

# PUNISHED BY HIS LOVE

## Chapter 2252 - 2261

Pan Youming asked indifferently: "What did they say?" On

the other end, the guard said impatiently: "The old couple kept mumbling, you are their son, you are their son, they raised you, let you talk about your conscience.

Later, they kept mumbling, wanting to see you once.

As long as if you are willing to see them, they will recruit them."

Pan Youming couldn't help laughing.

These are their adoptive parents.

In fact, he has already decided not to sue them, but the adoptive parents are still adoptive parents after all.

Even if he has been in prison, he still does not forget to carry out moral kidnapping on him.

Pan Youming's last sympathy for his adoptive parents was gone.

What was left in my heart was only sadness.

But, even if he no longer has any compassion for his adoptive parents, Pan Youming still has the tolerance he should have.

He said into the receiver, "Okay, I'll be at the detention center in two hours."

People were in the detention center, and it stands to reason that Pan Youming could no longer see his adoptive parents.

He only explained the situation to the guards holding his adoptive parents after he arrived at the detention center.

“I have decided not to prosecute them for trafficking.” Pan Youming said solemnly.

After all, it has been more than ten years since that incident.

His hukou has also been in the local town, and there is no evidence of the transaction that his adoptive parents bought and sold back then, so as long as Pan Youming himself is not investigated, it is basically impossible to convict him.

“Mr. Pan, you are such a good person,” the guard said.

“Can I pick them up?” Pan Youming asked.

“It’s fine when the formalities are complete.”

“Okay.”

Going through the formalities is not an easy task, there are too many procedures to go through, Pan Youming is considered smooth, but it took a whole day.

Until the afternoon, the formalities were finally completed.

Pan Youming was also able to meet his adoptive parents.

The adoptive parents and three older sisters who had been imprisoned for a whole day have all disappeared.

Through the glass, Pan Youming can see their decadence and mourning.

However, the moment the door opened, that is, the moment Pan Jianliang and his wife saw Pan Youming, the husband and wife’s arrogance immediately rose again, because they had heard from the guards that they were acquitted.

Acquitted.

Moreover, it was their adopted son Pan Youming who came to pick them up.

“You wolf cub! Look at me today, I’ll kill you! If I don’t kill you, my surname is not Pan! I’m not a father!” Pan Jianliang raised his arm and was about to hit Pan Youming.

He was held down by two law enforcement officers.

It was at this critical juncture that Pan Youming received a call from Suzi.

Suzi’s concern for Pan Youming on the phone and the affection he gave Pan Youming proved once again that Pan Youming’s affection was in Nancheng.

His family relationship has never been in that small county.

He is no longer Pan Youming.

He is now Pan Haoyang.

Originally, he didn’t intend to show any compassion for his adoptive parents, he just wanted to let them fend for themselves.

Now, when he heard Suzi’s call from him, and when he looked at the faces of his adoptive parents who were going to devour him alive, Pan Youming was even more determined.

He wants to sever ties with his adoptive parents.

“Dad, Mom.” Pan Youming shouted indifferently.

After a pause, he smiled sadly: “You are free, and no one will investigate whether you have abducted and sold children from now on.”

Hearing what Pan Youming said, Pan Jianliang felt that he was justified, although the two law enforcement officers pressed him His arm, but he still struggled and roared: “You white-eyed wolf, you have no conscience, if you have the ability, don’t call our parents! If you have the ability, don’t let us go out! We won’t go out!

We’ll just go out! Sit in this jail for a lifetime!

Humph!

Now it's not that you don't admit that we are your parents!

## Chapter 2253

We do not recognize you!

Even if you shouted to let us out, we wouldn't recognize you!

You are not our son!

We are not related by blood! “

Pan Jianliang originally wanted to use a hard-to-find move in exchange for his son's conscience and his son's face in front of outsiders.

After all, it was a fact that they raised Pan Youming. When they saw their son coming to release them, they knew that, The son's heart softened.

Therefore, they have no confidence and no fear.

After scolding and letting out anger, Pan Jianliang squinted at Pan Youming.

He thought to himself, Pan Youming will definitely kneel down to the old couple to ask for forgiveness. The grace of

upbringing is a fact. If a person does not even recognize the grace of upbringing

, how can he gain a foothold in the society, and how can he stand in the hospital?

He said, “Okay. “

Pan Jianliang thought he heard it wrong.

He stopped rolling his eyes and squinting, and immediately glared at Pan Youming: “What did you say? pardon. “

Pan Youming repeated it again: “Didn’t you say, I am not your son, we are not related by blood, you admitted it yourself. “

Pan Jianliang: “...”

The wife next to him also looked at his son with panicked eyes: “Mingming...”

Pan Jianliang grabbed his wife’s hand, and then continued to glare at Pan Youming: “What do you mean, tell me clearly! Did you come to pick us up today, didn’t you want to take us home to enjoy the happiness?”

Pan Youming shook his head. Shaking his head: “You admit it yourself, we are not related by blood, which is better.

We are indeed not related by blood.

Our fate will end here.

I will not care about the previous things.

From now on, we really have nothing to do with each other.

Let’s go.”

He didn’t want to explain much.

I don’t want to get mad at the two seventy-year-olds either.

After saying these words, Pan Youming turned around and left.

The adoptive parents were completely stunned.

It was almost petrochemical on the spot, and they watched Pan Youming go out. Through the window, they could even see Pan Youming starting to pull his car door.

The couple reacted.

First, the wife cried out, “My son...”

Although Pan Jianliang's reaction was half a beat slower, but he was in better health than the old lady, he immediately charged and rushed: "My son, You really don't want us anymore, you can't ignore us, son..."

Don't look at the fact that he is over seventy years old, but at a critical moment, Pan Jianliang ran faster than a rabbit.

He rushed to the front of Pan Youming's car and slapped Pan Youming's car with both hands: "My son, my son, you can't leave us alone! You can't!

If you leave us alone now, the old couple will still be With your sister, we'd all be homeless.

Son.

Woohoo..."

The seventy-year-old old man cried extremely desolately.

"Let me tell you the truth, your sisters haven't learned anything well in the past few years, no no no, they were deceived, they even crossed the border and went out to gamble, losing all their family property.

If you don't care about us, we will There is only one dead end."

Pan Youming sneered.

Finally told the truth.

very good!

He opened the car door, got out of the car, and looked at his adoptive parents calmly: "Because I was homeless, I came to Nancheng to find me. It's best if I don't get married and have no children, so that everything in Nancheng will be restored. It's yours, right?"

## **Chapter 2254**

Pan Jianliang hesitantly: "Son..."

"I am not your son." Pan Youming's The tone has always been calm.

At this time, Pan Jianliang's old wife has also come to Pan Youming, she is also looking at Pan Youming, she originally wanted to be like Pan Youming, shouting 'ah', but before she shouted, she was caught by Pan Youming's words interrupted.

Pan Youming sighed and said, "The reason why I came here today, I submitted all the formalities for a whole day, and handed the guarantee letter to all the links, there is only one reason, that is, you are old.

Take 10,000 steps back, you With me, I still have this kindness.

So, this is the last thing I do for you.

As for what you said, we are not related by blood. I am not your son, which is indeed.

Even if you are not with me Say, I'm going to tell you the same thing today.

Now, please be kind, I, Pan Haoyang! I'm

the son of Fu Zhengxiong, the last president of the Fu family in Nancheng.

I'm not your son.

From now on, I have nothing with you . This

is a detention center, and the police here can surround you on three floors and three floors outside. If you hold the front of my car here and prevent me from leaving, the police will take care of you.

Of course , if you don't want to come out, I will at most turn your confessions.

My mother and I, as well as our neighbors in the county town, will all testify that your husband and wife bought and sold infants and young children back then."

The words were very calm.

Also ruthless.

Said Pan Jianliang and his wife burst into tears.

“Son, you...are you really so heartless? I’ll hold you back as soon as you were born, hug you at night, wipe your urine, and give you milk...”  
Pan Jianliang The old wife’s nose and tears are two lines, and it is still the same sentence.

This sentence certainly made me cry.

But, he said too much but also babbled.

It is often said that three words are as fresh as water, which is exactly what it means.

But having said that, since Pan Youming is determined to cut ties with his adoptive parents, he must make it clear to his adoptive parents.

“Well said.” Pan Youming smiled sadly: “You drag me with shit and urine. You have a lot of maternal love.

But you never thought that this kind of maternal love of yours would deprive a newborn The child’s, the mother’s love of a 20-year-old, helpless woman!

Your mother’s love is not because you love me so much!

It’s because you need a son!

Your mother’s love is selfish in itself

It’s just for yourself!” After

saying this, the old lady was speechless.

She was speechless for a long time, and then she insisted: “Who said I don’t love you anymore, you are my son, how can I not love you? In this world, how can there be a person who didn’t love his son back then!”

“Yes, yes, this How can there be parents in the world who don’t love their sons?” Pan Jianliang echoed.

“Love me?”

Pan Youming asked back.

“Love me, when I was very young, you would watch my third sister beat me without paying attention? If you say that this kind of indifference is aimed at all your children, I will not do that either. It’s sad.

After all, as a child, you will grow up to fight. However

, your ignorance is only for my third sister who beat me when the nose and mouth bleed. Once I fight back, I will beat my third sister even if it is one. Fist, both of you and your wife will beat and kick me.

Of course, the reason you beat me is that boys have to be gentlemen and boys can’t beat girls.

But I thought about it later, the real reason you beat me, and It’s not that boys can’t beat girls. The real reason you beat me is because I beat your biological daughter, right?

Otherwise, after I married Tian Ningning, why would you often instigate me to beat Tian Ningning?

Fortunately , I didn’t listen to you at the time, otherwise the crime of threatening Tian Ningning with a knife at the time would never have been cleared up.”

## **Chapter 2255**

Pan Youming smiled bleakly and continued.

“Also, since I can remember when I was about seven or eight years old, I have to cook by myself.

Whenever you Pan’s family has something delicious, they always eat it next to my eldest sister, second sister, and third sister. I have never had mine.

Every day When I go to school in the morning, the eldest sister, the second sister and the third sister all have money for breakfast. I don’t

have any. I feel very hungry. What should I do? I can only get up early and cook for myself in the kitchen.

But even so , my grandmother is still hitting me with a walking stick.

Forgive me for wasting briquettes.

If I were your son, if you felt sorry for me even a little bit, would you let your son have no food in the morning?

Eight years old!

Eight years old That year, I was only in the second grade of primary school!

Two months after the summer vacation, you sent me to the gate of a canning factory in Nanguan, our county, and asked my eight-year-old child to paint canning bottles for others.

At that time, canning A bottle is one penny.

I can only make three cents for thirty cans.

I can only brush seven or eight yuan from the beginning of the morning to seven or eight in the evening. The eight-year-old earned five hundred yuan in two months in the summer vacation. , what happened?

You didn't even give me five yuan, but took it all from me.

At that time, my tuition fee was only ten yuan per semester!

I paid for my books, tuition fees, and my clothes for one semester. , not even five hundred dollars.

My school fees and my food expenses were all earned during my summer vacation!

As parents, you never gave me a penny!

Since my second grade in elementary school, I have to go out to do child labor every winter and summer vacation!

Every summer vacation, I go to the nearby canning factory to work, and my feet are soaked by the waste water. Have you ever helped me to buy some disinfectant water to wash it?

In this world, what parent can see their son like this?

You may have never understood why I chose to major in medicine at university.

That's because when I was a child laborer, my feet were soaked in waste water, but there was no one and no money to take a look.

I swore as a child that I wanted to be a doctor!

At least treat yourself!

The reason why I am with the person I love now, Yingzi, is partly because Yingzi also worked as a temporary worker in a cannery when she was a child, and Yingzi's feet were soaked!

You, your entire Pan family of seven, who has tried this taste?

You keep saying that you treat me as a son, keep saying that you give me the love of a father and mother, and keep saying that you are nurturing me.

Have you ever touched your conscience and thought about it?

How did I survive since I was a child?

You don't know!

But I know!

Growing up, my only belief was that my parents didn't like me and my grandparents beat me. The four adults didn't love me like they loved my sisters. It must be that I wasn't good enough, or that I wasn't diligent enough!

I am not obedient enough, not good enough!

I'm not good enough to earn enough money to support my family!

If I can achieve good grades in school, let my three sisters do everything, if I can do the things at home and rush to do it, if I can listen to my parents very much, even if the three sisters beat me, I will not Fight back.

If I can earn money to support my family from a very young age, and give the money I earn to my parents.

In this way, my parents, my grandparents, must like me, right?

However, I have done everything, what do you think of me? Having

said that, Pan Youming looked at his adoptive parents with red eyes, and asked again, "What is your attitude towards me? "

## **Chapter 2256**

Some questions, Pan Jianliang's parents really can't answer.

The old couple's faces were all red and white.

Red as blood when red.

When it is white, it is as white as white paper.

Pan Youming looked up at the sky, sighed and laughed several times.

Then he said again: "It wasn't until I grew up in high school, when I was about to take the university exam, that you didn't let me take the university exam, for fear that after I was admitted to university, I would fly away and never come back, I finally understood.

I'm not Your own sons.

You bought me for one purpose only, and that is to allow me to retire for you.

Because in our local area, there are no sons in the family, and people will be regarded as destitute. The

desperation is inferior to others.

You don't want to feel bad for a child you bought back.

Your goal is to neither invest in this child nor let the money you spend go to waste, and earn back the money you spent to buy the baby at the same time. , let that baby grow up and take care of the old age of the four of

you! This is the best deal for you!

Isn't it?"

"No...it's not." The old lady denied it. .

Her face was also getting redder.

The blushing was because the son said everything on their minds.

That's exactly what the two of them thought.

They just don't want to suffer.

I just want to make some money back.

But such calculations and thoughts were all spoken out by the son, which made the old couple feel a little overwhelmed.

Pan Jianliang opened his mouth several times, but couldn't say a word.

Pan Youming continued: "Originally, these are all forgotten. After all, you are my adoptive parents after all.

Fortunately, I also grew up safely and went to medical school.

But, I came back to my hometown . What about the county seat?

You insult me and attack me.

I open a clinic with my own house, and I have to pay the rent for my three sisters every month!

What does this make me feel?

Forget it!

I don't care!

But that hospital is my career that I worked so hard for!

It was the career that I originally planned to fight for my whole life ! It was my hard work

, and through my own efforts, you didn't help me, it was my own hard work and hard work! You and my sisters, you even want to keep them for yourself!

What do you mean the clinic is yours!

And I can only work for your family!

If I don't agree, you will take me to the detention center.

Dad!

Mom More than ten years ago, I was also taken into the detention center by a few of your Pan family .

Do you remember?

Just like you are now.

You can't stand it after only one day in the detention center. But

don't forget Yes, I was in the detention center for fifteen days!

When I came out of the detention center, I had become a street rat in a small county town.

Let me ask, if we were your own son, would you treat your own son like this?

Forget about my son.

Even your daughter, are you willing to treat it like this?

Have you ever seen you treat your son like this in this world?

You never regarded me as your son, but only as your blood bag?

Is it true that you want to suck my blood for the rest of your life, and while sucking my blood, I have to give you both old age and death?

If it weren't for the shit I did in the provincial capital, maybe you guys are still complacent.

The most successful business you have invested in in your life is the little baby boy that you spent thousands of dollars to buy.

Only a few thousand dollars!

## **Chapter 2257**

You have not raised money since you were young.

He didn't pay for his studies.

But you can get from him a lifetime of inexhaustible wealth.

Not only that, but you four elderly people have also settled in the latter half of their lives.

Not only will you benefit, but even your three daughters will be able to squander this inexhaustible wealth.

Isn't it! “

Pan Youming has never confessed these words to his adoptive parents like this. But

today, since we have to make a complete decision.

Since we have completely cut off contact from now on,

we have to say it completely!” Since I'm a child of your Pan family, I don't plan to care about it anymore. I have a little advantage and I'm very optimistic. As long as the world gives me a little smile, I can become a sun. Later, I had Tian Ningning, and I went to the provincial capital for development.

I thought it would be a great future for me.

But, I didn't expect that Tian Ningning was the woman who hurt me even more.

At that time, when I was desperate, and when I needed my family the most, what did you do?

During the four years of my marriage with Tian Ningning, the property you looted from Tian's family and me was tens of millions!

One billion!

My life with Tian Ningning could have had a good development.

Even though she hid a lot of things from me, she didn't have any feelings for me.

But, the reason why Tian Ningning and her father don't treat me like a human being, and why they call me a phoenix man, isn't it because you have looted tens of millions of people's property in four years!

Money you looted.

Never thought to give me a point!

Is this how you treat your son?

Even if you don't give me a penny!

I have always been very light on money.

However, I later fell out with Tian Ningning. When I was forced into a corner, when I held a knife to treat Tian Ningning, that was also the time when I needed family comfort the most. At that time, my heart broke down.

At that time, as long as my family could reach out and give me a hand, I would not have done such a thing.

However, as my family.

As a family member who ripped tens of millions from me, what did you do to me at that time?

Sever ties with me publicly!

When I was arrested, not only did you not comfort me, but you also scolded me, listing all kinds of trumped-up crimes in front of the police. Even I was detained in the small county detention center in my hometown for half a month, and you all reported it. to the police!

Is this what you are supposed to do as parents?

Just ask, if I were your biological son, what would you do?

When I was in a coma in the provincial capital, what did you think of me at the time?

dad!

mom?

Let me ask, four years ago, when I died in the provincial capital, what did you think of me?

If I guess wrong, you would have expected me to be sentenced to death at that time, right? “

Pan Jianliang’s parents looked at Pan Youming in embarrassment.

Pan Youming sneered lightly.

obviously.

It’s what he said.

He knew that they had such a mentality at the time.

“So, you understand, when my mentor woke me up and petitioned for me, so that I finally got out of the sea of misery, why did I not contact you again, but chose to study abroad?

Because at that time, I had already made up my mind. In this life, I will never contact you again. In this

life, I will never contact your Pan family again. In

my life, there will be no adoptive parents and Three older sisters!

So please leave.

Don't bother me again in the future.

If there is a future, my biological parents will take your two elders to court with the paternity test certificate, and let you sit in jail!

Now, please let me If you don't let it go, the people in

the detention center will have a way to get you out of the way." With all that said

, Pan Youming didn't look at the second elder of the Pan family again, and turned around to pull the car door.

Pan Jianliang suddenly howled loudly behind him: "Mingming, we... are desperate."

## **Chapter 2258**

Pan Youming is not surprised.

Cornered, he already knew.

He turned his head and sneered: "I have nowhere to go, you came to Nancheng to join me, but you still don't forget to pull me into the water!

It's not that I am surrounded by swindlers. It's just that I'm a white-eyed

wolf.

Me? I

just don't want me to get married, because I'm afraid that I will have children, so that my property in Nancheng and my house are all yours.

Not only you, but even your daughter's children can pass through my property in Nancheng. Identity, do you want your grandson to have a Nancheng hukou?

You are going to squeeze the last drop of my blood!

Isn't it?

Isn't it the most unlucky adopted son in the world when I put on adoptive parents like you? The irrefutable

evidence proves that you are not my biological parents, and you can't come up with the adoption procedures, so why should I continue to argue with you

?

to pull the door.

"Mingming!" Pan Jianliang called out to Pan Youming again.

Pan Youming looked at Pan Jianliang: "Just say what you want to say, before I get in the car. I get in the car, the car drives away, and we will never know each other again!"

"Mingming, when it comes to calculations, you from Nancheng These relatives, what your rich father did to us, wouldn't it be even worse?"

They have deep pockets.

I was able to go to the county seat and notify the neighbors one by one, so that they would not answer my calls.

Later, I changed your sister-in-law's phone number and called my neighbors. They saw that it was an unfamiliar number, but they were connected, but they didn't give me proof that you are our adopted son.

Neighbors for decades.

It was all bought by your biological father, your brother and sister-in-law.

Are those relatives of your Fu family not heartless towards us?

Does it not count? “

Anyway, things have come to this point, and Pan Jianliang is willing to give up.

He just wants to seize the last little bit of hope. He

hopes to influence Pan Youming. But he never thought about

it, and Pan Youming smiled contemptuously: “You think of others as you do.” ! Do you think that the Fu family has all the financial power, so they bought off all their neighbors?

Then I’ll tell you the truth!

The Fu family is indeed hands-on, and on the day you came to me to make trouble, my brother Arron sent someone by plane to the small county town to prepare for the visit in order to have a way to completely cut off from you.

Originally, they also wanted to use money to stop the mouths of those people.

However, what my brother and sister-in-law didn’t expect is that those neighbors are willing to testify even if they don’t want a penny. You did indeed sell me for money.

Not only testify to your illegal business in those days.

They can also testify that you have abused me since I was a child!

It’s all voluntary!

Do you know why?

Because for so many years, your domineering, unreasonable, and domineering, your neighbors have long hated you!

This is your fault!

It’s because you have done things so badly that you have cut your back! “

Must be said, Pan Youming opened the car door and got in the car.

“No, don’t... Mingming, don’t care about Mom and Dad, Mom and Dad know it’s wrong. Pan Jianliang cried and lay in front of the car.

“We really know it’s wrong. We will never stop you from getting married and having children, and we will never search or destroy you. We will follow you in the future and wait for you and your daughter-in-law.” After giving birth, your mother and I will help you take care of the child.

From now on, we will follow you honestly.

Mingming...”

Pan Jianliang laughed sarcastically: “No need. Mr. Pan, Mrs. Pan. I really can’t leave my child in your care, because I’m afraid you will spoil my child.

You better babysit your three daughters.

From now on, we have nothing to do with each other.

## **Chapter 2259**

If you come to me next time. If you go crazy in the hospital, then what awaits you is to sit in the bottom of the cell.

Mr. Pan, please get out of the way.

If I don’t get out of the way, I’ll call the law enforcement officers. “

Pan Youming said very calmly.

He no longer has any feelings for the Pan family. It’s not

bad if he doesn’t have hatred.

Seeing that Pan Jianliang couldn’t get up, Pan Youming had to call the law enforcement officers. The law enforcement officers came in a few minutes, and they took Pan Youming again. The couple pressed it forcibly, and then gave way to Pan Youming.

“Old man and old lady, you can be content. After working as a bad guy for decades, this is the first time we have seen a trafficked person open up to the person who was trafficked back then.

You go back now.

If you're making trouble here, I'm sorry, you have to go to the detention center! ” While the

law enforcement officers were talking, Pan Youming's car also started slowly. The

car slowly drove out, and Pan Jianliang's desperate cry was still heard behind him: “Mingming, we have nowhere to go. If you don't help us, what will I do?” There is only one dead end. Mingming, we know we are wrong, can you give us a hand...”

Pan Youming in the car only said two words softly: ” No. ” It's

not his fault that he has nowhere to go.

In this world, because of gambling, because of insatiable greed, he has made himself into a lot of redemption.

Did he let Pan Youming pay for it?

The car pulled out of the gate, drove into the main road, and accelerated away.

His mind was mixed.

Not very pleasant.

After all, he was giving up a relationship.

However, my heart is relaxed.

It was like, a tumor in the body was finally cut off.

From now on, he will go to his new life.

With the person she loves, she has a bunch of children with her love, and her own mother can always accompany her old man for thousands of years.

Pan Youming fantasized about such a scene while driving.

In a lively small courtyard, three or five children are running.

The elderly grandma sat on the wicker chair watching all this and laughed.

He and Yingzi were busy in the kitchen.

What a good picture that is?

There was clear music in the car, and Pan Youming drove all the way back home.

The moment the door opened, he could smell the smell of rice.

It was the kind of home-cooked meal that would open up her appetite.

“Yingzi, I’m back.”

“Mom, I’m back.”

Pan Youming shouted twice.

A figure suddenly appeared in the room, looking at Pan Youming sweetly: “Youming, you are back.”

Then came the mother in an apron.

Zhu Zhu looked at Pan Youming kindly: “Youming, things are settled, they were released?”

Pan Youming nodded: “Well, released.”

After a pause, he looked at Yingzi again, and asked curiously, “Yingzi, you always call me Haoyang, why did you suddenly call me Youming today?”

Yingzi blushed, and then whispered: "I was chatting with my mother today. When I said Haoyang, my mother said Youming. We were always interrupted by two inconsistent names when we came to chat.

Later I figured it out, whether you are Haoyang, yes Youming is fine, it's just a symbol anyway.

You are my man.

Then I'll call you Youming just like my mother."

Pan Youming shook his head.

He looked at his mother and his wife solemnly, and solemnly said, "From now on, I will bid farewell to Pan Youming. My name is Pan Haoyang!"

## **Chapter 2260**

"Hao Yang." Yingzi Xiyue shouted.

She would have called 'Hao Yang' more smoothly.

And the mother Zhu Zhu didn't have much concept of what the child should be called, because the child was stolen before she had time to name the child.

As long as she can see her child in this life, what is the child's name, what does it matter?

The mother also gently shouted: "Haoyang, wash your hands and eat, child."

"Hey, good mother." Pan Haoyang smiled.

The mood is relieved.

From now on, he will have no worries.

There will be no more nightmares of being entangled, blackmailed, slandered, and slandered.

However, I really want to thank someone.

Although, that person is the real culprit.

“Mom, I have a request, I hope you don’t blame me.” Pan Haoyang said to his mother while eating.

The mother smiled lightly: “Child, mother understands, although mother has no fate with that man, but he is your biological father, after all, this time to solve the Pan family, if there is no proof from him, the Pan family will not be so easy to solve.

So you should thank your father.” Pan

Youming nodded: “Mom, you are the most reasonable woman in the world.

Don’t worry, I’m just going to thank him, I still have grudges against him, I can never be close to him in my life.

Because the culprit behind everything originated from him. “

“Hmm. Zhu Zhu also nodded: “Mom listens to your advice. “

She will not prevent the child from recognizing his biological father. She will

not embarrass her own child and let him recognize his powerful father.

It is better to let the flow take its course.

Pan Haoyang went there early the next morning. In Fu Zhengxiong’s place.

The next day he was on the afternoon shift, and there was no surgery scheduled that day. Pan Youming had breakfast at home and drove out

. It takes about an hour and a half to drive to the big mansion alone . There

are several places to pass on the way.

Among them, I insist on being the largest railway station in Nancheng.

When the car arrived at the railway station, Pan Youming happened to see the Pan family. A family of five people, standing at the intersection of the train station they are going to. There are

five members of the family, everyone has an extremely desperate expression on their faces.

At this time, it is the time of traffic jam when going to work in the morning.

Pan Youming's car is also just right At the intersection.

Sitting in the car with the windows slightly open, he could even hear the five members of the Pan family talking about something.

“Sister, what should we do now? We didn't even have the money to stay in the hotel yesterday, and the debt collection from our hometown was also very serious. We were at the train station. Whether to go back to our hometown or where to go, you three sisters have to decide. This is Pan Jianliang's voice.

Overnight, his voice has grown a lot older.

Pan Panpan, the eldest sister of the Pan family, has also lost her former domineering and domineering. She said with trembling lips, “Dad, we didn't live last night.” Hotel, just make do with this train station for one night, I'm going to freeze to death, I seem to have a fever, Dad. “

“Eldest sister, I didn't tell you. Back then, I rushed to find my younger brother and killed him. It was you who first came up with the idea.” Pan Gaigai, the second sister of the Pan family, has already started biting dogs.

Immediately afterward, Pan Youyou, the third sister of the Pan family, also muttered: “When I was a child, I had the best relationship with my younger brother. We are about the same age, but our whole family doesn't like him, and we treat him like an outsider and guard like a thief. I am the youngest in the family. , I have no right to say what you say or do. I can only follow you.

Now, my younger brother has such a strong foundation in Nancheng.

No one thought that he was really the son of the Fu family in Nancheng, Nancheng. Do you know what kind of existence the Fu family is? The

Fu family is the strongest company in the country!

It is very famous internationally!

## **Chapter 2261**

We could have had a relative of the country's richest man.

The results of it?

Now it's screwed up by you greedy things!

We're going homeless!

We're going to be charged!

Maybe we will be corpses on the streets tomorrow, woo woo..." The youngest daughter, Pan Youyou, has always been used to arrogance. Now that things have gotten to this point, she will shirk it

better than anyone.

Does she have the best relationship with her younger brother?

From childhood to adulthood, Pan Youyou has beaten Pan Youming countless times.

Bully her brother as much as she wants. I really

don't know, but now, she can say such a thing without any guilt. Let's just say it, after all, it's the grasshopper of the autumn queen. It won't be a few days.

Homeless. Huge gambling debt. These are enough for the Pan family to have no way to escape. Pan Youming sneered in his heart. He didn't want to hear this, Because these people had nothing to do with him anymore. However, the traffic was still blocked, so he had to listen passively.
