

# PUNISHED BY HIS LOVE

## I'm Sorry My Love Novel Alternative....

### Chapter 2452

"Mrs. Fu, hello." Jin Jiaming was extremely respectful and polite to Suzi: "My name is Jin Jiaming, I am a Director."

Jin Jiaming already has a very high status in the director industry.

But here in Suzi, he still does not dare to have a half-point of self-superiority.

But Suzi really didn't know Jin Jiaming.

She turned her head to look at Galia: "Director Jin has directed..."

Galia looked at Jin Jiaming apologetically: "I'm sorry Director Jin, my sister, she really doesn't pay much attention to movies and TV dramas. So she may not be familiar with you, even I have only heard of your name, and I have only seen you once or twice on TV, because you are too low-key."

Turning her head, Galia said again. Suzi said: "Suzi, Director Jin has won several awards in the past five years and has won several international awards. He is currently the top director in China, and his works are basically commercial films. But it is very humanistic and socially explored. It

is very in-depth.

Just last time, the movie we watched, the movie where the siblings lost their parents, was directed by him."

"Oh, that one?" Suzi's eyes lit up immediately.

Galiaqiang pulled her to see that movie, and she was not interested in movies.

I always feel that domestic movies are sold and pretentious.

Hearing that it was about sibling relationships, Suzi preconceived that it was selling family love and anxiety. She didn't want to watch it at first, but Galia forced her to go and went.

As a result, it looked pretty good.

Nothing was deliberately sold.

Instead, it tells about everyone's point of view, everyone's difficulties, and in the end, the various events are connected in an extremely seamless manner.

Suzi was shocked.

Turning his head, Wen Yanyan said, "This was filmed by a domestic film director?"

As soon as he turned his head, he saw Galia crying, crying.

Actually, the movie was really touching.

There was almost crying in the cinema.

The reason why Suzi didn't cry is because she has suffered all kinds of hardships since she was a child. She has long been accustomed to suffering. She has never liked to cry to express the warmth and coldness of the world.

Her tears are very few.

However, a good movie, she can see it.

At that time, Galia mentioned to her. The director of this film is Jin Jiaming.

I didn't care at the time, I never thought that I would see it here today.

"Jin Dao, such a coincidence..." Suzi was originally a more cautious and calmer person than Galia.

In the past few days, so many things have happened outside Galia's home, so Suzi has to be on guard against everyone.

"I know Mrs. Fu will definitely check me. It doesn't matter. I can stand the check." Jin Jiaming said calmly.

Then, he told Suzi how he came here to collect scenic spots, how he noticed Galia, how he observed some of Galia's expressions, and even his next creations.

In the end, he said to Suzi very sincerely: "I really want Galia to be the heroine in my movie, in fact, no matter what director, in his directing career, the most hope is to meet Galia. An actor who matches the role in her own story. It

doesn't matter whether she is professional or not.

Especially in the film industry.

Not acting is always more real than acting.

I just wanted that unacted, natural effect.

The reason why I want to choose Galia is because in just half an hour, I saw Galia punish the woman named Yi Yun resolutely. Then, when she called to cry to you, she was helpless. like an ignorant child. When I looked at her at that moment, I would have a feeling that everyone around her had blocked the danger for her.

And she is a little girl who has never experienced wind and rain.

In just half an hour, she presented two different moods, a sense of hierarchy that I have never seen before.

## **Chapter 2453**

So, I thought at the time, we must try to fight for it.

Wish I had a chance. "

Although Galia said that he would consider it, at this moment, when he saw Suzi, Jin Jiaming still looked at Suzi very cautiously.

He was very clear in his heart.

Can Galia promise to be in his movie?" The heroine, Galia's own decision is not important, Suzi's is the most important.

Suzi smiled slightly: "Promise, Galia.

Jin Jiaming was startled suddenly. Then he was overjoyed: "

You...you...you agree to let Galia...be my actor?" "

"Agreed. Suzi nodded indifferently: "In this way, she can transfer her anxiety and transfer her emotional center. In fact, many things in this world, as long as it is not a matter of life and death, it is not a matter."

Galia, just like the old events that happened to your parents.  
Remember the URL

, if you think about it from a different angle, whoever wants to report, let them report it, maybe it can also increase the exposure and popularity of your parents.

After all, those reports are untrue, because there is a very real problem, as long as your father and that man show the paternity test, all the lies will be self-defeating, and when the public opinion reaches a certain peak, only one When two people come out with strong evidence to refute the rumor, your parents' reputation can be brought back immediately.

The so-called extremes will reverse, that's what it means.

At this time, if you can't stabilize your mind, the more you care about this matter, the more you will break the wishes of those people?

Galia, you have to have your own business.

your own goals.

Your life is just your life, nothing to do with anything.

Whoever wants to interfere in your life and criticize your life, let those people roll away. You have to remember that in this world, no one can influence you!

Although we don't want these unpleasant things to happen either.

But since it happened, you can only be invincible if you turn yourself into a piece of steel.

understand? Galia suddenly cried excitedly, she hugged Suzi: “

Wuwuwu, Suzi, what you said is very consistent with what Director Jin said just now, very consistent, do you know Suzi?”

I suddenly understood.

I get it, I can't care about anything because I didn't do anything wrong!

I want to cut a bloody path among these thorns, trample these thorns under my feet, and turn a blind eye! Then step on them to my glorious path! “

Suzi nodded: “Yes! From now on, you have to be happy. No one can stop our little sweet happiness. “

Well, I got it, Suzi. Galia suddenly became enlightened.

She chatted with Suzi and Jin Jiaming for a while. She couldn't say that she was in a good mood, she could only say that she had put down a lot.

Except for the coffee shop, Galia looked at Jin Jiaming and Jin Jiaming indifferently. Suzi said, “I've never dared to go to the hospital to see Yi Yun, but Yi Yun was just taken away by the police station. I think, the entire Shu family should be in flames now, right?

Then I'll go to Shu's house now.

I think I have enough confidence to face all the storms in the Shu family. “

“Go ahead.” “Suzi smiled.

Galia drove all the way to Shu's house.

There was no difference from her guess. The Shu family had already exploded, and Yi Yun had been rescued by the Shu family once again.

At this moment, the three brothers above the Shu family, Yi Yun, and Shu Qinggong and his wife were all there.

Only there was no Darius.

“How dare you come back!” Yi Yun was the first to speak viciously.

Galia didn't bother to look at Yi Yun: “This is my home, of course I want to come back.”

## **Chapter 2454**

“You, have all the disgusting things in your family been dealt with?” color.

Galia glanced around the hall and found that not only did the Shu family have three brothers, as well as their parents-in-law, but also many unfamiliar faces.

These faces are old people.

Moreover, all of them looked extremely Shen Wei.

“Dad, Mom, what are these?” Yi Yunchen asked her parents-in-law in a restrained and calm tone.

“They are all the old subordinates of your grandfather. Now all over the country, including Kyoto, they all hold important positions. When your grandfather was buried a few days ago, they were all sons, but you didn't pay attention.” Father-in-law Shu Qinggong said.

Galia: “Oh...” I

really don't understand what these people are doing?

Burn the first seven for the old man?

“When your grandfather was alive, the entire Shu family was peaceful and peaceful, and nothing happened for decades, but now, after your grandfather died, look at our family. What it is like. Remember the website

Galia, Dad doesn't want to talk about you either, but now about this...”

Before Shu Qinggong's words were finished, those old friends of Shu's virtuous family began to sigh.

“This is the consequence of being in the wrong household. When the two children first got married, you didn't inquire about it at the time. This really requires three generations of grandparents and grandchildren to inquire clearly.”

“Who said no, you Look at what's going on right now, let alone Nancheng, the entire six southeastern provinces know about your parents, and they can't hide it.

How ugly is this?

Child, the Shu family treats you well.

When you and Ming Zhen were together, why didn't you tell the Shu family what happened to your parents back then?

This is always cheating, it's not good.

By marrying into the Shu family in this way, you can enjoy temporary glory and wealth, but you have brought this kind of negative news to the Shu family, do you know how bad it will cause the Shu family?

Galia looked at the people present. Although

they did not accuse her sharply, the words were full of blame.

Before she could speak, another person spoke up: “And Galia, Several generations of the Shu family have been gentle people, even if the old man who just passed away has a stronger temperament and is less gentle.

But there is no doubt that the old man is also a person who never hides his secrets.

If the old man was really the one who protects his shortcomings, the young lady would not have run away from home back then.

It will not cause the old man to regret for life.

The people of the Shu family are not only fair, but they have also been extremely respectful to their subordinates from generation to generation.

In the Shu family, it can be said that there are no servants, only the division of labor is different.

So Galia, it is against the Shu family's rules for you to suppress Miss Yiyun so many times. What's more, Yiyun's grandfather is the one who saved your grandmother's life, and is regarded as the benefactor of the Shu family.

You can't do that anymore.

Something in your family has turned into a mess of porridge. This should have been a scandal, but you are blaming Yi Yun in anger and anger. How can you be like this! "

These words finally became sharper and sharper.

The more they said, the more open they were.

Galia became calmer and calmer.

When she was calm, she laughed.

"You, you're still laughing! It's from a small family, what time is it, you're still laughing!" One of the old people really couldn't stand Galia, and he simply stood up and accused Galia.

Galia stopped smiling.

She shook her head slightly, sighed, and then looked up at everyone present.

Asked: "Are you here to attack me collectively?"

“Humph!” One of the old men said angrily: “You are not qualified to be attacked by us, we mainly look at Secretary Ai’s. In the current situation, we don’t want the Shu family to be like this before the body of the old man of the Shu family is cold.”

“Then what do you mean, the Shu family’s trouble is because of me?” Galia asked again.

“That’s not true! There are various reasons, but one of the reasons must be because of your parents! It’s a shame!”

## **Chapter 2455**

“Really?” Galia sneered.

She glanced at everyone present, and said surprisingly: “But I don’t think so!”

Everyone: “...”

Including her in-laws who have always loved her, were stunned.

The mother-in-law said emotionally: “Galia, you are wrong!”

“Mom!” Galia interrupted her mother-in-law: “Nothing is wrong! I can see it. On the one hand, you think I sent Yi Yun in again. The police station, on the other hand, embarrassed the Shu family because of my parents.

Then I’ll tell you now.

I don’t accept the two things!

Yes!

I just don’t accept it!”

Speaking of which, Galia Yan relieved and smiled.

This smile is like spitting out the dirty air in his mouth.

After laughing, she continued: “First of all, let’s talk about Yi Yun, I didn’t expect Yi Yun to find me today, I was waiting for my husband

Ming Zhen in the cafe, and the person I made an appointment with was also Ming Zhen.

Instead of Yi Yun. But

, it was Yi Yun who went to make an appointment with me.

The Shu family never treats the servant as a servant, but the Shu family has no bottom line to let a servant get involved in the master's married life, right

? It's not a servant, it's just a different division of labor.

Of course, the servant also has the right to marry the master, because everyone is equal in this world.

However, when the master already has a wife, and the servants interfere, is there any difference between the mistress robbing people, and my parents reported in the media?

Oh, my parents are embarrassing. It's not embarrassing to replace the Shu family's domestic servants to rob the Shu family's master? "

You..." Yi Yun was told, her face was red.

"What nonsense are you talking about!" Who robbed you of a man! I don't care about grabbing a man with you! "

"Then I'm clearly dating my husband, why are you going on the date?" Galia asked.

Yi Yun: "..."

"Also!" Galia continued: "The reason why I sent Yi Yun to the police station was because Yi Yun threw and smashed things in the coffee shop. , This kind of behavior has violated the law. It's not that I sent her to the police station, but she changed it! After some words ,

several old people who sat down were speechless.

Yi Yun was even more blushing and had a thick neck. She wished she had a hole in the ground.

Galia gave a contemptuous sneer, and stopped looking at Yi Yun, and even , she didn't even look at some of the respected old people present.

Do those people have anything to do with her? When

she came home today, she just announced two things to her in-laws.

“Dad, Mom. “Galia calmly shouted: “I thought about the affairs of my parents’ parents later. Their affairs were all 30 years ago. Originally, a junior like me shouldn’t judge anything.”

I have no rights, no qualifications, and no reason to judge anything.

I think since they are now legal couples, that is to be protected by law.

and also!

Those media, those reports, you can report them if you want. I feel that my parents’ affairs are my parents’ affairs after all. Even if my parents want to stop them, they can’t stop them. It’s not something that can be interfered by human beings, so , I plan to stop interfering with the media reports on my parents from now on.

Since then, my parents have more exposure, which may be a good thing.

My parents are um, Internet celebrities.

As for whether the Shu family feels embarrassed, that is the Shu family’s business. My parents are not obliged to take care of the Shu family. It is not embarrassing! “

Father-in-law and mother-in-law: “...”

Before they recovered from the shock, they heard Galia say: “Finally, let me inform you again that I am going to be a star. “
