

# PUNISHED BY HIS LOVE

## **I'm Sorry My Love** Novel alternative...

### **Chapter 2386**

Darius did not answer Galia's question, but frowned in confusion: "Why did Yiyun return to China, she How could they appear in Fourth Brother Fu's office? What's the situation?"

Galia snorted: "I also think it's strange! Since their family and our Shu family are so close, they didn't come back when Grandpa died. Just take a look! Is it because he was grandma's savior? In other

words, how did Yi Yun's grandfather save grandma's life?"

Shu Ming sighed: "Our Shu family, decades ago, when my grandfather was young, always They all joined the army and politics. At that time, they were stationed at the border all the year round, and they offended many important criminals

who lived in the border. They were very cruel.

They couldn't fight my grandfather, so they tried to take my grandma away. His grandfather was my grandfather's sidekick before he became the housekeeper of our Shu family. My

grandfather taught him martial arts, marksmanship, and all kinds of teaching. Yi Yun's grandfather was very talented in this area.

He was also very courageous.

After the kidnapping, it was Yi Yun's grandfather who single-handedly sneaked into the criminal's side, and Xiao Erlang, who pretended to be a coward, sneaked in for a while, and then risked his life to rescue my grandma.

As soon as he brought my grandma into the safety zone, Yi Yun's grandfather was captured The criminal was beaten to death."

Galia's tears were falling out of his eyes: "This... is so touching, in this day and age, there are... such loyal servants?"

Darius said with a gratified smile: "Yes, my grandfather, apart from being sorry to my little grandmother and aunt, he has always been fair and just to outsiders. Especially to the people around him, to the relatives of the Shu family, he has always been fair and just. It 's all about giving the greatest help.

The same is true for Yiyun's grandfather.

So Yiyun's grandfather has always been grateful to my grandfather.

Otherwise, he wouldn't have given up his life to save my grandma's life when my grandma was in trouble."

"So, the Yiyun family , is it a favor to our Shu family?" Galia's tone was filled with helplessness.

Darius nodded: "Otherwise, why do you think that my grandfather sent my three brothers abroad, why did you bring Yiyun's parents with him? On the surface, he said he was taking care of my three brothers, but in fact, he wanted Yiyun to be able to Having a good education will give her a higher starting point. She will have a good future in the future.

You think, her family has been our Shu family's domestic servant for three generations.

Even in China, how can my grandfather treat Yiyun as a little granddaughter? She goes to the best university, which makes her food and clothing worry-free.

But so what?

She can't get into the upper-class circle in Nancheng and the upper-class circle in Kyoto."

Galia sneered: "Do you have to enter the upper-class circle? Is it almost impossible? How many people are there in the upper class? There are more than 20 million people in Nancheng, and there are only a few in the upper class. Most of them are ordinary people!

Are ordinary people not worthy of living ? Not  
worthy of marrying a wife and having children?

Really Yes!”

Darius sighed with his arms around his wife: “You think so, so do I. My grandfather also thinks so. However, Yi Yun’s parents don’t think so.

When Yi Yun’s grandfather died, my grandfather thought so. I promised Yi Yun’s parents that my grandfather would agree to everything they wanted in return.

Yi Yun’s parents didn’t ask for anything else.

Just want their daughter to enter the upper class.

They want their daughters to change their fate and marry a rich young master in Nancheng or Kyoto, and honor their ancestors for their Yi family from now on.

My grandfather was also very embarrassed at the time.

You said they wanted gold and silver jewelry, and my grandfather could give them whatever they wanted.

However, to let Yi Yun mix into the upper class and marry the top person in Nancheng living in Kyoto, that would have to be accepted.

Yi Yun and I, Rayna, and Gu Jianing and Gu Xiaoqing are different.

At least Gu Jianing is the daughter of my grandma’s sister, they are real relatives of our Shu family.

## **Chapter 2387**

Qingrong

is my aunt’s daughter, she is also a true relative of our Shu family.

But what about Yi Yun?

Everyone knows that the Yi family is the family servant of the Shu family for generations.

That high society is willing to put down her figure and marry the daughter of a domestic servant? Unless the man is willing and they are truly in love, that's ok.

However, how could my grandfather know that that person was willing?

This kind of love, only Yi Yun can fight for herself.

How could my grandfather agree indiscriminately?

My grandfather knows best that the door has existed since ancient times, and it used to be an upright existence. And now, it is invisible.

This is impossible.

In the end, my grandfather really couldn't think of a way, so he could only let the little Yiyun go abroad with her parents, which is gilded.

Yiyun's parents also know that going out to gild, letting Yiyun grow up abroad, receive ideological education abroad, and go to the best university is a shortcut.

Even if he returns to China in the future, he will be considered superior in terms of status.

So, they went abroad with my brothers.

This time my brother and the others came back. Originally, Yi Yun and her parents were also coming back, but no one was taking care of all kinds of affairs abroad, so Yi Yun's parents couldn't come back. Galia nodded: “

I understand, but the question is, why did Yi Yun suddenly come back at this time?” “

Shu Ming shook his head: “I don't know what...”

After a pause, she looked at Galia apologetically: “Galia, anyway, Yi Yun is from Shu’s family, we can’t let her stay in the police station, I have to save her first.”

Galia nodded: ” Mmmm, hurry up and bail her out sooner.”

“Okay. Wife, you are so reasonable.” Shu Ming gave Galia a kiss on the forehead.

Without further ado, after Darius quickly processed some documents, he drove to the detention center and came to the place where he was guarded for a meal. Only then did he see that his three brothers were also there.

“Big brother, second brother, third brother, why are you here?” Shu Ming asked in puzzlement.

For the past two days, the three brothers have been staying in the hotel. Once the air tickets and the situation procedures are completed, they will have to fly out of the country immediately. If there is no important matter, they are not allowed to come back.

Darius did not expect that the three older brothers knew that Yi Yun was back and that she was at the police station?

For the first time, Darius wondered if Yi Yun had something to do with her three brothers when she came back this time?

But he never thought about it, the elder brother Shu Mingxia immediately reprimanded: “You are too embarrassed to say it! Yi Yun came back to pay tribute to grandpa, but her flight was delayed. She hadn’t come back to Nancheng for more than 20 years, so she got off the plane and asked the driver to inquire. During the route, I heard from the driver that Arron took care of all the affairs of the Shu family. Yi Yun just wanted to thank Arron.

The result! You are scolded

by your good wife, good daughter-in-law, do you know what to do?  
Good

!

Yiyun is our younger sister!”

Shu Mingxia was very confident.

Darius didn't know what to say. He could only ask the important ones first: “Where's Yiyun?”

“I'll be out soon after the formalities are done.” Just as Shu Mingxia's words fell, Yiyun walked out of the detention room.

Seeing the embarrassed Yi Yun, Darius immediately shouted: “Sister Yiyun?”

“Ming Zhen... woo woo woo.” Yi Yun cried aggrievedly, while the runner jumped into Darius's arms.

Darius: “...”
