

PUNISHED BY HIS LOVE

Chapter 2292 - 2301

"Mom, are you ill?" When Alyce said this, Suzi suddenly interrupted Alyce, his tone very remorseful asked.

As he spoke, Suzi's eyes turned red: "Mom, you are sick and hospitalized, why didn't you tell me, if you hadn't told me today, I wouldn't even know!"

She angrily resented her mother .

Mother laughed.

Smile very kindly.

"Silly child, if your mother is really sick, why don't you tell who to tell? My mother's health has always been very good. When she was young, she often worked in the fields. Her body is strong.

Later, her mother was detained by Jarod . In the basement.

And then escaped from Jarod. In order to find you, my mother walked around the city on foot every day.

That body is equivalent to exercising.

Over the years, there has been a headache, and others have been
The infusion is hanging water again, and I can also cough bronchitis.
But my

mother never.

My mother also caught a cold, but basically it was over in a day.

Later, my mother found you, and your life has improved, and your schedule and rest are normal.

Eat well, dress well, and spend most of the day maintaining health and dancing.

Mom, let me tell you that, my mother's body is better than yours!"

Suzi looked at his mother with dotting eyes: "Look at your squeamishness, Since you are so healthy and you are not sick, why are you in the hospital the next day?"

Why?

Also... so weak? "

In the end, he cared about his biological mother, and Suzi hurriedly asked about his mother's situation: "Mom, please tell me quickly. Only

then did Alyce say, "Mom is not sick. Mom is a tactic to discuss with the police, a tactic to lure fish into the bait, get it!" Silly girl. "

Suzi smiled: "Mom, you have become an expert in solving cases." Also sounded weak.

I see that you are not only an expert in solving crimes, but also an old showman. "

"Ha ha! "Alyce smiled comfortably.

She sighed and said, "Mom just wants to do something meaningful, and just wants to get some justice for a woman who lives alone like me."

Suzi nodded and looked at his mother distressedly: "Mom, I know you have a sense of justice and want to do something very much, but mother, promise me that you will not be involved in the future .

How worried I am. Do you know

men like Tong Jianan, those women who were deceived by Tong Jianan. It's not just some rich women, if they are really rich women, it's a little bit better, at least they won't die if they cheat.

But do you know to what extent they have no bottom line? " Speaking of this, Alyce was extremely angry. Suzi subconsciously asked:

"Is it possible that they cheated even the poor? Even so, the poor have no money, what are they cheating on? After thinking for a while,

Suzi suddenly opened his mouth: “These people, won’t even the seventy or eighty-year-old old lady lie to their house?” Hemp egg! These people are just damned! capital offense! “

Alyce patted his daughter and sighed: “This is not bad, at least those old people who have houses and money have a good life, and when the old people are dying, it’s not that the mother despise the old man,

the mother herself has become an old man, the mother just I want to say, compared to those old people who have been deceived, an 18-year-old girl who is anxiously waiting for money to save her life.

If she has the money, her life can be saved.

And the money has been raised, but in Before going to the operating table, the money was defrauded.

This eighteen-year-old flower girl can only wait to die.

How distressing do you think it is?”

Suzi was stunned and stunned: “Also... and this What’s going on?”

Having said this, Alyce’s tone became much darker: “A single mother, not too old, not yet forty years old, she has been pulling her daughter up since she was a child, and her daughter became seriously ill

. I was in tears every day.

When I really had no choice, I chose crowdfunding. On

the first day of crowdfunding, the young mother received the first huge sum of money, 1,000 yuan.

Chapter 2293

She is very grateful to the person who transferred money to her.

Reach out to him and thank him from the bottom of my heart.

Only after contacting her did she find that the man was about the same age as her.

This year's recognition is outstanding, gentle and elegant. The most rare thing is that this man does not have much savings. He also has to support honest people in the countryside, and he also helps his dead brother to raise a son and a daughter left behind by his dead brother, all of whom are in college. .

The man's burden was so heavy, yet he gave the young mother a thousand dollars. "The

young mother was moved to tears.

She cried and asked the man: "Do you have no children of your own?" You have to support both the elderly and the children of your brother, so what do you do yourself? "

It was originally a caring word, but I heard the man smile bitterly: "I... my brother died early. When he died, his youngest daughter was only one year old, and my sister-in-law was one after my brother died. Yue, ran away with people.

Leaving a five-year-old son and a one-year-old daughter.

My dad was paralyzed at the time.

My mother has a bad lumbar spine.

need my care.

Hey...

you can't even imagine that I, an 18-year-old boy, changed the diapers of my one-year-old niece every day.

Sometimes at night, when my little niece is hungry and wants to breastfeed, I just..."

When he said this, the man smiled embarrassingly: "I tied the milk bottle to me and comforted my little niece. That's how I came here. At that time, which little girl of the right age would marry me?"

Although I look good, but I have reached this time, and I have not married a wife. But

it is good, my nephew is now a graduate student, and my niece has just entered the first year of freshman.

I think ah, then In three or five years, as soon as my nephew and niece start working, I'll be fine.

I don't want to think about anything in my life, so I'll just live with my nephew and niece." The

woman immediately showed a distressed tone: "But you are only three years old. Seventeen or eighteen years old."

"Yes, I'm only thirty-seven or eighteen years old. In my life...I don't even know what a woman is like." The man's tone was extremely sour.

After saying this, he forced himself to laugh and said: "Don't talk about me, I'm a big man, what can I feel, no matter how bad it is, I still have two children, although they were not born by me, but by my brother, and What is the difference between my own life. Especially my niece, she is my little padded jacket. By

the way, do you know why I donated this thousand dollars to you? It

is because your daughter is the same age as my niece. She

is also beautiful Little girl.

I think that I have been taking my nephews and nieces by myself since I was eighteen, especially my niece. She is breastfeeding and changing diapers. I put her on my back during the day, do odd jobs, and wait for her at night. When I fell asleep, I was still working night shifts at the nearby construction site.

I was pulling my niece up with shit and pee.

You don't know, my niece is my little padded jacket.

I also like girls by nature.

I My nephew has been disobedient since he was a child. I often beat him. My niece has never been willing to hit her with a finger since she was a child.

Girl.

It's all going to hurt.

can not fight.

What a cute little girl.

So, when I saw your crowdfunding news, I immediately thought of my niece. I am very poor. One thousand yuan is all my savings, but I also have to send it to you.

Well, your daughter will be fine.

When I get paid next month, I will give my nephew and niece less money, squeeze out a little, and send it to you. "The

man's remarks moved the woman.

She cried on the spot.

Maybe she's been alone for too long, the reason for taking care of the child alone, and the reason for her daughter's illness, the woman's heart was on the verge of collapse

. She found someone to talk to.

Impulsively, she threw herself into the man's arms: "Brother, when my daughter is sick, I will marry you, I will wash and cook for you, work with you, raise three children, you, would you like me? The

man hugged the woman and sneered silently. After laughing, he said gently, "I will help you to crowdfund together and try to raise money as soon as possible." "

Chapter 2294

Is on the verge of collapse, the single mother does not realize that she has fallen into the full set of others.

The young mother thought she was a blessing in disguise.

Although her daughter is seriously ill, now that she has a reliable man to help her raise money together, her chances of being rescued are much higher.

Moreover, in the future, I can also have a backer.

She has been single for ten years.

She is still young, in her thirties, and she still has a long way to go.

Later, she decided to spend a lifetime with this gentle, affectionate, and righteous man.

As long as there is such a man by my side, no matter how hard the day is. All oozing sweetness.

From that day on, the man helped write the plan.

The words that were written made people teary-eyed after watching the five books.

The man also took a small video of the woman and distributed it to various platforms.

In just one month, the woman raised 400,000 to 500,000 yuan.

In this society, nine out of ten thousand are good people. When they see a woman's real distress video, they will more or less join together.

The rich even made tens of thousands.

No money, three or five dollars is money.

The power of the crowd is naturally the most powerful.

In a month, it can be as large as tens of thousands, or as small as a few cents, but there are so many people who donate money that it is impossible to count them.

So, 500,000 quickly came together.

The woman hugged her daughter and cried with joy: "My poor child, you are saved, we have money, mother has made an appointment

with the doctor for the operation time, we will operate as soon as possible, my daughter is saved, saved. By

the way, mother I will also introduce you to an uncle.

He is of great help to us.

In the future, my mother may marry him, and my uncle and I will save money and pay it back, and then support you in college. Will you?

“

Father love, when she heard what her mother said, the girl was also very happy, her mood was much better, and her spirit also improved.

She was looking forward to her mother bringing the uncle over.

My mother went back to the rented house to call my uncle, took out the money by the way, and handed it over to the hospital, ready for surgery.

The young mother went to the bank with the man, took out the money together, and put it in a suitcase.

They took the bus together and entered the hospital together. It was always the man holding the woman's hand and coming to the hospital gate. Unfortunately, there was a quarrel at the gate of the hospital. There were so many onlookers that they couldn't squeeze in.

The woman pulled the man desperately, trying to squeeze in through the corner.

Pulled and pulled, she and the man were scattered by the crowd.

In fact, there are not many people, just a few people quarreling, and then a few scattered people watch.

The woman was also washed away for a minute.

She turned around and tried to grab the man's hand, but when she turned around, the man was gone.

What about men?

The people arguing at the gate of the hospital have been taken away by the security department.

However, the young mother did not see the figure of the man she cared about most.

Her entire hospital was turned over, and even in the men's room, she forced her way in, frightening several strange men who were going to the toilet and forcing their urine back.

But no sign of the man could be found.

What about men?

The woman squatted in the corridor and cried until she couldn't stand up.

Crowdfunding!

Her money was crowdfunded!

Chapter 2295

For

For more than a month, people from all directions who can ask for help have been asking for help, and now my daughter is waiting for surgery. What about money?

To raise money again?

Not to mention that time is not allowed.

But, the young mother doesn't think she can still raise half a million.

Because, to gain sympathy, her worst side has already been used.

What the hell is she doing to raise such a large sum of money.

Tell everyone, she was deceived by love, and all her money was deceived by a man she loved?

Then she will be scolded to death.

It doesn't matter if she is scolded to death, as long as her daughter's life can be saved.

But the truth was as she thought. The young mother was scolded by the whole network, saying that her daughter was so ill that she still had time to fall in love, and she even lost her daughter's life-saving money for falling in love.

Unable to withstand the pressure, the young daughter quietly committed suicide.

The lonely girl lying on the hospital bed tried her best to crawl to the side of her mother's body and died in pain and grief.

And the man who lied to her, the news that the giant policeman got, should be this man named Tong Jianan.

Unfortunately, this man is extremely cunning.

He left no evidence.

He didn't even go to the bank to withdraw the money.

His remarks at the time were: "I can't read your withdrawal password. I don't want to be involved in your money affairs. This is the child's life-saving money. You must keep it for yourself."

It is this kind of rhetoric that makes the young mother trust Tong Jianan more and more.

But they never thought that they would be hurt so badly.

Since then, the police have also been connected to related reports.

However, several times, but have found weak evidence.

Until Alyce came to report the case and came to explain the situation to the police, and then Alyce volunteered to cooperate with the police and prepared to set a trap to let these unscrupulous people get in.

The imitation plan was passed immediately.

Their first step was to let Alyce pretend to be sick first.

In this way, the two will keep one for Tong Jianan, and Alyce has no intention of approaching Tong Jianan, so as not to cause Tong Jianan's suspicion.

Second, it can also create an opportunity for Tong Jianan to get close to Alyce.

So, kill two birds with one stone.

Hearing her mother say this, Suzi couldn't help crying, she gritted her teeth and said with hatred: "Two lives! Two lives! How can they be so vicious, they even lied to this kind of life-saving money!

These people should be slashed by a thousand knives!"

Alyce sneered: "For them, what is the life-saving money or not, what does it have to do with them? Half a million, they will get it in a month, not a small amount!"

"Mom, how good it is for you to cooperate with the police in handling the case, why didn't you tell me in advance, so that Shaoqin and I can help you, at least Shaoqin will let Christopher come over and be there 24 hours a day By your side, I will protect you.

You must know that Tong Jianan and his group are desperadoes.

You approach him quietly, how dangerous. "

Alyce smiled again: "My child, the mother is not a fool, Although my mother is in her fifties, she has experienced enough hardships and obstacles in her life. Did she risk herself, yes!

But mom is sure to protect me.

The reason why mom didn't tell you in advance is that mom doesn't want you to worry, and secondly, once you send someone to protect me if Tong Jianan sees it through, wouldn't it be a waste of all previous efforts?

Without your knowledge, all reactions are real.

Just like that day, you came to me, got angry with me, quarreled with me, pointed at Tong Jianan and said he was a liar

, it was very true.

Moreover, he also pushed me more towards Tong Jianan's side, and he was even more undefended in his heart. Seeing

his mother explain this way, Suzi couldn't help looking at his mother with admiration: "Mom, Jiang is still old and hot, tell me now, did Tong Jianan come to see you in the hospital later? "

Mom smiled: "Guess what? "

Chapter 2296

Suzi can't guess, she wraps her hands around her mother's arms, slightly coquettish and with a complimenting tone: " Well, let me guess, with my mother's charm and means, that person must have come over.

Not only did he come, but he thought he was trapping you.

Right?"

Alyce raised his hand and poked it. Suzi's forehead was very dotting and said: "Silly girl, why don't you guess, if he doesn't come, how can there be any follow-up?"

"Then mother, hurry up, he is here, It's too much. I want to hear more and more, how do you play monkeys." Suzi rarely chatted with his mother.

I finally took this opportunity to chat with my mother, and satisfy my mother's excitement.

This is a very meaningful thing that my mother did.

Of course, she has to tell her, everyone is happy together, and the mother will definitely be happier.

Alyce recalled for a moment, and then continued to speak.

That day, Alyce's illness was naturally faked, and there was no trace of it.

She was lying on a hospital bed, a white single room, white sheets, white bed photos, everything was white.

Against the background of Alyce's skin, it was even more pale and weak.

The huge single-room ward not only shows that Alyce is living a prosperous life, and the wards are all single-room wards with sofas and everything, but this makes Alyce more lonely and helpless.

When Tong Jianan appeared at the door of the ward, Alyce was not surprised at all.

Tong Jianan specially dressed up.

A suit and leather shoes, 1.8 meters tall, spirited, refined and gentle, with a smile on his face.

That's the real elite.

Such a man, to be honest, few women can resist.

When Alyce looked at Tong Jianan who was holding a bunch of flowers, her eyes were red: "Mr. Tong..."

Her tone was choked up: "I, I didn't expect that so many of my dancers would be the first The one who will come to see me will be you. I'm sorry. Yesterday, I neglected you a little bit, but it's not that I really want to neglect you.

I like to make friends the most.

Hey, it's a coincidence. Well, I was tired from dancing and dancing with my friends the day before yesterday, and I was a little hungry when I got home, so I warmed the food in the refrigerator and ate it, but in the middle of the night, I had an acute stomach condition.

Hey...

this kind of sickness, Only then did I realize how lonely I am. A

lonely person is shameful."

Alyce choked with emotion.

Tong Jianan put the flowers in the vase, and tucked the quilt for Alyce, and then asked: "Has the food in the refrigerator been stored for a long time and deteriorated?"

Alyce nodded: "Yes, this is me. People are not very good at cooking, so I hired a part-time worker to come to my house once a week to clean and cook for me once a week. When I cook once a

week, I always let the part-time worker do enough for me to eat for a week.

Maybe, the refrigerator It's broken . I

found out once a few days ago that the refrigerator is not cold.

I'm a woman, and I can't repair it.

Because I live alone, I'm not happy to find a repairman.

No, I was thinking about buying a new refrigerator, and before I had the time to buy it, I was... sick and hospitalized again. Having

said this, Alyce smiled apologetically to Tong Jianan: "I'm sorry, Mr. Tong, this woman who lives alone really makes you laugh..."

After that, she lowered her head

. , some lonely, some restrained, but also a kind of tender and pity after being restrained.

With Alyce's white-toothed skin, a clean face, matching the only color on the bedside table, a simple hospital bed, a clean and mature woman with a sick and weak , a bunch of flowers.

That artistic conception collided with a different feeling.

Tong Jianan was stunned. It was

so beautiful.

Suddenly I realized that the beauty of a woman is part of her age.

Chapter 2297

Even if you are fifty years old, you can still be beautiful and breathtaking.

This really reflects that sentence, every woman of age has her beautiful side.

Twenty-year-old woman, beautiful noodles in clear soup, full of collagen, seventy-eight, so tasteless.

Thirty-year-old woman, beautiful and self-confident, has both the sweetness of a girl and the flavor of a mature woman.

A 40-year-old woman is so beautiful that she can let go of it incomparably, and the taste of a woman is completely overflowing.

At the age of fifty, a woman is beautiful, she can see through everything indifferently, and she is very calm.

That kind of beauty comes from within.

“No wonder a woman from a wealthy family is really extraordinary. This temperament, this form, is really not something that ordinary women can have.

If an ordinary woman is fifty years old, she is already an old lady. How can

there be such Ruolan’s temperament? “The

man thought very unscrupulously in his heart.

He wants money!

He wants all the thousands of properties belonging to Alyce!

He wants people too.

Of course, you can’t really marry a family to be a wife.

This kind of woman has no fertility, what is it to marry and go home?

However, this woman has taste.

It is very guiding in that respect, and it is always a little old, but the experience of closing your eyes will definitely be first-class, and there will be an extraordinary experience.

After he wants to loot all of Alyce's property, he has to get tired of playing with this old woman!

With such a plan, he has to make long-term plans for the rest.

One step at a time.

very forward.

Everything must be done to Alyce's heart.

In those days, Tong Jianan took good care of Alyce in the hospital. Not only that, but he didn't reveal the slightest bit of lewdness. He respected Alyce, but never offended him, and was always polite.

Three days later, Alyce was discharged from the hospital.

There was nothing wrong with her, she was always in good health.

In the past three days, Alyce and Tong Jianan have become very familiar with each other.

On the day of his discharge from the hospital, Tong Jianan's face was a little frowning.

"What's wrong with you, Mr. Tong?" Alyce asked.

Tong Jianan smiled: "It's alright, Sister Shu."

His name for Alyce has been changed.

Alyce knew that this was Tong Jianan starting to use his own routine.

She calmly said to Tong Jianan: "Mr. Tong, what's the problem with you, you have to tell me, although I have no ability and I'm old, but maybe I can help you, we are friends, yes Friends, of course, have to help each other."

Tong Jianan said apologetically: “Sister Shu like this, I ... originally planned to let you be our company’s graphic model, which is why our company sent me. I came to contact you.

However, I reported your situation to the boss of the company and said that you were ill.

I also blamed me for talking too

much. As soon as the boss heard that you were ill, he immediately didn’t want to use you.

I talked back to him, and I told you It’s just a temporary illness, not a serious illness.

But the boss still disagrees.

Because of this incident, I was very angry, and I couldn’t help but quarreled with the boss.

The boss was not satisfied that I didn’t go to work in the company for three days and took care of you here, plus I quarreled with him, he fired me on the spot...”

Alyce was extremely surprised: “You, because of me, Lost your job? This is how to do? “

Chapter 2298

Tong Jianan immediately smiled gently: “Sister Shu, are you caring about me?”

Alyce tilted his head, Looking at Tong Jianan with a slightly innocent expression: “don’t you believe that I care about you?”

Tong Jianan smiled without saying a word.

“Mr. Tong, I am actually very good at looking at people.

From what you have done to me, I can see that you are a good and measured person. I have lived alone until this age, to be honest. , It’s really hard to make friends when people reach my age. It’s

not like when I was a child.

You see, I was hospitalized here for three days, not to mention those dance partners in the dance group.

Even my own biological daughter, didn't even look at me.

It's you who is with me.

Mr. Tong, you are a good person.

I didn't see you wrong. You

are a good person, a good person who takes care of me, why can't I care about you? "

Tong Jianan's face Immediately, a moved expression appeared: "Sister Shu, thank you, with your words, I am not dismissed by the company in vain.

But Sister Shu, you are not more worried about me.

I am a man.

And I work in our company. It's not bad.

I'm very successful. In this city, Tong Jianan wants to find a stable and high-paying job. It's still very easy.

You don't have to worry about me at all.

Even if my boss didn't fire me, I was planning to quit.

Because I have accumulated a certain network of contacts, I am almost bigger in all aspects. In the near future, I want to start my own business and open a fashion company. Hearing this,

Alyce immediately understood.

Tong Jianan's routine has already revealed his face.

He wants to start a business.

Starting a business requires a lot of capital.

Alyce tilted his head again and asked, “Mr. Tong, do you need money to start a business?” ? How can I help you? “

“No no no!” Tong Jianan kept talking and waved his hands again and again.

“Sister Shu, don’t ask me for money, what do you think of me Tong Jianan?” Tong Jianan’s expression was very serious, even a little disgusting.

Alyce looked at Tong Jianan without blinking.

Tong Jianan continued to say righteously: “Miss Shu, don’t think I’m ugly, you ask me like this, give me I have a feeling that you are insulting me, I am a man, and I have always done things magnanimously.

When I first contacted you, my company sent me here.

I didn’t come to contact you myself.

I just feel annoyed, since you have chosen someone, you want to contact them, and you have contacted them, why did you change your mind temporarily.

What do people think?

And the face on my face, how can I live?

Miss Shu, please don’t think that I quarreled with the company because of you. I think this is because they did it wrong!

I don’t want to hang out with such a boss!

It’s none of your business! “

Alyce smiled gently: “I’m not talking about your resignation, I’m talking about your business, how can I help?” “

“No! I’m a man and never use women’s money! Don’t ask me for money in the future.

Otherwise, our beautiful friends will do it.” The man refused without hesitation.

Alyce: “...”

After a while, she asked softly, “Can we still be friends?” The man relaxed his tone and smiled, “Of course!”

Alyce also smiled comfortably. “That’s fine, that’s fine.”

“Let’s go, I’ll send you home from the hospital.” The man got up and went to help Alyce.

He is indeed very gentlemanly, and the posture of supporting Alyce is just right.

It really doesn’t feel embarrassing at all.

Chapter 2299

When I arrived at Alyce’s home, he helped repair the refrigerator. Not only that, she also cooked a meal for Alyce at Alyce’s place.

The food made by a man can’t be described as delicious.

It’s far from the meal that Alyce cooked. But Alyce

still enjoyed it with relish. She was eating like a young girl and said happily, “Well, it’s delicious. I haven’t eaten such a delicious meal for a long time.”

With some pampered looks, he said gently: “You, Zhenzhener is a lady, and at this age, she won’t cook for herself.

But it’s okay, as long as you want, I can be your cook in the future.

I am willing to cook for you.

Just for a glimpse of the eldest lady.”

During that time period, what Tong Jianan showed in front of Alyce was still gentle, with a bit of admiration and a gesture of love, and communicated with Alyce.

Hearing Tong Jianan say this, Alyce suddenly smiled sadly.

“Miss what? I am the eldest lady, and I have never been treated by my father since I was a child. I just used the surname Shu.”

Tong Jianan Navigator was stunned for a moment.

His expression was clearly disappointed.

But this disappointment was a flash.

However, with this fleeting disappointment, Alyce also caught it all in his eyes.

She smiled coldly in her heart.

Tong Jianan asked in a slightly hasty tone: “but Sister Shu, I clearly see that the old man of the Shu family often comes to you?”

Alyce looked at Tong Jianan with a deliberately ignorant expression and asked, “You, do you know my dad?”

In her memory, she never called Dad.

This is the only time that I shouted once in front of Tong Jianan.

Tong Jianan immediately faltered.

After hesitating for a few seconds, he said again: “I don’t know, but when I picked you up from the hospital today, I saw an old man not far from your door, in good spirits, wearing a cap, behind him. He followed the entourage.

I saw that he always looked at your small courtyard, but he didn’t come in.

I asked the neighbor next to him, who is this old man? The

neighbor told me that he was your father.”

In fact, Tong Jianan has long been You know, Mr. Shu is Alyce's father.

This is all done early on.

He even hid not far away, when he heard Mr. Shu say to Alyce: "Xiaosheng, what's the trouble with you? Come home with me. Your brother, your sister-in-law, and your nephew will all I take good care of you.

If you don't like your father, and you don't want to see him, your father will live in a nursing home. The

Shu family's house has half of your brother

's. The other half, yes.

All the property of the Shu family is you and you. My brother is half of one person.

My child, my father is wrong. My father never asks

for your forgiveness in this life.

But if you don't want so much property of the Shu family, aren't you stupid?

If you hate your father, just think about taking mine All the property was robbed, and none was left for me, leaving me to freeze to death and starve to death on the street.

This is how you can avenge your mother, and avenge you, child. "

At that time, when Mr. Shu said this, Tong Jianan and his communication were eavesdropping not far away.

Half of the Shu family's fortune.

How much is that!

Hundreds

of millions? Several billion?

Tong Jianan didn't dare to think about it. To take it down, Alyce must be taken down.

He has to do everything in his power!

"He's not my dad! I will never meet him in my life!" Alyce said with great hatred.

"Okay!" I'm with you! "Tong Jianan said immediately.

Chapter 2300

When he heard Alyce say this, Suzi couldn't help asking his mother: "Mom, you didn't say, you don't Why do you hate Shu... him?"

Suzi said of him, of course Mr. Shu.

In fact, she doesn't hate Mr. Shu anymore.

There are many reasons not to hate.

There is Mr. Shu's own confession.

There is also the reason for Darius.

Also, Master Shu's attitude towards Galia.

Also, Mr. Shu's senior years are getting older and older. He is in his 90s. How long can he live?

In addition, the biggest reason was that Suzi didn't want to bury hatred in his heart.

to whomever.

To Jarod, to Mr. Shu. She doesn't want to hate anymore.

Because hatred can hurt your body and mind.

Why take someone else's fault and hurt yourself?

As he grew older, Suzi had already started to do subtraction.

She won't take people who have nothing to do with her, who she won't care about in her life.

Just like Mr. Shu.

Although Suzi doesn't hate Mr. Shu anymore, she doesn't care about this old man.

You won't care about him until you die.

Because, in Suzi's past life, Mr. Shu never gave her love, and what he imposed on Suzi was all harm.

Even if Suzi no longer hates Mr. Shu, she will not give care, tolerance and love to such an old man.

She's not that generous.

Therefore, the current Mr. Shu, to Suzi, is like a passing stranger.

No love and no hate.

As for the mother, Suzi asked her many times, and her mother expressed her own opinion. Her mother's attitude towards Mr. Shu and her biological father was the same as Suzi's.

Alyce also has no hatred for his biological father, but also no love.

I really don't love my father from the bottom of my heart.

Because in her childhood, when she needed her father the most, her father did not give her any warmth.

When things are over, they are over, and her childhood will not come back.

Therefore, it is impossible for Alyce to act like nothing happened.

However, she doesn't really hate her father anymore.

I don't hate it anymore.

In the past, when Mr. Shu came to this small courtyard to peek at her, Alyce would get angry, and later, she got angry.

Occasionally, she would say something to Mr. Shu: "It's too late, you should go back. If you stand here again, you will increase my guilt. Do you think this is appropriate?"

Mr. Shu Will be very excited to ask: "Alyce, do you care about your father?"

Alyce smiled relieved: "You can think whatever you want, as long as you feel happy, but please don't Let me have a burden on my heart. Okay?"

Mr. Shu nodded again and again: "I know, I know, I know Alyce, Dad will leave now, it's dark, it's really not good for me to stand here, Dad won't give You only add to the burden on your heart.

Dad's visit to you is his own business.

It's none of your business.

Dad is leaving. "

After saying that, Master Shu turned around and left.

Alyce also entered her small courtyard.

She just shook her head and chuckled when she entered the door.

Chapter 2301

and then it will be light.

The relationship between Alyce and Mr. Shu has been maintained for several years, and it seems that they are tacit.

Mr. Shu never disturbed her.

Alyce didn't rush Mr. Shu away either.

She said to her daughter Suzi, "This is good."

So Suzi always thought that her mother really didn't hate Mr. Shu anymore.

And today, when I heard my mother detail the affair between her and Tong Jianan, did my mother still hate my grandfather?

"No." Mother smiled.

Suzi seemed to understand something: "Could it be that this is also a trap you designed for Tong Jianan?"

Alyce laughed: "He's really caught!"

Suzi suddenly sneered: "I thought such a criminal gang, he is the master To take the lead, how high is the top."

Alyce couldn't help sighing: "Money, in front of money, these people are not dizzy."

"Mom, you continue to say, I want to hear more and more, I am very I want to hear how the foolish critic surnamed Tong was played with by you, and finally fell into the trap and was beaten to death." Suzi said to his mother coquettishly.

Alyce couldn't help pinching her daughter's nose: "Why, now I'm not worried that your mother is an old nympho, or that your mother is cheated by a scumbag?"

Suzi glanced at his mother: "Mom, that's the situation. Next, I'm really worried that you will be deceived. Well, that Tong Jianan, when Shaoqin and I met him, he had already made no secret of his greasy smell.

Famous people can see it, he is trying to catch you, can I not worry.

Let me tell you first, mother, you are in love, and I agree with it.

As long as you truly love each other and really want to live with you, I agree with both hands.

But a man like Tong Jianan.

I was really embarrassed when I saw it.

So, I couldn't help but get angry.

So mom, don't blame me. The

mother stroked her daughter's head: "Mom never blamed you. Don't say it's you, everyone can see that Tong Jianan is getting more and more greasy and exposing his shortcomings more and more, that's not it, your mother and I, disguised well. "

Mom, hurry up, how did you pretend to tell him that you and Mr. Shu are not on good terms?" "

Alyce nodded: "He raised his hands at first in favor of me not interacting with your grandfather, and that expression was really touching. "

Speaking, Alyce fell into memory again.

When Alyce told Tong Jianan that she hated Mr. Shu very much and did not want to have any interaction with Mr. Shu, Tong Jianan's attitude was very firm: "Sister Shu, you are really strong, I didn't expect you also suffered such hardships.

I now finally understand what that temperament in you is that attracts me.

is a melancholy.

Yes, you have a touch of melancholy and sentimental temperament, and it is this temperament that makes you more beautiful.

Sister, don't worry, with me here, I won't let anyone hurt you in the future. Alyce looked at Tong Jianan gratefully: "

Mr. Tong, I really don't know how to thank you. I have been lonely for so many years. I have always felt that no one in this world is worth it." I trust it.

I have waited for so many years, have I really waited? "

Tong Jianan looked at Alyce with a smile: "Sister Shu, don't say thank you like this. If you really want to thank me, you should eat the food I made first. This is the biggest thank you to me, sister.

You Seeing that you have lost weight recently, you have to make up for it. You

can only make up for your own body and become healthy. You will have a richer life in the future, someone will love someone, and you will have to make your father regret it even more.”

Alyce’s face With the agility of a young girl, she nodded obediently: “Well, listen to you, I should eat well and exercise well. Then cherish my feelings.”

Although she did not express anything.

However, what she said was enough to make Tong Jia Nan Fu think about it.

However, Alyce will not give Tong Jianan any chance.

Tong Jianan repaired the appliances in Alyce’s house and cooked for Alyce. Alyce ate a little symbolically. Just after eating, Tong Jianan was trying to figure out how to proceed. To put it bluntly, when he could stay for the night, guests came to Alyce’s house. .

“Sister Shu, Sister Shu, is there anyone in your family?” A female voice came from outside the door.
