

## **Chapter 241: If You Want It, Let's See Who Has the Capability!**

The voices of the shop assistants conversing sounded again.

"How can she be so persistent! You've said it so clearly but she is still pestering us!"

"That's right! It's not like she is unaware of herself. The Shen family doesn't like her and the Su family doesn't want her. She's not a princess and she certainly can't be a phoenix. Shouldn't she be more humble? She will suffer if she is adamant on preserving her pride!"

She was speechless...

Their voices weren't soft, as though it was meant for others to hear.

Shen Fanxing frowned as anger flooded her face.

"To all of you, there is no first come, first served policy for customers? Does it mean whoever has the ability to buy your product will get it even if she doesn't pay first?"

Shen Fanxing's persistence resulted in the manager losing her patience.

"Miss Shen, please stop this. Ultimately, I'm giving you a way out of an embarrassing situation by not selling it to you. If you continue to insist, things will turn ugly for all of us..."

Shen Fanxing slammed her palm on the counter. Her face and body were emitting an eerie coldness.

"I'm asking you a question? Am I right or wrong?!"

Her angry growl was filled with coldness and arrogance. Her menace made everyone shrink their necks in fear.

The manager became anxious by her yell. After a long while, she reacted and shouted angrily,

"Yes! You can't afford it. Miss Shen, am I wrong?"

Shen Fanxing gave a cold laugh and said, "I got it."

Her cold gaze swept across the whole store.

"I want everything in your shop!"

Just as she finished speaking, peals of laughter sounded in the shop at almost the same time.

Lin Feifei and her friend shook with laughter.

"Shen Fanxing, are you here to be a clown today? You can't even afford one item and you want to buy everything in this store? Have you not even learned the basic calculations? Are you stupid?"

Shen Fanxing's eyes were as cold as icicles and the corners of her lips curled. Her smile was cold but there was an unknown sense of confidence.

"From the start till now, did I say that I can't afford it?"

Lin Feifei paused. She hadn't said anything before...

“Ha, what a joke! Please stop embarrassing yourself here. I feel ashamed for Qianrou, for having a sister like you. You’re part of the Shen family’s bloodline. Can you stop embarrassing your family?”

Shen Fanxing frowned and leaned against the counter, looking coldly at the three of them.

“You don’t believe me? Do you think I can’t buy everything in this store? Don’t you want to snatch everything from me? Don’t you want to emerge triumphant every time? Come on, I’ll give you this opportunity to humiliate me.”

“Why don’t we have a competition? Let’s use the items in this shop to compete. Whoever buys the most items shall win. And then, Touch Your Heart will belong to the winner! Since everyone wants it, let’s see who has the capability!”

Upon hearing Shen Fanxing’s words, Shen Qianrou’s face faltered gradually.

She had been tricked by Shen Fanxing at the anniversary celebration, so she had to be wary of her.

She was afraid that she would plot something again.

Shen Fanxing saw the hesitation in Shen Qianrou’s eyes and snorted. “Why? Scared?”

Lin Feifei raged, “Don’t pretend to impress and put on an act! Who’s afraid of you? Are you the mistress of some hooligan now? What’s there to be smug about? With your current reputation, how much can the man give you? Let’s compete! Let’s see who is afraid of who!”

## **Chapter 242: B\*tch**

Shen Fanxing smirked and lowered her gaze, her eyes glinting slyly.

“Bring out the most expensive jewelry in your shop!” Lin Feifei couldn’t wait anymore.

“Okay! I’ll get them right away!” answered the manager before turning to leave.

When she turned around, she caught a glimpse of Shen Fanxing’s eyes. Her heart skipped a beat, while a sense of coldness made her shiver.

...

The manager led a few shop assistants to the safe to retrieve the jewelry.

The manager frowned, her face darkening.

Seeing her distracted look, a few shop assistants comforted her,

“Manager, don’t worry, Shen Fanxing won’t be able to create a ruckus. It’s not like you haven’t heard of her reputation. She has affairs with so many men. Even if she has a man to support her now, that man will definitely not be someone influential. How much can he give her?”

“That’s right! It’s not worth it if we offend the three ladies!”

The manager nodded her head thoughtfully and said, “I understand everything. But for some reason, I’m panicking now.”

“That’s because you are about to make a huge contribution!”

“What?”

“Think about it. Why are both of the ladies fighting outside now? To see who has more money! We don’t care who has the money, as long as they purchase the jewelry in our store!”

“You have to know that usually we sell one item every day. And we don’t feel any pressure about our sales results. Think about it. The two of them are fighting each other so badly. We will be able to hit our sales target for the next few months! When the time comes, our bonuses from the company will definitely be substantial. If the news spread to the headquarters overseas, wouldn’t there be promotions and salary increment? Manager, that’s the reason why you’re panicking. A rare opportunity like this is equivalent to meteoric success!”

After hearing the shop assistant’s explanation, the manager relaxed. Panic was indeed scary!

She took a deep breath and said, “Alright, take these jewelry and go out.”

“Okay!”

They formed a line as they left the room, before they placed the jewelry on the counter carefully.

“Miss Shen and Miss Shen. These five sets of jewelry are the most expensive in our store. They were designed and crafted by a well-known overseas jewelry designer.”

The manager introduced as her gaze swept across Shen Fanxing. With an indifferent expression, she emphasized,

“The price is too expensive so you can’t touch them. If you can’t afford these, don’t waste your time!”

After being in this line for years, the kind of customers that they detested the most were those who walked away empty-handed. What was more detestable was that these customers took their time and contemplated for hours, and ended up wasting their precious time!

Moreover, she was certain that this lady couldn’t afford to buy any of it!

### **Chapter 243: Success is Just Within Her Reach**

Lin Feifei gave a derisive snort and stepped forward to admire the sets of jewelry before her. Indeed, they were all elegant and luxurious.

“Which is the most expensive one here?”

The manager replied, “It’s this ruby set which consists of a necklace, earrings and a ring. The price is 8.8 million yuan.”

Lin Feifei turned to seek Shen Qianrou’s opinion. Shen Qianrou went up to take a look and nodded.

“This set of jewelry is simple yet lavish. I think Grandma will like it. This one shall do. Wrap it up for me.”

Upon hearing that, the manager’s eyes lit up.

“Okay, I’ll wrap it now! Please follow my colleague to settle the bill.”

“Okay.” Shen Qianrou nodded lightly and walked to the cashier. She took out her card and handed it to the cashier.

The cashier took the card and swiped it across the machine. Not long after, she returned the gold card with a smile.

Seeing that Shen Qianrou had successfully swiped the card, the smugness on Lin Feifei’s face increased.

“She paid for the jewelry! It’s your turn next!”

Shen Fanxing lifted her eyelids and threw her a nonchalant look. Her lips curled upwards and her voice was calm.

“I’m not in a hurry. You can select a few more and choose all those that you like. I don’t want her to choose and snatch the ones I like again. I don’t want to waste unnecessary time and energy.”

Shen Qianrou’s face darkened abruptly. Lin Feifei, who was used to speaking up for Shen Qianrou, interjected swiftly,

“Shen Fanxing, are you trying to trick us into reaching the card’s limit?”

Shen Fanxing sighed and said, “So you’re not choosing anything else?”

She took two steps towards the counter. She had her eyes on a Southern red agate bracelet and a piece of jade. Southern red agate would supposedly boost vitality and she thought of gifting it to Grandma Bo.

She raised her eyebrows and said, “This is not bad...”

“This set is 8.6 million!”

The manager walked back with the wrapped bag, frowning at Shen Fanxing cautiously. She looked as if she was afraid that Shen Fanxing would touch it.

“I want this. Wrap it up.”

The manager’s face froze and she looked at Shen Fanxing warily. “Are you sure?”

“Don’t you understand human language?” asked Shen Fanxing as she frowned.

Shen Qianrou surveyed Shen Fanxing with a frown on her face.

She went up to take a look at the Southern red agate bracelet that Shen Fanxing had her eye on. She said to the manager after a brief contemplation,

“Since Sister wants me to choose first, I shall not stand on ceremony. That Southern red agate bracelet is indeed pretty. Sister, I’ll buy it for Grandpa then. Look...”

Shen Fanxing smirked quietly to herself as she gestured graciously.

“Since it’s for Grandpa, I won’t compete with you. I’ll let you have it.”

“Thank you, Sister.”

Shen Qianrou smiled before choosing another set of black pearls which cost 6.6 million yuan. She also saw a pair of gold rings on the counter which cost 3 million yuan.

The manager's head was buzzing and she felt as though it was going to explode.

These sets of jewelry could be described as the key highlight of the store's collection. The quality was exquisite!

The younger generation these days were in pursuit of fashion and romance. Not many would appreciate these genuine items.

These jewelry had been in the store for many years. Who would have expected that she would sell all today.

"Please wrap these up for me."

The manager was so delighted that she was beaming from ear to ear. At the thought of her commission, bonus and promotion, she felt as though success was just within her reach!

Stealing a glance at Shen Fanxing, annoyance and irritation rose inside of her!

#### **Chapter 244: The Loser Must Be Punished**

After Shen Fanxing received several looks of disdain, the manager scanned her with a scornful expression again. She then turned to Shen Qianrou with a polite and respectful smile.

"Yes yes yes! Please make payment first, Miss Shen."

"Sure."

Shen Qianrou pressed her lips tightly. Even though there was no expression on her face, her heart ached.

Everything she spent today was the money she had saved up from filming the entire year. Other than her usual expenses, there was a total of 25 million yuan left in her card.

When she was about to pay, Lin Feifei pulled her aside.

"Qianrou, what are you thinking? One set is enough and you already paid 8.8 million yuan. She can't compete with you. Don't be silly and spend so much money."

Shen Qianrou shook her head as her eyes glinted dangerously.

"No, she does have money. Or else she wouldn't be so confident. I just don't know how much she has! Since I want that Touch Your Heart, I must have it!"

Especially when it was what Shen Fanxing wanted as well!

Lin Feifei frowned and asked, "Is she really that rich?"

Shen Qianrou scrutinized Shen Fanxing, who was walking and browsing around the store. Even though it was only her back, her relaxed posture and expression was detestable.

Lin Feifei went silent for a while before saying, "It's alright Qianrou, you've spent a total of 24 million yuan just now! Even if she put herself for sale for the next century, she won't have that much money. Let her experience the consequences of stealing from you today. I want to see how she can walk away today!"

Upon hearing that, Shen Qianrou smiled smugly.

"Hey, Qianrou, hold on."

Lin Feifei seemed to have thought of something and called Shen Qianrou. She then signaled to her quietly before walking towards Shen Fanxing.

Shen Fanxing stood silently the entire time, watching everything that happened in the store coldly. Her expression was devoid of any emotion.

"Shen Fanxing, are you sure you want to compete with us?"

Shen Fanxing didn't even look at her. Her eyes gleamed as she said calmly, "Of course."

Excitement flashed across Lin Feifei's eyes as she said hastily,

"Alright! Then let's finalize the rules. The winner can naturally buy Touch Your Heart. But the loser will have to kneel and say "Your Majesty, as your servant, I'm in the wrong." Do it three times!"

"Wow!"

"There's going to be a good show!"

The crowd erupted in excitement and anticipation.

Yet, Shen Fanxing suddenly gave a cold shiver.

She was completely... shocked by Lin Feifei's words!

How evil was she to have thought of such an idea?

*Your Majesty?*

*I'm in the wrong?*

Taking a deep breath, she massaged her temples, her face darkening with gloom.

"Is there a need for the stakes to go so high? This punishment is too unreasonable. Forget it."

Scorn flashed across Lin Feifei's face as she taunted, "Why? You don't dare to? Looking at your confidence just now, I thought you were determined? After staying silent so long, do you reckon you're going to lose and that's why you don't know what to do?"

Shen Fanxing frowned unhappily and waved her hand. She replied patiently, "Do as you deem fit!"

Lin Feifei thought that her goading had worked.

Raising her eyebrows smugly, Lin Feifei added, "Shen Fanxing, you're overestimating yourself. You're so dead today."

Then, she walked to Shen Qianrou's side and whispered to her. Shen Qianrou looked at Shen Fanxing before taking out her card once again.

A total of 15.5 million yuan.. She successfully swiped the card.

### **Chapter 245: Mine**

There were many onlookers at the entrance of the store. Everyone was anticipating the ending of the show!

Hidden amongst the crowd, Xu Qingzhi was recording everything that was happening in the store...

At about the same time that Lin Feifei had announced that, "This is what Qianrou wanted! She's the future Young Madam of the Su Corporation. Are you sure you want to offend the Su family because of this woman?", Xu Qingzhi had arrived at the store.

Analyzing the situation inside, she blinked quietly but didn't rush in immediately.

After some contemplation, she felt that this was an excellent opportunity to please the big boss. She didn't hesitate to add him as a friend after she had gotten his contact!

She succeeded in adding him as her friend almost immediately.

After successfully adding him as a friend, she was afraid of accidentally leaking information about the big boss. So she carefully renamed him as 'Sugar Daddy'. But something wasn't right. The term "sugar daddy" had to be used by Fanxing. It was too weird for her to use that!

Hence, after pondering for two seconds, she changed it to 'Perverted Dad'.

Yes, she had no choice. Bo Jinchuan had become her "father" now. If she served him well, it would take no time for her to enter Bo Consortium's mall!

After adding him as a friend, she called him without hesitation.

Yet, her call was rejected instantly!

Not long after, Bo Jinchuan replied, 'What do you want?'

Xu Qingzhi typed 'Something is happening! Accept the video call!'

Bo Jinchuan typed, 'Give up, I won't like you.'

Xu Qingzhi gripped her phone tightly and rolled her eyes.

Not only was he a pervert, he was also a narcissist!

'You're thinking too much. Fanxing is being bullied. It's fine if you don't want to know.'

Two seconds later, Xu Qingzhi's phone rang and there was a video call from Bo Jinchuan.

"Tsk."

Xu Qingzhi snorted and answered the call.

The moment the video call was accepted, Bo Jinchuan's handsome face appeared. The effect was too overwhelming so she quickly swiftly minimized the video.

He seemed to be in the study and was sitting on a chair. Looking at her coldly, he said in a low voice, "Don't let me see your face, I want to see Fanxing."

She was speechless...

Xu Qingzhi gritted her teeth and switched the direction of the phone. The first rule was not to offend her "father".

Then, it was Shen Fanxing's words—

"I didn't want the man and I don't care about the dress. Since you've put in the effort to seduce and put on a pretense, I shall give them to you! It's been tough on you. But if I insist on not letting something go, you can forget about getting a single cent from me!"

"As for me trying to win Su Heng back? Ha..."

"Are you saying that I'm spending time, effort and money to please a man that I don't want? How different is that from me hurling money onto a pile of feces? Only you all treat him as though he is in high demand!"

...

Bo Jinchuan raised an eyebrow as a faint smile widened on his face.

"You are merely watching as she gets bullied?" asked Bo Jinchuan.

"Bullied? You don't even know how good and smart my Fanxing is! Who knows who is the one being bullied?"

"Mine."

Bo Jinchuan went silent for two seconds before he replied. His gaze had never left the woman in the video. She stood straight and was calm and composed. She was handling the situation well.

Excitement and interest filled his eyes as he stared at Shen Fanxing's slender figure. He entered a trance.

She was so beautiful!

Xu Qingzhi felt like vomiting blood and so, she decided not to say anything.

She shall remain mum and be a videographer.

#### **Chapter 246: Wouldn't That Be a Slap in Your Mother's Face?**

The manager delegated the task of wrapping the jewelry to another staff member. She happened to see Shen Qianrou swiping her card once more. The cashier smiled and handed her the card.

Her heart was pounding with excitement. It was a success!

After Shen Qianrou swiped her card, she strolled back to Shen Fanxing and said gently,

“Sister, I’m done paying. Actually, you can choose not to buy it! I bought all of these willingly. Grandpa, Grandma, and Daddy have always been good to me all these years. Buying these things to give them is my duty as daughter and granddaughter. I’ve never thought of competing with you to see who’s richer between us. After all, I’m aware of your current situation...”

Finishing her sentence, Shen Qianrou gave a soft smile. She was gentle, gracious and elegant. It sounded as if she was kind enough by giving Shen Fanxing a way out. But actually, she was getting her to admit defeat?

She also wanted to emphasize Shen Fanxing’s dire situation!

What situation was Shen Fanxing in now?

All of them assumed that she was a daughter who had been chased out of the house. She was a sparrow who had failed to become a phoenix, and a woman who could be bought by any man for the right amount of money.

Indeed, when Shen Qianrou’s words fell, everyone looked at Shen Fanxing with more disdain.

Shen Fanxing swept a cold glance at the card in Shen Qianrou’s hand and her lips curled.

“Seems like you do have a lot of private savings. Isn’t there a problem with Lan Yun Entertainment’s finances now? I think this 20 million yuan could be of some help actually! Instead of giving the old madam these accessories, it’s more useful to give her the money directly. It would make her happier!”

Shen Qianrou’s expression faltered.

Damn it!

She had only cared about crushing this b\*tch, and she had not thought of this.

So Shen Fanxing had said so much earlier on just to ambush her at this juncture?

Shen Fanxing wanted to expose her secret stash to Grandma?

At the thought of this, her worries dissipated suddenly.

“The company and I are separate entities. I’ll use my own money to be filial to them. I think she’ll be happy.”

Shen Fanxing raised an eyebrow but she didn’t comment.

“Be as filial as you please.”

...

Shen Qianrou studied her and pondered for a while. Her lips turned upwards and formed a cold smile.

“Sister, go home if you’re free. Grandpa and Daddy actually miss you. Daddy is soft-hearted and very easy to talk to. Go back and say something nice to him. Why don’t we do this? I just bought a pair of rings. Why don’t I give them to you? You can give the rings to him and Mommy and tell them you bought the rings for them. Do you think that’s a good idea? I believe he’ll be delighted!”

Seeing the deliberate provocation in Shen Qianrou's eyes, Shen Fanxing's eyes sparkled coldly.

Nonetheless, she still accepted it.

Disdainful voices sounded.

Shen Fanxing turned to the manager and asked, "What does this set of couple rings mean?"

The manager gave her a scornful look and replied, "The one and only love of my life."

Shen Fanxing nodded and smiled at Shen Qianrou.

"Did you hear that? The only love in this life. Everyone knows that your mother is the third party. Wouldn't that be like a slap in your mother's face?"

Everyone was speechless...

Shen Qianrou's face darkened and she glared at her, seething with cold fury.

"Why are you glowering at me like that? Did I say anything wrong? You wanted to give this diamond ring to your mother in my name just now. I thought you wanted to flaunt and boast that your mother has successfully entered the family as the official madam?"

"Shen Fanxing, that's enough! Are you done? Qianrou is obviously doing this out of goodwill, but you're harping on the term 'third party'. What's the meaning of this?"

#### **Chapter 247: Showing Off**

"Shen Fanxing, that's enough! Are you done? Qianrou is obviously doing this out of goodwill, but you're harping on the term 'third party'. What's the meaning of this?"

Lin Feifei suddenly rushed towards her.

"It's boring. It's as boring and meaningless as you keep talking about Su Heng."

"You..." Lin Feifei was speechless with anger.

Shen Fanxing turned to look at the store manager and asked coldly, "Are you certain that selling her The one and only love of my life doesn't go against the designer's concept?"

The manager's face fell. She could tell that this woman was here to create trouble!

"Miss Shen, as salespeople, we never ask about the customer's privacy. I'm only responsible for selling the items. Do I have to ask my customers if she's a mistress before selling?"

Shen Fanxing grinned.

"Who are you calling a mistress?!" shouted Lin Feifei.

The manager's face paled and she apologized profusely.

But she felt angry with Shen Fanxing. If it wasn't for her trap, she wouldn't have blurted it out so easily.

“In that case, why did you use the excuse of going against the designer’s concept and refusing to sell it to me?”

The manager was completely enraged by her. “Who said that a mistress can’t meet her true love? Every woman has the right to have eternal love! Miss Shen, I’m begging you. If you’re not buying anything, could you not create trouble here? It’s not easy for us to earn a living, could you not make things difficult for us?”

Shen Fanxing looked at her and said airily, “With that mouth of yours, I’m afraid you won’t have the right to eat anymore...”

The manager paused and surveyed Shen Fanxing with a look of disdain.

“You want to complain about me? I can’t do anything even if you want to complain. I’m only trying to fight for the company’s sales. By the way, you were the one who refused to leave despite our urging! If you want to complain, go ahead. But trust me, even if I get my boss here, he won’t side with you!”

She had sold more than 20 million yuan worth of products today. With such high sales figures and contribution, the company’s leader couldn’t even wait to reward her. How could she be punished over someone who had nothing?

Lin Feifei lost her patience and glared at Shen Fanxing. “Are you buying anything or not? If you can’t afford it, kneel down!”

Hearing Lin Feifei’s reminder about the deadly punishment, Shen Fanxing’s face darkened. She narrowed her eyes as her sharp gaze sliced across Lin Feifei. The coldness emanating from her made everyone in the shop feel her aura clearly.

“I’ve said this before, I want everything in this store!”

Shen Fanxing’s eyes were cold and the icy aura emitted from her slender body seemed to have frozen the entire store!

Nobody thought of questioning her, let alone laughing and mocking her for what she had just proclaimed.

“You... What kind of joke is this?” It took some time before Lin Feifei stammered. She was angry at herself for being shocked by Shen Fanxing.

Yet, the moment she said that, everyone snapped back to reality. Their lips shifted, as they suppressed a chuckle.

Her gaze shifted to the manager, and her voice was cold and calm.

The store manager braced herself and replied, “You want everything? Like I said, please pay first!”

### **Chapter 248: Six Chances and Eighteen Offenses!**

Shen Fanxing narrowed her eyes and stared at her again. Her aura was overwhelming and dangerous.

“You’ve heard so many rumors about me. Yet, you don’t know that I’m a person who will certainly seek revenge! I’ve given you a total of six chances from tonight. But you have continued to mock and treat me coldly eighteen times!”

“As the manager of an international brand in China, you treat your customers differently. You treat customers with disdain and you curry favor with the powerful. You despise the poor and you pander to the rich. You fawn on the rich like a servant! I’ve tolerated you all this time, but you didn’t reflect! Complain about you? Of course I’m going to lodge a complaint against you!”

Shen Fanxing was about to look for her phone when Xu Qingzhi, who had been standing at the entrance, interjected, “Fanxing, don’t trouble yourself. I’ve already lodged a complaint for you!”

She said as she waved the phone in her hand.

And it was a direct “complaint” to the top management!

Shen Fanxing looked at her and nodded slightly.

The store manager’s face had turned ugly.

She was truly shocked and intimidated by Shen Fanxing’s aura.

This woman had been rather silent earlier on. She reckoned that she had gone overboard and was worried and nervous about the outcome. Who knew that she had remembered every word and action!

Six chances and eighteen offenses!

She was indeed a vindictive person for remembering every single thing!

Her mind couldn’t help but be reminded of the cold gaze the woman had given her when she took the jewelry.

After recalling it clearly, she trembled.

Shen Fanxing’s words were like sharp-edged rocks that had landed on her!

She couldn’t move nor even speak, and she didn’t even have the energy to talk!

She gathered her strength to raise her head to look at Shen Fanxing.

Yet, her beautiful face was arrogant and cold. Not only was she not inferior to anyone, she resembled a high and mighty queen who couldn’t be violated. She was covered in a layer of thick frost, and her presence and aura were suffocating.

“I...” Her lips shook as she stammered weakly, only to be interrupted by Shen Fanxing.

“You should shut up. You didn’t say anything when it was time for you to speak. Now, I can’t be bothered to hear another word from you. You want me to pay before you can give me the things I want? Sure, I’ll pay first!”

Shen Fanxing’s voice was like an icicle landing on the ground, cold and powerful. Then, in front of everyone, she strode towards the cashier.

She took out a card from her purse and threw it to the cashier.

The cashier's face changed instantly when she saw the card that Shen Fanxing threw at her.

She looked up at Shen Fanxing swiftly before her gaze landed on the manager!

It was a complicated gaze.

Shen Qianrou's grip on her bag tightened as she had a bad premonition.

"Tsk, why are you so arrogant? You want to buy the whole store? I want to see how much you have to buy the whole store!"

Lin Feifei drawled as she crossed her arms in front of her chest. She then sauntered haughtily towards the cashier.

Because of Lin Feifei's words, everyone snapped back to reality.

Seeing the store manager's darkened face, everyone went up to comfort her.

"Don't worry Manager! Let her complain! You've made such good sales figures for the company. Why would the company punish you?"

#### **Chapter 249: From This Moment, Everything in This Store is Mine!**

"Yeah! How can she afford everything? Think about it, she's Miss Shen Qianrou's sister. How can Miss Qianrou not know if she has money or not?"

"Yes, don't forget that Miss Lin even increased the stakes to make the loser kneel. If it wasn't for the fact that they are sure that she doesn't have the money nor ability, would she have done this?"

"Miss Shen Qianrou bought so many of our products. Isn't that the same as advertising for us? Unless the company is stupid enough to pursue this matter!"

Upon hearing them, the manager regained her composure gradually.

What they said sounded reasonable.

Moreover, one was notorious while the other was gentle and generous. She was also a popular celebrity now. Even if the top management came, they wouldn't choose to side with the older Miss Shen.

At that moment, Lin Feifei's impatient and disdainful voice sounded from the cashier.

"What are you waiting for? Hurry up and swipe her car! Let me see how much her mysterious sugar daddy can give her."

The manager looked over and saw the shop assistant looking at her hesitantly. "Manager... do... I swipe the card?"

Contempt flashed across the store manager's face when she glimpsed the calmness on her opponent's face.

“Go ahead.”

“Are we... going to swipe the card to pay for everything in the store?”

Lin Feifei gave a derisive laugh and said, “You think too highly of her. Just a few million will blow up her card’s limit!”

Shen Fanxing said coldly, “Tch! Calculate the amount. I already said I wanted to buy everything in this shop!”

“Remember what your manager said before. I’ve questioned her twice if there is no first come first served policy for the customers. And whoever has the ability to buy your things, she can reserve it for her even if she doesn’t pay first, right?’ And the answer you gave me was a resounding yes! So from the moment I announced that I wanted to buy everything in your store, everything here is mine!”

The manager frowned, knowing that she wouldn’t be able to afford everything. She looked at the cashier and said, “Swipe it!”

The cashier gulped. It was at least 70 million yuan, just like that...

In her excitement, the card in her hand fell to the ground.

Lin Feifei grinned smugly again and said, “Shen Fanxing, I really can’t wait... No, I can’t wait any longer! I really want to see you kneeling in front of me like that...”

Just then, three people entered.

The man in front was a tall man in his forties.

Behind him was a secretary and an assistant.

“General Manager Qi, why are you here?”

The manager’s face changed and she scurried towards the entrance.

Everyone in the mall knew that General Manager Qi was in charge of the entire mall.

He rarely appeared here. In their eyes, CEO Qi was an unapproachable figure. Being able to see him was a great blessing and honor.

What a coincidence to see such a figure today.

In view of the manager’s friendliness and politeness, General Manager Qi’s face remained cold.

## **Chapter 250: Return Every cent to Me!**

At that moment, another person rushed in, and his face was full of anxiety.

“Director Liang, why are you here as well? Look, it’s such a coincidence that General Manager Qi is here too.”

The store manager hurried forward with a sweet smile and a warm attitude.

Director Liang was the overall sales director of their brand and he rarely came here.

But Director Liang glowered at her and chided angrily, "What happened?!"

The store manager was shocked. Glancing around at the crowd, she explained,

"I just met a troublesome customer... It's just unnecessary trouble..."

"Unnecessary trouble? Director Liang, this is not unnecessary trouble!"

General Manager Qi Qi, who looked solemn and glum the whole time, spoke coldly.

Just as he finished speaking, his assistant stepped up and handed a document to Director Liang.

"Director Liang, the service attitude of your sales staff is extremely bad. They humiliate the customers, treat them with contempt and unfairness. This severely affects the reputation of our mall. Please leave the mall with your employees immediately. We will invite a new company to take over your store!"

"Wh... What?!"

Director Liang was stunned. He had rushed over the moment he received General Manager Qi's call. He had yet to ask what was going on when he was suddenly informed of such a shocking decision!

General Manager Qi ignored him and hurried towards Shen Fanxing. His attitude was especially respectful.

"Miss Shen, my apologies for everything you have suffered."

Shen Fanxing nodded at him slightly.

The store manager's face paled.

Her legs turned wobbly and she nearly lost her balance.

Noticing and hearing General Manager Qi's respectful compliment and attitude, Shen Qianrou frowned.

At the same time, Lin Feifei's sharp voice sounded from the cashier, "What?! It's done? What do you mean?!"

Everyone looked towards the counter.

The cashier was still excited. "That's right! I've successfully swiped the lady's card. So it means that everything in the store now belongs to the lady."

"What?! Success?!" Lin Feifei's voice became sharper and her face darkened.

The store manager's heart skipped a beat and she staggered to the counter.

"Oh god, she actually bought the whole store!"

"Oh my god, I've indeed lived long enough!"

"Are you serious?"

"This store has hit its peak today!"

When Director Liang heard that, he was delighted.

She bought all the items in the store?

What a windfall!

Yet, the store manager's face paled when she saw the card.

Her legs gave way and she collapsed to the floor!

"What happened?"

"What happened?"

"She must have gone crazy from the happiness, right?"

Everyone at the entrance craned their necks to catch a better view of the situation in the store.

Lin Feifei glanced at the card.

It was an ordinary green card. It wasn't a gold card, nor was it a platinum or a black card!

It was a success?

How was that possible?

How could that b\*tch have that much money?!

The store manager regained her balance and sat up with much difficulty.

Her lips were pale and she trembled badly as she said, "Miss... Shen..."

Shen Fanxing shot a cold stare at her and said, "Please shut up. I don't want to hear a single word from you..."

Shen Fanxing looked down at the manager who was sitting on the floor. Her lips formed a cruel smile.

"Did you feel that you were going to get a generous bonus from making 20 million yuan for your company today? A promotion and salary increase would be guaranteed?"
