

# PUNISHED BY HIS LOVE

## **I'm Sorry My Love** Novel alternative...

### **Chapter 2380**

Galia was stunned by the woman in front of her.

Did she admit the wrong person?

Isn't Yi Yun the maid of the Shu family?

However, there are records all over the Shu family, and even the old domestic helper who has worked in the Shu family for thirty or forty years remembers Yi Yun.

When it comes to Yi Yun, all the servants in the Shu family are very emotional.

“Hey, when the old man doesn't die, he doesn't show it. Once the old man passed away, we all felt it. In fact, the old man is still very good. He has shortcomings, but he is also decent. The old man has

lived his whole life . . . his temper is grumpy. But

he treats us domestic servants like everyone else, never treating us as domestic servants. The

old man passed away a few days ago, and I started to miss him. I am afraid I will never meet him again in my life. I don't consider servants to be domestic servants anymore.”

“Who said it wasn't. I joined Shu's house when I was six years old. At that time, I had no parents and no mother, and I was a homeless child on the street. It was the old man who understood me. At home, they paid me monthly wages and asked me to go to school. Originally, I was going to study at university, but I was too stupid to go to school.

After graduating from junior high school, I worked as a domestic servant in the Shu family

. The salary is higher than the salary outside.

Now my children are in college, and the prospects are very good.

I met such a good family as the Shu family, and I really don't know what my life will be.

“Hey, who said no. The old man is really good. He is a decent person. Otherwise, why did the president of the Fu Group come to preside over the funeral in person, because the old man helped President Fu and his mother back then.

It is said that President Fu's back then My mother was also desperate, and was almost killed by Mr. Fu's aunt.

If the old man did not intervene, maybe there would never have been Mr. Fu's mother and Mr. Fu in this life.”

“Yes, let alone Mr. Fu. Even now The maiden family of the old lady, the old man treats them very well.

That Walton, the old man loved her like a granddaughter from a young age.

There is also the deceased old lady's maiden family, and the old man treats them like his own daughter

. , I have been a selfless person all my life, and never hide a traitor.”

“These are still relatives, and it is right to be nice to them. I don't know if you came late. We also have a domestic helper in our family, a family of three. When the young master went abroad, the family of three went to take care of the daily living of the three young masters. At that time, the child was only four or five years old.

I heard that he is now studying in a university abroad and has settled abroad.”

“Really That's really lucky.” The young domestic helper listened with great yearning: “I want to be a domestic helper in the Shu family for

the rest of my life, I want to stay in the Shu family, the current master of the Shu family is also very good, and there is also Shu Fourth Young Master.

They are all very good.

Maybe I will have many opportunities in the future. I am now studying myself well. When one day I am admitted to a foreign university, I will also be able to win glory for the Shu family.

Maybe the Shu family will give me a A pen scholarship.

Hey, what's the name of that kid who went out of Shushu's house and went to college abroad?"

"It's a little girl, Yiyun."

Yiyun.

That was the name Galia had heard several times.

She also saw pictures of Yi Yun when she was a child at Shu's house.

As a child, Darius held Yi Yun's hand and played with her to catch earthworms on the ground.

The two little ones have no guesses, like brothers and sisters.

When the Shu family heard the domestic helpers outside talking like this, Darius's parents couldn't help feeling emotional.

Especially Darius's mother sighed and said, "It is said that our Shu family is good to domestic servants, relatives, and outsiders. But who knows, our father has integrity on the one hand, but also has vanity?"

He is too fond of the family style of the Shu family and the reputation of the Shu family.

For fear that outsiders will say that the Shu family is not good

, that the Shu family is not generous enough. He is

afraid that others will say that the family style of the Shu family is corrupt.

Therefore, my father has always been a domestic servant. Outsiders, relatives, and all people, but only...”

Darius’s mother paused and glanced at Darius’s father: “Only for our little mother, for our little sister, is so harsh, so inhumane, so ruthless.

Our little mother, our little sister, how innocent.

## **Chapter 2381**

for a lifetime, suffered a lot.

But, even so, after the death of her father, the little sister has been kneeling here to do filial piety to the old man.

But what about the people we’ve helped?

Gu Jianing?

Gu Xiaoqing?

And Yi Yun.

Far abroad, how far can it be?

The old man passed away, and neither Yi Yun nor her parents came back to China to pay their respects.

It’s also heart-wrenching enough.

Hearing his mother’s emotion, Darius immediately consoled her and said, “Mom, you can’t blame Yi Yun and her parents for this. You must know that when Yi Yun went abroad, she was only four or five years old. She might even She can’t even speak Mandarin, and a child who left the Shu family at the age of four or five, how much affection does she have for the Shu family? Remember the website

and say Yi Yun’s parents, her father has rheumatism.

Her mother takes care of her father all year round.

A family of three living abroad is not easy.

Didn't my eldest brother, the second brother and the three say that when they came back, the old couple wanted to come back.

Mainly want to come back to the old man to revoke.

Secondly, I want to come back to see my dad and you. Yi Yun's parents served my dad back then. They missed my dad but couldn't come back. “

Darius's parents were relieved.

Especially the father, suddenly smiled warmly: “I miss them too, and I don't know if I will see them in my lifetime. Even if they can't come back, Yiyun can come back.

That little girl, now that I count it, I have to pay three Ten?”

Shu Ming shook his head and said, “No, let me show you her current picture.”

After saying that, Darius turned on his phone and showed his parents Yi Yun's picture.

Galia was right in front of her at that time, and she also saw Yi Yun's photo.

It looks really beautiful and sassy.

Quite international style.

Galiaxiao looked at her parents-in-law and her husband: “Dad, Mom, say it nicely, this is still my little sister-in-law. Our Shu family's family style can't be defeated, we still have to be good to the servants in the family, we can't I have a dark eye on them. Everyone is equal. The

division of labor is different.

Besides, look at how good Yi Yun is now.

If Yi Yun came back to Nancheng that day, maybe A Zhen and I would still have low self-esteem. Right

? Ah Zhen?”

Darius smiled and slashed his nose: “You still have low self-esteem? You little pepper, you can’t feel low in front of anyone. Don’t forget, you are the real young master of the Shu family. Mother.

The entire Shu family will be yours from now on!

No matter who comes, you have to come out as your mistress.

Even if Yi Yun comes back, even if she is studying abroad, as long as she comes back to the Shu family, she will still be there. It’s the daughter of the Shu family servant.

And you, the young mistress of the Shu family. Understand!”

Darius looked at Galia seriously.

The in-laws also looked at Galia lovingly.

Galiaxiao was extremely happy: “I understand! The young master!”

Those were the family’s daily conversations a few days ago. No one would have imagined that just a few days after they mentioned Yiyun, Yiyun really came back.

And inexplicably appeared in front of Arron’s office.

What is incredible is that Yi Yun can raise her hand and hit Galia.

This meet and greet is truly amazing.

Galia covered her cheeks, and said incredulously and aggrieved: “You...you actually hit me?”
