

# PUNISHED BY HIS LOVE

## Chapter 2272 - 2281

Jun Ruian has always respected Suzi.

Besides, he loves Rayna deeply.

Therefore, when both of them were impulsive, Jun Ruian chose to back down.

He nodded seriously: "Okay, auntie, I'll listen to you, I'll leave first, I'll wait for you to come to me."

Yu Bi, Jun Ruian looked at Rayna again: "Rayna, I'm waiting for you, I've been waiting for you all the time, whenever you change your mind and want to go back to the capital with me, that's fine."

Rayna didn't look at Jun Ruian.

Jun Ruian looked at the two little ones again: "Dabao, Xiaobao, say goodbye to Dad." The

two bear children have one picture on the left and one picture on the right.

Then in unison: "Humph!"

Jun Ruian smiled awkwardly, then turned and left.

His back was a little lonely, so Suzi couldn't bear to look directly.

Suzi and Arron glanced at each other, but Arron said nothing.

In terms of the conflict between Jun Ruian and Rayna, Arron did not take part in anything.

He is a man.

So, never get involved with these parents for short.

But, from the bottom of his heart, he understood Rayna.

Because Arron has also done mud legs, has also been displaced, and has never been accepted by the entire upper class.

According to his original intention, he is not at all rare to integrate into that high society.

In Arron's cognition, he is the upper class!

Therefore, he disdains seeing anyone's face.

Never integrated into the Fu family.

Even, since childhood to Dalian, I have never been called 'father'.

He is equivalent to taking down a world with his bare hands and letting the whole high society bow down to him.

It's just that when a person reaches a certain height, he chooses to be indifferent and calm.

He glanced at Suzi indifferently, which meant that there was no need to force anything.

He understood Rayna.

Suzi understood.

She also understands.

Because she also came from the bottom of society and received all kinds of humiliation.

In fact, to put it bluntly, in the vast world, among all living beings, there is only one in a million of the upper class, right?

And most people don't live in muddy water.

Flesh and blood, quarrels, red eyes, jealousy, joys, and sorrows.

Where is so much decency?

This weekend, when Suzi and Arron left Pan Youming's house, they were still very concerned about Pan Youming's life and work.

They know that even though the entire Pan family has been completely destroyed, this will make Pan Youming sad for a while.

But, that will pass.

From now on, Pan Youming will truly usher in a new life for him and Yingzi.

By the way, and their mother, Zhu Zhu.

Pan Youming is a steady man, he doesn't need anyone to worry about him in the future, he can live well.

Therefore, Suzi, Arron, and others left the Pan family with confidence.

A group of people left Pan's house, back and forth, and left the gate of the community. When Suzi was about to get into the car, Darius stopped her: "SuziSuzi."

Suzi looked at Darius gently: "Brother, what's the matter? "

Darius has always been gentle and refined, steady and sensible.

In Pan Youming's house, when Rayna and Jun Ruian quarreled, Galia spoke, but Darius remained silent.

Even those present ignored Darius's existence.

Until this moment, Darius said solemnly to Suzi: "SuziSuzi, Rui'an and I have always had a good relationship. We have worked together for so many years and opened a construction company together. We have never blushed or quarreled.

It can be said that Ruian and I are very good brothers.

## **Chapter 2273**

However, let her be, she is my cousin. "

Suzi nodded: "Brother, what do you want to say? "

I think the Jun family probably forgot that Qingrong is not a commonplace person, she has a backstage, and she has the entire

Shu family to support her. She is not a little shrew in the market, her father used to be a talented person from Kochi, it's just..."

"It's just a mistake, she was killed by her uncle and aunt since she was a child.

From the moment your aunt and uncle died, her life was stolen.

She has lived in that kind of place since she was a child, where neighbors gather together for meals, talk and laugh, and areas affectionate as a family.

However, if someone's chicken runs to another house to lay an egg, the two families may break their heads because of the fight for an egg.

They may line up from 5:30 to the hotel because the market has a discount at 9:00 pm, and then try to cut the line by all means.

And because if you can come very early in the morning market, you may buy vegetables at wholesale prices, so you get up at 3:30 in the morning to queue up, and even place your own small bench to take a seat first.

Whoever occupies someone's position will fight.

But, this is their life, bro.

Don't say condescension.

When I was a kid, it wasn't like that.

Rayna came here from birth to twenty-five years old, and she was used to it deeply.

Even if she is not the cousin of the Shu family, but the eldest miss of the Shu family, she has never lived in the Shu family since she was born, she still cannot change into a famous Shuyuan.

Because this is in the bones.

Temptation tried to change it.

It was painful for her to change.

She doesn't want to change now, she just wants to live her own life.

Why?

Why do you have to change yourself for the sake of the Jun family, instead of the Jun family to change themselves for the sake of Qingrong?

After some remarks, Darius was speechless. Shu Mingzhen

is a humble gentleman who can understand and tolerate people the most. But he

did not think about this. Isn't Jun's family trying to tolerate change? Suzi is right. Just like Suzi herself, she is the wife of the president of the Fu Group, but she never takes this title and never plays a big wife's temper, even Suzi Very few go to the Fu Group to hang out. She has always been conscientious in doing her own job. She is very conscientious and very successful. Even though the noble life is envied by everyone, Suzi feels independent, self-reliant, diligent, and diligent, which makes her even more amazing It's refreshing. Now, Rayna also wants to learn from Suzi. Originally, Rayna was Suzi's fangirl. However, Suzi has never been a big fan of other people's affairs. Any person's affairs, She doesn't really want to be involved, especially in a marriage where two people still love each other, and it is even more necessary to give each other more opportunities.

What's more, Rayna and Jun Ruian have two such lovely children.

After work, Suzi and Rayna communicated for three days.

She weighed all the pros and cons with Rayna, and in the end, Rayna calmly said to Suzi: "Suzi, I know, you are all for my own good, it's been three days, I'm calm. , Through the analysis you gave me, I have already figured it out.

I want to see Jun Ruian in person.

Can you accompany me?"

Suzi nodded: "Of course, there is no problem!" After work in the

the company, Rayna did not rush to pick up the child from the small nursery but went to the villa where Jun Ruian was with Suzi.

The door opened, and when Jun Ruian saw that the person standing at the door was Rayna, he was overjoyed: “Rong Rong, have you figured it out?”

Rayna immediately jumped into Jun Ruian’s arms: “Ruian, I’ve already thought about it very clearly.”

## **Chapter 2274**

Rayna flutters in Jun Rui’s arms, very nostalgic and very affectionate.

What she said was even more affectionate: “Rui’an, I love you, I love you very, very much, and I can’t bear to divorce you.”

Jun Ruian immediately hugged Rayna: “Silly woman, you love me That’s right, you think, just like you, you have a little braid every day, and you can’t say a word on your head or your feet. No man can stand you.

Except me.

You man.

The father of your child.

Can five The year’s tolerance for you.

So you see how smart you are, silly girl.

Let’s go, go home with your husband, your husband forgives you, and wireless tolerates you.

Most importantly, your husband loves you too, and only loves you in this life.”

He is true I only love Rayna.

Never thought of another woman.

Now, Jun Ruian can also rest assured. It's normal to be awkward for a few days. As long as you are willing to go back with him, everything is not a big deal.

However, just after he finished speaking, he heard Rayna say word by word: "But Ruian, I can't go back with you."

Jun Ruian: "What?"

"I love you very much.

But I I still don't want to go back with you.

I won't divorce you, but I won't be attached to you anymore. I want to be self-reliant and live out my own way. I'm not your accessory, let alone your family's accessory.

Of course, it is even less likely to be a test product of the upper class.

I will just be myself.

Jun Ruian: "Qingrong, you...you said, you love me, you won't leave me, you won't divorce me."

"Well, I love you. I won't leave you. As long as you don't file for divorce, I will definitely not divorce you, because I only love you as a man in my life.

But that doesn't mean that I am willing to live with you in the deep house of Jun's family.

I want to work

Since I don't have my job in Kyoto, I'm in Nancheng, and my construction career is actually doing very well. This

way I feel more comfortable.

If you want, you can stay in Nancheng and stay with me.

We will be indifferent, The material requirements are not high, and I don't need to hire a babysitter. I take care of the children by myself.

I can also go to the street to buy food and bargain.

It's fine.

Occasionally, when we are on vacation, I will go back to Kyoto with you to visit my parents."

Said In the end, Rayna didn't ask Jun Ruian, "Is it okay?"

She didn't ask that.

She ended it very directly.

Pretty sure.

That meant, she wasn't discussing with Jun Ruian, she just made a decision.

She saw that Jun Ruian's expression was still full of love.

Her expression was so calm and firm.

For a time, Jun Ruian actually had a different feeling for her, that feeling was that he was looking up at her.

Usually, he treats her like a little woman. Sometimes he pets her, sometimes she gets upset, and stabs her a few times. She always kicks him, and then she doesn't forget to wash his feet.

She was really used to it.

He's used to it too.

Seeing such a firm man suddenly, Jun Ruian's heart suddenly became nervous.

It was as if he was in love, but the woman he loved might not necessarily fall in love with him, but might fall in love with someone else, so he was worried.

Looking at Rayna's firm eyes, Jun Ruian knew that it was impossible for him to change Rayna's decision.

He also said very solemnly: “Rong Rong, I know your decision is very important, I love you too, I respect you, it’s good that you want to work in Nancheng, but you also know Rong Rong, I still have a father in Kyoto. Mom, and grandparents, there are a lot of people there.

They are also very worried about you.

I always have to go back and explain to them.

Then I am back in Nancheng. As you said, we will work and live in Nancheng in the future. We will go

back to Kyoto during the holidays. Visiting the old man.

How are you?”

Rayna cried immediately.

## **Chapter 2275**

Her tears fall down: “Rui An, I love you.”

“Nasty!” Jun Ruian scratches It frightened Rayna’s nose.

Rayna suddenly laughed.

The two of them were reconciled.

It wasn’t a big deal at first.

In order to return to Jun’s house as soon as possible to tell this, Jun Ruian did not stop in Nancheng, so he flew back to Kyoto immediately.

When he arrived at Jun’s house, he realized that sometimes the decision of two people can be regarded as a bolt from the blue for his parents.

“What? You! You have to get along with Rayna Rong and get away from me and your father!” The mother Zhao Wenpei immediately scolded excitedly.

“Mom...” Jun Ruian was quite embarrassed.

Here, Zhao Wenpei's eyes are red with anger: "Rui An, tell you to speak for yourself, tell yourself to speak!"

You speak

for yourself! Aside from not accepting her at first, my mother also treats her to her. How good?

Everything follows her. In

a few years, the gold and silver jewelry I gave her can fill a safe.

I treat her like a daughter!

I teach her the understanding of high society. Even

meticulous about eating, dressing, and every move! In

this world, which mother-in-law can do me like this, you say, which mother-in-law can do me like this! But

what about her!

She has always been perfunctory and never studied seriously!

She often loses face in front of my friends and the friends of Jun's family!

Even so, I don't despise her!

He didn't even say to drive her out of Jun's house!

She is fine!

Not only did she not appreciate it, not only did she not agree with us, but she even took the two children of the Jun family away and disappeared!

That doesn't count.

She even wants to take you, my only son, out of this house!

It's the heart of a wolf!

Heart of a wolf!

This is what our family is used to, let's do it!

The more you give her a good face, the more moisturizing her life is, the more she pushes her nose on her face!

no!

I can't let her go again this time!

If I, Zhao Wenpei, want to show her some color, does she really think I can tolerate her shitting and urinating on my head!

Simply lawless! Having

said that, Zhao Wenpei looked at Jun Ruian angrily and said to his word by word, "Ruian! Mom ordered you to divorce Rayna immediately!

Divorce now!

I'm going to make her cry and crawl, come and beg me!

See how she is still stubborn! "

Jun Ruian looked at his mother incredulously: "Mom, what did you say?" Let me and Rayna divorce? "

"Yes! Divorce now! If you still want your mother and your mother alive! Immediately divorced Rayna, and then the custody of the child was not given to her!

I just want to kick her out of Jun's house! "

"Impossible, Mom!" Jun Ruian rejected his mother without hesitation.

Zhao Wenpei raised her slap and slapped Jun Ruian in the face: "If you marry a daughter-in-law and forget your mother, you dare not divorce, and I will break your legs! I can tolerate you, your mother. My daughter-in-law sat on the floor yesterday, I can pet her, I can love her, I can buy her all kinds of luxury goods, all kinds of jewelry, I can do everything I can to bring her to the real upper class.

But, I have a bottom line on these. Yes!

Now she has touched the bottom line, so don't blame me for being ruthless!"

Jun Ruian also looked at his mother angrily: "Mom, don't force me!"

"You ask yourself, mother forced you, where is the mother? You didn't do well? You said it yourself?"

Jun Ruian stroked his hair and said helplessly: "Mom, you are not wrong, you are dedicated to Rayna, but that is not the life Rayna wants."

"Does she still want it? How many people in the entire Kyoto want to marry you, and want to squeeze their heads into the Jun family's mansion, does she want it? You, you, you...I want you right away. Divorce her!" Zhao Wenpei was almost mad.

Jun Ruian's face suddenly turned cold: "I'm sorry mom, I think I might have to move out and live with Rong Rong."

## **Chapter 2276**

After saying this, Jun Ruian strode out.

In all fairness, he didn't want to go against his mother like this. From the mother's point of view, her mother has changed a lot in recent years. At least her mother used to look down on her, and it was impossible for her to accept her. However, her mother accepted her forcibly. Rong and she still loves her very much, but her mother is still picky.

It's not good to be arrogant, it's not good.

Even so, her mother never said that she would drive Qingrong out and live to let them divorce.

There is something delicious, delicious, and if you see some fine jewelry, you will still think about it.

On the mother's side, Jun Ruian couldn't say anything about her mother.

However, his mother forced him to divorce.

How is this possible?

Rayna loves him, and he loves Qingrong too.

He can't get a divorce.

In this regard, he must stand firm and must not divorce.

Therefore, he can only be tough at this time.

The head will not go out.

Zhao Wenpei's tone behind her was extremely sad and desolate: "Xiao Rui, you, you are mother's only son, how much mother has tolerated your daughter-in-law for you, you really married a daughter-in-law and forgot your mother, God damn it, I made this What's wrong..."

Zhao Wenpei didn't finish a sentence before her eyes flashed, and she lay on her back on the ground.

"Wenpei! Wenpei!" Jun Jingheng, who came out of the study, rushed up immediately and shouted to his wife in a hurry.

Jun Ruian, who had already reached the door, was also surprised and turned back.

My mother lay unconscious on the ground with a pound, and the rest was convulsions.

"Mom!" Jun Ruian suddenly ran over and hugged his mother.

"Mom! Don't scare me, Mom!"

"Quick, call an ambulance! Your mom checked her body a few days ago, and the doctor warned her, don't get angry, your mom has signs of a stroke! Quick!" Jun Jing Heng immediately pushed Jun Ruian out.

Jun Ruian quickly called the ambulance.

The ambulance came quickly, and Jun's house was not too far from the hospital.

After entering the hospital, after some rescue, there was finally no irreversible damage to the cerebrovascular.

Arms can move, hands can move.

However, the body is extremely weak.

When Zhao Wenpei woke up, it was already the evening of the next day.

When Yoyo woke up, the first thing she saw was her son, and her voice was extremely weak: "Go away, you go away, I don't have your son! Go away!"

Behind her, stood her father Jun Jingheng.

There is also the second uncle Kraig and the second aunt Dalia.

and grandparents.

The second uncle and the second aunt didn't say anything, but it was the grandmother who scolded Jun Ruian behind him: "You dead child, how can you be so angry with your mother, your mother has been filial to me all her life and never does anything out of line? , she is the good daughter-in-law of our Jun family.

When your mother gave birth to you, she suffered

from dystocia and hemorrhage. No matter how she gave birth, she had a cesarean section.

The effect is that she gave birth to you by cesarean section under the abrupt pain.

You, you, you are so disobedient to your mother.

You are disrespectful to me. "

Grandma had very few children and grandchildren in front of her eyes.

This is also anxious. At the

end, when she saw her daughter-in-law who was very weak and crying on the bed, the old lady simply said: “Your mother asked you to divorce, you divorced That’s it! If you leave, you can find it again. Anyway, it is impossible for children to leave Jun’s house, so why can’t you listen to your mother! ” As soon as the

old lady said these words, Kraig and Dalia looked at each other behind her.

Kraig knew that Dalia was full of affection for Min.

Therefore, at this moment, even if there was something to say, he had to go back and talk to him in private. The daughter-in-law discussed it.

Thinking of this, Kraig said, “Rui An! You have gone too far this time! How can you treat your mother like this! Jun Ruian also touched his mother’s

hand, and said with extreme guilt and distress: “Mom, I’m sorry, I’m sorry, mother, I’m sorry, don’t get excited, don’t get angry, your body is the main thing, don’t think about anything now.

I will not leave you.

No, I will always watch over you.

It’s the son that’s wrong, you forgive the son, okay? “

## **Chapter 2277**

“Do not leave mother?” Zhao Wenpei asked crying.

“Well.” Jun Ruian nodded.

“You’re not angry with me?”

“You’re not angry anymore,” Jun Ruian said.

“Son...” Zhao Wenpei cried.

Jun Ruian also cried.

At this time, his cell phone was actually vibrating all the time, but he didn't have time to answer it, and he didn't even look to see who was calling.

He only held his mother's hand and was extremely remorseful.

"Rui'an, take good care of your mother. Your aunt and I will go back first. We will visit your mother tomorrow." Kraig said behind him.

Jun Ruian didn't look back, just nodded.

Kraig said to Jun Jingheng again: "Brother, let's send our parents home first, don't worry about the family affairs, if you need anything from the hospital, you can call me as soon as possible, nothing is important, The important thing is that sister-in-law's body should recover well."

Jun Jingheng nodded and sighed: "Well, you should go back first."

Only then did Kraig leave the hospital with his wife and parents.

After sending their mother home, Kraig and his wife did not stay in Jun's old house for too long, so the couple drove home.

Go to your home and coax the children to sleep.

Dalia just took the time to talk to Kraig.

"Jing Yu, I think about this, although sister-in-law is right, Rong Rong is also quite aggrieved..."

Kraig put his wife in his arms and said gently: "I understand what you mean, Rui'an is not me after all, the entire Jun family relies on me, your husband, so you live in Jun's home without restraint and no one. Dare to point fingers at you.

Even your parents-in-law will not do

anything to you. What's more, you are obedient and filial. You are already sitting in front of you without waiting for your parents-in-law to ask you anything. You have sacrificed a lot in order to integrate into Jun's family. However

, her complacency is different.

She is inherently difficult to manage, and she is used to being unrestrained. In the past three years in Jun's family, I have been cleaning it in the name of all kinds of love. Yes, she can't accept it for a long time.

This is understandable. It is said

that it is difficult for a clean official to interrupt housework.

Even if my second uncle's power is too great, I can't get involved in any party.

Do you think so?"

Dalia nodded: "I know, you are also embarrassed. Hey, let them handle the relationship between their mother-in-law and daughter-in-law, especially Ruian, it is really difficult for him.

I also sympathize with Ruian.

However, now I want to give Qingrong made a phone call to ask her about her situation, and by the way, let her know that her mother-in-law is in the hospital."

"Okay, let's call," Kraig said.

Dalia took out her cell phone and dialed it.

That end turned out to be in a busy state.

Rayna over there has been calling Jun Ruian, over and over again.

But Jun Ruian never answered.

Rayna's heart froze, could it be that Ruian has changed his mind.

Back to Jun's house, back to that atmosphere, his love changed?

Probably.

Because Jun Ruian also loves his mother very much.

He is very filial.

Rayna didn't blame him, if she didn't even love her own mother, she didn't love her.

However, the phone could not get through, and her face was gradually covered with tears.

Dalia's phone call came in at this time.

When Rayna saw the caller ID, his heart became colder, but his heart was also very firm.

She thought about it, no matter what the ending was, she would accept it.

Courage to accept.

Since then, one person has faced the wind and rain.

She connected and asked calmly, "Auntie, did the Jun family ask Ruian to divorce me? I accept it!"

## **Chapter 2278**

Here Dalia said gently: "Rayna, your mother-in-law is ill and was admitted to the hospital."

Min Qing Rong was suddenly shocked: "What, my mother is ill? Then... I, I will go back to see her right now and serve her." In her

bones, she is a filial child.

She just couldn't tolerate her mother-in-law's disgusting gaze, that day and night restraint behavior.

But now my mother-in-law is ill, she was going to the window to perform filial piety.

Here, Dalia's voice is still gentle: "Rayna, listen to your aunt telling you that your mother-in-law is angry now, she can't be angry with her illness, if she gets angry, she will break through the blood vessels of

the brain, and the consequences will not depend on your imagination, you are a good person. Girl, your second uncle and I both know it.

Ruian also knows it.

His position is very firm. He will not divorce you. It

's just that he can't leave right now.

As for you, don't come back for now. Do you understand what auntie means?"

Dalia just wanted to say that if Zhao Wenpei saw Rayna at this time, she would definitely be furious and force Jun Ruian and Rayna to divorce.

This will not only make Zhao Wenpei sicker.

More importantly, it would force Qingrong and Ruian to have no way out.

However, if Zhao Wenpei forced Jun Ruian to divorce Qingrong, Dalia couldn't say it, she was afraid that Qingrong would be sad.

Rayna usually listens to Dalia's words, she said earnestly: "I know auntie, I understand, then I won't go back to see my mother first, I'll wait for her to calm down.

Besides, I've also decided that I'm not going to live for anyone.

Like Suzi, I want to be an independent woman and set an example for my son.

One day, after my mother's anger, has subsided, I will explain it to her in person.

I will not disturb Ruian for now. "

"Good. Dalia said, "You are fine in Nancheng, remember to ask Suzi if you need anything, and Yingzi can also take care of you. You and Yingzi take care of each other and take care of your two children. In a few days, , After your mother-in-law's condition stabilized, your second aunt and I also flew to Nancheng to see you. "

“Thank you, the second aunt, you all care about me, I’m not alone.”  
Rayna cried.

“She’s a mother of two children, don’t be so vulnerable!” “Dalia said.

“Well! I want to be strong! I want to be independent! I hung up my  
second aunt. Rayna took the initiative to withdraw the line. After

the line was withdrawn, Rayna sat alone on the sofa and was silent  
for a long time.

Although she was a little stupid, she was not completely stupid.

After living in the compound of a wealthy family for three years, she  
also saw some What happened.

Although the second aunt didn’t say it clearly, Rayna understood it.

She knew that her mother-in-law must be forcing Rui An to divorce.

Her mother-in-law kept loving her and tolerant of her, in fact?

Really? It’s all a kind of tolerance.

Just ask, if she is the mother-in-law’s daughter, not the  
daughter-in-law, will the mother-in-law force her son-in-law and  
divorce her daughter because of her daughter’s disobedience?

Of course not.

The mother-in-law will be desperate I feel sorry for my daughter.

Instead of tolerance. When I

tolerate it to a certain extent, I will explode with anger, and then force  
my son and daughter-in-law to divorce.

This is the mother-in-law!

All love is false and has a price.

It’s not for nothing.

But Rayna didn't blame her mother-in-law. After all, the relationship between mother-in-law and daughter-in-law was the most difficult problem in this world.

What's more, that was Ruian's biological mother.

Rayna loves Jun Ruian.

She will wait.

At this time, the two little dumplings came to Rayna, twisting and twisting.

## **Chapter 2279**

"Mom, why are you sad?" Dabao asked.

Xiaobao also raised his hand, wanting to wipe his mother's tears, but his short hands couldn't reach him, so he stomped his feet in a hurry.

The melancholy Rayna suddenly smiled.

She hugged her two sons and said with emotion: "Mom... Mom is a woman with no backing, no family, even if she is a commoner, Mom is very lonely in that big house. , Mother only has you two. In

this life, only you two are my closest relatives.

My baby.

From now on, I will fight my life to survive, and I will be more self-reliant and be a very strong mother. "

"Mom, big treasure loves mother."

"Little treasure loves mother."

Two babies, four little hands clasped Rayna tightly.

Rayna's tears flowed silently.

Her sadness and melancholy didn't dare to stay for too long. After only one night, she forcibly adjusted herself and sent her child to the kindergarten early the next morning.

This kindergarten is a relatively small kindergarten that Rayna was looking for.

Only minutes away from where she works.

The person in the nursery who specializes in taking care of Dabao and Xiaobao is a young aunt in her forties, named Yin Xiaoling.

Although Yin Xiaoling came from a rural area, she dressed clean and was very good at coaxing her child. The child followed her for a week, and she was taught to be very disciplined and polite. She could play with toys and other things by herself. well categorized.

And Yin Xiaoling is very patient with children.

The two children have only been with Yin Xiaoling for a week, and the children also like Yin Xiaoling very much.

Rayna had a good impression of her.

"Sister Yin, thank you very much. It's my honor to meet a caregiver like you in the small nursery school. In the future, when my job is stable and the salary is high, I will give you a salary increase alone." Min Confucius said.

"Thank you, thank you Miss Min, we are working outside the home, and we just want to earn two more money. No, my son is about to get married, and I am saving money for my son's bride price. Miss Min, you know There are a lot of people, you can help me think about it, I am looking for a part-time job.

I am not only good at child care and education.

I can also make confinement meals for people, take care of pregnant women, etc. I am very good at it.

" He smiled understandingly.

It's all hard, it's all about life.

“Eldest sister. While you’re working as a guardian, can you find a part-time job?”

Yin Xiaoling smiled and said, “Yes, I’ll be the guardian during the day, and at night, after you pick up the child, I can still do it for a few hours. Said Miss Min, I can do tutoring for my children.

I used to teach, but I was not a teacher who was making up, and our hometown paid very little for substitute lessons. When I

came to this big city, people didn’t want me.

In fact, I taught very well. Good.

But, there is no chance...”

At the end, Yin Xiaoling’s expression was very lonely and helpless.

Rayna immediately agreed: “Okay, I’ll help you pay attention.”

“Thank you, Miss Min.”

“No, Miss Yin, I’m going to work. Thank you for helping me take care of the child.”

After saying goodbye to Yin Xiaoling, Rayna went to work in the company.

In the past week of working under Suzi in the company, Rayna has gradually gotten used to it. She was Suzi’s most effective stopper, and she was willing to rush to do any job.

So, it’s very quick to get started.

This will save Suzi a lot of time.

Suzi, who has already been a design director, is not very busy.

She is the master of the general direction. She is very free to collect information. Just when she is staring at a new type of building on the computer, Rayna comes in.

Suzi smiled and asked, "How about Rayna, has Ruian come back from Kyoto?"

Rayna shook his head desolately: "Suzi, Jun Ruian and I may really be getting a divorce."

## Chapter 2280

Suzi is also quite sad, she doesn't even know what to say.

She is Rayna's friend, but she has no right to interfere in Rayna's marriage.

"Qingrong, you have to be strong."

Rayna smiled calmly: "But it doesn't matter Suzi, life always has to go through something, many people have experienced more pain than me, I don't have two children. Well, right.

For the sake of my twins, I want to be both a father and a mother in the future.

But one thing, I am very happy, I can play with you freely in the future.

Suzi, I only have you and Galia, you two good sisters, you two married women, you can't ignore me."

Suzi looked at Rayna distressedly: "Silly girl! We just ignore you, what can you do? Drops!"

Rayna: "I guess, you guys can't bear it at all!"

"Yes, yes, can't bear you, let's have a picnic together this weekend."  
Suzi smiled.

Rayna immediately asked: "Will the only go?"

Suzi was puzzled: "Why are you asking this?"

Then she said: "The only girl who is now thirteen years old, she is also I have taught a lot of friends, and many times she is reluctant to go out with her parents, especially on weekends, she has a very rich arrangement, where would she want to go out to play with us.

It's Liu Yihe OK, if you know that your big treasure and little treasure are also here, they will definitely be happy."

Rayna rolled his eyes: "But what I want to play the most is Shen Weiyi.

I heard that Shen Weiyi is only thirteen years old, but in spoken English it is called a slip.

Last summer, she was with you . Under the remote monitoring of the company, I have traveled to several countries in Europe alone?

Good guy!

I really want to learn a lot of knowledge from the only one. Learning knowledge from

young and promising children will make me very young. "

Suzi also Rolling his eyes: "You want to play with her, the question is, does she want to play with you?"

Rayna asked, "She doesn't want to play with me, so who does she want to play with?"

"Mingsai "Suzi glanced at Rayna: "The only one is Ming Sai's little follower. But the past few years have gotten better, Ming Sai's studies have become more and more busy in recent years, and the only one is a little older, but she is not very good. I'm attached to Mingsai. However, she also has her own friends, and she can make friends widely, but I really haven't seen me and her friends in our age group."

Rayna was struck by these remarks, she said for a long time. Not speaking.

After a long while, he said, "Hmph, I don't believe it, the only one won't play with me! On the weekend, I bring a bunch of delicious food, so I don't believe that the only one is not gluttonous!"

By the time of the weekend, Rayna sure enough I brought all the delicious food, and came to Suzi's door early to wait for Suzi.

Arron had a long-distance meeting on the weekend, so he didn't join the picnic.

But the only one, Liu Yi, Xing Yi and three children participated.

There are also Darius and Galia.

Suzi called Sanford and Shang Hongmei on purpose, but the couple planned to take the child to Sanford's parents, so they didn't go to the weekend picnic together.

But that's fine too.

This is a pure small gathering of Suzi and Rayna Galia, the three friends who share life and death.

The three of them were chatting and laughing while grilling, and the picnic and camping were also slow and comfortable.

Shen Weiyi didn't like what Suzi said, not to be friends with Rayna.

On the other hand, Rayna's judgment is very accurate. Even though she is not very old now, she is only in her early thirties. She is a young and beautiful mother, but compared with the teenage girl Shen Weiyi, Rayna's knowledge, can be really less.

Not to mention Rayna, even Galia and Darius looked at the twelve-year-old Shen Weiyi with admiration.

Unexpectedly, a twelve-year-old girl is really rich in knowledge.

What is in the sky, on the ground, in the ocean, in the starry sky, in the universe, she understands what you talk to her about.

The one who can talk to you is eloquent.

Twelve-year-olds are so confident, sunny, lively, and very healthy.

Seeing the only one like this, Suzi felt very relieved in his heart.

Twelve years old.

This age is very bitter for Suzi.

## Chapter 2281

Her childhood and even the entire teenage years were suffering.

However, no matter how difficult the day is, as long as her parents are by her side, she feels that life is sweet.

However, when I was twelve years old, my father died.

Her mother sent her thousands of miles from a small mountain village to her biological father.

Since then, although her life has not been as short of food and clothing as in a small mountain village, she has always been abused mentally.

Abuse from biological father.

A twelve-year-old child.

How much does he long for the warmth of his family, for his parents to be by his side, and for a mountain of fatherly love to take care of him?

But none of these, Suzi.

At the age of twelve, she had to bear all the grievances, reprimands and dislikes from the Lin family alone.

But it's different now.

Her twelve-year-old girl is loved by her mother, cared by her father, and has the best reading environment. Her life is carefree and full of sunshine.

Suzi doesn't have to worry anymore, his twelve-year-old girl will suffer for the first half of her life like her mother.

Think of suffering.

Suzi suddenly thought of his mother.

For more than a week, she has not communicated with her mother about the man named Tong Jianan.

Suzi also figured it out.

My mother is in her fifties.

She still has the right to fall in love, and there is nothing wrong with choosing a man who likes her. Even if the mother hits her head with blood, that's her life.

Suzi thought, next week, she will definitely visit her mother and apologize to her.

"What's wrong with Suzi?" Galia asked when she saw Suzi in a daze.

Suzi smiled embarrassedly: "Galia, we... In fact, willfulness is more or less selfish. We can only introduce the crazy behavior of young people, but we cannot accept the crazy behavior of old age. For

example My mother.

My mother has never tasted good love in her life.

Finally, in her fifties, a man chased her, and I still made things difficult for my mother.

I think about it, I really shouldn't.

Galia smiled.

Actually, although Suzi didn't visit his mother these days, Galia and Darius often went to see their aunt.

In terms of kinship, Galia called Alyce, but also called her aunt.

She smiled . Looking at Suzi, he took the initiative to say, "Would you like me, my cousin, to help you and your mother be accommodating? " Cousin-in

-law?

Suzi raised his eyes and glanced at Galia.

This little girl! She dared to call herself her cousin-in-law.

But, it's true.

Galia married Darius, and Suzi called Darius's cousin, so Galia was not Suzi's cousin-in-law.

She is not only Suzi's cousin-in-law, she is also Rayna's cousin-in-law.

Usually, when Suzi, Rayna, and Galia are together, Galia is the youngest, and she always relies on her own youth. This kind of person who takes advantage of her and acts like a spoiled child.

This is the first time she calls herself a cousin in front of Suzi, and Suzi wants to hit her angrily.

She raised her hand, but the slap didn't fall.

Instead, he said angrily: "You are accommodating, you are accommodating now, since it is my cousin, you have to have a cousin, and if you call your aunt, that is, my mother, it means that When I go to her place to see her, I just tell her that she can... date with that Tong Jianan."

If Suzi told her mother personally, she would not be able to speak.

Just let Galia call.

Galia took out her mobile phone and immediately dialed Alyce, the call was quickly connected, but there was a very strange sentence from Alyce on the other end: "Galia, is it you? ,obedient!"
