

Super Rich Dad Chapter 244-246

Chapter 244 - Questioning

Jiang Hao sighed, and he had to admit it. What Xue Yuning said was reasonable.

And even if the other side didn't go after him, they would still suffer enough on their own if they went after Xue Yuning from time to time.

'I heard what you said, that Xu Qingqing in your dorm room is quite nice, why don't we treat someone to a meal some day.'
Jiang Hao suggested.

Xue Yuning finally smiled and said, 'Yes, yes, Qing is very nice, and you know, her family is not very well off, but very motivated, I will discuss with her some time some day, let's treat her to a good meal, Qing usually lives a tight life, let's take her to relieve her cravings.'

Jiang Hao nodded: 'Yes, they are usually so helpful, we should thank them properly.'

As Jiang Hao was talking, he suddenly saw Xue Yuning's face stiffen and she looked dead in the direction of the stadium entrance.

'What's wrong Yu Ning?' Jiang Hao inquired at once, puzzled.

Jiang Hao also hurriedly followed Xue Yu Ning's line of sight and looked not far away, and saw that Xue Yu Ning seemed to be gazing at someone, a girl of around twenty years old.

'What's wrong, who is she?' Jiang Hao asked again immediately afterwards.

At this moment the girl was squeezing through the crowd and seemed to be preparing to enter the stadium.

Xue Yuning came back to her senses and hurriedly said back to Jiang Hao, 'Jiang Hao, have you seen that girl? She's Feng Pingping.'

Jiang Hao nodded at his words and sized up the other party from afar, as if he was thinking of something in his mind.

However, Jiang Hao soon found something wrong again, because even if Xue Yu Ning saw the other party, even if the two had hatred, there was no need for her to look that way, right?

It seemed as if Xue Yu Ning was surprised to see Feng Ping Ping here, and was also very curious.

'What the hell is wrong with Yu Ning?' Jiang Hao couldn't help but also have a few moments of raw suspicion and asked, 'Is there something wrong with her?'

Xue Yu Ning nodded slightly and frowned, 'I remember very clearly, yesterday Feng Ping Ping had said that she didn't grab the tickets, and it was because of this that she was also furious with me, but what is she doing here today?'

Moreover, Xue Yu Ning knew very well that looking at Feng Ping Ping's stance and the smug smile spreading across her face, it was obvious that she was planning to enter the venue.

Soon, Xue Yuning suddenly widened her eyes, as if she had thought of something, and hurriedly looked at Jiang Hao.

And almost at the same time, Jiang Hao also looked at Xue Yuning as if he had thought of something.

Both of them almost spoke the words in unison, 'Couldn't it be that the tickets were stolen by her?'

It seemed that all signs had indicated that Feng Pingping was highly suspect.

After all, she had already said before that she hadn't snatched the tickets, yet she appeared here again today, which clearly already indicated the problem.

And most crucially, Xue Yu Ning found out that the tickets had been lost, after an argument with Feng Ping Ping.

In the morning, Xue Yu Ning saw that her handbag was unzipped, but the tickets were gone, and Feng Ping Ping was the only one who knew where Xue Yu Ning had put them.

Thinking of this, Xue Yu Ning seemed to be certain that Feng Ping Ping had stolen the tickets.

The more she knew about this, the more furious Xue Yu Ning became.

After all, it was simply too disgusting for Feng Pingping to do such a thing.

Yesterday, she was the one who wanted to bet with herself, but when she lost, not only did she deny it, she even humiliated herself, and in the end, she even stole the tickets!

And it was all because she stole the tickets that also caused Jiang Hao to suffer so much humiliation today.

If it was just an embarrassment to herself, Xue Yu Ning might have let it go because we were in the same dormitory.

But today Jiang Hao had suffered such a great humiliation and was so misunderstood, Xue Yu Ning could not swallow this anger no matter what.

'No, I have to ask her if she stole the tickets or not!' Xue Yu Ning huffed and walked in the direction of Feng Ping Ping.

Seeing this, Jiang Hao also hurriedly followed.

At this moment, Feng Pingping had a spring in her step.

She had secretly sold three of the four tickets before coming here, and had made over 70,000 yuan in one go.

Feng Pingping had never made so much money in one go in all her life, so she was naturally very happy, and her heart was bursting with laughter.

She had even saved a ticket for the best seat in the house, so she could watch a concert in comfort later, which made her even happier.

Feng Pingping was so happy that she couldn't help but think in her heart: 'Oh, that idiot Xue Yuning should have found out by now that the tickets were lost, right? Even if you guessed that I stole the tickets, what can you do to help me?

You're not worthy of coming to Huo Yun's concert, it's a waste of time to give you the tickets, it's better to give them to me and create some value for me.

Feng Pingping was thinking, when suddenly she was tapped on the back.

When Feng Pingping subconsciously turned around, she saw Xue Yuning looking at herself in an aggressive manner.

Although Feng Pingping was not afraid of Xue Yu Ning, she was still a bit weak and could not help but subconsciously tremble.

'What are you doing here?' Feng Pingping asked in amazement.

Feng Pingping obviously didn't expect to meet Xue Yu Ning here, she thought that when Xue Yu Ning found out that she had lost her ticket, shouldn't she be at school, rummaging around in her dorm room? How could she be here?

Xue Yuning smiled coldly and asked playfully, 'What, are you surprised to see me here? Feng Pingping, shouldn't I be the one who should be surprised to see you here? May I ask what you are doing here?'

When Xue Yu Ning asked this question, Feng Pingping was momentarily at a loss for words, somewhat at a loss for what to say.

She stammered, 'What's wrong with me I'm here? What do you care about me! What can I do here?'

With a cold face, Xue Yu Ning continued to ask, 'Yes what are you doing here? Of course it's to listen to the concert, am I right?'

Hearing Xue Yu Ning's tone, Feng Pingping knew that this matter seemed to have been known to her, and her face could not help but blush with annoyance, saying, 'What do you care about me, who the hell are you!'

Xue Yu Ning looked at the other party, ignoring the other party's tirade, and continued to pursue the matter, 'I don't want to care about you. Since I've met you, I'll simply ask to understand. Didn't you say yesterday that you didn't grab the tickets? Then may I ask why you are here?'

'I,' Feng Pingping said in a panic, not knowing how to respond, 'I just came over to join in the fun, what do you care? What do you care? You're so nosy, is this your home? Get out of my way, don't bother me!'

Xue Yu Ning laughed coldly and pointed at the concert tickets that Feng Ping Ping had cupped in her hand and said, 'Oh? Are you sure you're not here for the concert? Oh, if I'm not wrong, what you have in your hand, is a front row ticket, right?'

Chapter 245 - What do you want to do?

As soon as Xue Yuning said this, Feng Pingping's cold sweat was about to run down.

She glared fiercely at Xue Yuning, and the hand holding the tickets, clenched even tighter.

'What do you care about me, whether I watch the concert or not, what kind of tickets I'm holding, what do you care?' Feng Pingping said brutally, 'What are you thinking? I'm warning you Xue Yuning, don't think nonsense, what's wrong with me coming to the concert, does it have anything to do with you?'

At this moment, Feng Pingping had completely understood Xue Yuning's meaning, and she couldn't help but feel a little bit of panic in her heart.

After all, she had stolen the tickets, and she was really afraid that Xue Yu Ning would say something nonsense, so she wanted to get rid of her as soon as possible.

Xue Yu Ning had actually chased her here, Feng Ping Ping really felt like she was going to collapse.

Xue Yu Ning knew that Feng Ping Ping was a bit panicked, so she hurriedly approached again step by step and said, 'What are you doing here, whether you are watching a concert or doing something I don't care, but I think what I am here for, Ping Ping you should know very well in your own heart, right?'

'What do I know? I don't know, what do you mean, don't mess around with me here, be careful I won't be polite to you!' Feng Pingping finally pointed directly at Xue Yuning and began to threaten.

But Xue Yuning was very bashful and shot back, 'I'm messing around? That seems to be better than some people's petty thievery, right? Are you being rude to me? Oh, don't you want to know what will happen to you if I am not polite?'

Once Xue Yu Ning's words were out, Feng Ping Ping's panic simply reached its peak, and her annoyance also reached its peak.

Her attitude towards Xue Yuning was on the verge of eruption, and she shouted, 'Xue Yuning, who are you calling a thief and a petty thief? You're planting evidence, who stole from you? You're still threatening me, I'll see how far you can threaten me!'

Seeing that Feng Pingping still looked like a dead pig not afraid of boiling water, Xue Yu Ning was also determined to pursue the matter to the end today.

She felt that we were at least in the same dormitory, so in front of so many people, she had to give Feng Pingping some face.

She had thought that if she gave Feng Pingping a chance, and if she took the initiative to admit to herself and return the tickets to her, then Xue Yu Ning would really let Feng Pingping off the hook.

But now it seems that Xue Yu Ning is still too naive.

She didn't take her seriously, and she had an indifferent look on her face like she didn't care what you could do to me.

Xue Yuning was furious and pulled Feng Pingping, who wanted to squeeze into the crowd, and said, 'Fine, since you said you didn't steal it, then show me the tickets, huh? Let me see, is it written that the tickets are front row or not?'

After all, last night, Xue Yu Ning had remembered the seat number of her ticket.

Of course, Feng Pingping also understood that if she showed Xue Yuning the tickets, she would be tantamount to not confessing to herself.

She pushed Xue Yuning away and her attitude suddenly became harsh: 'Showing you? Why should I show it to you? Who are you? I won't show it to you, what can you do to me?'

Xue Yuning looked at her opponent and said, 'If you don't show it to me, does that mean you've stolen it yourself by default?'

At that moment, Jiang Hao also came over, he had just heard the conversation between the two of them and naturally, he was also very upset in his heart.

You obviously stole something from someone else and were caught with the stolen goods, but you are still poor and rude?

'I advise you to take out the tickets, otherwise we really won't be polite!' Jiang Hao said, 'Do you really think we don't know that you took the tickets? If things get too big later, I guess it will be too late for you to regret!'

At this time, Jiang Hao also killed out, and Feng Pingping was even more a bit unsure of herself.

The other party was two people after all, so she was going to lose out here.

Moreover, they had already made sure that they had stolen the tickets, so it was useless even to argue.

Feng Pingping shook her head and simply put her heart on the line, came up to Jiang Hao and said through gritted teeth: 'Then I tell you, I stole the tickets, what can you do to me? If you want to die today, I'll play with you, but don't worry, you'll end up worse off than me!'

After Feng Pingping finished her words, she looked at Jiang Hao smugly, 'Damn it, I'll admit today that I stole it, what can you do to me? What can you do to me? Can you prove that I stole it? Don't forget, there was no identity registration when you bought the tickets, just go and say that you bought the tickets. I'll see who can believe you!'

Feng Pingping had pinpointed some loopholes in the purchase of the tickets and thought that even if she admitted it, Jiang Hao would not be able to do anything about it.

When she thought of this, Feng Pingping, who was still a bit panicked in her heart, was instantly relieved.

Because she found out that she didn't need to be afraid at all, it was just two insignificant poor bastards, she still needed to be afraid that they would make any big waves?

After she finished speaking, Feng Pingping glanced at Jiang Hao and Xue Yuning with contempt and turned around to walk towards the stadium.

But at that moment, Xue Yu Ning suddenly reached out her hand and grabbed Feng Ping Ping again, and pulled her hard.

'What are you doing?' Feng Pingping turned her head and cursed at Xue Yu Ning, growling, 'Hurry up and let go of me, or else don't blame me for being ungracious!'

'Don't do anything, you've admitted it yourself, so hand over the tickets!' Xue Yu Ning huffed, 'Today you must make it clear, it's obvious that you stole something, why are you still so arrogant?'

Feng Pingping let go of Xue Yuning's hand and said without the slightest trace of politeness, 'What am I talking to you about, I am arrogant, what can you do to me? Get lost!'

Feng Ping Ping then kicked Xue Yu Ning, without any intention of showing any mercy.

'Although Jiang Hao saw the other party was about to strike at the first moment, he had already tried to stop it, but he didn't have time.

In the end, Xue Yuning fell into Jiang Hao's arms in response to the sound.

Jiang Hao was furious and went straight for the other party, swinging his fist violently to strike.

Jiang Hao didn't care if the other party was a woman or not, if she dared to touch Xue Yuning, then she had to know the consequences.

But Jiang Hao's fist had just struck, and before it could hit Feng Pingping, it was grabbed by a large hand in a deadly grip.

The hand was big and stronger, and when the other party exerted a little force, Jiang Hao felt as if his wrist was being pinched in an iron vice as painful as it was.

Jiang Hao hurriedly looked and saw that a tall and large young man had appeared beside Feng Pingping at some point.

This youth was physically strong, wearing a black security outfit, his face was full of solemnity and his eyes were glaring at Jiang Hao.

'What do you want?' The security guard coldly scolded.

Chapter 246 - That statement is true

‘What do you want?’ Jiang Hao faced the security guard without being condescending and said, ‘She beat up my girlfriend, I’m repaying her back, it doesn’t seem to have anything to do with you, does it?’

The security guard looked at Jiang Hao with disdain and sneered, ‘I don’t care about you, if you have a problem, go somewhere else to solve it, here, be honest or don’t blame me for being ungracious!’

The security guard shrugged Jiang Hao’s hand away and pointed at him, ‘If you’re a concertgoer, then go in peacefully and watch the concert, if not, get lost!’

After the guard finished speaking, he glared at Jiang Hao and turned around to leave.

But at that moment, Feng Pingping pulled the security guard, and put on an aggrieved expression, saying, ‘You can’t leave, these two people are not concert-goers, they are here to cause trouble, hurry up and get rid of them!’

This security guard’s duty was to maintain the security of the concert venue, and when he heard that someone was causing trouble, he naturally became alert.

The security guard looked back at Jiang Hao and questioned, ‘Are you here to cause trouble? I think you’ve had enough of living, haven’t you?’

When he finished speaking, the security guard rolled up the sleeves of his security uniform and walked up to Jiang Hao with his mouth open, continuing to question, ‘What the hell am I asking you, are you the one who wants to cause trouble?’

Before Jiang Hao could answer, Feng Pingping hurriedly interjected, ‘Yes, yes, they couldn’t afford the tickets, so they negotiated to come here to make trouble and wanted you to let them in, and just now they had to drag me in, but I have the tickets, how could I bullshit with them?’

The security guard believed Feng Pingping when she said this, he turned his head and asked Jiang Hao: ‘Is what he said true? Speak up!’

The security guard’s attitude was so unfriendly that Jiang Hao didn’t bother to pay attention to him, so he said casually, ‘You don’t deserve to know this, so go away.’

In Jiang Hao’s opinion, the organiser of the concert seemed to be too outrageous, did Ye Yunjie spend money and find such people to do the job?

Feng Pingping was indiscriminately accusing himself, and he came over and questioned himself first? And with such a bad attitude.

‘What did you say?’ When the security guard heard Jiang Hao’s words, he instantly became furious and violently pushed Jiang Hao, scolding him, ‘Have you fucking lived long enough? You dare to talk to me like that, believe it or not, I’ll smack you!’

‘You can try touching me!’ Jiang Hao lifted his head and looked coldly at the other party, ‘I promise to make you regret it for the rest of your life!’

Jiang Hao had a murderous look on his face and was already on the verge of anger.

Only the security guard sneered, still pointing at Jiang Hao, and said, 'Who the hell are you trying to scare, I've seen too many people who like to act tough, may I ask, how old are you?'

'I Jiang Hao was a bit reluctant to argue with this security guard who didn't know right from wrong, and said directly, 'I'm too lazy to bullshit with you, go away, we are also spectators, we are going to enter the venue later!'

After Jiang Hao finished his words, he took Xue Yuning with him and tried to walk to the side, but just as the two of them moved their steps, they were stopped by the security guard.

'Stop right there, where do you think you're going? What kind of audience is this? Do you have tickets? That little beauty just said that you two don't have tickets and are trying to sneak in, so if you don't want any trouble, get out of this stadium for five hundred metres, and you better not let me see you again, or you'll have a hard time!'

'You.'

The other party was really aggressive, even if he restricted the freedom of himself and Xue Yuning, he even listened to Feng Pingping and falsely accused the two of them of being thieves who wanted to sneak in!

The most annoying thing was that they were told to leave the place for 500 metres!

Boy, this was the Chu Jiang Stadium, this was a public place, not to mention whether they were here for the concert or not, even if they were just two ordinary citizens passing by here, you know the little security guards had no reason much less the right to expel themselves, right?

'On what grounds!' Jiang Hao glared stubbornly at the security guard, 'What right do you have to make me leave!'

The security guard didn't care about that, and when he heard Jiang Hao dare to talk back, he was instantly annoyed and raised his hand to hit him.

Only before his fist could fall, he was told to stop.

'What are you doing, making a lot of noise!'

When the guard heard this, he immediately became much more obedient and looked behind himself, immediately lowering his eyebrows, he said, 'Captain, you're here'

The man, who was 5'7" and fat, looked at the security guard and Jiang Hao with a stern face and said, 'What's going on? What the hell are you doing? There are so many people, and you're not keeping the scene in order?'

The security guard hurriedly lowered his head, pointed at Jiang Hao and explained, 'Captain, it's not my fault, it's all their fault.'

The security captain nodded and dropped his eyes on Jiang Hao's head again, and continued to ask the security guard, 'Did you get it right? Don't be an audience.'

The security captain still had some concerns, if the person in front of him was really a spectator, it would be more than worth it if he turned around and got a complaint.

The guard nodded heavily, 'Yes, they are not spectators, and if you don't believe me, I have a witness!'

The security guard then pointed at Feng Pingping who was standing by.

The security chief looked at Feng Pingping and asked, 'Really?'

Feng Pingping hurriedly said, 'Really, of course it's true, these two people are notoriously poor losers in Chujiang University, how could they possibly come over to the concert? They are also famous for being rogues before, they just want to get in, and now that they can't get in, they are starting to spill the beans!'

The security chief frowned at that and looked at Jiang Hao with a solemn face as he questioned, 'Do you have anything to say now? If you really aren't spectators, but are trying to blend in, as they say, then I'll ask you to leave, for one thing you won't get in, and for another you'll be punished!'

This security captain was obviously quite polite, compared to the one who raised his hand to beat people up, it was simply many times better.

Jiang Hao shook his head and still insisted, 'I've just said that we are spectators, and I can tell you responsibly that the tickets in her hand were stolen from us, we weren't even spilling our guts just now, we were just asking for our things back.'

Hearing Jiang Hao's words, the security chief couldn't help but shake his head, in fact he had not the slightest interest in who was right and who was wrong, all he cared about was that he was within the scope of his duties and that no mistakes were made.

So with these words from Jiang Hao, he just smiled blandly and asked, 'Oh, do you have any proof? You say you are an audience member, do you have tickets?'

'I,' Jiang Hao was speechless for a moment, and it was only after a long time that he replied, 'My tickets are still on the way and haven't been delivered, I'

'Oh, why do you speak with such backward and forward logic? Just now you accused someone of stealing your tickets, but now you're saying that they're on their way? Which one of your statements is true?'
