

Chapter 241

"Yes, I find it hard to believe it, too." Qian Yuanyuan didn't believe it at first. Then he thought it was normal. No one could do that to the boss's feelings for Tong Xin.

Men's mature and thick, calm and powerful hegemony unique, really do the retraction and release freely, clouds like water, but also shake their soul.

With the boss behind them, can be considered to understand, what is meant to spoil to the bone, love to the blood.

At this point, they put Tong Xin in their heart, just like the boss, because even if the boss is injured, they don't want Tong Xin to have an accident.

"Tong Xin can't see the surface of many things. I don't want you to be soft hearted when I say these things, but I think I have to say them."

This is just the tip of the iceberg that I know. There are many things that we don't know. So, Tong Xin, I don't expect you to forgive boss. I just hope you can get better. "

Yuanyuan's words hit her brain and made her unable to digest for a moment. Jin Zhengting really did so much for her, but why didn't he mention it in front of her.

Zhao Tongxin always felt sad for another subjective reason. Subconsciously, he always felt that Jin Zhengting was too cold-blooded. Even if her mother left and Xiao Qiao left, he could be indifferent. The baby was their own flesh and blood, right? But she still didn't respond to him.

Even if she didn't have any extra emotion, she couldn't believe that a person could have no emotion at that time. Her heart was cold and she had no words to resist.

Even if they were together, sometimes she thought of it unconsciously.

I didn't expect that the truth of the matter turned out to be like this. All this caught her off guard. She opened her mouth and didn't know what to say. She was just a little dazed.

Qian Yuanyuan also knows that Zhao Tongxin can't digest the information all of a sudden. He sits in his seat and waits. He thinks that the boss is really not infatuated and single-minded.

After a long time, Zhao Tongxin said slowly: "Yuanyuan, thank you for telling me so much. I know what to do in the future." She is too escapist, only willing to accept what she thinks in her heart and make her heart better.

Instead of considering Jin Zhengting's difficulties, now she plans to slowly understand the cold but fiery man, and she will try to accept him.

Because in her heart, she could not deceive the fact that she still loved him. Since she still loved him, why hurt each other.

"Tong Xin, you really think about it." Qian Yuanyuan looks at Zhao Tong's confused and firm expression. He is happy that she has been persuading her for so long. They are happy that the boss and Tong Xin can do well.

"Well, thank you, Yuanyuan." Knowing that Qian Yuanyuan didn't say these words for Jin Zhengting, Zhao Tongxin wanted to comfort her from her point of view. He couldn't help but go up and hug Qian Yuanyuan in person.

"Tong Xin, I'm not happy when you say that. Who are we talking to? Hehe." Qian Yuanyuan also gave a big hug and suddenly thought of a detail. He couldn't help shouting, "I'm sorry."

Zhao Tong Xin asked: "what's the matter?"

"Tong Xin, please don't tell the boss. It's what I told you, or I will die miserably." Qian Yuanyuan let out a cry. If Tong Xin let out a slip of the tongue, she would have to tighten up.

"I know." Zhao Tongxin some funny answer, Jin Zhengting really so terrible, this is a conditioned reflex.

Jin Zhengting and Lu Moyan feel that the two women have been chatting for too long. They rarely agree. They stand up and look out the door. At a glance, they see their own women hugging each other intimately. It seems that they are still reluctant to part with each other.

Jin Zhengting's deep eyes suddenly cooled down. Lu Moyan was used to hot personality. He walked over and pulled Qian Yuanyuan to his side and said, "I say fat women, what are you doing? What's the matter with talking and rubbing."

Qian Yuan Yuan was stunned for a second, and responded quickly to the counter attack, "if you want to manage it so fast, why don't you go to the galaxy?"

"I think you just don't clean up." Lu Mo Yan's teeth are itching. Even if it's a woman, just hold it for a while. I don't know what to do with it for such a long time.

Zhao Tong Xin has no intention to listen to them, a pair of smart water eyes, staring straight at the tall figure coming to her, steady pace, step by step forward to her, angular features full of cold, it seems that he can see displeasure from his deep eyes.

Unhappy? Jin Zhengting doesn't think she has been holding Yuanyuan for a long time, does she? As soon as this idea came into being, I couldn't help laughing. What I thought in my heart came out quickly on my face, and I couldn't help covering my mouth and laughing softly.

Jin Zhengting saw Zhao Tong's heart like a flower smile, his chest was shocked, his eyes were deep like

the ocean, his long arm held her in his arms, his voice was cold, and he said, "Why are you so happy?"

"No Zhao Tong Xin was a little red because he had something hidden in his heart. He didn't dare to look at Jin Zhengting and tried to avoid it.

Over there, Qian Yuanyuan and Lu Moyan have been shaking their mouths for several times, but Lu Moyan doesn't dare to really do anything to Qian Yuanyuan. He is so frustrated that he turns the battery on Zhao Tongxin's side, "I say Tongxin, even if you two haven't seen each other for a long time, is that really good?" "I don't know what I think you two have."

Zhao Tong Xin took a provocative look at Lu Mo Yan and said: "we are not sure if there is anything, but I want Yuanyuan to stay for a few days, it's still no problem."

Lu Moyan is the culprit who has taken Yuanyuan so long. She can't say that too much.

"Zhao Tongxin, what do you mean?" Lu Moyan blows up his hair directly. If Qian Yuanyuan has Jin Zhengting, he doesn't know. That's what makes him unhappy. Why should he use his woman like that!

However, Lu Moyan seems to have forgotten what Jin Zhengting's men worked for. None of them would listen to him, and there was no exception.

Zhao Tongxin ignored Lu Moyan's words and said softly to Jin Zhengting: "Zhengting, I miss Yuanyuan."

"Good." Jin Zhengting takes a look at Zhao Tongxin, who is a prank. His heart warms, and his cold voice turns to some temperature. If she wants to, if she wants to, he will agree.

"I don't care, fat woman," you said Lu Moyan saw Jin Zhengting speak, and his heart began to beat drums. He has been plundering them back for so long. Can't their two feelings rival Jin Zhengting!

Of course, Qian Yuanyuan knew that Zhao Tongxin was joking, but when the boss opened her mouth, she did not dare to say no, so she had to sacrifice the poor man. She said to Lu Moyan sincerely: "Lu Moyan, we want a red heart towards the party, broken head and blood without looking back."

Qian Yuanyuan admits that she's here to be funny

Lu Mo Yan is stupid

Because of Qian Yuanyuan's cooperation, Zhao Tongxin can't help laughing. He falls into Jin Zhengting's arms and covers his face with Jin Zhengting's figure. Lu Moyan's expression is so funny.

Jin Zhengting held Zhao Tongxin's hand and couldn't help tightening it. The surging tide in his eyes soon subsided. How long had he not seen her happy laughter.

"Qian Yuanyuan, are you serious?" Logically speaking, Lu Moyan is also a smart person with quick

reaction. However, he has suffered too much losses in Qian Yuanyuan's affairs, so he is very persistent in Qian Yuanyuan's attitude and ideas.

"Are you stupid? Can't you tell a joke from seriousness?" Qian Yuanyuan wanted to make fun of Lu Moyan, but when he saw the eagerness on his face, he suddenly felt that he had gone too far.

Coquettish tone said: "Lu Moyan, don't be angry, this time even if I owe a head office." Who let them have a clear agreement on rewards and punishments.

Soon Qian Yuanyuan wanted to give himself a mouth because he was soft hearted.

"Well, that's what you said." What's angry and anxious? In a flash, Lu Moyan sees a ghost. The successful villain on his face makes Qian Yuanyuan want to beat her, but if he says something, he will give her water

Qian Yuanyuan immediately turned to Zhao Tongxin and said, "Tongxin, I've decided to stay in your house for two days."

"Good." Zhao Tong nodded.

Qian Yuanyuan received Jin Zhengting's indifferent eyes and immediately became honest. He coughed and said, "Tong Xin, I'd better go back. I'm joking with you."

In fact, Qian Yuanyuan's heart is full of tears. She really wants to accompany Tong Xin for a few days. The boss's eyes are too terrible. I can't blame her for being so honest. It's all a natural reaction from the bottom of her heart. She can't help it.

"Well, you should come and see me often." Zhao Tong Xin takes a look at Lu Mo Yan's eyes. It seems that if she is talking about something, he will come up and bite her. However, looking at Lu Mo Yan, a young master who used to be superior, now he is just looking at people. She will let them go.

Zhao Tongxin let go does not mean Jin Zhengting will let go, dare to stare at his woman, when he does not exist, deep eyes flash a bit of danger, tone light as usual said: "Jingtai's copy to you."

Jin Zhengting naturally refers to Qian Yuanyuan, while the president of Jingtai is Lu zhanyan. Qian Yuanyuan is stunned for a moment and nods to answer. "I see."

When we meet again, it's just about work. Qian Yuanyuan thinks it's nothing, but it doesn't mean that the man next to him has no problem.

Lu Mo Yan Teng stood up and said, "Jin Zhengting, what do you mean?" Jin Zhengting is still such an insidious man. When he asked a fat woman to go to Jingtai, he was definitely deliberately alienating. He would never agree.

"Do you think it works?" Jin Zhengting used affirmative sentences and said in a light tone: "remember, she is my woman."

Lu Mo Yan was stunned for a moment, and suddenly reflected what Jin Zheng Ting meant. She just glared at Zhao Tong Xin. She could not miss a piece of meat. She needed to be so stingy. Even if she was not happy, she didn't need to use such cruel means. "Jin Zheng Ting, you are cruel, but I won't agree."

"Jin Zhengting, don't let Yuanyuan go." Zhao Tongxin's face turned red when Jin Zhengting said, "she's my woman." but she didn't want to see Qian Yuanyuan in a dilemma, and she didn't want to see the two of them finally get together and have another twists and turns.

"Well." Jin Zhengting nodded and agreed, "go, go back."

"Good..." Zhao Tongxin meekly replied and said to Qian Yuanyuan, "Yuanyuan, I'll go back first. Remember to come to me."

"Good." Qian Yuanyuan watched the figure of the two people leaving, and could not help sighing, "boss is very kind to Tong Xin." "Then I'm not good to you?"

"Where is it?" After answering subconsciously, Qian Yuanyuan finds that he has said something wrong. Looking at Lu Mo Yan's face, he can't help but swallow a mouthful of saliva. He looks around and tries to find an additional escape route.

"Oh, it's not so easy to run. Don't you think I'm not good to you? Then I'll show my good to you." Lu Mo Yan walked up with an arrow, holding back Qian Yuan Yuan, who was not as responsive, on his shoulder.

See how he goes back to deal with her, but also God.

Chapter 242

When Zhao Tongxin and Jin Zhengting return to Xu's home, they receive an invitation from Xu's father, inviting them to a reception. Xu's father agrees because of his kindness to the family.

"Tong xingzhengting, people send invitation cards to home. You can take this trip for Dad." Xu's father knows that Jin Zhengting has a special identity. People in Jiangbin city feel very proud of being able to invite him. This kind of private reception can be said to last no less than four or five days in Jiangbin city.

If Jin Zhengting had all gone, it would have been very difficult for him to get Jin Zhengting. That's why that man is kind to their Xu family and now he can only trouble him.

Naturally, Jin Zhengting didn't care whether to go or not. It was just a private reception, and he was not able to be invited. But his little woman certainly couldn't refuse, so she took it.

"Well."

Sitting in the car again, Zhao Tong asked curiously, "Jin Zhengting, don't you usually don't go to this kind of party?" In the past, there were no few people at home to deliver this kind of invitation, basically to the garbage can.

Jin Zhengting looked at Zhao Tong's heart and asked faintly, "can you refuse?"

".....。 " Indeed, Xu father mouth, she really hard to refuse, Zhao Tong heart silent.

The banquet was held in the never night city. Many people have come to the venue. Zhao Tongxin and Jin Zhengting are late.

As soon as they got to the door, many people gathered around them, trying to establish a relationship with Jin Zhengting.

Now people all over the city know that the land in the northern suburb is in Jin Zhengting's hands. No doubt, if anyone wants to share a piece of it, even if they share a little, they will make some money.

"Mr. Jin, you are here. We have been waiting for you for a long time."

"Yes, Mr. Jin can always come. Mr. Chen has a great face."

"Everyone gives face everywhere. Ha ha." The man called President Chen said modest words on his mouth, and the proud expression on his face could not be covered up.

He just tried, but he didn't expect that Jin Zhengting would really come. People in the circle would certainly look up to him.

"This is Mrs. Jin. She is so beautiful and elegant. Mr. Jin is very lucky."

Jin Zhengting's silent expression was a little loose. He turned his head to look at the speaker and said in a light tone: "well."

Several bosses around Jin Zhengting almost pouted. Even Zhao Tongxin stood beside Jin Zhengting with silly eyes. What's that? Does it mean that the person is right, or does it mean that he is really lucky?

Because Zhao Tongxin is in a mess, the man beside him will not be stimulated. Generally, he is expressionless

The man's face was stunned at first, as if he was more desperate to praise, "Mrs. Jin is gentle, considerate, kind and smart."

With these words, the man almost got goose bumps and turned to peep at Jin Zhengting's expression. Seeing that his expression had not changed, he thought that he must reward the woman at home.

I wish I had known to bring her out. If she hadn't reminded him that Jin Zhengting was most concerned about his wife, he wouldn't flatter him with a try attitude. He didn't expect to get the idea all of a sudden.

If Jin Zhengting was not happy, he would have walked away, and he would have been a representative if he didn't speak. He was in a good mood.

Jin Zhengting took a deep look at the slightly excited man and asked, "which company are you from?"

"I, I, I'm just a small company in the building materials business." The man didn't expect that Jin Zhengting would ask him something. He was a little excited.

"Go to my project department tomorrow and talk about cooperation." Jin Zhengting's insipid tone made others choke.

I didn't expect that this little man who is not well-known has such a great skill in flattering. They are not as good as the old foxes in the market. They really underestimate him.

It's also their fault that they have no memory. No one in Jiangbin city knows that Jin Zhengting cares about his woman's attitude, so he gets ahead of others.

"Thank you, Mr. Jin." The man almost couldn't find the north. This time he was able to come to the banquet. He was so excited that he asked someone to come in. He didn't expect that he would find a big bargain.

Zhao Tong Xin looked at the side and didn't know what to say. Some people said that if she didn't get off the line, even the praise came out, which made her hair stand up.

Jin Zhengting's calm and indifferent personality was ignored. She even wanted to cooperate with this person. She didn't know what to say, but the sweetness in her heart made her mouth bend. She thought that no woman could refuse such treatment.

"Zhengting, here you are." Yang ziye's ruffian appearance leads a woman to come over.

"Yes." Jin Zhengting tall figure holding Zhao Tongxin also walked in the past, leaving a pile of men with a face of regret.

Zhao Tong is curious. Women before Yang ziye don't wear heavy make-up, or they can wear less. Otherwise, they are coquettish. This time, they are long and beautiful, and the people who see them are very comfortable.

Yang ziye looked at Zhao Tongxin and said, "Tongxin, you are dressed like a polar bear. Are you going to spend the winter?" "....." Zhao Tongxin wants to reply, but for her own image, she still holds back and

stares at the man who is the culprit. It's him. Otherwise, she doesn't have to wear a coat. It doesn't affect her, but she's really hot.

It's just that it's windy outside. It's not so cold. She has to wear a coat.

The woman beside Yang ziye suddenly whispered: "Yang ziye, how can you talk like this? What am I wearing?"

"Silly girl, it's not about you." Yang ziye gave her a pet look, then turned to Zhao Tongxin and introduced them, "this is my girlfriend, silly girl."

Cheng Hui shyly said: "I'm not a silly girl. My name is Cheng Hui. Everyone calls me Huizi."

Jin Zhengting takes a light look at Yang ziye and knows.

Zhao Tong Xin looked at Cheng meihui's shy expression and said friendly, "Hello, my name is Zhao Tong Xin. Just call me Tong Xin."

She didn't expect that a playboy like Yang ziye would like a good girl.

Cheng meihui replied with a smile: "Hello, please give me more advice in the future."

Yang ziye gently knocked on Cheng meihui's head and said, "OK, just say hello, meihui."

Like or not is a matter of his words, for their words, marry a dream when the family, knowledgeable, honest at home after marriage can, at that time also can't care how he plays outside.

I can't help looking at Zhao Tong's clear and smart face, and then at his indifferent friend. I can't help sighing that not everyone can be as strong as Zhengting.

"It's very lively." Spoon garden wearing a red evening dress, came over, by the way attracted many eyes.

"Spoon garden, I didn't see you just now." Seeing his good friend, Zhao Tong Xin took Shaoyuan's arm intimately. When he thought about the wrong occasion, he had to let go.

"With so many people around you, of course I have to choose a suitable opportunity." Spoon garden is not recommended.

"What else do you dare not do?" Zhao Tongxin doesn't believe it.

Yang ziye said with a smile: "spoon, this is my girlfriend, Huizi."

"Take good care, you know. Don't mess up all day." Shaoyuan doesn't believe that Yang ziye likes such a good girl. He may be dealing with the old man in his family, but he's a poor man. He's really a big turnip.

One day, she will not sympathize with her. Slag man is so annoying, but they have known each other for so long.

The lights of the banquet suddenly went out, leaving only the spotlight in the center of the stage. The beautiful host politely said a few words on the stage and invited the host to speak.

Mr. Chen, holding a microphone, said to the crowd with a smile: "welcome to this banquet. The main thing is to come back from school for my daughter and let her know you."

"I hope that in the future, you can look after my face and take care of me."

Said a young girl in a goose yellow evening dress, with a smile on her face, walked onto the stage and said hello to everyone, "Hello everyone, my name is Chen Huanhuan, I hope you can like me."

Zhao Tong Xin looked at the woman on the stage in a daze. She didn't expect that the person she would never see in her life would meet on such an occasion.

Chen Huanhuan's name is like a key, which opens the dark side of Zhao Tong's heart.

At that time, she was working in a restaurant. She met Chen Huanhuan, who had dinner with her friends. Because she had worked several jobs in succession, she was in a bad mood and splashed the vegetable juice on her plate.

Then there was a nightmare. Chen Huanhuan pushed, beat and scolded, and the crowd pointed. The restaurant manager also pressed her head to apologize to them.

Everyone's disgusting eyes hit her like countless spotlights, leaving her nowhere to hide.

The last thing she can't stand is Chen Huanhuan's behavior, asking her to pay for the clothes, or she won't let go.

At that time, they had no money. The manager asked her mother to send money. Chen Huanhuan was not satisfied. He spat on her mother and said haughtily, "cheap things. You can't afford to buy a dress for several years. It's really bad luck."

Her mother in order to protect her, hard to endure, but also bow to make amends.

None of the people present came out to say a word. It was like a picture in her heart, and she still can't forget it.

Zhao Tong smiles. It's good to see Chen Huanhuan.

"How." Jin Zhengting keenly captures Zhao Tongxin's strange mood, and her smile at the corner of her

mouth, like seeing something exciting.

"I'm fine." She is just too happy, memory is not forgotten, just to see the time to highlight the feeling of helplessness, this taste she will give back.

Chen Huanhuan, now let's settle the accounts, OK?

The audience applauded warmly.

Chen Huanhuan on the stage looks at people's expressions with confidence. She finally comes back from abroad. After a tour, there are still several good-looking men in the crowd. Gee, those two men are so handsome, but the women around them are not so good-looking. Such a top-notch man must perform well in bed.

Thinking of itching in my heart, I put the microphone in my hand into her father's arms and wanted to chat up.

Chapter 243

"Huanhuan, where are you going?" Mr. Chen had no choice but to take his baby daughter to the hospital for treatment because he was not good at living abroad and had trouble with many men.

When she couldn't stay abroad and was sent back to China, he explained that she couldn't be here, so he helped her to hold the banquet.

"Go for a walk." Chen Huanhuan impatiently perfunctory.

"Remember to be more restrained. It's home, not abroad." Mr. Chen still whispered a warning.

"I know, I know." Chen Huanhuan curls her lips, waiting for her to find a man with status to see if he will say that about her.

Although Zhao Tong heart people talk to them, but the mind has been floating in Chen Huanhuan's body, her every move did not escape her sight.

See the direction she came, also understand her meaning, prey finally can't bear it!

"Hello, my name is Huanhuan. Welcome to our party. Please take care of me later." Chen Huanhuan seems to say hello to everyone, but her eyes only focus on Jin Zhengting and Yang ziye, as if she is choosing which one to start with.

Jin Zhengting and Yang ziye continue to talk about their topic. They don't want to pay any attention to her at all. This kind of woman gives them away. They all dislike lowering their style, which is worse than the women at night.

Clearly is a slut, the surface also wants to pretend what pure jade girl, really enough disgusting person.

Shaoyuan impolitely exposed her intention that the drunkard was not drinking: "you say hello to us and stare at them all the time, which means a few things."

Zhao Tongxin suddenly took Jin Zhengting's hand and said with a smile: "spoon garden, people are at least the protagonist of the banquet, so don't say that."

She observed Chen Huanhuan's expression and found that the woman did not recognize her. It was also that the yellow and skinny clothes she wore before were very different from the present.

I feel more at ease, and it's more convenient to do things later.

"Tong Xin, who am I? I'm just kind enough to remind her." Shaoyuan doesn't know that Zhao Tongxin, who has been kind all the time, will suddenly embarrass this woman, but she is willing to cooperate. Who can make this woman look bad.

Zhao Tong Xin pretended not to agree and shook his head: "but people also want face, how can they do such impolite and humiliating things."

Jin Zhengting took a look at Zhao Tongxin and took the initiative to hold his white arm. His eyebrows twisted unconsciously, but he didn't say anything. Just with a strange smile, he found that her behavior today was very strange, and she would take the initiative to attack another woman. Is there anything he didn't know.

We have to make a good investigation when we go back.

Chen Huanhuan's expression of singing by the two of them is very angry. In order to maintain her image, she has to endure this tone. These two women are really damned.

When these two men become her bed companions, we must repair them well.

His face is a hurt expression, pathetic reply: "I don't mean that, really, don't be angry."

Chen Huanhuan's appearance is also considered as a beauty, and her figure is more concave and convex. Her pathetic expression is quite different.

It's a pity that the two men are both stone hearted, not the kind of people who are compassionate. Besides, there is still one person in their heart, and it's impossible for them to have ideas about other women.

Chen Huanhuan waited for a few seconds, but no one spoke to her. She couldn't keep her face. She secretly scolded the two men for not understanding the amorous feelings. The most important thing

was that the two women were too vicious.

If you leave like this, it's even more humiliating. I can't get off the stage for a while, and I'm very anxious.

There happened to be a gentle and genial male voice to help her out. "This young lady just wants to say hello to you. There's no need to embarrass her."

Xu Zheng managed to get rid of the woman who was sticking to her. When she arrived at the party, she happened to meet the hero who saved the beauty.

"This gentleman can see clearly. I really don't mean that." Chen Huanhuan's face was saved. He looked at the visitor gratefully. Seeing that he was a handsome man again, he was already in full bloom.

I didn't expect that there were many good-looking men in China. They would not let those women get ahead of them if they knew earlier.

Zhao Tong heart see Xu Zheng defend Chen Huanhuan, face not from a cold, said: "Xu Zheng, if you like to take back ah, but I don't know how the second aunt will think."

Xu Zheng is famous for his filial piety. Seeing Zhao Tongxin's threat in disguise, he said, "for this young lady, I'm just acting like a gentleman to help her out. If Tong Xin doesn't like it, my cousin won't say it. Do you need to be so angry?"

I didn't expect that there was a person he hated. He thought Zhao Tongxin's temper was so good that he could be called the virgin. He had his own bottom line.

"And my cousin, I'm relieved to see that you two have such a good relationship."

Chen Huanhuan's original excited mood was dampened by Xu Zheng's words, but she can get divorced even if she gets married. It's good to cheat even if she doesn't get divorced. Such an excellent man may like her.

"Thank you, sir. I'll be fine. These two ladies misunderstood me. I don't recommend it." "You don't suggest it. I suggest it." Shaoyuan thinks that Chen Huanhuan is really funny. Who does she think she is? Everyone wants to sell her face.

People around have been secretly looking at their direction for a long time. After all, there are so many beautiful men and women around, so it's impossible to be unobtrusive.

Mr. Chen saw his daughter's behavior and wanted to stop it. Then he thought that Jin Zhengting or Yang ziye really had a crush on his daughter. Maybe it was also an opportunity, so he let her talk to her.

But before long, he found that there was something wrong with the atmosphere. He was afraid that his daughter would make trouble for him again. He quickly pushed away the crowd and walked over.

"Huanhuan, have you done something wrong again? Please make amends with Mr. Jin." Mr. Chen said that he was also taking retreat as a way to advance, making them feel embarrassed to talk about other things.

"Dad, I didn't. I just wanted to make friends with them. I didn't expect that these two ladies misunderstood me." Chen Huanhuan deserves to be an acting school. At this time, he knows how to act in a coquettish way.

Let other people misunderstand, as if the wrong is Zhao Tong heart with spoon garden.

"Well, stop it and apologize to me." Mr. Chen first glared at Chen Huanhuan and said to Jin Zhengting with a smile, "Mr. Jin, don't be angry. I'll apologize for what Huanhuan has done wrong. I hope you can forgive her."

Mr. Jin thought about this in his heart. How could he say that he was also the host of the banquet? He apologized so much that Jin Zhengting could not have failed to give him face.

However, he forgot that Jin Zhengting had spoiled his wife to such an appalling degree.

Jin Zhengting looked coldly at President Chen with a fluke expression on his face and said indifferently: "cooperation will be terminated."

When people present heard Jin Zhengting's domineering words, they were all in an uproar. Unexpectedly, because of a small misunderstanding, he even took the matter to a high level and cancelled the cooperation with Dingsheng company. Undoubtedly, he didn't want to stay in Jiangbin.

Zhao Tongxin didn't expect that Jin Zhengting would do this for her. She was moved and annoyed. She just wanted to deal with Chen Huanhuan, forgetting that it would involve him.

Uneasily pulled Jin Zhengting's sleeve.

Jin Zhengting took a deep look at her, indicating that she should not worry. He had a sense of propriety in his heart.

Mr. Chen has long been sweating. Unexpectedly, it's just a word. He's even more regretful that he's provoked such a big thing. If he knew that he would not let Chen Huanhuan pass, what would he do if he touched the tiger's ass.

"Mr. Jin is really big tempered. Just because of a little misunderstanding, he sublimates things to business cooperation. Will it make a mountain out of a molehill? If you go on like this, who dares to cooperate with Mr. Jin in the future?"

Huo Tingchen's tall figure slowly came in. First, he took a look at Zhao Tongxin beside Jin Zhengting.

Then he gave everyone a smile. He would seize the opportunity and spare no effort to strike.

If a man has a woman he loves, he will have someone to help him. It's ridiculous that Jin Zhengting, such a smart man, would make such a low-level mistake.

Love is just something women talk about.

After listening to Huo Tingchen's words, some people around him also feel reasonable. They can't refuse to cooperate just because they accidentally say a wrong sentence or make his wife unhappy. What's that like.

As a creature, it's easy for people to follow suit and ignore the nature of things.

Chen always see someone speak for him, heart also have bottom, not so afraid.

"I don't know if it's a misunderstanding. If you don't want to cooperate, you can terminate the contract. I think many people will appreciate your termination of the contract now."

Jin Zhengting's overbearing declaration has sobered many people. He is right. How many people in the city's most famous Dingsheng company want to cooperate do not necessarily need opportunities.

If you can please his wife and get a chance, why not do it? If you are not willing to do it, many people are willing to do it. If you can cooperate with Jin Zhengting, it is a kind of interest protection.

Jin Zhengting's words pushed Zhao Tongxin to the front, and there were a lot of paparazzi at the banquet. It is estimated that people in the whole city will know that the president of Dingsheng was angry and became a beauty one day.

Huo Tingchen can't keep his gentle expression. He purses his mouth and doesn't speak any more. He hates in his heart. Jin Zhengting, I'll see how long you can be proud. We'll see.

Mr. Chen quickly expressed his attitude and said, "I understand what Mr. Jin said. It's all my little girl's fault. Huanhuan is not ready to apologize to Mrs. Jin."

"Oh, I'm sorry, Mrs. Jin. I didn't mean to. Please forgive me." Chen Huanhuan was impressed by Jin Zhengting's overbearing expression. She didn't expect that there were such infatuated men in the world. They were the perfect lovers in her heart.

She must have the hand to be able to, as long as get the hand, this kind of envious sight will all turn to her.

In the face of Chen Huanhuan's hypocritical apology, Zhao Tongxin forces her anger down. For Jin Zhengting, she can't tell her so quickly, "Miss Chen realizes her mistake, and I can't help but face it. I accept your apology."

Chen Huanhuan almost couldn't resist scolding Zhao Tong for being shameless. She was just because of her father's face, otherwise she would not bow to this woman.

"Mrs. Jin, please take care of me in the future. I will visit you in person and apologize to you." Chen Huanhuan disguised provocation, Zhao Tong heart smile to, "well, you are very welcome to be a guest."

At the end of the banquet, Jin Zhengting said a few words to Yang ziyue and took Zhao Tongxin home.

Inside the car, Jin Zhengting asked in a cool voice, "do you know that woman?"

"She's offending me. In front of me, I didn't say anything about her. I've already given her face." Zhao Tong heart falsely put things to other places, but also made a look of indignation.

"That kind of woman gives me, Zi Ye is disgusted." Jin Zhengting's voice over says that Yang ziyue doesn't like women. How can he like them? But seeing his little woman care about his performance, I still feel very helpful.

Chapter 244

Zhao Tong heart tired paralysis, sleep to the sun three pole just get up, reached out to touch his position, a cold, the man around has already gone out.

His face turned red.

She was bored lying on the bed, feeling the strong sunlight reflected through the window, slipping through her fingers and falling on her face.

Warm people don't want to get up.

It's a pity that she didn't enjoy it very long when the door was knocked.

"Miss, the guard said a miss named Chen came to visit you."

"OK, I see. Take her to the living room. I'll come down later." Zhao Tongxin did not expect that Chen Huanhuan could not wait to inquire about the enemy.

She is still arrogant and self righteous, but this time she will not let Chen Huanhuan off so easily.

She gets up slowly, brushes her teeth and washes, takes care of her hair, chooses the clothes she wants to wear, and then goes downstairs leisurely.

From her point of view, we can see that the impatience in Chen Huanhuan's eyes is also accompanied by jealousy. Good, the more jealous she is, the better she will be.

But what she doesn't understand is that Xu Zheng and Xu Ting are also downstairs. Let's forget about Xu Ting. Is Xu Zheng spending too much time at home recently?

They didn't disdain to be with her before. Now Xu Zheng can understand. After all, he has a purpose to get close to her, and Xu Ting is for that.

But it's definitely not kind.

"I'm sorry to have kept you waiting for a long time. The court just called me for a long time, and I can't help but answer it." Zhao Tong heart helpless and coy expression looking at her.

"It's OK, it's OK. I'm too presumptuous to disturb you." Chen Huanhuan was led in and left in the living room for a long time. Just now, two people sat down to talk to her.

One is the master of Xu's watch, the other is the second miss of Xu's family. There are two people in the room. She just wants Zhao Tongxin not to show up. She has to wait downstairs for so long and say some hypocritical words. She hates it when she sees them.

"By the way, what can miss chen do for me?" Zhao Tong Xin picked a distance from Chen Huanhuan is not far, not close to sit down.

Xu Zheng's boring sitting here is just to watch the fun. As soon as he sees Liu Huanhuan's intention, he knows that it's for the man Jin Zhengting. It's normal for a woman to look at the inverted post. He wants to see how Zhao Tongxin responds.

Also want to know Zhao Tong heart will die what reaction, will be as interesting as he thought.

Xu Ting wants to get close to Liu Huanhuan. If she wants to see what she's here for, it's better to get Liu Huanhuan to her side so that she can deal with Zhao Tongxin. It's also convenient for her to act at that time.

"I'm so sorry about yesterday, so I came to apologize to you. Mrs. Jin should forgive me." Chen Huanhuan's apology is a cover. The most important thing is to see where Jin Zhengting lives and how rich she is.

When she drove to Jin's villa, she found that Jin's area was not only close to the inner ring, but also large and unique, which was even more powerful than a rich family.

Looking at their antique furnishings, everything is carefully selected. Even if she has met many people in the world, she can't help but be surprised. Then there is a feeling that she wants to take these things for herself.

Who knows that she ran to Jin's house in a hurry. She was informed that Jin Zhengting had been in Xu's

house recently. She was jealous and wanted to be crazy, but she had to bear it. The so-called small intolerance leads to big plans. She still had this patience.

So immediately let the driver drive to the Xu family.

Zhao Tong Xin drank the tea from the servant and chuckled: "well, it's not recommended."

She has something more to recommend than that. This little thing is nothing. "Miss Chen used to be in that country."

"I studied design in England and worked with many masters. Next time I'll show you our group photo." Chen Huanhuan is very proud of her achievements. She has also investigated Zhao Tongxin's background.

Although she graduated from a domestic university, she was a wild child who had been living in exile all the time. She came back to the Xu family by accident. She didn't have a very good relationship with the Xu family. She had many enemies and was stupid. She believed that Xu Ting would be happy to help her.

"Well, it's very good, but Zhengting doesn't want me to work too hard. I haven't been to the company for a long time." Zhao Tongxin chuckles and takes her job to crush her. Chen Huanhuan thinks that she is the kind of jealous woman. She is really looked down upon.

Xu Zheng is enjoying himself drinking coffee and eating cakes. Zhao Tongxin, a woman, sometimes gets angry. Isn't she indifferent to Yingyan beside Jin Zhengting? She seems to be cruel to Chen Huanhuan.

It has to be said that Zhao Tongxin's serious expression is more lovely. Xu Zheng doesn't find that his Tianzhen seems to be leaning towards Zhao Tongxin's place, and he is happy to get close to it.

"Miss Chen is really good. People who have gone abroad for further study are different. At first sight, they are knowledgeable and reasonable. I heard that your father runs a brand clothing chain store." Xu Ting see someone want to deal with Zhao Tongxin, can't help but help Chen Huanhuan.

"Sister Xu Ting is really flattering. Huanhuan is not as powerful as you said. She is more capable than you." Chen Huanhuan modest answer, she knows that Xu Ting also want to step on Zhao Tong heart a few feet.No matter what Xu Ting's attitude towards Jin Zhengting is, the enemy of the enemy is the friend, isn't it? What's the relationship between cooperation first? It's the key to pull down Zhao Tong's heart. When the time comes, each depends on his ability.

Xu Zheng saw Xu Ting help not willing to frown, he can accept their two infighting, but does not mean that he can accept Xu Ting with outsiders to deal with Zhao Tongxin, lazy tone said: "that is not necessarily, some people's appearance is bright, secretly private life erosion is also a lot of, ah, it's really the world is declining."

Xu Zheng's words embarrassed two people. Xu Ting's face couldn't hang up. She whispered: "cousin,

what are you talking nonsense? I'm angry at this."

"Isn't what I said wrong? I think Tingting knows it, too." Xu Zheng blinked innocently.

"Ha ha, I don't know that either." This kind of thing Xu Ting how good mouth to answer, had to dry smile, not for Chen Huanhuan speak.

I'm so angry with her. I didn't expect that my cousin would tear down her desk.

Chen Huanhuan doesn't understand. She has already inquired. Xu Zheng doesn't like Zhao Tongxin either. How can she feel that he is helping Zhao Tongxin? Is it her illusion.

"Brother Zheng, there are few such people. At least there are no such people around me." Sometimes when a lie comes to the end, I think it's the truth. And Chen Huanhuan thinks so now.

Those are just things in the past. Now she's back at home. Foreign affairs have nothing to do with her. Anyway, no one will find out.

Xu Zheng had a bad temper and was gentle to his family, but he would give face to everyone in front of outsiders. He choked and said, "I don't have a sister like you. Don't mess with me."

Zhao Tongxin drinks her tea leisurely. As if she didn't see it, Xu Zheng's attack on Chen Huanhuan is even worse. En, today's tea is really good.

Chen Huanhuan's face turns blue and white, and she wants to leave. But if she leaves like this, it doesn't mean that she is weak and doesn't have a good relationship with Xu Ting. At that time, it will be more difficult for her to come to the Xu family.

"I don't think Miss Chen is such a person. Besides, she is my guest. It's not good for you, Xu Zheng." Zhao Tongxin timely voice for Chen Huanhuan, she did not want to scare off this woman so early, only climb higher, will fall more painful.

Xu Zheng is indifferent to pick eyebrows, "Tong Xin, I think you may not understand. After all, you have not had enough right to speak in the Xu family soon after you came back, so you'd better be cautious."

How can he not know the potential meaning of Zhao Tongxin in the shopping mall? Chen Huanhuan is her prey and asks her not to interfere.

Well, it's getting more and more interesting.

Xu Ting is very surprised. She is relieved to hear Xu Zheng's tone. She almost thinks that Xu Zheng is helping Zhao Tongxin.

Although Chen Huanhuan didn't know why Zhao Tongxin suddenly helped her, she also had an

opportunity to please Xu Zheng on the pretext, but she didn't dare to call her brother rashly and said carefully, "I don't think Mr. Xu meant that. Mrs. Jin must not misunderstand her."

"If you don't get me wrong, I know in my heart that you don't need Miss Chen's kindness." Zhao Tong's heart is tough, and her smart eyes flash with strange light. She really can't understand what Xu Zheng is thinking. She seems to be helping her, but it doesn't matter to see his expression.

"Miss Chen really knows the general situation, unlike some people who can't get on the wall with mud. In the future, just call me Xu Zheng. We are all friends." Xu Zheng doesn't want to have a younger sister, not to mention the kind of woman who has been waving to the bone. Since Chen Huanhuan came in, she kept casting her eyes at him.

He is beautiful enough, but he doesn't dare to buy such goods. He may have some diseases.

"Really? Xu Zheng, can I come to you often after that?" Chen Huanhuan is very happy. As long as Xu Zheng likes her, she won't have to come to the Xu family in the name of Zhao Tongxin.

Moreover, it would be nice for Xu Zheng to fall in love with her and kill two birds with one stone at that time. It's really good. It can't be any better.

"Yes, you can come if you want." How can Xu Zheng suggest that Chen Huanhuan come to abuse him, so he has to do it.

"Miss Chen didn't come to see me. How can she help others all the time?" What Zhao Tong wants is such an effect. He didn't expect that Xu Zheng's foolishness is very good.

"Mrs. Jin, although I'm here to apologize to you, I still don't think you can say that to Xu Zheng. Anyway, she can be regarded as your cousin." Chen Huanhuan is very happy to play an innocent good man and let Xu Zheng teach Zhao Tong a lesson for her.

"In that case, you have already apologized. I have something to do, so I'll see you off if I have nothing to do." Zhao Tong Xin looks angry, but in his heart is a sneer, not everyone will eat this set, at least in her cognition, Xu Zheng is not that kind of stupid man.

Xu Zhengyan was very happy and said angrily, "Zhao Tongxin, Miss Chen is my friend now. She can sit in Xu's house as long as she wants. Do you have to approve it?"

Chapter 245

Chen Huanhuan looks at Xu Zheng innocently, as if she has been greatly wronged.

Zhao Tong Xin angrily called: "Xu Zheng, what do you mean?"

"How, originally don't think you can ignore anyone with Jin Zhengting's support." Xu Zheng felt that he

was still acting like this.

Zhao Tong Xin looks at the fire. If he continues to perform, he will be a bit fake. He gets up and leaves indignantly. Before he leaves, he does not forget to stare at Chen Huanhuan.

"Cousin, don't be angry. Zhao Tongxin has always been like this. You know that, and it has hurt Yiyi. We must not let her go. Xu Ting takes the opportunity to speak ill of Zhao Tongxin.

Xu Zhengfu took a deep look at Xu Ting and said, "Tingting, some things should be limited. Don't be misled by appearances. And don't make some wrong ideas. You know I don't like it."

"Cousin, what do you say, Tingting can't understand a word." Xu Ting is a little guilty that Xu Zheng stares at. How does she feel strange.

"Xu Zheng, I..." Chen Huanhuan also wants to continue to get close to Xu Zheng.

But Xu Zheng is lazy to deal with, the protagonist has gone, he also left more boring, casually said a word to send her away: "Miss Liu, I have to go out in advance, we will contact later."

Xu Ting and Chen Huanhuan stay together.

"Does Miss Chen like my brother-in-law?" Xu Ting asked straightforwardly, some people know whether they are the same kind of people at a glance, and Chen Huanhuan just gives her a kind of similar feeling.

Although I feel that Chen Huanhuan is just a toad and wants to eat swan meat, a small broken company will regard itself as a root onion. Fortunately, it still has some use value, otherwise she would have been driven out of the Xu family long ago.

"Yes." Chen Huanhuan readily admits that a good man like Jin Zhengting is naturally liked by many women, but so what? She has experienced more men than Xu Ting and Zhao Tong, and knows more about men than they do.

"Oh, do you have any plans for Miss Chen, or what I can do for her? Don't mention it." Xu Ting does not recommend helping Chen Huanhuan once. Even if she can't hurt Zhao Tong's heart, she can at least disgust her.

As for Chen Huanhuan, it's easy for her to clean up afterwards.

"Really? I knew that Xu Ting must be a good person. I have a plan, but I don't know if you are willing to help." Chen Huanhuan can't wait.

"Yes, with pleasure." Xu Ting leaned forward.

Chen Huanhuan said excitedly. Xu Ting nodded and agreed from time to time, revealing a vicious smile.

Zhao Tong left angrily. He didn't leave immediately. Instead, he stood at the corner and looked at the expression of two people in the living room. He sneered.

"Is it really good for you to laugh like this? I'm not afraid that Jin Zhengting can see what kind of women men like. I know very well." Xu Zheng doesn't know when he will follow Zhao Tongxin and look at the two people in the living room. When he sees Xu Ting's resentful expression on her face, he can't help frowning.

"Why help me?" Zhao Tongxin was not surprised to hear Xu Zheng's voice. After all, Xu Zheng's intelligence is obvious to all. Since Xu Zheng will help her play, she doesn't have to hide it from him.

Just curious about Xu Zheng's purpose.

"If I say it's fun, do you believe it?" Xu Zheng smiles. His casual eyes make people unable to see what he thinks, but there is an imperceptible seriousness in his words.

"I don't need you to intervene in my affairs. Just mind your own business, Xu Zheng." Zhao Tongxin looks at Xu Zheng with deep meaning in his eyes. As soon as her eyes are tight, she can hear that Xu Zheng is really "playing", but she can't play with him or lose.

"Or do you want Jin Zhengting to know?" Xu Zheng is so smart that he can naturally see what Zhao Tongxin wants to hide. If Jin Zhengting knows that his woman has a problem with Chen Huanhuan, it is estimated that Chen Huanhuan is not dancing outside this second, but lying in the freezer of the mortuary.

"What do you mean?" Threatening her? Zhao Tongxin's eyes narrowed slightly, and her sharp eyes wanted to see through the strange smile on Xu Zheng's face. For Xu Zheng, an old fox who is mixed up in the shopping mall, her experience is still shallow, and she can't see through Xu Zheng's intention.

"No matter what I mean, as long as you know, I won't tear you down." Xu Zheng is also a little confused about his own ideas, but he always does what he likes, and is generally recognized as a short guard, since she is also his own family.

To bully can only be him, which round of the road that what Chen Huanhuan.

When Xu Zheng thought about this, he felt much better. Yes, that's what he meant.

"Whatever you like, just don't spoil my business." Zhao Tongxin listen to frown, also take Xu Zheng have no way, finally looked at two people in the living room smile at each other, turned back upstairs.

For Zhao Tongxin's rude attitude, Xu Zheng just laughs and doesn't get angry. It's just that it becomes a little complicated when it comes to Xu Ting. It's better that Xu Ting is not what he thinks, otherwise he will be cold hearted.

Zhao Tongxin is going to go back upstairs. When she passes by the small hall, she hears a voice. Originally, she doesn't like to listen to people in the corner. She raises her feet and stops when she hears her name. "Third uncle, that Zhao Tongxin, even if he is really uncle's child, doesn't follow our surname Xu. Moreover, as soon as he comes back, his family's dependence is gone and Xu Yi is slapped. I'm distressed. That's the only male in our Xu family."

Shen Zhen is weak and boneless at the moment, hanging on the fat body of the third uncle, charming with fingertips constantly rowing his arm.

"I know, but Jin Zhengting is not a vegetarian after all. If we annoy him, our family will have a hard time, and how can Xu Yiyi compare with Xu Yi?"

The third uncle was also very upset, but who made himself less capable than others? Even if he was angry, he could only swallow his anger.

Although Shen Zhen was angry with his third uncle, now in order to find a way to rely on him, she can only follow his words, "third uncle, we are not cooperating with Jin Zhengting. As long as we think of some ways, Zhao Tongxin will run the same way. The most important thing is that if there is no Zhao Tongxin, uncle will have no children. The little one is so big that the Xu family will not fall on Xu Yi."

Shen Zhen's words are directly in the heart of the third uncle. Why does the Xu family want to pass it on to the eldest brother? He can also do well. Maybe he can do better than him, but she is really afraid of Jin Zhengting's means.

There was some hesitation.

Shen Zhen naturally can see that, adding a fire, said: "Jin Zhengting is nothing more than a woman, Xu family is nothing more than a lot of daughters, I think Xu Ting is a good one."

"Obedient, sensible, filial, the most important thing is growing up in the Xu family, no two hearts."

These words are what Xu Ting said to her in private yesterday. When Xu Yiyi is her daughter, she also hopes to avenge her daughter.

So with Xu Ting also hit it off, she will help Xu Ting deal with Zhao Tong heart.

"You're right." As soon as the third uncle knocked his head, he thought Shen Zhen's words were very reasonable. Men just like young and beautiful women. Besides, Xu Ting's soft and weak attitude made men have an impulse to bully. What's more, men like Jin Zhengting would not refuse.

Compared with Zhao Tongxin, Xu Ting is more like him. The things in her heart are solved, and the third uncle is also in the mood to think about other things. She holds Shen Zhen's big and round hand.

He said, "honey, if you don't rub it here for a few days, it's a little small."

"I hate it." Although Shen Zhen was not happy in her heart, her face was full of enjoyment.

Later, Zhao Tongxin didn't want to listen any more. He went upstairs with a cold face. The Xu family really has all kinds of ghosts and ghosts. Ethics is really worthless in their eyes.

The brilliance of the rich family and the chaos in private really opened her eyes. Xu Yiyi's business had nothing to do with her, and she would blame her for it. It's just inexplicable.

However, since we know who the enemy is, it's easy to do the following things.

Today, Zhao Tongxin did two things that he felt disgusted with.

One is for family protection, the other is for revenge.

Many things make her understand that she can't be a good person if she wants to be, that she can't be safe if she doesn't make trouble, especially after the child happened.

Just found that kindness is left to the weak, forbearance is just an excuse for their fear, since the heart to comfort themselves, then brave out of this step.

Zhao Tong thought of too many things, didn't notice a person coming face to face, can't prevent the collision, because the inertia can't help but back two steps, almost fell down, fortunately, a strong hand intercepted from her waist.

Avoid falling with her.

Jin Zhengting's unique voice said, "what are you thinking about?" No one was standing in front of her.

"Jin Zhengting, you are back." Zhao Tong was relieved to find that the man holding him was Jin Zhengting. When he looked out of the window, the sun was not so strong, and it seemed to be dusk.

The flame like glow of the sky hit him, which made her have a warm illusion, as if the man in front of her had wireless warmth.

When I touched his eyes, it was still so cold and dark. I felt that I must be dazzled.

"Well." Jin Zhengting's eyes sank for a moment, and he held Zhao Tongxin's body well. He looked at her reddish cheek with deep eyes. His heart warmed and his indifferent expression softened.

"I didn't think about anything just now, but I didn't see my aunt for several days. I wanted to see them." Zhao Tong Xin casually thought of a reason, and found that he really didn't go to see Xiao Yajuan for a long time.

I'm sorry.

"Well." Jin Zhengting's eyebrows are slightly tightened. A few days ago, Rong Lei has reported this to him, but he has already started to deal with it, but he hasn't told his little woman.

Finally decided not to say.

Chapter 246

Zhao Tongxin felt that she couldn't bear to eat these two days. He really didn't know where Jin Zhengting's energy came from. He tossed her in disguise at night. Every time he ended up begging for mercy.

What's more strange is that she was suddenly taken by her side, and the plan that she wanted to see her aunt had no choice but to give up. She had to wait for the next chance, but heyday was really boring. She went to the place where she used to stay in the secretary room to see some old acquaintances.

Shaoyuan sat in the office and saw Zhao Tongxin's face was tender and ruddy. She came in and asked with a bad smile, "Tongxin, you come out with a full face, are you deliberately to make us envy you?"

She was also directed by the man at home to send things. Unexpectedly, in the Secretary's room, she met Tong Xin, and her eyebrows could not be selected. What secret activities were these two men engaged in?

"Spoon?" Zhao Tong Xin was stunned when he saw Shaoyuan here. He could understand the meaning of her words. His face turned red. He said unnaturally, "don't talk nonsense. I'm full of spring breeze. I just take the stairs to breathe."

"Also from the elevator, it's really hard for you." Shaoyuan not only laughed, but also nodded. She clearly saw that Tong Xin came out of the elevator. The content of lying really needs to be improved.

Zhao Tong Xin looked at the smiling woman and said helplessly, "spoon, you are my good friend. Are you really good at making fun of me like this?"

In my heart, I put the responsibility on Jin Zhengting. If it wasn't for him, would she be so involved?

"Tong Xin, even if I'm your good friend, I didn't expect that your IQ is as low as the horizon. Don't say you know me when you go out later." The spoon garden can't stop laughing.

Tong Xin is so funny. Sometimes she is just like a child, sometimes she is as dull as a koala. If it wasn't for the boss's not far away from here, she would like to pinch Tong Xin's face.

"Spoon, I'm grinning. I'm going to the back of my teeth." Zhao Tong Xin instantly felt that he was hit. Is it

really so funny.

"Well, well, I won't laugh any more, but Jin Zhengting is bad enough. He deliberately humiliated you. Remember to revenge." Spoon garden said so, but also to have a lively look.

Who let him enslave her big wax gourd when he had nothing to do? It should be a little instigation.

".....。 " Zhao Tongxin also wants to revenge. The problem is that Jin Zhengting's number of passages is too high. Every time she plans a prelude, she is keenly discovered and trapped in the cradle. How can she feel that there is something wrong? It seems that the office is a little too quiet.

How are all envious eyes...

she quietly leaned over her head and said to Shaoyuan, "are these people taking the wrong medicine? How do I feel their eyes are strange?"

"It's not surprising that I would do the same." Shaoyuan is helpless to Zhao Tongxin's slow reaction.

"I can't understand you any more." Zhao Tong is at a loss.

"Tong Xin, you don't read newspapers?" Spoon garden helpless want to roll their eyes, this woman is not read the newspaper news?

Jiangbin city's headlines and the major entertainment gossip news all reported the event of the dance that day in the night city.

Jin Zhengting's overbearing Manifesto has made women all over the city boil. He has become the perfect man in all women's hearts. Many people envy her, but they can't.

Of course, the boss also has a group of loyal fans, and the number of women waiting to kick the pupil is expected to increase several times.

Shaoyuan looks back at Zhao Tong's face again. He sighs powerlessly. He is a geese who does not know his fortune.

"Yes, do you read the Old Age newspaper?" What does it have to do with reading newspapers? Zhao Tongxin is not interested in newspapers at all. No matter what type it is, she won't read it, except that in order to take care of her mother, she has developed the habit of reading all kinds of health preservation and nursing in the Old Age newspaper.

"Well, I've convinced you." Spoon garden really don't know how to express their powerlessness.

Old Age newspaper! Is that a newspaper read by a young girl? Is there anything else on it besides health preservation, comedy, raising flowers and grass?

"You go to the company to get a morning paper and read it by yourself. Let me be quiet..." she doesn't want to talk to this woman who is about to break away from society.

"All right." Zhao Tong Xin looks at Shaoyuan's face. Don't make her look. She goes to the books and magazines at the door to get the newspaper.

It's just a newspaper, as if she doesn't understand how angry people are.

Against the envious eyes of the office, Zhao Tongxin is still under pressure. He takes the newspaper and runs back to the desk where he sits in the spoon garden.

You don't have to open the page to see the headline: Jin Zhengting, President of Dingsheng group, the most infatuated and overbearing diamond man of the year.

And then open is the night city that happened, all kinds of angles, all kinds of shooting.

Zhao Tongxin looks at the photo in the newspaper. Jin Zhengting's tall and mighty body protects her delicate figure. It looks like a happy couple.

Add in the embellishment in the newspaper, no wonder so many people envy her.

But she wanted to say that the truth is not so. In fact, the perfect man in their mind is very dark, indifferent and resentful.

Zhao Tong Xin feebly asked: "spoon, not all the newspapers in the city are reporting." "Yes, I don't think anyone in the city doesn't know except you. Congratulations, Tong Xin, you have become a famous person." The spoon garden laughs.

"It's all a misunderstanding..." Zhao Tongxin wants to clarify, but Jin Zhengting's words that day really touched her. His maintenance is quite natural. Even now, he can't help but accelerate his heart rate.

"I'll teach you a way to communicate with him." Shaoyuan's eyes are shining with the light of calculation.

"Yes?" Zhao Tongxin put his ear close to him.

"You first... In this way..."

"but this... Is not very good." Zhao Tong hesitated.

"Don't worry, it'll be OK." Shaoyuan thought the way she thought was perfect.

"You're sure." Zhao Tongxin is uncertain. The scene of yesterday is still in her mind. If she is like this at

night, I don't know if she will die in battle

"Yes."

"Well, I see." Zhao Tong's heart seems to have made up his mind to nod. He must turn the situation around.

Just at the door came a man to Zhao Tongxin, said: "Tongxin, long time no see, Secretary General let me call you to pass."

"Is it sister ye who is looking for me?" Zhao Tong Xin looked at the messenger doubtfully, how not ye Rui's assistant.

"I don't know. I'm just a messenger. You can ask the Secretary General if you have any questions." The messenger dropped the sentence and left.

Shaoyuan looked at Zhao Tong's hesitant expression and asked: "what's wrong with Tong Xin? Is something wrong

Zhao Tong Xin said with a smile: "it's OK. I'll go and have a look first. Sister Ye used to take care of me." Under Jin Zhengting's eyes, she thought that no one would be so stupid to look for trouble.

"Or I'll go with you." Shaoyuan thinks that the messenger is suspicious, but he thinks it's impossible. After all, it's boss's territory. No one is so stupid to fall into the trap.

"It's OK. I can do it alone." Zhao Tongxin knows what Shaoyuan cares about, but she really doesn't need so much protection. She understands the concept of danger more than they think.

"Well, I'll wait for you here. Call me if you need anything." Shaoyuan knows that although Zhao Tongxin seems to be very easy to talk on the surface, his stubbornness can also give people a headache.

Zhao Tong opens Ye Rui's office by himself.

The furnishings in the office are simple and easy to see. All the blinds around the office have been put down, leaving only the glass floor to ceiling windows. The room is also very quiet.

"Here you are." Ye Rui happily leans on the chair and sips coffee. When she looks at Zhao Tongxin, there is a glimmer of strange light.

"Sister ye, long time no see. What can I do for you?" Zhao Tong Xin looks at Ye Rui's smiling face and feels uncomfortable all over. He feels strange.

But looking at the leaf pistil on the swivel chair or the original appearance, clean makeup, the heart slightly put down a little.

Ye Rui looked at Zhao Tongxin's expression and said, "it's OK. I just want to see you and see if you are OK."

"Ha ha, yeah, thank you for your concern. If there's nothing wrong, I'll go out first." Zhao Tong Xin suddenly feel some depression, always feel where strange.

I don't know if she is a little tired recently. She always feels that ye Rui's eyes are gloomy and creepy.

"What's the hurry? Won't you sit for a while? After all, we haven't seen each other for a long time." Ye Rui's mouth is smiling, as if making fun of Zhao Tongxin's fear.

"No, no, you are not ye Jie. Who are you?" Zhao Tongxin finally realizes what's wrong. Ye Ruixi has a mole on the right tail finger, which is rare in other people's bodies. So when she saw it, she asked curiously.

Today, I didn't see that mole. I was even more surprised. Reason told her that she should go out and inform Jin Zhengting immediately, but I couldn't help wondering who pretended to be ye Jie and dealt with everything perfectly.

Apart from this subtle detail, there is no flaw.

"Who do you think I would be?" Ye Rui takes a sip of coffee and looks at Zhao Tongxin's nervous mood with great interest. She is not afraid that Zhao Tongxin will complain. It seems that she is convinced that Zhao Tongxin will not do so.

"Are you Xu Yanke? No, no, Xu Yanke is locked up by Jin Zhengting. Who are you Zhao Tong Xin's first reaction is associated with the woman who is completely disguised.

But isn't Xu Yan still locked up? Who is the woman in front of her.

"Shut, can't you escape?" "Ye Rui" sneers. No, it should be Xu Yanke. She has been locked up by Jin Zhengting for so long, and her mental and physical torture almost makes her collapse. Fortunately, the man came to save her.

Even if she escaped from Jin Zhengting's hand, she paid a great price. Of course, Zhao Tongxin was responsible for all this.

Chapter 247

"Xu Yanke, you are not afraid that I will go out and shout." Zhao Tong mind light a cold, did not expect that after Xu Yan can escape, also dignified Yirong Chen yerui appearance came to heyday.

Is it too timid or arrogant.

"At will." Xu Yanke shrugged his shoulders and said, "as long as you don't care about ye Rui's life and death."

Since she dares to come, she is sure to go back safely. The extra sympathy is the behavior of the weak, but it is just this that she can take advantage of.

"What do you want?" Zhao Tong Xin's face was really tense. After all, ye Rui helped her a lot at that time. She felt sorry to see that ye Rui had something to do with her.

"I don't want to do anything. I just want to see the difference between the woman with my face and me." Xu Yanke tut has a voice. Her reluctance is like a crazy weed growing in her heart. What's good about Zhao Tongxin? She gets Jin Zhengting's love.

Clearly all this should belong to her.

Zhao Tong looks at Xu Yanke with a cold expression and says, "who plays who, I think you are wrong."

"Sure enough, she's a smart woman. It's cheap to rob other people's men." Xu Yan can hear this sentence, the contempt on the face also can't maintain, the eyes look at Zhao Tong heart.

"Compared with your cruelty, I'm just making a fuss." Zhao Tong retorted.

"It's not necessarily who laughs to the end. Men just paint something new. They are saying that there are many women behind such an excellent man as Jin Zhengting, and you're not the only one, but I'm the only one who accompanies him up to now." Xu Yanke's hand holding the water cup contracted.

"It's better for you to accompany him for more than 20 years than for him to accompany me for three years. You see, in addition to wasting your youth, what's left is being alone. What's your pride? At most, it's just leaving a vicious impression in his heart."

Zhao Tongxin knows that she can't be afraid now. If she is afraid, it will only encourage Xu Yanke's arrogance.

"Zhao Tongxin didn't expect that you are not only savage, but also cunning. As expected, you are the bedbug living at the bottom. You can't see the light. Anyone who wants to step on you can step on you." Xu Yanke's face fell down.

Zhao Tongxin pointed out that "it's better than some people. On the surface, it's human like, but in fact, it's rotten inside."

"You say who's rotten inside." Xu Yan can control the emotional excitement in her heart. Fortunately, she still has a cup of coffee in her hand, which can make her calm down. Otherwise, she really wants to rush to tear Zhao Tongxin's mouth.

Now is not the time to move Zhao Tong's heart, can only endure down.

"I say those who are in the right seat, I don't want to talk nonsense with you, let Ye Rui go." Zhao Tongxin's delicate facial features look at Xu Yanke arrogantly.

"Half an hour later, you will see this woman again, but if you dare to act rashly, I will definitely make her die ugly, and of course your cousin." Xu Yan can't really see Zhao Tong heart proud expression, originally can't say the secret also told Zhao Tong heart.

Seeing Zhao Tongxin again, her face turns pale. Suddenly, she feels that it's all worth it. Why can she struggle alone? She wants everyone to accompany her.

"What have you done to Yajuan?" When Zhao Tongxin hears that Xiao Yajuan is in Xu Yanke's hand, his self-control collapses directly, and he looks at Xu Yanke nervously.

"Unfortunately, I'm not in the mood to say that if you don't go out now, I don't guarantee that you will do anything." Xu Yanke looks at Zhao Tongxin's nervous and worried expression, and suddenly feels very happy in his heart.

"If you dare to move Yajuan, I will definitely pay all the price to make your life worse than death." In the past, Zhao Tongxin could not say such heavy words at all, but now she is really afraid of the feeling that her relatives leave one by one.

She can't, can't let Yajuan have an accident.

"Now go out and be honest. I promise she will be OK for the time being." Xu Yan can look at the time, know can't stay, otherwise upstairs that man's agile character will soon be aware.

"Good." After forcing herself to take a few breaths, Zhao Tongxin pushes the door open and goes out. Now she only has Xiao Yajuan's safety in her heart, regardless of what Jin Zhengting says to her.

Xu Yanke looks at Zhao Tongxin's back and turns blue. He puts the cup heavily on the table and says: "Zhao Tongxin, you wait for me. This time I've got all the blood. You must be disgraced and die without a burial place."

Xu Yan can't hold down the tone in her heart. Unexpectedly, Zhao Tong will give her a bow instead. This shame makes her anger burn more and more exuberant.

Spoon garden to see Zhao Tong heart with nothing is also at ease, she is strange is Ye Rui really is pure reminiscence, but this time is not some too long.

And she always had the illusion of uneasiness.

"Tong Xin, that woman really has no other problems."

"Spoon garden, don't think about it. There's no problem." Zhao Tong calmly answers, but he has thought about it all over again. He suddenly understands Jin Zhengting's intention, why he wants to take her with him and why he doesn't let her go to see his aunt. It turned out that Xiao Yajuan had an accident.

She doesn't blame Jin Zhengting for not saying anything, but she blames herself for being too useless. She clearly says that she wants to change and protect the people around her, but every time they are implicated by her.

Heart is like blocking a boulder in general, pressure of her about to suffocate, but did not dare to show a trace of half a Millicent.

"Tong Xin, why is your face so ugly? Is there something wrong Shaoyuan knows that something must have happened, but it's really inconvenient to ask questions in the crowded office.

Zhao Tong's heart sank into meditation and let himself look calm. "Spoon, I'm ok. Thank you for your concern. I've been down for so long. I want to go up first."

"All right." Shaoyuan's eyes are slightly fixed. Looking at Zhao Tongxin's expression that he obviously doesn't want to talk more, she knows that it's meaningless to ask again. The most important thing is that Tong Xin doesn't have any privacy, and she's not curious to dig other people's privacy.

"I'm going." After Zhao Tongxin explained, he waved to her.

"Yes." Shaoyuan nodded and laughed. I know.

Zhao Tongxin's mind is a little lax. She doesn't really want to go back to Jin Zhengting. She just doesn't want Shaoyuan to see her mood. She can't show tension in front of Shaoyuan, which will only make them worry.

She is not ready to tell Jin Zhengting that Xu Yanke has come to him. Maybe he is so busy because of Xu Yanke's flight. While he is busy, he has to consider his safety.

Even in the Xu family, he was not sure that she was alone. How could she not understand.

Zhao Tong Xin doesn't know where he has gone. As soon as he raises his eyes, he sees a familiar man, but also a man he hasn't seen for a long time -- Gu Chen.

How could he be here

Zhao Tong Xin was absent-minded for a moment, but he felt that his idea was ridiculous. Gu Chen was a hot star in Jiangbin City, and he didn't cooperate with Dingsheng once or twice. But looking at Gu Chen's indifferent eyes, which were different from Jin Zhengting's, he looked attentive and serious.

It's like watching a lover, which makes her feel embarrassed.

Did not wait for her to open mouth, Gu Chen opens mouth to say first: "pupil heart, long time no see, recently how."

Gu Chen said these words, with a bitter smile in his heart. All the headlines in Jiangbin City reported what Jin Zhengting had done for her. What's wrong with her now? Just see her happy.

"Well, Gu Chen, long time no see." Zhao Tong Xin in order to cover up which is not natural, dry dry said: "I think you must be busy now, then I will not disturb you."

"Tong Xin." Gu Chen still can't help but call her to say: "so long didn't see, won't even a cup of coffee don't want to invite me to drink."

An LAN, the agent standing behind Gu Chen, almost looks up to the sky and roars. He wants to take Gu Chen away immediately. If he used to be stupid and didn't see the origin of Zhao Tongxin, now he casually pulls someone from the street. Who doesn't know that Zhao Tongxin is Jin Zhengting's heart.

If it's related, it's going to ruin your career.

"Gu Chen, the terrace show over there is about to start. Let's get ready first"

an LAN said and said with a smile to Zhao Tongxin, "Miss Zhao, I'm really sorry. I'll make amends for you alone next time." The premise is that he and Gu Chen live well

"Well, you can do it." Zhao Tongxin is worried that there is no excuse to postpone, just Anlan put forward, do the agent is really smooth, do things speak without leakage.

"Then put it off." Gu Chen knows Zhao Tong Xin's consideration, and ignores an LAN's expression that is about to explode. He looks at Zhao Tong Xin with deep and melancholy eyes and says, "just go to the rest room and have a cup of coffee."

"Well, well, as long as I don't disturb your work." Gu Chen all so open mouth, if she is rejecting some affectation.

Anlan looks at Gu Chen's stubborn expression, and feels that he is about to have a congested brain. He doubts whether Gu Chen really understands it or not. Although Gu Chen's fame and contacts have exploded in other people's territory, he doesn't have to be afraid of anyone.

But the opponent is Jin Zhengting, who dares to touch his things, let alone the people he cares about

A passer-by, pretending to be nothing, couldn't help looking at Zhao Tong.

This woman should not be their idol's favorite type. The president's wife looks very beautiful. Men are really visual animals. I don't know what means to hook up with two men. It's greedy.

"Yes." Zhao Tong Xin inexplicably looked at the woman next to him. A few seconds ago, he was normal. His eyes seemed to have changed, with a trace of disdain.

It can't be her illusion. She doesn't seem to have offended this woman.

Zhao Tongxin follows Gu Chen and comes to a meeting room. It's not very big. It's clean and bright. He also knows that Gu Chen chose this place to make her less formal.

Chapter 248

Gu Chen tall figure quietly sitting on the sofa chair, deep facial features sprinkle light sunshine, let a person see such as Mu spring breeze.

Casually told him after the Anlan said, "to carry two cups of coffee in."

After thinking about it, he said, "a cup of coffee, a hot drink."

"Well, I see." Is it really good to care so much? If you are in love with coffee, you have to change it to hot drink. Anlan has a feeling of powerlessness. How long has it been since you lived a comfortable life? Do you have to start worrying again?

He felt that he had to suffer from neurasthenia, heart disease and high blood pressure after working for several years

Two people sat for a while, Gu Chen in order to break this quiet, said with a smile: "Tong Xin, you are still such a character, as long as it is nervous will unconsciously touch the ear."

"Yes, I'm just a habitual movement." Zhao Tong Xin also found that he has this small habit, looking at Gu Chen's smiling expression, looking at each other for a few seconds, two people are smiling at each other.

"Don't be so restrained, OK? At least we have been college classmates for several years." Gu Chen looks at Zhao Tong Xin some relaxed appearance, the smile on the face is deeper.

She's still the same as before, and he can't let it go.

"No, I haven't seen you for a long time. I don't know what to say." Zhao Tong Xin looks at Gu Chen's facial expression not just so strange, in the heart also relaxed to come down.

"That's right." Gu Chen at that time forced himself not to pay attention to Zhao Tongxin's things, efforts to develop their own career, also try to accept other people, but only he knew in his heart, in the end has not forgotten her.

"Ha ha, well, Gu Chen, you are still the same. I don't know if your fans will be surprised to see you like this." Zhao Tongxin covered his mouth and laughed.

"Mr. Gu, here comes the coffee." This time a woman came in with two cups in her hand.

"Well, put it there."

"Good." The woman will coffee in front of Gu Chen, in front of a hot drink toward Zhao Tong heart.

How does Zhao Tongxin feel that the woman's expression in front of him is very strange, and the smile at the corner of his mouth is as unnatural as wearing a mask.

"Miss Zhao, please drink..." the woman hasn't been close to Zhao Tongxin, and is drunk by the sharp Gu Chen.

"Stop, don't pass. It seems that I haven't seen you in your department." Gu Chen didn't care at first. Seeing that women walk straightly and skillfully, they don't feel like ordinary women are weak, so they don't feel right.

And this kind of small matter Anlan generally does not add other people's hand, is to prevent some inexplicable women from approaching him.

After he spoke, the woman didn't stop, but quickened her pace.

Gu Chen's secret way is not good, the big hand is in the table one prop up, directly lightly over the table, at the critical moment push away that woman.

But he did not have time to dodge, hot drink directly splashed on his chest, pain of his frown.

The woman holding the hot drink was not spared. She covered her face and rolled on the ground with pain. "Ah, it's killing me, it's killing me."

"My face, my hand, ah, it hurts. I'm going to kill you."

Zhao Tong Xin didn't expect that this kind of thing happened in a moment. He didn't care to think of Gu Chen's skill of turning over the table. He was so neat, like a person who had practiced.

She quickly picked up Gu Chen and asked, "Gu Chen, how are you doing? It's OK. Is it very painful?"

"Where hurt, Gu Chen, you say quickly, how."

Zhao Tong heart asked all feel silly, so hot drink splashed on the body must hurt, "let me see if it is scalded."

Gu Chen bear pain tone pretends to be insipid said: "I'm ok." Fortunately, that cup of hot drink was not poured on Zhao Tongxin, otherwise with which woman's technique and action, she would inevitably be scalded and disfigured.

"How can it be all right? It must be." Zhao Tong doesn't believe it.

"Really, I didn't lie to you." Gu Chen said with a smile, "do you think I have something to do?"

"Hiss, it's killing me. You are really a couple of dogs. I must kill Zhao Tongxin." The woman who fell on the ground covered her red face and stood up trembling with her chair.

Pull out a fruit knife from the back of the waist, toward Zhao Tong heart cut in the past.

For the sake of this, the woman could not care about the blisters on her face.

"Tong Xin, be careful." Gu Chen could have easily kicked away the knife, but he didn't put his arm out to block it.

In an instant, the blood dyed his arm red and dropped to the ground along with his clothes. With a groan of pain, he kicked away the knife on the woman's body, holding the stunned Zhao Tong's heart and hiding to one side.

Crazy woman also want to pick up the knife to chop, Gu Chen secretly hard, a foot will kick the woman back a few steps, cover the stomach pain of which woman can't speak, can only kneel on the ground, face pale terrible, the whole orbit as if to take off the orbit, seems to have suffered great pain.

Zhao Tong Xin sees that Gu Chen's whole body is full of blood, and looks scarred. He presses his arm for him in a hurry. Hearing Gu Chen's breath, he finds that more blood flows down his arm. She took the voice of cry cavity to say: "Gu Chen, you how so silly, I use hand to block, I can dodge."

Zhao Tongxin and Jin Zhengting have been together for a long time, and they have also learned some self-defense moves. Just now, the woman's speed is not fast, so she can escape safely. She doesn't need Gu Chen to protect her.

Gu Chen's eyes looked at her gently and said softly, "I didn't think so much. I just want you not to get hurt." Of course he knows which woman is slow.

But at that moment, he couldn't help but use his arm to block the knife. Looking at the worried expression of his beloved woman, he suddenly understood what he thought.

He really can't let go and cheat himself. Even if he can't be with her, he is willing to accompany her.

"Stop talking. I'll take you to the hospital." Zhao Tong heart frame Gu Chen wants to get up.

With a loud bang, the door of the office was kicked open and Jin Zhengting came in.

Indifferent eyes see Zhao Tong heart carefully holding Gu Chen, and Gu Chen is also a face of tenderness in her body, two people like intimate lovers.

He stretched his face to walk past, a pull Zhao Tong Xin, will she circle in the arms, indifferent eyes looking at the unremitting Gu Chen, thin lips Qinqi Sen cold to the bone, "don't let me see you touch her again."

"Jin Zhengting, what are you doing? Gu Chen is injured. Don't you see that? I just want to send him to the hospital. Why do you want to do this?" Zhao Tongxin did not expect that Jin Zhengting was still in the mood to take care of such trifles at this time.

"He should be glad to let go, or he will lie in the hospital for the rest of his life." Jin Zhengting looks at Xiao Yi sarcastically, with a strong warning in his cold voice.

This small injury is nothing to a man. Fortunately, it means to win his little woman's sympathy with bitter meat. I don't know what it means.

"Jin Zhengting, what are you talking about? If Gu Chen hadn't saved me, I would be the one injured now. Do you understand?"

Zhao Tong Xin didn't say what she could avoid. Now she only thinks about Gu Chen's injury for her, as well as his threat and ridicule. She is even more guilty.

If not just meet her, how can Gu Chen meet this kind of thing, can see clearly that the purpose of that woman at the beginning only has him.

But Gu Chen just suffered the disaster of no rash.

Gu Chen finally still doesn't want to see Zhao Tong heart embarrassed, slowly open hand to say: "Tong heart, I'm ok, just small injury."

Palm temperature is like his illusion, short and warm.

"Jin Zhengting, if you don't send him, I will." Zhao Tong heart see Gu Chen for her compromise, plus her heart had installed things, stubborn temper also came up, want to get rid of Jin Zhengting.

However, there was such a big difference between them that she could not shake Jin Zhengting's body.

"If you've had enough of the excitement, send me to the hospital." Jin Zhengting held Zhao Tongxin, and first checked whether she was hurt. Knowing that she was ok, he slowly unfolded his frown.

But his face is still not good.

"I know, I know." When Yang ziye sees that Zhao Tongxin is all right, he stands at the door to watch. When he hears Jin Zhengting's words, he makes a gesture to help Gu Chen.

Gu Chen body side avoids his hand to say flatly: "don't need, I can go by myself."

Yang ziye grew up in the army compound. He was proficient in catching and fighting. He easily strangled Gu Chen's shoulder and said, "isn't he seriously injured and dying soon? How can you show that you are seriously injured without my support?"

For a moment, Yang ziye has the illusion that Gu Chen is actually a trained man. Otherwise, he didn't catch Gu Chen just now. Fortunately, he caught Gu Chen after trying again. Maybe he didn't catch Gu Chen himself.

Gu Chen instinctive want to avoid, and think of his current identity, had to be him.

"Yang ziye, he still hurt you. Don't try so hard." Zhao Tong sees that Yang ziye goes to help Gu Chen, so he doesn't ask himself to go any more.

She knew that Jin Zhengting had already given in. If she was dissatisfied, he would definitely make Gu Chen live in the hospital all his life, and she would never be able to afford any more.

"Tong Xin, don't worry, he can't die. He can jump alive even if he cuts a few more knives." Yang ziye pinches Gu Chen's wound in the direction that Zhao Tongxin can't see. He also kindly says, "isn't it, Gu Da Xing Xing."

"Well, Tong Xin, I'm fine." Gu Chen painful forehead gushes out thin sweat, just pretend to be all right.

"You see, he said he was OK." Yang ziye thinks Gu Chen will cry out in pain, and then he will lose face in front of Zhao Tongxin. Unexpectedly, this man is quite tolerant.

"Go and take him to the hospital." Zhao Tong Xin looks at Gu Chen's blood portrait, don't want money to flow to the ground, nervous of don't work.

"I know, I know." Yang ziye suddenly sympathizes with Jin Zhengting. His wife cares about other men in front of him. It's too hard to face him.

Although he felt very cool in his heart, he would not look ugly. He kindly asked people to drag out the woman who fainted on the ground. Therefore, women are not allowed to touch animals. It's OK to adjust their life. If they are too serious, they can't bear it.

Chapter 249

Outside the door were the chattering staff.

"Is there something wrong inside? How can I feel the sound of the broken cup?"

"Yes, the sound insulation is so good. I can't hear you clearly. Hey, don't push me."

"I just saw Zhao Tongxin go in with Gu Chen..."

"no, Gu Chen is my idol. Don't worry. Our president is so infatuated. How can she do that?"

"Hush, hush, shut up. The door is open."

Yang ziye's peach blossom face didn't get angry when he saw so many onlookers. He happily mentioned Gu Chen and said, "who wants to learn from Lei Feng to do good deeds and send your big star to the hospital? We will pay for the bus fare."

"I don't know."

"I, I send."

"I, I, don't step on my feet."

When all the female employees hear Yang ziye's words, their faces turn red with excitement. It seems that they are not sending Gu Chen to the hospital, but going on a date with him. There are no people who care about the office.

That's Gu Chen, who is red through the whole Jiangbin city. His eyes are even more charming, just like gems. Even if he doesn't have to pay for it, he would like it to fall on himself.

Although this injury Gu Chen does not care, loses blood excessively, he also begins to have some dizzy signs.

Yang ziye doesn't care about pushing Gu Chen to the people nearby, just like the tone of the emperor's reward to the minister, he said: "people send you, remember to send you to the hospital."

"Yes, yes." The body that the woman holds Gu Chen is like excited heavy lottery ticket, God, did not think she also has a chance to touch Gao Gao Gao Gao of Gu Chen, simply with dream equally unreal.

Other women can't directly touch Gu Chen, but in order to show their heart, they also go with him.

In addition to the people who left, there were many people around the door. Yang ziye said: "I'll give you a minute to leave automatically, or I'll write it down and wait for your President..."

before he finished his words, everyone spread out. It's time to do something and make a phone call.

He was very satisfied with the effect.

In the office, Jin Zhengting kept a stiff face and didn't speak.

Zhao Tongxin is also discontented, she almost hurt, Jin Zhengting also yelled at her.

The more Zhao Tong thinks about it, the more aggrieved he is. He's all asking for something. When he's scared, Xu Yanke takes a hostess's attitude to show off her power and kidnaps her family. He's already at the end of his endurance.

"You let me go."

Jin Zhengting doesn't move. He circles her even harder. As soon as Zhao Tongxin doesn't return to the office, he leaves what he's doing and walks downstairs with Yang ziye. As he walks, he hears a report from his subordinates that a suspicious woman has infiltrated into Dingsheng company.

Jin Zhengting's nervousness was self-evident because he was afraid of what he was worried about.

He ran back in a hurry and saw the two people hugging each other. He was angry and angry, but he couldn't get angry with her.

Gu Chen certainly has a plan, but it is really to protect her, no matter how uncomfortable he is in the heart, he still has some feeling of happiness.

"Let me see what's hurt."

"I don't want you to take care of me. Let me go." Zhao Tong Xin felt some wronged and uncomfortable.

"No willfulness." Jin Zhengting checked Zhao Tong up and down. Seeing that she was not hurt, she was just frightened, so she stopped.

Knowing that Jin Zhengting was concerned about her, Zhao Tongxin obediently asked him to check. After a few seconds, he still felt uneasy and asked, "Jin Zhengting, I want to go to the hospital to see him."

"I'll take you." Jin Zhengting's eyes are slightly heavy. How can he let them get along with each other alone? He thinks that Gu Chen has saved his little woman this time. This time, don't blame him for being impolite.

"I'd better go by myself," Zhao Tongxin said tactfully. If he went, Gu Chen would be unhappy. Anyone who was treated like this would feel a knot in his heart.

"Nothing." Jin Zhengting didn't directly kick him to death, even if it was to give him face.

"Just wait for me in the car. I think he'll come out when he's OK." Gu Chen is like this, Zhao Tong Xin also embarrassed to do too much.

Jin Zhengting's overbearing request "= if you don't come out in ten minutes, I'll go to you."

"Jin Zhengting, that's enough. In ten minutes, I'll get off and go upstairs and downstairs. I'll come down in half an hour." Zhao Tong heart gas of stare Jin Zheng Ting one eye, this man really enough can.

"If you don't come out in half an hour, I'll come to you." Jin Zhengting's successful eyes were deep.

"Yes." Although Zhao Tong's heart is better than others, he always feels that there is something wrong.

As soon as the door opens, Zhao Tong is surprised to find that Yang ziye is still outside the door. "Yang ziye, why are you still here?"

"I'm not here, so where should I be?" Yang ziye pretends not to know her meaning.

Zhao Tong heart anxiously asked: "you should not send Gu Chen to the hospital, others."

"He was taken to the hospital by enthusiastic fans." Yang ziye is very innocent. He has help, but he helps to give Gu Chen to others. As for whether he is dead or not, whether he is hurt or not is beyond his consideration."Do you know what kind of hospital it is?" Zhao Tong Xin is not reluctant, as long as the people sent to the hospital on the line.

"You have to ask the crazy fans." Yang ziye is not in charge of these things.

Jin Zhengting saw that Zhao Tongxin was going to be angry, and said in a voice, "Qin San, please ask someone to check. Remember to inform his assistant."

"Yes, Mr. Jin." Qin San followed Jin Zhengting for such a long time, and Jin Zhengting knew the meaning with one look.

"I'll see him later." Jin Zhengting's main task is to pacify his little woman.

"Forget it. I'll wait here. You'll do your business." Zhao Tong heart or feel not happy, in how Gu Chen is also for her just hurt.

"Don't you want to know the motive of that woman?" Jin Zhengting shifted the topic to other places.

"Is that woman awake?" Zhao Tong Xin remembers that the woman seems to have fainted when she fell on the ground, and she woke up only a few days later.

Yang ziye receives Jin Zhengting's look and says: "wake up. If you don't believe me, go and have a look."

To wake up is not simple, his fingers inadvertently hook, someone around to understand the meaning, quietly left to wake up.

"Good, then you inquire about the hospital where Gu Chen lives, remember to tell me." Zhao Tongxin wanted to ask why the woman did it.

Yang ziye closed a small conference room, and several guards stood outside.

Without opening the door, you can hear the scream and roar of the women in the conference room, "let me go, let me go, or I won't let you go."

"Open the door." Yang ziye takes out his ears impatiently. This woman's voice is not so harsh.

"It's the young master." The gatekeeper reached out and opened the door.

The woman scalded by hot drink, the wound has not been treated, many have blisters, originally not very beautiful face is more frightening.

"Ah, how could she be like this." Zhao Tong Xin saw to feel very unadaptable, unconscious frown.

"She caught it herself." Yang ziye finds a chair and leans lazily on it.

"Can you do it yourself?" Zhao Tong Xin feels incredible.

"It's lucky that Zhao Tongxin didn't disfigure you today. You are a vicious woman with a snake heart. You can die." The woman full of bubbles stares at Zhao Tongxin fiercely.

"I don't remember seeing you or having a holiday with you. Why do you want me to die?" Zhao Tong Xin turns her head and looks at her.

"Hum, of course you won't remember, because you can't understand my mood at all. I love Gu Chen so much. I don't want anything for him. Why don't you pester him shamelessly?" When the woman says Gu Chen, the facial expression shows that kind of close to infatuated expression.

"So you pour hot drinks on me?" Zhao Tong heart face cold down, because of these things, and the next poison hand?

It's incredible.

"I didn't expect that Gu Chen had such a strong taste." Yang ziye takes a look at the woman with a face full of bubbles and shakes his head.

Woman Pain said: "you know what, he is love me, love me."

"Why do you think it's me pestering Gu Chen? Who told you that?" Zhao Tong Xin thinks that the woman in front of her is almost crazy paranoid, what is she love Gu Chen, Gu Chen will love her theory.

The most important point is that the concern between her and Gu Chen is so hidden that only Jin Zhengting knows about it, but this woman knows something about it. It is absolutely revealed that "no one told me, I just know." The woman's eyes flashed.

"I think this woman is so infatuated. It's better to let Gu Chen marry her." Yang ziye talks sarcastically.

I think I will be scared to death when I wake up at night.

On Jin Zhengting's calm face, when he heard Yang ziye's proposal, he couldn't help slipping through a trace of deep meaning. He said it very well.

Zhao Tongxin didn't care about Yang ziye's teasing. He looked straight into the woman's eyes. "You're bullshit. If no one says that, how can you know to come to me and not know my name accurately?"

"There's no need to say that, everyone knows." A woman doesn't want to tell the truth, she doesn't regret it at all.

"If you like Gu Chen, how can you pour hot drinks on him? I think you have another purpose." Zhao Tong Xin thinks that this woman is not only for Gu Chen, but also for other purposes.

The woman thought of Gu Chen defending Zhao Tongxin, and cried out angrily: "that's a mistake. I don't want anyone to let him defend you. It's all his fault. That's the punishment. You're a villain. I'll kill you."

"Back up" Jin Zhengting asked Zhao Tongxin to ask questions, just to let her play. He just ordered people to investigate the matter.

"You know what she would say?" Zhao Tong Xin doesn't believe it. This woman's mouth is so hard, how can she say it.

Jin Zhengting said, coldly looking at the woman's fearless expression, coldly raised the corner of his mouth, "Wang Qi, you want to say that I say, or you say it yourself."

Wang Qi's original calm expression became frightened, "how do you know my name?" It's estimated that she hasn't been heard in more than ten years.

The dignity of the man frightened her.

Jin Zhengting calmly looked at Wang Meiqi's voice and color changing expression. "Tell me where Xu Yanke is."

"I don't know what you're talking about. I'm not Wang Qi." When Wang Qi heard the word "Xu Yanke",

she shook her body excitedly, shaking violently all the time, as if she had heard something terrible.

"No, I'm Wang Qi. Ha ha, yes, I'm Wang Qi. I'm going to kill you." Wang Qi suddenly convulsed, foaming, eyes lax no focus.

"What's the matter with her, how can it be like this?" Zhao Tong Xin is afraid of looking at Wang Qi's reaction.

"I didn't expect that man to inject her with drugs." Yang ziye has a look and knows why.

"You mean she's a drug addict?" Wang Qi's appearance makes Zhao Tong frown.

"Yes." Jin Zhengting just nodded coldly.

When Zhao Tongxin hears Xu Yanke's three words, he suddenly knows, or when Xu Yanke is leaving, he arranges Wang Qi to kill her, but he doesn't expect that Xu Yanke's means are so vicious that he uses drugs to control a person's will.

Chapter 250

The development of things is beyond Zhao Tongxin's expectation. One by one things happen around her, but she can only watch helplessly. The frustration that spreads from the bottom of her heart to the whole body makes her feel powerless.

The people in the office were all scattered. She wanted to cheer up, but she was in a low mood.

Yang ziye takes a look at Jin Zhengting, who is indifferent, and then at Zhao Tongxin, who looks lost. How can he feel that there is something wrong with their pattern?

"Zhengting, if Xu Yanke comes out, you'd better not stay in the Xu family. There are many moths in the province. There is a villa in the love sea. The environment is not very good." Mainly beauty and beach

"You want it." Jin Zhengting's indifferent eyes glanced at Yang ziye's expression that he was not drunk.

"No, I just think that some people's worries are superfluous." Of course, Yang ziye wants that house. He can't afford it, but his position as a good friend is too tricky for him to envy.

It's not that money can buy it. It's absolutely an interpretation of rights.

Zhao Tongxin's ears are shaking. She knows that Yang ziye's words are just to attract her attention, but now she is not in the mood of joking. She has been thinking about Xiao Yajuan.

Saving Xiao Yajuan is what she wants to do most and what she must do.

"I said Tong Xin, are you a little too indifferent to me?" Yang ziye obviously feels that Jin Zhengting's eyes are cold. He doesn't want to be cannon fodder.

Zhao Tong Xin knows that he can't escape. He looks at Yang ziye helplessly and says, "no, I just don't know what to say."

Only Zhao Tong knows in her heart that she chooses to respond to Yang ziye because she does not dare to look at Jin Zhengting's expression. Jin Zhengting's vision is too overbearing and powerful.

She was afraid that she would let people see through everything in a few seconds.

"I know what's on your mind." Yang ziye's peach blossom eyes picked up. He looked at Zhao Tongxin with deep meaning in his eyes and said, "and I also know that everything you think about is superfluous."

"Since you know everything, tell me what I'm thinking." Zhao Tongxin looks at Yang ziye, whose face is full of teasing. He wants to know what he can say.

Jin Zhengting looks at Zhao Tong, his heart is full of thoughts, but he disguises his emotions all the time. This kind of awareness of self-protection doesn't make him feel gratified, on the contrary, he has a breath in his chest.

There's a need for camouflage in front of him.

"I think..." Yang ziye pretended to think about it for a while, but his playful expression was inconvenient, but his tone was rare and serious. "You're thinking about Xiao Yajuan."

"What did you say?" Zhao Tongxin suddenly shrinks his pupils and stands up. He finds himself overreacting and sits down again. How can Yang ziye know this? The most important thing is to know what she is thinking.

Just as she was thinking, Yang ziye said, "how can I know what you are thinking?"

Yang ziye does not wait for Zhao Tongxin to ask, "I don't know, but someone wants me to know."

When Zhao Tongxin hears Yang ziye say "someone," he can't help looking at the man beside him. After so long, there are only her and Yang ziye's voices in the office.

Jin Zhengting didn't say a word or look at her, which made her feel a little uneasy. For example, a little of her own idea was already under his control. It was not that he didn't say it, but that he indulged her behavior.

"Your cousin has been taken away, but she has been rescued. Now she is still sleeping." Yang ziye can't stand Jin Zhengting's behavior of doing good deeds without leaving his name.

That kind of Lei Feng's deeds are not in line with his friend's painting style, OK? What's more, he can't see it like this.

The degree to which Zhengting pays for Tongxin is beyond his imagination. All people and Zhengting are just a feather, while Zhao Tongxin is like a seed growing in Zhengting's heart.

In order not to let Tong Xin's mood fluctuate, he directly used a large number of personnel to rob Xiao Yajuan. The people were rescued and sent directly to the hospital. He didn't say it, so he took it for granted.

And when Tong Xin is still struggling with the things that have ended, isn't it asking for trouble.

Yang ziye really can't understand that friends with such a high IQ will be pulled down by simple Eq.

"Zhen gting Why don't you say it? " Zhao Tong Xin suddenly felt very uncomfortable at the bottom of her heart, and the emotion gushing from her chest made her eyes sour unconsciously.

In front of the man is still so indifferent, but it looks so warm, as if in a moment, her heart can't help but want to get close to him.

"No need." Jin Zhengting looked at Zhao Tongxin's tearful expression. His eyes were deep. His big hand swept over her delicate body and was confined in his arms. The deep and mellow male voice had this unspeakable bewitching, "I only want you to believe me."

"I know, I'll never be so wayward again, I won't, I won't have my own wishful thinking." Zhao Tongxin found that he really had some preconceived ideas. He always unconsciously thought things were bad, but he was not willing to let Jin Zhengting know.Or Jin Zhengting knew it, but he didn't want to force her and chose to be silent.

And his silence made her feel that her heart was not floating.

"Go back." Jin Zhengting reached out and touched Zhao Tongxin's long hair. His eyes were light but with an imperceptible tenderness.

"Good." However, this time Zhao Tong heart see out, and very clear seal engraved in the heart, let her can't help but raise a smile.

Until Yang ziye looks at the empty office, he is still in a state of ignorance. This way, he leaves. Is there any morality and integrity?

He just really wanted to fight himself. Zhengting called it low Eq. it's absolutely crushing. Let's just take him as a gunner. He was very suspicious about how he got here.

It is estimated that no woman can resist such a skill.

Yang ziye suddenly feels so sad

Zhao Tongxin and Jin Zhengting are in a better mood. In addition, Xiao Yajuan's affairs have already been dealt with without her concern.

When I was relieved, I began to think about what I was going to do.

She rarely gets up early. She just goes downstairs to see Chen Huanhuan and Xu Ting talking and laughing like friends for many years, while Shen Zhen, who is not a stranger, is sitting beside them, shaving her nails.

The three women are all her enemies. Meeting these people in the morning really affects her mood. It's really dazzling to see that they are discussing.

When they heard the sound of going downstairs, they looked at her and saw that she was moving away as if nothing had happened. Only Chen Huanhuan passed her and looked at the position behind her. No one was disappointed and looked back.

Come early enough, Zhao Tong Xin put away the corner of his mouth, and walked past their position without expression.

"Miss, wait for me first." It's Rongqi's voice.

Jin Zhengting knew that Rong Qi was Rong Lei's younger sister. He was a little surprised. Looking at Rong Qi's innocent smile, he relaxed a lot.

Rong Qi to her side, not only care for her, driving for her, the most important is responsible for her safety.

Although she wants to refuse, but Jin Zhengting's character, certainly won't agree, she also had to reluctantly agree, fortunately, Rong Qi and she get along well.

Zhao Tong Xin stops to ask. "What happened to Rongqi."

Rongqi went to Zhao Tongxin and said, "when you leave in the morning, I'll let you have a good rest at home. When you come back in the evening, I'll take you out."

"Well, I see." Zhao Tongxin is thinking about how to set up Xu Zheng. After all, he was very close to that man at that time, or he had to mix with these women today.

Zhao Tong sat in the living room, watching them talk.

The first thing she can't stand is Xu Ting. She said: "some people just have no face and no skin. They like to eavesdrop on other people's words. It's so funny."

Chen Huanhuan covered her mouth and then chuckled, "sister Xu Ting, how can you be so direct? After all, you still have to give people a face."

It's rare for her to get up so early and come to the Xu family. She still hasn't met Jin Zhengting. She wants to leave, but she worries about Jin Zhengting's sudden return. It's better to stay and be angry with Zhao Tongxin.

Looking at Zhao Tong's face full of red light, with a lazy and moistening expression, she went mad with jealousy.

Xu Ting tone disdain of say: "she all give face don't want face, also can't use face, Huan Huan you don't need to speak for her."

Zhao Tong Xin as did not hear, and did not say she, now if she opened her mouth is not the right seat, hand drinking Rong Qi specially made tea, can not say the comfortable.

She just wanted to kill those two women.

Xu Ting is more and more unable to pretend now. She is still a little white rabbit in front of people. In front of her, she is just a clown jumping up and down.

"Hum, Zhao Tongxin, are you deaf? You can't hear me, can't you?" Jin Zhengting is not at home, and Xu Ting has more courage. Besides, it's all her people here. Zhao Tongxin is alone, and there's nothing to be afraid of.

Yesterday, she saw that the elder brother of Zhengting came back with Zhao Tongxin full of possessiveness. She had been holding her breath all night. In the morning, she just met Zhao Tongxin, and the evil fire in her heart could not be suppressed.

I wish I could tear up Zhao Tongxin, so that she could be relieved.

Zhao Tong heart eye tail a pick sarcastic say: "hear what words, hear you with mad dog same barking, still hear you full mouth spray dung?"

"Zhao Tongxin, you dare to say it again." Xu Ting didn't expect that Zhao Tong's heart became so arrogant, and the whole person stood up.

"Don't think that if you have someone to support you, you can give directions to the Xu family. You really think that you are one thing."

"Not only does your mouth spray dung, but you also have problems with your young ears." Zhao Tong

Xin didn't want to talk to Xu Ting before, but he didn't think it was necessary.

However, she found that the more she ignored Xu Ting, the more she pushed forward. If a tiger didn't get angry, she thought she was a sick cat, so she decided not to flinch in the future.
