Chapter 2476

How is it such a coincidence?

Suzi was about to look for Galia in a hurry, but Galia's phone was turned off?

The kind of worry and anxiety in my heart is like an urgent fire attacking my heart.

But Suzi can't say anything at the moment, she can only look at Rayna calmly: "Rayna, I have diarrhea, it may take a little longer to go to the toilet, please help me watch, if a call comes in, you Take it."

"I know Suzi, let's go." Rayna said immediately.

Suzi picked up the phone and walked out quickly.

After a while, Rayna, who was sitting on Suzi's seat, actually received a call, Rayna picked it up and connected: "Hey, who are you, do you want to contact the business? Our Director Shen The design concept and design experience are absolutely first-class..."

This is a sales word that everyone usually says at work.

Rayna could not have imagined that there would be private calls from the landline on Suzi's desk.

However, before Rayna finished speaking, a young girl's voice came from there: "Aunt Rayna, I'm the only one, I'm looking for my mother, but my mother's cell phone is on the call, so I call The landline in her office."

Rayna immediately asked with a smile: "So it's the only one, the only little beauty, it should be class time now, why did you call your mother when you didn't have class? Are you in a hurry? "

Hi!" Shen Weiyi sighed: "It's really a little urgent, and I'm quite anxious, but when I'm more anxious, call Arron with Arron's busy tone, and call Suzi with Suzi's busy tone.

Auntie Rayna, do you know?

I now seriously suspect that Arron and Suzi were in love on the phone while they were working!

When it comes to falling in love, I can't even answer the phone call of my biological daughter!

I would love to know if I picked it up! "

"Ha ha! Rayna was amused by Shen Weiyi's words. She laughed for a while before saying, "The only little friend..."

"I'm already twelve years old, not a little friend!" "

"Beauty Shen... May I ask what's the matter with you?" When you come back later, I can tell your mother, if you are in a hurry, I will go to the toilet to find her now. By the way, I can hear how Ms. Shen and Mr. Jiang fell in love in the toilet? "

Shen Weiyi: "..."

After squatting for a while, she sighed helplessly: "Hey, last night I saw that my parents were very affectionate, so I didn't bother them, and ended up leaving the I have to report about the winter camp, but I forgot.

No, the teacher is doing statistics now.

Aunt Rayna, can you help me ask my mother, do I apply for a foreign group or a domestic group? "

Yoyoyo, little lord, do you want to report to foreign countries or domestic ones, you little lord still ask your parents for advice?" Can

your parents control you? I am afraid you have already noticed it in your heart, just imagine your parents reporting it? “

Hee hee hee. Auntie Rayna, you are too bad. “Shen Weiyi laughed when the truth was exposed.

In fact, Shen Weiyi didn’t want to go to winter camps abroad.

Because she has been to many countries, she often communicates with foreign children and learns about various things.

Besides, she doesn’t plan to live abroad when she grows up, but she still loves the land of her own country more. She feels that her country is vast and rich, and she has yet to understand many places.

For example, the small mountain village where my mother lived in her childhood.

There is also Jiaxing Island, my grandmother’s hometown.

There is also the large mountainous area of Northeast China where Auntie Dalia once fled.

Those places, are the only ones I haven’t been to.

The only thing I heard from Auntie Dalia is that there are many wild mushrooms in the mountains, and there are many rare and exotic trees in the mountains. Auntie Dalia also told her that many people in Northeast China live in wood-cut, wooden houses with flowers outside. Bird Language, especially artistic conception.

Just thinking about it makes it beautiful.

“Aunt Rayna, when my mother comes back, you can tell my mother that I chose to go to the winter camp in the northeast to see the frozen world there.” Shen Weiyi said to Rayna on the phone .

“Okay.”

“Then I’ll hang up.”

Chapter 2477

“Bye bye the only one.”

After closing the line, Rayna sat quietly in the office and waited for Suzi, however, waited For ten minutes, Suzi didn’t come out of the bathroom.

Could it be that I can’t get out of the toilet because of diarrhea?

Rayna immediately ran into the bathroom, only to find that Suzi was actually making calls over and over again.

“Hey, Uncle Yan, don’t you know where Galia went? Didn’t she tell you? Oh, it’s all right, Uncle Yan, I just asked her for a little thing, and I locked a little thing in her office desk. Now, I want to get it back.”

“Galia! You... turn it on! Turn it on! Turn it on!”

Ouch!

Call Arron’s cell phone again.

No one heard.

Called the landline in Arron’s office again, and when it was connected, Suzi waited like a world for a long time, but this time someone finally connected: “Hey, this is the office of the president of Fu Group, who are you? ”

I’m Suzi.” Suzi’s patience has been worn out.

“It’s madam, hello madam, madam you...do you have anything to do with Mr. Fu?” On the other end of the phone, a new girl from one of Arron’s secretaries answered.

The girl had no chance to come to Arron’s office to help connect the phone.

At this moment, Arron and the secretariat were all meetings in the conference room.

emergency meeting.

No one answered the phone in the office.

“What about you, President Fu, I’m in a hurry to find him, why is it always the front line to call him?” Suzi asked eagerly.

“I’m sorry ma’am, Mr. Fu… is having an emergency meeting, it seems, like… I can hear it from the door of the conference room, it seems that Mr. Fu is constantly answering the phone, It seems that something happened in the company… Madam, if you are looking for Mr. Fu, I will report to Mr. Fu right now.” The little secretary stammered in fright.

She had heard that Fu always spoiled his wife and was crazy.

Even if there is a big thing, as long as the wife calls Mr. Fu, Mr. Fu has to put the big thing of that day aside.

After the little secretary finished speaking, he planned to put down the phone and call Arron, but the Athenian stopped him: “No! Don’t call President Fu, I’m fine, let him have a meeting with peace of mind.”

Suzi has always been reasonable.

She knew that the Fu Group must have something urgent.

Why is there such a strong premonition?

She felt that Galia’s shutdown and Galia’s sudden going out must have something to do with what the Fu Group is now dealing with.

must!

Suzi’s heart was as anxious as a volcano erupting.

She even forgot that she was still in the bathroom, she forgot to lift her pants and came out. As soon as she went out, she met Rayna.

“Suzi!” Rayna stopped her: “What happened, you came out without even lifting your pants?”

Only then did Suzi realize his gaffe.

She tidied up her trousers, and then told Rayna: “Rayna, take care of our design studio, I have to go out right now, I’m going to the Fu Group, don’t ask about anything. Look after your family. Listen. Do you understand?”

Rayna nodded: "Understood!"

Suzi hurriedly went out with his phone.

In addition to the company's door, she gave Galia another call without hope.

But I never thought that that end turned on, and someone connected it soon.

However, the person who answered the phone was not Galia's voice:
"Excuse me, who are you?"
