

Punished by His Love Novel

I' m Sorry My Love Novel alternative...

Chapter 2400

Galia was stunned, she murmured like she was talking to herself:
"Yiyun? Why are you holding me? Husband's cell phone?"

"Nonsense!" Yi Yun said unceremoniously, "I'm taking my brother's cell phone, okay! I got sick because someone was angry with me and hospitalized me, and now my brother is hospitalizing me in the hospital. The formalities, he is busy running before and after, and he has to accompany me here tonight, so I don't have time to call you, so let me inform you."

"You..." Galia was angry, and immediately Like yelling.

However, the phone was snatched away by Rayna next to him.

Galia: "..."

Suzi grabbed Galia.

Here, Rayna looked into the receiver of the mobile phone and said with a polite smile: "Okay, I got it, Sister Yiyun, you can just tell my husband if you need anything. Anyway, I can rest assured that my husband is there to take care of you. I'm busy, Sister Haiyun. When I'm done, I'll go to the hospital with my husband to take care of you and accompany you.

After all, we're all a family.

At night, the three of us squeezed together in a room. You, the eldest aunt, should have no problem, right?

After all, what aunt doesn't want her brother to have a happy marriage?

Don't think about me, aunt.

I'll be there in a few days.

How are you? Rest."

Yi Yun at the other end was startled.

She was going to be angry.

But she never thought that she didn't make the other party angry, but the other party came to this paragraph of fierce words, which directly made her unable to resist.

"You...you've changed too much, and you have a strong taste!" Yi Yun didn't realize that the other party was no longer Galia, after all, she didn't talk much with Galia.

"Haha! You are much heavier than me compared to the heavy taste. You keep saying that Ming Zhen is your own younger brother, and you even go to your own younger brother. You are still in the hospital, where you are scared in public, and your younger brother's daughter-in-law is terrified. Call me, what do you mean? It's

not that I've never met a female nympho.

I've seen too many.

But a woman like you who is so mad that she doesn't want to eat, even her own brother is not spared. It's the first time I've seen you.

You certainly don't know that you are a weirdo. But the doctor must know, or you can ask the doctor, are you a

weird nympho?"

She looks like an angry little daughter-in-law, but she is born a shrew and loves to quarrel with people, but in Jun's house, she doesn't have that momentum, and she can't let go.

It's different now.

This is Galia's business.

At this moment, Rayna was calmer and calmer than Galia.

Maybe most people in this world are like this. When dealing with their own affairs, it is easy to be impulsive and easy to fall into it.

Change it to other people's things, and you can see it more clearly.

It's easier to handle.

This is what Rayna is now.

At this moment, her aggressiveness and courage in dealing with Yi Yun even made Suzi look at her with admiration.

Not to mention the stunned Galia.

Galia asked Rayna in surprise: "Little Rayna, little shrew, are you getting mad over there? Tell me quickly, is Yi Yun getting mad?"

On the other side, Yi Yun hasn't hung up the phone.

She couldn't hear what Galia said, but Yi Yun could hear every word that Rayna said.

Not only did she hear it clearly, but she was also incoherent and angry, and the whole person was stunned.

Just at this time, someone came to send her the inspection sheet.

Yi Yun grabbed the doctor and asked thoughtlessly, "Am I a nympho! Say it! Let you tell me if I'm a nympho! You must tell the truth!"

Oh my God!

Is this man crazy?

what!

Chapter 2401

Rayna pressed the phone on the speakerphone, and Suzi and Galia could hear it.

On the other end of the phone, the doctor hesitated: "Miss, don't ask me, I don't know, I'm just a nurse, the nurse who sent me the test. I'm not a doctor."

"I don't care if you're a doctor, you tell me if I'm a doctor or not. Wonderful nympho, if you don't tell the truth today, you won't be able to leave! I will use our Shu family's relationship to expel you from this hospital!" The

little nurse was probably out of breath, she suddenly raised her voice and said, "No way! Aren't you a nympho! A very weird nympho! One by one, he called Master Shu Di's own brother, but rubbed himself against him with all his strength!

Like a *! You're not just a

weird nympho!

*! It's

disgusting!

I heard you say that before you posted the Fourth Young Master Shu, you went to the Fu Group and wanted to hook up with the president of the Fu Group?

You are the number one nympho I've ever seen!

I'm sorry!

I don't need you to fire me, I'm quitting!"

Yu Bi, the little nurse turned around and left after saying this.

The little girl knows that if she offends such a high-ranking person here, she will have no good fruit to eat, so she can just resign herself.

Yi Yun was left alone, and she went crazy with anger.

“Ah, you...you all wait for me!” Yi Yun yelled hysterically into the receiver.

“Ha ha!”

“Pfft...”

“This woman, are you sure she received higher education abroad?”
On

the other end of the phone, Galia, Suzi, and Rayna laughed together, and at the end, Suzi asked Galia Yiyun’s education.

Galia smiled helplessly: “Actually, I think, no matter where you are, domestic or foreign, if you don’t know anything, it must be the same. After Yi Yun went abroad with her parents, their family of three has a sense of superiority. Very strong.

I heard Ming Zhen say that in those days, Yi Yun’s parents called the housemaids who stayed at the Shu family’s house every now and then, showing off their superiority from time to time.

Their only daughter, Yi Yun, lived abroad like the eldest young lady.
Yes . I

heard that it started to cause trouble in junior high school. There
should not be too many pheasant universities abroad.

She is nothing!”

Galia has regained her composure.

She almost fainted from anger just now, but now that I think about it, what Yi Yun said to her was deliberately angering her, and they were all aggressive.

And what kind of man her husband is, Galia knows better than anyone else.

Ming Zhen’s temperament has always been gentle, upright, and fair, and his style is extremely reassuring.

Galia should trust her husband.

Instead of being deceived by that dead nympho Yi Yun!

“Thank you Rayna, if it wasn’t for your help, I might have scolded Yi Yun today, which would affect the image of the Shu family even more, and Ming Zhen would be difficult to do.” Galia looked at Rayna gratefully. .

Rayna hugged her: “Galia, my cousin Ming Zhen is a good man out of ten thousand, you must not let others take advantage of the loopholes and live a good life, understand?”

Galia nodded: “Yes, I understand, I will never be tempted by anyone’s provocation, and I will be with Ming Zhen all my life.”

‘Beep, beep,’ Galia’s cell phone rang again.

The three people who were talking were startled at the same time, Galia picked it up and saw that it was Darius calling again.

Galia said angrily to Suzi and Rayna: “You have seen what kind of woman this is, she is not only crazy, not only weird, but also stalker! Don’t worry Rayna, this I’ll deal with her once.”

Rayna and Suzi nodded at the same time, and their colleagues looked at Galia.

Galia picked up the phone unhurriedly: “Yi Yun! Let me guess you are still crying, right? Don’t cry, don’t cry, I figured it out, you are going to be hospitalized, Ming Zhen and I are with you, anyway, the hospital is everywhere They are all VIP rooms. The two of us live in the VIP rooms. We can accompany you to the end of the world, and we can accompany you until our children are born.

I think you, the eldest sister, must not be sad and jealous, but happy for us. Isn’t that right? Sister nympho?”

“Galia! What nonsense are you talking about!” Shu Ming asked in a low voice on the other end of the phone.
