Chapter 2410

Yiyun sitting on the hospital bed gently comforted Shu Qinggong and his wife: "Uncle, aunt, don't be too angry, It's not worth being angry for such a person. We are all well-bred families. You don't know how unscrupulous ordinary families are when they want to be in the top position. It's

also because my brother Mingzhen is too kind-hearted, so I'm more tolerant of being exploited." The

words were clearly meant to comfort Darius's parents, but in fact every word was arranging Galia and Galia's parents.

At this moment, Shu Qinggong was in a fit of anger, and when he heard Yi Yun's consolation, he became angrier and angrier: "Ming Zhen! Break up with this woman! Break up with her immediately! Our Shu family should not want such a woman

! Quality!

No quality!"

Darius's mother had a much better temperament: "I don't think Galia is such a person, she, Suzi, and Rong Rong are good friends, Suzi and Rong Rong, one is from an aunt's family. My cousin, one is my aunt's cousin. With such a relative relationship, how can I deceive Ming Zhen?

Besides, Galia has lived in our family for so long, she has always been well-behaved and sensible. It

must have happened . What's the matter?

Let's keep asking.”

These words calmed Darius's father's temper.

Father sighed: “Hey...”

At this time, Darius said coldly: “Dad, Mom, you don't think it's a coincidence that these things that happened in Galia's family are put together with our family's affairs. ?”

Coincidence.

After reminding his parents, he looked at Yi Yun and his three brothers with sharp eyes.

The boss, Shu Mingxia, looked at Darius angrily: “Don't look at me! Do you doubt me? Even if I pushed it out! But Galia's mother robbed someone else's husband, Galia's father, other women and sons, Could it be that I can fabricate it?”

This is the truth!

What is the truth? The

truth is that Galia has something to hide from you!

She wants to hide such a shameful thing from you, what does she feel at ease!

Also!

We are not so big Thirty years ago, Galia's father had a son!

You can't doubt me, Mingzhen!”

Darius was stunned.

Brother is right.

This is 30 years old, how did Big Brother know?

But Darius was too mellow, he didn't even know that there was a profession in this world called private detective.

As long as you are willing to pay, any kind of dark history can be uncovered for you.

He only said coldly: "I see!" He

must have said that, and then he grabbed the door and went out.

He didn't want to be in this ward anymore, it was too smoky.

"Ming Zhen, Ming Zhen..." his father called him from behind.

Shu Ming shook his head without turning back.

After walking out of the hospital and driving out for a while, he took out his mobile phone and called Galia.

On the other end, Galia was connected very quickly, with a hint of annoyance in her tone of obvious frustration: "Hello!"

"Galia, what's the situation?" Darius also asked with a burst of anger.

"Darius! If you were my man, don't make trouble for me at this time! I've known you for so many years, when have I lied to you, when have I done something wrong to you, I want to tell you that I don't know , I don't know anything!

You trust me!"

Darius: "I trust you!"

"Then hang up the phone for me! I'm very busy right now!" Galia hung up the phone in a fit of rage. .

After closing the line, she coaxed her eyes to look at the reporters who were still surrounded by them, as well as the Internet celebrities who came running from nowhere, one after another.

Chapter 2411

Mother has become the object of everyone's shouting.

Some even started spitting at their mothers.

In this era, it is not only an era of rampant mistresses, but also an era when everyone shouts and beats mistresses.

With tears in her eyes, her mother kept saying, "I'm not wrong, I'm not wrong, I've done nothing wrong, why are you doing this to me, I'm not doing anything wrong, I'm not doing anything wrong..." "

The mother, who has always been strong and gentle, is extremely weak at this moment.

For a moment, Galia saw a look of disgust with life on her mother's face.

Galia's heart suddenly panicked.

What a strong woman my mother used to be. She was gentle and strong. Whenever there was a big matter in the family, I would discuss it with my father. Sometimes my mother would give correct advice when my father was undecided.

Just like when Rayna didn't have a place to live, even his father felt that Rayna didn't do anything, didn't learn well, did bad things, and was reluctant to let Rayna stay in their house temporarily.

But my mother said: "It's great that people can improve. Rayna is still a child in her twenties. She changed a child so sincerely. If we don't give her a hand and give her warmth at this time, she may die. It has become depraved, and then there is really no cure."

It was her mother who gave Rayna warmth and made Rayna a good and honest girl from now on.

Mom has always been powerful.

All are soft and firm.

But at this moment, Galia clearly saw her mother's cover and weakness.

Weak to the point of collapse.

She hugged her mother tightly and put her head on her chest: "Mom, I'm your daughter, you tell me, you never do anything wrong, right? I'm your daughter, you tell me? The

mother was in tears and asked her weakly: "Do you believe in mother?"

"Of course!" She chose to believe in her mother.

She thought about it, even if her mother was really a junior, so what.

The mother's fault, the daughter repays!

It's a big deal, she'll pay for all the infamy!

"Mom, I believe in you! So mom, don't be sad. With me here, I'll fight side by side with you!"

Yu Bi, Galia suddenly let go of her mother, took out her phone from her bag, and photographed them. The reporters, Internet celebrities, pressed the shutter one by one, and kept shooting.

This move shocked the reporters and internet celebrities present.

They didn't understand what Galia was doing.

They were collectively stunned.

After Galia shot the shutter more than ten times in a row, she said fiercely: "Most of you present, I took it on my mobile phone and sent it to my friends, most of you I have already I remember the face! If one day my mother has three long and two shorts because of your online violence, I will definitely sue you to death!

Even if I can't win you!

I will become a lifelong nightmare for you people!

You may be They will say that if I can't take pictures of you, you can send them out unscrupulously, but I tell you, as long as you dare to send them out, I can find you!

One by one, unless I die!

Otherwise, in this life, I will be with you. You are not finished! You are not

finished!”

After all, those reporters and Internet celebrities were all shocked.

In this world, most people don't dare to provoke them.

They left gloomily.

It didn't take long for Galia and her parents, as well as her uncle, aunt and Christopher, to finally escape.

Galia then supported her extremely tired mother and returned home.

The two families, sitting in the living room, sighed to each other.

Knowing this time, Galiacai asked solemnly: “Mom and dad, what happened 30 years ago, you should let me know?” The

father sighed and said, “Galia, let's talk about it. Long talk.”

Chapter 2412

Yan Weimin and Luo Jin are not actually natives of Nancheng.

They settled in Nancheng only after they were admitted to the university.

Yan Weimin and Luo Jin are two little childhood sweethearts.

Until now, most of his life has passed. When Yan Weimin recalled this past event, he still had a dotting smile on his face when he recalled the first time he saw Luo Jin.

“You know Galia, the first time I saw your mother, your mother is five years old, and I am not too old, so the child is only one year older than your mother, but I look like a big brother, and your mother, at that time a small face was dirty, and only two eyes were exposed, but when I looked at those eyes, I felt that she was a peerless beauty, and she will definitely be my daughter-in-law in the future.” Yan Weimin smiled, muddy There were tears in his eyes.

When Yan Weimin was born, his mother died.

It is the father who is both a father and a mother who keeps Yan Weimin and his elder brother Yan Chongwu alive.

In order for the three of them to eat hot meals, and to support their two children to study and go to school in the future, when Yan Weimin was two years old, his father cruelly handed Yan Weimin over to his seven-year-old brother to watch, and he went out early and late at night. Go out and do odd jobs to make money.

Seven-year-old elder brother Yan Chongwu attends school while taking care of his younger brother.

This kind of growth environment is very discriminated against by primary school students and some parents in the school. Remember the website

. Of course, most people still sympathize with the Yan Chongwu brothers. Many parents want to help Yan Chongwu bring his younger brother. Yan Chongwu is very strong and has always disagreed with his teeth.

Sometimes there will be naughty boys who bully him for being a nurse and beat him.

Yan Chongwu fought with people while carrying his younger brother on his back.

The academic performance is naturally never out of the bottom tens of the class.

However, his younger brother Yan Weimin was taken very well by him.

The younger brother is also the older brother.

Occasionally, when my father comes home, my younger brother doesn't even know my father, only my elder brother.

However, even if the father stayed at home for a long time, the two brothers became acquainted with the father who loved them again. The father and son were playing around, and the father made them

delicious food, let them sit on the small bench, and made them serious craftsmanship. Toy.

Those days were very poor.

But very happy.

However, God is extremely cruel to their broken family.

On a rainy day, my father came back from work late. He encountered a mudslide on the road and was swept away by the mudslide without seeing any bones.

Since then, the Yan family has only two brothers left.

At that time, Yan Weimin was four years old.

My brother is nine years old.

The nine-year-old brother's academic performance had improved a little, but because of the death of his father, he had to bear the burden of the family.

Academic performance has been declining again.

In the end, my brother simply became a learner.

Every three days, I miss classes twice, and sometimes I fight with people.

The main purpose of the fight is to fight for a meal for the younger brother.

When he wasn't fighting, Yan Chongwu took his younger brother at night, picking up junk everywhere, so he saved money bit by bit, and really saved enough for his brother's tuition.

During the time when their brothers were picking up junk holding hands, Yan Weimin picked up a little girl.

They don't know where the little girl came from?

I don't know who her parents are.

All I know is that the little girl was dirty and covered with flies, and her hair was knotted in pieces. A small face is dirty, only two eyes remain.

Those eyes were black, big and round.

The elder brother Yan Chongwu gave the little girl some food, and then said hard-heartedly: "You go, we are very rare, we can't support you, you go back." The

the little girl did not speak, just looked at Yan Chongwu.

Yan Chongwu was upset: "Let's go!" The

the little girl still didn't leave.

Yan Weimin saw that the little girl was about the same age as him, so pitiful, so he raised his head and begged his brother: "Brother, she has hands and feet, maybe she will pick up the garbage with us in the future, and can support herself, the three of us should be companions, or else What if she is pulled away by the wild lynx?"

Yan Chongwu glared at his brother: "We are also very pitiful!"

Chapter 2413

"Brother, I want a sister... I will only eat half of my meal in the future, okay brother?" Yan Weimin tugged at the corner of his brother's clothes.

"I'm so pissed off!" Yan Chongwu sighed.

Then he looked at the little girl again: "You have to pick up garbage and waste in the future, you know! Otherwise, there will be no food to eat!" The

little girl cried and nodded: "Thank you brother, thank you, thank you."

"You can speak. Ah!" The

little girl smiled, her eyes turned into crescent moons and then a slit, and her whole face became dirty and black.

Yan Chongwu said angrily: "Let's go, go home and wash your face!"

Although the home was dilapidated, it was quite warm.

Yan Chongwu boils water and cooks.

Yan Weimin washed the little girl's face in person.

A six-year-old child washes the face of a five-year-old child, but he looks like a big brother.

After washing the child's face, the brothers saw that she was quite a beautiful little sister.

The elder brother brought in Yan Weimin's boy's clothes to put on his younger sister.

Then I ordered green vegetables noodles for three people.

After she was full, the little girl said, "I have a name, my name is Luo Jin."

"Luo Jin, are you separated from your parents?" Yan Chongwu asked.

Luo Jin shook his head: "My parents are divorced, my father doesn't want me, and my mother doesn't want me either. Let me follow my grandparents, my grandfather is sick, my grandma asked the second and third aunts for money, and they called me a dragger. My grandma let me go. Dad's new home is looking for Dad.

I couldn't find it."

"Damn it!" Yan Chongwu raised his hand and hit the table, the back of his hand was knocked off.

The frightened Luo Jin shrank his head.

"I'm not going back! I'll just follow our two brothers, and my brother will support you in the future! Damn it!" Yan Chongwu's temper was very ironic.

Since then, there have been more mouths in the family.

There is one more person Yan Chongwu wants to protect.

His grades got worse.

But also more heroic and good at fighting.

Yan Chongwu's fighting ability became known far and near.

Therefore, no one dared to bully Yan Weimin and Luo Jin later.

Fifty or sixty years ago, schooling was still very loose, Yan Weimin and Luo Jin both went to school smoothly, and no one in the school dared to bully them.

Later, Yan Chongwu also discovered that although there were more people in the family, the five- or six-year-old girl was very diligent. At a young age, she could wash clothes and boil water.

She can do many small jobs.

Sometimes Luo Jin and Yan Weimin go out together to pick up some scraps or something. The two of them have a company and can still do the same to each other.

In the end, it is the children of the poor who are in charge of the house early.

Yan Weimin and Luo Jin know the difficulties of the elder brother, and they have done a good job in both study and housework.

Since then, it has freed up Yan Chongwu to be able to work part-time.

He attended classes during the day, and after class, he went to the restaurant in the town to do night work for people, and he didn't come back until midnight.

Since then, Yan Chongwu's academic performance has basically become the bottom of the class.

He barely survived until he graduated from junior high school, and then officially dropped out.

At this time, the younger brother and sister have already entered the third grade of primary school. It is gratifying that the academic

performance of the two brothers and sisters is basically tied for the first place in the class.

This ranking has never been broken through until they graduated from junior high school.

When the siblings graduated from junior high school, Yan Chongwu had been working on the construction site for several years, and he had even grown into a full-fledged adult.

He had no other ideas in his life, he just wanted to help his younger brothers and sisters go to high school and then go to college!

“Brother, brother, Jin Jin and I were both admitted to our county’s No. 1 Middle School with the first place in the county.” On the day the transcripts were issued, Yan Weimin and Luo Jin flew home almost the same.
