, and who have you had a child with? Whether your child is alive or dead! Or is it smashed into pieces by you, or it is you who lacks arms and legs? thing!”

“Pan Youming! How can you speak so viciously? Even children are not spared! Thanks to your doctor who treats and saves lives!

I don’t see you at all!

You are a phoenix man who eats soft rice! “

“So, I’m not only a phoenix man, I’m also greedy, I’m not only greedy, but I also kill people!” Pan Youming suddenly revealed a fierce look. He walked straight to the boy with a stride!

For half a year, he has loved this child very much and tried every means to make this child happy.

But he never thought that this child turned out to be the child of his wife and ex-man.

He wouldn’t be angry if his wife told him the truth in the first place.

But in the set of stories compiled by the wife, maybe everything is true, but only the child is concealed. Since it is concealed, you will never find it again for the rest of your life, but the wife is greedy and wants to take the child with her.

It’s not an exaggeration to say that she wants to have both.

What makes Pan Youming even more angry is that his wife is so selfless with his ex-man and child in front of him.

When he Pan Youming is dead?

What’s wrong with this world?

What did Pan Youming do wrong?

From childhood to adulthood, he has accepted every injustice, and repeatedly relieved himself in his heart and made himself positive.

Yes, again and again.

Injustice always finds him!

Is he being too bullying?

Or maybe, he Pan Youming was not born a good person, he should be a wicked person by nature.

He shouldn't deceive himself again and again and try his best to make himself a good person.

No!

He is not a good man.

He is a devil.

He, Pan Youming, was born a devil!

When approaching the child, Pan Youming had a lancet in his hand, and the lancet poked straight at the child's neck.

The child was petrified.

He has always hated Pan Youming.

It's because my mother married this man.

If my mother hadn't married this man, my mother wouldn't want him.

So the child has always been hostile to Pan Youming.

He knew who his mother was and who his father was, because the people who helped take care of him told him everything.

## **Chapter 2137**

So as soon as the child saw Qin Zhen, he knew that his biological father had come to him.

The child suffered too much for six years.

He desperately wanted to have his own parents.

Instinct made the child immediately become intimate with Qin Zhen, and the six-year-old child, like Qin Zhen, despised the adoptive father who had taken care of him for half a year.

This kind of contempt made Pan Youming's only sympathy for the child disappear.

The lancet poked into the child's neck without any hesitation. However, what Pan Youming never expected was that Qin Zhen's reaction speed was so fast at the critical moment.

Qin Zhen has no other ability since his family was down.

The ability to escape is top-notch.

Escape means to be fast.

Run fast, reach out fast.

Therefore, when the lancet in Pan Youming's hand was just one millimeter away from poking into the child's neck, Qin Zhen pushed the child down.

Pan Youming missed.

He turned his head and stared at Qin Zhen with red eyes like a devil: "If you can't solve him, then solve you first, it's the same!"

As soon as he said it, Pan Youming raised the lancet and stabbed Qin Zhen's aorta.

Pan Youming knows better than anyone about the hand holding the scalpel, where the arteries are the most deadly, and where the knife can be fatal.

His movements were extremely fast and precise.

But, Qin Zhen's movements were faster and faster.

When people are running for their lives, they can exert their superhuman abilities. Qin Zhen is like this.

Two people in broad daylight, you chase after me.

As Qin Zhen ran, he shouted loudly: “Help, help! This lunatic, this man who eats soft rice, this vampire, the Phoenix man is going to kill! Help me, hurry up and call the police!”

Pan Youming, who was behind him, had red eyes, messy hair, and a ferocious face. Holding a lancet, he shouted frantically, “I’m going to kill you...”

In fact, at that moment Pan Youming didn’t know who he was trying to kill?

He has always been a calm person.

But, at that moment, he couldn’t calm down anymore.

His mind was in chaos.

Just want to kill, just want to kill.

When he heard a female voice shouting sharply behind him: “Murder! My husband killed! My husband is a phoenix man. He has been searching my house for so many years. He is a change! Please help me call the police!”

Pan Youming suddenly stopped.

He turned around and stared at Tian Ningning with red eyes.

this woman!

It’s all about this damn woman!

It was her, she lied to him!

It’s so hard to lie to him.

What’s the matter with Qin Zhen?

What’s the matter with the kids?

Everything is this woman!

“Murder?” Pan Youming sneered and looked at Tian Ningning:  
“Ningning, when you were in your early thirties, when you were still beautiful, if I ended your life now, you would remain young forever.

You say, is my husband good to you? “

“You... Youming, you... are you going to kill me?” Tian Ningning turned around and ran frantically.

“Haha! Didn’t you call me a murderer?” Pan Youming was madly chasing after Tian Ningning.

After all, it was the man who was chasing the woman. He caught up with Tian Ningning before he ran a few steps, grabbed Tian Ningning’s hair, and pulled Tian Ningning to the ground.

“No...don’t kill me.” Tian Ningning was desperate.

Pan Youming didn’t say anything, he just sneered, and quickly raised the lancet in his hand to poke Tian Ningning’s aorta.

“Ah...” Tian Ningning screamed in despair.

Immediately afterwards, an extremely majestic voice came: “Don’t move! Move again, and I will kill you on the spot!”

## **Chapter 2138**

Pan Youming’s hand just hesitated.

He turned around, looked at the policeman who was aiming at him, and sneered, “Okay, kill me?”

Policemen:”.....”

Pan Youming was not looking at the police, he glared angrily at Tian Ningning as if he had gone insane.

He didn’t intend to live anymore.

He just wanted to tear this woman into pieces.

He raised his hand and stabbed it hard again.

When the lancet was still one centimeter away from Tian Ningning's artery, Pan Youming was shot.

The scalpel in his hand slipped from his hand in an instant.

Pan Youming also stared at the hole in his chest before slowly falling down.

A few seconds later, Tian Ningning was rescued.

The injured Pan Youming was pressed to the ground by several policemen, and he was instantly arrested.

Killing people in the street is too bad.

Fortunately, the hand holding the gun was not an executioner, but a person with good intentions. He didn't hit Pan Youming's vital point, but was one centimeter away.

Pan Youming was rushed to the hospital for treatment.

At the same time, the crowd of onlookers began to whisper.

"Hey, this is really a phoenix man. He provides him with food and clothing, and provides him with job opportunities. In the end, he kills people."

"I also heard that the parents of their hometown in the county town came to the provincial capital every once in a while to scavenge."

"I really raised a white-eyed wolf."

"I really learned a lesson. In the future, no matter how talented, good-looking, and good job my daughter finds a boyfriend, as long as he is a phoenix man from the countryside, I will definitely not want him!

My daughter would rather not marry!

Can't find such a change too!

too frightening. “

“It’s really scary.”

“Hey.....”

“This girl is really pitiful...”

“I heard that she is the daughter of the director of the best private hospital in our province, and the eldest miss. It’s because I found an unreliable man...”

There was a lot of discussion, and Qin Zhen, the man who had just run away, also brought the child over.

Qin was shocked to help Tian Ningning up: “Ningning, are you alright? Ningning, we were almost separated from each other just now. What kind of man do you think you are marrying?”

Tian Ningning threw himself into Qin Zhen’s arms: “Qin Zhen, I was scared to death just now, I’m so scared, I didn’t expect Pan Youming to be so changed, I didn’t expect him to hide so deeply, he... he actually is a murderer.

Woohoo, he’s a change too.

Qin Zhen...”

“Okay, don’t cry, it will be fine later, he has been arrested.

We will live together as a family of three.

Together forever, you see, this is our child.

our kids kids.

I have been holding it. “

When Tian Ningning saw her child, she immediately cried and hugged the child: “Oh, baby, my baby, my mother was scared to death just now, baby, my mother will never let you leave me in the future, and my mother will always protect you in the future.”

Qin Zhen also put the mother and son in his arms: "I will protect your mother and son when I am here in the future. It's alright, it's alright, let's go home..."

After saying that, he helped Tian Ningning get up.

When the family of three was about to return to Tian Ningning and Pan Youming's home, Tian Ningning saw several people standing opposite.

The few people were standing next to a car.

That car is a Buick commercial. Seven seats.

There were also seven people standing outside the car.

It was Pan Jianliang and his wife, and Pan Jianliang's three daughters, Pan Panpan, Pan Gaigai, and Pan Youyou.

And, grandparents.

## **Chapter 2139**

Pan Youming has not been home to visit his parents, grandparents, and three sisters for half a year because of the adoption of a child in the provincial capital. The entire Pan family complained about Pan Youming.

Pan Youming was also extremely perfunctory when making a phone call.

Simply, the Pan family didn't even say hello, so the whole family drove a Buick commercial vehicle straight to the provincial capital.

They came here to ask for sins.

Not only that, but the Pan family also felt that Pan Youming's family was becoming less and less indifferent to the Pan family, and a large part of the reason was that his wife Tian Ningning was getting in the way.

Therefore, the entire Pan family is going to come to Tian Ning Ning Xing Shi to ask the guilt.

No, the Pan family saw Tian Ningning and a strange man, both of whom were holding a child together as soon as the car arrived at this intersection before entering the house.

In that case, it would be difficult for anyone to think about it and think about it.

“Tian Ningning! You prostitute! You are the daughter-in-law of our Pan family!” Pan Panpan pointed at Tian Ningning and shouted suddenly.

“Tian Ningning, do you think that you are rich and powerful in the provincial capital, and our Pan family is afraid of you! Our Pan family is not easy to mess with, you are actually doing a man outside with my brother behind your back in broad daylight!

Tian Ningning, you are courting death! The second sister Pan Gaigai also pointed at Tian Ningning and cursed.

At this time, Pan Youyou had already taken out her mobile phone and pressed the shutter several times.

Putting away the phone, Pan Youyou said to Tian Ningning slowly: “Tian Ningning, our Pan family is not afraid of big troubles, anyway, as for the Pan family, your Tian family’s reputation in the provincial capital is extremely important.

You have to believe that it is not impossible for our Pan family to want your Tian family to fail in the provincial capital!

I repeat, our Pan family is not afraid of things getting bigger.

I’m afraid things won’t be too big!

I have your evidence in my hand now. Would you like to have a good talk with us? “

The meaning in Pan Youyou’s words was already very obvious.

She really is not afraid of things getting bigger.

The entire Pan family will not estimate the reputation of his younger brother Pan Youming, let alone Pan Youming’s marital status.

They just wanted to seize the right opportunity to share half of the Tian family's property with the Pan family.

At least half.

Only seven members of the Pan family can feel balanced.

Therefore, as long as they have the opportunity, they will definitely make things worse.

Make a fuss, everyone knows the trouble, Tian Ningning and her father are afraid, and then obediently spit out half of the property!

However, the Pan family miscalculated this time.

As soon as Pan Youyou's words fell, two or three raw eggs flew over her head at the same time.

"Smash to death your family that drinks human blood! You have the courage to come here to threaten other girls! The Phoenix man you raised! You are the family of the Phoenix man who drinks human blood!

Today we finally got to see the family behind the real Phoenix Man, you all come and have a look, that's all, see how greedy they are.

Come see them all. "

"Smash her to death with an egg!"

"Smash their whole family to death!"

Due to the recent murder of Pan Youming with a lancet, there were too many people around here who were not evacuated. Among these crowds, there were many aunties and old ladies who came back from grocery shopping.

Every auntie has some eggs in her basket.

At this time, as long as one person encourages it, the others will follow.

For a time, raw eggs from all directions smashed on the Pan family's body, and the Pan family's lover was smashed like a chicken in soup.

Moreover, in the face of condemnation from all directions, they really felt afraid.

The seven members of the Pan family, including the old man and the old lady in their 70s and 80s, acted like prisoners at that moment, and didn't even have a chance to speak.

In the process, someone also took a short video.

The accompanying text of the short video is, of course, watching the family behind the murderer Phoenix Man.

Since then, the Pan family originally wanted to stink the Tian family's reputation, but it backfired and didn't make the Tian family stink, but stained their own feces and urine.

In just one afternoon, the greedy Phoenix Man, a murderer, and his wonderful family spread throughout the provincial capital.

Pan Youming woke up from a coma three days later.

He was surrounded by police officers and doctors watching over him.

And, some reporters.

One of the reporters asked bluntly, "Mr. Pan, you woke up. Do you feel guilty about your brazen behavior?"

## **Chapter 2140**

Pan Youming, with a weak face, looked at the reporter in front of him very calmly.

There were only a few words written on the reporter's face: I'm afraid it's not a big deal.

Pan Youming asked the reporter in a cold tone, "Have you ever interviewed a murderer?"

The reporter smiled: "Mr. Pan, am I not interviewing you now?"

Pan Youming smiled: "Also..."

After a pause, he asked again: "Then have you ever thought that if you identify this person as a murderer, you report this person out after you exaggerate, and everyone knows it overnight. Then, this The murderer was executed on the spot.

After a long time, you found out that because of your reasons, the murderer was originally wronged but was suppressed by your hammer.

Do you feel guilty? "

Reporter: "You..."

"No no no." Pan Youming smiled again: "This is no longer a question of guilt, this is... do you have nightmares?"

Are you afraid of death?

You must be afraid.

Because you are afraid that after you die, when you see the person who was wronged by you and lost his life, you are afraid that he will bite you to death.

No!

You are afraid that he will push you into the frying pan and fry you alive.

Ok.....

Maybe even more savage than this...

Because hell. "

The reporter's face turned white and red when Pan Youming said it, and he trembled all over.

"You...you, you are crazy! Unreasonable!"

"Me? Are you crazy?" Pan Youming asked the reporter nervously.

After asking, he still looked at the reporter with a cold smile, his expression looked like a ghost in the eyes of the reporter.

The reporter jumped back in fright, but it was too late. Pan Youming had already grabbed his wrist and pinched the needle that was originally in his hand at some point in his hand. He held the needle and stabbed it straight at the reporter.

“Ah...” The reporter peed his pants in a split second.

Fortunately, there are many medical staff in the hospital and many people supervising Pan Youming, so Pan Youming failed to commit the murder.

But he kept roaring: “Didn’t you say I’m a murderer? If you say I’m a murderer, I’ll kill you and confirm my identity as a murderer.

I kill you, kill you!

Kill you! “

He was still roaring when he was pushed down on the bed by the two supervisors.

The reporter who interviewed him had already fled in fright.

In the end, Pan Youming was given a shock injection and then suddenly calmed down.

He was pushed into the emergency room again.

This time, the one who came to rescue him was his former mentor who came to visit him from Nancheng.

There are also some well-known experts in the country.

Those experts were close friends of his mentor.

A group of experts came to diagnose and treat him, not because of the shot in his chest.

However, in this injury inspection, it was found that there was nothing wrong with his cerebral blood vessels.

Pan Youming is only in his early thirties, and it stands to reason that he should not have cerebrovascular disease. Moreover, Pan Youming usually does not smoke or drink, and his life is extremely self-disciplined, and he rarely ingests some meaty foods.

There are no three high diseases in his blood vessels.

But only the brain, the blood vessels have begun to block.

This puzzled instructors and some experts alike.

Later, they visited Pan Youming's living environment, from childhood to adulthood, as well as life in recent years, and finally had to come to a conclusion.

He was ill from depression.

When the instructor saw such a conclusion, he burst into tears on the spot.

“He is a good boy, a good seedling, I have been my student for so many years, I know him better than anyone else, if he wanted to, any A-level hospital in Nancheng would want him.

But he said at the time that he wanted to benefit his hometown.

He wants to wait for his adoptive parents, and give them the old age and death.

In the end is filial piety children.

It's a pity to meet such a vampire family.

That's fine.

It happened that he also met such a wife.

Hey, why is this child's life so hard? “

## **Chapter 2141**

The deputies in the medical field are all embarrassed by it.

In the end, everyone unanimously discussed and decided to give Pan Youming a diagnosis.

He has mental problems.

The ability to be personally responsible has been lost.

Not only that, after Pan Youming fell into a coma this time, he never woke up.

A month later, Pan Youming, who had been diagnosed as a vegetable, was brought back to Nancheng.

The tutor didn't give up. He wanted to rely on what he had learned all his life to try and see if he could pull back such a good medical seedling, let him wake up, let him go back to the operating table, and cure the disease and save people.

This is the life Pan Youming should have.

He's still young, in his early thirties, and he's been diligent and studious all his life, and he shouldn't end up like this.

Mentors don't want to give up.

Then he performed an operation on Pan Youming.

However, the operation failed.

Mentors are frustrated.

Pan Youming died on the operating table.

The instructor cried bitterly in the operating room.

But a young life was still irretrievable. On the day he went to the funeral home to cremate Pan Youming, the instructor was ill, and he did not send Pan Youming the last ride.

It was because he didn't want to see his beloved disciple being pushed into the furnace and turned into a jar of ashes.

However, the instructor never expected that Pan Youming's fingers moved when Pan Youming was sent to the crematorium and was about to be burned in the furnace.

Not only did he move his fingers.

His lips twitched.

Tightly closed, Wu Wu's eyes also slightly dodged a gap.

No one knew where Pan Youming's spirit seemed to be wandering at that moment.

Only he knows.

He was in the sky, he saw himself lying flat, about to push into the melting pot, and in the same crematorium, he not only saw himself.

He also saw another self.

That man looks a lot like himself, exactly the same.

That person also lay flat here.

There was a big hole in his chest, and the blood around the hole turned black.

When he saw the hole, the wounded Pan Youming suddenly cried.

He didn't know why he was crying, but he was very sad.

"Why are you crying?" someone asked him.

Pan Youming turned around and saw himself.

Yes, he saw himself.

like in the mirror.

"You cry about the blood hole in my chest?" the man asked him.

Pan Youming raised his hand to support the man's face: "You are lonely? Like me, right?"

“I grew up with my adoptive parents. My adoptive parents have always ignored me, and I have always wanted a home,” the person said.

Pan Youming’s tears became more fierce: “I, like you, want a home too.”

“Aren’t you me?” the man said.

Pan Youming shook his head: “I’m not you, I just look like you. It’s not uncommon. The facial features of Orientals are mostly flat and three-dimensional, so there is a high probability of similarity.”

“I’m not talking about looks.” The man said gently.

Pan Youming: “Huh?”

“Your surname is Pan, so is my surname. You are a child raised by adoptive parents, and so am I.

You need love.

Me too.

You urgently need a family, a place with flowers, grass and a yard, and family around you, don’t you? ‘ the man asked.

It was as if that person had penetrated into Pan Youming’s heart.

Pan Youming asked, “How do you know?”

“So, I said that I am you, and you are me.” The man smiled, with a gentle smile, just like Pan Youming’s own brother, as if it was really Pan Youming himself.

“My heart has been beaten to pieces, I stopped beating, I can never return to my body, and you, your brain has irreversible damage, I have my brain, my soul It’s all for you, we don’t want to be separated anymore, let’s become one, okay?” The man asked as he approached him little by little.

The consciousness of his brain gradually blurred, and he only whispered in his mouth: “Okay, we are one.”
