

PUNISHED BY HIS LOVE

Chapter 2310

Tong Jianan said in embarrassment: "It's just that I'm not a local account, I just came to Nancheng to work not long ago, I thought If you save money to buy a house, I haven't saved enough and now I'm unemployed. If I don't have a house, no account, and no savings, follow me, I'm afraid I'll hurt you."

Alyce immediately laughed: "Hi! What, isn't this small courtyard enough for us to live in?"

Or do you think my place is too remote and outdated?"

"Neither." Tong Jianan said, "The house in our hometown is older than this, and I have never disliked it."

"Why do you hesitate?"

"I don't want to eat soft rice, and I can't eat soft rice. I want to make money, support you, and live in a big house for you. This is what a man should do." Tong Jianan vowed. .

"Support you!" Alyce said immediately.

Hearing Alyce say this, Tong Jianan was somewhat disappointed.

He originally thought that Alyce would definitely say that Alyce liked him so much that she would come with a large sum of money to buy a wedding room for two people or something.

I didn't expect Alyce to do this.

However, Tong Jianan didn't show any disappointment on his face, he tried his best to maintain a gentleman's smile.

Alyce's smile became more gentle: "But Jia Nan, I support your approach because you are very manly, and I like a manly man like you, a man with no spine, I don't love it yet.

However, I am not too young. My

children are also married, and I don't have much use for keeping money.

Now that I have found the man I love the most in this life, I will definitely spend my money to support the man I like.

But Jianan, as you know, I don't have much money, and I only have 400,000 to 500,000 yuan on me.

It's all I've saved over the years.

In this way, how about we two save money together and buy a big house together? “

500,000?

If it was left in the past, it would be worth it if Tong Jianan took a few days to defraud 500,000. But

now, Tong Jianan and the gang behind him will never satisfy the 500,000.

What they want is more than 5 million and 50 million?

They think it is 500 million!

They have already inquired about it. With the financial resources of Mr. Shu, although it cannot be compared with the Fu family in Nancheng, he is worth dozens of dollars. 100,000,000 is not a problem.

With the degree of guilt and love that Mr. Shu has for Alyce, he will give at least half of it to Alyce.

That would be more than one billion!

More than one billion!

Just thinking about it makes my blood boil!

Tong Jianan shook his head. , looked at Alyce with a gentle smile: “Alyce, you save your money well, I don't want a penny. I will try myself. It will give you a good life, and I will also show your biological father that we are living well.

You are a person who can live a good life without him and never rely on him for funding. “

Alyce was moved to tears: “Really, really? “

“Of course!” “

Alyce suddenly smiled shyly: “Jia Nan, I’m actually...”

“What is it?” Tong Jianan was afraid that Alyce would change his mind.

“Actually...” Alyce smiled embarrassedly: “Actually, I really like listening to some sweet words, do you know why? Because the first half of my life was too hard, it was all bitter, not sweet at all. I didn’t like your sweet words to me at

first because I didn’t know you as a person.

But I know you now, and I know you’re a good person. I just thought, why should we restrain ourselves when we can have

dessert?

How old

are you? I’m in my fifties, how many years can I live?

I don’t want to lift myself up too much.

I just want to live a little more casually, um...”

She lowered her head and her voice changed. Very low: “I wanted to keep you yesterday, that’s what I mean because we are not young people anymore, we have to live happily and sweetly every day, what do you think?”

These words can be said to have been very active, Very blatant.

No matter how stupid people are, they can still hear the thoughts and attitudes in Alyce’s heart.

Tong Jianan felt that his guess was not bad at all.

Alyce is even more anxious than him!

old woman!

I can't stand loneliness after all!

Chapter 2311

Especially he is so handsome.

There is a style, a whole body of tendon meat!

Ten years younger than her!

Which old woman could hold on to it when she saw it?

In today's society, how many rich women secretly keep that little fresh meat, little milk dogs, and so on.

He Tong Jianan is more fierce than the little milk dog!

More mature men's taste.

Can control women more!

Especially with old women!

Sudden incomparable self-expansion.

"Want to hear sweet language?" Tong Jianan asked.

Originally it was an idiom called 'sweet words', but when Tong Jianan said it as 'sweet language', it was much sweeter and purer.

In Alyce's words, there was a little bit of desolation: "Is there another woman in this world who doesn't like sweet words?"

"But, little sister Yang, who was just driven away by you, she doesn't like listening to it." Tong Jianan said .

In fact, it is deliberately deepening the contradiction between Alyce and Xiao Yang.

Tong Jianan must not let Xiao Yang destroy the good things between him and Alyce.

Alyce snorted: “She doesn’t like it! Ha! Joke! If she didn’t like sweet words, she would not have been confused by her husband’s sweet words at first, and then married her husband!

Now she is dumped by her husband

. All the men in the world who speak sweet words are bad men!

She is jealous!

Red Guoguo’s jealousy!

She can only live a happy life, but she can’t allow others to get the slightest happiness!

I can see through her!

From now on, it is impossible to interact with her again in this life!

Isn’t it just missing a friend!

Anyway, I, Alyce, am used to being alone!

It doesn’t matter! “

“Alyce, you are not alone, you still have me!” You will never be alone again.

I won’t leave you alone.

If you like flowers, I will send you flowers.

I know you like roses, don’t worry, I will pick the freshest roses for you every day from now on, and I’ll change the pattern for you every now and then. For the understanding of flowers, and if matched, I guarantee you are satisfied.

I will make your heart as sweet as honey.

Do not worry. “

Once he relaxes, when it comes to sweet words, Tong Jianan is the best at it.

Moreover, he found that after relaxing his nature, he wants to make further progress with Alyce more quickly.

He knows very well that that kind of He is no less impatient than Alyce.

Before, he had always concealed his own nature, and his hunger and thirst were not so obvious.

But now, once he relaxes and lets his temperament come, then he really There is a feeling of being uncontrollable.

He must speed up!

Otherwise, he will go crazy!

Guarding such a rich, feminine and beautiful woman, he can't do anything, which man will not be forced Crazy?

Both hands are involuntarily clenched and let go, and they are clenched tightly.

do not care!

The old woman wanted him to do it anyway.

Early in the morning, before Alyce had eaten, Tong Jianan opened his arms to hug Alyce.

Suddenly, Alyce's cell phone rang, and the loud voice was extremely rapid, which startled Tong Jianan.

The urge that just came up could not be suppressed, but he still had to suppress: "Alyce, answer the phone first..."

Alyce immediately connected, and then his voice became extremely angry: "Why is it you again? !Get out of here!"
