

# Punished by His Love

I' m Sorry My Love Novel alternative...

## Chapter 2438

The five- or six-year-old boy did not look at Yan Weimin, he just looked at the police with extremely vicious eyes and said:

“This It’s my dad! He doesn’t care about me, nor has he seen me, but I have seen my dad, he and my mother divorced, so he doesn’t want me anymore, he married the mistress.”

Yan Weimin: “...”

Until At this moment, he saw clearly that the child in front of him was indeed very similar to his mother.

He hadn’t seen this child for two or three years. The child grew up and changed quickly, and he didn’t recognize him at all.

“Your mother is Jiang Meiruo?” Yan Weimin asked.

“You cruel father, I will always remember you, I hate you, I will take revenge on you!” The boy gritted his teeth and looked at Yan Weimin.

Yan Weimin ignored the boy’s scolding at him, he just asked him sternly:

“What about your mother, why doesn’t she care about you!” As

soon as his voice fell, the police scolded him: “You are really interesting, yourself I don’t even know my son, and I sent my son to the police station.

There is still a father like you who is partly responsible, and he pretends to be a good person!

I tell you, it is a crime for you to abandon your son and not raise it. !”

Yan Weimin: “I’m not...”

“What’s not, what’s not, you say! If you can’t tell, don’t even think about leaving the police station today!”

Yan Weimin didn’t want to say.

You Qi didn’t want to say in front of the child that, in his opinion, the child was always innocent, even if the child became so unreasonable now, it was because of his mother’s instigation.

It is also a poison for the child itself.

But at that moment, if Yan Weimin didn’t say anything, he wouldn’t be able to get out of the police station.

He had to tell the truth about him and Luo Jin and Jiang Meiruo one by one.

In the end, he emphasized: “When the court decided to leave, I did a paternity test. And when his mother cheated in marriage, I also had evidence in hand. Divorced.”

The people at the police station were stunned.

At the end, the old policeman said: “Hey, their Jiang family has always paid no attention to the education of their children. The father of the Jiang family was originally from Laobian, and none of the children under his belt have become popular. On the

contrary, all of them are It’s the scourge of neighbors. It’s

hard for you, young man.”

Yan Weimin shook his head bitterly: “Can I... leave?” The

policeman had a ruthless request: “Mr. Yan, this... ....We want to send the child home, but we don’t know where the child is at home. If you take us there, we will send the child to her. By the way, we can also teach the child’s mother, you see Is this okay ?

We also know that it will be very embarrassing for you.”

“Yes.” Yan Weimin agreed without hesitation.

He has never been stingy.

After the agreement, Yan Weimin and the police sent the child home together.

Along the way, the child did not speak, but looked at Yan Weimin with bad eyes. At first, Yan Weimin didn’t know why, but only when he arrived at the place did he know that Jiang Meiruo had moved house long ago.

Where have you moved to ?

no one knows.

Ask the child, the child does not say.

Asking him again, he actually stretched out his hand and asked Yan Weimin for money, and the amount was not small: “I want ten thousand yuan!”

Ten thousand yuan!

At that time, 10,000 yuan was almost a year’s salary for Yan Weimin’s university.

His eyes were rounded.

“If you don’t give it to me, I won’t tell you!” The little boy is very playful.

The angry policeman wanted to beat up this little boy, but in the end, Yan Weimin moved his sympathy. After all, he also raised the child for two years. .

After calling Luo Jin and his brother and sister-in-law and asking them to send 10,000 yuan urgently, the little boy took the police and Yan Weimin back to his home.

They are on a roll, this little boy is also a genius, and his memory is so good.

When they got to the door, the police and Yan Weimin were stunned.

## **Chapter 2439**

Is this home ?

Where is home here ?

This is clearly a dilapidated ruin like a dog kennel, isn't it ?

There are no doors, no beds in the ruins, just haystacks and some simple cooking tools.

At this time, Jiang Meiruo was half lying in the haystack, smoking something in her mouth.

Hearing the news coming back, Jiang Meiruo said weakly: "Little bunny, you are back, let me ask you, have you gained anything today ? If not, I will not give you my precious cigarettes. Yes."

Hearing these words, Yan and Yan Weimin were stunned.

The little boy looked at Yan Weimin with great resentment: "It's all up to you ! You bastard ! I will get revenge on you sooner or later !"

At this time, the police still took care of a child's harsh words, and they took Jiang Meiruo and the child away directly .

After interrogation, Yan Weimin also got some treatment from the police.

Since Yan Weimin and Jiang Meiruo divorced, Jiang Meiruo's life has been more rosy. She often changes boyfriends and often fools around, but it didn't take long for her beautiful life to be deceived by a man.

Not only did she defraud her of money, but she also became addicted to drugs.

Fortunately, this was only three months ago, and her addiction was not that big.

It's just that, in order to collect money for herself, she did not hesitate to let her own children get infected, and from then on, she controlled her children to steal and rob.

Such a woman is simply a death sentence!

Yan Weimin was stunned when he heard such news.

He didn't expect that Jiang Meiruo would fall so fast.

When he got home and told Luo Jin, Luo Jin was also shocked, and then said very sadly: "A child will be destroyed by her?"

Yan Weimin nodded: "No."

Then, he again He hugged his wife: "Forget it, we can't control them, let's live our own lives in the future."

Originally, I wanted to live my own life well.

As a result, Jiang Meiruo, who was transformed inside, asked Yan Weimin to see Yan Weimin every so often.

In desperation, Yan Weimin discussed with Luo Jin and his eldest brother and sister-in-law, and simply moved away from that city and never came back.

Before leaving, Yan Weimin put all the 20,000 yuan saved at home for Jiang Meiruo's children. He told the local juvenile detention center: "Give the child

a chance to go to school, at least let him go to the ninth grade." The child is not his. Leaving the money for the child was the only help he could do for that child.

When Yan Weimin, his wife, brother and sister-in-law, and Christopher's family of five moved from that city to Nancheng, the largest city in China, Yan Weimin still remembered that child.

It was not until after Galia was born that Yan Weimin finally sealed everything. He didn't owe Jiang Meiruo anything. As for the quality of their lives, what does it have to do with him? Later,

when Galia was in elementary school, Yan Weimin went to that city on a business trip, and by coincidence, he met Jiang Meiruo and the boy again. The boy at that time had grown into a teenage boy.

What makes Yan Weimin extremely sad is that Jiang Meiruo did not let his children go to junior high school. He just graduated from elementary school, and then he is more foolish than before. He has become the little bully in that area.

It's just that the child is surprisingly thin.

Yan Weimin even knew why the child was thin.

And Jiang Meiruo is even more degenerate, she has become a woman standing on the street.

Since that business trip, Yan Weimin has never seen Jiang Meiruo's mother and son, until now more than 20 years have passed.

## Chapter 2440

“Child, your mother is not a junior, your mother is the victim, the school, classmates, and us The surrounding neighbors, the police station, and the hospital of the past all testified for us. My father and mother were both victims. In order to live a clean life, we have since moved to a metropolis like Nancheng.” Yan Weimin Looking at his daughter Galia.

Galia's tears streamed down.

She has been a sweetie since she was a child.

Papa hurts, mama loves.

Even the uncle and aunt love her like her own daughter.

Although Christopher is a cousin, he is better than a real brother.

The relationship between her family and her uncle's family is so good, which is what Galia has always been proud of.

Her parents, uncle, aunt, and brother protected her very well and never made her feel wronged.

So much so that Galia never knew that her parents also had such a bitter past.

She didn't even know that her parents were once so poor.

“Mom and Dad, I'm sorry, I wrongly blamed you.” After apologizing, Galia immediately burst into laughter: “Mom and Dad, I didn't even know that you were still childhood sweethearts, since childhood.”

Mom Luo Jin also showed Yan smiled: “You little thing, what do you know, you only know how to eat and drink, and you never know the feeling of sadness, you don’t even know that when you and Darius were in love, my father and I suffered a lot. We didn’t tell you about such torturous things, how could we tell you about the pickled things we had in the past.”

“I’m in love with Ming Zhen, have you suffered?” Galia looked at her parents in surprise.

She didn’t even know.

Her relationship with Ming Zhen has always been smooth.

He was neither a little humble like Qingrong, nor driven and calculated like Dalia, nor did he go through all kinds of hardships like Suziyang.

Her love is very smooth.

But she never thought that her love would make her parents suffer.

“Dad, Mom, isn’t it true that Darius’s people in their family once made trouble for you, thinking that we were not in the right household, and tried to break us up?” If this is the case, Galia will definitely not spare Darius.

She came from a commoner family, and her family’s conditions were at best a well-off.

But she would never do such a humble thing.

Absolutely not!

But I never thought about it, my mother shook her head helplessly: “None of them, their Shu family didn’t embarrass us at all, it was me and your father, and I was worried.”

Galia: “You...worried?”

Yan Weimin nodded: “Yes, child. We are your parents and we have experienced a lot more than you. When my parents were young, they encountered the schemes of a woman like Jiang Meiruo. She was born in a rich and powerful family. The woman.

Although your mother and I have not seen those dirty things in the rich and powerful family, we can deeply understand from Jiang Meiruo’s body.

After we got to know about Jiang Meiruo’s affairs, my mother and your uncle  
The reason why the aunt moved to Nancheng is to hide in the city.

For this reason, your mother and I both gave up our public jobs.

Otherwise, both my father and mother would be university professors now.  
Instead of

being in primary and secondary schools like this now Be a private teacher.

However, we never thought about the prosperity, we only thought that our daughter can grow up safely and be happy all her life, which is the best thing.

In this world, there are as many wealthy families as there are sad things in the wealthy families.

Your mother and I have seen this through long ago.

Our greatest wish in this life is that you can be a cheerful, lively, kind-hearted child.

You didn’t disappoint us at all.

However, when you told your parents that you and Ming Zhen were in love, in those days, your mother cried all day long. “

“Huh ?” Galia looked at her mother apologetically.

She didn’t even notice these things.

She always thought that her parents supported her in falling in love with Darius

## Chapter 2441

Never knew, my parents opposed her like this.

“Yes.” Dad sighed: “We have experienced it ourselves. Later, you and Suzi got to know each other and often come back to tell us about Suzi. You know why Mom and Dad love Suzi so much and are so kind to Suzi. Is it ?

It’s because we understand Suzi’s situation too well.

He is a very strong child, a child who can’t be beaten no matter how hard you beat her.

But, that suffering.

Those years of torment, life in hiding in Tibet , Just let us think about it, it is very painful.

What’s more, after Suzi was retrieved by Arron, people were subjected to Walton’s calculations, which made us deeply appreciate the calculations in the depths of the giants. It’s never stopped.

It’s not your family, it’s her family.

It’s not the Zhang family, it’s the Li family. Mom and

Dad don’t want you to fall into such a wealthy family, they are afraid that you will be calculated, Galia, you are too simple, you have never been there since childhood. You have suffered, but you don’t have the ability of Suzi to be able to save yourself when you are deep in the mud. Remember that

you don’t have that ability, even if you do, parents shudder when they think of the hardships Suzi has endured

. I would rather you live a normal life, don't want that kind of rich and noble life, and don't want you to suffer a little bit of suffering.

So, when Mom and Dad found out that you were in love with Darius, we...hey... “

Galia was stunned when he heard it.

She looked at her uncle and aunt.

Looking at his cousin Christopher.

They all shook their heads.

It seems that uncle and aunt Christopher, they all know that parents worry about her and Darius falling in love.

“You never told me.” Galia looked at her parents like a child.

“This is our daughter's first love, we... We look at you every day, either laughing shyly or jumping happily, how can we have the heart to stop your first love What ?

You are so happy and so immersed.

What's more, we can also feel that Ming Zhen is a reasonable and gentle child.

He has no pretense of being rich or wealthy.

When he took care of me and your mother, Just like taking care of one's own parents, such a good child, we really can't bear to stop him from falling in love with you, child.

Also, whether it is Ming Zhen's parents or Ming Zhen's grandfather, they have never I didn't feel sorry for you.

In the end, your mother and I both felt that our vision and thinking were too one-sided.

After all, the dangers in those wealthy families are still a minority.

Just like the Shu family, they never had the concept of family status, and they never did. I didn't feel sorry for my daughter, how relaxed and self-willed my daughter is at home, and how relaxed and self-willed she is in Shu's house.

Gradually, we were relieved.

Hey..."

Yan Weimin sighed heavily Tone: "None of us would have thought that even with such a reasonable and rigorous Shu family, things would still come out.

Moreover, it was aimed at our daughter."

Hearing this, Galia cried.

Unexpectedly, her parents broke their hearts for her behind her back.

She cried apologetically and said, "Mom and Dad, it's my business that has troubled you. I'm sorry, I should really be more sensible. Sometimes, love is not the whole of life."

At this moment, Galia's cell phone rang.

She picked it up and saw that it was from Darius, and immediately connected: "Mingzhen?"

Darius asked anxiously on the other end of the phone, "Galia, what happened to your parents?"

Galia Yan bitterly smiled: "Ming Zhen, in fact, the root of everything is that we are not in the right household, don't you think?"
