## Chapter 2331 God of Bronze and Fire

Although the two got along for many days during this trip to Japan.

But he didn't say a few words at all. The dragon god was few words, so even if Long Baichuan was always curious about the name of the other party, he never had the courage to ask.

Now that the two are about to part, Long Baichuan couldn't hide his curiosity and asked the man in black.

The black-clothed man did not speak, and his steps never stopped.

Just when Long Baichuan had no hope, there was a hearty laughter from the front.

"I am, the god of bronze and fire, Owen!" Under the sky, the proud words echoed for a long time.

When Long Baichuan looked at it again, he found that the man in black had no trace.

However, even if the other party had been away for a long time, Long Baichuan was still stunned and lost for a long time: "The god of bronze and fire, Owen?" Wrilfill City, Eastern Suburb Villa.

It is early in the morning when the morning sun is beginning to shine and the breeze is pleasant.

At this time, Helen Qiu had already gone to the company, and Mark was the only one left in the villa.

As for Denren and the others, they have already returned to the military area.

After all, the training mission that Mark set for them has not yet ended. After the Wrilfill incident, they also returned to the military area to continue training.

At this moment, Mark was talking on the phone.

"Dragon Lord, the mission is completed, so all the target people are killed."

“I don’t know the Dragon Lord, but there are instructions?” A man’s respectful voice came through the phone.

This is not someone else speaking, but one of the strong dragon gods who just parted ways with Long Baichuan, Owen.

Mark nodded when he heard the words, and then asked, “You are in Japan, and you have made such a big disturbance. Shouldn’t the Japanese martial arts community react so much?” The two great masters sneaked into a foreign country and killed 10,000 people.

This matter is by no means trivial to any country.

It can be said that from the very beginning, Mark had anticipated that the Japanese martial arts community would definitely react.

“Well, just as the dragon master expected. After we beheaded the target, we were surrounded by the powerful Japanese martial arts.”

“Moreover, it also alarmed the supreme god of Japanese martial arts, Moonread.”

“I have to say. , This Moon God deserves to be the god of faith in Japanese martial arts, and his strength is terrifying.”

“It’s me, I’m afraid it will be difficult for the Moon God to survive a move.”

“If it weren’t for the reputation and majesty of the Dragon Lord, this time King Longchuan and I would really be in a foreign country.”

Owen’s low voice came through the phone.

Even now, Owen still feels afraid of the scenes when he faced the Moon God before.

The unparalleled sense of oppression is unprecedented.

If someone choked his life’s throat, he could easily be crushed to death.

However, after Mark heard this, not only was he not surprised, but also chuckled: “Yue’er’s strength, even me, is not as good. It is normal for you to feel this way.”

“By the way, Long. Lord, Moon God has something for me to give you a little.” “She said that no matter what happens in the future, you will always be Yue’er’s most beloved master.” “Even if Yue’er’s consciousness dissipates and his soul is no longer in the future, Yue’er will do. In another form, watching the master.”

... On the phone, Owen’s low voice came.

Mark listened, but there was an inexplicable touch in his heart.

## Chapter 2332

He did not expect that he would have such an important position in this girl's heart.

He didn't even expect that some of the actions he made out of sympathy and pity back then had planted such a deep friendship in the heart of a young girl.

"This silly child, she has a heart."

"It's a pity, but a poor person~" Although, Haruhi Yingyue only asked Owen to come over for a few words.

But Mark could hear that Yue'er's time is running out.

Think about it, too, how can two souls be accommodated in one body.

Sooner or later, Haruhi Yingyue's consciousness will completely dissipate.

At that time, even Mark didn't know, the other party would still recognize it, he was the master.

"Hey, it's a pity that I don't have enough strength."

"If I can cultivate this Yundao Heavenly Decision to the ninth highest level. What kind of moon reading gods, what Japanese beliefs, this dragon god can be destroyed."

Mark Shaking his head, there was a sigh in his heart.

Yundao Tianjue has the power to conquer heaven and earth, and has the power to reverse the universe.

The Chu family can flourish and stand on the top of the world's martial arts, relying on only half of the Yundao Tianjue.

Yes, according to Grandma Tai, for so many years, apart from the ancestors of the Chu family, who was the founder of this book, no one can learn the whole story of the book.

However, only relying on half of the heavenly book can allow a power to stand on top of the world's power for hundreds of years. It is conceivable that this Yundao Tianjue is powerful.

Even Mark didn't dare to imagine if he had cultivated all this Yundao Heavenly Decision.

What will his power reach?

But when Mark's thoughts were flying, Owen's advice came from the phone again.

"Dragon Lord, I can see that the Moon God has a deep affection for you."

"If that is the case, why don't you marry her into the house."

"The Moon God is not only powerful, but she is also born with stunning talent."

"This world. Odd girl, the whole world is only the master of the Chu Sect. Can you compare with it?" "Dragon Lord, if you can really include such a powerful person in the harem, you will have a great cause in the future, and the future can be expected."

"Just say Chu. Home, it is Truman, my Dragon Temple, and I have the confidence to be higher and lower than one!" Owen's words were eager, and the feeling was as if the world had already been stepped under his feet.

But when Mark heard it, his eyes were full of black lines, and he cursed with a black face: "Harem peat!" "A wife in the family is enough for me. If I have another one, I will not let the dragon master live. "I won't say anything like this in the future, if Helen hears it, it will be dead!" Mark was so angry that he couldn't laugh at what Owen said.

This dog thing unexpectedly gave him such a bad idea.

Not to mention that he is a person with a family, it is that Mark is single at the moment, and the Moon God is not something he can marry if he wants to.

After all, the Moon God is the Japanese martial arts belief and the patron saint of a country.

If he really marries this woman back to the hot summer, then the martial artist of Japan will not be crazy?

What's more, the reason why the current moon god has affection for him Mark is entirely because of Haruhi Yingyue.

When the consciousness of Haruhi Yingyue merges with the reading of the moon in the future, this affection will naturally fade.
