Chapter 2486 – 2487

Chapter 2486

When he heard Suzi say this, Darius was stunned.

After being stunned for a long time, he asked Suzi in an unbelievable tone: "You... what did you say? What does Galia's disappearance mean?"

Suzi did not answer Darius's question, her expression was complicated. Looking at Darius: "Mingzhen, I want to hear the truth from you. After so many years, have you really regarded me as a friend?"

"What kind of friend?" Darius replied a little irritably: "You are my sister! Sister! We are family, we are relatives closer than friends, Suzi, I beg you, now is not the time for us to discuss family. Suzi, you have to tell me what happened to Galia, why did she disappear?"

Galia What happened?

You want to kill me, Suzi?"

Darius has never been such a furious person, and Suzi did not see the slightest bit of disguise from Darius's expression.

In fact, Suzi was clear in his heart, but Darius was not pretending.

However, the person Galia saw who bumped into her was clearly Darius. Galia and Darius had been together for so long, she could not have misunderstood.

But now is not the time to discuss this, the most important thing right now is to find Galia first. Remember the URL

She's still so weak.

How did it disappear?

Suzi looked at Darius with a gloomy face: "Azhen, I just found out that Galia is missing and I am looking for her. She is not seriously injured. Whether she left by herself or someone kidnapped her, this is for her. " It's all very dangerous, because she still needs treatment.

Because I didn't sleep for two days and one night, I slept too deeply, but I just squinted for a while, she shouldn't be far away.

Let's split up and have a look, shall we?

Find Galia first. So

far, Darius can only nod his head.

He quickly rushed out to find every corner of the hospital.

Arron, who was behind Suzi, also called at the same time: "Strictly check the entrances and exits of the entire city, don't miss any Suspicious places, if I see a sneaky person kidnapping a female patient at the train station, airport, or called a taxi, private car, or all kinds of vehicles going out of the city, they will all be intercepted by me.

If anyone resists, shoot them! "

It's been many years since a man was so cold and cruel.

He even frightened Suzi next to him.

Suzi grabbed Arron's arm and said, "Shaoqin, what's wrong with you, what you looked like just now, very scary. "The

man sneered: "Your husband has never been kind!" The reason why I have restrained myself in the past few years is because your mother-in-law gave me peace of mind, but now, I can clearly feel that an inexplicable force is about to force me over.

Suzi, when necessary, your husband can make a bloody incident.

Are you afraid of it?

Do you think your husband is cruel? "

Suzi shook his head: "No! There is an old saying, marrying a chicken follows a chicken, marrying a dog follows a dog, I am married to you, I am not afraid of what you are, I will always follow you, life and death, forever! The

man hugged Suzi in his arms.

Suzi felt extremely guilty: "Shaoqin, we have to find Galia quickly. "

Arron nodded immediately: "Okay! "

When the two were about to split up, a doctor hurried over with a piece of paper in his hand.

The paper was not only wrinkled, but also had some blood on it.

On that paper, there are messy, weak, and seemingly shapeless words.

Although the text was not formed, although it looked so weak, Suzi still recognized it at a glance, it was Galia's handwriting.

Galia's usual handwriting is very similar to hers. She is very playful, but now, this playful handwriting looks so powerless, yet so desperate.

The letter said: Suzi, I'm leaving.

Don't look for me again.

Whether I live or die, it doesn't matter.

I have inadvertently read some famous sayings by philosophers. Most of them said something like this: "A person who comes into this world suffers suffering."

I didn't believe it before.

I think it's all hypocritical words of some people, some fussing, some showing off.

Chapter 2487

Because my life, there has never been suffering.

But now, I believe it.

Very confident.

My 30 years of life is not only without the slightest misery, I have also tasted too much sweetness.

Since I was a child, I have been my parents, my uncle and aunt, and the apple of my brother's palm.

Every year on my birthday, my parents, my uncle and my aunt will give me unique birthday gifts. Later, when my cousin grew up and worked, she also gave me birthday gifts.

My college days were also very smooth, and then I went to work, and my work was so smooth, I didn't even go through a little ditch.

Suzi, do you know why I like you so much after I glanced at you, and decided to make friends with you?

That's because when I saw you for the first time, you had a melancholy temperament that attracted me, because I had never been in contact with suffering, and your melancholy temperament made me think it was a very shocking beauty.

Many times, I especially want to be someone like you.

But I haven't always practiced so well, and I've never been able to become a person like you, so I can only be friends with you.

But today, I finally understand that any kind of melancholy beauty has a price.

Moreover, the cost is extremely heavy.

It's so heavy that you can't let out a smile in the depths of your heart. In the depths of your body and mind, there is only endless pain and heaviness. Only in this way can you exude that kind of melancholy beauty.

It turns out that the beauty of melancholy is just the feeling of outsiders.

And the person who exudes melancholy beauty, the inner pain that outsiders can't feel at all.

Suzi.

Only now, at my thirty-year-old age, have I felt that pain, I don't want that melancholy beauty, I want to keep sweet.

I really can't bear such a sudden, one-by-one blow.

You call me cowardly.

It doesn't matter what I say.

I can bear what happened to my parents back then, and the unfair treatment given to me by the Shu family. I can even be like you.

But Suzi, I really really can't bear Darius's betrayal of me.

He made me see his cruelty to me, I couldn't accept it, I may be born vulnerable and vulnerable.

I don't have a heart as strong as yours, and I can still stand still despite the storms and storms that come to revenge again and again, I can't do it.

Suzi, I can't do it.

I'll never want to endure the melancholy beauty that comes with a painful, life-worse blow.

Never want to.

If time can be fixed here, don't let it develop viciously in the future, I am thankful, so Suzi, I chose to escape.

Whether I live or die, it doesn't matter.

I just want to escape.

Don't look for me, you can't find me, as for my parents, my brother will definitely take good care of them for me.

I'm leaving, Suzi.

Thank you for your love for me over the years.

Goodbye..."

After reading the letter, Suzi burst into tears.

She could see Galia's escape and Galia's world-weariness from the letter.

She didn't even know whether to go to Galia or not. She felt that it would be good to let Galia live her own life and not to force Galia.

"Forget it..." Suzi sighed, "Don't embarrass her..."

"Mrs. Fu, I have something to tell you." The doctor next to him said solemnly.

Suzi looked up at the doctor: "What?"

"Galia...she's pregnant, and it's twins," the doctor said.
