

PUNISHED BY HIS LOVE

Chapter 2212 2221

When he heard Pan Panpan say this, Suzi was stunned for a moment.

It's not a big deal to call the police, it's just a family dispute. Why would Pan Panpan blurt out that her parents were also here?

While thinking about it, Pan Youyou suddenly grabbed the conversation: "My parents are here, just report it to the police. They beat us, eldest sister, what are you afraid of!"

Pan Panpan gave Pan Youyou a blank look: "You forgot my brother It's my parents..."

Suzi sneered.

No, Pan Jianliang's parents were Pan Youming who paid for it.

Buying it is illegal.

No wonder I had to call the police.

This family is so shameless, it's no wonder that Pan Youming never wanted to interact with his family.

At this time, Pan Gaicai, the second sister of the Pan family, spoke up: "Eldest sister, call the police, anyway, this woman beat us up, and you don't imagine that our little brother was raised by his parents so much,

and he is a stranger who has seen him before. A learned person in the world, doesn't my brother know about his parents? If he wanted to call the police, he would have already called the police. How could he

wait for today? one of. But also the most refined, the most sinister. After she said this, she immediately slumped on the ground: "Oh, I seem to have a sprained foot, and I can't stand up. I have to see a doctor.

You, you all don't want to leave, eldest sister, you should call the police! You call the police. !" Suzi + Rayna + Yingzi: "..."

Who is this family!

The more this is the case, the more Suzi can understand, how did Pan Youming endure it for decades?

Hearing Pan Gaigai screaming like this, Pan Panpan immediately came back to her senses. She smiled at Yingzi: "You call the police, if you don't call the police, I will call the police." After speaking, without

waiting for Yingzi to respond, Pan Panpan immediately called the police.

Yingzi: "You...you are cruel enough!"

Pan Panpan: "Of course! You don't even look at it, what are you! You look so old, you look like a man, and you are a hospital nurse. I still want to touch my brother!

And you!"

Pan Panpan glanced at Rayna, who was akimbo.

Rayna was originally a little shrew. In addition, she brought her children with her in the past few years, and she just got off the plane with two children, which is really sloppy.

It looks like she is a woman who buys food on the street, no different.

And Suzi was a coincidence today. She came from the company, and she was still reviewing the design drafts and the actual inspection materials before she came out, so Suzi was wearing a work uniform today.

Work clothes for architectural design firms.

The actual texture is very good, Suzi's figure is very good, but at first glance, the gray-blue work clothes are really similar to the cleaners in this hospital.

Omg.

The outfits of the three women are all in the eyes of the three sisters of the Pan family.

Compared with the three sisters of the Pan family, Suzimin's graceful appearance and heroic appearance were really compared.

Even though the three sisters of the Pan family came from a small county, they were all very rich in terms of dressing up.

Even if Yingzi and Rayna were overturned to the ground, he still had a sense of superiority.

"My brother is the real person. He's from a small county, so deceiving! But he's very skilled in medicine. He's hot everywhere. You all are either cleaners, nurses, housewives, or the old and the weak. Disabled, old, old, ugly and ugly, look at how easy my brother is to bully, and they all gathered at my brother's house!

That's my brother's house!

That's our old Pan's house!

Our old Pan's family has the right to choose Who do you associate with!" I

haven't found my brother for a few years, and I don't even have any information. At first, the Pan family thought that Pan Youming was really sent to prison by the Tian family in the provincial capital, and the Pan family and Pan Youming distanced themselves from each other.

Chapter 2213

Even, in the home county, staged a drama.

Grandpa, grandma, and four parents sat on the street where they were, crying Hu Tian grabbed the ground.

While weeping, he scolded: "What wrong did our old Pan family do? We feed him, feed him, and feed him to college. In the end, he murders and sets fires, and he does all kinds of evil."

"The three daughters and her mother, then You are used to dead things, you are used to it! You doted on him too much since you were

a child, and you are used to his lawlessness! Now, he can actually do things like murder and arson!

Woohoo, oh my God, we The old Pan family has lived here for generations, and there has never been such an unworthy descendant.

God damn it, we must cut ties with him!

Our old Pan family has never had such a person!”

A few years ago, the Pan family The whole family swears and swears to cut off relations with Pan Youming on the interface, and everyone on the street can see their determination.

Several years have passed, and they have not heard from Pan Youming.

Maybe Pan Youming has already died in the prison.

A few years have passed, and the Pan family has always been fortunate that in the five or six years that Pan Youming was in the provincial capital, they had collected enough money from Pan Youming, and after a careful calculation, it was almost hundreds of millions.

The three sisters are very close together, each sharing an average of 30 million yuan, and the rest are given to their parents, grandparents, and grandparents.

It stands to reason that with the money, the hometown has a facade and everything, the Pan family's life in the county town can definitely compete with the gods. However, some people are not worthy of virtue.

With this money, it also depends on how you do business.

Some people's money cannot be kept in their own hands.

For example, the Pan family is like this.

The first is the three sisters of the Pan family. It was too boring to work in and out of the county town, so the three sisters left the country together and went to that very famous city to gamble a lot.

30 million per person, to be honest, is not enough to lose in a month.

On and off, winning streaks, adding losses, until the end was penniless, it only took half a year.

The three sisters came back in dismay.

Originally, when I returned to the small county, I thought that I still had the 10 million from my parents. At least I could take it and turn it over. When I got home, I found that my father, who is in his 60s, not only gambled, but also bought a small one.

The money in his father's hands was almost used up.

The entire Pan family has returned to the past.

Even more miserable than the previous life.

The facade room is lost, and the house at home is missing.

When the three sisters of the Pan family and Pan Jianliang and his wife were at a loss, they accidentally saw a piece of news.

In the largest hospital in Nancheng, another young chief surgeon came. This doctor is a genius doctor. When he first came to Nancheng Hospital, he performed a very large operation, and the operation was completed very smoothly.

In order to hire the doctor who returned from overseas, the hospital promised an annual salary of several million.

Not only that, but also bought him a house in Nancheng.

The Pan family didn't pay much attention to it at first. When they knew that this new article was about to end, Pan Youyou saw with sharp eyes that the turtle doctor looked very similar to his younger brother.

And then, she saw the subtitles.

The subtitle said that the name of the new chief surgeon was: Pan Youming.

Pan Youming?

Is there such a coincidence in this world?

Another doctor, also called Pan Youming, or the chief surgeon?

This can never be a coincidence.

Pan Youyou was very excited to tell the news to the whole family.

A few days later, the whole family set off together and came to Nancheng, where they found Nancheng Hospital without much effort.

Chapter 2214

The day when the Pan family members first came to Nancheng Hospital, it happened to be Pan Youming's emergency visit.

The family pretended to be the patient and the patient's family members to inquire about Dr. Pan.

The doctor who visited the doctor at that time didn't have time to pay attention to them because he was too busy. A well-meaning patient next to him heard someone asking about Dr. Pan, and the patient immediately became enthusiastic.

"Are you talking about the new Dr. Pan?" the patient asked Pan Jianliang.

Pan Jian nodded his head: "Well, I heard that Dr. Pan is very skilled in medicine."

"That's right, although Dr. Pan is young, he has just returned from overseas. He has top-notch knife skills and is extremely skilled in medicine. Let me tell you, my old woman. This is a very difficult operation, and several doctors are afraid to perform the surgery, but Dr. Pan favors the surgeon." The patient's grateful voice was introduced by Pan Jianliang.

After the introduction, I didn't forget to ask Pan Jianliang, "You are also here to see a doctor?"

Pan Jianliang shook his head and said mysteriously, "Our daughter is also a doctor, and she has a crush on Dr. Pan. I want to come over to inquire about the situation." The

patient's family immediately smiled and said: "Oh, you really asked me this. Dr. Pan has high medical skills, good character, gentle and graceful, and is good everywhere, but there is one thing, Dr. Pan, both parents died

. The closest he went was his mentor.

But don't worry, even though Dr. Pan died of both parents, he did a good job in the housework. If your daughter gets married in the future, he won't suffer.

You know how I Do you know that his housework is good?

He can cook.

When my old woman just finished the operation, once Dr. Pan brought the old duck soup that he boiled from home and gave it to my old woman to drink. Oh, that duck soup is fresh and tender.

The taste is very good, I thought he bought it and wanted to give him money, but he said he cooked it himself.

stayed up all night.

It is said that duck soup is cool, and it is good for the old woman's tumor.

What a caring person.

Although he is a returnee doctor, he has no pretence at all and is very approachable. He often gets along with our patients.

Not to mention our patients, even the cleaners and nurses in this hospital treat them very well.

What a rare good man. "

This is when they first came to the hospital to inquire about Pan Youming, a patient's family told the Pan family about Dr. Pan in detail. The

patient was very grateful to Dr. Pan, and also heard that Dr. Pan had just arrived, his parents died and he was single.

But , the patient knew about the news from half a month ago. In

just half a month, Dr. Pan not only had a father and a mother, but also a person he loved.

His lover is in this hospital, working as a doctor. An ordinary nurse. The

patient didn't know it.

So, the Pan family got the news that Pan Youming is still alone and has a house in Nancheng.

It is said that the house in Nancheng is a large flat in the city center specially allocated for him by the hospital. It means that there are many spacious and bright houses. It also means that the Pan family can live in the big

flat , and it is not impossible for the Pan family to move to Nancheng in the future. Hurry up and wait for Pan Youming in the hospital.

Instead, they sent Pan Panpan and his wife. They came to the hospital for the second time. They were very sincere and very excited and said to the doctor on duty: "Oh, my father's illness was cured by Dr. Pan, my father is grateful. I have been crying all the time. Let us be grateful to Dr. Pan.

This is the purple-skinned peanut and purple-skinned garlic grown in our hometown.

There are also some authentic local products. I must give it to Dr. Pan in person. Dr.

Pan does not want it.

That doctor Ah, can you please tell me about Dr. Pan's residential area, we don't go into his house, we just leave these local products at the doorman of the area. Let's go.

Chapter 2215

Please give us a chance to repay. “

Big sister and brother-in-law of the Pan family don't see through the extravagance, but she is very realistic in acting, and she looks really grateful.

The doctor felt that it was nothing to tell the community, but not the residential address. Question.

The doctor knew that Pan Youming's community was a high-end community, and no outsiders could enter. However

, the doctor could never have imagined how wonderful

the Pan family was.

The sisters really went to apply for a takeaway delivery

person to take orders from that high-end community. Nowadays, there are a lot of takeaway orders. The three sisters got their wish and entered the community as takeaways.

And they found Pan Youming's place accurately . The

Pan family really had two brushes.

That day, when the three sisters entered the Pan family and saw a whole room of the Pan family, old and young, all dressed casually, the three Pan family members immediately thought of the patient's family and said Yes , Pan Youming is very approachable.

The approachable Pan Youming must have brought all his new colleagues in the hospital to his home,

thinking that he has a limited foundation and not many friends here.

He was born in a rural area, and he is associated with the patient's words. , The Pan family are all extremely smart. They guessed that the people Pan Youming brought into the house must be ordinary guests.

Not only ordinary, but also of poor quality. They could beat people at the door of the house.

What else, pretending to be Pan Youming's mother?

At that time, the three sisters of the Pan family were frightened.

Afterwards, the more the three sisters thought about it, the more angry they became.

This must be because Pan Youming told his friends about family affairs, so the old woman pretended to be Pan Youming's real mother to attack her adoptive parents and several sisters.

What a white-eyed wolf!

After the three sisters came back, they complained in the hotel where they were staying.

"No! We are the younger brother's family! He is doing well now and has settled in Nancheng. The hospital attaches so much importance to him, it's like throwing our family away. It's not that easy!" Pan Panpan said first.

She is selfish.

Her son's academic performance is not very good. If she wants to have a relationship with her younger brother, it would be better if she brought her son's household registration to Nancheng.

The second sister Pan Gaigai also thought of this: "Eldest sister, since the child's uncle has settled in the largest city in China and is a hot doctor in the hospital, let's get our children to Nancheng.

Little brother . Don't you like children?

He can live on a flat floor, and my younger brother is single. I guess that since the woman surnamed Tian did that to her, my younger brother has also given up the idea of getting married. In the

future, our children will be His child is gone.

Let him give him the hukou of Nancheng.”

Pan Gai Gai expressed his plan.

As soon as he finished speaking, Pan Youyou opened his mouth: “The most important thing is to drive away the group of friends around my younger brother, and to make friends also have to make some useful ones, those who climb the Internet, look at what kind of friends he makes! The old and the weak are sick. Remnant, everything!

No, I have to drive him away!”

Just after the three sisters finished speaking, their father Pan Jianliang said, “I think we will go to find Mingming at home, he will not see us, and there is a possibility that the security guards will drive us away, and we will go to the hospital. There are

many people in the hospital, and the public In this case, Mingming wants to hide, but he can't.”

Pan Jianliang's words reminded the Pan family at once.

So, the Pan family came to Nancheng Hospital collectively again today.

They're planning, it's going to be earth-shattering.

Chapter 2216

The effect of the Pan family's joint action is surprisingly fast.

Early this morning, their whole family rushed to the hospital together. The three sisters blocked Yingzi here, preventing Yingzi and Pan Youming from contacting, while Pan Jianliang and his wife went to the place where Pan Youming worked.

They squeaked loudly all the way.

They just want everyone in the hospital to know that Pan Youming is the son of their old Pan family.

Pan Youming has now become the best city in the country, Nancheng, and the youngest and best doctor in Nancheng Hospital, the best hospital in the whole of Nancheng. Of course, such a promising son cannot leave the parents who raised him.

The Pan family wanted to let everyone in Quannancheng Hospital know that although their Pan family came from a small county, they knew everything.

Don't try to bully their small town.

They want to keep the situation out of control.

To make a fuss in the hospital, it's best to make a video, and it's best to spread it quickly.

Of course, in the end, they didn't want to let the video go viral, for fear of affecting Pan Youming's career.

Once Pan Youming's career is affected, the subsequent prosperity and wealth of their Pan family will be gone.

All they want is to scare the hospital!

This is what the Pan family discussed at home before coming to the hospital today.

At this moment, when the three sisters of the Pan family were besieging Yingzi at the door, the parents of the Pan family were working in Pan Youming's place, and they wanted to block Pan Youming.

At this moment, Pan Youming is preparing for a very difficult major operation.

Even non-professionals should know that the doctor must not have any distracting thoughts before going to the operating table, and the mood must be stable.

Before the doctor goes to the operating table, even if something big happens, he can't let him know.

In other words, it cannot affect his mood.

Because this is a matter of human life.

Life is at stake!

When Pan Youming saw his adoptive parents come to the hospital and come to the door of his work, he immediately understood what the adoptive parents meant.

This is what it means to know his father, Mo Ruozi.

The moment he saw his adoptive parents, Pan Youming immediately made a decision. He flashed like a sterile tunnel studio and never came out again.

Even if the surgery hasn't started yet.

He doesn't come out anymore.

Pan Youming didn't want to hear any abuse from his adoptive parents, because he was afraid of affecting his mood.

Adoptive parents aren't professionals, they don't know that once their son enters that sterile room, he can't hear anything.

The adoptive parents were crying and making noise outside the hospital, attracting a large crowd of onlookers.

"My son, I took him here not long after he was born. We pulled him up with shit and urine. As a result, he grew up and became very successful, and he disappeared with us.

Is it easy for us?

His grandparents, thinking about what he thinks, are almost blinded by research.

Can't a hospital as big as you come out to take care of this?"

“Can’t you be so unscrupulous? My son, you don’t want mother me. Don’t you remember that when you were a child, because you didn’t have milk to eat, you ate your mother, and your mother didn’t have it, and you were bitten by you, biting everything to pieces. Do you know how hard it was for your mother

? Don’t want mom and dad?

Chapter 2217

Mom knows that you are not that kind of child, you have been a good child since childhood, you tell your mother, you have What is hidden?

My son, mother doesn’t believe you are so heartless. “The

adoptive mother is still quite skilled. She knows half of the words that are ruthless, and half of the words that are merciful. In

this way, it can be regarded as a step down for Pan Youming.

Dr. Pan is a doctor who has just come to this hospital, and the staff here only know , Pan Youming’s mentor is very good in this hospital. Pan Youming is a returnee.

As for the rest, they don’t understand at all.

When they heard Pan Youming’s adoptive parents cry about these times, they couldn’t help but sigh.

“It’s really unexpected, Dr. Pan is usually very friendly . Ah, it’s even better for the patient, I can’t say, how can you do such a thing? Man, you really know what you know. “

You grew up in a big city, you must not know that a Phoenix man like Dr. Pan who came out of a small county town and rural area, to put it bluntly, from elementary school to university, to undergraduate and postgraduate studies, the cost he needs, let alone In the countryside, even in a big city like Nancheng, it’s a lot of money for ordinary families, and it can bring down a family.

What about rural areas?

If I guessed correctly, the reason why Dr. Pan was able to get into the university to study medicine and returned from abroad with such good grades, his parents, and even his sisters, are all devoted to supporting this youngest brother, right?

On the other hand, what about Dr. Pan?

He wants to establish a foothold in Nancheng, and he will take off his identity as an old peasant in the future. He wants to marry a daughter-in-law in Nancheng. If he still contacts his native family, wouldn't he cut his own way?

Which city girl, especially the kind from a good family and a good city girl in Beijing, would be willing to marry Dr. Pan with a family and a family?

So, this is human nature.

If Dr. Pan wants to do well in the future, he has to be selfish and shameless, and he has to abandon his original family. “

” There are such cruel people in the world! Even my parents and sisters don't want it, for my own glory and wealth! I despise such a person, no matter how brilliant he is in art and medicine! “One of the doctors with a sense of justice immediately helped Pan Jianliang and his wife.

“Rise up, old people, I think our Nancheng Hospital will definitely seek justice for you.” This is what Pan Jianliang

and his wife want.

They are not afraid of things getting bigger, the bigger the bigger the better.

Of course, they must not be too big to end

.

When a few good words were heard, several important responsible personnel from the hospital not far away had heard the news.

“Hello, may I ask you who are...” one of the people in suits asked.

“We Yes... woo woo, we are Dr. Pan’s parents, this child doesn’t know why he is fascinated and doesn’t recognize us. This child is usually very good and has always been filial... Pan Youming’s mother cried and told.

“The man in the suit said calmly, “I’m sorry, this is a hospital. It’s not good for you to make a fuss here. , this hospital is backed by the Fu Group, if you two elders have any grievances, our Fu Group will naturally uphold justice for you.”

“Fu Group?” Pan Jianliang’s eyes suddenly lit up: “Is it the Fu Group that is famous all over the country?” The

person in charge nodded: “Yes.”

Pan Jianliang immediately took his wife’s hand and said excitedly: ” I heard that the boss of the Fu Group is the most fair, and this boss is always a very filial person. I have heard for a long time that when the mother of the boss of the Fu Group was sick, the boss and his wife stayed with him for a while. Mother’s bedside waits.

Very filial.

If such a person knows that Youming is not filial to us, he will definitely put pressure on him.

If the boss of the Fu Group can do justice for us, we will not come here in vain.

Mother Pan stopped crying immediately: “Yes, it’s not in vain!” After

touching her tears, she looked up at the person in charge: “Then, when can we meet the boss of your Fu Group?”

Chapter 2218

person in charge was suddenly asked: “This...”

Although he didn’t say anything on the surface, but In my heart, I feel that this is really a wonderful old couple.

It's not right for you to make trouble here. It's not enough for the hospital to deal with it for you. You still need to see the boss of the Fu Group?

What a big deal?

Meet the CEO of Fu Group!

Although he thought so in his heart, the person in charge was still very patient on the surface: "It's such an old gentleman and old lady, our hospital will deal with you first, if you have any dissatisfaction, you can report it level by level, you can see this Okay?" The

main task of the person in charge is to get these two people away from this public place first.

Second, don't affect Dr. Pan's surgery.

The operation that Dr. Pan is doing now was originally a super-large operation performed by several people. If the operation is successful, Nancheng Hospital will become one of the top hospitals in the world.

It matters.

At this juncture, no mistakes can be made.

Let's stabilize the couple first.

It is precisely because they want to stabilize, that the person in charge just moved the Fu Group out, but they never thought that the old couple would climb up the pole.

However, at this time, they can only stabilize them first.

See you later.

As soon as the person in charge finished saying this, Pan Jianliang and his wife stood up at the same time, Pan Jianliang grabbed the person in charge's hand and said, "Okay, okay, I will listen to your arrangement, I hope you will let me see the boss of Fu Group as soon as possible. , I want to tell him about our husband and wife, and he will definitely sympathize with us."

Don't look at Pan Jianliang's small town, but he knows a lot.

He's not a hillbilly at all.

When necessary, Pan Jianliang is very good at playing emotional cards.

The person in charge nodded: "Okay, old gentleman, please come to the office with me first. It will affect the rest of the patients and the work of the staff too much. Okay?"

"Okay! Okay, great! You guys It's best if the hospital is willing to come out to preside over justice, but, wait a few minutes, I have to... I have to call some of Youming's sisters, don't you know, although the old woman and I are two It's noisy, but we also thought about it.

It's too good not to affect, so we let the sisters wait at the door.

In fact, we are still very reasonable." The

person in charge smiled awkwardly: "Okay, okay.... .."

Pan Jianliang and his wife immediately ran out. The couple

rushed out happily, shouting, "Panpan, Kaikai, Youyou, things have turned around, and things have turned around. Guess who welcomed us?"

See where the three daughters are.

But, they just want to shout.

Let the whole hospital know who receives them.

"It's the person in charge of Fu's Group, and the person in charge of Fu's Group also said that their boss will handle this matter for us personally, Panpan, change, Youyou, don't you know, I'm here with your mother When I was in Nancheng, I found out that the most powerful person in Nancheng, Arron, the head of the Fu Group, is the most filial man.

His filial piety to his mother at that time was well known in the entire South City.

Panpan, Kaigai, Youyou, where are you? The

husband and wife shouted and ran out. They ran

straight to the place where the three sisters of the Pan family were tearing up the heroic figure.

At the same time, the old couple saw the police who had just arrived. When they saw the police, the

husband and wife were scared for a while.

They are the little baby that money bought.

Chapter 2219

And because the three sisters of the Pan family went to Youming's house yesterday, when they saw the woman claiming to be Youming's mother, the two elders of the Pan family The mouth was also worried all night.

This will make seeing the police, subconsciously scared.

As a result, after being scared for a while, they saw that the three sisters were explaining the situation to the police very confidently.

"Uncle police officer, look at all of you! Look at all of you, this woman beat us down!"

"And me, all three of our sisters were beaten down by her."

"This woman has a serious tendency to violence, Police uncle, you want to arrest her!" The

three-year-old sisters explained the situation to the police in unison, but as soon as the three sisters finished speaking, someone spoke again: "Isn't it that you are the lady, I clearly saw that it was you Three entangle people and one nurse, but the nurse can't entangle you. With a flick of your hand, you are thrown out and you fall to the ground. This is also called by others to beat you?"

Even if she beats you, can one person beat the three of you? ?"

It was none other than Suzi who spoke up in the crowd.

Suzi was wearing work clothes today, and she didn't show much publicity at ordinary times, so even if she stood in the crowd, no one could recognize that she was the wife of the president of the Fu Group.

When Suzi said this, she was still holding Rayna's two little buns by her side.

The two little buns were only three years old, so they were naturally frightened when they saw such a scene.

One of them hugged Suzi's leg.

And at the beginning, Rayna had already run away.

So under such circumstances, in the eyes of the police, the words of an outsider, Suzi, are very credible.

And the police can also see that the three sisters of the Pan family are all dressed in bright clothes.

On the other hand, Yingzi was wearing a well-mannered uniform.

By comparison, it was really the three sisters of the Pan family who bullied a nurse.

"You three, what's the matter! Come to the hospital to make trouble, you will be detained, come with us!" The police scolded the three sisters of the Pan family without hesitation.

The three sisters themselves didn't want to provoke the police, because they were afraid that their parents' money to buy Youming would be shaken out. At this time, when they saw that the police asked the three sisters to go to the station, the three sisters immediately felt in their hearts. A panicked group.

It was Pan Kaigai who was the most attentive.

She immediately cried and said to the police: "Wuwu, uncle policeman, I am a family member of a patient in this hospital. Our grandma is undergoing surgery, and her life and death are unknown. Before

grandma's operation, this nurse took care of us. We and her, and She's just a minor conflict.

No, it's not a big deal.

Uncle police officer, please look at it, for the sake of our anxiety..."

This matter between the patient's family and the doctor is no big deal. .

What's more, the patient was still undergoing surgery, and the police drove away after a few words of education.

At this time, the old couple from the Pan family came to the three sisters of the Pan family from the back of the crowd.

Seeing this scene, Suzi and Yingzi couldn't help but sneer.

"I really don't know how Youming came here over the years. If you just let them go on like this, Youming's career in Nancheng Hospital will probably be ruined by them. There must be a complete way to cut off this matter. !" Suzi said.

Yingzi nodded: "Suzi, trouble you."

"It's okay, don't worry, Shaoqin and I will find a solution for this matter. You go to work quickly." Suzi comforted Yingzi.

"Well." Yingzi obeyed and entered the hospital.

Only then did Suzi look at Rayna: "Qingrong, do you want to go back to the villa you and Ruian shared first, or where are you going?"

Mentioning Jun Ruian, Rayna's face suddenly darkened.

"What's wrong?" Suzi asked.

Rayna lowered his head, his tone was very desolate: "Suzi, I think, I want to take out a loan in Nancheng to buy a small house, enough for the three of us to live in, and I want to continue my construction work in the future. , I'm still your assistant, okay?"

Suzi was startled: "What happened?"

Chapter 2220

Rayna's tone is extremely desolate: "Suzi, so many years ago, I did not realize that you were in Nancheng. Now think about the predicament, not everyone can survive like you.

I was a woman with few hearts, and I didn't care about my shyness.

Let me live in a family as big as the Jun family, I really can't handle it, Suzi, I...

I don't want to live with Jun Ruian anymore.

I want to get a divorce."

Suzi was shocked.

She didn't speak for a long time.

After a long while, she said, "Get in the car first, then get in the car and then talk about it."

Suzi's car was still the same ordinary car from five years ago, and now it's running fine everywhere, so she didn't change the car. In the end, Suzi is not a materialistic woman. As for a car, as long as she can drive it, she doesn't have any special requirements, nor does she have to ask for a luxury car.

So that the moment her car drove away, the three sisters of the Pan family and the parents of the Pan family saw it.

From the price of the car, the Pan family can analyze the identity of the driver.

Especially Suzi was wearing very loose work clothes today.

"Look at our little brother, what kind of friends we have made!"

"One by one is poor!"

"It's all because I see my little brother is easier to talk to and soft-hearted, so I want to make friends with my little brother!" The

three sisters glanced at me and said a word.

Father Pan Jianliang finally concluded: "I think you people are not just trying to get along with your younger brother, they are all plotting!

These people have ulterior motives!

Big sister, second sister, little sister!

The three of you follow along, Look at what this woman is driving!

Didn't you say it? Yesterday, you also saw that Mingming's family was full of some indiscriminate women.

Mingming's heart is soft, and he hates people in our family. , If he told these people about the family affairs, he would be easily deceived by these people!

Anyway, Dad looks at these people, he is not a good person!"

After saying this, the three sisters of the Pan family became alert.

The three sisters rushed out at the same time, stopped a car, and followed behind Suzi.

Suzi is actually a very alert person. If someone follows her, she will find out.

Only this time, Suzi paid attention to Rayna and forgot that someone was following him.

As she drove, she frowned: "Rongrong, what's going on?"

Rayna sat in the back row with a child tucked under one arm.

Both children looked at their mother with obsidian-like black eyes. Both children were boys, and their little eyes were full of infinite love for their mother.

Rayna looked down at the two lovely children. When she heard Suzi ask her this way, she seemed to cry.

For her, this is a kind of inertia.

She was used to letting go of all the pretense in front of Suzi, that is, to cry completely in front of Suzi and cry the grievances in her heart.

Because in this world, apart from Galia and Second Aunt, only Suzi is Rayna's relative.

As for Galia and Second Aunt, one is a little girl who is ignorant of the world.

The other one is also a mother with a child who can't take care of herself.

Therefore, Galia and the second aunt are no longer suitable for Rayna to be the person to talk to.

Only Suzi.

What's more, Suzi was originally the backbone of the four of them.

Among the four people, no matter what happened to anyone, the first thing that came to mind was Suzi. Only Suzi could stabilize Daju. to help everyone.

Therefore, when Rayna saw Suzi, he wanted to cry a lot.

However, seeing the eyes of the two children looking up at their mother, Rayna forced back the tears that were about to flow.

No!

She will never cry again.

She has to feed her children.

To be like Suzi, be a strong, invincible woman with a heart as hard as a city wall.

Even in dire straits.

Chapter 2221

She Rayna also wants to be reborn!

“Suzi, it’s really not a good taste to marry into a wealthy family. I’ve seriously thought about it. Instead of marrying into a wealthy family, it’s better to make yourself into a wealthy family.

I know it’s not that easy to become a wealthy family.

But Suzi, I can be self-reliant . . . I can make myself stronger, and I can make myself extremely noble!

This is the aristocracy in temperament and momentum!

I don’t believe it, I can’t support my two children alone!

I must give my two A good life for a child! A good environment!”

Suzi looked at Rayna from the rearview mirror: “Rongrong, what happened? Did Jun Ruian have an affair? Or was your mother-in-law angry with you?”

Rayna gave a bleak smile: “Did you know that Suzi, in the face of such a mother-in-law, said this and that in front of me and Rui’an all day long, once or twice Ruian didn’t believe it. But ten

times a hundred times What about

a thousand times?

As long as I believe it once in a hundred times, I believe it ten times in a thousand times.

I have two children by myself, and Jun Ruian questioned me ten times, which is enough to break up our marriage.

We My marriage is inherently unequal.

I have done everything I have to do. In Jun’s house, I am not as good as the domestic servant.

Sometimes the domestic servant looks at me with contempt.

Suzi, it’s not that I am sensitive . . .

I’m not a sensitive person, I’m a neurotic person.

But I can still detect that kind of colored eyes looking at me.

But Ruian is not my second uncle.

Ruian still can't be as powerful as my second uncle, so arrogant, and so arrogant.

My second uncle can protect my second aunt very well, and no one dares to say nothing to my second aunt.

But Ruian can't.

He is still under the control of his parents. As a daughter-in-law, I can't let Ruian not want his parents.

It is not easy for everyone to raise their own son, and I myself have two sons.

How can I say something that alienates Ruian from his family?

I can't say.

So, I can only take my child and leave.

I want to be independent.

From now on, I'll be an impregnable body, both a father and a mother, an almighty mother! After speaking ,

Suzi suddenly discovered that Rayna had completely changed.

She had become deep and desolate. She had become

more mature than ever.

Suzi sighed softly, and then said: " Rong Rong, I understand everything you said, I understand, don't get excited about this matter, if you need any help, tell me first, otherwise, don't go to the villa where you and Ruian share. .

You follow me to my mother's place.

My mother's small yard was originally quiet, and it was very spacious for her to live alone.

It happens that you live in, my mother is not so lonely.

Moreover, she can help you take care of two children.

Can you see? "

Rayna didn't want to cry at first, but after hearing what Suzi said, she couldn't help but cry: "Suzi, you are the best person in the world, no one treats me so well."

"Don't cry . Come on, don't cry in front of Dabao and Xiaobao, be obedient!" Suzi said.

Rayna nodded immediately: "Hmm!" The

car continued to drive forward. Because Suzi was thinking about her mother's affairs, she didn't ask Rayna any more. Come and give Jun Ruian a call.

Thinking like this, he soon arrived at the door of his mother's house.

Before the car stopped, Suzi saw the man in the photo Shaoqin sent her.

The man was standing outside his mother's door with a bouquet of flowers in his hands.
