

Chapter 233

In the past, Zhang Fan didn't pay much attention to these clothes. Since he fell in love with Shaohua, he has some understanding of these aspects. Moreover, looking at the two people's clothes and the nutritional status of their faces, Zhang fan can be sure that their family income should be good.

And it can smell the smell similar to that of Jia Suyue. According to Shao Hua, the perfume used by Jia Suyue is better than a thousand bottles, because Zhang Fan is allergic to fragrance, so he is very impressed. Moreover, the lying girl, wearing this white leather coat, has seen Zhang Fan in Vientiane, more than 30000 yuan.

They are not very old. At most, they look like they have just graduated from college or are still in school. When Zhang Fan and LV Shuyan stood in front of these two people, they seemed to be inferior and rustic!

People's desire is very complex. Desire is different at different stages. It is very normal and unavoidable to have desire. Because desire is human nature, and even the outgoing family have desire. What about normal people, but if you can't control this desire, it's a very troublesome thing.

After getting familiar with Li Xiao, Zhang Fan once heard the rich woman say that the first thing to achieve great things is self-discipline. If you want to succeed, you must be able to grasp and control your desires, greed or love, because the road to success is like a ascetic monk. Zhang Fan doesn't know what is a big event, but he knows success, so Zhang Fan also slowly and deliberately exercises himself, and exercises how to control himself.

"What's the matter?" After Zhao Zipeng went out, Zhang Fan asked.

"Take out your thing and let Dr. Zhang have a look." Lu Shu said with a red face.

"Here! That's it. " The girl in black leather took out a pink thing from the inner pocket of her coat like a plain clothes policeman taking out a gun on TV!

As soon as Zhang Fan looked, the hand that originally stretched out was involuntarily taken back! It's a pink rubber product of type H, in which an obvious fracture can be seen in one corner. The size of this thing is quite similar to that of a man.

"This should be a big h-handle?" Zhang Fan retracted his hand, pointed to the broken end of this thing

and asked with another hand across the distance.

"Yes, it's a big h. because we don't know how to use it, we broke one and entered Xiaojing's ~ ~" the valiant girl finally showed the unique shame of a woman!

Zhang Fan looked at the crotch and buttocks of the girl wearing black leather, and then looked at the girl lying on the ground. He understood that the girl lying on the ground was round and had obvious secondary sexual characteristics. The pelvis was relatively open, but the girl was thin. It was estimated that the pelvis had not been opened yet. Maybe it was because of this little difference, it's estimated that it may be too excited or overworked or something. It's broken!

Zhang Fan looked at the liquid with a layer of grease on it and had to ask, "what is this liquid?" Because of the foreign body inside the rectum, Zhang Fan had to ask.

"Lubricating oil!"

Zhang Fan knows and turns around. He is also embarrassed. After all, he is still young. If he is a middle-aged uncle, it probably doesn't matter. But he's still a chicken!

LV Shuyan took a step behind him. Zhang fanmeng turned around. As a result, LV Shuyan was very close. At this time, their eyes were opposite. LV Shuyan's face was red and bleeding. It was very embarrassing. Even if it was embarrassing, Zhang Fan couldn't stop talking. "Dr. LV, did you take a plain film of the patient's abdominal position?"

"No, she won't go!" LV Shuyan lowered her head as if she had broken one herself. It was embarrassing!

"This needs to make an abdominal standing plain film, and I see that although you are soft, the broken end is still relatively hard. Are you sure you have entered the anus?" Zhang Fan said while wearing gloves. It's embarrassing for a while. When his head starts to think about treatment, Zhang Fan is no longer embarrassed ~!

"OK! Because it's too slippery, otherwise it won't go in. Who knows the quality is so poor! " After the woman in black leather finished, she muttered again.

Zhang Fan didn't ask any more. This is an obvious thing. I can't ask you how to get in! That will become playing hooligans. How strange and wonderful the other party is is not the reason for doctors to play hooligans. A doctor doesn't require you to have much pity, but you have to have the minimum professional quality! Otherwise, please take off your white coat and don't stain it.

Zhang Fan said to the lying girl, "I'm Dr. Zhang of anus and intestines. I'll give you a simple examination now. If necessary, I still have to do an abdominal standing plain film."

"Doctor, can I not go. Please, take it out for me. " The girl lying on her stomach began to feel a little ashamed at this time!

"I'll show you first. The necessary inspection still needs to be done. It's your responsibility. You relax first. "

Zhang Fan said to LV Shuyan, who was still blushing, "biopsy forceps, liquid paraffin, headlights." Zhang Fan's tone was serious, and when he was in the urology department, Zhang Fan took LV Shuyan, so with such a serious tone, LV Shuyan also began to enter the working state.

LV Shuyan quickly prepared the needed instruments, put them on the instrument trolley and pushed them over, "do you need my help?"

"Yes. You should also wear a pair of gloves and have a look first. If you can take them out, it's best. If you can't take them out, you have to find another way. "

Disinfection: start from around the buttocks and from the outside to the inside with the anus as the center. After disinfection, the towel laying, such a disposal, originally a very attractive posture, suddenly became a professional preoperative state. No ambiguity, no gorgeous neon, only professional, only serious.

If it's a normal inspection, we'll invite the family members out at this time, but today's thing is a little different, so Zhang Fan simply pretends not to see, Zhang Fan doesn't speak, and LV Shuyan can't speak.

This is inertia. In one month in urology and one month in gynecology, Zhang Fan has put endless pressure on LV Shuyan. Although LV Shuyan was a graduate student, she automatically became Zhang Fan's subordinate doctor. If according to the normal situation, LV Shuyan got the qualification certificate earlier than Zhang Fan, and she is still in gynecology, she should lead Zhang Fan.

This is the unit characteristic of technology as the king. Speaking with technology, everyone knows where to stand and who knows their position! Very simple, there is no one who is who, just speak with technology, simple and rough!

Before disinfection, the girl lying on her stomach asked Zhang Fan to help her change a special position, lying on the left side, straightening her left lower limb and flexing her right lower limb as much as possible. This position is conducive to anal examination and removal of rectal foreign bodies.

Zhang Fan gently smeared some paraffin on his fingers and gently massaged around the girl's anus. Zhang Fan looked at the girl's anus and shook his head secretly. It's crazy. The anus and * * * * are powerful and have a tendency of swelling and edema" Doesn't it hurt? " Zhang Fan thought so, then looked at the thing in the bend that had become a small H-shape, and involuntarily shrunk the chrysanthemum!
