### Chapter 2390

Yi Yun was startled: "What, what? Mingzhen brother?"

She was incredible.

Then she asked, "You guys, want me to marry Ming Zhen's younger brother?" It

wasn't that she didn't want to marry into the Shu family.

She was thinking too much.

However, she never had a chance.

Since she was thirteen years old, her parents have secretly told her countless times.

"Yunyun, you're thirteen now, and you're here too. You're a big girl. Mom tells you that our family is basically a domestic servant of the Shu family, but it's different now. Let's follow. When you go abroad, you have also received the best education, and we have a chance to turn over.

Now the opportunity has come.

The eldest brother of the Shu family is already an adult, but he has not yet found a partner.

You can start when you have the opportunity. There are all brothers in the Shu family. Four, although the eldest brother of the Shu family is a little older than you, the eldest brother may be in charge of the entire Shu family in the future.

If you marry her, you will be the real mistress of the Shu family in the future. ” This is what Yi Yun’s mother often tells her in her ear.

When the mother confessed to Yi Yun, the father also echoed: “You are beautiful, you have advantages, and you are studying abroad. You are more open-minded in foreign countries. You have to let go, you know, girl. In

the future, the glory of mother and father.

And Your own glory is up to you.”

In order for Yi Yun to be able to impress the eldest young master of the Shu family, Yi Yun’s mother also bought the set for adults to watch specifically for Yi Yun.

Over time, Yi Yun was taught by her parents at a very young age that she wanted to seduce the young and old of the Shu family. If she succeeded, it would be the most glorious thing.

Yi Yun really did her best.

However, the young master of the Shu family is the young master of the Shu family.

He wouldn’t touch the Shu family’s domestic servant.

The eldest young master of the Shu family, Shu Mingxia, is still very kind to the Yiyun family of three, but he never interferes with Yiyun.

Even though Yi Yun was very explicit and stood naked in front of the eldest young master of the Shu family, the eldest young master of the Shu family did not look at Yi Yun much.

It didn't take long for the eldest young master of the Shu family to marry an eldest young lady from a large Chinese family who had passed away in Europe for hundreds of years. Although that big family had also fallen, the eldest young lady did know the truth.

It looks more noble than Yi Yun.

The abacus beads of Yi Yun's and Yi Yun's parents were all in vain.

Later, Yi Yun's family of three still did not give up.

She tried her best to seduce the second and third young masters of the Shu family.

However, the second and third are the same as the eldest.

They also never interfered with the Shu family's domestic helpers.

Later, the second and third children also got married.

Although they did not marry a big European family like a royal family.

However, the wives of the second and third children are also well-known independent women in the industry.

At that time, Yi Yun was already in her twenties,

and she and her parents also discovered an indisputable fact that the three brothers of the Shu family were unwilling to marry her, not for other reasons, but from the heart. I look down on Yi Yun.

Because she is a domestic servant.

But the three brothers of the Shu family are all well-cultivated, and they never say that they are forced to this level, but they have very good reasons for looking for it.

"Yi Yun is my sister, I can't do anything bad to my sister, my sister is the little princess of the Shu family, and of course the little princess of the Shu family should match the best man in the world, Uncle Yi, auntie, you can rest assured, our three brothers will definitely help Yi Yun find the best man here! We will not let our sister suffer." These are the words of the eldest of the Shu family.

Of course. The second and third also said the same thing.

Back then, because of the words of the three brothers of the Shu family, Yi Yun's parents were moved, and they became more loyal to the three brothers of the Shu family.

They were all thinking that Yi Yun could marry a European noble.

so wasted year after year.

Until Yi Yun was in her thirties, she did not marry into a good family.

Don't worry, Yi Yun is used to the bad problem that her eyes are higher than the top.

She has a deep-rooted belief that she is of noble birth, that she is a dragon and a phoenix, and that her family background is prominent.

She even always thought that she had four older brothers and that she was the only girl in the family, the eldest miss of the Shu family.

This thought is deeply ingrained in my heart.

Then when I look at the men outside, I see that no one is worthy of her.

However, she never hit the Shu family again.

Because she knew that the men of the Shu family would not marry her.

But she never expected that at this moment, the eldest brother of the Shu family told her that the boyfriend he was going to introduce to her turned out to be the youngest son of the Shu family, Ming Zhen's younger brother.

Of course Yi Yun wanted to.

really want!

Even if the young son of the Shu family, Darius, is not as powerful as Arron.

How good is the family style of the Keshu family.

The eldest brother of the Shu family, the second brother and the third brother, never mess around with women.

The fourth brother of the Shu family, Darius, should definitely not.

If they can marry into the Shu family, their parents will have more face in front of the Shu family's many domestic servants.

What's more, Darius was about the same age as her.

most suitable.

However, Yi Yun was also a little strange.

She covered her cheeks and asked, "Why did you think of letting me marry Ming Zhen's younger brother? Don't you think I'm the Shu family's domestic servant?"

At this time, Shu Mingxia softened her tone and coaxed Yi Yun, "We didn't marry back then. You are a wife, one is because we do treat you as a younger sister, and two, I am ten years older than you, how can I marry you?"

Didn't marrying you delay you?

But Ming Zhen is different.

You and Ming Zhen four We separated when we were five years old, and we haven't lived together since then. There is no sibling relationship between you.

Also

, you graduated from college, you are a returnee, and we know the bottom line from the Shu family. Marry my fourth brother. It is the most reassuring for us."

Yi Yun immediately broke into a smile: "Really, is it true?"

Shu Mingtian immediately said, "Of course it is true! Otherwise, how could I have called you back from abroad after so many miles, but there are currently There is a problem in front of you."

Yi Yun immediately asked, "What is the problem?"

Just when he asked here, Darius's car had already driven over, and he leaned his head out of the car and shouted, "How many of you can't get in the car? If you have anything to say, let's go home!"

"Fourth brother, you drive forward, we have a car, and Yiyun is well educated on the road, she is too naive." Shu Mingxia immediately said to Darius.

"That's the best!" Darius didn't wait for a few older brothers before driving forward.

It's really annoying!

It's better to let a few older brothers and Yi Yun go back abroad as soon as possible, so that life can return to peace! Since you have been abroad since childhood, don't come back!

Darius thought angrily all the way, when he got home, he straightened the car to the door and saw his parents answering the phone at the same time, and the voice on the other end was very loud.

As if someone was crying.

"Dad, what happened to Mom?" Darius asked.

His father looked up at Darius and said sternly, "Mingzhen, tell your father that Galia really did such a thing?"

Darius was startled: "What did Galia do?"
